### ACKNOWLEDGEMENTS

We would like to express our appreciation to the many individuals in both New York State and local government agencies whose cooperation and support made this publication possible. A special thank you is extended to Gerald Luciano for graphic designs he created for the publication and to the secretarial staff in the Office of Justice Systems Analysis, in particular to Joan Burgess, Lynne Ferluge and Carol Novak, for their assistance in the preparation of this publication. Also a very special thanks to Sharon Lansing whose dedication and labor have made this publication possible.

## INTRODUCTION

## INTRODUCTION

This is the fifth annual Criminal Justice Profiles report published by the New York State Division of Criminal Justice Services.

Originally conceived as an aid for criminal justice practitioners in policy formulation, this publication brings together data from a variety of sources to provide a comprehensive picture of criminal justice activities within New York State, New York City, and each of the counties in the State. These activities span the system's major processing points beginning with the number of index crimes known to the police and ending with the number of offenders under parole supervision. The 1987 data are compared to the 1983 data. In addition, the 1987 data are highlighted using population based rates and county rankings based on these rates for index crimes known to the police, arrests, probation, county jail and penitentiary, state prison, and parole activity. The rates provide a standardized measure that permits a county by county comparison of criminal justice activity by controlling for population size. Appendix B presents a State summary by county of the population rates and rate ranks along with a summary of the percent distribution for indictment, disposition, conviction, and sentencing activities for both 1986 and 1987.

In addition to providing statistics for all facets of the criminal justice process, the New York State criminal justice profile also presents relevant demographic and socioeconomic data, along with criminal justice local assistance funding and State correction and youth facilities data. The funding information presented for criminal justice local assistance programs and the budget, capacity, and staffing information presented for State correction and youth facilities provide a measure of the economic impact each have on the counties in which they are operated.

Appendix A contains notes on the analyses utilized, sources of data, units of count, offender types, and offense categories. As mentioned earlier, Appendix B presents a State summary by county of selected statistics from both the "demographic and socioeconomic characteristics" and "crime and criminal justice activity" tables in Section II and Section III, respectively. Appendix C provides a State summary by county of the percent of dispositions reported to the Division of Criminal Justice Services. Maps showing the location of Department of Correctional Services facilities and Division for Youth facilities are presented in Appendix D. Appendix E contains a list of offenses counted as violent felonies. Descriptions of the local assistance programs are contained in Appendix F. Both Appendix G and Appendix H provide supplementary fiscal information for criminal justice local assistance funding in the State profile.

To facilitate the publication's use as a statistical reference for criminal justice activity within a county or region, the data have been organized by county rather than activity. Each profile uses a standardized table format for the presentation of data.

This year the Division of Criminal Justice Services will only be producing the New York State Profile. While the twelve regional volumes of the publication will not be produced, county level data comparable to that published in previous editions will be available upon request.

An order form for additional copies of this publication can be found on the last page of this volume.

REGIONS and COUNTIES

ORGANIZATION OF THE PROFILE

## ORGANIZATION OF THE PROFILE

The profile presented for New York State is organized into five sections. The contents of each section are described below.

### SECTION I CRIMINAL JUSTICE AGENCIES

State Agencies - See page 15

### SECTION II DEMOGRAPHIC & SOCIOECONOMIC CHARACTERISTICS

Table 1	Population Demographics: 1980
Table 2	Educational Attainment of Population 25 Years of Age or Older: 1980
Table 3	Population and Density Per Square Mile: 1983-1987
Table 4	Per Capita Income: 1983-1986
Table 5	Public High School Dropouts: 1982-83 to 1986-87
Table 6	Unemployment: 1984-1987
Table 7	Public Assistance: 1983-1987

### SECTION III CRIME & CRIMINAL JUSTICE ACTIVITY

Table 1	Index Crimes Known to the Police
Table 2A	Felony and Misdemeanor Arrests
Table 2B	Felony and Misdemeanor Arrests: January thru June 1988
Table 2C	Arrests for Selected Offenses
Table 2D	Arrests for Possession and Sale of Drugs
Table 2E	Felony and Misdemeanor Arrests for DWI Offenses
Table 3A	Felony Indictments
Table 3B	Felony Indictments: January thru June 1988
Table 4A	Dispositions Resulting from Felony and Misdemeanor Arrests
Table 4B	Dispositions Resulting from Felony Arrests

SECTION III CRIME & CRIMINAL JUSTICE ACTIVITY - Continued

Table 5A	Felony, Misdemeanor, and Lesser Offense Convictions Resulting from Felony and Misdemeanor Arrests
Table 5B	Felony, Misdemeanor, and Lesser Offense Convictions Resulting from Felony Arrests
Table 6A	Sentences as a Percent of Total Convictions
Table 6B	Sentences as a Percent of Felony Convictions and Misdemeanor and Lesser Offense Convictions
Table 7A	Probation Department Activity
Table 7B	Probation Revocations
Table 8A	Alternatives to Incarceration: Demonstration Projects
Table 8B	Alternatives to Incarceration: Classification/ Alternatives Bill Programs - Pretrial Release
Table 8C	Alternatives to Incarceration: Classification/ Alternatives Bill Programs - Community Service
Table 8D	Alternatives to Incarceration: Classification/ Alternatives Bill Programs - Defender-Based Advocacy
Table 8E	Alternatives to Incarceration: Classification/ Alternatives Bill Programs - Specialized Alternatives
Table 9A	County Jail and Penitentiary Admissions
Table 9B	County Jail and Penitentiary Capacity and Population
Table 9C	Admissions to State Prison
Table 10A	New Court Commitments to State Prison
Table 10B	Inmates Under Custody in State Prison on December 31
Table 11A	Parole Supervision Cases
Table 11B	Revoked and Returned Parolees
Table 12	Juvenile Offender Arrests, Indictments, and Dispositions

#### SECTION IV LOCAL ASSISTANCE FUNDS

Table 1	Agency Funding Summary
Table 2	Department of Correctional Services
Table 3	Crime Victims Board
Table 4	Division of Criminal Justice Services
Table 5	Division of Probation and Correctional Alternatives
Table 6	Division of Parole
Table 7	Division for Youth

#### SECTION V STATE CORRECTIONAL FACILITIES

Table 1A	Facilities Capacity and Staff Summary
Table 1B	Facilities Operating Budget Summary
Table 1C	Facilities Capital Improvement Budget Summary

VIOLENT	33,824	3.72%
OTHER	58,805	8.81%
MISDEMEANOR	149,464	.02%

(1) Preliminary data.

(2) Increases or decreases in the number of felonies and misdemeanors between these two periods reflect in part changes in Section 155 of the Penal Law which became effective on 1/1/87; some larceny offenses that were classified as felonies prior to this date are now classified as misdemeanors.

SOURCE: Division of Criminal Justice Services, Arrests and Processing Trends File.

Table 2C  
ARRESTS FOR SELECTED OFFENSES(1)  
(Adults Only)

	Number of Arrests				1987 Arrests Per 100,000 Population	% Change 83 vs 87	
	1983	1984	1985	1986			
MURDER	1,560	1,367	1,332	1,420	1,473	8.3	-5.6%
FORCIBLE RAPE	1,977	2,116	2,155	2,141	2,206	12.4	11.6%
ROBBERY	19,597	20,231	19,713	22,716	23,122	129.7	18.0%
AGGRAVATED ASSAULT	19,802	22,242	22,948	24,844	25,726	144.3	29.9%
BURGLARY	22,418	20,688	19,472	20,552	21,360	119.8	-4.7%
LARCENY(2)	66,893	65,818	68,234	75,523	82,002	460.0	22.6%

(1) NYS Penal Law codes for the most serious felony and misdemeanor charge in an arrest event have been organized by UCR Index crime categories to allow more meaningful comparisons with the UCR Index crime data presented in Table 1 of Section III. The unit of count for arrest data, the arrest-event, differs from those used for Index crimes (see Appendix A). Also, these arrest data reflect only adult arrests (i.e., persons age 16 years of age or older at time of arrest); crimes committed by persons under age 16 are included in Table 1. Finally, these arrest data do not necessarily reflect clearances of the reported crimes shown in Table 1.

(2) Arrests for the Index crime of "motor vehicle theft" are reported as "larceny" because it is not possible to extract motor vehicle larcenies from the Arrest and Processing Trends File.

SOURCE: Division of Criminal Justice Services, Arrests and Processing Trends file.

FAMILY COURT	13,584	13,313	13,351	14,063	13,237	74.3	-2.6%
CRIMINAL COURT	110,464	120,508	130,258	142,086	151,365	849.2	37.0%
UNDER PROBATION SUPERVISION ON DECEMBER 31	89,390	97,441	108,116	114,766	118,887	667.0	33.0%
FAMILY COURT	7,142	7,125	7,198	7,209	6,682	37.5	-6.4%
CRIMINAL COURT	82,248	90,316	100,918	107,557	112,205	629.5	36.4%

(1) Intake occurs only in family court.

(2) The total number of probation cases supervised during a given year; i.e., probation cases carried over from the previous year (cases under supervision on December 31) plus those received during the year.

NOTE: Cases reflect events associated with persons. A person can have more than one event (e.g., sentence to probation, intake complaint, pre-sentence investigation). The case counts are, therefore, not body counts.

(1) A Juvenile Offender is a person 14 or 15 years of age who is criminally responsible for a specified felony act(s) (see Appendix E); and a person 13 years of age who is criminally responsible for an act which constitutes second degree murder as defined in subdivisions one and two of Section 125.25 of the New York State Penal Law. Criminal courts have original jurisdiction over juvenile offenders who are prosecuted as adults. A criminal court can waive original jurisdiction and remove a "juvenile offender" to family court where that person is reclassified as a "juvenile delinquent".

TOTAL	214,860.7	243,177.1	359,999.1	310,640.4	44.5%	356,608.3	376,075.1

(1) The NEW YORK STATE summary includes local assistance funds that are not reported in "county" profiles because the funds were awarded to agencies (e.g., the State Police or the Public Defenders Association) that do not provide county-specific services. Appendix G includes local assistance funds awarded to agencies in New York City that provide services citywide. Appendix H includes local assistance funds awarded to agencies that provide services statewide and are disbursed in a manner which precludes accounting for them at either the county or the New York City level. In addition, Statewide "appropriation" may include funds that had not yet been disbursed at the time these data were submitted for this publication.

(2) On April 1, 1985, the Alternatives to Incarceration Program was transferred from the Division of Criminal Justice Services and combined with the Division of Probation to form the Division of Probation and Correctional Alternatives. The Alternative to Incarceration Program expenditures from FY 1982-83 through 1984-85 are included with the expenditures reported for this newly formed agency.

(3) The FY 1985-86 DFY budget increased 58 percent over the appropriation for the previous fiscal year as a result of Governor Cuomo's recommendation. This increase allowed DFY to pay for current programs and also eliminate arrearages.

(4) The Office of the State Comptroller administers this program.

(5) The responsibility for the administration of this program was transferred from the Division of Parole to the Division of Substance Abuse Services in FY 1987-88. Funds for this program were first appropriated in FY 1986-87; these funds were reappropriated for FY 1987-88 and FY 1988-89.

(1) Local correctional facilities are reimbursed for expenditures from the "statewide" lump-sum appropriation for this program. At the time of publication a complete delineation of funds was not available. Please note that \$23,350,520 appropriated statewide for Felons actually includes in that amount an appropriation for Coram Nobis.

(2) This program component was implemented in FY 1985-86. Local correctional facilities are reimbursed for expenditures from the "statewide" lump-sum appropriation for this program.

(3) This program was implemented in FY 1983-84 and is funded through the State Operations Budget. No funds were appropriated for this program in FY 1985-86.

NOTE: Appendix G includes local assistance funds awarded to agencies in New York City that provide services citywide. Appendix H includes local assistance funds awarded to agencies that provide services statewide and are disbursed in a manner which precludes accounting for them at either the county or the New York City level. In addition, Statewide "appropriation" may include funds that had not yet been disbursed at the time these data were submitted for this publication.

FOOTNOTES - TABLE 4

Division of Criminal Justice Services  
Local Assistance Program Funding

- (1) This program was implemented in FY 1984-85. FY 1985-86 appropriation of \$1,000,000 was reappropriated for FY 1986-87 and again for FY 1987-88 at the State and Statewide (appendix H) level. At the Citywide level (Appendix G), FY 1984-85 funds were awarded to the Special Narcotics Prosecutor. The FY 1985-86 appropriation was transferred to the Target Crime Initiative Program (TCI). Citywide funds were not appropriated for FY 1986-87.
- (2) Agencies are reimbursed for expenditures from the "NYC" and "Statewide" (non-NYC) lump sum appropriations for this program.
- (3) FY 1985-86 was the first year the State received these federal block grant funds. Expenditures and estimated appropriations for this federally funded program are based on the State's fiscal year.
- (4) Expenditures and estimated appropriations for this federally funded program are based on the State's fiscal year.
- (5) This federally funded program was implemented in FY 1987-88. Appropriations are based on the State's fiscal year.
- (6) This Act was established in FY 1983-84.
- (7) In FY 1984-85 the administration of this program was transferred from the Department of Labor to the Division of Criminal Justice Services. At the Citywide (Appendix G) and Statewide (Appendix H) levels, county level expenditures for FY 1983-84 are not readily available. Agencies are reimbursed for expenditures from the 'Statewide' lump-sum appropriation for this program. Unallocated FY 1985-86 monies were reappropriated for FY 1986-87.
- (8) This program was implemented in FY 1984-85.
- (9) This program was implemented in FY 1983-84. Three former existing programs were merged to form TCI: the State Felony Program, the Major Violent Offense Trial Program, and the Major Offense Prosecution Program. At the Citywide level (Appendix G) FY 1983-84 program funds are designated for all program components in the county except the District Attorney.
- (10) This program was implemented in FY 1985-86. In FY 1986-87 this program's funding was combined with the Transit Strike Force Program.
- (11) This program was implemented in FY 1983-84. Expenditures for FY 1986-87 and appropriations for FY 1988-89 include those of the Transit Crime Interdiction Program.
- (12) Monies included in this category were awarded to counties for a variety of purposes and are not included under any of the other program listings. Most of these fundings include expenditures and appropriations for the Westchester Datafacs, Suffolk Re-Route Transitional Program for Ex-Offenders, Community Patrol Officer Program, Nassau County Rape Victims Services, NYC School Security Officer Program, Law Guardian Backup Center as well as monies appropriated to localities for warrant expedition.

NOTE: APPENDIX G includes local assistance funds awarded to agencies in New York City that provide services citywide. APPENDIX H includes local assistance funds awarded to agencies that provide services statewide and are disbursed in a manner which precludes accounting for them at either the county or the New York City level. In addition, Statewide "appropriation" may include funds that had not yet been disbursed at the time these data were submitted for this publication.

APPENDIX A  
EXPLANATORY NOTES

## EXPLANATORY NOTES

### ANALYSES

The statistics presented in this document include frequencies, percents, percent changes, rates, and rate rank scores.

Percent changes are sensitive to relatively small changes in absolute numbers when the numbers used to calculate the percent changes are low. In addition, the percent change is not a valid indicator of change when the number reported for the base year (the 1983 calendar year or the 1983-84 fiscal year) is zero. In such instances the notation "NA" is used.

Rates are ranked from high to low; e.g., if the rates for an activity in the 62 counties ranged from 200.0 to 50.0 per 100,000 population, the highest rate (200.0) would be ranked one (1) and the lowest rate (50.0) would be ranked 62. Rank values for both the public assistance data and the county jail and penitentiary data reflect the rankings for only the 57 non-New York City counties, making the range for rank values of these data one (1) to 57. It is important to note that the rank calculations do not take into consideration the magnitude of the differences between the ranked rates. Also, dramatic changes in rank scores should be interpreted with caution. The sensitivity of rates to relatively small changes in absolute numbers increases as the size of the population decreases. For example, an increase of one (1) in a given activity in a county with 5,000 residents will cause the value of the rate to increase by 20, while an increase of one (1) in a county with 50,000 residents will cause the value of the rate to increase by only two (2). One should also note that in some instances differently ranked counties appear to have the same rate, when in fact the rates are actually rounded from four decimal places.

The Bureau of Census provisional population estimates for 1987 that are reported in Section I were used for all population-based rate calculations presented in the briefing book with the exception of those reported for "Index Crimes Known to the Police" (Section III: Table 1). Index crime rates were calculated using population estimates provided by the Federal Bureau of Investigation. These population data were used rather than the Bureau of Census population data to maintain comparability with Index crime rates reported in the annual NYS Crime and Justice publication. FBI population data are used because the production of this annual publication begins before the more authoritative Bureau of Census population data become available.

The New York State Department of Motor Vehicles provided the data on licensed drivers in New York State that was used to calculate the rate of DWI arrests per 1,000 licensed drivers (Section III: Table 2-E).

### SECTION I CRIMINAL JUSTICE AGENCIES

Criminal justice agencies located within or providing direct services to the county are presented in this section.

## SECTION II DEMOGRAPHIC & SOCIOECONOMIC CHARACTERISTICS

The demographic and socioeconomic data presented in this section were provided by a number of sources.

- o NYS Department of Commerce (personal per capita income data)
- o NYS Department of Education (high school dropout data)
- o NYS Department of Labor (labor force data)
- o NYS Department of Social Services (public assistance program data)
- o New York State Statistical Yearbook: 1983-84 (square miles and 1970-80 population change data)
- o U.S. Bureau of the Census (population, age, race, and ethnicity data)

## SECTION III CRIME AND CRIMINAL JUSTICE ACTIVITY

It is important to note that in instances where multiple offenses are reported for an event, the offense classification for the event is generally determined by the most serious offense reported for that event. However, the criteria which agencies have developed to rank crimes by seriousness may differ among the statistical systems operated by State agencies. As a result, a robbery that is identified as the most serious offense in a multiple crime event by one agency may not be identified as the most serious crime that occurred during an event by another agency.

The characteristics of the data presented in Section III vary across tables. Table 1 in this appendix defines data populations, units of count, offender types, and offense categories by table. The data sources are also identified.

## SECTION IV LOCAL ASSISTANCE FUNDS

The expenditures and appropriations for local assistance programs funded with federal monies are based on the State's fiscal year.

## SECTION V STATE CORRECTIONAL FACILITIES

DOCS capacity data reflect both housing and "other" categories, such as transit units and reception centers; they exclude temporary spaces, Special Housing Unit cells, and hospital spaces. DFY capacity data reflect the number of youths that can be housed at a facility and is contingent upon both available space and number of staff.

DOCS staff data reflect both full-time and part-time staff, while DFY staff data reflect full-time equivalent staff.

The operating budget and capital improvement budget expenditures include monies spent both within and outside the county. The DOCS facility-based budget does not include centralized billings. DFY's facility-based budget excludes centralized billings and monies budgeted for regional offices and aftercare workers.

TABLE 1 Characteristics of Data Presented in Section III: Crime and Criminal Justice Activity

Table	Population	Unit of Count	Offender Type	Offense Category	Source & Remarks	
Table 1	INDEX CRIMES KNOWN TO THE POLICE	Index offenses known to law enforcement agencies in New York State for a given year.	Victim-based: murder forcible rape aggravated assault Structure-based: burglary Event-based: robbery larceny (excluding motor vehicle theft) Vehicle-based: motor vehicle theft	Not applicable.	FBI Index offense definitions spanning felonies and misdemeanors for the specified offenses.	NYS Division of Criminal Justice Services, Uniform Crime Reporting System.
The unit of count is based on the most serious offense in a crime event.						
Table 2A	FELONY AND MISDEMEANOR ARRESTS	Adult felony and misdemeanor arrest events that occurred during a given year.	An arrest event. The most serious charge placed against an offender for an arrest event is counted except for violent felony counts which reflect arrest events that included at least one charge for a violent felony offense listed in Appendix E.	Adult *	Felony Arrests Misdemeanor Arrests	NYS Division of Criminal Justice Services, Arrests and Processing Trends File.
Table 2B	FELONY AND MISDEMEANOR ARRESTS: January through June, 1988					
Table 2C	ARRESTS FOR SELECTED OFFENSES					
Table 2D	ARRESTS FOR POSSESSION AND SALE OF DRUGS	Adult felony and misdemeanor arrest events occurring during a given year that include at least one charge for drugs (New York State Penal Law - Sections 220 and 221).	An arrest event.			NYS Division of Criminal Justice Services, Drug Arrests and Processing Trends File.
Table 2E	FELONY AND MISDEMEANOR ARRESTS FOR DWI OFFENSES	Adult felony and misdemeanor arrest events occurring during a given year that include at least one charge for a DWI offense (Vehicle and Traffic Law: State of New York - Section 1192).				NYS Division of Criminal Justice Services, DWI Arrest and Processing Trends File.

TABLE 1 Characteristics of Data Presented in Section III: Crime and Criminal Justice Activity - Continued

Table	Population	Unit of Count	Offender Type	Offense Category	Source & Remarks
Table 3A	FELONY INDICTMENTS	Felony indictments and superior court informations filed during a given year.	Defendant-indictment/superior court information(SCI) based; each defendant named in an indictment/SCI is counted. The most serious charge placed against a defendant is counted except for violent felony counts which reflect indictments/SCI's that include at least one charge for a violent felony offense listed in Appendix E.	Adult * Juvenile Offender **	Felony Indictments/ Superior Court Informations.  NYS Division of Criminal Justice Services, Indictment Statistical System.
Table 3B	FELONY INDICTMENTS: January through June, 1988				
Table 4A	DISPOSITIONS RESULTING FROM FELONY AND MISDEMEANOR ARRESTS	Dispositions occurring during a given year that resulted from adult felony and misdemeanor arrest events which occurred after December 31, 1969.	Disposition based; each arrest event that resulted in a disposition is counted. Counts are based on the year of sentencing for convictions and on the year of disposition for acquittals, dismissals, not prosecuted, and "other" dispositions. "Other" includes cases disposed by civil procedure, abated by the death of a defendant, etc.	Adult *	Convictions for: Felony Offenses Misdemeanor Offenses Lesser Offenses  NYS Division of Criminal Justice Services, Arrest and Processing Trends File.
Table 4B	DISPOSITIONS RESULTING FROM FELONY ARRESTS	Dispositions occurring during a given year that resulted from adult felony arrest events that occurred after December 31, 1969.			(Not applicable for acquittal, dismissal, and "other" dispositions.)
Table 5A	FELONY, MISDEMEANOR, AND LESSER OFFENSE CONVICTIONS RESULTING FROM FELONY AND MISDEMEANOR ARRESTS	Conviction dispositions, for which sentences were imposed during a given year, that resulted from adult felony and misdemeanor arrest events that occurred after December 31, 1969.	Conviction based; each arrest event resulting in both a conviction and sentence is counted. Only the most serious charge is counted except for violent felony counts which reflect conviction events that include at least one conviction charge for a violent felony offense listed in Appendix E.	Adult *	Convictions for: Felony Offenses Misdemeanor Offenses Lesser Offenses  NYS Division of Criminal Justice Services, Arrest and Processing Trends File.
Table 5B	FELONY, MISDEMEANOR, AND LESSER OFFENSE CONVICTIONS RESULTING FROM FELONY ARRESTS	Conviction dispositions, for which sentences were imposed during a given year, that resulted from adult felony arrest events that occurred after December 31, 1969.

TABLE 1 Characteristics of Data Presented in Section III: Crime and Criminal Justice Activity - Continued

Table	Population	Unit of Count	Offender Type	Offense Category	Source & Remarks	
Table 9C	ADMISSIONS TO NEW YORK STATE PRISON	Admissions to NYS prison during a given year.	Inmate based; parole detainees are not counted as part of the admissions or under custody population. Only the most serious conviction offense is counted. Offenses counted as violent felonies are listed in Appendix E.	Adult *	Felony Convictions	NYS Department of Correctional Services.
Table 10A	NEW COURT COMMITMENTS TO STATE PRISON	New court commitments to NYS prison during a given year.				The "under custody" counts may differ slightly from data presented in reports and publications released by DOCS.
Table 10B	INMATES UNDER CUSTODY IN STATE PRISON ON DECEMBER 31	A census of inmates under custody in NYS prison on December 31 of a given year.				
Table 11A	PAROLE SUPERVISION CASES	Inmates released to the NYS Division of Parole for supervision within the State.  Parole supervision cases supervised during a given year i.e., parole cases received during a given year plus parole supervision cases carried over from December 31 of the previous year).  Parole supervision cases under supervision on December 31 of a given year.	Case based (one person per case).	Adult * Juvenile Offender **	Convictions for: Felony Offenses Misdemeanor Offenses	NYS Division of Parole.  The increase in parole revocations resulting from new felony convictions reflects legislative changes and improved efficiency of the parole revocation process. A primary factor was the passage of legislation, incorporated into the Division's rules and regulations effective November 1, 1984, authorizing the Parole Board to issue a final declaration of delinquency for releasees convicted of new felonies committed under supervision and receiving new indeterminate sentences. A final declaration of delinquency streamlines the violation process in these cases by obviating the need for a final revocation hearing. The streamlined process has resulted in an increased proportion of returns for new convictions.
Table 11B	REVOKED AND RETURNED PAROLEES	Parole supervision cases for which parole was revoked and the parolee returned to prison during a given year.

Counts are based on the year of disposition for acquittals, dismissals, not prosecuted, removed to family court, and "other." Only the most serious sentence in a multiple sentence disposition is counted.</p>	Juvenile Offender **	Arrests, Indictments, and Dispositions for Violent Felony Offenses.	NYS Division of Criminal Justice Services: Juvenile Offenders Arrests and Processing Trends File and the Indictment Statistical System.

\* An adult is an offender who is 16 years of age or older at time of arrest.

\*\* A Juvenile Offender is a person 14 or 15 years of age who is criminally responsible for a specified felony act(s) (see Appendix I); and a person 13 years of age who is criminally responsible for an act which constitutes second degree murder as defined in subdivisions one and two of Section 125.25 of the Penal Law. Criminal courts have original jurisdiction over juvenile offenders who are prosecuted as adults. A criminal court can waive original jurisdiction and remove a "juvenile offender" to family court where that person is reclassified as a "juvenile delinquent."

	1986	7,262,700	NA	24,129	NA	10.1	NA	7.3	NA	12.6	NA

\* The monthly average number of persons in public assistance programs is not reported by county for the five New York City boroughs - only for New York City as a whole.

NOTE: Percents presented in this Table have been rounded to the first decimal place, however, the rank scores for percents were calculated using numbers with four (4) decimal places.

Dramatic changes in rank scores should be interpreted with caution. The sensitivity of rates to relatively small changes in absolute numbers increases as the size of the population decreases. For example, an increase of one (1) in a given activity in a county with 5,000 residents will cause the value of the rate to increase by 20, while an increase of one (1) in a county with 50,000 residents will cause the value of the rate to increase by only two (2).

SOURCE: NYS Department of Commerce, Department of Education, Department of Labor, Department of Social Services, and the US Bureau of Census.

NOTE: Dramatic changes in rank scores should be interpreted with caution. The sensitivity of rates to relatively small changes in absolute numbers increases as the size of the population decreases. For example, an increase of one (1) in a given activity in a county with 5,000 residents will cause the value of the rate to increase by 20, while an increase of one (1) in a county with 50,000 residents will cause the value of the rate to increase by only two (2).

NEW YORK CITY	1987	3,733.7	NA	1,772.7	NA	701.5	NA	1,071.1	NA	1,961.0	NA
	1986	3,577.5	NA	1,695.2	NA	692.3	NA	1,002.8	NA	1,882.3	NA

NOTE: Dramatic changes in rank scores should be interpreted with caution. The sensitivity of rates to relatively small changes in absolute numbers increases as the size of the population decreases. For example, an increase of one (1) in a given activity in a county with 5,000 residents will cause the value of the rate to increase by 20, while an increase of one (1) in a county with 50,000 residents will cause the value of the rate to increase by only two (2).

\* NYS Penal Law codes for the most serious felony and misdemeanor charge in an arrest event have been organized by UCR Index crime categories to allow more meaningful comparisons with the UCR Index crime data presented in Table 1 of this appendix. The rank of count for arrest date the arrest-event, differs from those used for Index crimes (see Appendix A). It is also important to note that these arrest data reflect only adult (i.e., persons age 16 or older), while crimes committed by persons under age 16 are included in the Index crime counts. Finally, these data do not necessarily reflect clearances of the reported crimes shown in Table 1.

\*\* Arrests for the Index crime of "motor vehicle theft" are reported as "larceny" because it is not possible to extract motor vehicle larcenies from the Arrests and Processing Trends File.

NOTE: Dramatic changes in rank scores should be interpreted with caution. The sensitivity of rates to relatively small changes in absolute numbers increases as the size of the population decreases. For example, an increase of one (1) in a given activity in a county with 5,000 residents will cause the value of the rate to increase by 20, while an increase of one (1) in a county with 50,000 residents will cause the value of the rate to increase by only two (2).

SOURCE: NYS Division of Criminal Justice Services, Arrests and Processing Trends File.

\* Disposition data are based on the year of sentencing for convictions and on the year of disposition for acquittals, dismissals, not prosecuted, and 'other' dispositions. These data may be affected by the underreporting of dispositions to the Division of Criminal Justice Services (see Appendix F).

SOURCE: NYS Division of Criminal Justice Services, Arrests and Processing Trends File.

\* These data reflect the most serious sentence in multiple sentence dispositions (e.g., sentences including a jail term and a fine have been counted as "local jail"). This distribution of sentence types may be affected by the underreporting of dispositions to the Division of Criminal Justice Services (see Appendix F).

SOURCE: NYS Division of Criminal Justice Services, Arrests and Processing Trends File.

\* These data reflect the most serious sentence in multiple sentence dispositions (e.g., sentences including a jail term and a fine have been counted as "local jail"). This distribution of sentence types may be affected by the underreporting of dispositions to the Division of Criminal Justice Services (see Appendix F).

SOURCE: NYS Division of Criminal Justice Services, Arrests and Processing Trends File.

\* Intake occurs only in family court.

NOTE: Dramatic changes in rank scores should be interpreted with caution. The sensitivity of rates to relatively small changes in absolute numbers increases as the size of the population decreases. For example, an increase of one (1) in a given activity in a county with 5,000 residents will cause the value of the rate to increase by 20, while an increase of one (1) in a county with 50,000 residents will cause the value of the rate to increase by only two (2).

\* The total number of probation cases supervised during a given year; i.e., probation cases carried over from the previous year (cases under supervision on December 31) plus those received during the year.  
 NOTE: Dramatic changes in rank scores should be interpreted with caution. The sensitivity of rates to relatively small changes in absolute numbers increases as the size of the population decreases.  
 For example, an increase of one (1) in a given activity in a county with 5,000 residents will cause the value of the rate to increase by 20, while an increase of one (1) in a county with 50,000 residents will cause the value of the rate to increase by only two (2).

\* Rates based on the number of family and criminal court cases supervised during the year.

\*\* Rates based on the number of family court probation cases supervised during the year.

\*\*\* Rates based on the number of criminal court probation cases supervised during the year.

NOTE: Dramatic changes in rank scores should be interpreted with caution. The sensitivity of rates to relatively small changes in absolute numbers increases as the size of the population decreases. For example, an increase of one (1) in a given activity in a county with 5,000 residents will cause the value of the rate to increase by 20, while an increase of one (1) in a county with 50,000 residents will cause the value of the rate to increase by only two (2).

\* Data are not reported by county for New York City - only for New York City as a whole.

NOTE: Dramatic changes in rank scores should be interpreted with caution. The sensitivity of rates to relatively small changes in absolute numbers increases as the size of the population decreases. For example, an increase of one (1) in a given activity in a county with 5,000 residents will cause the value of the rate to increase by 20, while an increase of one (1) in a county with 50,000 residents will cause the value of the rate to increase by only two (2).

	1986	147.3	NA	80.4	NA	10.1	NA	4.0	NA	42.0	NA	11.7	NA	7.6	NA	5.0	NA	35.3	NA	9.3	NA	26.0	NA	28.7	NA	2.9	NA

NOTE: Dramatic changes in rank scores should be interpreted with caution. The sensitivity of rates to relatively small changes in absolute numbers increases as the size of the population decreases. For example, an increase of one (1) in a given activity in a county with 5,000 residents will cause the value of the rate to increase by 20, while an increase of one (1) in a county with 50,000 residents will cause the value of the rate to increase by only two (2).

	1986	216.6	NA	146.4	NA	37.1	NA	12.8	NA	60.0	NA	19.6	NA	8.2	NA	8.8	NA	33.8	NA	9.0	NA	24.8	NA	34.3	NA	2.1	NA
NEWYORKCITY	1987	397.0	NA	256.2	NA	68.6	NA	16.4	NA	115.1	NA	27.2	NA	16.1	NA	12.8	NA	91.9	NA	20.7	NA	71.2	NA	45.9	NA	3.0	NA
	1986	373.2	NA	260.1	NA	67.0	NA	15.9	NA	120.1	NA	26.7	NA	17.1	NA	13.2	NA	63.8	NA	16.1	NA	47.7	NA	45.7	NA	3.6	NA

NOTE: Dramatic changes in rank scores should be interpreted with caution. The sensitivity of rates to relatively small changes in absolute numbers increases as the size of the population decreases. For example, an increase of one (1) in a given activity in a county with 5,000 residents will cause the value of the rate to increase by 20, while an increase of one (1) in a county with 50,000 residents will cause the value of the rate to increase by only two (2).

	1986	114.9	NA	39.8	NA	29.2	NA	45.8	NA

\* The total number of parolees under supervision during a given year; i.e., parolees carried over from the previous year (cases under supervision on December 31) plus inmates released during the year to the Division of Parole for Supervision.

\*\* The total number of parolees revoked and returned during a given year.

NOTE: Dramatic changes in rank scores should be interpreted with caution. The sensitivity of rates to relatively small changes in absolute numbers increases as the size of the population decreases. For example, an increase of one (1) in a given activity in a county with 5,000 residents will cause the value of the rate to increase by 20, while an increase of one (1) in a county with 50,000 residents will cause the value of the rate to increase by only two (2).

SOURCE: NYS Division of Parole.

Crim. Sale Firearm 1st	265.12	00	D

The following crimes are not designated as "violent felony offenses" but are included as such for statistical purposes:

Murder 2nd	125.25	all	A-1
Murder 1st, Including Attempted	125.27	all	A-1
Kidnapping 1st	135.25	all	A-1
Arson 1st	150.20	all	A-1
Crim. Poss. Weapon 3rd <sup>3</sup>	265.02	00,01,02,03	D

<sup>1</sup>Penal Law of the State of New York, Section 70.02.

<sup>2</sup>An "attempt" to commit this crime is also classified as a "violent felony offense"; an attempt is one felony class lower than the actual commission of the crime.

<sup>3</sup>These offenses are counted as "violent felony offenses" only in the data provided by the NYS Department of Correctional Services.

<sup>4</sup>Effective 11/1/86.

APPENDIX F  
NEW YORK STATE  
LOCAL ASSISTANCE PROGRAM DESCRIPTIONS

## DEPARTMENT OF CORRECTIONAL SERVICES

Board of Prisoners. The Board of Prisoners' account is the only source of local assistance funding administered by DOCS. Funds paid out of the account cover four areas:

o Coram Nobis: Inmates may have to be returned to their county of commitment for court proceedings. When they are, they are housed in the county jail. Counties are reimbursed \$20 per diem for housing these inmates.

o Felons: Persons convicted of "D" and "E" felonies who receive a maximum sentence of less than one year cannot be incarcerated in State facilities. Instead, these sentences are served in county jails. This program reimburses the county at the rate of \$20 per diem.

o Parole Violators: Counties are reimbursed \$20 per diem for housing parole violators until they can be transferred into the State system.

o State Readies: These are convicted felons for whom the committing county has the Department that they are awaiting transfer into the State System. Beginning on 7/1/85, counties were reimbursed \$20 per diem toward the cost of housing those who have been state ready for five days. After the inmate has been state ready five days, reimbursement is retroactive to the first day. Conversely, if an individual is state ready for only one to four days, there is no reimbursement.

Community Treatment Programs. The Department of Correctional Services has in the past, and will again this year, be allowed to enter into agreements to place low-risk inmates, within a year of parole eligibility, into community contract facilities. These 24-hour a day facilities offer drug rehabilitation programs to those inmates who, it is believed, have more of a drug problem than a criminal history. Innovative project components include the use of naltrexone on a pilot basis, intensive vocational rehabilitation services, and on-site supervision by parole officers.

Under the community contract program, the Division of Substance Abuse Services identifies which community beds can be used and arrives at a contract with the local facilities. The program operated with approximately 300 contract beds in 1983 and again in 1984, but was not continued in the 1985-86 fiscal plan. A total of 300 slots for DOCS inmates is proposed for FY 1986-87, at a per inmate per annum cost of \$11,000, versus the \$26,000 a year cost of incarceration in correctional facilities. Given the actual cost of incarceration within the DOCS system, the choice is to imprison one inmate or to treat three in the community. Funding of the program could result in a net savings to taxpayers of \$7 million annually, according to memoranda in support of the legislation.

Prison Transfer to State Facilities. The State reimburses counties for their costs incurred in transporting state-ready inmates to State correctional facilities.

## CRIME VICTIMS BOARD

Crime Victims Compensation Awards. The Crime Victims Compensation Program provides financial assistance to innocent victims of violent crimes. Claims may be filed by the victim of a crime who has incurred personal injuries or by a surviving spouse, parent, child, or other dependent if the victim died as a direct result of the crime. Payments are made for unreimbursed medical and rehabilitative expenses as well as loss of earnings or support. Funeral benefits may be paid to any person who has paid the burial expenses. The program is also permitted to reimburse claimants for transportation costs incurred for necessary court appearances in connection with the prosecution of a crime and for loss or damage to essential personal property. Victims 60 years or older and disabled victims need not be injured to qualify for these last two benefits. Beginning with Federal Fiscal Year 10/1/85 - 9/30/86 the State will receive federal compensation funds on a 35% reimbursement rate; these funds are included in the FY 1985-86 appropriation.

Victim and Witness Assistance Program. In FY 1981-82, the Crime Victims Board initiated the Victim and Witness Assistance Program with \$1.5 million in funding for 22 programs. The number of funded programs has since doubled. Each of the local programs which receives funding provides services in one of five general areas for victims and witnesses:

- o victims of domestic violence,
- o elderly crime victims,
- o victims of sexual assaults,
- o all types of victims, and,
- o court related services.

These programs provide a comprehensive array of assistance services to address the economic, fiscal, psychological, and criminal justice consequences of victimization. Services include: information, referral to other agencies, supportive counseling, psychological counseling, group counseling, application assistance, court notification, court accompanied impact statements, hotline, lock installation, home visits, escort service, and transportation.

The agency has expanded existing programs and initiated new programs with federal funds from the Victims of Crime Act (VOCA) of 1984.

## DIVISION OF CRIMINAL JUSTICE SERVICES

Asset/Forfeiture Legislation. The passage of Article 13-a (CPLR) provided prosecutors in New York State with a new tool to combat crime. This statute allows for the seizure of the proceeds and instrumentalities of crime, thereby reducing the profitability of, and incentive for, illegal activity.

Pursuant to Chapter 669 of the Laws of 1984, \$1 million in State funds were made available to counties participating in the Target Crime Initiative Program (see description below) and the New York City Special Narcotics Prosecutor for the purpose of establishing forfeiture units in local prosecutors' offices. Funds were not appropriated in FY 86-87 for the forfeiture effort because the value of assets seized could be utilized to support the initiative.

Crime Prevention and Protection. This program provides funds for special contractual services, for expenses of programs to prevent crime and protect senior citizens. These appropriations commenced with one award in 1977 and increased to 90 awards in 1985. There was no appropriation for FY 1982-83. Although initially placed in the state purposes portion of the budget, this appropriation now appears in local assistance.

The responsibility for implementation rests with the Commissioner of the Division of Criminal Justice Services, and is administered by the Office of Funding and Program Assistance.

Emergency Felony Case Processing Program. A rapid increasing court backlog led to the passage of the Emergency Felony Case Processing Program (Chapters 496 and 497 of the Laws of 1971. When first enacted, 15 additional court parts were established with State support to expedite the processing of the backlogged felony cases. As a result of court reorganization and consolidation efforts, the historically designated parts have been integrated into the total court system. The N.Y.C. Legal Aid Society and Department of Probation also participate in the program by providing defense services and completing pre-sentence investigations. The State shares with the City of New York the incremental expense of maintaining an enhanced level of criminal court parts, with State aid totaling up to 58% of the cost. Payment of aid is contingent on a matching appropriation from the City of New York for the remaining 42% of expenses.

Indigent Parolee Program. The State provides aid to counties for the legal representation of indigent parolees by private, appointed attorneys and public defense programs, pursuant to Section 250(i) of the Executive Law and Article 18-B of the County Law. The program has existed since 1973 and helps meet the needs of indigent parole violators for competent legal help. By encouraging defense attorneys to provide this assistance quickly and often, this State aid effort also contributes to a more efficient parole revocation process, the elimination of delays, and a reduction in unnecessary incarceration of alleged violators.

Legal services for individuals involved in parole revocations are provided according to a plan that is executed by either the county executive or the board of supervisors of each county or by the governing city in which a county is wholly contained. The plan describes whether the legal assistance purchased

DIVISION OF CRIMINAL JUSTICE SERVICES  
(continued)

will involve the services of a public defender, a private legal aid bureau or society, or an administrator of a bar association appointed-counsel plan. The Division of Criminal Justice Services is responsible for the administration of these funds through a system of reimbursement to the counties.

Justice Assistance Act - Federal Funds. The Division of Criminal Justice Services, through the Juvenile Justice and Federal Programming Unit, administers federal block grant funds received under the Justice Assistance Act. The Justice Assistance Act's block grant program will award New York State \$3,396,000 to support programs in any of 18 federally designated program areas. The Governor's Office, in consultation with members of the legislature, has directed that these funds will support programs in the following areas, subject to necessary federal approvals:

- o Prosecution of White Collar and Organization Crime
- o Violent Predator
- o Pre-Trial Services
- o Enhancement of Child Abuse Prosecution
- o Information Systems
- o Narcotics Enforcement
- o Integrated Criminal Apprehension Program

Juvenile Justice and Delinquency Prevention - Federal Funds. The Division of Criminal Justice Services, through the Juvenile Justice and Federal Programming Unit, administers federal block grant funds received under the federal Juvenile Justice and Delinquency Prevention Act. These funds are utilized by New York State to assist units of local government and State agencies in improving the operations of the juvenile justice system, in efforts to control crime, and to assure the quality of justice in the State. The funds primarily provide seed money to support changes and improvements in the juvenile justice system. Funds are used to support programs in six areas:

- o Delinquency Prevention/Diversion
- o Services for Detained and Incarcerated Youth
- o Dispositional Alternatives
- o Court Processing
- o Monitoring Compliance
- o Systems Planning and Interagency Coordination

Major Offense Police Program (MOPP). This program provides State funds to nine of the largest police agencies in the State to target violent offenders, career criminals, and narcotics traffickers. The cities of New York, Rochester, Syracuse, and Nassau and Suffolk counties have identified career criminals who receive special case processing by the Detective Bureau when arrested for felony offenses. The City of Buffalo established separate task forces dealing with robbery, burglary, and sex crimes to identify and apprehend career offenders. Rockland and Orange counties created county-wide task forces comprised of local police officers and county district attorney investigators to target major narcotics traffickers. In Westchester, Nassau, and Suffolk counties M.O.P.P funds supplement existing narcotics investigations through the addition of

DIVISION OF CRIMINAL JUSTICE SERVICES  
(continued)

personnel and "buying-money." In 1984, M.O.P.P. funds supported 199 sworn police personnel, one assistant district attorney, and nine support staff who conducted intensive investigations against "career criminals" who were violent or repeat felons. M.O.P.P. personnel in the nine localities handled a total of 9,852 cases against the most serious offenders in 1984, up 12% from the 1983 M.O.P.P. total of 8,820 cases.

Mobile Radio District Program. This program seeks to standardize law enforcement radio configurations and enhance communication hardware in municipal law enforcement agencies. Effective April 1, 1983 the Mobile Radio District program was re-enacted by the legislature. The legislature did not appropriate any monies for this program in 1982.

The program that has been in effect for the past fourteen years was a combination of federal and locally funded projects. Since 1982 the program has been State funded.

The responsibility for implementation now rests with the Commissioner of the Division of Criminal Justice Services and is administered by the Bureau for Municipal Police, Mobile Radio District Unit.

Narcotics Control. The federal Anti-Drug Abuse Act of 1986 established a program of grants to State and local agencies for drug law enforcement. Under this Act, the State and localities are eligible for funds under the Narcotics Control Assistance Formula Grant Program. New York State is eligible for \$11,539,000 in federal fiscal year 1987.

The New York State Legislature has identified the following priority areas: apprehension, prosecution and adjudication of persons who violate State and local controlled substances laws, as defined in the penal and public health laws; additional correctional resources for such persons; programs to eliminate the growth and production of controlled substances, programs for drug-dependent offenders; and demonstration programs to identify major offenders and move these offenders expeditiously through the judicial system.

The distribution of funds will be in the ratio of 39.61 between State agency programs and local government programs. These federal funds must be matched on a cash basis with one dollar in non-federal funds for every three dollars in federal funds.

Neighborhood Preservation Crime Prevention Act. Established in the Laws of 1983, Chapter 55 by Governor Cuomo and the Legislature, the Neighborhood Preservation Crime Prevention Act made funds available to local not-for-profit organizations (excluding municipalities, except for auxiliary police programs). The funds are awarded on a competitive basis for organizations to operate crime prevention programs.

The responsibility for the implementation of this program rests with the Commissioner of the Division of Criminal Justice Services. It is administered by the Office of Crime Prevention of the Bureau for Municipal Police. The funds supporting NPCPA are in the State purposes portion of the annual budget, but

DIVISION OF CRIMINAL JUSTICE SERVICES  
(continued)

the statute creating this program indicates that the awards are to be made to community-based organizations.

N.Y.S. Defenders' Association. The State has funded the N.Y.S. Defenders' Association since 1981 in order to provide broad-based defender support services on a statewide level. Over the past four years, the Association has provided legal research and consultation on over 4,000 requests by public defense attorneys. Such assistance encompasses legal memoranda, analyses of briefs, consultation, videotaped court simulation, workshops, and training seminars.

The Association is involved in amicus curiae work. It provides a referral service to help defenders obtain expert witnesses, investigators and attorneys with particular expertise, and it collects and disseminates briefs and other material to provide defense attorneys with legal research capabilities. It also provides technical assistance to both State and local governments, provides evaluative seminars and engages in research and data retrieval covering various aspects of the criminal justice system.

Prisoners' Legal Services. Prisoners' Legal Services of New York (PLS) provides legal assistance to inmates of New York's 38 State correctional facilities who have no other legal representation, are financially unable to retain counsel and cannot obtain legal assistance from any other legal services organization. PLS began in 1976 with federal grant funds, and since 1978 has been supported by the State.

With a central office in New York City, Prisoners' Legal Services maintains six field offices, located in Albany, Buffalo, Ithaca, Plattsburgh, Poughkeepsie, and New York. The types of cases handled by Prisoners' Legal Services are grouped into three general categories: 1) post-conviction matters, such as sentence computation and determination of parole eligibility; 2) institutional problems, such as disciplinary procedures and living conditions; and 3) a wide range of civil and domestic law problems, such as matrimonial actions and custody proceedings. These legal services have succeeded in providing for reasonable and satisfactory resolution of inmate problems and grievances. As a result of this kind of assistance to indigent inmates, Prisoners' Legal Services also serves the State's court system, to the extent that it screens complaints from its inmate clients and diverts from the courts' potential litigation which is deemed to be without merit.

Soft Body Armor Reimbursement Program. Effective April 1, 1984 a bill became law which amended the Executive Law in relation to providing for State reimbursement to municipalities, public authorities, and public benefit corporations for expenses incurred in the purchase of soft body ballistic armor vests for police officers. The Soft Body Armor Vest Reimbursement Program was initiated in the Department of Labor in 1981.

Section 837-d of the Executive Law effectively repealed Article 17-a of the Labor Law and empowers the Commissioner of the Division of Criminal Justice Services to certify vouchers for the State Comptroller for reimbursement payments.

DIVISION OF CRIMINAL JUSTICE SERVICES  
(continued)

The responsibility for implementation and regulation now rests with the Commissioner of the Division of Criminal Justice Services. Due to the specific law enforcement nature of the project, the practical operational functioning of the program was assigned in April of 1984 to the Bureau of Municipal Police, Police Training and Administrative Services Section.

No information relative to expenditures is available prior to the Division of Criminal Justice Services' involvement in the project.

Special Narcotics Court Program. The Special Narcotics Court Program (SNP) was initiated by Chapter 462 of the Laws of 1971 as a legislative response to the need for an efficient, specialized, and coordinated narcotics prosecution effort in the City of New York.

Pursuant to this legislation, a Special Narcotics Prosecutor was appointed by the five District Attorneys in New York City. He is centrally located, with offices in lower Manhattan, and is responsible for the citywide prosecution of narcotics cases, as well as convening a special citywide Grand Jury.

In addition to providing for the office of the Special Prosecutor, the legislation provides for the creation of twelve new criminal court parts, primarily concerned with the handling of narcotics cases. Extensive reorganization of the court system by the Office of Court Administration has resulted in the integration of the twelve narcotics parts with other criminal parts in the New York City Supreme Court.

The State continues to fund up to 61 percent of the costs of the office of the Special Narcotics Prosecutor and an enhanced level of criminal parts, as well as the supportive services rendered by the City Departments of Probation and Corrections and the Legal Aid Society. The City contributes the remaining 39 percent.

Special Warrant Enforcement Enhancement Program. Governor Cuomo and the Legislature established the Special Warrant Enforcement Enhancement Program (S.W.E.E.P.) in September 1984 in response to a growing backlog of outstanding criminal warrants. S.W.E.E.P. provided \$2.5 million in State funds to assist 21 law enforcement agencies in apprehending their most serious felony warrant suspects. The goal of the program is to provide funding assistance for additional enforcement personnel for short term, intensive warrant enforcement in the localities with the most severe felony warrant backlogs. These personnel are assigned on a temporary basis to enhance existing warrant enforcement efforts. A total of 5,947 warrants were cleared under S.W.E.E.P. including 1,818 violent felony and 2,590 felony warrants.

Target Crime Initiative Program. The Target Crime Initiative Program (TCI) was created April 1, 1983 as the result of a recommendation by the Governor to the Legislature. Three prosecution programs, the State Felony Program, Major Violent Offense Program, and the Major Offense Prosecution Program, were merged into one comprehensive anti-crime package to eliminate overlapping and duplicated program services. The primary goal of TCI is to combat violent felony crime and target on the swift adjudication of habitual and violent

DIVISION OF CRIMINAL JUSTICE SERVICES  
(continued)

offenders. Specific program objectives include reducing the caseloads of TCI attorneys, increasing the number of indictments against repeat offenders, eliminating plea bargaining except under extraordinary circumstances, increasing the rate and level of convictions, and increasing the number and length of prison sentences for TCI defendants. The number of counties participating in TCI has been expanded from 18 to 27, and now includes those counties reporting 97% of the violent felonies in the State.

Transit Crime Interdiction Program. In April 1985, the Transit Crime Interdiction Program was established. This program supports a Decoy Unit of 24 officers and 3 supervisors. Members of the Decoy Unit analyze crime patterns on the subway system and then pose as persons likely to be victimized in order to catch offenders in the act of committing serious crimes. Through the end of October 1985, the Decoy Unit made a total of 460 felony arrests of which 443 were made on the subway, 2 on buses, and 15 off the transit system. Of the 405 adult offenders arrested, 292 had prior arrest records, including 224 which had prior felony arrests.

Transit Strike Force. In response to growing public outcry over subway crime, Governor Cuomo and the State Legislature provided 3.5 million dollars for the establishment of the Transit Police Strike Force on April 1, 1983. The Strike Force generates a target list of violent or repeat offenders operating on the subway system. The crimes include homicide, kidnapping, forcible rape/sodomy, and robberies which are targeted along with suspects who have been arrested for five or more larcenies from the person such as pickpocketing or jostling. These targets receive special handling when arrested to ensure their removal from the subway system. During 1984, the Strike Force arrested 1,866 persons as target offenders or for committing target crimes. Of these, 908 were augmented by the Strike Force's Major Case or Robbery Squads resulting in 907 felony arraignments. An additional 41 non-target cases were augmented, bringing the total number of offenders augmented to 949. The Apprehension Unit of the Strike Force targets pickpockets, jostlers, and bagopeners, and arrested 416 persons for such offenses in 1984.

## DIVISION OF PAROLE

Parole Resource Center. The Parole Resource Center (PRC) provides the Division of Parole with the capability to contract with community-based service providers for housing and programming of selected individuals released to community supervision. This structured environment has provided the Board of Parole with an alternative to continued incarceration of individuals in need of supportive services in the community. The PRC provides a reasonable level of assurance that individuals in need of a structured setting upon release are provided with an opportunity to participate in community-based programs which will lead to their long-term success in life styles.

Parole Transitional Facilities. The Parole Transitional Facility Program (PTF) functions in much the same manner as does the Parole Resource Center (PRC). The basic difference is in the point of entry into the Program. The PTF provides the Parole Board with an alternative option for dealing with rule violators whose reimprisonment would serve little or no purpose. The use of a crisis intervention treatment approach provides short-term services in a semi-structured residential setting in the community rather than in the detached surroundings of a correctional facility.

Employment Services Project. Employment is a key element in the successful adjustment to community life upon release from a correctional facility. Funding has been provided to enhance the Division's efforts in employment training and placement services. Contracting with the Vera Institute of Justice for services under its Vocational Development Program, the Division of Parole can provide developmental employment services and increase its private sector job placement services. In addition, Vera will assist the Division of Parole in the training of its employment services staff to maximize the employability and placement capability and in long range strategic planning to improve services performance.

## DIVISION OF PROBATION AND CORRECTIONAL ALTERNATIVES

"Classifications/Alternatives" Bill. The "Classifications/Alternatives" bill (Chapters 907 & 908, Laws of 1984) was enacted on August 6, 1984 to help reduce overcrowding pressures in the county jails, to facilitate more efficient and practical jail population management, and to support the development and implementation of alternatives to incarceration. The statute reflects a unique and effective linkage of two distinct criminal justice issues to facilitate reduced reliance on confinement and more efficient utilization of that significant scarce resource -- jail beds. This legislation reduces the number of state mandated classification categories in local correctional facilities from twelve to four. However, in order for a county to take advantage of this reduced classification system, it must prepare and carry out a service plan (approved by the Division of Probation and Correctional Alternatives) for the development and implementation of alternatives to incarceration. The service plan must be the collaborative product of a county advisory board composed of the key criminal justice decision makers, and must present a comprehensive overview of the local criminal justice system which serves to identify target populations, factors contributing to overcrowding, programmatic needs, and specific proposals for the use of state aid available under the bill. In fiscal year 1986-87, a total of \$3,050,000 was available to all counties and the City of New York. These funds are to be distributed according to a modified population-based formula outlined in the statute.

In the two and one-half years that have passed since enactment of this legislation, important and far-reaching changes have taken place in the activities and organization of local criminal justice systems. Almost eighty percent of the jurisdictions in New York State have taken advantage of the bill's provisions. Forty-four counties and the city of New York submitted alternatives to incarceration service plans and have now implemented alternatives to incarceration programs. During State fiscal year 1986-87 (the second year of funding) a total of 67 programs were supported and operated consistent with the counties' service plans.

Demonstration Projects. These projects generally fall into one of four program models: community service, defendant-based advocacy, pre-trial, and offender rehabilitation/specialized services. In FY 1986-87 there were 31 such projects. During fiscal year 1987-88, 28 of these 100% State funded projects are expected to provide services to more than 15,000 clients.

Demonstration projects are designed to reduce the incidence of incarceration through the use of community-based alternatives that emphasize public safety and cost effectiveness.

Intensive Supervision/Alternative Sentencing Program. The Intensive Supervision/Alternative Sentencing Program (ISP/ASP) is intended to provide a viable dispositional option to the courts. A cooperative effort between State and local jurisdiction, ISP/ASP provides fiscal resources to support a program model which emphasizes strict supervision and complete accountability to sentencing courts.

The program focuses on two discrete groups from among the much larger, generally successful probation population: felony offenders sentenced to probation only because ISP/ASP supervision is available; felony and misdemeanor probationers

DIVISION OF PROBATION AND CORRECTIONAL ALTERNATIVES  
(continued)

statistically least likely to successfully complete their sentences.

During FY 1985-86, a new aspect of this overall program has been added called the Conditional Order of Probation Experiment (COPE). This new effort provides for a limited demonstration period in which the suitability of an offender for probation sentence may be determined.

PINS Adjustment Services Act. Chapter 813 of the Laws of 1985 is an important new program intended to decrease the inappropriate utilization of the Family Court process and the number of out-of-home placements in matters involving persons alleged to be in need of supervision (PINS). It is the purpose of this law to implement assessment, planning, and service delivery strategies Statewide that can support successful diversion of PINS from the family court process. The Act establishes a four year period, beginning January of 1987 and ending on December 31, 1990, during which localities may voluntarily implement the provisions of the Act. The Act encourages localities to set and accomplish long-term goals in planning for the delivery of a comprehensive array of services to meet the needs of these youths and families. To assist localities in coordination and strengthening services for this population, the law provides short-term enriched incentive funding during the four year voluntary implementation period.

The January 1986-87 initial appropriation of \$1 million is targeted for a start-up date of January 1, 1987.

Regular State Aid. Section 246 of the New York State Executive Law provides for financial assistance from the State to localities for probation operations "...for control and rehabilitation of offenders." In order to receive these funds to develop and improve services, local probation departments must operate according to approved programs within the Division's Rules and Regulations. Current reimbursement is set at 46.5 percent of approved expenditures for maintaining and improving probation services.

During FY 1982-83 a special Warrant Enforcement Unit was funded in New York City under this program.

## DIVISION FOR YOUTH

Community Based Organization. The Community Based Organization (CBO) Urban Home Initiative is a 100 percent State funded initiative which provides residential services for up to one year for youth ages 16-21. There are currently two line item appropriations which support two programs in New York City (one for older homeless youth and one for Juvenile Offenders on parole); and one program in the City of Buffalo which services young mothers and their children.

Community Care Program. In response to concern over the increasing costs of residential care, recidivism and the importance of the post-release period to a successful return to community life, the Division funds a new direction in, and emphasis on, aftercare services. The initiative, which was designed to establish, for the time, joint State/local cooperation in planning and implementing post-institutional follow-up services, will facilitate the successful transition of youth released from DFY residential placement to their communities.

Secure and Non-Secure Detention Services. Designed to provide 50 percent fiscal support to localities operating secure and/or non-secure detention programs. These funds provide the Division with the leverage to assure compliance with rules and regulation governing detention facilities. The non-secure aspect of this program has been steadily expanding to accommodate the more difficult youth in the least restrictive environment.

Job Development. The New York State Division for Youth contracts with community based organizations to provide employment/training transitional services to Division youngsters recently released or about to be returned from residential care. The Division funds programs which manifest an ability to build on the vocational foundations established during the youngster's facility placement.

Runaway and Homeless Youth Services (RHYA)/Transitional Independent Living Support. Gives the Division the authority and financial capability to support and encourage the continued establishment of local programs to serve runaway and homeless youth. This request reflects the programmatic agenda and fiscal requirements necessary to maintain and expand this program. Statutory provisions, which were modified during 1985, permit the expansion of this program into the area of providing services to the homeless and transitional youth up to age 21 and beyond the crisis services by which DFY was formerly limited.

Special Delinquency Prevention Program. Provides 100 percent funding for community-based youth services targeted at youth at risk to help prevent unnecessary or further involvement with the justice system. Allocations are based on a combination of youth population and/or needs assessment data.

Special Legislative Contracts. A legislative initiative providing funds for new or expanded youth centers, career counseling, and recreation programs.

Voluntary Agency Care. Designed to provide 50 percent fiscal support to local Departments of Social Services who are responsible for payment for care of PINS and JD youth involuntary child care agencies. This request allows the Division to provide support and technical assistance to local departments and voluntary

DIVISION FOR YOUTH  
(continued)

agencies to improve services to troubled youth.

Youth Development and Delinquency Prevention. Provides local community psychosocial and recreational programs for youth through county and municipal youth bureaus. Implementation is aided through programmatic support from Division field staff and financial assistance provided by the state aid formula of Article 19A of the Executive Law. This budget request focuses on both the programmatic and fiscal aspects of YD/DP and Youth Initiatives in creating more effective local youth services that address the pressing needs of youth.

## OTHER CRIMINAL JUSTICE AGENCIES

Salaries of District Attorneys. Pursuant to County Law 700, Chapter 986, Laws of 1984, \$10,000 per year is apportioned to all qualified upstate counties and to New York City for each of the counties therein for the salaries of district attorneys elected, re-elected, or appointed after April 1, 1970. Beginning in September 1985 and each year thereafter, an eligible county shall receive the difference between the base salary of the county district attorney on January 1 of the current year and December 31 of the prior year.

STOP Program - Drug Residence Project. The Selective Treatment Options for Parolees (STOP) Project is a cooperative effort involving State criminal justice and human services agencies to establish community-based residential treatment programs for parolees in need of chemical dependency services. The STOP Project facilities, which will be established through contracts with community-based service providers through the Division of Substance Abuse Services, will function in much the same manner as Parole Resource Centers except that the programs are targeted for individuals with drug abuse histories. Responsibility for the administration of this program was transferred from the Division of Parole to the Division of Substance Abuse Services in FY 1987-88.

## APPENDIX G

### CITYWIDE LOCAL ASSISTANCE FUNDS

---

This Appendix presents funds awarded to NYC agencies that provide services citywide. These funds could not be presented by county, but are included in the NYC and State profiles.

---

Table 1  
CITYWIDE(1) LOCAL ASSISTANCE FUNDING SUMMARY  
(Thousands of Dollars)

	Expenditures					Appropriations	
	FY 1983-84	FY 1984-85	FY 1985-86	FY 1986-87	% Change 83 vs 86	FY 1987-88	FY 1988-89

District Attorney Salaries(4)	--	47.5	47.5	52.5	NA	--	--
STOP Program - Drug Residence Project(5)	--	--	--	525.0	NA	--	700.0
TOTAL	78,474.2	87,387.9	128,159.9	114,331.7	45.6%	109,970.7	104,238.4

- (1) The NEW YORK STATE summary includes local assistance funds that are not reported in "county" profiles because the funds were awarded to agencies (e.g., the State Police or the Public Defenders Association) that do not provide county-specific services. Appendix G includes local assistance funds awarded to agencies in New York City that provide services citywide. Appendix H includes local assistance funds awarded to agencies that provide services statewide and are disbursed in a manner which precludes accounting for them at either the county or the New York City level. In addition, Statewide "appropriation" may include funds that had not yet been disbursed at the time these data were submitted for this publication.
- (2) On April 1, 1985, the Alternatives to Incarceration Program was transferred from the Division of Criminal Justice Services and combined with the Division of Probation to form the Division of Probation and Correctional Alternatives. The Alternative to Incarceration Program expenditures from FY 1982-83 through 1984-85 are included with the expenditures reported for this newly formed agency.
- (3) The FY 1985-86 DFY budget increased 58 percent over the appropriation for the previous fiscal year as a result of Governor Cuomo's recommendation. This increase allowed DFY to pay for current programs and also eliminate arrearages.
- (4) The Office of the State Comptroller administers this program.
- (5) The responsibility for the administration of this program was transferred from the Division of Parole to the Division of Substance Abuse Services in FY 1987-88. Funds for this program were first appropriated in FY 1986-87; these funds were reappropriated for FY 1987-88 and FY 1988-89.

Table 2

	215.1	434.2	--	--	NA	--	--
PRISONER TRANSFER(1)	.0	.0	214.4	.0	NA	--	--
<b>TOTAL</b>	<b>5,411.2</b>	<b>6,569.2</b>	<b>12,649.6</b>	<b>12,244.9</b>	<b>126.2%</b>	<b>.0</b>	<b>.0</b>

(1) Local correctional facilities are reimbursed for expenditures from the "statewide" lump-sum appropriation for this program. At the time of publication a complete delineation of funds was not available. Please note that \$23,350,520 appropriated statewide for Felons actually includes in that amount an appropriation for Coram Nobis.

(2) This program component was implemented in FY 1985-86. Local correctional facilities are reimbursed for expenditures from the "statewide" lump-sum appropriation for this program.

(3) This program was implemented in FY 1983-84 and is funded through the State Operations Budget. No funds were appropriated for this program in FY 1985-86.

NOTE: Appendix G includes local assistance funds awarded to agencies in New York City that provide services citywide. Appendix H includes local assistance funds awarded to agencies that provide services statewide and are disbursed in a manner which precludes accounting for them at either the county or the New York City level. In addition, Statewide "appropriation" may include funds that had not yet been disbursed at the time these data were submitted for this publication.

FOOTNOTES - TABLE 4

Division of Criminal Justice Services  
Local Assistance Program Funding

- (1) This program was implemented in FY 1984-85. FY 1985-86 appropriation of \$1,000,000 was reappropriated for FY 1986-87 and again for FY 1987-88 at the State and Statewide(appendix H) level. At the Citywide level (Appendix G), FY 1984-85 funds were awarded to the Special Narcotics Prosecutor. The FY 1985-86 appropriation was transferred to the Target Crime Initiative Program (TCI). Citywide funds were not appropriated for FY 1986-87.
- (2) Agencies are reimbursed for expenditures from the "NYC" and "Statewide" (non-NYC) lump sum appropriations for this program.
- (3) FY 1985-86 was the first year the State received these federal block grant funds. Expenditures and estimated appropriations for this federally funded program are based on the State's fiscal year.
- (4) Expenditures and estimated appropriations for this federally funded program are based on the State's fiscal year.
- (5) This federally funded program was implemented in FY 1987-88. Appropriations are based on the State's fiscal year.
- (6) This Act was established in FY 1983-84.
- (7) In FY 1984-85 the administration of this program was transferred from the Department of Labor to the Division of Criminal Justice Services. At the Citywide (Appendix G) and Statewide (Appendix H) levels, county level expenditures for FY 1983-84 are not readily available. Agencies are reimbursed for expenditures from the 'Statewide' lump-sum appropriation for this program. Unallocated FY 1985-86 monies were reappropriated for FY 1986-87.
- (8) This program was implemented in FY 1984-85.
- (9) This program was implemented in FY 1983-84. Three former existing programs were merged to form TCI: the State Felony Program, the Major Violent Offense Trial Program, and the Major Offense Prosecution Program. At the Citywide level (Appendix G) FY 1983-84 program funds are designated for all program components in the county except the District Attorney.
- (10) This program was implemented in FY 1985-86. In FY 1986-87 this program's funding was combined with the Transit Strike Force Program.
- (11) This program was implemented in FY 1983-84. Expenditures for FY 1986-87 and appropriations for FY 1988-89 include those of the Transit Crime Interdiction Program.
- (12) Monies included in this category were awarded to counties for a variety of purposes and are not included under any of the other program listings. Most of these fundings include expenditures and appropriations for the Westchester Datafacs, Suffolk Re-Route Transitional Program for Ex-Offenders, Community Patrol Officer Program, Nassau County Rape Victims Services, NYC School Security Officer Program, Law Guardian Backup Center as well as monies appropriated to localities for warrant expedition.

NOTE: APPENDIX G includes local assistance funds awarded to agencies in New York City that provide services citywide. APPENDIX H includes local assistance funds awarded to agencies that provide services statewide and are disbursed in a manner which precludes accounting for them at either the county of the New York City level. In addition, Statewide "appropriation" may include funds that had not yet been disbursed at the time these data were submitted for this publication.

(1) This program was implemented in FY1985-86.

(2) This program was implemented in FY1986-87.

NOTE: Appendix G includes local assistance funds awarded to agencies in New York City that provide services citywide. Appendix H includes local assistance funds awarded to agencies that provide services statewide and are disbursed in a manner which precludes accounting for them at either the county or the New York City level. In addition, Statewide "appropriations" may include funds that had not yet been disbursed at the time these data were submitted for this publication.

(1) The FY 1985-86 DFY budget increased 58 percent over the appropriation for the previous fiscal year as a result of Governor Cuomo's recommendation. This increase allowed DFY to pay for current programs and also eliminate arrearages.

(2) This program was implemented in FY 1984-85 and is funded through the State Operations Budget.

(3) This program was implemented in FY 1986-87 and is funded through the State Operations Budget.

(4) This program was implemented in FY 1986-87 and is funded through the State Operations Budget.

(5) This program was implemented in FY 1985-86 and is funded through the State Operations Budget.

(6) Beginning with FY 1986-87, the absence of appropriated funding on the Citywide level (APPENDIX G) reflects the determination that the State Department of Social Services will temporarily assume responsibility for payment of New York City claims pending technical system changes to the welfare management system.

NOTE: APPENDIX G includes local assistance funds awarded to agencies in New York City that provide services citywide. APPENDIX H includes local assistance funds awarded to agencies that provide services statewide and are disbursed in a manner which precludes accounting for them at either the county or the New York City level. In addition, Statewide "appropriation" may include funds that had not yet been disbursed at the time these data were submitted for this publication.

## APPENDIX H

### STATEWIDE LOCAL ASSISTANCE FUNDS

---

This Appendix presents funds awarded to agencies that provide services statewide. These funds could not be presented by county, but are included in the State profile.

DIVISION FOR YOUTH(3)	8,781.2	7,736.3	14,373.6	9,094.4	3.5%	8,441.7	11,911.3
Other Local Aid:							
District Attorney Salaries(4)	397.5	.0	.0	.0	NA	896.0	1,029.0
STOP Program - Drug Residence Project(5)	--	--	--	--	NA	525.0	.0
TOTAL	15,375.5	14,344.0	20,948.3	20,873.5	35.7%	69,232.2	93,712.1

- (1) The NEW YORK STATE summary includes local assistance funds that are not reported in "county" profiles because the funds were awarded to agencies (e.g., the State Police or the Public Defenders Association) that do not provide county-specific services. Appendix G includes local assistance funds awarded to agencies in New York City that provide services citywide. Appendix H includes local assistance funds awarded to agencies that provide services statewide and are disbursed in a manner which precludes accounting for them at either the county or the New York City level. In addition, Statewide "appropriation" may include funds that had not yet been disbursed at the time these data were submitted for this publication.
- (2) On April 1, 1985, the Alternatives to Incarceration Program was transferred from the Division of Criminal Justice Services and combined with the Division of Probation to form the Division of Probation and Correctional Alternatives. The Alternative to Incarceration Program expenditures from FY 1982-83 through 1984-85 are included with the expenditures reported for this newly formed agency.
- (3) The FY 1985-86 DFY budget increased 58 percent over the appropriation for the previous fiscal year as a result of Governor Cuomo's recommendation. This increase allowed DFY to pay for current programs and also eliminate arrearages.
- (4) The Office of the State Comptroller administers this program.
- (5) The responsibility for the administration of this program was transferred from the Division of Parole to the Division of Substance Abuse Services in FY 1987-88. Funds for this program were first appropriated in FY 1986-87; these funds were reappropriated for FY 1987-88 and FY 1988-89.

PRISONER TRANSFER(1)	.0	.0	.0	.0	NA	400.0	--
TOTAL	.0	.0	.0	.0	NA	38,678.0	49,066.3

(1) Local correctional facilities are reimbursed for expenditures from the "statewide" lump-sum appropriation for this program. At the time of publication a complete delineation of funds was not available. Please note that \$23,350,520 appropriated statewide for Felons actually includes in that amount an appropriation for Coram Nobis.

(2) This program component was implemented in FY 1985-86. Local correctional facilities are reimbursed for expenditures from the "statewide" lump-sum appropriation for this program.

(3) This program was implemented in FY 1983-84 and is funded through the State Operations Budget. No funds were appropriated for this program in FY 1985-86.

NOTE: Appendix G includes local assistance funds awarded to agencies in New York City that provide services citywide. Appendix H includes local assistance funds awarded to agencies that provide services statewide and are disbursed in a manner which precludes accounting for them at either the county or the New York City level. In addition, Statewide "appropriation" may include funds that had not yet been disbursed at the time these data were submitted for this publication.

FOOTNOTES - TABLE 4

Division of Criminal Justice Services  
Local Assistance Program Funding

- (1) This program was implemented in FY 1984-85. FY 1985-86 appropriation of \$1,000,000 was reappropriated for FY 1986-87 and again for FY 1987-88 at the State and Statewide(appendix H) level. At the Citywide level (Appendix G), FY 1984-85 funds were awarded to the Special Narcotics Prosecutor. The FY 1985-86 appropriation was transferred to the Target Crime Initiative Program (TCI). Citywide funds were not appropriated for FY 1986-87.
- (2) Agencies are reimbursed for expenditures from the "NYC" and "Statewide" (non-NYC) lump sum appropriations for this program.
- (3) FY 1985-86 was the first year the State received these federal block grant funds. Expenditures and estimated appropriations for this federally funded program are based on the State's fiscal year.
- (4) Expenditures and estimated appropriations for this federally funded program are based on the State's fiscal year.
- (5) This federally funded program was implemented in FY 1987-88. Appropriations are based on the State's fiscal year.
- (6) This Act was established in FY 1983-84.
- (7) In FY 1984-85 the administration of this program was transferred from the Department of Labor to the Division of Criminal Justice Services. At the Citywide (Appendix G) and Statewide (Appendix H) levels, county level expenditures for FY 1983-84 are not readily available. Agencies are reimbursed for expenditures from the 'Statewide' lump-sum appropriation for this program. Unallocated FY 1985-86 monies were reappropriated for FY 1986-87.
- (8) This program was implemented in FY 1984-85.
- (9) This program was implemented in FY 1983-84. Three former existing programs were merged to form TCI: the State Felony Program, the Major Violent Offense Trial Program, and the Major Offense Prosecution Program. At the Citywide level (Appendix G) FY 1983-84 program funds are designated for all program components in the county except the District Attorney.
- (10) This program was implemented in FY 1985-86. In FY 1986-87 this program's funding was combined with the Transit Strike Force Program.
- (11) This program was implemented in FY 1983-84. Expenditures for FY 1986-87 and appropriations for FY 1988-89 include those of the Transit Crime Interdiction Program.
- (12) Monies included in this category were awarded to counties for a variety of purposes and are not included under any of the other program listings. Most of these fundings include expenditures and appropriations for the Westchester Datafacs, Suffolk Re-Route Transitional Program for Ex-Offenders, Community Patrol Officer Program, Nassau County Rape Victims Services, NYC School Security Officer Program, Law Guardian Backup Center as well as monies appropriated to localities for warrant expedition.

NOTE: APPENDIX G includes local assistance funds awarded to agencies in New York City that provide services citywide. APPENDIX H includes local assistance funds awarded to agencies that provide services statewide and are disbursed in a manner which precludes accounting for them at either the county or the New York City level. In addition, Statewide "appropriation" may include funds that had not yet been disbursed at the time these data were submitted for this publication.

ORDER FORM

The 1983-1987 Criminal Justice Profiles publication is only a single volume this year. Due to budgetary constraints, the Division of Criminal Justice Services is only publishing the New York State volume.

While the twelve regional volumes will not be published, the appendix to the New York State volume provides much of the 1986 and 1987 data by county. Additionally, we will consider requests for specific county level data comparable to that published in past editions.

You may request county level data by contacting Patrick Lerner at (518) 457-8381. However, please be advised that all requests for data must be handled on a first come first served basis.

In an effort to control costs, the Division of Criminal Justice Services will not be mailing unsolicited copies of the New York State Profile report. Instead, we are asking that you place your order using the phone number or by using the check-off form listed below. The following charges will apply to all orders:

All Criminal Justice Agencies - No charge for first copy of report. For all additional copies there will be a charge of \$5.00.

All Non-Criminal Justice Agencies, Organizations, etc. - A charge of \$5.00 for each copy of the report.

To Order by telephone, please call (518) 457-8381.

To Order by mail, please indicate the number of copies you would like to receive.

\_\_\_\_\_ Copy (s) of New York State Profile Report  
(Billing to follow when applicable - see above).

Please fill in your name and address below and mail this form to:
