ACKNOWLEDGEMENTS

We would like to express our appreciation to the many individuals in both New York State and local government agencies whose cooperation and support made this publication possible. A special thank you is extended to the secretarial staff in the Office of Policy Analysis, Research and Statistical Services, in particular to Joan Burgess and Donna Connelley, for their assistance in the preparation of this publication.

INTRODUCTION

INTRODUCTION

This is the third annual Criminal Justice Profiles report published by the New York State Division of Criminal Justice Services. Each of the past publications, which reported only one year of data, was presented in a single volume. Because this current publication presents trend data for 1982 through 1985 and contains many new items of information, it was necessary to expand this publication to 13 volumes to accommodate the significantly larger amount of data presented.

Originally conceived as an aid for criminal justice practitioners in policy formulation, this publication brings together data from a variety of sources to provide a comprehensive picture of criminal justice activities within New York State, New York City, and each of the counties in the State. These activities span the systems major processing points beginning with the number of index crimes known to the police and ending with the number of offenders under parole supervision. The 1985 data are highlighted using population based rates and county rankings based on these rates for index crimes known to the police, arrests, probation, county jail and penitentiary, state prison, and parole activity. The rates provide a standardized measure that permits a county by county comparison of criminal justice activity by controlling for population size. Appendix B presents a State summary by county of the population rates and rate ranks along with a summary of the percent distribution for indictment, disposition, conviction, and sentencing activities. The 1985 data are also compared to the 1982 data.

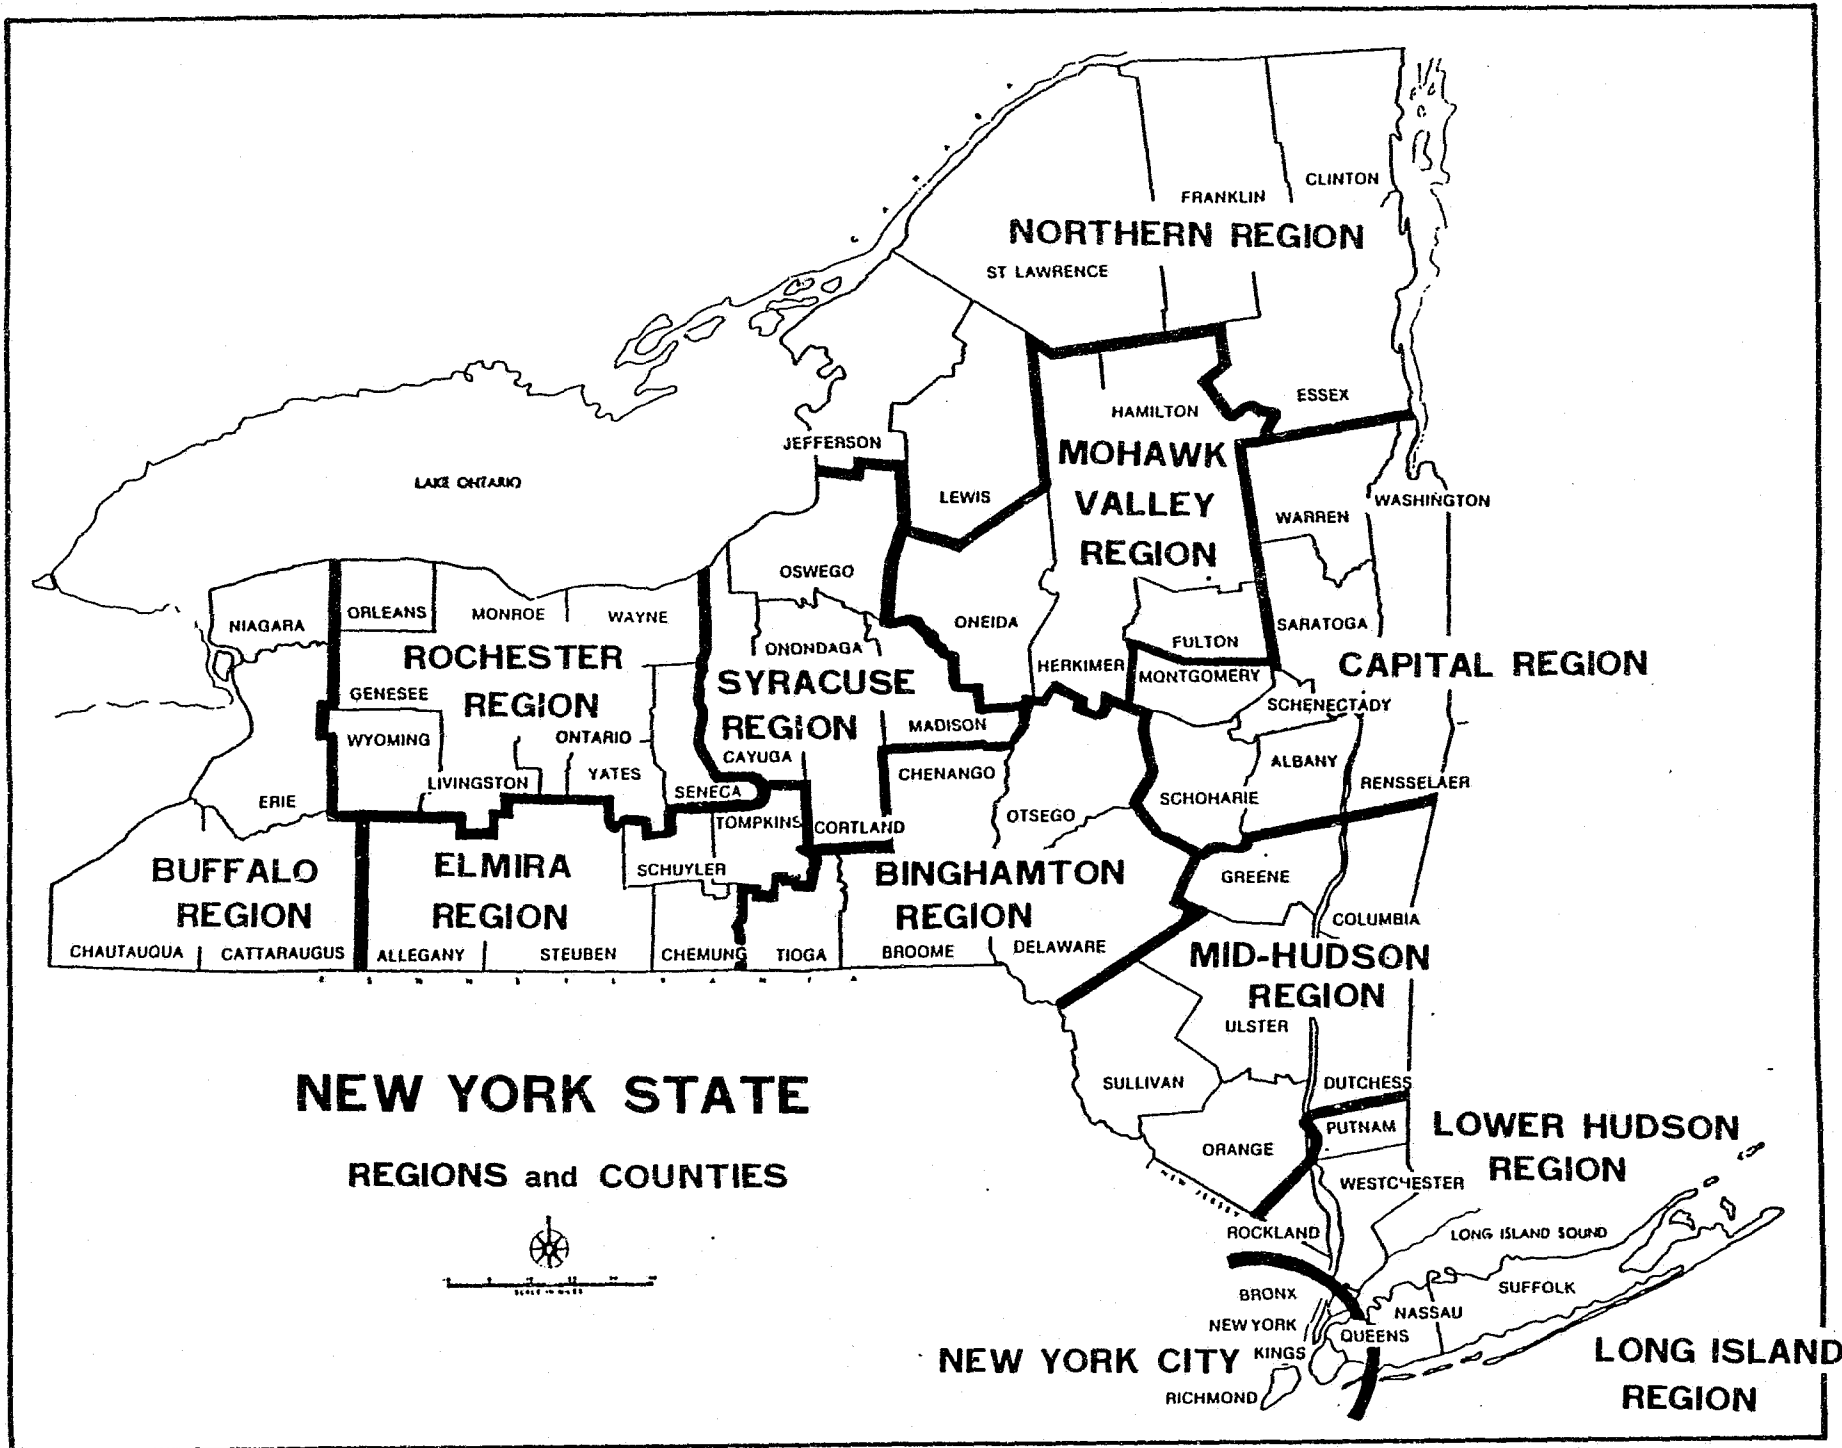

In addition to providing statistics for all facets of the criminal justice process, each of the criminal justice profiles also presents relevant demographic and socioeconomic data, along with criminal justice local assistance funding and State correction and youth facilities data. The funding information presented for criminal justice local assistance programs and the budget, capacity, and staffing information presented for State correction and youth facilities provide a measure of the economic impact each have on the counties in which they are operated.

Appendix A contains notes on the analyses utilized, sources of data, units of count, offender types, and offense categories. As mentioned earlier, Appendix B presents a State summary by county of selected statistics from the "crime and criminal justice activity" tables in Section III. Appendix C provides a State summary by county of the percent of dispositions reported to the Division of Criminal Justice Services. Maps showing the location of Department of Correctional Services facilities and Division for Youth facilities are presented in Appendix D. Appendix E contains a list of offenses counted as violent felonies. Descriptions of the local assistance programs are contained in Appendix F. Both Appendix G and Appendix H provide supplementary fiscal information for criminal justice local assistance funding in the State profile.

To facilitate the publication's use as a statistical reference for criminal justice activity within a county or region, the data have been organized by county rather than activity. Each profile uses a standardized table format for the presentation of data. As mentioned previously, the Criminal Justice Profiles publication is comprised of 13 volumes:

- o Volume I contains only the New York State profile.
- o Volume II through Volume XII are regional volumes and contain the New York State profile and the profiles of counties located within the region. The New York State regional map presented on the opposite page identifies the regions and the counties located within each of the regions.
- o Volume XIII contains the New York State profile and the profiles of the six most populous non-New York City counties (Erie, Monroe, Nassau, Onondaga, Suffolk, and Westchester).

An order form for additional volumes of this publication can be found on the last page of this volume.

ORGANIZATION OF EACH PROFILE

ORGANIZATION OF EACH PROFILE

The profile presented for New York State and for each county in this region is organized into five sections. The contents of each is described below.

New York State covers an area of 47,377 square miles.

Population

According to the U.S. Census Bureau, the State's 1980 resident population of 17,558,072 persons has changed -3.7 percent since 1970. The State's 1980 population density was 370.6 persons per square mile. The preliminary 1985 intercensal population estimate for the State indicates that it had a resident population of 17,782,752 persons.

Race, Ethnicity, and Age

In 1980, 16.5 percent of the State's population was non-white. Hispanics, both white and non-white, comprised 9.5 percent of the population. Residents aged 19 and under accounted for 30.3 percent of the State's population.

Education

Among New York State's residents aged 25 and older in 1980, 18.3 percent had an educational attainment that ranged from kindergarten to the eighth grade, and 18.0 percent had four or more years of college. In the school year ending June 30, 1985, 5.8 percent of the State's public high school population dropped out of school.

Economy

Personal per capita income in New York State was \$14,341 in 1984.* In 1985, a monthly average of 6.5 percent (about 544,000 persons) of the State's civilian labor force was unemployed. The monthly average number of persons in public assistance programs in 1984 was 1,395,344, or 7.9 percent of the State's population.*

* Data for 1985 were not available at the time of publication.

LARCENY ²	67,506	66,893	65,809	68,200	383.5	1.0

¹NYS Penal Law codes for the most serious felony and misdemeanor charge in an arrest event have been organized by UCR Index crime categories to allow more meaningful comparisons with the UCR Index crime data presented in Table 1 of Section III. The unit of count for arrest data, the arrest-event, differs from those used for Index crimes (see Appendix A). It is also important to note that these arrest data reflect only adult arrests (i.e., persons age 16 or older), while crimes committed by persons under age 16 are included in the Index crime counts. Finally, these arrest data do not necessarily reflect clearances of the reported crimes shown in Table 1.

²Arrests for the Index crime of "motor vehicle theft" are reported as "larceny" because it is not possible to extract motor vehicle larcenies from the Arrest and Processing Trends File.

SOURCE: Division of Criminal Justice Services, Arrests and Processing Trends File.

TABLE 2D
ARRESTS FOR POSSESSION AND SALE OF DRUGS¹

	Number of Arrests				1985 Arrests Per 100,000 Population	% Change 82 vs 85
	1982	1983	1984	1985

LESSER OFFENSES	13,744 17.8%	14,948 17.6%	15,609 18.8%	15,292 17.9%	11.3

¹Disposition data are based on the year of sentencing for convictions. Because of underreporting of dispositions to DCJS, these data are most appropriately used as indicators of trends in system activity rather than measures of total system workload.

²Preliminary data.

SOURCE: Division of Criminal Justice Services, Arrest and Processing Trends File.

TABLE 6A
SENTENCES AS A PERCENT OF TOTAL CONVICTIONS¹

	Sentences as a Percent of Total Convictions			
	<u>1982</u>	<u>1983</u>	<u>1984</u>	<u>1985</u> ²
CONVICTIONS	100.0%	100.0%	100.0%	100.0%
STATE PRISON	5.5	6.1	5.8	5.7
LOCAL JAIL	26.7	26.9	29.2	31.2
LOCAL JAIL AND PROBATION	2.5	2.9	2.9	3.2
PROBATION	10.7	10.2	10.0	10.0
FINES	32.3	32.7	33.0	31.5
OTHER/UNKNOWN	22.3	21.2	19.0	18.3

¹These data reflect the most serious sentence in multiple sentence dispositions (e.g., sentences including a jail term and a fine have been counted as "local jail"). Because of underreporting of dispositions, these data are most appropriately used as indicators of trends in system activity rather than measures of total system workload. Workload measures can be found in Tables 7A and 7B for probation activity, in Tables 8A and 8B for local jail activity, and in Table 9A for prison activity.

²Preliminary data.

TOTAL	191,127.6	214,652.3	243,399.1	27.3%	374,934.4	325,027.2

¹This summary includes local assistance funds that are not reported in "county" profiles because the funds were awarded to agencies (e.g., the State Police or the Public Defenders Association) that do not provide county-specific services. Please see Appendix G for local assistance funds awarded to agencies in New York City that provide services citywide and Appendix H for local assistance funds awarded to agencies that provide services statewide.

²On April 1, 1985, the Alternatives to Incarceration Program was transferred from the Division of Criminal Justice Services and combined with the Division of Probation to form the Division of Probation and Correctional Alternatives. The Alternative to Incarceration Program expenditures from FY 1982-83 through FY 1984-85 are included with the expenditures reported for this newly formed agency.

³The FY 1985-86 DFY budget increased 58 percent over the appropriation for the previous fiscal year as a result of Governor Cuomo's recommendation. This increase allowed DFY to pay for current programs and also eliminate arrearages.

II DEMOGRAPHIC & SOCIOECONOMIC CHARACTERISTICS

CATTARAUGUS COUNTY

Cattaraugus County is located in the Buffalo region and Little Valley is its county seat. In area the County covers 1,306 square miles.

Population

According to the U.S. Census Bureau, the County's 1980 resident population of 85,697 persons (ranked 31) has changed 4.9 percent since 1970. The County's 1980 population density was 65.6 persons per square mile (ranked 46). The preliminary 1985 intercensal population estimate for the County indicates that it had a resident population of 85,335 persons (ranked 32).

Race, Ethnicity, and Age

In 1980, 2.9 percent of the County's population was non-white (ranked 32), compared to the State average of 16.5 percent. Hispanics, both white and non-white, comprised 0.4 percent of the County's population (ranked 56). Residents aged 19 and under accounted for 34.0 percent of the County's population (ranked 23).

Education

Among the County's residents aged 25 and older in 1980, 16.9 percent had an educational attainment that ranged from kindergarten to the eighth grade (ranked 32), and 10.7 percent had four or more years of college (ranked 52). In the school year ending June 30, 1985, 3.8 percent of the County's public high school population dropped out of school (ranked 35), compared to the State average of 5.8 percent.

Economy

Personal per capita income in the County was \$9,354 in 1984 (ranked 57).^{*} In 1985, a monthly average of 9.0 percent (about 3,200 persons) of the County's civilian labor force was unemployed (ranked 11). The monthly average number of persons in public assistance programs in 1984 was 4,957, or 5.8 percent of the population (ranked 16 among the 57 non-New York City counties).^{*}

^{*} Data for 1985 were not available at the time of publication.

¹NYS Penal Law codes for the most serious felony and misdemeanor charge in an arrest event have been organized by UCR Index crime categories to allow more meaningful comparisons with the UCR Index crime data presented in Table 1 of Section III. The unit of count for arrest data, the arrest-event, differs from those used for Index crimes (see Appendix A). It is also important to note that these arrest data reflect only adult arrests (i.e., persons age 16 or older), while crimes committed by persons under age 16 are included in the Index crime counts. Finally, these arrest data do not necessarily reflect clearances of the reported crimes shown in Table 1.

²Arrests for the Index crime of "motor vehicle theft" are reported as "larceny" because it is not possible to extract motor vehicle larcenies from the Arrest and Processing Trends File.

SOURCE: Division of Criminal Justice Services, Arrests and Processing Trends File.

TABLE 2D
ARRESTS FOR POSSESSION AND SALE OF DRUGS¹

	Number of Arrests				1985 Arrests Per 100,000 Population		% Change 82 vs 85

OTHER/UNKNOWN	0.0	9.9	1.5	9.3	1.9	10.2	0.0	11.5

¹These data reflect the most serious sentence in multiple sentence dispositions (e.g., sentences including a jail term and a fine have been counted as "local jail"). Because of underreporting of dispositions, these data are most appropriately used as indicators of trends in system activity rather than measures of total system workload. Workload measures can be found in Table 7B for probation activity, in Table 8A for local jail activity, and Table 9A for state prison activity.

²Preliminary data are presented for 1985.

TOTAL	387.3	400.4	1,206.1	211.4%	770.2	671.4

¹On April 1, 1985, the Alternatives to Incarceration Program was transferred from the Division of Criminal Justice Services and combined with the Division of Probation to form the Division of Probation and Correctional Alternatives. The Alternative to Incarceration Program expenditures from FY 1982-83 through FY 1984-85 are included with the expenditures reported for this newly formed agency.

²The FY 1985-86 DFY budget increased 58 percent over the budget for the previous fiscal year as a result of Governor Cuomo's recommendation. This increase allowed DFY to pay for current programs and also eliminate arrearages.

*Population 25,000 and above.

Chautauqua County is located in the Buffalo region and Mayville is its county seat. In area the County covers 1,064 square miles.

Population

According to the U.S. Census Bureau, the County's 1980 resident population of 146,925 persons (ranked 23) has changed -0.3 percent since 1970. The County's 1980 population density was 138.1 persons per square mile (ranked 27). The preliminary 1985 intercensal population estimate for the County indicates that it had a resident population of 144,230 persons (ranked 23).

Race, Ethnicity, and Age

In 1980, 1.8 percent of the County's population was non-white (ranked 37), compared to the State average of 16.5 percent. Hispanics, both white and non-white, comprised 1.5 percent of the County's population (ranked 18). Residents aged 19 and under accounted for 31.6 percent of the County's population (ranked 43).

Education

Among the County's residents aged 25 and older in 1980, 16.6 percent had an educational attainment that ranged from kindergarten to the eighth grade (ranked 34), and 11.8 percent had four or more years of college (ranked 40). In the school year ending June 30, 1985, 3.9 percent of the County's public high school population dropped out of school (ranked 33), compared to the State average of 5.8 percent.

Economy

Personal per capita income in the County was \$10,989 in 1984 (ranked 33).^{*} In 1985, a monthly average of 7.6 percent (about 4,800 persons) of the County's civilian labor force was unemployed (ranked 24). The monthly average number of persons in public assistance programs in 1984 was 9,841, or 6.7 percent of the population (ranked 8 among the 57 non-New York City counties).^{*}

^{*} Data for 1985 were not available at the time of publication.

¹NYS Penal Law codes for the most serious felony and misdemeanor charge in an arrest event have been organized by UCR Index crime categories to allow more meaningful comparisons with the UCR Index crime data presented in Table 1 of Section III. The unit of count for arrest data, the arrest-event, differs from those used for Index crimes (see Appendix A). It is also important to note that these arrest data reflect only adult arrests (i.e., persons age 16 or older), while crimes committed by persons under age 16 are included in the Index crime counts. Finally, these arrest data do not necessarily reflect clearances of the reported crimes shown in Table 1.

²Arrests for the Index crime of "motor vehicle theft" are reported as "larceny" because it is not possible to extract motor vehicle larcenies from the Arrest and Processing Trends File.

SOURCE: Division of Criminal Justice Services, Arrests and Processing Trends File.

TOTAL	716.0	747.0	745.4	4.1%	1,342.4	962.1

¹On April 1, 1985, the Alternatives to Incarceration Program was transferred from the Division of Criminal Justice Services and combined with the Division of Probation to form the Division of Probation and Correctional Alternatives. The Alternative to Incarceration Program expenditures from FY 1982-83 through FY 1984-85 are included with the expenditures reported for this newly formed agency.

²The FY 1985-86 DFY budget increased 58 percent over the budget for the previous fiscal year as a result of Governor Cuomo's recommendation. This increase allowed DFY to pay for current programs and also eliminate arrearages.

¹FY 1985-86 was the first year the State received these federal block grant funds.

²This Act was established in FY 1983-84. At the time of publication the FY 1986-87 contracts had not yet been awarded.

³In FY 1984-85 the administration of this program was transferred from the Department of Labor to the Division of Criminal Justice Services; county level expenditures for FY 1982-83 and FY 1983-84 are not readily available. Agencies are reimbursed for expenditures from the 'Statewide' lump-sum appropriation for this program.

⁴This program was implemented in FY 1983-84. The FY 1982-83 funds are the combined expenditures of the three programs that were merged to form TCI: the State Felony Program, the Major Violent Offense Trial Program, and the Major Offense Prosecution Program.

*Population 25,000 and above.

Erie County is located in the Buffalo region and Buffalo is its county seat. In area the County covers 1,046 square miles.

Population

According to the U.S. Census Bureau, the County's 1980 resident population of 1,015,472 persons (ranked 7) has changed -8.8 percent since 1970. The County's 1980 population density was 970.8 persons per square mile (ranked 11). The preliminary 1985 intercensal population estimate for the County indicates that it had a resident population of 971,386 persons (ranked 7).

Race, Ethnicity, and Age

In 1980, 11.3 percent of the County's population was non-white (ranked 7), compared to the State average of 16.5 percent. Hispanics, both white and non-white, comprised 1.4 percent of the County's population (ranked 20). Residents aged 19 and under accounted for 30.4 percent of the County's population (ranked 50).

Education

Among the County's residents aged 25 and older in 1980, 17.3 percent had an educational attainment that ranged from kindergarten to the eighth grade (ranked 26), and 15.1 percent had four or more years of college (ranked 22). In the school year ending June 30, 1985, 3.4 percent of the County's public high school population dropped out of school (ranked 44), compared to the State average of 5.8 percent.

Economy

Personal per capita income in the County was \$12,626 in 1984 (ranked 15).* In 1985, a monthly average of 7.3 percent (about 31,400 persons) of the County's civilian labor force was unemployed (ranked 31). The monthly average number of persons in public assistance programs in 1984 was 80,366, or 8.2 percent of the population (ranked 3 among the 57 non-New York City counties).*

* Data for 1985 were not available at the time of publication.

LARCENY ²	4,337	3,863	4,171	4,261	438.7	8	-1.8

¹ NYS Penal Law codes for the most serious felony and misdemeanor charge in an arrest event have been organized by UCR Index crime categories to allow more meaningful comparisons with the UCR Index crime data presented in Table 1 of Section III. The unit of count for arrest data, the arrest-event, differs from those used for Index crimes (see Appendix A). It is also important to note that these arrest data reflect only adult arrests (i.e., persons age 16 or older), while crimes committed by persons under age 16 are included in the Index crime counts. Finally, these arrest data do not necessarily reflect clearances of the reported crimes shown in Table 1.

² Arrests for the Index crime of "motor vehicle theft" are reported as "larceny" because it is not possible to extract motor vehicle larcenies from the Arrest and Processing Trends File.

SOURCE: Division of Criminal Justice Services, Arrests and Processing Trends File.

TABLE 2D
ARRESTS FOR POSSESSION AND SALE OF DRUGS¹

	Number of Arrests				1985 Arrests Per 100,000 Population		% Change 82 vs 85

Division for Youth ²	4,837.8	4,824.1	4,707.7	-2.7%	16,861.0	9,380.2
TOTAL	9,301.8	10,473.2	11,845.9	27.4%	22,981.1	16,488.4

¹On April 1, 1985, the Alternatives to Incarceration Program was transferred from the Division of Criminal Justice Services and combined with the Division of Probation to form the Division of Probation and Correctional Alternatives. The Alternative to Incarceration Program expenditures from FY 1982-83 through FY 1984-85 are included with the expenditures reported for this newly formed agency.

²The FY 1985-86 DFY budget increased 58 percent over the budget for the previous fiscal year as a result of Governor Cuomo's recommendation. This increase allowed DFY to pay for current programs and also eliminate arrearages.

II DEMOGRAPHIC & SOCIOECONOMIC CHARACTERISTICS

NIAGARA COUNTY

Niagara County is located in the Buffalo region and Lockport is its county seat. In area the County covers 526 square miles.

Population

According to the U.S. Census Bureau, the County's 1980 resident population of 227,354 persons (ranked 17) has changed -3.5 percent since 1970. The County's 1980 population density was 432.2 persons per square mile (ranked 15). The preliminary 1985 intercensal population estimate for the County indicates that it had a resident population of 216,493 persons (ranked 17).

Race, Ethnicity, and Age

In 1980, 6.1 percent of the County's population was non-white (ranked 17), compared to the State average of 16.5 percent. Hispanics, both white and non-white, comprised 0.8 percent of the County's population (ranked 34). Residents aged 19 and under accounted for 31.7 percent of the County's population (ranked 41).

Education

Among the County's residents aged 25 and older in 1980, 16.2 percent had an educational attainment that ranged from kindergarten to the eighth grade (ranked 35), and 11.5 percent had four or more years of college (ranked 47). In the school year ending June 30, 1985, 4.4 percent of the County's public high school population dropped out of school (ranked 20), compared to the State average of 5.8 percent.

Economy

Personal per capita income in the County was \$12,041 in 1984 (ranked 20).* In 1985, a monthly average of 8.8 percent (about 8,200 persons) of the County's civilian labor force was unemployed (ranked 12). The monthly average number of persons in public assistance programs in 1984 was 17,563, or 8.0 percent of the population (ranked 4 among the 57 non-New York City counties).*

* Data for 1985 were not available at the time of publication.

LARCENY ²	647	738	777	772	356.6	24	19.3

¹NYS Penal Law codes for the most serious felony and misdemeanor charge in an arrest event have been organized by UCR Index crime categories to allow more meaningful comparisons with the UCR Index crime data presented in Table 1 of Section III. The unit of count for arrest data, the arrest-event, differs from those used for Index crimes (see Appendix A). It is also important to note that these arrest data reflect only adult arrests (i.e., persons age 16 or older), while crimes committed by persons under age 16 are included in the Index crime counts. Finally, these arrest data do not necessarily reflect clearances of the reported crimes shown in Table 1.

²Arrests for the Index crime of "motor vehicle theft" are reported as "larceny" because it is not possible to extract motor vehicle larcenies from the Arrest and Processing Trends File.

SOURCE: Division of Criminal Justice Services, Arrests and Processing Trends File.

TABLE 2D
ARRESTS FOR POSSESSION AND SALE OF DRUGS¹

IV LOCAL ASSISTANCE FUNDS

NIAGARA COUNTY

Table 1

COUNTY LOCAL ASSISTANCE FUNDING SUMMARY
(Thousands of Dollars)

Program	Expenditures				Appropriations	
	FY 82-3	FY 83-4	FY 84-5	% Change 82 vs 84	FY 85-6	FY 86-7
Department of Correctional Services	147.2	122.8	123.2	-16.3%	.0	.0
Crime Victim's Board	.0	.0	.0	NA	.0	.0
Division of Criminal Justice Services	.0	150.0	307.0	NA	384.3	313.1
Division of Parole	.0	.0	.0	NA	.0	.0
Division of Probation & Correctional Alternatives ¹	272.1	288.3	298.7	9.8%	321.1	334.8
Division for Youth ²	1,006.1	1,049.3	1,135.6	12.9%	2,487.8	1,674.2
TOTAL	1,425.4	1,610.4	1,864.6	30.8%	3,193.2	2,322.1

¹On April 1, 1985, the Alternatives to Incarceration Program was transferred from the Division of Criminal Justice Services and combined with the Division of Probation to form the Division of Probation and Correctional Alternatives. The Alternative to Incarceration Program expenditures from FY 1982-83 through FY 1984-85 are included with the expenditures reported for this newly formed agency.

²The FY 1985-86 DFY budget increased 58 percent over the budget for the previous fiscal year as a result of Governor Cuomo's recommendation. This increase allowed DFY to pay for current programs and also eliminate arrearages.

APPENDIX A
EXPLANATORY NOTES

EXPLANATORY NOTES

ANALYSES

The statistics presented in this document include frequencies, percents, percent changes, rates, and rate rank scores.

Percent changes are sensitive to relatively small changes in absolute numbers when the numbers used to calculate the percent changes are low. In addition, the percent change is not a valid indicator of change when the number reported for the base year (the 1982 calendar year or the 1982-83 fiscal year) is zero (0). In such instances the notation "NA" is used.

Rates are ranked from high to low; e.g., if the rates for an activity in the 62 counties ranged from 200.0 to 50.0 per 100,000 population, the highest rate (200.0) would be ranked one (1) and the lowest rate (50.0) would be ranked 62. Rank values for both the public assistance data and the county jail and penitentiary data reflect the rankings for only the 57 non-New York City counties, making the range for rank values of these data one (1) to 57. It is important to note that the rank calculations do not take into consideration the magnitude of the differences between the ranked rates.

The Bureau of Census provisional population estimates for 1985 that are reported in Section I were used for all population-based rate calculations presented in the briefing book with the exception of those reported for "Index Crimes Known to the Police" (Section III: Table 1). Index crime rates were calculated using population estimates provided by the Federal Bureau of Investigation. These population data were used rather than the Bureau of Census population data to maintain comparability with Index crime rates reported in the annual NYS Crime and Justice publication. FBI population data are used because the production of this annual publication begins before the more authoritative Bureau of Census population data become available.

The New York State Department of Motor Vehicles provided the data on licensed drivers in New York State that was used to calculate the rate of DWI arrests per 1,000 licensed drivers (Section III: Table 2-E).

SECTION I CRIMINAL JUSTICE AGENCIES

Criminal justice agencies located within or providing direct services to the county are presented in this section.

SECTION II DEMOGRAPHIC & SOCIOECONOMIC CHARACTERISTICS

The demographic and socioeconomic data presented in this section were provided by a number of sources.

- o NYS Department of Commerce (personal per capita income data)
- o NYS Department of Education (high school dropout data)
- o NYS Department of Labor (labor force data)
- o NYS Department of Social Services (public assistance program data)
- o New York State Statistical Yearbook: 1983-84 (square miles and 1970-80 population change data)
- o U.S. Bureau of the Census (population, age, race, and ethnicity data)

SECTION III CRIME AND CRIMINAL JUSTICE ACTIVITY

It is important to note that in instances where multiple offenses are reported for an event, the offense classification for the event is generally determined by the most serious offense reported for that event. However, the criteria which agencies have developed to rank crimes by seriousness may differ among the statistical systems operated by State agencies. As a result, a robbery that is identified as the most serious offense in a multiple crime event by one agency may not be identified as the most serious crime that occurred during an event by another agency.

The characteristics of the data presented in Section III vary across tables: Table 1 in this appendix defines data populations, units of count, offender types, and offense categories by table. The data sources are also identified.

SECTION IV LOCAL ASSISTANCE FUNDS

The expenditures and appropriations for local assistance programs funded with federal monies are based on the state's fiscal year.

SECTION V STATE CORRECTIONAL FACILITIES

DOCS capacity data reflect both housing and "other" categories, such as transit units and reception centers; they exclude temporary spaces, Special Housing Unit cells, and hospital spaces. DFY capacity data reflect the number of youths that can be housed at a facility and is contingent upon both available space and number of staff.

DOCS staff data reflect both full-time and part-time staff, while DFY staff data reflect full-time equivalent staff.

The operating budget and capital improvement budget expenditures include monies spent both within and outside the county. The DOCS facility-based budget does not include centralized billings. DFY's facility-based budget excludes centralized billings and monies budgeted for regional offices and aftercare workers.

TABLE 1 Characteristics of Data Presented in Section III: Crime and Criminal Justice Activity

Table	Population	Unit of Count	Offender Type	Offense Category	Source & Remarks
Table 1 INDEX CRIMES KNOWN TO THE POLICE	Index offenses known to law enforcement agencies in New York State for a given year.	Victim-based: murder forcible rape aggravated assault Structure-based: burglary Event-based: robbery larceny (excluding motor vehicle theft) Vehicle-based: motor vehicle theft The unit of count is based on the most serious offense in a crime event.	Not applicable.	FBI Index offense definitions spanning felonies and misdemeanors for the specified offenses.	NYS Division of Criminal Justice Services, Uniform Crime Reporting System.
Table 2A FELONY AND MISDEMEANOR ARRESTS	Adult felony and misdemeanor arrest events that occurred during a given year.	An arrest event. The most serious charge placed against an offender for an arrest event is counted except for violent felony counts which reflect arrest events that included at least one charge for a violent felony offense listed in Appendix E.	Adult *	Felony Arrests Misdemeanor Arrests	NYS Division of Criminal Justice Services, Arrest and Processing Trends File.
Table 2B FELONY AND MISDEMEANOR ARRESTS; January through June, 1986					
Table 2C ARRESTS FOR SELECTED OFFENSES					
Table 2D ARRESTS FOR POSSESSION AND SALE OF DRUGS	Adult felony and misdemeanor arrest events occurring during a given year that include at least one charge for the possession or sale of drugs (Controlled Substances: PL 220.03 thru PL 220.43; Marijuana: PL 221.10 thru PL 221.55).	An arrest event.			NYS Division of Criminal Justice Services, Drug Arrest and Processing Trends File.
Table 2E FELONY AND MISDEMEANOR ARRESTS FOR DWI OFFENSES	Adult felony and misdemeanor arrest events occurring during a given year that include at least one charge for a DWI offense (Vehicle and Traffic Law: State of New York - Section 1192).				NYS Division of Criminal Justice Services, DWI Arrest and Processing Trends File.

Table 6A SENTENCES AS A PERCENT OF TOTAL CONVICTIONS	Conviction dispositions, for which sentences were imposed during a given year, that resulted from adult felony and misdemeanor arrest events that occurred after December 31, 1969.	Conviction based; each arrest event resulting in both a conviction and sentence is counted. Only the most serious sentence in a multiple sentence offense is counted. "Other and Unknown" sentences include cases, for example, where a license was suspended or revoked (without fine) and cases for which the type of sentence was unknown.	Adult *	Convictions for: Felony Offenses Misdemeanor Offenses Lesser Offenses	NYS Division of Criminal Justice Services, Arrest and Processing Trends File.
Table 6B SENTENCES AS A PERCENT OF FELONY OR MISDEMEANOR AND LESSER OFFENSE CONVICTIONS					
Table 7A-1 PROBATION DEPARTMENT INTAKE, INVESTIGATION, AND PRE-DISPOSITION SUPERVISION CASES	Intake cases received during a given year.	Complaint-based; each complaint is counted as one case.	Family Court: Adult & Juvenile Delinquent Person in Need of Supervision (PINS) Criminal Courts: Adult Juvenile Offender	Detained/Arrested for: Felony Offense Misdemeanor Offense Lesser Offense - only Juvenile Delinq. Status Offense - only PINS	NYS Division of Probation and Correctional Alternatives: Family Court - Annual compilation of the "Monthly Report of Family Workload in Probation Departments (Form No. DP-30). Criminal Court - Annual compilation of the "Monthly Report of Criminal Workload in Probation Departments (Form No. CP-30A) for investigation and pre-disposition data, and the Probation Registrant System for all other data.
	Investigations ordered during a given year.	Investigation-based; each investigation ordered is counted as one case.			
	Request-based; each pre-disposition supervision/service requested is counted as one case.	Request-based; each pre-disposition supervision/service request is counted as one case.			
Table 7A-2 PROBATION SUPERVISION CASES	Probation supervision cases received during a given year.	Sentence-based; each sentence to probation is counted as one case.		Adjudication/Conviction for: Felony Offense Misdemeanor Offense Lesser Offenses - only Juvenile Delinq. Status Offense - only PINS	
	Probation supervision cases supervised during a given year i.e., probation cases received during a given year plus probation supervision cases carried over from December 31 of the previous year).				
	Probation supervision cases under supervision on December 31 of a given year.				
Table 7B PROBATION REVOCATIONS	Probation supervision cases for which probation was revoked during a given year.	Revocation-based; each probation supervision case for which probation was revoked is counted as one revocation.			
Table 7C CLIENTS SERVED BY CORRECTIONAL ALTERNATIVE PROGRAMS	Clients served by "demonstration" alternative programs; clients served by "classification" alternative programs are not included.	Client-based; each client served by an agency is counted.	Adult * Juvenile Offenders	Arrests or Convictions for: Felony Offenses Misdemeanor Offenses Lesser Offenses	NYS Division of Probation and Correctional Alternatives Alternative to Incarceration Bureau.

(Continued on the next page.)

TABLE 1 Characteristics of Data Presented in Section III: Crime and Criminal Justice Activity - Continued

Table	Population	Unit of Count	Offender Type	Offense Category	Source & Remarks
Table BA JAIL & PENITENTIARY ADMISSIONS	Admissions of both detained and sentenced inmates to county/ NYC jails and penitentiaries in New York State during a given year for criminal, civil, and federal offenses.	Admission based. It is important to note that if an individual is admitted more than once on the same charge, each admission is counted.	Adult *	Detained admissions: Felony Arrests Misdemeanor Arrests Lesser Offenses Sentenced admissions: Misdemeanor Conv. Lesser Offense Conv.	NYS Commission of Correction, Sheriff's Annual Reports: The "Statewide Compilation of Data from 1985 Sheriff's Annual Reports" included the following caveat: "... The Sheriff's Annual Reports represent self-reported data collected by the county jails... Differences exist in recordkeeping practices among these various counties... The Commission advises caution when using data to compare one county to another."
Table BB JAIL & PENITENTIARY CAPACITY AND POPULATION	A census of both detained and sentenced inmates in county/ NYC jails and penitentiaries in New York State for civil, criminal, and federal offenses is presented for each of the populations that follow: Inmates under custody on December 31 of a given year, and The daily average of inmates under custody during a given year.	Population is inmate based for both the "December 31" and "average daily" populations.			
	A census of beds in county/ NYC jails and penitentiaries in New York State. Each jail and penitentiary census was taken on a different day during a given year.	Capacity is based on beds; the count differs by region: New York City Department of Correction counts reflect "beds at standard" (one inmate per cell; 60 square feet per inmate; and no more than 50 in a dorm) The count does not include beds in hospital prison wards. Non-New York City jail counts reflect the number of cells (one bed per cell) and dormitory beds. This count does not include detention or holding rooms.	Not applicable.	Not applicable.

Table 9A-1 ADMISSIONS TO NEW YORK STATE PRISON	Admissions to NYS prison during a given year.	Inmate based; parole detainees are not counted as part of the admissions or under custody population. Only the most serious conviction offense is counted. Offenses counted as violent felonies are listed in Appendix E.	Adult *	Felony Convictions	NYS Department of Correctional Services. The "under custody" counts may differ slightly from data presented in reports and publications released by DOCS.
Table 9A-2 NEW COURT COMMITMENTS TO STATE PRISON Table 9A	New court commitments to NYS prison during a given year.				
Table 9B INMATES UNDER CUSTODY IN STATE PRISON ON DECEMBER 31	A census of inmates under custody in NYS prison on December 31 of a given year.				
Table 9C PAROLE DETAINEES IN STATE PRISON ON DECEMBER 31	Parole detainees in NYS prison on December 31.	Detainee based.			
Table 10A PAROLE SUPERVISION CASES	Inmates released to the NYS Division of Parole for supervision within the State.	Case based (one person per case).	Adult & Juvenile Offender	Convictions for: Felony Offenses Misdemeanor Offenses	NYS Division of Parole. The increase in parole revocations resulting from new felony convictions reflects legislative changes and improved efficiency of the parole revocation process. A primary factor was the passage of legislation, incorporated into the Division's rules and regulations effective November 1, 1984, authorizing the Parole Board to issue a final declaration of delinquency for releasees convicted of new felonies committed under supervision and receiving new indeterminate sentences. A final declaration of delinquency streamlines the violation process in these cases by obviating the need for a final revocation hearing. The streamlined process has resulted in an increased proportion of returns for new convictions.
	Parole supervision cases supervised during a given year (i.e., parole cases received during a given year plus parole supervision cases carried over from December 31 of the previous year).				
	Parole supervision cases under supervision on December 31 of a given year.				
Table 10B REVOKED AND RETURNED PAROLEES	Parole supervision cases for which parole was revoked and the parolee returned to prison during a given year.				

* An adult is an offender who is 16 years of age or older at time of arrest.

APPENDIX B

CRIME AND CRIMINAL JUSTICE ACTIVITY
STATE SUMMARY BY COUNTY
FOR 1985

* NYS Penal Law codes for the most serious felony and misdemeanor charge in an arrest event have been organized by UCR Index crime categories to allow more meaningful comparisons with the UCR Index crime data presented in Table 1 of this appendix. The unit of count for arrest data, the arrest-event, differs from those used for Index crimes (see Appendix A). It is also important to note that these arrest data reflect only adult (i.e., persons age 16 or older), while crimes committed by persons under age 16 are included in the Index crime counts. Finally, these data do not necessarily reflect clearances of the reported crimes shown in Table 1.

** Arrests for the Index crime of "motor vehicle theft" are reported as "larceny" because it is not possible to extract motor vehicle larcenies from the Arrest and Processing Trends File.

* These data reflect the most serious sentence in multiple sentence dispositions (e.g., sentences including a jail term and a fine have been counted as "local jail"). This distribution of sentence types may be affected by the underreporting of dispositions to the Division of Criminal Justice Services (see Appendix F).

* These data reflect the most serious sentence in multiple sentence dispositions (e.g., sentences including a jail term and a fine have been counted as "local jail"). This distribution of sentence types may be affected by the underreporting of dispositions to the Division of Criminal Justice Services (see Appendix F).

Crim. Poss. Weapon 3rd ²	265.02	04,05	D
Crim. Poss. Weapon 2nd ²	265.03	00	C
Crim. Poss. Weapon 1st ²	265.04	all	B
Crim. Use Firearm 2nd ²	265.08	all	C
Crim. Use Firearm 1st ²	265.09	all	B
Crim. Sale Firearm 1st	265.12	00	D

The following crimes are not designated as "violent felony offenses" but are included as such for statistical purposes:

Murder 2nd	125.25	all	A-1
Murder 1st, Including Attempted	125.27	all	A-1
Kidnapping 1st	135.25	all	A-1
Arson 1st	150.20	all	A-1
Crim. Poss Weapon 3rd ³	265.02	00,01,02,03	D

¹Penal Law of the State of New York, Section 70.02.

²An "attempt" to commit this crime is also classified as a "violent felony offense"; an attempt is one felony class lower than the actual commission of the crime.

³These offenses are counted as "violent felony offenses" only in the data provided by the NYS Department of Correctional Services.

APPENDIX F
NEW YORK STATE
LOCAL ASSISTANCE PROGRAM DESCRIPTIONS

DEPARTMENT OF CORRECTIONAL SERVICES

Board of Prisoners. The Board of Prisoners' account is the only source of local assistance funding administered by DOCS. Funds paid out of the account cover four areas:

- o Coram Nobis: Inmates may have to be returned to their county of commitment for court proceedings. When they are, they are housed in the county jail. Counties are reimbursed \$20 per diem for housing these inmates.
- o Felons: Persons convicted of "D" and "E" felonies who receive a maximum sentence of less than one year cannot be incarcerated in State facilities. Instead, these sentences are served in county jails. This program reimburses the county at the rate of \$20 per diem.
- o Parole Violators: Counties are reimbursed \$20 per diem for housing parole violators until they can be transferred into the State system.
- o State Readies: These are convicted felons for whom the committing county has notified the Department that they are awaiting transfer into the State system. Beginning on 7/1/85, counties were reimbursed \$20 per diem toward the cost of housing those who have been state ready for five days. After the inmate has been state ready five days, reimbursement is retroactive to the first day. Conversely, if an individual is state ready for only one to four days, there is no reimbursement.

Community Contract Housing. The Department of Correctional Services had in the past, and will again this year, be allowed to enter into agreements to place low-risk inmates, within a year of parole eligibility, into community contract facilities. These 24-hour a day facilities offer drug rehabilitation programs to those inmates who, it is believed, have more of a drug problem than a criminal history. Innovative project components include the use of naltrexone on a pilot basis, intensive vocational rehabilitation services, and on-site supervision by parole officers.

Under the community contract program, the Division of Substance Abuse Services identifies which community beds can be used and arrives at a contract with the local facilities. The program operated with approximately 300 contract beds in 1983 and again in 1984, but was not continued in the 1985-86 fiscal plan. A total of 300 slots for DOCS inmates is proposed for FY 1986-87, at a per inmate per annum cost of \$11,000, versus the \$26,000 a year cost of incarceration in correctional facilities. Given the actual cost of incarceration within the DOCS system, the choice is to imprison one inmate or to treat three in the community. Funding of the program could result in a net savings to taxpayers of \$7 million annually, according to memoranda in support of the legislation.

Prison Transfer to State Facilities. The State reimburses counties for their costs incurred in transporting state-ready inmates to State correctional facilities.

CRIME VICTIMS BOARD

Crime Victims Compensation Awards. The Crime Victims Compensation Program provides financial assistance to innocent victims of violent crimes. Claims may be filed by the victim of a crime who has incurred personal injuries or by a surviving spouse, parent, child or other dependent if the victim died as a direct result of the crime. Payments are made for unreimbursed medical and rehabilitative expenses as well as loss of earnings or support. Funeral benefits may be paid to any person who has paid the burial expenses. The program is also permitted to reimburse claimants for transportation costs incurred for necessary court appearances in connection with the prosecution of a crime and for loss or damage to essential personal property. Victims 60 years or older and disabled victims need not be injured to qualify for these last two benefits. Beginning with Federal Fiscal Year 10/1/85 - 9/30/86 the State will receive federal compensation funds on a 35% reimbursement rate, and these are included in the FY 1985-86 appropriation.

Victim and Witness Assistance Program. In FY 1981-82, the Crime Victims Board initiated the Victim and Witness Assistance Program with \$1.5 million in funding for 22 programs. The number of funded programs has since doubled. Each of the local programs which receives funding provides services in one of five general areas for victims and witnesses:

- o victims of domestic violence,
- o elderly crime victims,
- o victims of sexual assaults,
- o all types of victims, and
- o court related services.

These programs provide a comprehensive array of assistance services to address the economic, fiscal, psychological and criminal justice consequences of victimization. Services include: information, referral to other agencies, supportive counseling, psychological counseling, group counseling, application assistance, court notification, court accompanied impact statements, hotline, lock installation, home visits, escort service, and transportation.

The agency has expanded existing programs and initiated new programs with federal funds from the Victims of Crime Act (VOCA) of 1984.

DIVISION OF CRIMINAL JUSTICE SERVICES

Asset/Forfeiture Legislation. The passage of Article 13-A (CPLR) provided prosecutors in New York State with a new tool to combat crime. This statute allows for the seizure of the proceeds and instrumentalities of crime, thereby reducing the profitability of, and incentive for, illegal activity.

Pursuant to Chapter 669 of the Laws of 1984, \$1 million in State funds were made available to counties participating in the Target Crime Initiative Program (see description below) and the New York City Special Narcotics Prosecutor for the purpose of establishing forfeiture units in local prosecutors' offices. Funds were not appropriated in FY 86-87 for the forfeiture effort because the value of assets seized could be utilized to support the initiative.

Crime Prevention and Protection. This program provides funds for special contractual services, for expenses of programs to prevent crime and protect senior citizens. These appropriations commenced with one award in 1977 and increased to 90 awards in 1985. There was no appropriation for FY 1982-83. Although initially placed in the state purposes portion of the budget, this appropriation now appears in local assistance.

The responsibility for implementation rests with the Commissioner of the Division of Criminal Justice Services, and is administered by the Office of Crime Prevention of the Bureau for Municipal Police.

Emergency Felony Case Processing Program. A rapidly increasing court backlog led to the passage of the Emergency Felony Case Processing Program (Chapters 496 and 497 of the Laws of 1971). When first enacted, 15 additional court parts were established with State support to expedite the processing of the backlogged felony cases. As a result of court reorganization and consolidation efforts, the historically designated parts have been integrated into the total court system. The N.Y.C. Legal Aid Society and Department of Probation also participate in the program by providing defense services and completing pre-sentence investigations. The State shares with the City of New York the incremental expense of maintaining an enhanced level of criminal court parts, with State aid totaling up to 58% of the cost. Payment of aid is contingent on a matching appropriation from the City of New York for the remaining 42% of expenses.

Indigent Parolee Program. The State provides aid to counties for the legal representation of indigent parolees by private, appointed attorneys and public defense programs, pursuant to Section 250(i) of the Executive Law and Article 18-B of the County Law. The program has existed since 1973 and helps meet the needs of indigent parole violators for competent legal help. By encouraging defense attorneys to provide this assistance quickly and often, this State aid effort also contributes to a more efficient parole revocation process, the elimination of delays and a reduction in unnecessary incarceration of alleged violators.

DIVISION OF CRIMINAL JUSTICE
(Continued)

Legal services for individuals involved in parole revocations are provided according to a plan that is executed by either the county executive or the board of supervisors of each county or by the governing city in which a county is wholly contained. The plan describes whether the legal assistance purchased will involve the services of a public defender, a private legal aid bureau or society, or an administrator of a bar association appointed-counsel plan. The Division of Criminal Justice Services is responsible for the administration of these funds through a system of reimbursement to the counties.

Justice Assistance Act - Federal Funds. The Division of Criminal Justice Services, through the Juvenile Justice and Federal Programming Unit, administers federal block grant funds received under the Justice Assistance Act. The Justice Assistance Act's block grant program will award New York State \$3,396,000 to support programs in any of 18 federally designated program areas. The Governor's Office, in consultation with members of the legislature, has directed that these funds will support programs in the following areas, subject to necessary federal approvals:

- o Prosecution of White Collar and Organized Crime
- o Violent Predator
- o Pre-Trial Services
- o Enhancement of Child Abuse Prosecution
- o Information Systems
- o Narcotics Enforcement
- o Integrated Criminal Apprehension Program

Juvenile Justice and Delinquency Prevention - Federal Funds. The Division of Criminal Justice Services, through the Juvenile Justice and Federal Programming Unit, administers federal block grant funds received under the federal Juvenile Justice and Delinquency Prevention Act. These funds are utilized by New York State to assist units of local government and State agencies in improving the operations of the juvenile justice system, in efforts to control crime, and to assure the quality of justice in the State. The funds primarily provide seed money to support changes and improvements in the juvenile justice system. Funds are used to support programs in six areas:

- o Delinquency Prevention/Diversion
- o Services for Detained and Incarcerated Youth
- o Dispositional Alternatives
- o Court Processing
- o Monitoring Compliance
- o Systems Planning and Interagency Coordination

Major Offense Police Program (MOPP). This program provides State funds to nine of the largest police agencies in the State to target violent offenders, career criminals, and narcotics traffickers. The cities of New York, Rochester, Syracuse, and Nassau and Suffolk counties have identified career criminals who

DIVISION OF CRIMINAL JUSTICE
(Continued)

receive special case processing by the Detective Bureau when arrested for felony offenses. The City of Buffalo established separate task forces dealing with robbery, burglary, and sex crimes to identify and apprehend career offenders. Rockland and Orange counties created county-wide task forces comprised of local police officers and county district attorney investigators to target major narcotics traffickers. In Westchester, Nassau, and Suffolk counties M.O.P.P. funds supplement existing narcotics investigations through the addition of personnel and "buy-money". In 1984, M.O.P.P. funds supported 199 sworn police personnel, one assistant district attorney, and nine support staff who conducted intensive investigations against "career criminals" who were violent or repeat felons. M.O.P.P. personnel in the nine localities handled a total of 9,852 cases against the most serious offenders in 1984, up 12% from the 1983 M.O.P.P. total of 8,820 cases.

Mobile Radio District Program. This program seeks to standardize law enforcement radio configurations and enhance communication hardware in municipal law enforcement agencies. Effective April 1, 1983 the Mobile Radio District program was re-enacted by the legislature. The legislature did not appropriate any monies for this program in 1982.

The program that has been in effect for the past thirteen years was a combination of federal and locally funded projects. Since 1982 the program has been State funded.

The responsibility for implementation now rests with the Commissioner of the Division of Criminal Justice Services and is administered by the Bureau for Municipal Police, Mobile Radio District Section.

Neighborhood Preservation Crime Prevention Act¹. Established in the Laws of 1983, Chapter 55, by Governor Cuomo and the Legislature, the Neighborhood Preservation Crime Prevention Act made funds available to local not-for-profit organizations (excluding municipalities, except for auxiliary police programs). The funds are awarded on a competitive basis for organizations to operate crime prevention programs.

The responsibility for the implementation of this program rests with the Commissioner of the Division of Criminal Justice Services. It is administered by the Office of Crime Prevention of the Bureau for Municipal Police.

N.Y.S. Defenders' Association. The State has funded the N.Y.S. Defenders' Association since 1981 in order to provide broad-based defender support services on a statewide level. Over the past four years, the Association has provided legal research and consultation on over 4,000 requests by public defense attorneys. Such assistance encompasses legal memoranda, analyses of briefs, consultation, videotaped court simulations, workshops and training seminars.

¹The funds supporting NPCPA are in the state purposes portion of the annual budget, but the statute creating this program indicates that the awards are to be made to community-based organizations.

DIVISION OF CRIMINAL JUSTICE
(Continued)

The Association is involved in amicus curiae work. It provides a referral service to help defenders obtain expert witnesses, investigators and attorneys with particular expertise, and it collects and disseminates briefs and other material to provide defense attorneys with legal research capabilities. It also provides technical assistance to both State and local governments, provides evaluative seminars and engages in research and data retrieval covering various aspects of the criminal justice system.

Prisoners' Legal Services. Prisoners' Legal Services of New York (PLS) provides legal assistance to inmates of New York's 38 State correctional facilities who have no other legal representation, are financially unable to retain counsel and cannot obtain legal assistance from any other legal services organization. PLS began in 1976 with federal grant funds, and since 1978 has been supported by the State.

With a central office in New York City, Prisoners' Legal Services maintains six field offices, located in Albany, Buffalo, Ithaca, Plattsburgh, Poughkeepsie and New York. The types of cases handled by Prisoners' Legal Services are grouped into three general categories: 1) post-conviction matters, such as sentence computation and determination of parole eligibility; 2) institutional problems, such as disciplinary procedures and living conditions; and 3) a wide range of civil and domestic law problems, such as matrimonial actions and custody proceedings. These legal services have succeeded in providing for reasonable and satisfactory resolution of inmate problems and grievances. As a result of this kind of assistance to indigent inmates, Prisoners' Legal Services also serves the State's court system, to the extent that it screens complaints from its inmate clients and diverts from the courts potential litigation which is deemed to be without merit.

School Security Officer Program. This program extends an existing ongoing effort in New York City junior and senior high school buildings to include elementary school buildings in Community School District 20 in Brooklyn. The \$415,000 will provide salaries and support for such elementary school security officers.

Soft Body Armor Reimbursement Program. Effective April 1, 1984 a bill became law which amended the Executive Law in relation to providing for State reimbursement to municipalities, public authorities and public benefit corporations for expenses incurred in the purchase of soft body ballistic armor vests for police officers. The Soft Body Armor Vest Reimbursement Program was initiated in the Department of Labor in 1981.

Section 837-d of the Executive Law effectively repealed Article 17-A of the Labor Law and empowers the Commissioner of the Division of Criminal Justice Services to certify vouchers for the State Comptroller for reimbursement payments.

DIVISION OF CRIMINAL JUSTICE
(Continued)

The responsibility for implementation and regulation now rests with the Commissioner of the Division of Criminal Justice Services. Due to the specific law enforcement nature of the project, the practical operational functioning of the program was assigned in April of 1984, to the Bureau of Municipal Police, Police Training and Administrative Services Section.

No information relative to expenditures is available prior to the Division of Criminal Justice Services' involvement in the project.

Special Narcotics Court Program. The Special Narcotics Court Program (SNP) was initiated by Chapter 462 of the Laws of 1971 as a legislative response to the need for an efficient, specialized and coordinated narcotics prosecution effort in the City of New York.

Pursuant to this legislation, a Special Narcotics Prosecutor was appointed by the five District Attorneys in New York City. He is centrally located, with offices in lower Manhattan, and is responsible for the citywide prosecution of narcotics cases, as well as convening a special citywide Grand Jury.

In addition to providing for the office of the Special Prosecutor, the legislation provides for the creation of twelve new criminal court parts, primarily concerned with the handling of narcotics cases. Extensive reorganization of the court system by the Office of Court Administration has resulted in the integration of the twelve narcotics parts with other criminal parts in the New York City Supreme Court.

The State continues to fund up to 61 percent of the costs of the office of the Special Narcotics Prosecutor and maintaining an enhanced level of criminal court parts, as well as the supportive services rendered by the City Departments of Probation and Corrections and the Legal Aid Society. The City contributes the remaining 39 percent.

Special Warrant Enforcement Enhancement Program. Governor Cuomo and the Legislature established the Special Warrant Enforcement Enhancement Program (S.W.E.E.P.) in September 1984 in response to a growing backlog of outstanding criminal warrants. S.W.E.E.P. provided \$2.5 million in State funds to assist 21 law enforcement agencies in apprehending their most serious felony warrant suspects. The goal of the program is to provide funding assistance for additional enforcement personnel for short term, intensive warrant enforcement in the localities with the most severe felony warrant backlogs. These personnel are assigned on a temporary basis to enhance existing warrant enforcement efforts. A total of 5,947 warrants were cleared under S.W.E.E.P. including 1,818 violent felony and 2,590 felony warrants.

Target Crime Initiative Program. The Target Crime Initiative Program (TCI) was created April 1, 1983 as the result of a recommendation by the Governor to the Legislature. Three prosecution programs, the State Felony Program, Major

DIVISION OF CRIMINAL JUSTICE
(Continued)

Violent Offense Trial Program, and the Major Offense Prosecution Program, were merged into one comprehensive anti-crime package to eliminate overlapping and duplicated program services. The primary goal of TCI is to combat violent felony crime and target on the swift adjudication of habitual and violent offenders. Specific program objectives include reducing the caseloads of TCI attorneys, increasing the number of indictments against repeat offenders, eliminating plea bargaining except under extraordinary circumstances, increasing the rate and level of convictions, and increasing the number and length of prison sentences for TCI defendants. The number of counties participating in TCI has been expanded from 18 to 27, and now includes those counties reporting 97% of the violent felonies in the State.

Transit Crime Interdiction Program. In April 1985, the Transit Crime Interdiction Program was established. This program supports a Decoy Unit of 24 officers and 3 supervisors. Members of the Decoy Unit analyze crime patterns on the subway system and then pose as persons likely to be victimized in order to catch offenders in the act of committing serious crimes. Through the end of October 1985, the Decoy Unit made a total of 460 felony arrests of which 443 were made on the subway, 2 on buses, and 15 off the transit system. Of the 405 adult offenders arrested, 292 had prior arrest records, including 224 which had prior felony arrests.

Transit Strike Force. In response to growing public outcry over subway crime, Governor Cuomo and the State Legislature provided 3.5 million dollars for the establishment of the Transit Police Strike Force on April 1, 1983. The Strike Force generates a target list of violent or repeat offenders operating on the subway system. The crimes of homicide, kidnapping, forcible rape/sodomy, and robberies are targeted along with suspects who have been arrested for five or more larcenies from the person such as pickpocketing or jostling. These targets receive special handling when arrested to ensure their removal from the subway system. During 1984, the Strike Force arrested 1,866 persons as target offenders or for committing target crimes. Of these, 908 were augmented by the Strike Force's Major Case or Robbery Squads resulting in 907 felony arraignments. An additional 41 non-target cases were augmented, bringing the total number of offenders augmented to 949. The Apprehension Unit of the Strike Force targets pickpockets, jostlers, and bagopeners and arrested 416 persons for such offenses in 1984.

Vera Institute. DCJS will administer a grant to the Vera Institute to conduct a two-year evaluation of the Community Patrol Office (CPO) program.

The CPO program is an innovative effort to foster improved police-community relations and enhance the ability of the police to address crime and order maintenance problems in target areas. The program is staffed by 250 volunteer police officers and sergeants, who are assigned to designated beats consisting of approximately twenty square blocks.

DIVISION OF CRIMINAL JUSTICE
(Continued)

Vera Institute staff served as consultants to the New York City Police Department during the planning of the CPO concept, and closely monitored pilot testing of the project. Fifty beats will be randomly selected for an evaluation sample, and a variety of techniques will be employed in the comprehensive analysis covering every aspect of the program.

DIVISION OF PAROLE

Parole Resource Center. The Parole Resource Center (PRC) program provides the Division of Parole with the capability to contract with community-based service providers for housing and programming of selected individuals released to community supervision. This structured environment has provided the Board of Parole with an alternative to continued incarceration of individuals in need of supportive services in the community. The PRC provides a reasonable level of assurance that individuals in need of a structured setting upon release are provided with an opportunity to participate in community-based programs which will lead to their long-term success in life styles.

Parole Transitional Facilities. The Parole Transitional Facility Program (PTF) functions in much the same manner as does the Parole Resource Center (PRC). The basic difference is in the point of entry into the Program. The PTF provides the Parole Board with an alternative option for dealing with rule violators whose reimprisonment would serve little or no purpose. The use of a crisis intervention treatment approach provides short-term services in a semi-structured residential setting in the community rather than in the detached surroundings of a correctional facility.

Employment Services Project. Employment is a key element in the successful adjustment to community life upon release from a correctional facility. Funding has been provided to enhance the Division's efforts in employment training and placement services. Contracting with the Vera Institute of Justice for services under its Vocational Development Program, the Division of Parole can provide developmental employment services and increase its private sector job placement services. In addition, Vera will assist the Division of Parole in the training of its employment services staff to maximize the employability and placement capability and in long range strategic planning to improve employment services performance.

STOP Program - Drug Residence Project. The Selective Treatment Options for Parolees (STOP) Project is a cooperative effort involving State criminal justice and human services agencies to establish community-based residential treatment programs for parolees in need of chemical dependency services. The STOP Project facilities, which will be established through contracts with community-based service providers through the Division of Substance Abuse Services, will function in much the same manner as Parole Resource Centers except that the programs will be targeted for individuals with drug abuse histories.

DIVISION OF PROBATION AND CORRECTIONAL ALTERNATIVES

County Planning for Alternatives to Incarceration (Classification Alternatives). Pursuant to Chapters 907 and 908, Laws of 1984, \$3,050,000 was appropriated in FY 1985-86 and made available to all counties and the City of New York for the establishment or expansion of alternatives to incarceration programs. To be eligible to receive state aid, and to be able to utilize a new classification system in the local jail, each county was required to establish an alternatives to incarceration advisory board and to undertake a planning process designed to identify the types of alternatives programming needed in the county. To date, 44 counties and the City of New York have submitted alternatives to incarceration service plans and are receiving funds that support approximately 70 new or expanded programs. Based upon contractual objectives, it is estimated that more than 3,000 offenders will be diverted from jail sentences at the post-conviction stage, while another several thousand will be released while awaiting disposition through new or enhanced pre-trial release efforts.

Prior to the creation of the Division in 1985, this program was administered by the Division of Criminal Justice Services.

Demonstration Projects. Demonstration projects generally fall into one of three program models: community service sentencing projects; individualized sentencing plan programs; and offender rehabilitation programs. In FY 1985-86, there were 28 such projects. During the current fiscal year, these 100% State funded programs are expected to provide services to more than 10,000 clients, approximately one-half of whom will be offenders whose case outcomes are directly impacted by program intervention.

Intensive Supervision/Alternative Sentencing Program. The Intensive Supervision/Alternative Sentencing Program (ISP/ASP) is intended to provide a viable dispositional option to the courts. A cooperative effort between State and local jurisdictions, ISP/ASP provides fiscal resources to support a program model which emphasizes strict supervision and complete accountability to sentencing courts.

The program focuses on two discrete groups from among the much larger, generally successful probation population: felony offenders sentenced to probation only because ISP/ASP supervision is available; and felony and misdemeanor probationers statistically least likely to successfully complete their sentences.

During FY 1985-86, a new aspect of this overall program has been added called the Conditional Order of Probation Experiment (COPE). This new effort provides for a limited demonstration period in which the suitability of an offender for a probation sentence may be determined.

PINS Adjustment Services Act. Chapter 813 of the Laws of 1985 is an important new program intended to decrease the inappropriate utilization of the Family Court process and the number of out-of-home placements in matters involving persons alleged to be in need of supervision (PINS). It is the purpose of this

DIVISION OF PROBATION AND CORRECTIONAL ALTERNATIVES
(Continued)

law to implement assessment, planning, and service delivery strategies Statewide that can support successful diversion of PINS from the family court process. The Act establishes a four year period, beginning January of 1987 and ending on December 31, 1990, during which localities may voluntarily implement the provisions of the Act. The Act encourages localities to set and accomplish long-term goals in planning for the delivery of a comprehensive array of services to meet the needs of these youths and their families. To assist localities in coordinating and strengthening services for this population, the law provides short-term enriched incentive funding during the four year voluntary implementation period.

The 1986-87 initial appropriation of \$1 million is targeted for a start-up date of January 1, 1987.

Regular State Aid. Section 246 of the New York State Executive Law provides for financial assistance from the State to localities for probation operations "....for control and rehabilitation of offenders." In order to receive these funds to develop and improve services, local probation departments must operate according to approved programs within the Division's Rules and Regulations. Current reimbursement is set at 46.5 percent of approved expenditures for maintaining and improving probation services.

During FY 1982-83 a special Warrant Enforcement Unit was funded in New York City under this program.

DIVISION FOR YOUTH

Community Based Organization. The Community Based Organization (CBO) Urban Home Initiative is a 100 percent State funded initiative which provides residential services for up to one year for youth ages 16-21. There are currently two line item appropriations which support two programs in New York City (one for older homeless youth and one for Juvenile Offenders on parole); and one program in the City of Buffalo which services young mothers and their children.

Community Care Program. In response to concern over the increasing costs of residential care, recidivism and the importance of the post-release period to a successful return to community life, the Division funds a new direction in, and emphasis on, aftercare services. The initiative, which was designed to establish, for the first time, joint State/local cooperation in planning and implementing post-institutional follow-up services, will facilitate the successful transition of youth released from DFY residential placement to their communities.

Secure and Non-Secure Detention Services. Designed to provide 50 percent fiscal support to localities operating secure and/or non-secure detention programs. These funds provide the Division with the leverage to assure compliance with rules and regulations governing detention facilities. The non-secure aspect of this program has been steadily expanding to accommodate the more difficult youth in the least restrictive environment.

Job Development. The New York State Division for Youth contracts with community based organizations to provide employment/training transitional services to Division youngsters recently released or about to be returned from residential care. The Division funds programs which manifest an ability to build on the vocational foundations established during the youngster's facility placement.

Runaway and Homeless Youth Services (RHYA)/Transitional Independent Living Support. Gives the Division the authority and financial capacity to support and encourage the continued establishment of local programs to serve runaway and homeless youth. This request reflects the programmatic agenda and fiscal requirements necessary to maintain and expand the success of this program under statutory provisions which were modified during 1985 to permit expansion into the area of providing services to the homeless and transitional youth up to age 21 and beyond the crisis services by which we were formerly limited.

Special Delinquency Prevention Program. Provides 100 percent funding for community-based youth services targeted at youth at risk of unnecessary or further involvement with the justice system. Allocations are based on a combination of youth population and/or needs assessment data.

Special Legislative Contracts. A legislative initiative providing funds for new or expanded youth centers, career counseling, and recreation programs.

DIVISION FOR YOUTH
(Continued)

Voluntary Agency Care. Designed to provide 50 percent fiscal support to local Departments of Social Services who are responsible for payment for care of PINS and JD youth involuntary child care agencies. This request allows the Division to provide support and technical assistance to local departments and voluntary agencies to improve services to troubled youth.

Youth Development and Delinquency Prevention. Provides local community psycho-social and recreational programs for youth through county and municipal youth bureaus. Implementation is aided through programmatic support from Division field staff and financial assistance provided by the state aid formula of Article 19A of the Executive Law. This budget request focuses on both the programmatic and fiscal aspects of YD/DP and Youth Initiatives in creating more effective local youth services that address the pressing needs of youth.

OTHER CRIMINAL JUSTICE AGENCIES

Salaries of District Attorneys. Pursuant to County Law §700, Chapter 986, Laws of 1984, \$10,000 per year is apportioned to all qualified upstate counties and to New York City for each of the counties therein for the salaries of district attorneys elected, re-elected, or appointed after April 1, 1970. Beginning in September 1985 and each year thereafter, an eligible county shall receive the difference between the base salary of the county district attorney on January 1 of the current year and December 31 of the prior year.

APPENDIX G
CITYWIDE LOCAL ASSISTANCE FUNDS

Table 1

CITYWIDE¹ LOCAL ASSISTANCE FUNDING SUMMARY
(Thousands of Dollars)

Program	Expenditures				Appropriations	
	FY 82-3	FY 83-4	FY 84-5	% Change 82 vs 84	FY 85-6	FY 86-7
Department of Correctional Services	4,167.3	5,411.2	6,569.2	57.6%	.0	.0
Crime Victims Board	6,216.4	8,180.8	6,732.5	8.3%	6,979.6	6,093.3
Division of Criminal Justice Services	25,075.6	30,055.9	35,579.4	41.9%	38,304.8	39,893.8
Division of Parole	398.0	548.5	649.9	63.3%	825.9	2,375.9
Division of Probation & Correctional Alternatives ²	10,446.8	11,893.7	12,508.6	19.7%	15,476.5	18,638.4
Division for Youth ³	29,054.7	22,384.1	25,356.5	-12.7%	58,311.8	26,669.6
TOTAL	75,358.9	78,474.2	87,395.9	16.0%	119,898.9	93,671.0

¹This table presents local assistance program funds that were awarded to agencies in New York City that provide citywide services.

²On April 1, 1985, the Alternatives to Incarceration Program was transferred from the Division of Criminal Justice Services and combined with the Division of Probation to form the Division of Probation and Correctional Alternatives. The Alternative to Incarceration Program expenditures from FY 1982-83 through FY 1984-85 are included with the expenditures reported for this newly formed agency.

³The FY 1985-86 DFY budget increased 58 percent over the budget for the previous fiscal year as a result of Governor Cuomo's recommendation. This increase allowed DFY to pay for current programs and also eliminate arrearages.

Table 2

DEPARTMENT OF CORRECTIONAL SERVICES
CITYWIDE¹ LOCAL ASSISTANCE PROGRAM FUNDING
(Thousands of Dollars)

Program	Expenditures				Appropriations	
	FY 82-3	FY 83-4	FY 84-5	% Change 82 vs 84	FY 85-6	FY 86-7

TOTAL	4,167.3	5,411.2	6,569.2	57.6%	.0	.0

¹This table presents local assistance program funds that were awarded to agencies in New York City that provide citywide services.

²The New York City Department of Corrections (NYCDOC) operates a citywide jail system for the five boroughs of New York City. Therefore, local assistance funds from the Board of Prisoners' account are disbursed to NYCDOC rather than the individual facilities within each of the boroughs. NYCDOC is reimbursed for expenditures from the "Statewide" lump-sum appropriation for this program.

³This program was implemented in FY 1983-84. No funds were appropriated for this program in FY 1985-86. At the time of publication the FY 1986-87 contracts had not yet been awarded.

APPENDIX H
STATEWIDE LOCAL ASSISTANCE FUNDS

Table 1
STATEWIDE¹ LOCAL ASSISTANCE FUNDING SUMMARY
(Thousands of Dollars)

Program	Expenditures				Appropriations	
	FY 82-3	FY 83-4	FY 84-5	% Change 82 vs 84	FY 85-6	FY 86-7
Department of Correctional Services	.0	.0	.0	NA	23,827.8	32,737.0
Crime Victims Board	821.7	1,088.1	1,078.0	31.2%	2,210.0	3,702.5
Division of Criminal Justice Services	5,261.6	5,108.6	5,529.7	5.1%	9,140.5	10,394.4
Division of Probation & Correctional Alternatives ²	.0	.0	.0	NA	962.5	1,100.0
Division for Youth ³	7,554.9	8,781.2	7,736.3	2.4%	12,329.2	10,178.9
TOTAL	13,638.2	14,978.0	14,344.0	5.2%	48,470.0	58,112.7

¹This table presents local assistance program funds that are disbursed in ways which preclude accounting for them at either the county or the New York City level. In addition, Statewide "appropriations" may include funds that had not yet been disbursed at the time these data were submitted for this publication.

²On April 1, 1985, the Alternatives to Incarceration Program was transferred from the Division of Criminal Justice Services and combined with the Division of Probation to form the Division of Probation and Correctional Alternatives. The Alternative to Incarceration Program expenditures from FY 1982-83 through FY 1984-85 are included with the expenditures reported for this newly formed agency.

³The FY 1985-86 DFY budget increased 58 percent over the budget for the previous fiscal year as a result of Governor Cuomo's recommendation. This increase allowed DFY to pay for current programs and also eliminate arrearages.

Prisoners' Legal Services	1,361.8	1,361.8	2,207.1	62.1%	2,545.0	2,679.3

¹This table presents local assistance program funds that are disbursed in ways which preclude accounting for them at either the county or the New York City level. In addition, Statewide "appropriations" may include funds that had not yet been disbursed at the time these data were submitted for this publication.

²Agencies are reimbursed for expenditures from the 'NYC' and 'Statewide' (non-NYC agencies) lump-sum appropriations for this program.

³FY 1985-86 was the first year the State received these federal block grant funds.

⁴This Act was established in FY 1983-84. At the time of publication the FY 1986-87 contracts had not yet been awarded.

Table 4
(continued)

DIVISION OF CRIMINAL JUSTICE SERVICES
STATEWIDE¹ LOCAL ASSISTANCE PROGRAM FUNDING
(Thousands of Dollars)

Program	Expenditures				Appropriations	
	FY 82-3	FY 83-4	FY 84-5	% Change 82 vs 84	FY 85-6	FY 86-7
Soft Body Armor Reimbursement Program ⁵	635.5	535.5	.0	-100.0%	500.0	500.0
Special Warrant Enforcement Enhancement Program ⁶	--	--	.0	NA	.0	20.0
Target Crime Initiative Program ⁷	1,012.9	1,182.0	1,240.1	22.4%	2,224.2	766.8
TOTAL	5,261.6	5,108.6	5,529.7	5.1%	9,140.5	10,394.4

⁵In FY 1984-85 the administration of this program was transferred from the Department of Labor to the Division of Criminal Justice Services; county level expenditures for FY 1982-83 and FY 1983-84 are not readily available. Agencies are reimbursed for expenditures from the 'Statewide' lump-sum appropriation for this program.

⁶This program was implemented in FY 1984-85.

⁷This program was implemented in FY 1983-84. The FY 1982-83 funds are the combined expenditures of the three programs that were merged to form TCI: the State Felony Program, the Major Violent Offense Trial Program, and the Major Offense Prosecution Program.
