DECEMBER 1987

PREFACE

This fifty-ninth Annual Report on the Texas Judicial System presents the court activity of the more than 2,500 state, county, and municipal courts in the State of Texas. It is intended to inform the general public, and the legislative and executive branches of state government, of the accomplishments of the judicial branch during the period of September 1, 1986 through August 31, 1987. This report was prepared by the staff of the state Office of Court Administration and is submitted under the auspices of the Texas Judicial Council, pursuant to the statutory duty of the Council:

The council continuously shall study the organization, rules, procedures and practice, work accomplished, results, and uniformity of the descretionary powers of the state courts and methods for their improvement.

(Section 71.031, Tex. Gov't Code)

This report includes information on the basic structure and organization of the Texas Judiciary; detailed reports, summaries and analyses of the activities of the various levels of courts comprising the judicial system; reports on the activities of judicial agencies as required by law; and directories of judges and clerks.

ACKNOWLEDGEMENT

Acknowledgement and appreciation is extended to the many judges and clerks of the courts who have so promptly submitted the monthly reports on court operations. Without their efforts, this report would not be possible and the citizens of the State would be deprived of necessary information on the activities of the Judicial Branch of Government. We particularly wish to recognize the interest and support of the Presiding Judges of the nine Administrative Judicial Regions and Assistants in this regard on a statewide basis.

Special acknowledgement due to Court of Appeals Justice Joe E. Spurlock, II, the President of the Texas Judicial Council, and the members thereof, for their continuing aid and support.

Mr. ALAN McNEILL Attorney at Law Beaumont TO THE GOVERNOR, MEMBERS OF THE 70TH LEGISLATURE, AND CITIZENS OF THE STATE OF TEXAS:

I am pleased to submit to you the 59th Annual Report of the Texas Judicial Council. This Report summarizes the activities and operations of more than 2,500 courts of the State of Texas for the fiscal year ending August 31, 1987.

The past year was a time of budgetary crisis for Texas. Many state agencies faced severe cut-backs in their funding. The Legislature, however, did not cut as deeply into the judicial branch budget as we all feared would be necessary. For this, I thank the leadership of both Houses, as well as all of the members who struggled with all the difficulties in the most severe budget crisis that Texas has ever faced. They willingly listened to the pleas of the judiciary to continue to provide a quality court system for Texans.

In hard economic times, the work load of the judicial system does not slacken, it increases. As people, families, social and business organizations face increasing unemployment, overdrawn accounts, failing enterprises, the stress levels, violence, and economic failures naturally rise. All of this increased activity causes increased caseloads in all levels of courts: family, criminal, civil and appellate.

The deepening economic crisis in our Texas economy will present increasing caseloads for our courts and their related support agencies. With no increase in funding or in personnel, this will present another severe test of our court system. However, maintaining our excellent open court system is an absolute fundamental necessity for our great State.

I thank the members of the Legislature for their past support, but beg again for their continued understanding of the needs of the judicial branch, and their willingness to fund the minimum levels of operations we now have.

Respectfully submitted,

Joe Spurlock, II

President

COURT STRUCTURE OF TEXAS September 1, 1987

All Justice of the Peace Courts and most Municipal Courts are not courts of record. COURT STRUCTURE OF TEXAS

Descriptive Outline September 1, 1987

The appellate courts of Texas include a Supreme Court, a Court of Criminal Appeals, and 14 intermediate Courts of Appeals.

The state trial courts of general jurisdiction are the district courts. Additionally, the Texas Constitution provides for a county court in each county, presided over by a county judge. To relieve the docket congestion of this single "constitutional" county court, the Legislature has established county courts at law and probate courts ("statutory county courts") in populous counties.

The Constitution also provides for justice of the peace courts in each county. These justice courts also serve as small claims courts. The Legislature has established municipal courts in each incorporated city of the State.

DISTRICT COURTS

- 1. NUMBER OF COURTS: 375.
- 2. JURISDICTION: There are 375 separate district courts, identified by separate numbers, each having its own geographical jurisdiction. At present, each district court has one judge, but a constitutional amendment effective in November 1985 allows the Legislature to establish more than one judge per court. In a number of areas, the geographical jurisdiction of two or more district courts is overlapping.

District courts are trial courts of general subject-matter jurisdiction. They have "exclusive, appellate, and original jurisdiction of all actions, proceedings, and remedies, except in cases where exclusive. appellate, or original jurisdiction may be conferred by (the) Constitution or other law on some other court..." Generally, this jurisdiction includes original jurisdiction of felony criminal prosecutions, suits for divorce, suits over title to land, election contests, civil suits with an amount in controversy of at least \$200.

County courts at law and constitutional county courts also exercise limited subjectmatter jurisdiction over civil suits and thus. to a limited extent, share jurisdiction with the district courts. Individual statutes stipulate maximum amounts in controversy over which each county-level court may exercise jurisdiction. To the extent that such "dollar amount" jurisdiction coincides with the district court, the two courts have concurrent jurisdiction. Such concurrent jurisdiction of the district and county-level courts begins with suits involving \$200 and extends to the maximum amount stipulated by the applicable statute pertaining to the individual countylevel court. Above such maximum jurisdictional amount of the county-level court, the district court exercises exclusive jurisdiction.

The district courts hear contested matters involved in probate cases and have general supervisory control over commissioners courts. In addition, these courts have general original jurisdiction over all causes of action for which a remedy or jurisdiction is not provided by law or by the Constitution, and have the power to issue writs of habeas corpus, mandamus, injunction, certiorari, sequestration, attachment, garnishment, and all writs necessary to enforce their juris-

Most district courts exercise both criminal and civil jurisdiction, but in the metropolitan areas there is a tendency for the courts to specialize in either civil, criminal, or family law cases. In some instances, the courts that hear criminal cases exclusively are designated criminal district courts. A limited number of district courts also have the subject-matter jurisdiction normally exercised by county courts.

Appeals from judgments of the district courts are to the Courts of Appeals, except those capital offense cases in which the death penalty has been assessed, which are appealed directly to the Court of Criminal Appeals.

At the county seat of each county 3. SEATS: included in each respective geographical district.

4. MEMBERSHIP:

a. Number: One judge per court.

b. Selection: Partisan, district-wide elections. Vacancies between elections are filled by gubernatorial appointment with the advice and consent of the Senate.

- c. Qualifications: Citizen of the United States and of Texas; resident of the district for two years; licensed to practice law in Texas and a practicing lawyer or judge for four years.
- d. Salaries paid by the State:

Effective 9-1-85......\$56,135 Effective 9-1-88.....\$57,257 Supplements authorized by statute may be paid by counties. Total salary must be \$1,000 less than that received by justices of the Courts of Appeals serving the same geographical area.

e. Term: Four years.

"CONSTITUTIONAL" COUNTY COURTS

1. NUMBER OF COURTS: 254.

2. JURISDICTION:

a. Legal jurisdiction: The Texas Constitution establishes one county court in each of the 254 counties of the State, but not all such courts exercise judicial functions. In populous counties, the "county judge" may devote full time to the administration of county government.

An amendment effective November 1985 repealed all expressed constitutional jurisdiction for the county courts and provides that they have jurisdiction "as provided by law."

By statute (Sec. 26.042, Government Code), constitutional county courts have juvenile jurisdiction and concurrent civil jurisdiction with justice of the peace courts in cases in which the matter in controversy exceeds \$200 but does not exceed \$2,500, exclusive of interest. County courts have the general jurisdiction of a probate court (Sec. 4, Probate Code), and they have exclusive original jurisdiction of misdemeanors where the fine allowed exceeds \$200 or where a jail sentence may be imposed (Sec. 26.045, Government Code).

Decisions from the municipal and justice of the peace courts may be appealed to the county court, and the appeal takes the form of a completely new trial (trial de novo). Appeals from municipal courts of record are an exception, where the county court reviews only the written record from the trial. Original and appellate judgments of the county court may be appealed to the Court of Appeals, with certain limitations.

In addition to these general grants statutory jurisdiction, many constitutional county courts are granted additional jurisdiction by statutory provisions which apply only to those courts (see Secs. 26.101 to 26.354, Government Code).

- b. Geographical jurisdiction: County-wide.
- 3. SEATS: County seat of county of jurisdiction.

4. MEMBERSHIP:

- a. Number: One judge per court.
- b. Selection: County-wide, partisan election with vacancies between elections filled by county commissioners.
- c. Qualifications: "Shall be well informed in the law of the State." (Law license unnecessary.)
- d. Salaries: Paid entirely by the county. Highly variable. e. Term: Four years.

NOTE: The commissioners court is not a judicial entity; rather it is the governing body of the county. It is presided over by the constitutional county judge and includes four elected commissioners. Although it performs no judicial duties. the commissioners court can issue certain writs and contempt citations.

STATUTORY COUNTY COURTS

1. NUMBER OF COURTS: 166.

2. JURISDICTION:

- a. Legal jurisdiction: Under the constitutional provision which authorizes the Legislature to establish such other courts as it may deem necessary and to prescribe the jurisdiction of such courts, the Legislature has established 166 statutory county courts in 68 counties, primarily in metropolitan areas, to relieve the constitutional county judge of all or part of his judicial duties. (Twelve additional courts have been authorized by the Legislature, but not yet made operational by the county commissioners courts.) The legal jurisdiction of the special county courts varies considerably according to the statute under which they are created. Some of these courts are intended to exercise subject-matter jurisdiction in only limited fields, such as civil, criminal, probate or appellate (from justice courts or municipal courts). The concurrent civil jurisdiction of these statutory county courts with the district court extends to greater amounts in controversy than the constitutional county courts.
- b. Geographical jurisdiction: County-wide.
- 3. SEATS: County seat of county of jurisdiction.

4. MEMBERSHIP:

- a. Number: One judge per court.
- b. Selection: County-wide, partisan election with vacancies between elections filed by county commissioners.
- c. Qualifications: Vary according to courtcreation statute. Some include two to five years' experience as practicing attorney and requirement of residence in county.

- d. Salaries: Paid entirely by the county. Highly variable.
- e. Term: Four years.

JUSTICE OF THE PEACE COURTS

- NUMBER OF ACTIVE COURTS: 913.
- 2. JURISDICTION: The Texas Constitution provides that each county is to be divided (depending upon the population) into at least one, and not more than eight justice precincts. In each such precinct, one justice of the peace is to be elected, provided that if the precinct includes a city of 18,000 or more inhabitants, two justices of the peace are to be elected from such precinct.

Justice of the peace courts have original jurisdiction in misdemeanor criminal cases when punishment is by fine only. They have exclusive jurisdiction over civil cases where the amount in controversy is \$200 or less and concurrent jurisdiction with both the county and district courts when the amount is at least \$200 but less than \$2,500. By statute, they are granted jurisdiction over forcible entry and detainer actions.

A justice of the peace may issue warrants of search and arrest, conduct preliminary hearings, serve as ex officio notary public, perform marriages, and serve as coroner in counties where there is no provision for a medical examiner. The justice court also functions as a small claims court.

- 3. SEATS: Determined by county commissioners.
- 4. MEMBERSHIP:
 - a. Number: One judge per court.
 - b. Selection: Partisan elections by voters of respective precincts.
 - c. Qualifications: No specific statutory or constitutional provisions apply.
 - d. Salaries: Paid entirely by the county. Highly variable.
 - e. Term: Four years.

MUNICIPAL COURTS

1. NUMBER OF CITIES WITH ACTIVE COURTS: 855.

2. JURISDICTION: By a general statute, the Legislature has created a municipal court in each of the incorporated cities of the State. Presently, municipal courts are operating in approximately 855 cities and towns. Metropolitan cities usually have more than one municipal court.

These courts do not have civil jurisdiction, but they have original and exclusive jurisdiction over violation of city ordinances. Ordinance violations involving litter, fire safety, zoning, public health, and sanitation, are punishable by fines only, up to a maximum of \$2,000. Punishment for violation of other types of city ordinances is limited to fines only, not to exceed \$200. The municipal courts also have concurrent jurisdiction with justice of the peace courts in misdemeanor cases resulting from violations of state laws within the city limits (predominately traffic offenses) when punishment is limited to fines only of \$200 or less. Municipal judges also serve as magistrates of the State.

Generally, municipal courts are not courts of record, and appeals from them are by trial de novo in the county court, county court at law or district court. The legislature has authorized cities to establish their municipal courts as courts of record, and appeals from these courts are on the record made therein.

- 3. SEATS: Determined by the city or town.
- 4. MEMBERSHIP:
 - a. Number: Generally, one court per municipality and one judge per court. Statutes allow some city governing bodies to establish more than one court and/or more than one judge per court.

b. Selection: Elected or appointed by the governing body of the city as provided by

city charter or ordinance.

c. Qualifications: Determined by the governing body of the city.

- Salaries: Paid entirely by the city. Highly variable.
- Term: Most are appointed for two-year terms and serve at the will of the governing body of the city.

TEXAS JUDICIAL SYSTEM Subject-Matter Jurisdiction of the Courts September 1, 1987

INTRODUCTION

The basic structure of the present court system of Texas was established by an 1891 constitutional amendment. The arendment established the Supreme Court, which is the highest state appellate court for civil matters, and the Court of Criminal Appeals, which makes the final determination in criminal matters. There are now fourteen intermediate Courts of Appeals which, since September 1, 1981, exercise intermediate appellate jurisdiction in both civil and criminal cases. Prior to that date, these courts had jurisdiction in intermediate civil appellate cases only.

The state trial courts of general jurisdiction are the district courts, of which there are 375 as of September 1, 1987. (Ten of these courts are designated "Criminal District Courts.")

The geographical area served by each district court is established by the specific statute creating that court and does not necessarily correspond to the area served by any previously-established court. Each court has one judge, although, by constitutional amendment (S.J.R. 14) effective in November 1985, future Legislatures may provide for more than one district judge per court. The State pays the base salary of each judge and some limited expenses of the judge.

In addition to these state courts, the Texas Constitution provides for a county court in each county, presided over by the county judge. The county judge also serves as head of the county commissioners court, the governing body of the county. To relieve the docket of the single "constitutional" county court, the Legislature has established statutory county courts in 68 counties. As of September 1, 1987, there are 16 probate courts and 150 county courts at law in operation. Twelve additional courts have been authorized by the Legislature but were not effective as of September 1, 1987.

The Texas Constitution provides for not less than one nor more than 16 justices of the peace in each county. Today there are approximately 913 justice of the peace courts statewide. Since 1953, these courts have also served as small claims courts.

By statute, the Legislature has created municipal courts in each incorporated city in the State. These courts have original jurisdiction over violations of municipal ordinances and concurrent criminal jurisdiction with the justice of the peace courts over state law violations, limited to the geographical confines of the municipality. Municipal courts do not have civil jurisdiction.

Trials in the justice of the peace and most municipal courts are not of record, and appeals therefrom are by trial de novo to the county court, except in certain counties as noted later

where the appeal is to a county court at law or to a district court. When an appeal is by trial de novo, the case is tried again in the higher court, just as if the original trial had not occurred.

Jurisdiction of the various levels of courts established both by constitutional provision and by statute. Statutory jurisdiction of the courts is established by general statutes providing jurisdiction for all courts on a particular level, as well as by the statutes establishing individual courts. Thus, to determine the jurisdiction of any one particular court, recourse must be had first to the Constitution, second to the general statutes establishing jurisdiction for that level of court, third to the specific statute authorizing the establishment of the particular court in question, fourth to statutes creating other courts in the same county (whose jurisdictional provisions may affect the court in question), and fifth to statutes dealing with specific subject matters (such as the Family Code, which requires, for example, that judges who are lawyers hear appeals from actions by non-lawyer judges in juvenile cases.)

The State provides full funding for the Supreme Court, the Court of Criminal Appeals, and the Court of Appeals located in Austin. It provides a base salary for the appellate and district judges of Texas. Most counties supplement this base salary for district and Court of Appeals judges. Counties pay the costs of "constitutional" county courts, county courts at law, justice of the peace courts, and the operating costs of district courts except for the base salary of the judge. The cities finance the operation of municipal courts.

Senate Bill 1 of the 69th Legislature, Second Called Session, the general appropriations act, appropriated \$61.8 million for the operations of the Texas judiciary — including the Judicial Retirement System — in fiscal year 1987. This represents only 0.33 of one percent of the \$18.1 billion total state budget for fiscal year 1987.

APPELLATE COURTS

The appellate courts of the Texas Judicial System are: (1) the Supreme Court, which is the highest state appellate court for civil and juvenile cases; (2) the Court of Criminal Appeals, which is the highest state appellate court for criminal cases; and (3) the 14 Courts of Appeals, which are the intermediate appellate courts for both civil and criminal appeals from the trial-level courts.

Appellate courts do not try cases, have jurors, or hear witnesses. Rather, they review actions and decisions of the lower courts on

questions of law or allegations of procedural error. In carrying out this review, the appellate courts are usually restricted to the evidence and exhibits presented in the trial court.

The Supreme Court

The Supreme Court of Texas was first established by the Constitution of the Republic of Texas, which vested the judicial power of the Republic in "...one Supreme Court and such inferior courts as the Congress may establish." This Court was re-established by each successive constitution adopted throughout the course of Texas history. The various constitutions and amendments thereto, however, provided for different numbers of judges to sit on the Court and different methods for the selection of the judges. Constitution of 1845 provided that the Supreme Court consist of a Chief Justice and two associate justices. The Constitution of 1866 provided for five justices, and the Constitution of 1869 reverted to a three-judge court; the Constitution of 1873 increased the number to five, and the Constitution of 1876 again reduced the membership to three. To aid the three justices in disposing of the ever increasing workload, the Legislature created two "Commissions of Appeals," each to consist of three judges appointed by the Supreme This system, begun in 1920, continued until the adoption of the constitutional amendment of 1945 which abolished the two Commissions of Appeals and increased the number of justices on the Supreme Court to nine, the present number.

A constitutional amendment adopted in 1980 provides:

The Suprema Court shall exercise the judicial power of the state except as otherwise provided in this Constitution. Its jurisdiction shall be co-extensive with the limits of the State and its determinations shall be final except in criminal law matters. Its appellate jurisdiction shall be final and shall extend to all cases except in criminal law matters and as otherwise provided in this Constitution or by law.

Thus, the Supreme Court of Texas has statewide final appellate jurisdiction in most civil and juvenile cases. The Supreme Court is empowered to make and enforce all necessary rules of civil trial practice and procedure, evidence, and appellate procedure and to promulgate rules of administration to provide for the efficient administration of justice in the State. A constitutional amendment effective January 1, 1986, gave the Supreme Court (and the Court of Criminal Appeals) jurisdiction to answer questions of state law certified from a federal appellate court. The Supreme Court has original jurisdiction to issue writs and to conduct proceedings for the involuntary retirement or removal of judges in the State.

The Supreme Court is composed of one Chief Justice and eight justices, who are elected in partisan elections on a state-wide basis for sixyear terms of office. Vacancies between elections are filled by gubernatorial appointment with the

advice and consent of the State Senate, until the next general election. To be eligible to serve as a justice of this Court, a person must be licensed to practice law in this State, be a citizen of the United States and of the State of Texas, be at least 35 years of age, and have been a practicing lawyer, or a lawyer and judge of a court of record together, for at least ten years.

In addition to its major responsibilities of hearing oral arguments, deciding cases appealed to it, and writing opinions, the Supreme Court has many administrative duties placed upon it by the Legislature to ensure the efficient administration of justice by the Texas judicial system. These duties include: (1) promulgating the Rules of Civil Procedure for the Texas judicial system (Gov't Code §22.004); (2) promulgating rules of administration for the Texas judicial system (Gov't Code §72.024); (3) equalizing the dockets between the 14 Courts of Appeals (Gov't Code §73.001); (4) promulgating the rules of procedure for the Commission on Judicial Conduct, and disciplining or removing judges from office (Gov't Code Ch. 81); (5) supervising the operations of the State Bar of Texas and the rules and regulations for the admission, discipline, supervision, and disbarment of lawyers, and approving the law schools of the State (Gov't Code, Ch. 81); and (6) promulgating the rules for the operation of the Court Reporters Certification Board and the disciplinary rules enforced by this Board (Gov't Code §52.002). The Chief Justice has the responsibility to: (1) confer with the presiding judges of the administrative judicial regions to promote the prompt dispatch of judicial business (Gov't Code §74.001); (2) assign judges between administrative judicial districts (Gov't Code §74.002); (3) assign retired appellate justices to the various Courts of Appeals on a temporary basis (Gov't Code §73.003); (4) deliver a "State of the Judiciary" message at the commencement of each regular session of the Legislature (Gov't Code §21.004); and (5) ensure that the Supreme Court executes and implements its administrative duties and responsibilities (Gov't Code §72.006).

The Court of Criminal Appeals

To relieve the Supreme Court of some of its caseload, the Constitution of 1876 created the Court of Appeals, composed of three elected judges, with appellate jurisdiction in all criminal cases and in those civil cases tried by the county courts. The judiciary article that was created by the constitutional amendment of 1891 changed the name of this court to the Court of Criminal Appeals and limited its jurisdiction to appellate jurisdiction in criminal cases only.

A constitutional amendment adopted in 1980 provides: "The Court of Criminal Appeals shall have final appellate jurisdiction co-extensive with the limits of the State, and its determination shall be final, in all criminal cases of whatever grade, with such exceptions and under such regulations as may be provided in this Constitution or as prescribed by law." The jurisdiction of this Court extends to criminal cases heard by the intermediate Courts of Appeals and directly

from the trial courts in all cases in which the death penalty has been imposed. The Court of Criminal Appeals (and the Supreme Court) have jurisdiction to answer questions of state law certified from a federal appellate court. In addition, the Legislature has authorized the Court of Criminal Appeals to promulgate rules of evidence and appellate procedure for criminal cases.

The Court of Criminal Appeals, as originally established, was composed of three judges. As its workload increased, the Legislature granted it the authority to appoint commissioners to aid in the disposition of pending cases. The number of judges on the Court was increased to five by a constitutional amendment adopted in 1966, and was again increased to nine by another constitutional amendment adopted in 1977.

Today, the Court of Criminal Appeals consists of a Presiding Judge and eight additional judges, who must have the same qualifications, and are elected in the same manner, as the justices of the Supreme Court.

The Courts of Appeals

The first intermediate appellate court in Texas was created by the Constitution of 1876, which created a Court of Appeals with appellate jurisdiction in all criminal cases and in all civil cases originating in the county courts. However, by 1891, the docket of the Supreme Court had become so crowded that it became apparent that other changes were necessary to expedite the disposition of appellate cases. Thus, the amendment of 1891 converted the Court of Appeals into the Court of Criminal Appeals and authorized the Legislature to establish intermediate Courts of Civil Appeals located at various places throughout the State. The purpose of this amendment was to preclude the large quantity of civil litigation from further congesting the docket of the Supreme Court, while at the same time providing for a more convenient and less expensive system of intermediate appellate courts for civil cases. Under this authority, the Legislature has divided the state into 14 Court of Appeals Districts and has established a Court of Appeals in each.

Courts of Appeals are now located in the following cities: Amarillo, Austin, Beaumont, Corpus Christi, Dallas, Eastland, El Paso, Fort Worth, Houston (two courts), San Antonio, Texarkana, Tyler, and Waco.

Each Court of Appeals has jurisdiction of appeals from the trial courts located in its respective district. The appeals heard in these courts are based upon the "record" (a written transcription of the testimony given, exhibits introduced, and the documents filed in the trial court) and the written and oral arguments of the appellate lawyers. The Courts of Appeals do not receive testimony or hear witnesses in considering the cases on appeal.

Each of the Courts of Appeals has at least three judges — a chief justice and two other justices. However, the Legislature is empowered to increase this number whenever the workload of an individual court requires additional judges. Presently, the Dallas Court of Appeals has 13 justices, the two courts located in Houston (the First and the Fourteenth) each have nine justices, the courts located in Fort Worth and San Antonio each have seven, the courts located in Austin and Corpus Christi each have six, the courts located in El Paso and Amarillo each have four, and the remaining courts each retain the constitutional minimum number of three. Presently there are 80 judges serving on the 14 intermediate Courts of Appeals.

Judges of these courts are elected in partisan elections for six-year terms of office by the voters in their own districts. They must have the same qualifications for office as the justices of the Supreme Court of Texas.

TRIAL COURTS

The trial courts are those courts in which witnesses are heard, testimony is received, exhibits are offered into evidence, and a verdict is rendered. In a civil case, the verdict determines which party to the lawsuit prevails; in a criminal case, the verdict determines whether the defendant is guilty or not guilty of the crime alleged. In all cases, the parties have the right to a trial by a jury of either six or twelve local citizens. Except in capital murder cases, the parties have the right to waive a trial by jury and have the judge presiding over the case make the final determination. Generally, determinations made in the trial courts can be appealed to the appellate courts for review.

The trial court structure in Texas has several different levels, each level handling different types of cases. The state trial court of general jurisdiction is known as the district court. The county-level courts consist of the "constitutional" county courts, the "statutory" county courts, and the "statutory" probate courts. In addition, there are the municipal courts, located in each incorporated city of the State, and the justice of the peace courts, located in precincts of each county of the State.

District-Level Courts

The district courts are the primary trial courts in Texas, the successor to the common law nisi prius courts. The Constitution of the Republic provided for not less than three nor more than eight district courts, each having a judge elected by a joint ballot of both houses of Congress for a term of four years. Most constitutions of the State continued the district courts but provided that the judges were to be elected by the qualified voters. The exceptions were the Constitutions of 1845 and 1861 which provided for the appointment of judges by the Governor with confirmation by the Senate. All of the constitu-tions have provided that the judges of these courts must be chosen from defined districts (as opposed to state-wide election) and that court proceedings be conducted at the county seat of each county.

District courts are courts of general jurisdiction. The constitutional amendment (S.J.R. 14) adopted effective in November 1985 amends art. V, sec. 8 of the Texas Constitution, in pertinent part, as follows:

District Court jurisdiction consists of exclusive, appellate, and original jurisdiction of all actions, proceedings, and remedies, except in cases where exclusive, appellate, or original jurisdiction may be conferred by this Constitution or other law on some other court, tribunal, or administrative body.

This provision, while it extends a district court's potential jurisdiction to "all actions," also makes such jurisdiction relative in that the court's jurisdiction excludes any matters in which exclusive, appellate, or original jurisdiction is conferred by law upon some other court. For this reason, while one can speak of the "general" jurisdiction of a district court, the actual jurisdiction of any specific court will always be limited by the constitutional or statutory provisions which confer exclusive, original, or appellate jurisdiction on other courts serving the same county or counties.

Taking into account the various constitutional and statutory provisions which confer general jurisdiction on other levels of court, it can be said that district courts generally have the following jurisdiction: original jurisdiction in all criminal cases of the grade of felony, and misdemeanors involving official misconduct; cases of divorce; suits for title to land or enforcement of liens on land: contested elections: suits for slander or defamation; suits in behalf of the state for escheat; and all civil matters wherein the amount in controversy is \$200 or more. In those counties having statutory county courts at law, the district courts generally have exclusive jurisdiction in civil cases wherein the amount in controversy is \$5,000 or more and concurrent jurisdiction with the statutory county courts at law in cases where the amount in controversy exceeds \$200 but is less than \$5,000. Legislature has, however, tended to increase the concurrent jurisdictional amounts of individual county courts at law above the \$5,000 general limit.

The district courts hear contested matters involved in probate cases and have general supervisory control over commissioners courts. In addition, district courts have the power to issue writs of habeas corpus, mandamus, injunction, certiorari, sequestration, attachment, garnishment, and all writs necessary to enforce their jurisdiction.

Appeals from judgments of the district courts are to the C of Appeals having jurisdiction over the loc the district court.

As of -1, 1987, the Legislature had established 's separate district-level courts, identified by separate numbers, each having its own judge elected by the voters of the judicial district. In a number of locations, the geographical jurisdiction of two or more district courts is overlapping.

The 1985 constitutional amendment (S.J.R. 14) established a Judicial Districts Board to reapportion Texas Judicial Districts, subject to legislative approval. The same amendment also allows for more than one judge per judicial district.

Most district courts exercise both criminal and civil jurisdiction, but in the metropolitan areas there is a tendency for the courts to specialize in either civil, criminal, or family law matters. In some localities, the courts that exercise criminal jurisdiction exclusively are designated criminal district courts. A limited number of district courts also exercise the subject-matter jurisdiction normally exercised by county courts.

Specialized Jurisdiction

The Supreme Court has repeatedly held that the Legislature cannot reduce the constitutional jurisdiction of a district court. Lord v. Clayton, 163 Tex. 62, 352 S.W.2d 718 (1961); Ex Parte Richards, 137 Tex. 520, 155 S.W.2d 597 (1941); Reasonover v. Reasonover, 122 Tex. 512, 58 S.W. 2d 817 (1933); St. Louis S. W. Ry. v. Hall, 98 Tex. 480, 85 S.W. 786 (1905). Accord, Zamora v. State, 508 S.W.2d 819 (Tex. Crim. App. 1974). See also, Ward v. State, 523 S.W.2d 681, 682 (Tex. Crim. App. 1975); Castro v. State, 124 Tex. Crim. 13, 60 S.W.2d 211 (1933); and dissenting opinion in Ex Parte Bazemore, 430 S.W.2d 205 (Tex. Crim. App. 1968).

In St. Louis S.W. Ry. v. Hall, the Supreme Court stated the rule as follows: "If the Legislature did enough to bring into active existence a district court, it was at once clothed with the powers conferred by the Constitution upon such courts, and any attempts in the act to unduly limit those powers must be treated as futile." 85 S.W.2d at 788. In Lord v. Clayton, the Supreme Court held that, although the statute creating the 136th District Court of Jefferson County purportedly limited its jurisdiction to civil cases only, and other legislation purported to give exclusive jurisdiction in criminal cases to the Criminal District Court of Jefferson County, the 136th Court was nevertheless a constitutional district court with full power to impanel a grand jury, receive an indictment, and try the accused.

A new facet has been added to this jurisdictional issue by the 1985 amendment of art. V. sec. 8 of the Constitution which now grants the district courts jurisdiction over all matters "except in cases where...jurisdiction may be conferred by this constitution or other law on some other court...".

Although the Legislature has not been able to divest a regular district court of any of its constitutional jurisdiction, the Legislature may, under its constitutional authority to create "other courts" (Tex. Const. art. V, sec. 1) establish special "district-level" courts with limited jurisdiction. See Jordan v. Crudgington, 231 S.W.2d 641 (Tex. 1950) (regarding the Court of Domestic Relations of Potter County); Ex Parte Richards, 137 Tex. 520, 155 S.W.2d 597 (1941) (regarding the Criminal District Court of Willacy County).

One "Criminal District Court" was created with jurisdiction limited to criminal, divorce, dependent and neglected children, adoption, and civil habeas corpus proceedings:

As will be noted later, most special "Criminal District Courts" have jurisdiction concurrent with county-level courts in criminal matters.

While the courts have ruled that the Legislature may not limit the jurisdiction of regular district courts, the statutes frequently express the intention that certain district courts give primary attention to only a portion of those matters over which they have jurisdiction.

The 65th Legislature in 1977 converted all functioning domestic relations and special juvenile courts to district courts of general jurisdiction. However, these courts are to have primary responsibility for cases involving family law matters. There are now 32 such courts:

One court is directed by statute to give first preference to family law cases and second preference to criminal cases:

As of September 1, 1987, 150 statutory county courts at law and 16 probate courts had been created, largely in metropolitan areas. Eight additional courts have been authorized by the Legislature but have not yet been made operational by the county commissioners courts. While the jurisdiction of these courts is generally carved out of that given to the "constitutional" county courts, the statutes specify in a few instances that certain jurisdiction normally in the district court is to be exercised concurrently by the county court at law and the district court.

One county court at law is given concurrent civil jurisdiction with the district courts only in specified family law matters:

```

Seven county courts at law have concurrent jurisdiction with the district court in specified family law matters and civil cases when the matter in controversy does not exceed \$10,000:

A wide variety of statutory changes have been made blurring the line between district court jurisdiction and county court jurisdiction.

In six counties, all civil and criminal jurisdiction of the county court, except probate, has been transferred to the district court:

All civil jurisdiction of the county court has been transferred to the district court in one

county, and the district court has concurrent jurisdiction of county court criminal cases:

Eastland (91st District Court) 28

All civil and criminal jurisdiction of the county court, except for probate matters and the jurisdiction to receive guilty pleas in misdemeanor cases, has been transferred to the district court in six counties:

In another county, all civil and criminal jurisdiction of the county court, except in probate matters, has been transferred to the district court, and the two levels of courts have been granted concurrent jurisdiction to receive guilty pleas in misdemeanor cases:

Marion (115th, 276th District Courts) 30

In another county, all civil cases, except those involving probate matters, and all criminal cases appealed from the justice and municipal courts have been transferred to the district court, and the county and district courts have concurrent jurisdiction in cases in which the county court would have had original criminal jurisdiction:

Red River (102nd District Court) 31

All civil jurisdiction of the county court, except in probate matters, has been transferred to the district court in six counties:

Rather than transfer jurisdiction absolutely from the county court to the district court, the Legislature in several instances has given both the district-level and the county courts concurrent jurisdiction in certain matters.

Twenty-one district-level courts have concurrent criminal jurisdiction with the county court in matters normally in the county court:

The statute creating one criminal district court provides that it shall have concurrent jurisdiction with the county courts at law in the county in matters of county court criminal jurisdiction:

In one county, the district court has concurrent jurisdiction with the county court in all matters except probate:

Upshur (115th District Court) 35

In five counties, the district and county courts have concurrent jurisdiction in all civil and criminal matters normally vested solely in the county court:

In one county, if the county judge is licensed to practice law in Texas and has practiced for at least two years, the jurisdiction of the constitutional county court is expanded to include (concurrent with district court) family law cases, eminent domain, and civil matters when the amount in controversy does not exceed \$20,000:

County-Level Courts

The county courts were established by the Constitution of 1836. They were presided over by a chief justice, who was appointed by the Congress of the Republic of Texas for a term of four years. This continued from 1836 to 1841, when the office was made elective. The term was shortened to two years in the Constitutions of 1845 and 1861. Under the Constitution of 1866, the name of the presiding officer of the court was changed from chief justice to county judge, and the term of office was again established at four years.

The county court was abolished by the Constitution of 1869, but was re-established by the Constitution of 1876 with an elected presiding officer, the county judge, with a two-year term. The term of office was increased to four years by

a constitutional amendment adopted in 1954.

Today, the Texas Constitution provides for a county court in each county. Generally, "constitutional" county courts have concurrent jurisdiction with justice of the peace courts in civil cases where the amount in controversy is \$200 or more, and less than \$2,500; general jurisdiction over probate cases; and exclusive original jurisdiction over all misdemeanors where punishment for the offense, upon conviction, is by fine exceeding \$200, or where a jail sentence not to exceed two years may be imposed. However, the county courts do not have criminal jurisdiction where a criminal district court exists unless expressly authorized by statute (Tex. Const., art. V, sec. 16). County courts generally have appellate jurisdiction (usually by trial $\frac{de \ novo}{j}$ over cases tried originally in the justice of the peace and municipal courts.

Original and appellate judgments of the county courts may be appealed to the Courts of Appeals. The Constitution provides that the county judge "shall be well informed in the law of the State ... " This has been interpreted to mean that neither formal study of the law nor a license to practice law is a necessary qualification to hold office as county judge. Presently, of the 254 county judges in the State, approximately one-

fourth are licensed to practice law.

Under its constitutional authorization to "...establish such other courts as it may deem necessary...[and to] conform the jurisdiction of the district and other inferior courts thereto," the Legislature has created statutory county courts, primarily in metropolitan counties, to provide assistance to the single "constitutional" county court. The Legislature has authorized a total of 178 of these statutory courts in 68 counties to relieve the county judge of some or all of the judicial duties of office. September 1, 1987, 166 of these courts were in actual operation. (See list below.)

Under the constitutional grant of authority the Legislature has established the following statutory county courts (the number of statutory courts in each county is shown in parentheses):

The judges of these statutory courts are elected in county-wide, partisan elections for four-year terms. Any vacancies occurring between elections are filled by appointment of the county commissioners. The statutes creating these courts uniformly require that the persons serving as judges must be licensed to practice law in Texas.

The legal jurisdiction of the special county courts varies considerably and is determined by the specific statute that establishes the particular court. As the varied names suggest, some of these courts have subject-matter jurisdiction in only limited fields, such as civil, criminal, probate, or appellate (from justice courts or municipal courts); however, even the specialized name does not always disclose the complete function of the court. The concurrent civil jurisdiction of the county courts at law with the district courts extends to a higher dollar amount in controversy than for "constitutional" county corets, but to determine the exact jurisdiction of any one of the courts, it is necessary to review the specific statute that established it.

In general, county courts at law have concurrent jurisdiction with district courts in civil matters where the amount in controversy is at least \$200 and not more than \$5,000. Many of such courts, however, have had had higher maximum jurisdictional amounts established by statute. (See above for specific examples.) Other jurisdiction of a county court at law is, broadly speaking, either carved out of the "constitutional" county court's regular jurisdiction or shared with it (concurrent).

The jurisdiction of county courts at law and their relation to the "constitutional" county courts take many forms. In the creation of two county courts at law, all civil, criminal, and probate jurisdiction of the county court was transferred to the county court at law:

County Court at Law of Nacogdoches County. \$26.274 County Court at Law of Reeves County

In one county, all civil, criminal, and probate jurisdiction of the county court is transferred to the county court at law but, if the county judge is an attorney, the county court exercises concurrent jurisdiction in all matters over which county courts have jurisdiction If the county judge is not an generally. attorney, the county court exercises concurrent jurisdiction only in probate and mental health

County Court at Law of Bastrop County

In the creation of 40 county courts at law, all civil and criminal jurisdiction of the county court was transferred to the county court at law and it was provided that the courts would have concurrent jurisdiction in probate matters:

Two county courts at law exercise concurrent jurisdiction with the district court in all civil and criminal matters that had earlier been transferred from the county court to the district court. The county court at law and county court have concurrent probate jurisdiction:

The Legislature provided, in the creation of two county courts at law, that all civil and criminal jurisdiction of the county court, except probate, was transferred to the county court at law, and that the judge of the county court at law could "act for" the constitutional county judge in probate matters:

Similarly, another county court at law was transferred all civil and criminal jurisdiction of the county court, except probate, and the county court at law is instructed to give preference to criminal cases:

For six county courts at law, all civil and criminal jurisdiction of the county court, except probate, was transferred to the county court at law:

Two county courts at law were transferred all civil and criminal jurisdiction of the county court, except probate, and the county courts at law were instructed to give preference to criminal matters and appeals de novo from municipal and justice courts:

In one county, concurrent jurisdiction may be exercised by the "constitutional" county court and the county court at law in all matters except civil cases, over which the county court at law has exclusive jurisdiction. The county court at law may exercise probate and mental health jurisdiction only when the county judge is absent or unable to handle proceedings in those matters:

One county court at law has concurrent jurisdiction with the county court in all matters except mental health cases, over which the county court retains exclusive jurisdiction:

In four counties, the probate jurisdiction of the county court has been vested in specialized probate courts. The statutes creating ten of these probate courts provide that they are to have concurrent probate jurisdiction only with the "constitutional" county court:

^{1.} Effective 1-1-88 or such earlier date as may be determined by the county commissioners.

^{2.} Effective 1-1-92 or such earlier date as may be determined by the county commissioners.
4. Effective 1-1-89 or such earlier date as may be determined by the county commissioners.

Six county courts at law have concurrent jurisdiction in criminal matters, and have sole jurisdiction of appeals from justice of the peace and municipal courts:

Justice of the Peace Courts

53

The position of justice of the peace was established by the Constitution of the Republic which provided for a "convenient number of Justices of the Peace" to be elected by the qualified voters of each county, for terms of two years. This office has been retained in all subsequent constitutions, although the jurisdiction of these courts has been severely restricted in later constitutions.

The justice of the peace is important in the capacity as a committing magistrate, with the authority to issue warrants for the apprehension and arrest of persons charged with the commission of public offenses, both felonies and misdemeanors. As a magistrate, the justice of the peace may hold preliminary hearings, reduce testimony to writing, discharge the accused, or remand the accused to jail and fix bail. In addition, the justice of the peace serves as the coroner in those counties where there is no provision for a medical examiner, serves as an ex officio notary public, and may perform marriage ceremonies.

As amended in November 1983, the Texas Constitution provides that each county is to be divided into at least one, and not more than eight, justice precincts, in each of which is to be elected a justice of the peace. If the

55

precinct includes a city of 18,000 or more inhabitants, an additional justice of the peace is authorized. Approximately 913 justice of the peace courts are in operation today.

Justices of the peace are elected by the voters of the respective precincts of the county in partisan elections for four-year terms of office. There are no constitutional or statutory qualifications to hold this office and only about seven percent of the justices of the peace in the State are lawyers.

Justice of the peace courts have original jurisdiction in misdemeanor criminal cases where punishment upon conviction may be by fine only. These courts generally have exclusive jurisdiction of civil matters when the amount in controversy does not exceed \$200, and concurrent jurisdiction with the county courts when the amount in controversy is from \$200 to \$2,500. By statute, they are given jurisdiction over forcible entry and detainer cases. The justice of the peace courts also function as small claims courts. Trials in justice of the peace courts are not of record. Appeals from these courts are upon trial de novo in the county court, the county court at law, or the district court.

In 37 counties, the county court, by special statute, has been given concurrent civil jurisdiction with justices of the peace in that county:

Municipal Courts

56

Under its constitutional authority to create "...such other courts as may be provided by law,"

the Texas Legislature has created municipal courts in each incorporated city of the State.

Presently, municipal courts are operating in approximately 855 cities. Metropolitan cities usually have more than one municipal court. These courts have neither civil nor appellate jurisdiction, but do have original and exclusive jurisdiction over violations of city ordinances. ordinances are generally punishable by fines up to \$200, but fines of up to \$2,000 may be provided for violation of ordinances relating to fire safety, zoning, public health, and sanitation. The municipal courts also have concurrent jurisdiction with justice courts in misdemeanor cases resulting from violations of state laws occurring within the city limits, when punishment upon conviction may be by fine only, not to exceed \$200.

Municipal judges also serve as magistrates of the State. In this capacity, the municipal judge has authority to issue warrants for the apprehension and arrest of persons charged with the commission of public offenses, both felonies and misdemeanors. As a magistrate, the municipal judge may issue search and arrest warrants, hold preliminary hearings, reduce testimony to writing, discharge an accused, or remand the accused to jail and fix bail.

Trials in the municipal courts, generally, are not of record, and appeals go to the county court, the county court at law, or the district court upon trial de novo.

Under the authority of special and general legislation, several municipal courts operate as "courts of record".

In the courts of record, a formal record and transcript is made of the proceedings in the trial and appeals of these cases are made on the record perfected in the municipal courts. Such appeals are generally heard in the county court or county court at law, but the Legislature has authorized the City of El Paso to create a municipal court of appeals to hear appeals from that city's municipal courts. The statutes creating these municipal courts of record uniformly require the judge to be licensed to practice law in this State. No such provision is required of the other municipal judges, and of the approximately 1,176 municipal judges in this State, about 43 percent presently are licensed as attorneys.

Selection and terms of office of municipal court judges vary from city to city. While in a few cities, municipal judges are elected at city elections, the vast number are appointed by the governing body of the city. Terms of office range from two years to an indefinite term—at the will of the governing body.

Section 74.042, Government Code, establishes nine administrative judicial regions in the State for administrative purposes. An active or retired district judge or an active or retired appellate judge with judicial experience in a district court serves as the Presiding Judge in each such region, upon appointment by the Governor.

The duties of a presiding judge include promulgation of regional rules of administration, advising local judges on caseflow management, recommending to the Supreme Court regional changes necessary for the improvement of judicial administration, acting for local administration, acting for local administrative judges who do not perform their duties, and implementing administrative rules adopted by the Supreme Court.

The Presiding Judge convenes an annual conference of the district and statutory county court judges in the administrative region to consult on the state of business in the courts.

This conference is empowered to adopt rules for the administration of cases in the region. The Presiding Judge may assign active and senior district judges and active, retired or former county court statutory judges residing within the administrative region to courts within the region. The Presiding Judge of one administrative region may request the Presiding Judge of another region to assign a judge from that region to sit in a court located in the administrative region of the Presiding Judge making the request.

The Chief Justice of the Supreme Court convenes an annual conference of the nine Presiding Judges to determine the need for assignment of judges and to promote the uniform administration of the assignment of judges. The Chief Justice is empowered to assign judges of one administrative region for service in another whenever such assignments are necessary for the prompt and efficient administration of justice.

^{1.} Appointed effective 12-2-86 to replace George M. Thurmond whose term expired.

ANNUAL SUPPLEMENTAL COMPENSATION

Chapter 31 of the Texas Government Code authorizes the counties in each Court of Appeals District to pay each justice of the Court of Appeals for that district a sum not to exceed \$15,000 per year for judicial and administrative services rendered. This compensation is in addition to the salary paid by the State. Art. 6813b, Sec. 3, V.T.C.S., limits the total salary for a justice of a Court of Appeals to a combined sum from state and county sources of \$1,000 less than the state salary paid to a justice of the Supreme Court. This same provision limits the chief justices of the Courts of Appeals to receive a combined salary of \$500 less than the state salary paid to justices of

the Supreme Court. As of Septemb r 1, 1987, the annual state salary paid to a justice of the Supreme Court was \$78,795.

Various sections of Chapter 32, Gov't. Code, authorize the state salaries of some district court judges to be supplemented from county funds. The 1988-1989 General Appropriations Act, Art IV, Page 30, "Judiciary—Special Provisions," Sec. 2, limits the total salary of district judges to \$1,000 less than the combined yearly salary from state and county sources received by justices of the Courts of Appeals in whose district the district court is located.

JUDICIAL BRANCH: REPORTS AND DEVELOPMENTS

REPORTS OF JUDICIAL AGENCIES

Texas Judicial Council

The Texas Judicial Council was established in 1929 by Article 2328a, V.T.C.S., to make a "...continuous study of and report upon the organization, rules, procedure and practice of the judicial system of the State of Texas, the work accomplished and the results produced by that system and its various parts and methods of its improvement." To enable it to fulfill these functions, the Council maintains statistics on docket activity of the courts of the state; conducts studies on methods to improve the administration of justice; formulates methods of simplifying judicial procedures; and submits recommendations of the Council to the Governor, the Legislature, and the Supreme Court.

Three meetings of the Texas Judicial Council were held during Fiscal Year 1987 -- on September 12 and December 12, 1986 and March 27, 1987.

Former Article 2328a, now Chapter 71 of the Government Code, provides for the following specific duties of the Council:

- continuously study the organization, rules, procedures and practice, work accomplished, results, and uniformity of the discretionary powers of the state courts and methods for their improvement;
- (2) receive and consider advice from judges, public officials, members of the Bar, and citizens concerning remedies for faults in the administration of justice.
- (3) design methods for simplifying judicial procedure, expediting the transaction of judicial business, and correcting faults in or improving the administration of justice;
- (4) file a complete detailed report with the Governor and the Supreme Court before December 2 of each year on Council activities, information from the Council's study, and Council recommendations; and a supplemental report on Council activities, findings, or recommendations at a time it considers advisable;
- (5) investigate and report on any matters concerning the administration of justice that the Supreme Court or the Legislature refers to the Council;
- (., gather judicial statistics and other pertinent information from the several state judges and other court officials of this state; and
- (7) meet at least once in each calendar year and at other times as ordered by the Council or under its authority.

MEMBERSHIP OF THE COUNCIL

Council membership is composed of: (1) the Chief Justice of the Supreme Court and the Presiding Judge of the Court of Criminal Appeals, or their designees from among the membership of their respective courts; (2) two justices of the Courts of Appeals designated by the Governor; (3) two presiding judges of the administrative judicial regions selected by the Governor; (4) the chairman and immediate past chairman of the House Judiciary Committee and of the Senate Jurisprudence Committee; (5) seven members of the bar appointed by the Governor; and (6) two non-lawyer citizens, one of whom must be a journalist, each appointed by the Governor.

Hon. Joe Spurlock, II, Justice of the 2nd Court of Appeals in Fort Worth, served as President of the Judicial Council beginning in September, 1986. Before being appointed to the Court of Appeals in 1983, Justice Spurlock served as district judge of the 231st Judicial District in Fort Worth, Tarrant County, from 1977 to 1983 and prior to that service, was a member of the Texas House of Representatives and Counsel to Governor Dolph Briscoe.

Other officers of the Council during Fiscal Year 1987 were Hon. John L. Hill, Jr., Chief Justice of the Supreme Court, Vice President; and Hon. John F. Onion Jr., Presiding Judge of the Court of Criminal Anneals, Secretary

Court of Criminal Appeals, Secretary.

Legislative members of the Council are: Supreme Court Justice Oscar H. Mauzy, former State Senator and immediate past chairman of the Senate Jurisprudence Committee; State Senator Kent Caperton, current chairman of the Senate Jurisprudence Committee; State Representative Mike Toomey, chairman of the House Judiciary Committee; and Representative James Hury, designee of the Speaker of the House of Representatives in place of the immediate past chairman of the House Judiciary Committee.

Members from the Courts of Appeals serving during 1987 were: Justice Spurlock, and Justice Sam Bass, 1st Court of Appeals, Houston. On September 22, 1987, Justice Bill Stephens of the 5th Court of Appeals in Dallas was appointed to replace Justice Bass.

The two Presiding Judges of the Administrative Judicial Regions who served as members were: Charles J. Murray, Presiding Judge of the 8th Administrative Judicial Region, Fort Worth, and Ray L. McKim, former Presiding Judge of the 7th Administrative Judicial Region, Odessa. On December 10, 1987, Judge McKim was replaced by Judge Thomas J. Stovall, Presiding Judge of the 2nd Administrative Region, Seabrook.

Attorney members were: John L. McCraw, Jr., Justice of the 5th Court of Appeals (Dallas), McKinney; L. E. Frazier, Houston; Mark Martin, Dallas; Charles W. Barrow, Waco; Alan McNeill, Beaumont; Robert O. Smith, Austin; and Curt F.

Steib, San Angelo. Judge Ward L. Koehler, 168th Judicial District, El Paso, replaced Charles W. Barrow on September 22, 1987.

Lay members of the Council are: Bill Hartman, Rosenberg and Gene McLaughlin, Ralls.

APPEAL OF TRAFFIC CASES

The Council considered the problem of duplicitous use of judicial resources resulting from the trial de novo procedure for the appeal of traffic cases. The present procedure in traffic cases allow a defendant to mail to the justice of the peace or municipal court judge a guilty or nolo contendre plea along with an appeal bond. This results in the case by-passing that level of court and backlogging the county courts. Not only is this inefficient, but it is also expensive, in that clerical processing of the case occurs at both court levels.

One possible solution considered was legislation similar to Senate Bill 1277 of the 69th Legislature. This bill would not allow a defendant to appeal a judgment of a justice or a municipal court if the defendant entered a plea of guilty or nole contrendre in that court. The bill would require the defendant to take some action to contest the charge at the lower court level.

This bill would not eliminate the trial de novo procedure. Discussion by members of the Council raised the point that the bill might not accomplish the desired purpose because it would require the state to present its case in the lower court but allow the defendant to rest and present no evidence, resulting in a waste of court time at the justice or municipal court level.

Discussion was also had on the use of courts of record at the justice or municipal level to reduce the number of cases appealed. It was noted that in 1987, 12 cities had municipal courts of record and that appeals from those courts to the county level courts have declined dramatically. The problems noted with the courts of record are (1) they require special legislation and (2) they are expensive for a city to implement, due to the costs of providing a court reporter for proceedings in the municipal courts. However, with the modern technology now being developed for recording of court proceedings by audiotape and other technologically advanced means, this objection might be met by the use of such equipment in many cities. The Committee pointed out that if enabling legislation is enacted, the economics of a court of record could be determned on an individual basis by the governing body of each city.

With these considerations in mind, the Council endorsed the concept of legislation to allow any city in the state to create municipal courts of record with mandatory lawyer-judges, at the option of the governing body of the city, with appeals from such courts being on the record made in that court.

COURTS OF INQUIRY

The Council endorsed again a bill from the 69th Legislature which would amend the provisions of Chapter 52, Code of Criminal Procedure, regarding courts of inquiry. These amendments would limit the institution of a court of inquiry

by district courts exclusively. It would also require the filing of a sworn affidavit by the judge finding that good cause exists, that an offense has been committed. The bill also requires the local district or county attorney to assist in courts of inquiry and establishes a method of payment of fees if an attorney is appointed.

SIMULTANEOUS SERVICE AS JUSTICE OF THE PEACE AND MUNICIPAL COURT JUDGE

Recent Attorney General's Opinion JM-422 was noted by the Council. The opinion holds that the doctrine of incompatibility prevents a person from serving as a justice of the peace and a municipal judge at the same time. The opinion has implications for approximately 115 persons who simultaneously serve as a justice of the peace and a municipal court judge.

ALTERNATIVE DISPUTE RESOLUTION

The Council's study involved two types of Alternative Dispute Resolution mechanisms: (1) Divorce Mediation and (2) Arbitration. Divorce Mediation is currently used in several counties in Texas. To improve these procedures, the Council recommended the following:

- (1) Amend the Family Code to allow the court to refer cases involving disputes over child custody and/or child support to mediation on the motion of a party or on the court's own motion;
- (2) Amend the Family Code to provide that if a case involving custody or visitation is referred to mediation, the mediator shall have the power to mediate any issues necessary to the resolution of the custody/visitation issue;
- (3) Amend the Family Code to provide that the mediator owes the duty of confidentiality to the parties, and that all files, records, and proceedings relating to the mediation process should remain confidential, and should be inadmissable in any subsequent legal proceeding unless otherwise agreed to by the parties;
- (4) Amend the Family Code to establish professional qualifications for mediators. (In this regard, consideration should be given to guidelines prepared by the Alternative Dispute Resolution Legislative Task Force.);
- (5) Amend the Family Code to allow a court to divide the expenses of private mediation between the parties and to set the fees for public mediation;
- (6) Amend the Family Code to provide that if the mediation process is unsuccessful, the mediator shall return the case to court; and
- (7) Amend Article 5142a-1, Vernon's Texas Civil Statutes, to provide that domestic

relations offices may provide divorce mediation services as provided under the Family Code;

Court-Annexed Arbitration is used in other states for the resolution of many civil disputes. The Council made the following recommendations on Court-Annexed Arbitration:

- (1) That the Legislature adopt enabling legislation to specify requisites for court-annexed arbitration plans and that the Supreme Court promulgate rules providing for a uniform system of arbitration, and practices and procedures to be followed;
- (2) That adoption of a court-annexed arbitration plan should be at the discretion of individual counties or courts and that counties and/or courts should be empowered to develop specific programs to meet their particular needs and capabilities;
- (3) That judges be allowed to assign civil suits to non-binding, court-annexed arbitration under certain specified guidelines (such as controversies in the amount of \$15,000 or less, exclusive of costs and attorney fees), or on the motion of any party;
- (4) That parties to arbitration be allowed to have a trial de novo if dissatisfied with the arbitration decision, with costs and attorney fees taxable to the

- appealing party if the trial award is less favorable to that party than the arbitration award;
- (5) That courts give consideration to those cases that have participated in the court-annexed plan when setting cases for trial; and
- (6) That all files, records and proceedings relating to the arbitration process be confidential and inadmissable in any subsequent legal proceeding unless otherwise agreed to by the parties.

COMPENSATION OF SENIOR JUDGES ON ASSIGNMENT

The Council reviewed Senate Bill 248 and House Bill 1016 of the 70th Legislative Session, which would compensate a retired judge who is sitting on assignment in an amount equal to the compensation received from all state and county sources by the judge of the court to which he is assigned, in addition to the judge's retirement It was noted that some feel that when benefits. an assigned judge's retirement pay is subtracted from the salary of the regular judge, the retired judge is not fairly compensated for his services as an assigned visiting judge. The observation was made that the bills would require considerable additional expenditures by the state to sustain the current level of assignment of retired judges.

The Council voted to authorize a study of Senate Bill 248, including the compensation of retired and former judges who are assigned as visiting judges, but did not endorse the enactment of legislation changing the method of compensation.

Office of Court Administration

The Office of Court Administration of the Texas Judicial System was established in 1977 by Article 2328b, V.T.C.S. (now Chapter 72, Tex. Gov't Code). The agency operates under the direction and supervision of the Supreme Court of Texas and is charged by this statute with the implementation of the provisions of the act and of any rules of administration promulgated by the Supreme Court for the efficient administration of justice in this State. The statute specifically provides for the following duties to be performed by the Office of Court Administration:

- assist the justices and judges in discharging their administrative duties;
- (2) consult with the administrative judges and assist them in discharging duties imposed by law or by a rule adopted by the Supreme Court;
- (3) recommend to the Supreme Court appropriate means to implement the act;
- (4) examine the judicial dockets, practices, and procedures of the courts and the administrative and business methods or

systems used in the office of a clerk of a court or in an office related to and serving a court and recommend necessary improvements to a method or system; a form or other document used to record judicial business; or any other change that will promote the efficient administration of justice;

- (5) prepare and submit an estimated budget for the appropriation of funds necessary for the maintenance and operation of the judicial system, and study and recommend expenditures of funds appropriated for the maintenance and operation of the judicial system;
- (6) consult with and assist court clerks; other court officers or employees; and clerks or other officers or employees of offices related to and serving a court to provide for the efficient administration of justice;
- (7) consult with and make recommendations to administrators and coordinators of the

courts to provide for uniform administration of the courts and efficient administration of justice;

- (8) implement rules of administration or other rules adopted by the Supreme Court for the efficient administration of justice;
- (9) perform such additional duties as may be assigned by the Supreme Court and by the Chief Justice; and
- (10) prepare an annual report of the activities of the Office to be published in the Annual Report of the Texas Judicial Council.

The statute also directs the Office of Court Administration to provide the necessary staff functions for the efficient operation of the Texas Judicial Council.

Chapter 72, Tex. Gov't Code provides that it shall be a duty of the Administrative Director of the courts to prepare and submit budget estimates of state appr riations necessary for the maintenance and operation of the judicial system. Under this authority, the Supreme Court established the Judicial Budget Board and the Chief Justice appointed the 19 members of the Board. The Office of Court Administration was directed to provide the necessary administrative support for the effective operation of this new Board.

Chapter 74, Tex. Gov't Code establishes nine administrative judicial regions in the state. It authorizes the governor to designate one of the district judges, active or retired, residing in each administrative judicial region to serve as presiding judge of the region and created the Council of Presiding Judges to be chaired by the Chief Justice of the Supreme Court. The Chief Justice has designated the state Office of Court of Administration as the Secretariat of this Council of Presiding Judges and directed the Office of Court Administration to provide the necessary administrative support for this Council. When sitting in supervision of the Title IV-D Masters program under Section 21.007, Government Code, the presiding judges comprise the Board of Regional Judges for the Title IV-D Account.

Under the authority granted to it by Section 72.011 of the Government Code, the Supreme Court has also directed the Office of Court Administration to provide the necessary staff functions for the orderly operations of the Judicial Districts Board, the Child Support Guidelines Advisory Committee, the Judicial Education Executive Committee, the Committee on the Code of Judicial Conduct, and the Task Force on the Court Administration Act.

STATISTICAL REPORTING SYSTEMS

Under the authority of Section 71.035, Tex. Gov't Code, which provides for the reporting $\hat{\textbf{r}}$ court activity and other information pertaining to

the amount and character of the business transacted by the courts, the Office receives approximately 2,500 reports each month from the courts of the State. These reports are checked for accuracy and any necessary corrections are made. The information is then entered into a computerized data system. This provides ready access to the current status of the dockets of the courts throughout the state on a county-by-county basis and allows this Office to respond to numerous requests for this type of information which are received each year.

The monthly reports are submitted on official forms developed in consultation with advisory committees of local court officials. These include a six-page report for the activities of the Courts of Appeals, an eight-page report for the district courts, a five-page report for county-level courts, and two-page reports for the justice of the peace and municipal courts. Annual reports on court activities are received from the Supreme Court and the Court of Criminal Appeals.

ADMINISTRATIVE JUDICIAL REGIONS REPORTS

From the statistics reported to the Office, a monthly summary of district and county court activity is compiled for each of the nine administrative judicial regions of the state. These reports are provided to the presiding judges of the administrative judicial regions to provide the judges with current district and county court statistical caseload data on all counties within their administrative judicial regions and to aid in the effective and efficient administration of justice within their individual regions.

QUARTERLY DOCKET ACTIVITY REPORT ON TRIAL COURTS

Beginning in 1983, the Office of Court Administration developed a quarterly report on the state of the dockets of the 375 district courts and 412 county-level courts of the state.

These docket activity reports are compiled from the monthly reports submitted by the district and county clerks. In October, 1987, a docket activity report for the entire fiscal year of 1987 was prepared and sent to all local administrative judges, district and county clerks, presiding judges of the administrative judicial regions and their administrative assistants, and other interested parties.

EQUALIZATION OF COURTS OF APPEALS DOCKETS

The Supreme Court is responsible for equalizing the dockets of the Courts of Appeals (Section 73.001, Tex. Gov't Code). To assist the Court in this docket equalization, this Office also maintains a monthly reporting system on the activity of the Courts of Appeals.

From the case data supplied by the Courts of Appeals, the Office prepares a monthly summary of the docket status of each Court of Appeals. The Supreme Court uses the Court of Appeals docket report to determine the transfer of cases between Courts of Appeals.

During fiscal year 1987 (which ended August 31, 1987), a total of 60 cases, 26 civil and 34 criminal, were transferred from the 5th Court of Appeals in Dallas to the 12th Court in Tyler.

ANNUAL REPORT ON THE TEXAS JUDICIAL SYSTEM

As provided by law, the Fifty-eighth Annual Report of the Texas Judicial Council and the Tenth Annual Report of the Office of Court Administration were published as a single report in March, 1987. This was the third report prepared on the state fiscal year basis. This 584-page report included data on and analysis of court activity at all levels of courts in the State of Texas for the fiscal year ending August 31, 1986. Approximately 23,000 monthly reports on court activity were compiled and validated during the year to produce the data in the Annual Report.

The Annual Report also contained information on the variances in subject-matter jurisdiction of Texas trial courts; a thorough, descriptive analysis of the judicial system; and a comprehensive directory of judges, clerks, and other persons employed by the Texas Judicial System. Information on the assignments of visiting judges by presiding judges of the nine Administrative Judicial Regions was also included.

Approximately 2000 copies of this Report were distributed to all judges and clerks, members of the Legislature, state and federal agencies, criminal justice planning units, local officials, and libraries.

LEGISLATIVE SERVICES

The Office continued its normal liaison duties with committees and members of the 70th Legislature by providing information on the Texas Judicial System.

The staff worked closely with the staffs of various legislative committees which have responsibilities involving the judicial branch and prepared the reports of various judicial boards and agencies for submission to the 70th Legislature, including the drafting of bills to implement the recommendations included in the reports.

STATE BUDGET ESTIMATES FOR THE JUDICIARY

The act establishing the Office of Court Administration directs the Office, under the direction and supervision of the Chief Justice of the Supreme Court, to prepare and submit to the Legislature budget estimates of state appropriations necessary for the maintenance and operation of the judicial branch of government.

In fulfilling this responsibility for the 69th Legislature, the Chief Justice appointed a Judicial Budget Board to develop a comprehensive budget for the operation of the judicial system of the state. This Board is continuing its work in preparing coordinated budget requests for the 70th Legislature. At the direction of the Chief Justice, the staff of the Office of Court Administration has served as Secretariat to the Board to coordinate the preparation of budget requests by the various courts and judicial agencies. Staff members personally conferred with district judges; personnel and justices of each of the Courts of

Appeals, the Supreme Court and the Court of Criminal Appeals; and the statewide judicial agencies to provide technical assistance in the preparation of their budget requests.

TECHNICAL ASSISTANCE TO APPELLATE COURTS

The Office of Court Administration provides continuous support for the automated case management, accounting and payroll systems in use by 14 of the 16 appellate courts. For example, in December, 1986, and again in July, 1937, the Office met with the clerks of the courts of appeals and designed a number of updates to the automated caseflow management systems of their offices. These new programs enable the clerks to easily generate a great deal of statistical information for their own management purposes.

The accounting personnel of this Office provide continuous training and technical assistance to the appellate courts in the daily use of these systems. In addition, this Office continues to assist in the preparation of the Annual Financial Reports for each of the 16 appellate courts.

TECHNICAL ASSISTANCE TO TRIAL COURTS

The Office of Court Administration has developed manual and automated caseflow management systems for use by the trial courts of the state. These systems are designed to provide each trial judge with the necessary management information on cases currently on his docket to properly manage the flow of cases through his court. The present monthly reporting system, which has been developed over the years by the Texas Judicial Council and the state Office of Court Administration, is designed to capture historical information-that is, information primarily concerning cases which have been disposed of by the court. Historical information is invaluable and needed for long range planning, in that it identifies the need for additional courts or the realignment of current judicial districts, the substantial increase or substantial decrease in particular categories of cases filed in the trial courts of this state, and other information which is necessary for the proper planning for the future needs of the judiciary.

On the other hand, the caseflow management systems now under development are designed to allow the individual trial judge to monitor the flow of cases through his or her court and to ensure the timely and consistent setting of events in the progression of each case in the court.

The manual system is designed to be used by courts having small numbers of cases filed--less than 600-700 per year--while the automated system can best be utilized by courts having a greater number of filings.

The automated system has been programmed using dBase III language which is one of the most commonly used languages for this type of program and is designed to operate on a common configuration of any number of popular "P.C." computer systems. The Office of Court Administration data processing staff has reviewed this automated equipment and identified the hardware presently on the market which would accommodate the caseflow management system program. They then priced this

type of equipment which is available on the Austin market. The result of this research indicated that the necessary automated equipment for a trial court can be purchased for approximately \$2,400 to a maximum of \$5,000, depending upon the number of cases filed in the court each year and the degree of sophistication desired by each individual judge.

The manual and automated civil caseflow management systems have been requested by courts in 172 counties. The civil and criminal caseflow management systems are virtually complete and out in the field. A family law automated caseflow management system is being developed and field tested, as are automated systems for the offices of clerks. This Office is maintaining contact with these courts to provide updates and enhancements to the systems as the need for modification arises.

SEMINARS ON CASEFLOW HANAGEMENT SYSTEMS

To introduce the caseflow management system, both manual and automated, to trial judges and trial court personnel, the state Office of Court Administration is conducting a series of one day seminars. Participants at these seminars have included "teams" of judges, district and county clerks, court coordinators, data processing personnel, and other trial court personnel from a geographical cross-section of the state including both urban and rural counties. These seminars will continue until all who wish to attend one have an opportunity to do so. During the year, 26 seminars were held with a total attendance of 431 persons, from a total of 153 individual counties. Persons attending have included 73 trial judges, 189 district or county clerks cr their deputies, 109 court coordinators, 31 data processing personnel, and 28 other individuals assigned court duties. Those attending these seminars were not reimbursed for their expenses by this Office. Some were able to obtain reimbursement from their counties while others personally paid for their expenses.

A manual on the caseflow management system is used as the principal teaching tool during each of these seminars. In addition, during each seminar, computer terminals are used to provide each participant with "hands-on" experience with the automated caseflow management system.

The Office has also presented the caseflow management systems to approximately 140 court officials and personnel at two professional association meetings.

JUDICIAL AND COURT PERSONNEL TRAINING FUND

House Bill 309, Section 3, of the 69th Legislature (Regular Session) 1985, established the Judicial and Court Personnel Training Fund to be administered by the Supreme Court. The Supreme Court, by Rules of Judicial Education, dated August 31, 1985, created the Judicial Education Executive Committee to administer the fund and named the Office of Court Administration as Secretariat to provide the required personnel and administer resources necessary to implement the Supreme Court Orders.

The program grants continuing judicial education funds to statewide professional associations

of judges and other entities whose purpose includes continuing legal education courses, programs, and projects for judges and court personnel. The grantees of such funds must ensure that sufficient funds are available for each judge to meet the minimum educational requirements. No more than one-third of the funds appropriated may be expended for each of the following classifications of judges: Judges of Appellate Courts, District Courts, County Courts at Law, and County Courts performing judicial functions; Justices of the Peace; and Judges of Municipal Courts.

The Judicial Education Executive Committee was created by the Supreme Court to receive recommendations from advisory committees, make recommendations concerning judicial education, and to review and make recommendations concerning grant applications to the Supreme Court. committee also receives and acts upon requests by judges for waivers of the judicial education requirements.

The members of the Judicial Education Executive Committee during 1987 were: Hon. Raul A. Gonzalez, Justice of the Supreme Court, as Chairman of the Committee; Hon. Charles F. (Chuck) Campbell, Judge, Court of Criminal Appeals; Hon. Robert A. Gammage, Justice, 3rd Court of Appeals; Hon. Richard N. Countiss, Justice, 7th Court of Appeals; Hon. Peter S. Solito, Judge, 164th Judicial District; Hon. Max Sandlin, Judge, Harrison County; Hon. Hilda Tagle, Judge, Nueces County Court at Law No. 3; Hon. Jack Richburg, Justice of the Peace, Dallas County; and Hon. Kitty Schild, Judge, City of El Paso.

The Office of Court Administration, in its

capacity as Secretariat to the Judicial Education Executive Committee, performs the necessary functions to accomplish the purposes of the programs.

Some of these functions are:

- 1. Process and review grant applications.
- 2. Review requests for grants and disburse grant funds.
- 3. Monitor and evaluate grantee compliance, including review of periodic financial and progress reports.
- 4. Conduct semi-annual on-site audits of grantee financial records, internal controls and goal achievements.
- Provide informational content for meetings of the Judicial Education Executive Committee.
- 6. Perform other duties as assigned by the Judicial Education Executive Committee and the Supreme Court.

For the year ended August 31, 1987, the Supreme Court awarded grants to the following grantees for the amounts indicated:

Texas Center for the Judiciary, Inc. \$ 630,500 Texas Municipal Courts Association 630,500 Justices of the Peace and Constables Association of Texas, Inc. 630,431

> TOTAL \$1,891,431

These funds have provided training for 4,605 judges and court personnel during the year ending August 31, 1987.

JUDICIAL DISTRICTS BOARD

The adoption of Senate Joint Resolution 14 as a constitutional amendment by the voters in November, 1985, established the Judicial Districts Board. The provisions of this constitutional amendment were implemented by Senate Bill 290, 69th Legislature, Regular Session (1985), now Secs. 24.941-24.954, Government Code. Judicial Districts Board is composed of the Chief Justice, who serves as Chairman, the Presiding Judge of the Court of Criminal Appeals, the Presiding Judges of the nine Administrative Judicial Regions, the President of the Texas Judicial Council, and one lawyer to be appointed by the Governor. (This appointment is still pending.) Because no provisions were made to provide a staff or administrative support for this Board, the Supreme Court directed the state Office of Court Administration to provide those functions for the Board.

The Judicial Districts Board held meetings on February 28th, July 12th, and September 23rd, 1986. The Office of Court Administration developed extensive research materials to assist the Board. A resource book was prepared on the docket condition of each county in the state, including the court activity of both district and

county level courts in each county.

After extensive review of reports of caseload activity of each county and each judicial district in the state, examination of geographical distances within the judicial districts, and the availability and use of visiting active, former and senior district judges, the Board made several findings and recommendations as a report on the condition of the district courts in each administrative judicial region, which were submitted to the Lieutenant Governor and Speaker of the House for consideration by the 70th Legislature.

REVISED DISTRICT AND COUNTY CLERKS' PROCEDURAL MANUALS

The Office updated, edited, and published complete 1987 editions of both the district clerks procedural manual and the county clerks procedural manual. These manuals cover the various duties, responsibilities and procedures of the offices of the trial court clerks in Texas.

The original manual was published in 1972 as a district and county clerks manual combined in one volume. Since 1980, with the addition of a sample form section, district and county clerk manuals have been printed separately. With publication of the 1984 edition, revision of the two manuals came under the auspices of the state Office of Court Administration.

The completely revised 1987 editions were compiled with the assistance of a committee of the county and district clerks association. Copies of the manuals, prepared for insertion in 3 ring binders were provided to all clerks offices in the state.

OTHER PUBLICATIONS

A revised, updated version of the offices' popular handbook of Provisions Relating to Judicial Service, Retirement and Conduct was prepared for publication in early 1988. This revision includes the latest amendments to the Code of Judicial Conduct, Opinions of the Committee on Judicial Ethics, and changes in statutory law made by the regular and called sessions of the 70th Legislature. It will be distributed to all judges in the state as a compendium of constitutional, statutory, rule, and secondary sources of provisions governing the service, retirement and conduct of Texas judges at all levels.

An up-to-date Directory of Texas Judicial Officials was also published in August 1987. This directory contains names, addresses and telephone numbers of appellate an trial court judges and clerks in the state as well as district and county attorneys and the federal courts with jurisdiction in Texas. The directory was widely distributed to courts and other judicial officials.

CHILD SUPPORT GUIDELINES

Pursuant to Section 14.05, Tex. Family Code, the Supreme Court is directed to adopt guidelines to compute an equitable amount of child support to guide the courts of the state in determining the amounts of child support.

After the Texas Supreme Court rescinded its prior child support guidelines, effective June 1, 1986, and withdrawn on July 16, 1986, an initial steering committee was convened by Justice C. L. Ray, Liaison of the court for guidelines in August 1986. This committee began the groundwork for what ultimately became the child support guidelines advisory committee. Over the next few months the committee grew to include all elements of the legal community and the public interested The final in child support guidelines. composition of the committee included 25 judicial officers -- 1 Supreme Court Justice, 2 intermediate appellate court judges, 16 district judges, two of whom were also certified family law specialists, 1 county court at law judge, and 5 court masters. Also included were 64 practicing lawyers, at least 34 of whom were certified family law specialists, and 3 of whom were former district judges: 2 law professors: and 19 lay persons representing a wide variety of interested people and organized groups.

The Office of Court Administration provided secretariat support for meetings of the Committee and drafting assistance for the guidelines. Committee meetings were held on September 6, November 1, November 22, 1986, and January 17, 1987. The final form of the committees recommendations was forwarded to the court on

January 23, 1987.

CHILD SUPPORT AND COURT MANAGEMENT ACCOUNT

Section 21.007 of the Texas Government Code established the Child Support and Court Management Account. The purpose of this account was to fund child support enforcement in Texas to comply with Title IV-D of the federal Social Security Act.

The presiding judges of the nine administrative judicial regions administered the account in accordance with the statute. In this capacity, the presiding judges met as the Board of Presiding Judges for Title IV-D Account during fiscal year 1987 to establish policies for the expenditure of funds and to approve proposed expenditures.

A special appropriations bill, incorporated into House Bill 27, Second Called Session of the 69th Legislature, provided funding for the Child Support and Court Management Account. The bill required that \$1.2 million from the judicial fund be transferred to the Child Support and Court Management Account. This \$1.2 million appropriation was allocated as follows:

Child Support Account \$ 1,020,000 Presiding Judges' Expenses . . . 120,000 Office of Court Administration . 60,000

TOTAL \$ 1,200,000

As fiscal year 1987 was the first year of operation of this new program, the first months were spent developing procedures to be initiated to operate the program, interviewing and employing Title IV-D masters and court reporters, executing contracts with various counties, and attending to the other necessary administrative procedures in the implementation of these new programs.

The newly authorized State Board of Regional Judges held nine meetings during the period of January 1987 through August, 1987 on Title IV-D matters. These meetings were held on January 23, February 17, March 26, April 10, May 22, June 12, July 10, August 14, and August 29. Also attending these meetings were representatives from the Attorney General's Office and the state Comptroller's Office. The state Office of Court Administration provided the necessary secretariat services for these meetings.

The first masters and court reporters for these programs were employed during the month of May, while others assumed their duties in June and July of 1987. Of the \$1,020,000 allocated to the Child Support Account, \$112,500 was designated for payment of the IV-D masters' and court reporters' salaries and benefits for the months of May through August, 1987. The remaining \$907,500 was designated to the nine judicial regions for court management purposes.

The presiding judges agreed unanimously that the grant policy to distribute the \$907,500 in the Court Management Fund would be:

- all available funds would be maintained as a single source and administered by the entire board; and
- (2) all grant applications would be considered and acted upon by the entire hoard.

In July, 1987, adjustments to estimates of Masters' expenses for the fiscal year made an additional \$13,500 available for court management grants. With these extra funds, the amount available for court management for the fiscal year totaled \$921,000.

By August 31, 1987, a total of \$896,357 in grants had been paid. The balance remaining in the account was \$24,643.

The \$120,000 which was allocated by House Bill 27 for Presiding Judges expenses was allocated equally between each of the nine administrative judicial regions. Under this program, each presiding judge was allotted \$13,333.33 for expenses; however, after transfer of funds between regions by the Board, the allotment for expenses varied from a low of \$9,091.51 for the Eighth Judicial Region to a high of \$15,964.71 for the First Judicial Region.

Senate Bill 26, Second Called Session of the 69th Legislature, gave the presiding judges the responsibility of determining where masters were necessary in their regions, and in employing the masters and court reporters. The masters were paid pursuant to a contract between the Attorney General's Office and the host county selected from among those counties in which the master served. Although the masters were considered county employees, their salaries and benefits were paid by grant money from the Attorney General's Office through this interagency contract.

The number of masters in the judicial regions varied from one in the Second, Third, Sixth, and Eighth Regions to two in the Fifth, Seventh, and Ninth Judicial Regions, three in the Fourth Judicial Region, and four in the First Judicial Region. As of August 31, 1987 \$62,660.11 was expended in masters' salaries and benefits.

The Office of Court Administration was budgeted \$60,000 for this child support enforcement project in fiscal year 1987. The only funds expended were \$19,301.10 to purchase computer equipment and software to develop an automated system to support the child support enforcement responsibilities of the presiding judges, Title IV-D masters, and the individual trial courts. It is anticipated that this system will enable the presiding judges to communicate child support enforcement information between their offices and the trial courts in their regions.

SUPPORT TO OTHER AGENCIES

The Office continues to provide information on the Judicial Branch of Government and court activities to many other state agencies and professional organizations whose work requires a knowledge of the working of the judiciary and to many individual citizens. It maintains contact with the state court administrative offices of other states and with the American Judicature Society, the National Center for State Courts, and other national organizations, to keep abreast of new developments in the administration of justice in other states and to provide them with information on the Texas Judicial System.

MEETINGS, CONFERENCES, AND SEMINARS SPONSORED

During the period from September 1, 1986 through August 31, 1987, forty-one (41) meetings for which the Office of Court Administration provided the necessary administrative support, scheduling and notices, prepared the necessary legal research for topics considered at these meetings, and in some cases provided travel and other expense funds were held:

OFFICE OF COURT ADMINISTRATION

C. Raymond Judice Administrative Director

1414 Colorado Street, Suite 602 P.O. Box 12066, Capitol Station Austin, Texas 78711-2066 512/463-1625

State Commission on Judicial Conduct:

(Report prepared and submitted by Robert C. Flowers, Executive Director.)

Role of the Commission

The State Commission on Judicial Conduct (hereinafter called Commission) exercises jurisdiction over more than 3,000 judges and judicial officers in Texas. Such jurisdiction includes appellate judges, district judges, county judges, justices of the peace, municipal judges, masters, magistrates, and retired and former judges who are available for assignment as visiting judges.

In exercising its jurisdiction, the Commission's objectives are threefold:

*to preserve the integrity of all judges in the state;

*to ensure public confidence in the judiciary; and

*to encourage judges to maintain high standards of both professional and personal conduct. The Commission, in Fiscal Year 1987, disposed of 515 complaints, a 25.3 per cent increase over the 411 complaints disposed of in Fiscal Year 1986. However, complaints received also increased dramatically, from 440 in Fiscal Year 1986 to 565 in Fiscal Year 1987, a 28.4 per cent increase. In disposing of the complaints, a variety of sanctions were employed ranging from public reprimands to private admonitions. Overall, corrective action or sanctions resulted in 12.82 per cent of all cases in Fiscal Year 1987 as compared to 14 per cent of all cases in 1986.

Authority for Operation of the Commission

The Texas Constitution, Article V, Section 1-a, and the Texas Government Code, Chapter 33, Texas Revised Civil Statutes, are the sources of authority under which the Commission operates.

In 1965 the people of Texas approved the Constitutional amendment that first created the

Commission, known at that time as the Judicial Qualifications Commission. Texas was the second state to perceive the need of an agency to which the public could turn in the event of judicial misconduct. Now, every state in the union has a judicial disciplinary agency.

Through the past two decades, additional Constitutional amendments have changed the name of the Commission, expanded its jurisdiction and enlarged its powers.

Under the provisions of the Constitution and the statute currently in operation, the Commission may dismiss a complaint or may order a public or private admonition, warning, reprimand, or may require the judge to obtain additional training or education. A judge may be required to undergo physical or psychiatric examination. Further, a judge charged with a felony criminal offense or a misdemeanor involving misconduct in office may be suspended with or without pay. The Commission may seek the removal or censure of a judge through formal proceedings which, essentially, amount to a public trial. Subpoena power is provided to enable the Commission to carry out its work.

Delineated as cause for sanction of a judge is willful or persistent conduct that is clearly inconsistent with the proper performance of duties or casts public discredit upon the judiciary or the administration of justice. Improper conduct includes, but is not limited to:

- Failure to execute the business of the court in a timely manner;
- Willfull violation of a provision of the Texas Penal Code:
- Willful violation of a provision of the Code of Judicial Conduct;
- Persistent or willful violation of the Rules of the Supreme Court of Texas; and
- Incompetence in the performance of the duties of office.

The Commission does not have the authority to change the decision of any court or to act as an appellate review board. The Commission does not give legal advice or issue advisory opinions. The Commission does not sanction judges who act in good faith in reaching a legal decision, making findings of fact, or applying the law as the judge understands it. However, whether or not the judge acted in good faith is a factual issue subject to Commission judgment.

Emphasized in both the Constitution and the statute is a requirement for confidentiality concerning the work of the Commission, which is based upon the Commission's mandate to uphold the public's confidence in the judiciary. In fact, the United States Supreme Court articulated the rationale for maintaining confidentiality during the judicial conduct review process in Landmark Communication, Inc., v. Virginia, 435 U.S. 829, when it stated:

"First, confidentiality is thought to encourage the filing of complaints and the willing participation of relevant witnesses by providing protection against possible retaliation or recrimination. [footnote retaliation or recrimination. omitted]. Second, at least until the time when the meritorious can be separated from frivolous complaints, confidentiality of the proceedings protects judges from the injury which might result from publication of unexamined and unwarranted complaints. And finally, it is argued, confidence in the judiciary as an institution is maintained by avoiding premature announcement of groundless claims of judicial misconduct or disability since it can be assumed that some frivolous complaints will made against judicial officers who rarely can satisfy all contending litigants."

Examples of Proper Conduct

- A judge entered a judgement in a divorce case and the complainant alleged that the property division and custody was unfair and not justified by the evidence.
- 2. A judge granted a default judgment for the plaintiff which the defendant challenged as being improper because the defendant "... was only 15 minutes late for trial."
- 3. A judge refused to enter judgment in a suit for return of security deposit when the judge learned that the defendant apartment complex had filed for bankruptcy listing the plaintiff's claim in the bankruptcy proceeding.
- 4. A complainant objected that a judge refused to admit into evidence a Department of Human Services investigative report on alleged child abuse.
- 5. A judge refused to discuss the merits of a case with a litigant over the phone and later refused to return the litigant's phone calls.
- 6. A complainant alleged that the judge "... denied me my constitutional rights" and, "...failed to accord due process" in a criminal trial, but the complainant could provide no specifics.
- A complainant alleged that the judge showed favoritism by repeatedly appointing the same attorneys in criminal cases.
- A judge refused to disqualify or recuse himself in a case in which the judge's campaign chairman was the attorney for one of the parties.
- 9. A judge presided over a case where one of the litigants was a friend of the judge and was also a substantial contributor to the judge's re-election campaign.

10. A judge excluded the public from a "criminal" proceeding involving a juvenile.

Examples of Improper Conduct

- A judge filed an amicus curiae brief in a case pending in another court at the request of an attorney involved in the case.
- A judge provided the prosecutor with a jury list marked by the judge to indicate the jurors who would be favorable to the prosecution.
- 3. A judge did not recuse or disqualify himself from a case concerning a motion to modify a divorce decree in which, prior to assuming the bench, the judge had been an attorney for one of the parties in the underlying divorce action. (Note that this action was based on Canon 3C(1) "Disqualification," which has since been deleted from the Code of Judicial Conduct.)
- 4. A judge permitted his staff and court officials subject to his direction and control to work on his political campaign during regular working hours of the court.
- 5. A judge failed to inform his staff and court officials subject to his direction and control that they are required to observe the same standards of fidelity and diligence that apply to him.
- In a private conversation with an attorney, a judge announced his ruling on a motion prior to the hearing on the motion.
- 7. A judge intervened in a criminal case pending in another court by a private phone conversation with the judge presiding over the case, during which conversation the calling judge made entreaties of support for the defendant on the basis of good character of the defendant's family.
- A judge discussed the merits of a case with one of the litigating attorneys out of the presence of the opposing attorney.
- 9. A judge failed to establish appropriate internal controls within his office so as to properly safeguard and account for public funds coming into the office.
- 10. A judge abused his discretion and failed to give a litigant his day in court by granting a succession of continuances without justification.
- A judge, prior to having any case filed in court, issued a "courtesy notice" advising

an individual that unless such individual settled certain alleged indebtedness with the creditor, or through the court, suit would be filed and other legal consequences incurred.

12. A judge failed to report traffic convictions to the Department of Public Safety as required by law.

<u>Procedures of the State Commission on Judicial</u> <u>Conduct*</u>

The Constitutional and statutory provisions described in the section on "Authority," together with the Rules and Regulations for Removal or Retirement of Judges promulgated by the Texas Supreme Court, make up the procedural framework within which the Commission operates.

A file is initiated by a written complaint. In order to receive information about filing a complaint, a telephone inquiry is often the first contact with a complainant. If the caller has possible grounds for a complaint, he is sent an outline of policies and procedures, together with an affidavit form. While the complaint may be sworn to, the Commission also considers letters and news clippings as the basis for opening a file. Occasionally, the Commission itself may initiate an inquiry on its own motion such as in a case where the actions of a judge are reported by the news media and appear to be possible misconduct, or appear to bring discredit upon the judiciary.

When a complaint is received, a file is established and reviewed by the executive director. The case is analyzed and assigned to a staff attorney/investigator, who likewise reviews the allegations. That preliminary screening determines if further investigation is expedient. A few complaints are in reality against law enforcement officers, corrections officials, lawyers, clerks, or even the federal judiciary. In these cases, the complainant is notified that the Commission has no jurisdiction in the matter. In other cases, the complainant may be disgruntled with a judge's decision, particularly in highly emotionally charged litigation such as divorce/custody cases or criminal trials. Such matters are properly matters for appeal. In all cases, the complainant is notified by mail that his complaint has been received. If the complaint is vague in its allegations, the complainant may be asked for more specific detail, or staff may request additional documentation.

If, after screening and preliminary investigation, further inquiry is appropriate, the judge is informed, in writing, that an investigation has commenced and of the nature of the matters being investigated. The judge may be

*It should be noted that the procedures delineated herein do not include significant statutory changes effective in Fiscal Year 1988 resulting from HB 142 and HB 1523 passed by the 70th Legislature and signed into law. Those bills provided for appellate review of Commission sanctions and opening of Commission records relating to public sanctions.

requested to respond to specific inquiries, in writing, or to provide legal authority for his/her actions. Facts may be further investigated onsite or through telephone interviews. At times, the Commission may request investigative assistance from other agencies such as the Department of Public Safety, Ranger Service, or a district attorney's office.

Each complaint is briefed by staff and presented to the Commission along with any investigative results when the Commission meets in Austin every other month. The Commission may at that time request additional investigation, or it may ask that the judge provide further information. The Commission may also dismiss the case at its first presentation, in which case the complainant is advised.

The judge may be invited to appear informally under non-adversary conditions to have dialogue with the Commission, or to explain his actions. If a judge elects to appear, the meeting with the Commission is confidential in accordance with Constitutional requirements unless the judge chooses to open the meeting. The judge may invite friends, family, or legal counsel if he wishes. If the judge wishes to introduce the testimony of others, it must, at this point, be written. The judge may testify only under oath.

In a situation where a judge is suspended because of pending criminal charges, the Commission may decide to postpone further action on the matter until after the conclusion of the criminal proceedings. At that time, the Commission would undertake its own examination of the situation. The Commission would not proceed as in the manner of a criminal case, and would not determine guilt or innocence by the evidentiary standard of beyond a reasonable doubt. Rather by using the evidentiary standard of a preponderance of the evidence, the Commission would determine whether or not the judge had brought discredit upon the judiciary by his actions or engaged in willful or persistent conduct which is clearly inconsistent with the proper performance of his duties.

The Commission may choose to dismiss a case for a variety of reasons: lack of available proof, no jurisdiction, the judge acted within his discretion, or the judge's actions did not rise to the level of judicial misconduct. Sometimes, corrective action is taken by the judge which will avoid the imposition of sanctions. Prior to the decision to dismiss, the Commission often expends considerable resources in reaching the decision.

A private admonition is the least onerous of all sanctions that may be imposed by the Commission. An admonition is a letter to the judge suggesting that a given action by him had been inappropriate or that another action may have been a better approach to the particular situation.

A private warning is stronger than an admonition, and a private reprimand is stronger still, spelling out a finding of judicial misconduct, and enumerating the reasons that such conduct is improper or brings discredit upon the judiciary or the administration of justice.

A public admonition or warning would be of the same nature as a private admonition or warning except that it would be released to the press in the interest of orderly administration of justice and/or reassuring the public that confidence of the integrity of the judiciary is deserved.

The most serious of all sanctions is the public reprimand which is issued when the Commission believes that a judge has committed serious misconduct, and both the public and the judiciary would be best served by a public statement of the judge's misconduct.

In cases of judicial discipline, the Commission considers that the purposes of sanctions are not to secure vengeance, retribution, or punishment of any individual. Rather, the purposes of sanctions are remedial—to deter any similar misconduct by judges in the future, to promote proper administration of justice, and certainly to reassure the public that the judicial system in this state neither permits nor condones misconduct. The judiciary of this state, even those sanctioned, are dedicated to the principle of government through rule of law and are deserving of continued confidence in their honor and integrity.

No sanction is issued by the Commission unless the judge involved has been advised of the nature of the allegations and has been afforded an opportunity to respond.

Should the Commission determine that formal proceedings for removal are in order, the veil of confidentiality is lifted upon the convening of a formal hearing, and such a hearing is public. A formal hearing is an adjudicative proceeding in which the judge is entitled to due process of law in the same manner as any person whose property rights are in jeopardy. The Commission would seek the appointment of a Master by the Supreme Court. After a public hearing, with the Master presiding, the Master would make findings of fact. The Commission would then dismiss, publicly censure, or forward the findings with a recommendation for The Commission considers that public removal. censure following the formal proceeding would be tantamount to denunciation of the offending judge, and thus a more severe action than the remedial sanctions which are issued prior for formal hearing. In the event of a recommendation for removal, the Supreme Court would appoint a sevenjudge tribunal made up of justices from the Courts of Appeal throughout the state. The Chief Justice of the Supreme Court chooses the tribunal by lot. Appeal from a decision of the tribunal would be directly to the Supreme Court which would consider the case under the substantial evidence rule.

Judges who are removed or involuntarily retire may be prohibited from holding judicial office in the future, and are not eligible for judicial retirement benefits.

In every case, the complainant is notified of the conclusion of his case in accordance with statutory requirements. In situations where a public sanction has been issued, the complainant is provided a copy of that public document.

Legislative Concerns of the Commission

The Commission wishes to express appreciation to the Texas Legislature and the Governor for the fact that all matters listed in the "Legislative Concerns" section of the Commission's Annual Report for Fiscal Year 1986 were addressed by the 70th Legislature with reform legislation being passed and signed into law.

During Fiscal Year 1987, the Commission encountered a number of matters involving issues which appear appropriate for legislative review and/or action. Such matters are as follows:

Reform in Law Relating to Election of Judges. Of gravest concern to the Commission is a shadow that is being cast upon the integrity and independence of the Texas judiciary as a result of the existing partisan political process for the selection of judges. [There appears to be an inherent conflict between the political and the ethical demands upon our candidates for judicial office.] The Code of Judicial Conduct requires judges to avoid the appearance of impropriety in all their activities, however, practical realities of selecting judges by the partisan political process demand that judges remain in touch with, and responsive to, the electorate. Judges who desire re-election must visit with, socialize with, solicit funds from, and stay in contact with the electorate in general, and with attorneys in particular, some of whom may practice and have cases pending in the judge's court. Appearances of impropriety result, under some circumstances and in varying degrees, from campaign contributions, from out of court contacts between the judges and litigating attorneys, and from public comments by judges on cases and issues The credibility gap, once pending litigation. existing, continues even in non-election years. Yet, the citizens right to vote for public officials is fundamental. Factors which must be balanced to remove the taint from the elective process in the judiciary (as distinct from the elective process relating to other public officials) are exceedingly complex. Certainly, the problems are beyond the authority and ability of the Commission itself to resolve. Commission recognizes that the Legislature and Governor's Office have already embarked on action to identify the problems and offer solutions through establishment of the Joint-Select Committee on the Judiciary. The Commission underscores the gravity of the Select Committees' mission. The Commission believes that we are approaching a crisis in public confidence in the Texas judiciary. Public confidence in integrity and independence of the judiciary is the sine qua non of a legitimate system.

2. Continued Judicial Service by Judges Defeated in an Election. While not commenting upon the propriety (or lack thereof) of any type of elective process for the judiciary, it is believed that a fundamental concept of any such system is that the electorate may, through the ballot box, terminate a judge's service. The Commission has observed, however, that very involved legislation passed in the 69th Session, included a statutory provision which has enabled judges who have been voted out of office to continue serving as a judge. There are a number of such judges currently hearing cases. Although it is acknowledged that most such judges may be eminently qualified and of the highest integrity. it is suggested that the will of the electorate is being circumvented. Moreover, since the defeated judge is no longer accountable to an electorate. Commission sanctions appropriate for misconduct are ineffective. Further, whether such judges hold an office from which they can be removed is debatable. Although it is clear that a number of judges who were defeated in their bids for reelection continue to serve as visiting judges (some almost full time), the change in the law which resulted in such situations are not so clear. Prior to 1985, Article 200a, Revised Civil Statutes, provided for assignment of visiting judges, and precluded a judge who had been voted out of office from serving as a visiting judge. Then, in 1985, the 69th Legislature passed the Court Administration Act (Article 200a-1) which addressed a wide range of matters relating to judicial administration, including assignment of judges. The Court Administration Act, however, dropped the language which precluded defeated judges from serving as visiting judges. The same Legislature repealed Article 200a, but codified its provisions into the Government Code. Thus, the statutory provisions excluding defeated judges, were continued in Section 74.032 of the Government Code -- apparently, in conflict with Section 4.014 and 4.015, Article 200a-1, (The Court Administration Act). Pursuant to a request from a State Senator, the Attorney General reviewed the apparent conflict and in Attorney General's Opinion No. JM-586, concluded that "A former district judge who is otherwise eligible for assignment to district courts in this state is not ineligible for assignment because the judge was defeated for re-election." Then, during the 70th Legislative session, there were further changes in the law (apparently to form only and not substance) through repeal of Article 200a-1 (The Court Administration Act) and Section 74.032 of the Government Code and recodification of those statutory enactments into Section 74.054 and 74.055 of the Government Code. Legislative attention is invited to Sections 74.054 and 74.055, Government Code, which do not preclude defeated judges from serving, as well as Attorney General's Opinion No. JM-586. The issue is not academic inasmuch as during one Commission meeting during the fiscal year, four of the twenty major items of consideration related to judges who had been defeated, but were continuing to serve.

Annual Statistical Data

The Commission, in Fiscal Year 1987, disposed of 515 complaints, a 25.3 per cent increase over

the 411 complaints disposed of in Fiscal Year 1986. However, complaints received also increased dramatically, from 440 in Fiscal Year 1986 to 565 in Fiscal Year 1987, a 28.4 per cent increase.

The Composition of the Commission

The Commission is composed of eleven individuals -- five judges appointed by the Supreme Court (an appellate judge, a district judge, a county court-at-law judge, a justice of the peace, and a municipal court judge); four non-judge, nonattorneys appointed by the Governor; and two lawyers appointed by the State Bar of Texas. All appointments are subject to Senate confirmation. Except for the positions occupied by the municipal court judge, the county court-at-law judge, and the justice of the peace, no member can be a resident of the same Supreme Judicial District as another member. Diversity of geographic origin, qualifications, and appointing authority clearly isolate the Commission as a whole from influence by political or special interest groups.

ADVISORY OPINIONS ON JUDICIAL ETHICS Rendered During the Year Ending August 31, 1987

At the request of the members of the Judicial Section of the State Bar of Texas, the Supreme Court promulgated a Code of Judicial Conduct, effective September 1, 1974. On November 9, 1976, responding to a resolution of the Judicial Section, certain amendments to the Code were adopted.

CONDITIONS OF PROBATION

Opinion No. 88 (1987)

QUESTION: Would a trial judge violate Canon 3A(1) or Canon 2A if he imposed as a term of felony probation, that a defendant remain in his home during certain hours and monitored compliance through electronic means?

ANSWER: The question posed requires a legal construction of a statute fixing the range of punishment for specific crimes. The function of the Judicial Ethics Committee is to write opinions construing the Code of Judicial Conduct as applied to given fact situations.

The Committee does not give legal opinions. Because the submitted question requires a legal interpretation of a criminal statute prior to reaching any ethical considerations, the Committee respectfully declines to answer the question.

DIRECTOR OF BANK

Opinion No. 89 (1987)

QUESTION: May an attorney who has been elected as judge of a county court at law ethically continue to be a director of a bank which has one stockholder, which stockholder is a publicly held corporation? If not, can he be an advisory director?

ANSWER: The Committee is of the opinion that he cannot ethically be a director or advisory director. As stated in our Opinion 61, for a judge to continue as a director of a bank would be contrary to the purposes of Canons 5C(1) and 5C(2), as well as Canon 2.

In our Opinion 38, the Committee was of the opinion that to accept the position of advisory director of a bank would permit a judge to do indirectly that which he cannot do directly. This same principle applies when the sole stockholder of the bank is a public corporation. Canon 5C(2) prohibits a judge from being an officer, director or manager of a "publicly owned business." It then defines a "publicly owned business" as "a business having ten or more owners." In the present case there is only one stockholder owner which is a publicly held corporation. Ordinarily, since there is only one owner of the bank, there would not be a violation of Canon 4C(2) for a judge to be an advisory director of the bank, however, since the sole owner of the bank is a publicly held corporation, there appears to be more than ten actual owners of the corporation and the bank.

A judge should neither lend the prestige of his office to advance the private interest of others (Canon 2B), nor engage in business dealings that tend to exploit his judicial position (Canon 5C(1)), and should manage his financial interests to minimize the number of cases in which he is disqualified. (Canon 5C(3)).

GOOD FAITH INTERPRETATION OF LAW

Opinion No. 90 (1987)

QUESTION: Is a judge's good faith but incorrect interpretation of the law a violation of either Canon 2A ("A judge should respect and comply with the law and should at all times conduct himself [or herself]...in a manner that promotes public confidence in the integrity and impartiality of the judiciary") or Canon 3A(1) ("A judge should be faithful to the law and maintain professional competence in it")?

PREFACE: The Committee has been advised by the judge who submitted this question that he has received a public reprimand from the State Commission on Judicial Conduct for violations of Canon 2A and 3A(1) because:

a.) that in a number of criminal cases presided over by . . . , the judge ordered a sentence to begin at a time earlier than the date on which the sentence was pronounced . . . in at least one instance, the sentence was ordered to begin even prior to the time the offense was committed.

ANSWER: The function of the Judicial Ethics Committee is to write advisory opinions in answer to questions involving potential violations of the Code of Judicial Conduct. Where a ruling on the actions of the judge has been rendered by the State Commission on Judicial Conduct, the Committee considers the request for an advisory opinion to be untimely and beyond the scope of the function of the committee.

The Committee observes that the issue of the judge's "good faith" appears to have been considered and resolved by the Commission on Judicial Conduct. The Committee respectfully declines to write an opinion on the posed question.

The Judicial Section of the State Bar of Texas has appointed a Committee on Judicial Ethics to render advisory opinions on the Code Judicial Conduct. The opinions of this committee that were handed down during state fiscal year 1987 are reproduced below.

ADVISORY DIRECTOR FOR POLITICAL SUBDIVISION

Opinion No. 91 (1987)

QUESTION: May a judge serve as an advisory director on the board of a political subdivision not located within the primary jurisdiction of the judge's court?

The following information has been furnished to the Committee. The judge would act in a non-legal capacity, receive a nominal fee to cover expenses, and attend meetings after normal working hours. There appears to be little likelihood that the political subdivision or its directors would have business-related activities in the county in which the judge was elected or appear in the judge's court.

ANSWER: The Committee is not aware of the nature of the political subdivision referred to in the posed question; however, since a political subdivision is involved, Canon 5G is applicable. Canon 5G states:

"A judge should not accept appointment to a governmental committee, commission, or other position that is concerned with issues of fact or policy on matters other than the improvement of the law, the legal system, or the administration of justice."

Based on the facts submitted to the Committee, unless the political subdivision board's responsibilities are limited to the improvement of the law, the legal system, or the administration of justice, the Committee is of the opinion that to accept such appointment would be a violation of Canon 5G.

PART-TIME JUDGE—ENDORSEMENT OF CANDIDATES

Opinion No. 92 (1987)

QUESTION: May a part-time municipal judge publicly endorse judicial or non-judicial candidates for political office?

ANSWER: Canon 2B of the Code of Judicial Conduct states that a judge should not lend the prestige of his or her office to advance the private interest of others. The Committee is of the opinion that the public endorsement of another person's candidacy necessarily involves the use of the prestige of the judge and of his other office.

Canon 8A, as amended in 1987, provides that judges of municipal courts shall comply with the Code, and Canon 8B(1) does not exempt part-time judges from Canon 2. The Committee is of the opinion that a part-time municipal judge would violate the Code of Judicial Conduct by publicly endorsing a candidate for public office.

ELECTIVE OFFICE IN YOLUNTEER FIRE DEPARTMENT

Opinion No. 93 (1987)

QUESTION: May a judge hold the elective office of Fire Chief of a volunteer fire department during his elected term as a judge?

ANSWER: Whether the judge may hold two elective offices simultaneously requires a legal opinion. The function of the Judicial Ethics Committee is to write advisory opinions involving potential violations of the Code of Judicial Conduct.

The Committee respectfully decline, to answer the question, and suggests that the judge obtain a legal opinion from the office of the Attorney General or other appropriate official.

DIRECTOR OF BANK

Opinion No. 94 (1987)

QUESTION: May a justice of the peace ethically obtain loans from a bank where he is an advisory director?

ANSWER: In Judicial Ethics Committee Opinions 37, 38, 42, 61, and 89 the Committee has stated that in its opinion a judge may not ethically serve as a director or advisory director of a bank or savings and loan association. Canon 8A of the Judicial Code of Conduct requires compliance with the Code by justices of the peace, Canon 9 provides that a person should arrange his or her affairs as soon as possible to comply with the provisions of the Code.

ADVISORY OPINIONS ON JUDICIAL ETHICS (Continued)

The question of whether an advisory director of a bank may obtain loans from that bank requires a legal opinion. The function of the Judicial Ethics Committee is to write advisory opinions involving potential violations of the Code of Judicial Conduct, and not to give legal opinions. The Committee respectfully declines to answer the question.

RESPONSE TO NEWS MEDIA INQUIRIES

Opinion No. 95 (1987)

QUESTION: May a justice of the peace respond to news media inquiries concerning inquest proceedings prior to a final ruling on the death certificate?

ANSWER: Canon 3A(8) states, "A judge shall abstain from public comment about a pending or impending proceeding in any court...." Canon 3A(8) does permit a judge to explain court procedure.

The Committee is of the opinion that a news media inquiry about the court's procedure may be answered. However, the committee is of the opinion that it would be unethical to discuss the facts or other aspects of the case with the news media during the investigation, or while the matter is pending in his court or any other court.

RAISING CAMPAIGN FUNDS BY DIRECT MAIL

Opinion No. 96 (1987)

QUESTION: Will the Judicial Ethics Committee advise a justice of the peace whether it is ethical to raise campaign funds by direct mail to his constituents?

ANSWER: Whether the raising of campaign funds, either before or after election, by direct mail is lawful or unlawful requires a legal opinion. Giving legal opinions is beyond the scope of the function of the Judicial Ethics Committee. The Committee would note that if such procedure was unlawful, it obviously would be unethical. Canon 5C(1) sets forth guidelines for a judge's financial and business dealings.

COMMENT ON PROCEEDINGS BEFORE COMMISSION ON JUDICIAL CONDUCT

Opinion No. 97 (1987)

QUESTION: Will the Judicial Ethics Committee write an opinion on the specified conduct of a judge, as to whether such conduct is a violation of the Code of Judicial Conduct, where a formal complaint for the same conduct has been filed with the State Commission on Judicial Conduct, and the disposition of the complaint is pending?

ANSWER: No. The State Commission on Judicial Conduct is a constitutionally created commission, Tex. Const. Art. 5 Sec. 1-a, which is required to make disposition of complaints filed against judges. Your committee considers such a complaint to represent pending or impending litigation because certain dispositions of complaints by the commission are subject to judicial review. See, Tex. Const. Art. 5 Sec. 1-a(6)A, C (eff. Jan. 1, 1985).

The Judicial Ethics Committee is a nine judge committee created by the bylaws of the Judicial Section of the State Bar of Texas. As a committee, and individually, our conduct is subject to the provisions of the Code of Judicial Conduct. Canon 3A(6) states, "A judge should abstain from public comment about a pending or impending proceeding in any court..."

The Committee respectfully declines to make, knowingly, public comment on a pending or impending proceeding before the Commission on Judicial Conduct which may require judicial review.

RETIRED JUDGE-TRUSTEE IN FORECLOSURE

Opinion No. 98 (1987)

QUESTION: Does a Senior District Judge violate any ethics by serving as a substitute trustee in non-judicial foreclosure proceedings?

ANSWER: No, although the judge would of course be disqualified from any subsequent litigation involving such sale.

A trustee is normally considered to be a fiduciary because of the duty owed to those whom he serves, and Canon 5D does provide that a judge should not serve as a fiduciary with certain specified exceptions. But, Canon 8D exempts a retired judge from the provisions of Canon 5D.

FORMER JUDGE—SERVICE AS ARBITRATOR OR MEDIATOR

Opinion No. 99 (1987)

QUESTION: May a former District judge, who has qualified to accept judicial assignments, act as an arbitrator or mediator when not on a judicial assignment?

ANSWER: The Code of Judicial Conduct does not mention former district judges, but Tex. Rev. Civ. Stat. Ann. Art. 200a-1, Sec. 4.014(B) (Vernon 1987), places former judges in the same category as refired judges, when discussing "judges subject to assignment." Since the nature of the judicial assignments and duties are identical, your committee, for the purpose of this opinion, will consider a former judge in the same category as a "retired judge subject to recall" under the code.

Canon 5E states that a judge should not act as an arbitrator or mediator. However, Canon 8D states that Canon 5E is not applicable to retired judges, provided the judge should refrain from judicial service during the period of an extra-judicial appointment not sanctioned by Canon 5G.

Subject to the limitations in Canons 8D and 5G, your committee is of the opinion that a former judge may act as an arbitrator or mediator when not on a judicial assignment.

JOINT POLITICAL ACTIVITY BY TWO JUDGES

Opinion No. 100 (1987)

QUESTIONS: (1) May two or more judges running for judicial office at the same time jointly sponsor or have some politically active group sponsor for them a joint fund raising event?

(2) May two or more judges running for judicial office at the same time jointly advertise or have some politically active group jointly advertise for them by any news media?

ANSWER: A majority of the committee is of the opinion that such joint activity by each of the judges would be a violation of Canon 2 that prohibits a judge from lending the prestige of his office to advance the private interests of others, even though the other person or persons is a judge or group of judges.

The Code of Judicial Conduct does not prohibit a judge from identifying himself or herself as a member of a political party, or from contributing to a political party, or from speaking to such gatherings on his or her own behalf.

GRIEF COUNSELLING

Opinion No. 101 (1987)

QUESTION: Would it be a violation of the Code of Judicial Conduct for a judge to work in conjunction with a professional therapist in group counselling of persons who have sustained grievious losses in their lives:

ANSWER: The committee has been informed that the classes are scheduled at such times as to not interfere with the judge's judicial duties and that the judge will be paid a stipend of \$200 monthly, apparently to cover the cost of required insurance.

Canon 5A permits a judge to speak and teach on non-legal subjects in his or her avocational activities provided those activities do not detract from the dignity of his or her office or interfere with the performance of his or her judicial duties. Subject to the limitations set out in Canon 5A, the committee is of the opinion that it would not be a violation of the Code of Judicial Conduct for a judge to work with the described group counselling classes.

"DISTRICT JUDGE RETIRED" ON LETTERHEAD

Opinion No. 102 (1987)

QUESTION: May a retired judge, who has elected to return to the practice of law rather than being subject to recall, ethically have a phrase such as "District Judge Retired" printed on his letterhead, professional cards, telephone listings or office door?

ANSWER: Canon 2B admonishes a judge "not [to] lend the prestige of his or her office to advance the private interests of himself or herself..." Canon 2B is applicable to retired judges who have elected to return to the active practice of law.

The committee is of the opinion that after a retired judge has initially sent out his or her announcement of retirement and of returning to the active practice of law, to use the prestige of his or her former judgeship to advance the private interest of his or her law practice would violate Canon 2B.

SERVICE ON GOVERNMENTAL BOARD

Opinion No. 103 (1987)

QUESTION: Would it be a violation of the Code of Judicial Conduct for a Judge of a statutory County Court at Law to serve on the board of trustees of the Texas Association of Counties Health Insurance Trust:

ANSWER: The committee is informed that the TAC Insurance Trust is the vehicle through which the Texas Association of Counties affords its members group health insurance. The TAC trust board's responsibilities include: acquisition of insurance, collection of premiums, development of policy for that trust, prepara-

tion of contracts with (1) insurance companies, (2) participating members, (3) leases, and (4) other contracts necessary to proper administration of the trust. Board members serve without compensation. Service is voluntary.

Whether county employees have a group health program is determined by the Commissioners Court of each county. This is a governmental decision and the fact that a group of counties associate themselves into a common health program does not alter the nature of the decision. This is so because it is only the respective Commissioners Courts that decide whether to join a specific health program.

The committee is of the opinion that the TAC insurance trust is governmental in nature with each county delegating its authority to the trust board.

Canon 5G admonishes a judge not to accept an extra-judicial appointment to a governmental committee, commission, or other position that is concerned with issues of fact or policy on matters other than the improvement of the law, the legal system, or the administration of justice.

The health insurance trust is involved with issues of fact and policy on matters not concerning the improvement of law, the legal system, or the administration of justice. The committee is of the opinion that if a judge serves as a trustee on the TAC insurance trust, he or she would violate Canon 5G.

PREPARATION OF PLEADINGS

Opinion No. 104 (1987)

QUESTION: May a judge who handles a mental illness docker ethically prepare applications and other legal pleadings for persons who desire to commit someone to a mental hospital?

ANSWER: No, for several reasons. Canon 3A(5) prohibits a judge from directly or indirectly initiating, permitting, or considering ex parte communications concerning the merits of a pending or impending legal proceeding. Canon 2B admonishes a judge from lending the prestige of his office to advance the private interests of others. The giving of advice and preparation of legal instruments to be filed in court is considered practicing law, which is prohibited by Canon 5F of the Code of Judicial Conduct. Finally, for a judge to prepare legal instruments to be filed in that judge's own court poses a conflict of interest and would violate the intent and purpose of the Code.

COLLECTIONS OF COURT FEES

Opinion No. 105 (1987)

QUESTION: May a County Court at Law Judge participate in the collection of court fees and other fees owed to the County Clerk's Office by writing letters to or personally contacting the persons who owe the fees?

ANSWER: No. A judge should uphold the integrity and independence of the judiciary (Canon 1), and should avoid impropriety and the appearance of impropriety in all his activities (Canon 2). The collecting of the past due debts of the County by a judge constitutes the practice of law. A judge should not practice law (Canon 5F) and should not have experte communications concerning the merits of impending litigation. [Canon 3A(3)]

The collecting of past due deets of a county is the ducy of an authorized agency, i.e. County Attorney, District Attorney, or retained private practicing attorney.

APPLICABILITY TO EMPLOYEE OF JUDGE

Opinion No. 106 (1987)

QUESTION: Is a person who is an employee of a judge or a group of judges subject to the provisions of the Code of Judicial Conduct?

ANSWER: Canon 3B(2) states, "A judge should require his or her staff and court officials subject to the judge's direction and control to observe the standards of this code. (Emphasis added).

The committee is informed that the person is hired by a group of judges and appears to be under the direction and control of the judge(s). Under such circumstances, it is the duty of the judge(s) who employ that person to see that the employee complies with the provisions of the code.

The code makes no provisions for the sanctions against the employee for non-compliance with the code, but it does provide sanctions against the judge(s) in the event of non-compliance by the judge(s) in not requiring personnel under the direction and control of the judge(s) to adhere to the provisions of the code.

SALE OF REPORT ON DOCKET BY CLERK

Opinion No. 107 (1987)

QUESTION: Is it a violation of the Code of Judicial Conduct for a docket assignment clerk, an employee of a judge or judges, to sell subscriptions to attorneys and others, a report which the clerk compiles advising his or her subscribers of the disposition of and other docket information concerning completed jury trials?

ANSWER: The committee is advised that the docket assignment clerk in his or her discretion determines (1) the order of assignment of cases for jury trial; (2) the judge or court to whom a case is assigned or not assigned; and (3) whether, after a case is assigned, a formal written motion and hearing for continuance are required or whether the clerk will grant an "informal" continuance.

The committee is further informed that the funds received from the subscriptions are retained by the clerk.

Canon 2 requires that a judge should avoid impropriety and the appearance of impropriety. The committee observes no patent impropriety but respectfully suggests that the combination of the delegated authority to the clerk and the sale of the subscriptions by the clerk invites violation of the code.

CAVEAT: Any sanctions imposed for violations of the Code of Judicial Conduct are imposed against the judge(s), not the clerk.

PROPERTY OWNERS CORPORATION

Opinion No. 108 (1987)

QUESTION: May a judge ethically serve as an officer or director of a non-profit corporation which collects maintenance fees from subdivision property owners and uses the money to maintain roads and parks in the subdivision? The corporation is controlled by subdivision property owners, and the subdivision is not located within the geographical area assigned to the court over which the judge presides.

ANSWER: The answer to the question is determined by whether the corporation is a "publicly owned business" or a "civic organization." Canon 5B (2) prohibits a judge from being "an officer, director or manager of a publicly owned business." Canon 5B permits a judge to serve "as an officer, director, trustee or non-legal advisor of a civic organization not conducted for the economic or political advantage of its members, subject to" the limitations set forth in Canon 5B (1), (2), and (3).

The committee is divided five to four on the proper classification to be given to the corporation, but the majority of the members of the committee are the opinion that the corporation is a publicly owned business. Thus, if a judge serves as an officer or director of the publicly owned corporation, it would be a violation of Canon 5B (2).

STEERING COMMITTEE FOR CONSTITUTIONAL AMENDMENT

Opinion 109 (1987)

QUISTION: May a judge serve on a steering committee for an organization whose purpose is to effectuate the passage of a constitutional amendment giving certain rights to victims of crime?

ANSWER: Canon 4 of the Code of Judicial Conduct permits a judge to engage in activities to improve the law, the legal system, and the administration of justice provided that in doing so the judge does not cast doubt on his or her capacity to decide impartially any issue that may come before the court.

Canon 4C permits a judge to serve as a member, officer, or director of an organization or governmental agency devoted to the same purposes stated in Canon 4

A majority of the ethics committee is of the opinion that the purpose of the described steering committee is the improvement of the law, and that, subject to the limitations stated in Canon 4, it would not be a violation of the Code of Judicial Conduct for the judge to serve as a member of the steering committee.

CANON 1

A Judge Should Uphold the Integrity and Independence of the Judiciary

An independent and honorable judiciary is indispensable to justice in our society. A judge should participate in establishing, maintaining, and enforcing, and should observe high standards of conduct so that the integrity and independence of the judiciary is preserved. The provisions of this Code shall be construed and applied to further that objective.

CANON 2

A Judge Should Avoid Impropriety and the Appearance of Impropriety in All Activities

A. A judge should respect and comply with the law and should conduct himself or herself at all times in a manner that promotes public confidence in the in-

tegrity and impartiality of the judiciary.

B. A judge should not allow family, social, or other relationships to influence his or her judicial conduct or judgment. A judge should not lend the prestige of his or her office to advance the private interests of himself or herself or others; nor should he or she convey or permit others to convey the impression that they are in a special position to influence him or her. A judge should not testify voluntarily in an adjudicative proceeding as a character witness.

CANON 3

A Judge Should Perform the Duties of Office Impartially and Diligently

The judicial duties of a judge take precedence over all other activities. Judicial duties include all the duties of office prescribed by law. In the performance of these duties, the following standards apoly:

A. Adjudicative Responsibilities.

- (1) A judge should be faithful to the law and maintain professional competence in it. A judge should be unswayed by partisan interests, public clamor, or fear of criticism.
- (2) A judge should maintain order and decorum in proceedings before him
- (3) A judge should be patient, dignified, and courteous to litigants, jurors, witnesses, lawyers, and others with whom he or she deals in his or her official capacity, and should require similar conduct of lawyers, and of the staff, court officials, and others subject to the judge's direction and control.

(4) A judge shall accord to every person who is legally interested in a proceeding, or his or her lawyer, full right to be heard according to law.

(5) A judge, except as authorized by law, shall not directly or indirectly initiate, permit, nor consider ex parte or other communications concerning the merits of a pending or impending judicial proceeding. This subsection does not prohibit communications concerning uncontested administrative or uncontested procedural matters. A judge shall require compliance with this subsection by court personnel subject to his or her direction and control.

(6) The discussions, votes, positions taken, and writings of judges and court personnel about causes are confidences of the court and shall not be revealed at any time, except by the court's judgment and written opinion.

(7) A judge should dispose promptly of the business of the court.

- (8) A judge shall abstain from public comment about a pending or impending proceeding in any court, and shall require similar abstention on the part of court personnel subject to his or her direction and control. This subsection does not prohibit judges from making public statements in the course of their official duties or from explaining for public information the procedures of the
- (9) A judge should prohibit broadcasting, televising, recording, or taking photographs in the courtroom and areas immediately adjacent thereto during sessions of court or recesses between sessions (Estes vs. Texas, 381 U.S. 532; Sheppard vs. Maxwell, 384 U.S. 333), except that a judge may authorize:

(a) the use of electronic or photographic means for the presentation of evidence, for the perpetuation of a record, or for other purposes of judicial

administration:

(b) the broadcasting, televising, recording, or photographing of investitive, or ceremonial proceedings;

(c) the photograph or electronic recording and reproduction of appropriate court proceedings under the following conditions:

(i) the means of recording will not distract participants or impair the dignity of the proceedings;

(ii) the parties have consented, and the consent to being depicted or recorded has been obtained from each witness appearing in the recording and reproduction;

(iii) the reproduction will not be exhibited until after the proceeding has been concluded and all direct appeals have been exhausted; and

(iv) the reproduction will be exhibited only for instructional purposes. (d) Oral arguments by the parties in the appellate courts may be aurally recorded upon the prior consent obtained from the court, or the chief justice or presiding judge as the case may be, where the means of recording will not distract the participants or impair the dignity of the proceedings.

B. Administrative Responsibilities.

(1) A judge should diligently discharge all administrative responsibilities, maintain professional competence in judicial administration, and facilitate the performance of the administrative responsibilities of other judges and court officials.

(2) A judge should require his or her staff and court officials subject to the

judge's direction and control to observe the standards of this code.

(3) A judge should take or initiate appropriate disciplinary measures against a lawyer for unprofessional conduct of which the judge may become aware.

(4) A judge shall not make unnecessary appointments. A judge shall exercise his or her power of appointment only on the basis of merit, avoiding nepotism and favoritism. A judge shall not approve compensation of appointees beyond the fair value of services rendered.

C. Personal Affairs - Responsibilities.

(1) A judge should be informed about his or her personal and fiduciary financial interests, and make a reasonable effort to be informed about the personal financial interests of his or her spouse and minor children residing in his or her

- (2) For the purposes of this section:

 (a) "fiduciary" includes such relationships as executor, administrator, trustee, and guardian;
- (b) "financial interest" means ownership of a legal or equitable interest, however small, or a relationship as director, advisor, or other active participant in the affairs of a party, except that:

(i) ownership in a mutual or common investment fund that holds securities is not a 'financial interest' in such securities unless the judge participates in the management of the fund;

(ii) an office in an educational, religious, charitable, fraternal, or civil organization is not a 'financial interest' in securities held by the organization;

(iii) the proprietary interest of a policy holder in a mutual insurance company, of a depositor in a mutual savings association, or a similar proprietary interest, is a 'financial interest' in the organization only if the outcome of the proceeding could substantially affect the value of the interest; and

(iv) ownership of government securities is a "financial interest" in the issuer only if the outcome of the proceeding could substantially affect the value

of the securities,

A Judge May Engage in Activities to Improve the Law, the Legal System, and the Administration of Justice

A judge, subject to the proper performance of judicial duties, may engage in the following quasi-judicial activities, if in doing so the judge does not cast doubt on his or her capacity to decide impartially any issue that may come before

A. A judge may speak, write, lecture, teach, and participate in other activities concerning the law, the legal system, and the administration of justice.

B. A judge may appear at a public hearing before an executive or legislative

body or official on matters concerning the law, the legal system, and the administration of justice, and a judge may otherwise consult with an executive or legislative body or official, but only on matters concerning the administration of justice.

C. A judge may serve as a member, officer, or director of an organization or governmental agency devoted to the improvement of the law, the legal system, or the administration of justice. A judge may assist such an organization in raising funds and may participate in their management and investment, but should not personally participate in public fund raising activities. He or she may take recommandations to public and private fund-granting agencies on projects and programs concerning the law, the legal system, and the administration of justice.

CANON 5

A Judge Should Regulate Extra-Judicial Activities to Minimize the Risk of Conflict with Judicial Duties

A. Avocational Activities.

A judge may write, lecture, teach, and speak on non-legal subjects, and engage in the arts, sports, and other social and recreational activities, if such avocational activities do not detract from the dignity of his or her office or interfere with the performance of judicial duties. A judge may write, lecture, teach, and speak on legal subjects as well, as long as such participation does not involve the giving of legal advice, nor detract from his or her office.

B. Civic and Charitable Activities.

A judge may participate in civic and charitable activities that do not reflect adversely upon his or her impartiality or interfere with the performance of his or her judicial duties. A judge may serve as an officer, director, trustee, or nonlegal advisor of an educational, religious, charitable, fraternal, or civic organization not conducted for the economic or political advantages of its members, subject to the following limitations:

(1) A judge should not serve if it is likely that the organization will be engaged in proceedings that would ordinarily come before him or her or will be regular-

ly or frequently engaged in adversary proceedings in any court.

(2) A judge should not solicit funds for any educational, religious, charitable, fraternal, or civic organization, or use or permit the use of the prestige of his or her office for that purpose, but may be listed as an officer, director, delegate, or trustee of such an organization. A judge should not be a speaker or the guest of honor at an organization's fund raising events, but may attend such

(3) A judge should not give investment advice to such an organization, but may serve on its board of directors or trustees even though it has the respon-

sibility for approving investment decisions.

C. Financial Activities.

(1) A judge should refrain from financial and business dealings that tend to reflect adversely on his or her impartiality, interfere with the proper performance of the judicial duties, exploit his or her judicial position, or involve the judge in frequent transactions with lawyers or persons likely to come before the court on which he or she serves.

(2) Subject to the requirements of subsection (1), a judge may hold and manage investments, including real estate, and engage in other remunerative activity including the operation of a business. A judge should not be an officer, director, or manager of a publicly owned business. For purposes of this Canon, a "publicly owned business" is a business having more than ten owners who are not related to the judge by consunguinity or affinity within the third degree.

(3) A judge should manage his or her investments and other financial interests to minimize the number of cases in which he or she is disqualified. As soon as the judge can do so without serious financial detriment, he or she should divest himself or herself of investments and other financial interests that might require

frequent disqualification.

(4) Neither a judge nor a member of his or her family residing in his or her household should accept a gift, bequest, favor or loan from anyone except as

(a) a judge may accept a gift incident to a public testimonial to him or her; books supplied by publishers on a complimentary basis for official use; or an invitation to the judge and spouse to attend a bar-related function or activity devoted to the improvement of the law, the legal system, or the administration of justice:

(b) a judge or member of his or her family residing in the household may accept ordinary social hospitality; a gift, bequest, favor, or loan from a relative; a wedding or engagement gift; a loan from a lending institution in its regular course of business on the same terms generally available to persons who are not judges; or a scholarship or fellowship awarded on the same terms applied to other applicants;

(c) a judge or member of his or her family residing in the household may accept any other gift, bequest, favor, or loan only if the donor is not a party or person whose interests have come or are likely to come before the judge.

(5) For the purposes of this section "member of his or her family residing in the household" means any relative of a judge by blood or marriage, or a person treated by a judge as a member of his or her family, who resides in the household.

(6) Information acquired by a judge in his or her judicial capacity should not be used or disclosed by the judge in financial dealings or for any other purpose not related to his or her judicial duties.

D. Fiduciary Activities.

A judge should not serve as the executor, administrator, trustee, guardian, or other fiduciary, except for the estate, trust, or person of a member of his or her own family; and then only if such service will not interfere with the proper performance of judicial duties. "Member of his or her family" includes a spouse, child, grandchild, parent, grandparent, or other relative or person with whom the judge maintains a close familial relationship. As a family fiduciary a judge is subject to the following restrictions:

(1) A judge should not serve if it is likely that as a fiduciary he or she will be engaged in proceedings that would ordinarily come before the judge, or if the estate, trust, or ward becomes involved in adversary proceedings in the court on which he or she serves or one under its appellate jurisdiction.

(2) While acting as a fiduciary a judge is subject to the same restrictions on financial activities that apply to the judge in his or her personal capacity. E. Arbitration.

A judge should not act as an arbitrator or mediator.

F. Practice of Law.

A judge should not practice law except as permitted by statute or this Code. G. Extra-Judicial Appointments.

A judge should not accept appointment to a governmental committee, commission, or other position that is concerned with issues of fact or policy on matters other than the improvement of the law, the legal system, or the administration of justice. A judge, however, may represent his or her country, state, or locality on ceremonial occasions or in connection with historical, educational, and cultural activities.

CANON 6

A Judge Should Regularly File Reports of Compensation Received for Quasi-Judicial and Extra-Judicial Activities

A judge may receive compensation and reimbursements of expenses for the quasi-judicial and extra-judicial activities permitted by this Code, if the source of such payments does not give the appearance of influencing the judge in his or her judicial duties or otherwise give the appearance of impropriety, subject to the following restrictions:

A. Compensation.

Compensation should not exceed a reasonable amount nor should it exceed what a person who is not a judge would receive for the same activity.

B. Expense Reimbursement.

Expense reimbursement should be limited to the actual cost of travel, food, and lodging reasonably incurred by the judge and, where appropriate to the occasion, by his or her family. Any payment in excess of such an amount is compensation.

C. Financial Reports.

A judge should file financial and other reports as required by law.

CANON 7

A Judge Shall Refrain from Political Activity Inappropriate to the Judiciary

- (1) Any candidate for elective judicial office, including an incumbent judge, and others acting on the candidate's behalf, shall refrain from all conduct which would violate the Election Code and/or this Code.
- (2) A candidate is prohibited from statements or conduct which, by their nature, indicates an opinion which may be subject to federal or state judicial
- (3) A candidate shall not make pledges or promises of conduct in office other than the faithful and impartial performance of the duties of the office. Any statement of qualifications, record, or performance in office should be such as can withstand the closest scrutiny as to accuracy, candor and fairness.

(a) the Supreme Court,

(b) the Court of Criminal Appeals, (c) courts of appeals,

COURT ACTIVITY: SUMMARIES AND ANALYSES

HOOD COUNTY COURTHOUSE GRANBURY, TEXAS

CAUTIONARY STATEMENT

Perhaps more caution should be used in drawing general conclusions from court statistics than from statistics on other subjects. The included data do not attempt to portray everything courts or judges do, or how much time is spent on court-related activities not represented by these court statistics.

Regarding appellate courts, temporary emergencies such as illness of a judge or unusually burdensome cases may distort the statistical picture. In addition, there is no reliable way to ascertain the time spent by appellate or trial judges in study or research in the composing of their opinions and decisions.

At least three factors are not represented in the district court statistics presented and should be borne in mind when evaluating judicial output:

- One very complicated case may consume an inordinate amount of time compared to less complicated cases.
- The judges of district courts in most non-metropolitan areas spend more time traveling between different counties comprising a single district than do their metropolitan counterparts, and a metropolitan complex of many judges of identical jurisdiction permits judicial efficiencies not available in non-metropolitan areas.
- 3. Judges have to spend many hours on administrative matters and other judicial functions not reported in this statistical report, e.g., preparing and submitting the necessary budget requests for the operation of the court to the county commissioners, impaneling grand juries, petit jury requirements, supervision of the Adult Probation and County Auditors departments, juvenile board duties and responsibilities and many other duties not related to their judicial functions.

The county court judges, justices of the peace, and municipal court judges, especially, spend a large amount of time counseling with the people in their communities, and as a result of this counseling, many cases are not filed. In addition, as a result of their official position, many of these judges have nonjudicial responsibilities in the community which are not reflected in these statistics.

The court activity in this report contains the reported activity from all district and county level courts as reported to this office by the district and county clerks. However, not all justices of the peace and municipal courts have reported their activity. Therefore, when analyzing the court activity of these courts, it is important to note that the reported activity does not reflect all of the activity of all of the justices of the peace or municipal courts.

One final caution: because of the large number of courts in Texas and the huge volume of court activity, reporting errors are bound to occur. The staff of the Texas Judicial Council and the clerks of court work closely to keep such reporting errors to a minimum. When errors are found after publication of an Annual Report, adjustments are made in pending case figures at the beginning of the following year.

SUPREME COURT

Analysis of Activity for the Year Ending August 31, 1987

The Supreme Court of Texas is the highest state court for civil appeals and promulgates rules of administration and civil procedure for the courts of Texas. It is comprised of the Chief Justice and eight justices.

The Court "passed on" (disposed of or otherwise acted upon) a total of 2,543 matters during fiscal 1987, an increase of 17 percent over the 2,169 matters passed on in fiscal 1986.

Regular Causes

The 153 regular causes added to the Court's docket were 9 percent more than the 139 regular causes added in fiscal 1986.

The 132 regular causes disposed of were 6 percent less than the 140 disposed of in fiscal 1986 but 6 percent more than the 10-year average of 121. One hundred eighteen of the regular causes disposed of during 1987 came to the Court on application for writ of error from one of the 14 Courts of Appeals. Of those 118 dispositions, the lower courts were reversed in whole or in part in 93 causes, or 79 percent. This compares to 83 percent reversals in fiscal 1986.

The 46 regular causes (not including motions for rehearing) left pending at the end of fiscal 1987 represented 23 percent of the total number of regular causes added during the year or carried over from the previous year. This is 2 causes higher than the 10-year average of 44 pending causes. At the end of fiscal 1986, 29 regular causes had been pending in the Court.

Applications for Writs of Error

The 983 applications for writs of error filed during fiscal 1987 represented a 6 percent decrease over the 1,044 applications filed in fiscal 1986, but was 11 percent more than the 10-year average of 889.

The 1,066 applications for writs of error disposed of during the year was 9 percent more than the 982 disposed of during fiscal 1986, but 21 percent higher than the 10-year average of 882. Of those 1,066 applications disposed of, 159 (or 15

percent) were granted.

The 267 applications for writs of error left pending at the end of fiscal 1987 represented 20 percent of the total number of such applications filed during the year or carried over from the previous year. This is 39 more pending applications than the 10-year average of 228 pending applications. At the end of fiscal 1986, 350 applications for writs of error had been pending in the Court.

Other Writs and Motions

The 734 other writs and motions filed during fiscal 1987 were 6 percent more than the 691 filed during fiscal 1986. (This does not include miscellaneous motions such as motions for extension of time, etc., which are often not docketed as separate causes.) This is 47 more than the 10-year average of 687 other writs and motions filed.

The 733 other writs and motions disposed of during fiscal 1987 were 6 percent more than the 691 disposed during fiscal 1986. This is 45 more dispositions than the 10-year average of 688 dispositions.

The 104 other writs and motions left pending by the Court at the end of fiscal 1987 represented 12 percent of the total number of other writs and motions filed during the year or carried over from the previous year. At the end of fiscal 1986, 104 other writs and motions had been pending in the Court.

Opinions Written

During fiscal year 1987, the justices of the Supreme Court wrote 190 opinions (or an average of 21 opinions each), 6 percent more than the 179 opinions written in fiscal 1986 and 11 percent more than the 10-year average of 171. Of the opinions written in 1986, 125 (or 66 percent) were deciding opinions which disposed of causes.

During fiscal 1987, the Supreme Court heard oral argument of 113 causes and considered an additional 39 causes submitted on briefs.

^{* &}quot;Regular Causes" are reported in a separate category because they are the cases which pass through most, if not all, of the steps of the regular appellate decision-making process. Regular causes are cases in which oral argument of counsel in open court is received (unless waived) and in which the Court's decision is usually reported in a written opinion. Most are reviewed in conference by the Supreme Court, before oral argument and decision, upon application for writ of error, with three or more of the justices voting that the decision of the Court of Appeals was erroneous and than the writ therefore should be granted. A similar procedure is followed regarding petitions for original mandamus and habeas corpus, which become "Regular Causes" only after review and vote in conference. "Cases Other Than Regular Causes" includes such actions as the Court's rejection in conference of an application for writ of error or application to file a petition for original mandamus or habeas corpus. This category is obviously larger than that of regular causes.

COURT OF CRIMINAL APPEALS Analysis of Activity for the Year Ending August 31, 1987

The Court of Criminal Appeals is the highest state court for criminal appeals and is composed of a Presiding Judge and eight judges. Additionally, pursuant to Sec. 22.106 of the Texas Government Code, special commissioners may be designated to aid and assist the court as needed.

Until September 1, 1981, the Court of Criminal Appeals received all criminal cases appealed from the district and county-level trial courts of the State. On that date, a constitutional amendment and implementing legislation became effective which conferred on the 14 Courts of Appeals intermediate appellate jurisdiction in all criminal cases except those in which the death penalty was assessed. Appeal of death penalty cases remains direct to the Court of Criminal Appeals.

direct to the Court of Criminal Appeals.

Decisions of the Courts of Appeals in criminal cases may be appealed to the Court of Criminal Appeals by petition for discretionary review, filed either by the State, or the defendant, or both. In addition, the Court may review a decision on its own motion.

Matters Added to the Docket

During the state fiscal year 1987 which ended August 31, 1987, there was a total of 586 cases added to the docket of the Court of Criminal Appeals. Two hundred and one of these were cases where discretionary review was granted by the Court and 213 were direct appeals, death penalty appeals, writs of habeas corpus granted, and extraordinary writs. Death penalty appeals in fiscal 1987 numbered 52, compared to 35 in fiscal

The 586 cases added in fiscal year 1987 represent an increase of 64.6 percent from the 356 cases added during fiscal year 1986, which ended August 31, 1986.

In addition to the cases added:

(1) The Court had 1,339 petitions for discretionary review filed during fiscal 1987, 21 fewer than the number filed during the previous year. Petitions for discretionary review were

received from 135 counties during 1987, with 46 percent of them originating from Harris or Dallas Counties;

(2) There were 2,231 applications for writs of habeas corpus filed during fiscal 1987 (a 7.5 percent increase over the 2,074 filed in fiscal 1986); and

(3) 1,653 other motions or applications were handled by the Court (a 38.6 percent increase over the 1,193 considered the previous year).

Rate of Dispositions Decreases

During fiscal year 1987, the Court disposed of 443 cases considered on their merits, compared to 409 such dispositions in fiscal 1986. In 1987 those 443 dispositions represented 42.5 percent of all cases on the docket (that is, cases filed during the year or carried over from previous years). In fiscal 1986, this disposition rate was 47 percent.

In fiscal 1987, 1,672 petitions for discretionary review were disposed of, 342 (or 20.05 percent) of which were granted and the remainder were refused or dismissed. In fiscal 1986, 1,100 petitions for discretionary review were disposed of, 201 (or 18 percent) of which were granted.

There were 2,242 applications for writs of habeas corpus disposed of in fiscal 1987, compared to 1,809 in 1986, an increase of 24 percent.

Judges of the Court of Criminal Appeals wrote 647 opinions during fiscal 1987, 435 (67 per cent) of which were "deciding" opinions which disposed of cases. The remainder were dissents, concurrences, and opinions on rehearing. Of the deciding opinions, 221 were signed and 214 were per curiam. During 1986, members of the Court wrote 663 opinions, 70 percent of which were deciding opinions.

Total Pending Caseload Increases

On August 31, 1987, there were 2,168 total matters (excluding miscellaneous motions and applications) pending in the Court. This represented a decrease of 8 percent over the 2,369 matters pending on September 1, 1986.

On August 31, 1987, there were pending 370 granted discretionary review cases, 806 applications for writs of habeas corpus, 765 petitions for discretionary review, and 227 direct appeals, death penalty appeals, granted habeas corpus writs, and extraordinary writs.

COURTS OF APPEALS Analysis of Activity for the Year Ending August 31, 1987

There are 14 Courts of Appeals in Texas which, since September 1, 1981, have heard intermediate appeals in both civil and criminal cases.

Courts of Appeals are located in Fort Worth, Austin, San Antonio, Dallas, Trarkana, Amarillo, El Paso, Beaumont, Waco, Eastland, Tyler, Corpus Christi, and Houston. Houston has two Courts of Appeals. Each court has jurisdiction over a geographical district.

Five of the courts have three justices each. The Dallas Court, with 13 justices, is the largest. There are 80 justices statewide.

Pending Caseloads Reduced Again

For the first time in five years, total pending caseloads of the 14 Courts of Appeals increased during state fiscal year 1987, which ended August 31, 1987.

The Courts disposed of 7,824 total cases during the year, an average of 98 dispositions (55 criminal and 43 civil) per justice. The pending caseload increased from 5,396 at the beginning of the fiscal year to 5,429 at the end of the year.

From calendar year 1974 through 1982, the total pending caseload of the Courts of Appeals grew larger each year as more cases than the courts were able to dispose of were added. On December 31, 1982, there were 6,816 total cases pending in the Courts of Appeals.

The trend was broken in calendar year 1983 when a surge in criminal dispositions reduced the total pending caseload by year's end. In fiscal year 1984, both civil and criminal caseloads were reduced during the year.

In fiscal year 1985, the civil caseload was reduced and the criminal caseload increased

slightly. In fiscal year 1986, both pending civil and criminal caseloads were again reduced.

The Courts of Appeals had 3,546 criminal cases and 1,850 civil cases pending as of September 1, 1986. On August 31, 1987, 3,246 criminal cases and 2,183 civil cases were pending. The state average for pending cases at year's end was 68 per justice. This compares to the 1982 high of 86 pending cases per justice.

The largest number of pending cases per justice (83) at the end of the fiscal year was in the First Court of Appeals in Houston. The lowest number per justice (31) was in the Sixth Court in Texarkana.

Filings Remain Virtually Constant

A total of 7,543 cases was filed in the Courts of Appeals during the fiscal year, which included 3,901 criminal cases and 3,642 civil cases. This was an increase of 1.5 percent from the 7,432 total new cases filed in fiscal year 1986. New criminal cases decreased 6.8 percent from the 4,165 filed in fiscal year 1986 and civil cases increased 11.5 percent from the 3,267 filed in fiscal year 1986.

Considering civil and criminal cases together, the First Court in Houston had the highest average number of new cases filed per justice (116) during fiscal year 1987. The other courts ranged down to 52 cases per justice filed in the Sixth Court in Texarkana. State average filings were 94 per justice.

Approximately 26 percent of all new cases filed in a Court of Appeals in Texas in fiscal year 1987 were filed in one of the two Courts located in Houston. Approximately 19 percent of all cases filed in the State were filed in the Dallas Court of Appeals.

Civil Dispositions Increase

In fiscal year 1987, there were 3,426 civil dispositions by the Courts of Appeal, a decrease of 7 percent over the 3,684 civil dispositions in fiscal year 1986.

At the end of fiscal year 1987, 2,183 civil cases were pending on the dockets of the Courts of Appeals, 18 percent more than the 1,850 pending on September 1, 1986. Of those civil cases pending on August 31, 1987, 64 percent had been on the docket less than 6 months, 28 percent from 6 to 12 months, and 8 percent for more than 12 months.

The average lapse of time between the filing of a civil case in a Court of Appeals and its disposition ranged from 4.6 months in the Eleventh

Figure 6.
COURTS OF APPEALS
Workloads and cases transferred, year ending August 31, 1987

Court in Eastland to 9.5 months in the Texarkana Court. The average lapse of time in the 14 courts for civil cases was 7.2 months.

A case is "submitted" when the court hears oral argument or when it is referred to the justices for formal consideration if no oral argument is heard. The average lapse of time from the submission of a civil case to the court and its disposition ranged from 0.7 months in the Fifth Court in Dallas to 3.1 months in the Amarillo Court. The average lapse of time for the 14 courts was 1.8 months.

Criminal dispositions decreased 1.8 percent from 4,477 dispositions in fiscal year 1986 to 4,398 dispositions in fiscal year 1987.

Of the 3,246 criminal cases pending in the Courts of Appeals at the end of fiscal year 1987, 50 percent had been on the docket less than 6 months, 32 percent from 6 to 12 months, and 12 percent more than 12 months.

The average lapse of time between the filing of a criminal case in a Court of Appeals and its disposition ranged from 6.4 months in the Eastland Court to 14 months in the Austin Court. The average lapse of time for the 14 courts was 9.8 months.

The average lapse of time between submission of a criminal appeal and its disposition ranged from 0.3 of a month in the Beaumont Court to 5

months in the Austin Court. The average lapse of time for the courts was 1.4 months.

The Fourteenth Court of Appeals in Houston disposed of the largest total number of cases per justice (120) during fiscal year 1987. The lowest number per justice (57) was in the Sixth Court at Texarkana. State average dispositions were 98 per justice.

In fiscal year 1987, the justices of the Courts of Appeals wrote 7,392 opinions, 4 percent fewer than the 7,741 written in 1986.

The Courts of Appeals reversed, at least in part, the decision of the trial court in 13 percent of the cases disposed of during fiscal year 1987, the same percentage as in fiscal year 1986.

While the 14 Courts of Appeals operate to a large extent as autonomous courts in specific geographic districts, some equalization of the dockets occurs by transfer of cases among the courts on order of the Supreme Court, pursuant to statutory authority. The Supreme Court transferred 26 civil cases and 34 criminal cases from Dallas to Eastland in fiscal year 1987, compared with 121 civil cases and 140 criminal cases transferred from the San Antonio and Tyler Courts to the Texarkana, Eastland and Corpus Christi Courts in fiscal year 1986.

DISTRICT COURTS Analysis of Activity for the Year Ending August 31, 1987

On January 1, 1987, one new district court was created as a result of legislation passed in 1985, making a total of 375 district courts in the state

The district courts experienced a 7.6 percent increase in new cases filed during the reporting year, up to 510,217 from 474,133 in 1986. The number of new criminal cases filed increased 7.2 percent above 1986, civil cases increased 7.8 percent, and juvenile cases increased 6.2 percent.

Civil cases accounted for 72.8 percent of all new cases filed during the fiscal year. The largest segment of civil cases filed (33.2 percent of new civil filings) were divorce actions. Of the civil cases filed, damages and personal injury cases (including worker's compensation) comprised 13.6 percent, tax cases comprised 14.2 percent, and disputes over debts comprised 14.8 percent.

Juvenile cases (Title 3 of the Texas Family Code) accounted for 2.2 percent of the total cases filed in the district courts.

Criminal cases constituted 25 percent of the total new cases filed during the year ending August 31, 1987. Of the criminal cases, 17.5 percent involved a charge of theft (including auto theft), 20.9 percent burglary, 5.6 percent robbery, 1.4 percent homicide (including capital murder), 4.5 percent sexual assault (including sexual assault of a child and of an adult), 3.8 percent felony DWI and 20.8 percent drug offenses. About 3.3 percent of the new filings were misdemeanor cases. About 12 percent of the criminal cases filed in the district court were by information, the remainder were by indictment.

Urban Filings Increase

The number of all categories of cases added to the docket in the ten Texas counties with populations over 210,000 increased 5.6 percent for state fiscal year 1987 over the number of filings during

1986. In all other counties, the number of cases filed increased 5.6 percent. These ten large-population counties (Harris, Dallas, Bexar, Tarrant, El Paso, Travis, Hidalgo, Nueces, Jefferson, and Lubbock) had approximately 54 percent of the State's population and 60 percent of the total cases filed during the fiscal year.

Total case filings decreased in Jefferson County (2.2 percent) and Nueces County (1.3 percent). Increases in total filings occurred in the counties of Tarrant (11.2 percent), Hidalgo (8.7 percent), Dallas (8.2 percent), El Paso (5.0 percent), Travis (4.7 percent), Harris (4.1 percent), Bexar (3.6 percent), and Lubbock (3.3 percent).

New Criminal Filings Increase

New filings in criminal cases increased 7.8 percent in the ten urban counties during fiscal year 1987 as compared to 1986. This compares to an increase of 3.1 percent in criminal filings for all other counties of the State. Criminal filings increased in seven of the ten urban counties: Tarrant County (25.8 percent), Travis (15.6 percent), Nueces (13.0 percent), Lubbock (11.4

percent), Dallas (10.6 percent), Bexar (8.2), and Hidalgo (2.9 percent). Criminal cases filed decreased in Jefferson County (10.8 percent), El Paso (0.7 percent), and Harris (0.1 percent).

Civil and juvenile case filings increased 4.9 percent in the most populous counties, and 6.5 percent in the remaining counties of the State. Only two counties reporting declines in civil filings: Nueces County (4.4 percent) and Jefferson (0.5 percent).

Counties reporting increases in civil filings ranged from Hidalgo County (10.1 percent) through Dallas (7.0 percent), Tarrant (6.9 percent), El Paso (6.7 percent), Harris (5.9 percent) Bexar (2.6 percent), Travis (1.8 percent), and Lubbock County (0.2 percent).

Percent of Dispositions Increases

During the fiscal year ending August 31, 1987, the district courts of the State disposed of 49.7 percent of the total cases on their dockets (added during the year or carried over from the previous year)—compared to 50.1 percent in 1986. The district courts in the ten counties with populations over 210,000 disposed of 52.8 percent. In all other

counties of the State, 45.6 percent were disposed. Statewide, 59.7 percent of the criminal cases and 46.6 percent of the civil cases on the dockets were disposed of during the year.

In the ten urban counties the disposition rate of criminal cases averaged 62.3 percent, ranging from 73.2 percent in Dallas County to 45.1 percent in Travis County. The disposition rate of criminal cases in counties under 210,000 averaged 56.1 percent of those on the docket.

Comparable figures for civil cases show an average disposition rate of 49.6 percent in the ten urban counties and 42.7 percent in the rest of the State. The range in the ten urban counties was from 69.0 percent in Jefferson County to 36.0 percent in Lubbock County.

An average of 1,616 causes per judge statewide were disposed of during the year, compared with 1,625 per judge during 1986.

Of all civil cases, 29 percent were disposed of by non-jury trials. (Approximately 65 percent of these non-jury trials were in divorce cases.) Of the civil cases disposed, 18.5 percent were family law (show cause) dispositions. Of all civil cases, 17.9 percent were dismissed for want of prosecution, and 15.5 percent were dismissed at the request of the plaintiff.

The defendant entered a plea of guilty in 45.9 percent of the criminal cases disposed. Including these pleas, the defendant was convicted in 48.3 percent of the cases and acquitted in a little less than one percent. In 10.6 percent of the criminal dispositions, the defendant was placed on deferred adjudication. A little over 20 percent of the criminal cases were disposed of by dismissal. Of those cases dismissed, 13.6 percent were because of insufficient evidence, 12.1 percent were because the case was refiled, and 27.6 percent because the defendant was convicted in another case.

In the cases in which the defendant pleaded not guilty and which were disposed of by jury verdicts, the defendant was found guilty in 83.5 percent of the cases and was acquitted in 16.5 per-cent. In trials before the judge alone on not-guilty pleas, convictions resulted in 65.7 percent of the cases and acquittals in 34.3 percent.

Among the criminal cases, the highest rate for disposition by conviction was the category of felony driving while intoxicated (DWI) with 69.0 percent by convictions. The highest rate of disposition by dismissal was of capital murder (38.7 percent). The lowest rate of dismissal was for felony DWI (9.6 percent).

Of the categories of cases where the defendant was placed on deferred adjudication, drug possession was the highest with 14.5 percent and felony DWI the lowest with 0.4 percent.

Death Sentences Imposed

Forty-three death sentences (compared to 35 in 1986) and 361 life sentences were assessed in the district courts during the year ending August 31, 1987. Of the criminal cases disposed by the district courts of Texas, 38 percent were disposed of in a period of less than two months from the date of indictment or information, 13 percent took two to three months, 10 percent took three to four months, and 39 percent took over four months.

Of the juvenile cases handled by the district courts, a finding of delinquent conduct or conduct indicating a need for supervision (CINS) was entered in 98.4 percent of the cases disposed. The juvenile was found not to have engaged in the proscribed conduct in 1.6 percent.

District courts handled 6 percent less divorce actions during 1987 than during 1986. During the fiscal year, 130,952 divorce cases were disposed of--30.0 percent of all civil (non-juvenile) cases handled by district courts. Some 20.8 percent of divorce cases were dismissed.

Tax cases tend to stay on the docket for long periods of time compared to other categories of cases. This fiscal year, 31.8 percent of the tax cases filed during the year or carried over from the previous year were disposed of by the district courts as opposed to 35.3 percent in fiscal year 1986. Over 71 percent of tax case dispositions were either dismissed for want of prosecution or by the plaintiff.

District courts disposed of 3.4 percent more personal injury-type cases during 1987 than during 1986. More than 30 percent of the personal injury-type cases ended in agreed judgments, and 21.3 percent were dismissed by the plaintiff.

Of the 436,920 civil dispositions during the year ending August 31, 1987, the courts disposed of 26.8 percent of the cases in under three months, 17.3 percent in three to six months, 17.1 percent in six to twelve months, 10.5 percent in 12 to 18 months, and 28.4 percent took over 18 months.

The total number of civil cases pending in the district courts on August 31, 1987--501,138--was 0.5 percent more than the 498,821 pending on September 1, 1986. Criminal cases pending increased 5.7 percent, from 99,571 to 105,197.

COUNTY-LEVEL COURTS

Analysis of Activity for the Year Ending August 31, 1987

The county clerk in each of the 254 counties of Texas is supplied forms by the Judicial Council for reporting the judicial activity in the county-level courts ("constitutional" county courts, county courts at law, probate courts, etc.). For for the state fiscal year ending August 31, 1987, the clerks in all 254 counties reported activity all twelve months, for a 100 percent reporting rate.

Looking at numbers of cases, criminal cases constituted 70.1 percent (462,405) of the 659,360 new cases filed or appealed from lower courts. Civil cases accounted for 17.9 percent (118,029), probate cases represented 8.3 percent (54,937), and mental health cases represented 3.3 percent (21,468). New juvenile cases filed were less than 0.4 percent of the total.

DWI Cases Top Criminal Dockets

Concerning the criminal cases only, 25.9 percent of those filed in or appealed to the county-level courts were for driving while intoxicated or under the influence of drugs (DWI/DUID), 20.2 percent were for theft, 6.1 percent for violations of drug laws, 15.2 percent for traffic offenses, (77 percent of which were cases appealed from justice of the peace or municipal courts) 2.8 percent were for simple assault, and 29.7 percent were for other criminal offenses.

Again concerning criminal cases only, 20.3 percent of the total cases added to the county-

level court dockets came by way of appeal from justice of the peace or municipal courts rather than being filed originally in the county-level courts or added in another manner.

Debt Suits Dominate Civil Dockets

Of the civil cases filed in or appealed to the county-level courts during the year ending August 31, 1987, 59.6 percent were classified as suits on debt, 9.6 percent concerned personal injury/damage suits, 3.5 percent were divorce suits, 1.7 percent were tax suits, 1.1 percent concerned other family matters, and 24.5 percent were other civil cases.

During the twelve-month reporting period, the county-level courts of the State disposed of 48.7 percent of the 1,197,338 total criminal, civil, and juvenile cases on their dockets (added during the year or carried over from the previous year). No statistics on the disposition of probate or mental health cases are recorded. The disposition rate was highest for juvenile cases (61 percent). Fifty-one percent of the criminal cases on the docket were disposed of as were 42 percent of the civil cases. Within the category of criminal cases on the docket, 57 percent of the drug charges, 55 percent of the DWI/DUID charges, 38 percent of theft charges, 53 percent of assault charges, 52 percent of traffic cases, and 55 percent of other criminal cases were disposed.

JUVENILE COURT ACTIVITY Analysis of Activity for the Year Ending August 31, 1987

Section 51.04 of the Texas Family Code provides for the designation of a court or courts in each county as the juvenile court, to hear proceedings under Title 3 of the Family Code. The court designated must be either a district court, criminal district court, county court at law, or constitutional county court. The designation is to be made by the juvenile board in each county, or if there is none, by the judges of the abovementioned types of courts in the county.

The total statewide activity indicates that during the state fiscal year ending August 31, 1987, about 83 percent of the juvenile cases in the State were handled by district courts and 17 percent were handled by county-level courts (county courts at law or constitutional county courts).

Juvenile Dispositions Increase 5.6%

Statewide, 13,732 new juvenile cases were filed during fiscal year 1987. Motions to revoke probation totaled 2,133. Of the new filings, 12,811 were for allegations of delinquent conduct and 921 were for allegations of conduct indicating a need for supervision. The courts disposed of 16,302 cases—5.6 percent more than in 1985.

Findings of delinquent conduct or conduct indicating a need for supervision (C.I.N.S.) were entered in 99 percent of the cases adjudicated. Findings of no delinquent conduct or no conduct indicating a need for supervision were entered in one percent.

Juvenile Probations Increase

Of those children found to be delinquent or in need of supervision, 80.9 percent were placed on formal probation, as compared to 94.5 percent in 1986. Where probations were granted, 7,419 (or 80.6 percent) of the children were placed in the care of their parents; 1,635 (or 17.8 percent) were placed in residential care facilities; and 141 (or 1.5 percent) were placed with foster parents.

Children found to be delinquent were ordered confined to a Texas Youth Commission facility in 21.7 percent of the cases.

During fiscal year 1987, 132 children were certified to be tried as adults, down from 163 children in 1986.

Other actions taken by juvenile courts during the fiscal year included the holding of 16,263 detention hearings and 859 hearings on motions to modify court orders.

JUSTICE OF THE PEACE COURTS Analysis of Activity for the Year Ending August 31, 1987

The Judicial Council determined from various sources that there were 941 justices of the peace in Texas during the state fiscal year ending August 31, 1987. Each justice was asked to submit a one-page monthly report to the Council on activity in that court. Statewide, the Council received 8,869 reports out of a possible 11,292 for the year (a 79 percent reporting rate).

Sixty-three Percent of Filings are Traffic Cases

Criminal misdemeanor cases comprised 88 percent of the cases filed in the reporting courts. Of these misdemeanor filings, 71 percent were traffic cases (63 percent of all cases filed). During the fiscal year, 1,454,075 traffic cases were reported filed. Non-traffic criminal cases comprised 29 percent of the criminal cases filed. Civil cases provided 12 percent of the new cases filed. Nineteen percent of all civil filings were small claims suits, 43 percent were forcible entry and detainer suits, and 38 percent were other civil actions.

In addition to cases filed, the reporting courts held 8,836 hearings to determine if a peace bond should be issued. In their capacity as a state magistrate, the reporting justices of the peace accepted 54,154 complaints within the jurisdiction of the county courts and 58,880 within the jurisdiction of the district courts (felonies). There were 1,586 examining trials

held (preliminary hearings of district or county court cases) and 13,864 inquests conducted. Drivers license suspension hearings totaled 36,868. Also, 5,047 search warrants were issued, and 124,578 defendants charged with county or district court offenses were given statutory warnings. Arrest warrants were issued for 502,990 persons. Emergency mental commitment hearings were conducted on 4,918 occasions, and 12,565 matters relating to juveniles were transacted.

Justices of the peace reported the disposition of cases in two major categories: prior to trial, including dismissals (other than those granted after completing defensive driving or deferred disposition), and at trial. Seventy-four percent of all cases were disposed of before trial, 16 percent at trial, and 10 percent were dismissed after the defendant completed a defensive driving course, a period of deferred disposition, or provided proof of financial responsibility for the operation of a motor vehicle,

Looking at traffic cases only, 20 percent were dismissed (either prior to trial of after trial) and 8 percent were disposed of by trial. The remaining 72 percent were disposed of prior to trial, 99 percent of those by payment of fine. Of the 8 percent that went to trial, 99 percent of the cases were tried before the judge alone and the remaining cases were tried before a jury. When traffic cases went to trial, the defendant was found guilty in 93 percent of the cases tried

Prior to Trial

By Dismissal

before the judge alone and in 76 percent of the cases tried before a jury.

Concerning non-traffic criminal cases, 63 percent were disposed of prior to trial by payment of fine of forfeiture of a deposit made to insure appearance. Fifteen percent went to trial. Of those that went to trial, 99 percent were before the judge without a jury. Guilty findings were made in 91 percent of the trials before a judge alone and in 71 percent of the jury trials.

A much higher percentage (73 percent) of all civil suits went to trial than did criminal cases (16 percent). Twenty-seven percent of the civil suits were dismissed before trial. Of the cases that went to trial, 99 percent were before the judge alone and the remainder before a jury.

The courts reported the disposition of 1,938,696 cases, which is 84 percent of the 2,320,204 filed, up from 81 percent during the

previous year. Appeals were filed in 24,814 cases tried in the justice of the peace courts, or a little more than one percent of the cases disposed.

Reported Revenues Top \$81 Million

Total revenue collected by the reporting courts during the year ending August 31, 1987, was \$81,701,537, slightly higher than the previous year. This revenue becomes part of the treasury of the county where the court is located except for certain court costs on each case which are remitted to special funds of the State.

Finally, justices of the peace reported holding 107,914 conferences prior to any legal action being filed in their courts. These conferences resulted in 54,485 causes not being filed as formal cases. (Information on such conferences is not compiled by all reporting justices.)

CAUTIONARYSTATEMENT

Perhaps more caution should be used in drawing general conclusions from court statistics than from statistics on other subjects. The included data do not attempt to portray everything courts or judges do, or how much time is spent on court-related activities not represented by these court statistics.

Particularly the county court judges, justices of the peace, and municipal court judges spend a large amount of time counseling with the people in their communities, and as a result of this counseling, many cases are not filed. In addition, as a result of their official position, many of these judges have non-judicial responsibilities in the community which are not reflected in these statistics.

It is important to note that reported totals for justice of the peace and municipal courts do not reflect 100% of the activity of those courts, as not all of these courts have submitted reports on the activity of their courts to this office.

One final caution: Because of the large number of courts in Texas and the huge volume of court activity, reporting errors are bound to occur. The staff of the Texas Judicial Council and the clerks of the court work closely to keep such reporting errors to a minimum. When errors are found after publication of an Annual Report, adjustments are made in pending case figures at the beginning of the following year.

MUNICIPAL COURTS

Analysis of Activity for the Year Ending August 31, 1987

Each of the 840 municipal courts operating in Texas cities during the year ending August 31, 1987, was asked to submit a one-page monthly report to the Texas Judicial Council on activity in the court. Statewide, the Council received 7,974 reports out of a possible 10,080 for the year (79 percent).

Traffic Cases Dominate Dockets

Traffic cases comprised 91 percent of the cases filed in the reporting courts. A total of 6,134,971 traffic cases were filed in these courts during the year. Non-traffic criminal cases accounted for the other 9 percent of the cases filed.

Of new traffic cases filed, 68 percent were for non-parking violations with the remaining 32 percent for parking-related offenses. Seventy-eight percent of non-traffic cases filed were for state law violations with 22 percent related to local ordinances.

In the municipal judges' capacity as a state magistrate, the reporting judges accepted 48,600 complaints within the jurisdiction of the county

courts and 24,291 within the jurisdiction of the district courts (felonies). A total of 327 examining trials (preliminary hearings of district or county court cases) were held, and 108 inquests were conducted by municipal judges. Drivers license suspension hearings totaled 7,626. There were 19,596 search warrants issued, 784,425 arrest warrants issued, and 90,995 defendants charged with county or district court offenses were given statutory warnings. In addition, 462 emergency mental commitment hearings were held and 5,936 matters relating to juveniles were conducted.

Municipal courts reported the disposition of cases in two major categories: prior to trial, including dismissals (other than those dismissed after completing a defensive driving course), and at trial. Seventy-seven percent of all cases were disposed of before trial, 13 percent at trial (after appearance before the judge) and 10 percent were defensive driving dismissals, dismissals following completion of deferred disposition, or dismissals following proof of financial responsibility.

Figure 15. MUNICIPAL COURTS

Types of dispositions of cases, year ending August 31, 1987

Looking at traffic cases only, 32 percent were dismissed (either prior to trial of after trial) and 11 percent went to trial. Of the 11 percent that went to trial, more than 99 percent of the cases were tried before the judge alone and the rest before a jury. When traffic cases went to trial, the defendant was found guilty in 87 percent of the cases tried before the judge alone and in 71 percent of the cases tried before a jury.

Concerning non-traffic criminal cases, 52 percent were disposed of prior to trial by payment of fine or forfeiture of a deposit made to insure appearance, 24 percent were disposed of at trial, and 24 percent were dismissed. Of those that went to trial, 99 percent were before the judge without a jury. Guilty findings were made in 89 percent of the trials before the judge alone and in 55 percent of the jury trials.

The courts reported disposing of 5,352,529 cases, which is 79 percent of the 6,746,549 filed. In the pievious year, 82 percent were disposed. Of the convictions, 77,504 cases were appealed from the municipal courts, a little more than 1.4 percent of the total cases disposed.

Reported Revenues Top \$160 Million

Total revenue collected by the reporting courts during the year ending August 31, 1987, was \$160,326,687, two percent more than during the previous year. This revenue becomes a part of the treasury of the city in which the court has jurisdiction except for certain court costs on each case which are remitted to the special funds of the State.

MUNICIPAL COURTS Explanation of Case Categories

1. <u>Traffic Misdemeanors</u>. This category includes all class C misdemeanor violations of the traffic laws of Texas and other violations of laws relating to the operation or ownership of a motor vehicle. Maximum punishment is by fine only, not to exceed \$200.

Non-Parking includes all those violations which do not involve offenses for improper parking (for example, Speeding, Stop Sign, Red Light, Registration, etc.).

Parking includes those offenses, by state law or city ordinance, which involve the improper standing of a vehicle (for example, Parking on Highway Right of Way, Within an Intersection, Overparking, etc.).

2. Non-Traffic Misdemeanors. This category

includes all other class C misdemeanor criminal violations.

State Law violations are those usually found in the Penal Code of Texas and associated state laws (for example, Public Intoxication, Disorderly Conduct, Assault, Theft under \$20, Parks and Wildlife Violations, etc.). Maximum punishment is by fine only, not to exceed \$200.

City Ordinance violations are those non-traffic offenses found in the ordinances of the city (for example, Dog Running at Large, Plumbing Code Violation, etc.). Ordinance violations involving litter, fire safety, zoning, public health, and sanitation, are punishable by fines only, up to a maximum of \$1,000. Punishment for violation of other types of city ordinances is limited to fines only, not to exceed \$200.

CAUTIONARYSTATEMENT

Perhaps more caution should be used in drawing general conclusions from court statistics than from statistics on other subjects. The included data do not attempt to portray everything courts or judges do, or how much time is spent on court-related activities not represented by these court statistics.

Particularly the county court judges, justices of the peace, and municipal court judges spend a large amount of time counseling with the people in their communities, and as a result of this counseling, many cases are not filed. In addition, as a result of their official position, many of these judges have non-judicial responsibilities in the community which are not reflected in these statistics.

It is important to note that reported totals for justice of the peace and municipal courts do not reflect 100% of the activity of those courts, as not all of these courts have submitted reports on the activity of their courts to this office.

One final caution: Because of the large number of courts in Texas and the huge volume of court activity, reporting errors are bound to occur. The staff of the Texas Judicial Council and the clerks of the court work closely to keep such reporting errors to a minimum. When errors are found after publication of an Annual Report, adjustments are made in pending case figures at the beginning of the following year.
