The information in this publication was compiled by the Research and Reporting Unit, Division of Program Development and Evaluation. The report was prepared by Marilyn P. Davis, Statistician. Typesetting and graphics were done by Sharon S. O'Keefe, Graphic Artist. Coordination and review were provided by Helen S. Hinshaw, Reporting Supervisor. The data concerning court service units were supplied by the information system administered by the Division of Youth Services.

Data on adults and juveniles under community supervision were combined in one annual report for each fiscal year from 1978 through 1980. Beginning in fiscal year 1981, two separate annuals were prepared: *Children Under Community Supervision*, and *Adults Under Community Supervision*. For fiscal year 1983, the title of the *Children Under Community Supervision* annual has been changed to *Children and Families Under Community Supervision*. Copies of annual reports containing both juvenile and adult data are available for fiscal years 1978 through 1982.

EXPLANATION OF WORKLOAD STATISTICS

The data in this statistical report reflect the workload of the Juvenile Court Service Units. The workload of these Units not only includes the caseload of persons under supervision but also measures the other services delivered by the Units to their clients.

It is not appropriate to draw comparisons between the individual districts within the juvenile systems. The services provided by the Court Service Units are impacted by the needs of their locality. The workload cannot be considered comparable between the localities because of the divergent demands of the individual communities. The variation in workload is affected by the level and type of requests received from the court, the geography and size of the district, and by the levels of supervision required by the individual clients.

Children and Families Under Supervision of Virginia Court Service Units Fiscal Year Ended June 30, 1983

This report represents the workload of the Juvenile and Domestic Relations District Court Service Units for fiscal year 1983. These units provide diversionary and supervisory services for those juveniles and adults referred to the Juvenile and Domestic Relations District Courts of the Commonwealth of Virginia. These courts are responsible for adjudicating the cases of juveniles charged with delinquency, children in need of services (juvenile status cases) and abused and neglected children. In addition, the courts are responsible for offenses committed by adults against juveniles, and for family matters (support enforcement, general family counseling and custody) except adoption and divorce. The court service units offer comprehensive services for juveniles whose offense or referral for services occurred prior to the legal age of 18. Services may also be provided to adults who are experiencing family difficulties which are suited to unofficial arbitration, to counseling, or to legal intervention. The map on page 2 shows the 32 judicial districts in which the 36 juvenile court service units are located. There are 29 state operated and 7 locally operated juvenile court service units.

SUMMARY AND PROBATION/SUPERVISION RATES

The total number of services completed by the juvenile court service units increased steadily for four of the past five fiscal years, from 134,867 completed services in fiscal year 1979 to 161,990 completed services in fiscal year 1982. However, the number of services completed in fiscal year 1983 decreased to 157,046 or 3.0% less than the number of completed services in fiscal year 1982. There were 21,565 juveniles who received supervision during fiscal year 1983 through "official probation" or "unofficial supervision", with 13,821 or 64.1% of the cases completed and 7,744 or

35.9% of the cases carried forward. This was a decrease of 3.9% in the number of juveniles supervised compared with the previous fiscal year; however, the decrease in the juvenile supervision rate was slightly less at 3.6% (from 1,357 to 1,308 per 100,000 population under 20 years of age) for the same period due to the decrease in the projected target population. The tabular summary on page 5 provides details of the services completed, cases carried forward, and juvenile probation/supervision rates for fiscal years 1979 through 1983.

Notably, there was a 33.7% increase in adult probation/supervision cases completed in fiscal year 1983 and a 13.2% increase in family counseling cases remaining open on June 30, 1983. The largest decrease in any service type was in aftercare, with a 14.2% decrease in services completed and a 5.6% decrease in cases remaining open.

INTAKE

During fiscal year 1983, 112,631 intake cases were referred to court service units, or 2.7% less than the 115,788 intakes completed in fiscal year 1982. Intakes accounted for 71.7% of the 157,046 services completed.

TRANSFER REPORTS

Transfer reports are ordered by the court on individuals 15 years of age or older who have been charged with certain felonies, and are used in determining if the individual should be transferred to circuit court for trial as an adult. There were 947 transfer reports completed in fiscal year 1983, or nearly one-third less than the previous fiscal year. Transfer reports comprised 4.1% of the 23,345 total reports (social history, transfer, addendum, and foster care) completed by the court service units in the current fiscal year.

SOCIAL HISTORY REPORTS

The findings of a comprehensive study of a juvenile's social history and environment are presented to the court as a social history report. According to standards adopted by the Virginia Board of Corrections, court service units must complete a social history report on any juvenile placed under supervision. Social history reports are also made by court service units prior to court disposition, when requested by the judge. There were 11,068 social history reports prepared in fiscal year 1983, accounting for 47.4% of all reports completed by the court service units.

ADDENDUM REPORTS

Addendum reports sent to the court are updates of social histories, progress reports, or any other short report made for the court's use. In fiscal year 1983, there were 10,517 addendum reports submitted to the courts, representing 45.0% of all completed reports. This is a 7.5% increase over the 9,783 addendum reports completed last fiscal year.

FOSTER CARE REPORTS

Upon order of the court, court service units may assist in the review, mandated by the Code of Virginia, of juveniles who are in foster care placement. There were 813 foster care reports submitted to the courts in fiscal year 1983 (446 or 35.4% fewer than in fiscal year 1982).

PROBATION/SUPERVISION CASES

There were 24,873 probation/supervision cases handled by the court service units in fiscal year 1983, with 16,683 (67.1%) of the cases completed and 8,190 (32.9%) of the cases carried forward. Of the completed cases, 13,821 or 82.8% were juveniles receiving supervision and 2,862 or 17.2% were adults receiving supervision. Juvenile cases accounted for 7,744 or 94.6% and adult cases accounted for 446 or 5.4% of the 8,190 cases that remained open on June 30, 1983 and were carried forward to fiscal year 1984.

The completed 16,683 juvenile and adult probation/supervision cases accounted for 10.6% of the total completed workload of 157,046 intakes, reports, and supervision cases, compared to 10.3% of the fiscal year 1982 workload of completed cases.

AFTERCARE SUPERVISION IN DIRECT CARE

The court service units provide services through visitation and other contact with juveniles placed in direct care. In fiscal year 1983, there were 355 juveniles in direct care who were released from aftercare supervision and 907 juveniles who were carried over into fiscal year 1984. Juveniles receiving aftercare in direct care during the current fiscal year numbered 1,262 or 150 (10.6%) less than in the prior fiscal year (1,412).

FAMILY COUNSELING

The families of all juveniles in the direct care of the Virginia Department of Corrections are contacted by the court service units and, if needed, services are provided to the family while the juvenile is under State care. Family counseling is also provided to families of juveniles receiving aftercare supervision and is available to families with a member on probation or involved in other juvenile and domestic relations cases. During fiscal year 1983, there were 3,283 families released from family counseling and 2,042 families carried over into fiscal year 1984. The total number of families who received services during the current fiscal year numbered 175 or 3.4% more than in the prior fiscal year.

AFTERCARE SUPERVISION IN COMMUNITY

The court service units discharged 749 juveniles from aftercare supervision in the community and carried forward another 689 cases. Juveniles receiving aftercare in the community totaled 1,438 or 8.2% less than the 1,566 juveniles on aftercare in the community in the prior fiscal year.
