Item	Instructions
1	Type of Submission: If this proposal is not for construction or building purposes, check “Non-Construction”.
2	Date Submitted: Indicate the date you sent the application to OJP. The “Application Identifier” is the number assigned by your jurisdiction, if any. If your jurisdiction does not assign an identifier number, leave this space blank.
3	Date Received by State: Leave blank. This block is completed by the State single point of contact, if applicable.
4	Date Received by Federal Agency: This item will be completed by OJP.
5	Applicant Information: The “Legal Name” is the unit of government of the parent organization. For example, the primary or parent organization of a law enforcement agency is the name of the city or township. Thus the city or township should be entered into the Legal Name box and the name of the law enforcement agency would be entered into the Organizational Unit box. Designate one person as the contact, and include their telephone number.
6	Employer Identification Number: Each employer receives an employer identification number from the Internal Revenue Service. Generally, this number can be easily obtained from your agency’s accountant or comptroller.
7	Type of Applicant: Enter the appropriate letter in this space. If the applicant is representing a consortium of agencies, specify by checking Block N and entering “consortium”.
8	Type of Application: Check either “new” or “continuation”. Check new if this will be your first award for this purpose described in the application, even if the applicant has received prior awards for other purposes. Check “continuation”, if the project will continue activities of a project, that was begun under a prior award.
9	Name of Federal Agency: Type in the name of the awarding agency, such as “Bureau of Justice Assistance”.
10	Catalog of Federal Domestic Assistance Number: This would be contained in the program announcement. An example would be 16.560.
11	Descriptive Title of Applicants Project: Type in the: (1) title of the program as it appears in the solicitation or announcement; (2) name of the cognizant Federal agency, ex. U. S. Department of Education; and (3) applicant’s fiscal year, i.e. twelve month audit period, ex: 10/1/95 - 9/30/96.
12	Areas Affected by Project: Identify the geographic area(s) of the project. Indicate “Statewide” or “National”, if applicable.
13	Proposed Project Dates: Fill in the proposed begin and end dates of the project.
14	Congressional Districts: Fill in the Congressional Districts in which the project will be located as well as the Congressional District(s) the project will serve. Indicate “Statewide” or “National”, if applicable.
15	Estimated Funding: In line “a,” enter the Federal funds requested, not to exceed the dollar amount allocated in the program announcement. Indicate any other resources that will available to the project and the source of those funds on lines “b-f,” as appropriate.
16	State Executive Order 12372: Some states require you to submit your application to a State “Single Point of Contact” (SPOC) to coordinate applications for Federal funds. If your State requires a copy of your application, indicate the date submitted. If a copy is not required, indicate the reason. (Refer to the “Administrative Requirements” section of the program announcement, for more information.) The SPOC is not responsible for forwarding your application.
17	Delinquent Federal Debt: This question applies to the applicant organization. Categories of debt include delinquent audit allowances, loans, and taxes.
18	Authorized Representative: Type the name of the person legally authorized to enter into agreements on behalf of your agency. This signature on the original application must be signed in blue ink and/or stamped as “original” to help identify the original.

PRIVACY CERTIFICATE AND CONFIDENTIALITY REQUIREMENTS OF NIJ FUNDING

Dear Applicant:

As you know, much of the research conducted by the National Institute of Justice (NIJ) involves collecting data on individuals through direct observation, interview or survey, case records, crime reports, and other administrative records. These activities raise a number of ethical and legal concerns about harm or embarrassment to individuals that must be addressed before the research may be conducted. NIJ and recipients of NIJ funding are subject to the statutory and regulatory confidentiality requirements of 42 USC §3789g and 28 CFR Part 22. Both 42 USC §3789g and 28 CFR Part 22 provide that research and statistical information identifiable to a private person is immune from legal process and may only used or revealed for research purposes.

The regulations at 28 CFR Part 22 require all applicants for NIJ support to submit a Privacy Certificate as a condition of approval of a grant application or contract proposal that contains a research or statistical component under which personally identifiable information will be collected. The Privacy Certificate is the applicant's assurance that he/she understands his/her responsibilities to protect the confidentiality of research and statistical information and has developed specific procedures to ensure that this information is only used or revealed in accordance with the requirements of 42 USC §3789g and 28 CFR Part 22.

NIJ, as a matter of policy, requires that Privacy Certificates be submitted as part of all applications regardless of whether the project involves the collection of identified data. In cases where no personally identifiable information will be collected, the Privacy Certificate should contain a statement to this effect.

In order to assist you in preparing your Privacy Certificate, we have enclosed a sample format. You may use this or any other format that includes all the points addressed by 28 CFR Part 22.

Privacy Certificate Guidelines

The regulations at 28 CFR §22.23 require that a Privacy Certificate be submitted to NIJ as part of any application for a project in which information identifiable to a private person will be collected for research or statistical purposes. However, NIJ, as a matter of policy, requires that Privacy Certificates be submitted as part of ALL grant applications regardless of whether the project involves the collection of identified data. In cases where no personally identifiable information will be collected, the Privacy Certificate should contain a statement to this effect.

The following summarizes the requirements of 28 CFR §22.23 and should be used as a guide to completing the Privacy Certificate.

1. The Privacy Certificate must fully describe the following:
 - Procedures to ensure data confidentiality;
 - Procedures to ensure the physical and administrative security of data;
 - Procedures for subject notification or justification for waiver; and
 - Procedures for final disposition of data.
2. The Privacy Certificate must also include the name and title of:
 - the person with primary responsibility for ensuring compliance with the regulations;
 - the person authorized to approve transfers of data; and
 - the person authorized to determine final disposition procedures for the data collected and developed by the project.
3. The Privacy Certificate must contain assurances by the applicant that:
 - A) Data identified to a specific individual will not be used or revealed unless it is research or statistical information that is being used for research and statistical purposes.
 - B) Identified data will be used or revealed only on a need-to-know basis to:
 - i. Officers, employees and subcontractors of the recipient of assistance;
 - ii. Persons and organizations receiving transfers of information for research and statistical purposes only if an information transfer agreement is entered into in which the recipient is bound to use the information only for research and statistical purposes and to take adequate administrative and physical precautions to ensure the confidentiality of the information.

C) Employees with access to data on a need-to-know basis will be advised in writing of the confidentiality requirements and must agree in writing to abide by these requirements.

D) Subcontractors requiring access to identified data will only do so according to an information transfer agreement which states that the confidentiality of the data must be maintained and that the information may only be used for research or statistical purposes;

E) Private persons from whom identified data are obtained or collected will be advised either orally or in writing that the data will only be used for research and statistical purposes and that compliance with requests for information is not mandatory. That is, participation in the research is voluntary and may be withdrawn at any time. **If the notification requirement is to be waived, an explanation must be contained within or attached to the Privacy Certificate;**

F) Adequate precautions will be taken to ensure the administrative and physical security of the identified data.

G) A log indicating that identified data have been transferred to persons other than those in NIJ or other OJP bureaus, created under the Omnibus Crime Control Act or its amendments, or to grantee, contractor, or subcontractor staff will be maintained and will indicate whether the data has been returned or if there is an alternative agreement for the future maintenance of such data.

H) Project plans will be designed to preserve the anonymity of persons to whom the information relates, including where appropriate, name-stripping, coding of data, or other similar procedures.

I) Project findings and reports prepared for dissemination will not contain information which can reasonably be expected to be identifiable to a private person.

J) Upon completion of the project, the security of research or statistical information will be protected by either:

i. the complete physical destruction of all copies of the materials or the identified portions of the materials after a three year required recipient retention period or as soon as authorized by law; or

ii. the removal of identifiers from the data and separate maintenance of a name-code index in a secure location.

If you choose to keep a name-code index, you must maintain procedures to secure such an index.
