

POLICE WEAPONS CENTER

PROCEDURES FOR THE
SALE OF MILITARY WEAPONS
AND PROTECTIVE EQUIPMENT TO
PUBLIC SAFETY AGENCIES

REPRINT SERIES 1-70

This document was produced as part of the information dissemination service of the Police Weapons Center currently being operated by the International Association of Chiefs of Police, Inc. for the National Institute of Law Enforcement and Criminal Justice (LEAA), U.S. Department of Justice. The dissemination of this document does not constitute U.S. Department of Justice endorsement or approval of content.

Management and Research Division ☐ International Association of Chiefs of Police

**PROCEDURES FOR THE PURCHASE OF DEPARTMENT OF DEFENSE
SURPLUS WEAPONS, AMMUNITION, GAS MASKS AND PROTECTIVE
BODY ARMOR BY STATE AND LOCAL LAW ENFORCEMENT AND
FIREFIGHTING AGENCIES ***

1. Pursuant to Section 2576 of Title 10, United States Code, Public Law 90-500, the Secretary of Defense may sell to State and local law enforcement and firefighting agencies, at fair market value, surplus weapons, ammunition, gas masks and protective body armor listed in Attachments 1 through 4, when available. The sale price shown for each item in the Attachments represents the fair market value.
2. When ordering equipment, State and local law enforcement and firefighting agencies will submit purchase requests, in the format prescribed in Attachment 5, to the Governor (or such State official as he may designate) of the State in which the Agency is located. Only one (1) line item per request will be accepted. Purchase requests certified by the Governor (or his designee) as being necessary in duplicate to the Commander, Defense Logistics Services Center, ATTN: DLSC-M, Federal Center, Battle Creek, Michigan 49016.
3. If the item requested is available, the Defense Logistics Services Center (DLSC) will, after first obtaining clearance from the Department of Justice, Law Enforcement Assistance Administration, for suitability and priority, consummate the sale with the requesting agency at the sale price shown in the appropriate Attachment. Expenses of packing, handling, crating and transportation will be borne by the purchaser and will be included in the billing document. Payment will be made in accordance with instructions from DLSC.
4. If the item requested is not available, the requesting agency will be so notified and the request document will be retained by DLSC for a period of ninety (90) days. In the event the item requested does not become available during this period, the request document will be returned to the requesting agency advising that the item is not available and that no further action will be taken on the request.
5. Items purchased in accordance with the foregoing procedures may not be resold, or otherwise transferred, by the owning agency to any individual or public or private organization or agency. Items which are no longer serviceable or operable will be destroyed in a manner to preclude reconstruction. The serial numbers of destroyed firearms, together with certificates of destruction, will be reported to the Army Provost Marshal General, Room 1070, Main Navy Building, Washington, D.C. 20315. In lieu of destruction by the owning agency, the items may be turned in to the Property Disposal Officer to the nearest military activity. The agency will furnish the Army Provost Marshal General the type and serial numbers of firearms turned in to the Property Disposal Officer.

* Defense Supply Agency, Cameron Station, Alexandria, Virginia.

6. The Department of Defense will not stock spare parts for weapons and/or equipment sold under these procedures.
