enforcement purposes or for those additional lawful purposes necessary to the proper enforcement or administration of other provisions of law as the commission may prescribe by regulations established under AS 12.62.010. Sec. 12.62.040. Security, updating, and purging. (a) Criminal justice information systems shall

(1) be dedicated to law enforcement purposes and be under the management and control of law enforcement agencies unless exempted under regulations prescribed under AS 12.62.010;

(2) include operating procedures approved by the commission which are reasonably designed to assure the security of the information contained in the system from unauthorized disclosure, and reasonably designed to assure that criminal offender record information in the system is regularly and accurately revised to include subsequently furnished information;

(3) include operating procedures approved by the commission which are designed to assure that information concerning an individual shall be removed from the records, based on considerations of age, nature of record, and reasonable interval following the last entry of information indicating that the individual is still under the jurisdiction of a law enforcement agency.

(b) Notwithstanding any provision of this section, any criminal justice information relating to minors which is maintained as part of a criminal justice information system must be afforded at least the same protection and is subject to the same procedural safeguards for the benefit of the individual with respect to whom the information is maintained, in matters relating to access, use and security as it would be under AS 47.10.090. (b) Direct access to an interstate system for the exchange of criminal justice information shall be limited to those criminal justice agencies that are expressly designated for that purpose by the commission. When the system employs telecommunications access terminals, the

commission shall limit the number and placement of the terminals to those for which adequate security measures may be taken and as to which the commission may impose appropriate supervisory regulations. (§ 1 ch 161 SLA 1972)

Sec. 12.62.060. Civil and criminal remedies. (b) A person who wilfully disseminates or uses criminal justice information knowing such dissemination or use to be in violation of this chapter, or who knowingly collects, obtains or uses intelligence information in violation of this chapter, upon conviction, is punishable by a fine of not more than $1,000 or by imprisonment for not more than one year, or by both.

(c) A good faith reliance upon the provisions of this chapter or of applicable law governing maintenance, dissemination, or use of criminal justice information, or upon rules, regulations, or procedures prescribed under this chapter is a defense to a civil or criminal action brought under this chapter. (§ 1 ch 161 SLA 1972; am § 3 ch 38 SLA 1976)

Sec. 09.25.110. Public records open to inspection and copying; fees. (a) Unless specifically provided otherwise, the public records of all public agencies are open to inspection by the public under reasonable rules during regular office hours. Every public officer having the custody of records not included in the exceptions shall permit the inspection, and give on demand and on payment of the fees under AS 09.25.110 — 09.25.115 a certified copy of the record, and the copy shall in all cases be evidence of the original. Recorders shall permit memoranda, transcripts, and copies of the public records in their offices to be made by photography or otherwise for the purpose of examining titles to real estate described in the public records, making abstracts of title or guaranteeing or insuring the titles of the real estate, or building and maintaining title and abstract plants; and shall furnish proper and reasonable facilities to persons having lawful occasion for access to the public records for those purposes, subject to reasonable rules and regulations, in conformity to the direction of the court, as are necessary for the protection of the records and to prevent interference with the regular discharge of the duties of the recorders and their employees. SECURITY

Section
30. Protection of computerized criminal justice information and linkage to investigatory information
40. Agency security

6 AAC 60.030. PROTECTION OF COMPUTERIZED CRIMINAL JUSTICE INFORMATION AND LINKAGE TO INVESTIGATORY INFORMATION. (a) Criminal justice information within an automated criminal justice information system must be stored in such a manner that it cannot be destroyed, accessed, changed, or overlaid in any fashion by any person not authorized to do so under this chapter.

(b) Each automated criminal justice information system must contain a program that will prevent criminal justice information from being destroyed, accessed, changed, or overlaid in any fashion from any terminal other than one under the management and control of the criminal justice agency maintaining that information within its system.

(c) Each automated criminal justice information system must contain a classified program to detect, and store for classified output, all attempts to penetrate any criminal justice information system.

(d) The Alaska justice information system coordinator has sole authority to release, upon formal application, information and documentation relating to criminal justice information system control, including information maintained under (b) and (c) of this section. This information may not be released unless it is necessary for the maintenance or continued operation of a criminal justice information system and then only where the information will be kept continuously under appropriate security conditions.

(e) Constituent parts of the Alaska justice information system may not be linked in such a manner that a criminal history record information inquiry from one agency would result in the dissemination of information which indicates the existence in another agency of an investigatory or management file that is not a criminal case referred for prosecution.

(f) Constituent parts of the Alaska justice information system may be linked so that criminal history record information files can be accessed by an investigatory or management inquiry.

(g) The computer hardware of a criminal justice information system is exempt from the requirement of dedication to law enforcement purposes, as provided for in AS 12.62.040 (a) (1). (Eff. 10/9/72, Reg. 44; am 3/10/73, Reg. 45; am 5/29/82, Reg. 82)

6 AAC 60.040. AGENCY SECURITY. (a) Each criminal justice agency

(1) shall screen and may reject for employment, for good cause, a person who, if employed, would be authorized to have direct access to criminal justice information, and whose employment would compromise the security of a criminal justice information system;

(2) shall screen each employee before granting the employee access to criminal justice

information, and may initiate administrative action leading to the transfer or termination of an employee if the employee has willfully violated a provision of this chapter or another security requirement established for the collection, storage, processing, and dissemination of criminal justice information;

(3) may not allow access to a criminal justice information system by unauthorized organizations or personnel, except under the direct supervision of authorized personnel;

(4) shall familiarize each employee working with or having access to criminal justice information with the content, substance, and intent of this chapter.

(b) Physical plant security must be provided by all agencies with access to a criminal justice information system to insure maximum safeguards against fire, theft, sabotage, flood, wind, or other natural or manmade disasters, and all unauthorized entry to areas where criminal justice information is collected, stored, processed, or disseminated. reference to an individual represented by the agency; access by the Alaska Public Defender Agency is authorized only upon the condition that the agency, subject to 6 AAC 60.070, will make information that refers to an individual available to any attorney not employed by the agency, who certifies that he represents that individual in a criminal prosecution and that the information to be released relates to that prosecution; for the release of the information, the Alaska Public Defender Agency may impose a nominal fee, reflective of the administrative costs involved and consistent with any applicable regulations adopted by the governor regarding provision of information;

6 AAC 60.070. RESTRICTIONS ON DISSEMINATION OF CRIMINAL HISTORY RECORD INFORMATION. (a) Except as authorized in this chapter, criminal history record information may be used only for law enforcement purposes, for research related to law enforcement, or for those additional lawful purposes necessary to the proper enforcement or administration of other provisions of law. Except as authorized under (c) of this section, criminal history record information may only be disseminated to an individual, agency, or other entity associated with the agencies listed in 6 AAC 60.060, an attorney representing a criminal defendant, an individual under 6 AAC 60.080, or a research program under 6 AAC 60.090.

(b) Confirmation of the existence or nonexistence of criminal history record information may not be given to any individual agency or entity that would not be eligible to receive information under (a) of this section or another provision of this chapter.

(c) When necessary for the administration or enforcement of state, municipal, or federal law, an individual, agency, or other entity, not listed in (a) of this section, may receive criminal history record information upon the approval of the commission or, in the interim between commission meetings, the chairman of the commission. Upon appropriate approval, and before receiving information, the individual, agency, or other entity must sign a contractual agreement approved by the commission or the chairman that specifically limits the use of that data to those legitimate purposes for which access was granted, ensures the security and confidentiality of data consistent with this chapter, and provides sanctions for violations of the agreement or the provisions of this chapter. The commission will, in its discretion, at any time, disapprove dissemination to any individual, agency, or other entity and rescind any agreement entered into under this subsection. In the interim between commission meetings, the chairman of the commission may disapprove dissemination and rescind such an agreement.

(d) A criminal justice agency, other than an agency which is the source of the information, shall contact the central repository before disseminating any criminal history record information, to assure that the most up-to-date disposition data is being used. This requirement does not apply in those cases where time is of the essence and the central repository is technically incapable of responding within the necessary time period. Criminal justice agencies shall establish procedures to ensure that the potential recipient is in fact permitted to receive information under this chapter.

(e) Each criminal justice agency shall maintain listings of the individuals, agencies, or other entities, both within and outside this state, to which it has disseminated criminal history record information. Each listing must be preserved until the commission expressly authorizes its destruction. Each listing must indicate the individual, agency, or other entity to which information was disseminated, the date of the dissemination, and the individual to whom the information relates. These listings must be made available for inspection by the commission or the coordinator, and individuals exercising their rights of access and review of under AS 12.62.030(c) and 6 AAC 60.080.

(f) This section does not prevent a criminal justice agency from disclosing to the public criminal justice information related to the offense for which an individual is currently within the criminal justice system.

(g) This section does not apply to the dissemination of criminal history record information contained in

(1) posters, announcements, or lists for identifying or apprehending fugitives or wanted persons;

(2) original records of entry maintained by criminal justice agencies, if the records are routinely organized on a chronological or other easily accessible basis; or

(3) records, or statutory or regulatory offenses, maintained for the purpose of regulating the issuance, suspension, revocation, or renewal of drivers', pilots', or other operators' licenses. (Eff. 10/9/72, Reg. 44; am 3/10/73, Reg. 45; am 5/29/82, Reg. 82)

6 AAC 60.080. INDIVIDUAL'S RIGHT TO INFORMATION. (a) Each individual has the right to review, in accordance with (b) of this section, criminal justice information relating to him. Each criminal justice agency shall make available facilities and personnel necessary to permit review of that information.

(b) Reviews must be conducted in accordance with the following procedures:

(1) Reviews may take place only within the facilities of a criminal justice agency and only under the supervision and in the presence of a designated employee or agent of that agency.

(2) Reviews may be permitted only after proper verification that the requesting individual is the subject of criminal justice information.

(3) This section does not prevent a criminal justice agency from refusing to allow an individual to review criminal justice information related to the offense for which the individual is currently within the criminal justice system if that information would compromise an ongoing investigation, jeopardize institutional security, endanger any individual, or constitute nondiscoverable material under applicable rules of criminal law and procedure.

(4) Each criminal justice agency shall maintain a record of each review. The supervisory employee or agent present at the review shall complete and sign each review form. The form must include the name of the reviewing individual, the date of the review, and a statement as to whether any exception was taken to the accuracy, completeness, or contents of the information reviewed.

(5) An individual exercising his right to review criminal justice information may compile a written summary or make notes of information reviewed, and may take copies of it with him. Individuals may not, however, take any copy that might reasonably be confused with the original, unless the copy

(A) is clearly established to be necessary for the purpose of challenge or correction, and then only that part of the record which is being challenged or corrected may be released;

(B) consists solely of data pertaining to an individual's operator's license application and any operating record; or

(C) is necessary for purposes of international travel, such as issuing visas and granting citizenship.

(6) Each individual exercising his right to review criminal justice information must be informed of his right to challenge the inclusion of information, under AS 12.62.030 (c) and (f).

(7) Upon written request, an individual whose record has been purged, modified, or supplemented by an explanatory notation as a result of his review under this section must be given the names of any individuals, agencies, or other entities, which are not law enforcement agencies, to whom criminal justice information has been disseminated.

(8) Each criminal justice agency that has previously disseminated criminal justice information

which has subsequently been purged, modified, or supplemented by an explanatory notation as a result of a review under this section, shall give notice of the action taken to all criminal justice agencies, both within and outside the state, to which the records have been previously disseminated, unless the record disseminated contained a notation making it invalid after a specific date within 90 days after the dissemination. When furnishing notice, the criminal justice agency shall at the same time request the recipient criminal justice agency to purge, modify, or supplement the information by an explanatory notation, as appropriate. Compliance with this request must be verified through a request made of the recipient agency to furnish an updated record. If the recipient agency refuses to comply with a request to purge, modify, or supplement with an explanatory notation the information which has been previously disseminated to it, no further criminal justice information may be disseminated to it by any criminal justice agency. (a) No research program, conducted by an individual or organization not authorized to have access to criminal justice information under this chapter, may have access to that information without the written authorization from the commission or the coordinator, after formal application has been made.

(b) No criminal justice agency may permit a research program to have access to criminal history record information until the agency has been notified by the commission or the coordinator that access is authorized.

(c) Access to criminal history record information under this section will be permitted only if a research program demonstrates that threats to individual privacy which might be created by the program

(1) have been minimized by methods and procedures calculated to prevent injury or embarrassment to individuals; and

(2) are clearly outweighted by the prospective advantages accruing to the administration of justice.

(d) Access to criminal history record information under this section will be restricted in such a manner that an individual's identity will not be disclosed, unless a research program conclusively demonstrates in its formal application for access that access by name is a prerequisite to conducting the research for which application has been made.

(e) The following requirements are applicable to all research programs, and each criminal justice agency is responsible for their full and prompt enforcement:

(1) Criminal justice information which has been made available to a research program may not be used to the detriment of individuals to whom the information relates.

(2) Criminal justice information which has been made available to a research program may not be used for any other purpose, nor may that information be used for any other research program unless authorized by the commission or the coordinator.

(f) A research program requesting access to criminal history record information shall, before receiving authorization of access, execute a nondisclosure agreement approved by the commission or the coordinator and post a bond in the amount of $500 with the commission. The bond is subject to forfeiture if any requirement of this section is violated.

(g) Authorization of access to criminal history record information under this section is subject to the following conditions:

(1) The commission and the coordinator have the right to fully monitor any research program to assure compliance with the requirements of this section.

(2) The commission and the coordinator have the right to examine and verify all data generated by the research program, and if a material error or omission is found, to order that the data not be released or used for any purpose unless corrected.

(h) Each criminal justice agency is responsible for the formulation of methods and procedures which assure compliance with the requirements of this section with respect to the use of criminal history record information for purposes of any program of behavioral or other research, whether those programs are conducted by a criminal justice agency or by any other agency or individual. 130. Formulation of procedures

6 AAC 60.100. PURGING OF CRIMINAL HISTORY RECORD INFORMATION. (a) Criminal history record information collected, stored, processed or disseminated within the Alaska justice information system must be purged as follows:

(1) All criminal history record information collected and stored as a result of an arrest, except fingerprint classifications, must be closed 90 days after the date of arrest unless a criminal proceeding is pending.

(2) Upon final disposition of an arrest or criminal proceeding in favor of the arrestee, all criminal history record information collected and stored as a result of that arrest or proceeding must be immediately closed, except fingerprint classifications and medical information under 6 AAC 60.110.

(3) Criminal history record information closed under (1) or (2) of this subsection must be expunged no sooner than 60 and no later than 90 days after closure. If the individual makes written application within 60 days after closure, a copy of the records to be expunged must be sent to him.

(4) All criminal history record information relating to an individual who has been convicted in this state, or convicted in another jurisdiction of an offense which would be a crime in this state, must be closed if, for a period of 10 years if the offense is or would be a felony in this state, and seven years for a misdemeanor the individual: (A) has not been imprisoned for that offense in this or any other jurisdiction in the United States; (B) has not been subject to the control of parole or probation authorities in this or any other jurisdiction in the United States; (C) has not been convicted in this or any other jurisdiction in the United States for an offense which would be an offense in this state the penalty for which denotes criminality; and (D) is not currently under indictment for, or otherwise charged with a criminal offense, or the subject of an arrest warrant, by any criminal justice agency in this or any other jurisdiction in the United States. With regard to (D) of this paragraph, when no conviction results, periods of elapsed time while the individual was under indictment for, or otherwise charged with, a crime, or was the subject of an arrest warrant must be included in the computation of the period provided for in this paragraph. Closing of records under this paragraph must occur at least annually.

(b) Information closed under this section may not be disseminated, except for the time and to the extent necessary for the following purposes:

(1) administrative, management, and statistical activities of the recordkeeping agency or for the regulatory responsibilities of the commission;

(2) where the information is to be used for statistical compilations or research programs under 6 AAC 60.090;

(3) where the individual to whom the information relates seeks to exercise rights of access and review under 6 AAC 60.080;

(4) to permit an adjudication of a claim by the individual to whom the information relates that the information is misleading, inaccurate, or incomplete, under AS 12.62.030 (c) and (f);

(5) where a statute of this state specifically requires inquiry into criminal history record information beyond the limitations of this section; and

(6) where the information is to be used for executive clemency investigations conducted under AS 33.20.070 or 33.20.080.

(c) When criminal history record information has been purged under this section, and the individual to whom the information relates is subsequently arrested for a crime, his records may be reopened during the subsequent investigation, prosecution, and disposition of that offense. If the arrest does not terminate in a conviction, the records must again be closed within 90 days. If a conviction does result, the records may remain open and available for dissemination and use under this chapter.

(d) Criminal history record information supplied by another state to criminal justice agencies in this state must be closed or expunged as required under the laws or regulations of that other jurisdiction in the United States. Information may not be closed or expunged under this subsection until the commission or a criminal justice agency in this state has received written notification from another jurisdiction that expunging or closing is required under the laws or regulations of that other jurisdiction.

(e) Where the commission or the coordinator orders the alteration of criminal history record information, that order may include a requirement that the information be closed or expunged or otherwise treated in accordance with the requirements of this chapter.

(f) Where required by statute or regulation of this state, or the judgment of any court of competent jurisdiction in this state, criminal history record information must be closed, expunged, or otherwise treated in accordance with the requirements of this chapter.

(g) The requirements of this section impose no obligation upon criminal justice agencies to retain records beyond that time which may otherwise be provided by law. (Eff. 10/9/72, Reg. 44; am 3/10/73, Reg. 45; am 5/29/82, Reg. 82)

6 AAC 60.110. PURGING OF CERTAIN INVESTIGATIVE RECORDS. Upon termination of an arrest or a police investigation in favor of an individual, information collected and stored under 6 AAC 60.020 (13) must be closed, except information indicating that an individual may have a disabling medical condition which may require immediate attention or treatment. That information must be expunged within one year after closure. In any event, information collected and stored under 6 AAC 60.020(13) may not be retained for longer than five years, and must be expunged after that. 6 AAC 60.120. NOTIFICATION OF PURGING AND REQUESTS FOR COMPLIANCE. (a) Each criminal justice agency shall promptly furnish notice to the commission of any criminal history record information which has been closed, expunged, or reopened under 6 AAC 60.100 or 6 AAC 60.110, including notice of the specific provisions under which the action was taken.

(b) Each criminal justice agency may periodically, but shall at least annually, furnish notice that criminal history record information has been closed, expunged, or reopened under 6 AAC 60.100 or 6 AAC 60.110 to criminal justice agencies in this state with access to that category of criminal justice information, unless the information disseminated contained a notation making it invalid after a specific date within 90 days after dissemination.

(c) Each criminal justice agency which has disseminated criminal justice information, which has subsequently been closed or expunged under 6 AAC 60.100 or 6 AAC 60.110, to any law enforcement agency, both within and outside this state, shall promptly furnish notice to those agencies that the information has been closed

or expunged, unless the information disseminated contained a notation making it invalid after a specific date within 90 days after dissemination.

(d) When notice is required under (c) of this section, a criminal justice agency shall at the same time request the law enforcement agency to close or expunge, as appropriate, criminal justice information which has previously been disseminated to the agency, but which has subsequently been closed or expunged under 6 AAC 60.100 or 6 AAC 60.110. Compliance with this request to close or expunge criminal history record information must be verified through a request made of the law enforcement agency to furnish the criminal justice agency with an updated record. If the recipient agency refuses to comply with a request to purge, modify, or supplement with an explanatory notation the information which has been disseminated to it, no further criminal history record information may be disseminated to it by any criminal justice agency. The commission will, in its discretion, require any modifications or additions to those methods and procedures which it finds necessary for full and prompt compliance with this chapter.

(b) Each criminal justice agency shall develop systematic audit procedures to ensure that dispositions of actions are reflected within 90 days after entry and to ensure that data is correctly entered.

(c) Where the commission finds that any public agency in this state has willfully or repeatedly violated the requirements of AS 12.62 or this chapter the commission will, where other statutory provisions permit, prohibit the dissemination, release or communication of criminal justice information to that agency, for periods and under conditions that the commission considers appropriate. SUBJECT: Applicability of AS 12.62 to Alaska Public Safety Information Network

FROM:
By: Dean J. Guaneli DG
Assistant Attorney General

You have asked for our opinion whether existing statutes under AS 12.62 and regulations under 6 AAC 60, relating to criminal justice information systems, apply to the Alaska Public Safety Information Network (APSIN). Based on the information your office has provided to me regarding the financing of the system, it is our opinion that these statutes and regulations do not apply to APSIN. Nonetheless, the policy embodied in these statutes and in the right to privacy under article I, section 22, of the Alaska Constitution requires that APSIN be operated in a way that is designed to serve legitimate state interests in law enforcement, while at the same time respecting reasonable expectations of individual privacy.

Background

In the early seventies the federal Law Enforcement Assistance Administration (LEAA) provided millions of dollars in grant funds to state and local law enforcement agencies nationwide. In Alaska, one of the primary projects to be undertaken with this federal money was the development of the Alaska Justice Information System (AJIS), a computerized databank containing, among other things, criminal histories of persons committing crimes in Alaska.

Because federal money was used for the major portion of the project, the development of AJIS proceeded at a rapid rate and, prior to 1972, state legislative committees had not given the project the degree of scrutiny that usually precedes the expenditure of large amounts of state money. At that time computers were viewed as somewhat more threatening than they are today. For that reason, and because of persistent rumors that the Alaska State Troopers were compiling secret dossiers on Alaska citizens, there was considerable concern in the legislature in 1972 over the potential of systems like AJIS for invasion into the privacy of individuals. Indeed, by the time of the 1972 legislature, AJIS had already been put into operation.

In order to try to exert some control over AJIS, and to avoid similar perceptions of potential abuse with all future federally-funded systems which might bypass careful legislative

scrutiny, the 1972 legislature adopted certain safeguards in AS 12.62, making them applicable to all systems "funded in whole or in part by the Law Enforcement Assistance Administration." AS 12.62.070(3). 1/ At the same time, in response to a broader concern over government computers generally, whether or not federally funded, the legislature also passed House Committee Substitute for Senate Joint Resolution 68, which placed on the ballot a proposed amendment to the Alaska Constitution to guarantee the right to privacy. 2/ The amendment was approved by the voters and became article I, section 22, of the Alaska Constitution.

Over the years the AJIS system, as was the case with many early computer systems, became badly outdated in terms of both the equipment and the software it used. By the time the Department of Public Safety decided to replace AJIS with a more modern system, two significant changes had occurred. First, the general attitude of the public and the legislature toward computers had changed greatly. Computers were recognized as a useful management tool and were not viewed with the same degree of apprehension as in 1972. Indeed, in addition to being a repository for arrest warrants and conviction records, the APSIN system was specifically designed to be used by the department for things like property inventory, vehicle maintenance records, and personnel and budget management. The second major change that had occurred since 1972 was the demise of LEAA and the end to federal funding.

The design, development, and implementation of APSIN was therefore undertaken entirely with money appropriated by the Alaska State Legislature from the state general fund. According

---

1/ Other systems developed in recent years with LEAA funds are the Prosecutor's Management Information System and the Offender-Based State Correctional Information System.

2/ Newspaper reports at the time contained statements by the sponsors and supporters of the constitutional amendment that the AJIS system was the primary motivation for the right-to-privacy provision. See articles appearing in Alaska newspapers in 1972: Anchorage Daily News, March 21 at 8, March 22 at 5, March 31 at 1-2, April 1 at 4, April 6 at 2; Anchorage Daily Times, March 20 at 8, March 27 at 2, March 21 at 2-3; Fairbanks Daily News-Miner, March 20 at 2; Southeast Alaska Empire, March 17 at 2, March 20 at 1 and 8, March 21 at 1 and 8, May 18 at 4.

to your office, APSIN software constitutes a complete redesign and does not in any way utilize federally-funded AJIS software. In addition, the equipment which operates the new system is also funded entirely with state money, primarily through the Department of Administration, and thus does not rely on the old federally-funded AJIS hardware. In fact, the two systems are wholly incompatible.

AS 12.62 Does Not Apply To The Alaska Public Safety Information Network But Restrictions On The System Should Nonetheless Be Imposed

Based on the observations contained in the preceding paragraph, it is apparent that APSIN was not "funded in whole or in part by the Law Enforcement Assistance Administration" and is thus not a "criminal justice information system" as that term is defined in AS 12.62.070(3). 3/ Title 12, chapter 62, of the Alaska Statutes and regulations adopted under the authority of that chapter therefore do not apply to APSIN. 4/

3/ Although some of the original data in AJIS was entered into the system at federal expense, and it is arguable that federal funds facilitated the computerized storage of that data, the information itself has always belonged to the state and was under state control. The statutes in AS 12.62 apply to "systems" funded by LEAA, the definition of which does not include the data stored within the system. AS 12.62.070(3). The mere fact that data was once stored, collected, or processed through the help of federal funds does not of itself subject any future system which might hold that data to federal oversight. Indeed, it would make no sense to apply one set of rules to all old data that had at one time been stored in AJIS, and a completely different set of rules to new data entered directly into APSIN.

4/ Our opinion is shared by the Division of Legislative Audit. See A Special Report On The Oversight Of Criminal Justice Information Systems In Alaska And The Alaska Public Safety Information Network (March 19, 1986). At page 8 of that report the legislative auditor stated, "APSIN was funded with State and not LEAA money, and as such is not covered by current State statutes and regulations."

Despite the fact that APSIN is not governed by the "letter" of AS 12.62, the "spirit" of that statute 5/ and of the right to privacy under article I, section 22, of the Alaska Constitution nonetheless imposes certain restrictions on the department. Therefore, what is needed is a reasonably detailed set of written procedures 6/ that will recognize and implement the privacy guarantees contained in the state constitution. Although a complete list of topics that should be addressed within these written procedures is beyond the scope of this opinion, at a minimum the department should adopt: (1) reasonable guidelines for collection, security, dissemination, and use of information; (2) policies designed to insure the completeness and accuracy of data; and (3) procedures to permit individuals to have access to data about themselves and a mechanism to allow individuals to obtain correction of inaccurate data.

You should also make a policy decision whether, and to what extent, data will be released to private individuals, in addition to government agencies. For example, you will certainly want to continue to provide information about sex offenders to employers under procedures similar to those set forth in AS 12.62.035. You may also want to continue to disseminate information in categories listed in 6 AAC 60.070(f) and (g). 7/ Beyond this, however, you should carefully consider what

---

5/ In our view, AS 12.62.070(3) is clear and unambiguous on its face. One therefore need not attempt to divine whether the legislature's "intent" in adopting AS 12.62 was to exclude state-funded systems from its ambit. Nonetheless, the legislature's approach to regulating federally-funded systems is something that should be taken into consideration in any policy decisions made about APSIN.

6/ Our use of the term "written procedures" is intended to be read broadly to include, where applicable, regulations promulgated under AS 44.62.

7/ Those regulations permit dissemination of information relating to wanted persons, driver's records, and offenses for which an individual is currently within the criminal justice system. Although there is no definition for the term "currently within the criminal justice system," we have always interpreted it to mean that the person has not been "unconditionally discharged" as that term is defined in AS 12.55.185.

information should be released to individuals and under what circumstances. If the department would ordinarily not release certain information contained in its manual files, then there is probably no justification for releasing that same information after it has been transferred to the APSIN database.

The primary question to be addressed in making these decisions is whether the state's interest in legitimate law enforcement and public protection outweighs an individual's expectation of privacy. Obviously that expectation must be one that society is willing to recognize as reasonable. For example, it is probably safe to say that reasonable people would expect that information about arrests and investigations which do not result in prosecution will remain private, at least insofar as preventing such information from being given to other individuals. On the other hand, there are legitimate reasons for making this type of information available to other law enforcement agencies for use in subsequent investigations, and the legitimate government interest in having police agencies share such relevant information with other police agencies outweighs any interest in individual privacy. 8/

A more difficult question is presented by conviction records. Such documents in the possession of the court system are clearly public records and are available to any interested person. Nor are conviction records "sensitive personal information" as that term was used by the Alaska Supreme Court in Falcon v. Alaska Public Offices Commission, 570 P.2d 469 (Alaska 1977), even though a convicted person may desire to keep this information private because it causes embarrassment. Thus there is no constitutional prohibition from releasing this information to interested persons, although it has always been the practice in this state to prevent private individuals from obtaining this information from state computers after the offender has been unconditionally discharged. 9/ See 6 AAC 60.070(f) and note 7

8/ Current federal regulations governing federally-funded criminal justice information systems in 28 C.F.R. pt. 20 make just this distinction by permitting "nonconviction" data to be disseminated to criminal justice agencies, but not to individuals. See 28 C.F.R. § 20.3(k) and 20.21(b).

9/ Under certain circumstances, the state may have an affirmative duty to disseminate information about offenders who

supra. While this past practice is not determinative, it should be considered in deciding whether as a policy matter there is any legitimate government interest in disseminating this information to private persons, after an offender has "paid his debt to society." 10/ In making this decision you should also take into consideration AS 12.62.035, which permits dissemination of conviction data to interested persons, but only if the information relates to a conviction for a sexual offense and only if the interested person is considering the employment of the offender in a position of supervisory control over children. See also AS 28.15.151(f), declaring that conviction records for driving offenses in the possession of the department may be given to government agencies or to a person designated by the offender, but are otherwise "confidential and private." These recent expressions of legislative intent may be interpreted as an indication that unlimited dissemination of conviction data after an offender has been unconditionally discharged would probably not meet with legislative approval.

have been released on probation and parole and are therefore still under the jurisdiction of the state. See Division of Corrections v. Neakok, 721 P.2d 1121 (Alaska 1986).

10/ Federal regulations neither require nor prohibit dissemination of conviction data to private individuals, but leave that decision to each state. 28 C.F.R. § 20.21(c)(3).

The superior court shall cause a copy of the application to be served upon the county attorney.

§ 13-907. Setting aside judgment of convicted person upon discharge; making of application; release from disabilities; exceptions

Every person convicted of a criminal offense other than a violation of § 28-472, the provisions of title 28, chapter 6,[1] or a violation of any local ordinance relating to stopping, standing or operation of a vehicle, but nevertheless including a violation of § 28-661, 28-692, 28-692.02, 28-693 or any local ordinance relating to the same subject matter of such sections, may, upon fulfillment of the conditions of probation or sentence and discharge by the court, apply to the judge, justice of the peace or magistrate who pronounced sentence or imposed probation or such judge, justice of the peace or magistrate's successor in office to have the judgment of guilt set aside. The convicted person shall be informed of this right at the time of discharge. The application to set aside the judgment may be made by the convicted person, by his attorney or probation officer authorized in writing. If the judge, justice of the peace or magistrate grants the application, the judge, justice of the peace or magistrate shall set aside the judgment of guilt, dismiss the accusations or information and order that the person be released from all penalties and disabilities resulting from the conviction other than those imposed by the department of transportation pursuant to § 28-445 or 28-446, and except that the conviction may be used as a conviction if such conviction would be admissible had it not been set aside and may be pleaded and proved in any subsequent prosecution of such person by the state or any of its subdivisions for any offense or used by the department of transportation in enforcing the provisions of § 28-445 or 28-446 as if the judgment of guilt had not been set aside.

nouncing sentence trial court advised petitioner of his right to appeal and to court-appointed counsel therefore and petitioner allegedly did not appeal within prescribed time because he believed from a discussion with his probation officer that his conviction would eventually be removed from his record if he fulfilled the terms of his probation. State v. Stice (1975) 23 Ariz.App. 97, 530 P.2d 1130, on reconsideration 24 Ariz.App. 516, 540 P.2d 135.

Probationer may, after completion of his probation period, move the court to set aside his plea of guilty or a verdict of guilty and, in addition, have his civil rights reinstated. State v. Brandt (1973) 19 Ariz. 172, 505 P.2d 1063.

City courts and justice of the peace courts had no jurisdiction to rule on either a petition for restoration of civil rights or a motion to withdraw a guilty plea or to set aside a verdict pursuant to the provisions of § 13-1741 et seq. (now this chapter). Op.Atty.Gen.No. 72-19-L.

2. City and police courts

Superior court exceeded its jurisdiction by ordering establishment of procedures in city court whereby successful misdemeanor probationers could obtain relief under this section establishing right of discharged probationers to withdraw guilty pleas or seek to vacate verdicts of conviction which resulted in their being placed on probation. State ex rel. Purcell v. Superior Court In and For Maricopa County (1976) 112 Ariz. 521, 544 P.2d 203.

3. Expungement of records

There is no expungement of records in regard to criminal identification, and, as a matter of fact, court orders to expunge should not be honored; any such order should be brought to attorney general's attention so that they may be appealed, based on lack of statutory authority to issue expungement orders. Op.Atty.Gen.No.73-3-L.

4. Review

If accused, who was convicted of three counts of misdemeanor manslaughter, was given erroneous advice by probation officer with regard to this section, which relates to setting aside of a conviction and restoration of civil rights and which does not apply to misdemeanor convictions, and if, as result of such advice, accused decided to forego his appeal rights, he was entitled to take a delayed appeal. State v. Stice (1975) 24 Ariz.App. 516, 540 P.2d 135.

Appeal of defendant from an order revoking probation and imposing a prison sentence was not rendered moot by defendant's completion of service of the sentence. State v. Brandt (1973) 19 Ariz.App. 172, 505 P.2d 1063.

§ 13-908. Restoration of civil rights in the discretion of the superior court judge

12-2802. 16-802. Legislative intent. — (a) The Arkansas General Assembly finds and declares:

(1) That the use of personal information collected, stored, or disseminated by government for purposes other than those purposes to which a person knowingly consents can seriously endanger a person's right to privacy and confidentiality.

(3) That in order to increase participation of persons in the prevention and correction of unfair information practices, opportunity for hearing and remedies must be provided.

(4) That in order to insure that information collected, stored and disseminated by government about persons is consistent with fair information practices while safe-guarding the interests of the persons and allowing the State and other governmental subdivisions to exercise their proper powers, a definition of rights and responsibilities must be established.

(b) The purpose of this Act [§§ 16-801 — 16-810] is to insure safeguards for personal privacy from government recordkeeping organizations by adherence to the following principles of information practice:

(1) There should be no personal information systems whose existence is secret.

(2) Information should not be collected unless the need for it has been clearly established in advance.

(3) Information should be appropriate and relevant to the purpose for which it has been collected.

(4) Information should not be obtained by fraudulent or unfair means.

(5) Information should not be used unless it is accurate and current.

(6) There should be a prescribed procedure for an individual to know the existence of information stored about him, the purpose for which it has been recorded, particulars about its use and dissemination, and to examine that information.

(7) There should be a clearly prescribed procedure for an individual to correct, erase, or amend inaccurate, obsolete, or irrelevant information.

(8) Any government organization collecting, maintaining, using, or disseminating personal information should assure its reliability and take precautions to prevent its misuse.

(9) There should be a clearly prescribed procedure for an individual to prevent personal information collected for one purpose from being used for another purpose without his consent.

REGULATIONS TO BE ISSUED BY DEPARTMENT OF PUBLIC SAFETY APPLICABLE TO ALL CJIS TERMINAL AGENCIES

Sec. 1. Purpose. These regulations are issued in compliance with Part 20 of Chapter 1 of Title 28 of the Code of Federal Regulations (Order No. 601-75, Fed. Reg., Vol. 40, No. 98, Tuesday, May 20, 1975).

Subsection 20.21(g) of Part 20 requires federally-assisted criminal justice information systems to implement operational procedures to permit individuals to review criminal history record information concerning them maintained in such systems to insure that such information is accurate and complete. If, after review, the individual claims that the information is inaccurate or incomplete, the procedures must provide for an administrative review of appropriate source documents to determine whether or not the information should be corrected. If the individual is dissatisfied with the review decision, he must be afforded some means of administrative appeal to an agency other than the agency declining to correct the information. If information is found to be inaccurate or incomplete. it must be corrected and all criminal justice agencies that have received the incorrect information must be notified of the correction. Upon request, the individual must be given a list of all non-criminal justice recipients of the incorrect information.

Sec. 2. Scope. The procedures set out below apply only to "criminal history record information," which should be understood to include only notations of the arrest or detention of an identified individual and the outcome of subsequent proceedings against the individual. In general, this includes the basic computerized criminal history (CCH) and offender-based transaction statistics (OBTS) data elements, traditionally collected on "rap sheets." The regulations do not apply to other types of information contained in criminal justice agency reports, such as intelligence or investigative information

(suspected criminal activity, associates, hangouts, financial information, ownership of property and vehicles, for example) except to the extent that criminal history record information is contained in such reports. Thus, if a rap sheet is contained in an intelligence file, the rap sheet must be corrected pursuant to the procedures set out below; but the intelligence data is not subject to review by the individual.

Sec. 3. Review by Individuals. Each terminal agency shall make available facilities and personnel necessary to permit review by individuals of criminal history record information concerning them. Reviews shall be conducted in accordance with the following procedures:

(a) Reviews shall take place only within the facilities of the agency and under the supervision and in the presence of an employee designated for that purpose. The agency may limit the hours for such reviews to normal daylight business hours. No fee may be charged for any such review, but a charge, not to exceed $5.00, may be made to recover the actual costs of any copies of records provided to the individual.

(b) Reviews shall be permitted only after verification that the requesting individual is the subject of the records he seeks to review. A rolled set of ten fingerprints shall be required for such verification. A review may be conducted on behalf of an individual by his attorney or other representative if such person presents adequate verification of the identity of the subject individual, including fingerprints, and a notarized statement from the individual authorizing him to conduct the review.

(c) A record of each review shall be maintained by the agency on Form No. 1 provided with these regulations. The form shall be completed and signed by the supervising employee present at the review and by the reviewing individual.

(d) If the criminal history record information requested by the individual is maintained at the agency, a copy of such information shall promptly be provided for the individual's review. If the agency has no criminal history record information

concerning the individual in its files, it shall forward a copy of the request form, together with the fingerprints, to the Bureau of Identification of the Arkansas State Police. The Bureau of Identification shall promptly conduct a search of its files and shall cause a search to be made of the automated files of the Criminal Justice and Highway Safety Information Center. If any criminal history record information concerning the individual is discovered, a copy of such information shall promptly be returned to the requesting agency, which shall notify the individual that the record is avialable for review. This notification shall take place no later than 15 days after the individual requests a review of his record.

(c) The reviewing individual may make and retain a written summary or notes in his own handwriting of the information. He shall be informed of his right to submit written exceptions as to the maintenance, completeness or accuracy of the information. If the individual does not wish to challenge the information, he may be asked, but may not be required, to verify by his signature the accuracy and completeness of the information.

Sec. 4. Administrative Review. Should any individual wish to challenge the maintenance, accuracy or completeness of criminal history record information concerning him, he shall do so within 10 days after the review of such information. Such challenge shall be recorded on Form No. 2 provided with these regulations. The individual shall indicate on the form the information he believes to be inaccurate, incomplete or improperly maintained, and shall state what he believes to be a correct and complete version of the information or why he believes the information should not be maintained. The reviewing individual shall attest by his signature that the exceptions are made in good faith and that the facts set forth are true to the best of his knowledge and belief. Upon his request, the individual shall be provided with a copy of that part of the information that he has challenged. Such copy shall be marked: "THIS COPY IS PROVIDED FOR PURPOSES OF REVIEW

AND CHALLENGE. ANY USE FOR ANY OTHER PURPOSE IS A VIOLATION OF SEC. 3771 OF TITLE 42 OF THE UNITED STATES CODE."

An administrative review of the challenge shall be conducted in accordance with the following procedures:

(a) The challenge form shall be forwarded to a review officer designated for that purpose in each agency. If the information challenged related to criminal proceedings that occurred in the political jurisdiction in which the reviewing agency is located, the review officer shall cause to be conducted an appropriate audit of source documents and other information necessary to determine the accuracy of the exceptions. If the information challenged related to criminal proceedings in another jurisdiction, a copy of the challenge form shall be sent to the Bureau of Identification of the Arkansas State Police. The Bureau shall promptly forward the form to the criminal justice agency, whether within or outside of the State of Arkansas, that originated the information that is the subject of the challenge. The Bureau shall request the agency to conduct an audit to determine the accuracy of the exceptions, to notify the Bureau within 30 days of the results of such audit, and to provide the Bureau with certified copies of the source documents on which the agency's decision is based. The Bureau shall promptly forward this information to the agency where the review took place. Should any agency over which the Bureau has no administrative authority fail to respond to the Bureau's request, the Bureau shall so notify the agency where the review took place. That agency shall notify the individual that he must pursue the challenge directly with the agency which originated the challenged information.

(b) The review officer shall notify the individual in writing of the decision concerning the challenge. Form No. 3 provided with these regulations shall be used for this purpose. The individual shall be informed that, if he is not satisfied with the decision, he may, within 10 days, request an administrative appeal to the Office of the Attorney General of the

State of Arkansas.

Sec. 5. Administrative Appeal. Should any individual elect an administrative appeal, the appeal shall be conducted in accordance with the following procedures:

(a) The appeal shall be requested on Form No. 4 provided with these regulations. A copy of the form, together with copies of any appropriate source documents provided by the individual or by any criminal justice agency, shall be forwarded to the Office of the Attorney General.

(b) The Attorney General or a member of his office designated to handle such appeals, shall review the request form and the statements and documents accompanying it and shall determine whether the challenged record is inaccurate, incomplete or improperly maintained. If he considers it necessary, the Attorney General or his designee may request additional information from any criminal justice agency, or may, in his sole discretion, order a hearing for the purpose of obtaining additional information. The order for such hearing shall state where the hearing shall be held, who shall conduct the hearing, whether the individual may appear, whether he may be represented by counsel and other procedures governing the conduct of such hearing.

(c) The Attorney General's decision on the appeal shall be recorded on Form No. 4, together with a statement of any relief to which the individual is entitled. Copies of the form shall be sent to the Bureau of Identification and to the criminal justice agency from which the appeal originated. The latter agency shall notify the individual of the Attorney General's decision and shall take any necessary action to implement the decision.

Sec. 6. Correction and Notification. Should it be determined as a result of a review or appeal conducted under these regulations that challenged criminal history record information is inaccurate, incomplete or improperly maintained, the information shall be appropriately deleted, supplemented or corrected in the files of the Bureau of Identification, the Criminal

Justice and Highway Safety Information System and any criminal justice agencies involved in the challenge procedures. In addition, such agencies shall give notice of the corrective action to any criminal justice agencies to which the incorrect information has been disseminated within the one-year period prior to the data of the challenge, and shall direct such agencies to correct their files and to give appropriate notice to other agencies to which they have disseminated the incorrect information within the previous year.

Sec. 7. List of Noncriminal Justice Recipients. Upon request by any individual whose record has been corrected pursuant to a challenge under these regulations, he shall be given a list of all noncriminal justice agencies or individuals to whom the incorrect information has been disseminated within the one-year period prior to the date of the challenge. This list shall be compiled by the criminal justice agency where the review and challenge took place, the criminal justice agency which originated the corrected information, the Criminal Justice and Highway Safety Information System and the Bureau of Identification, as appropriate.

Sec. 8. Administrative Penalties.

(a) Any failure to implement the provisions of these regulations by any employee or officer of any criminal justice agency subject to the regulations shall be punished by suspension, discharge, reduction in grade, transfer or such other administrative penalties as the agency shall deem appropriate.

(b) If any criminal justice agency subject to these regulations is found by the Bureau of Identification or the Criminal Justice and Highway Safety Information System to have wilfully and repeatedly failed to implement the procedures specified in these regulations, dissemination of criminal history record information to such agency may be terminated or suspended for such periods and on such terms as the Bureau of Identification and the Criminal Justice and Highway Safety Information System may deem appropriate.

DIRECTIVE ON INMATE RECORD REVIEW

(To be Issued by Director of Corrections)

Sec. 1. Purpose. This directive is issued in compliance with Part 20 of Chapter 1 of Title 28 of the Code of Federal Regulations (Order No. 601-75, Fed. Reg., Vol. 40, No. 98, Tuesday, May 20, 1975).

Subsection 20.21(g) of Part 20 requires federally-assisted criminal justice information systems to implement operational procedures to permit individuals to review criminal history record information concerning them maintained in such systems to insure that such information is accurate and complete. If, after review, the individual claims that the information is inaccurate or incomplete, the procedures must provide for an administrative review of appropriate source documents to determine whether or not the information should be corrected. If the individual is dissatisfied with the review decision, he must be afforded some means of administrative appeal to an agency other than the agency declining to correct the information. If information is found to be inaccurate or incomplete, it must be corrected and all criminal justice agencies that have received the incorrect information must be notified of the correction. Upon request, the individual must be given a list of all noncriminal justice recipients of the incorrect information.

Sec. 2. Scope. The procedures set out below apply only to "criminal history record information," which should be understood to include only notations of the arrest or detention of an identified individual and the outcome of subsequent proceedings against the individual. In general, this includes the basic computerized criminal history (CCH) and offender-based transaction statistics (OBTS) data elements, traditionally collected on "rap sheets." The regulations do not apply to other types of information contained in criminal justice agency reports, such as intelligence or investigative information or correctional treatment or program reports, except to the extent that criminal

history record information is contained in such reports. Thus, if a rap sheet is contained in a presentence report or a correctional treatment report, the rap sheet information must be corrected pursuant to the procedures set out below; but the presentence and treatment reports are not subject to review by the individual.

Sec. 3. Review by Inmate. Arrangements have been made to inform every inmate in the Arkansas correctional system of the right to review any criminal history record information concerning him on file in the Department of Corrections or in the Bureau of Identification of the Arkansas State Police. Reviews shall be conducted in accordance with the following procedures:

(a) Reviews shall take place only under the supervision of and in the presence of an employee of the Department designated for that purpose. The Department may limit the hours for such reviews to normal daylight business hours. No fee may be charged for any such review, but a charge, not to exceed $5.00, may be made to recover the actual costs of any copies of records provided to the inmate.

(b) Reviews shall be permitted only after verification that the inmate is the subject of the records he seeks to review. A rolled set of ten fingerprints shall be required for such verification.

(c) A record of each review shall be maintained by the Department on Form No. 1 provided with this directive. The form shall be completed and signed by the supervising employee present at the review and by the reviewing inmate.

(d) The inmate shall be permitted to make and retain a written summary or notes in his own handwriting of the information. He shall be informed of his right to submit written

exceptions as to the maintenance, completeness or accuracy of the information. If the inmate does not wish to challenge the information, he may be asked, but may not be required, to verify by his signature the accuracy and completeness of the information.

Sec. 4. Administrative Review. Should any inmate wish to challenge the maintenance, accuracy or completeness of criminal history record information concerning him, he shall do so within 10 days after the review of such information. Such challenge shall be recorded on Form No. 2 provided with this directive. The inmate shall indicate on the form the information he believes to be inaccurate, incomplete or improperly maintained, and shall state what he believes to be a correct and complete version of the information or why he believes the information should not be maintained. The inmate shall attest by his signature that the exceptions are made in good faith and that the facts set forth are true to the best of his knowledge and belief. Upon his request, he shall be provided with a copy of that part of the information that he has challenged. Such copy shall be marked: "THIS COPY IS PROVIDED FOR PURPOSES OF REVIEW AND CHALLENGE. ANY USE FOR ANY OTHER PURPOSE IS A VIOLATION OF SEC. 3771 OF TITLE 42 OF THE UNITED STATES CODE."

An administrative review of the challenge shall be conducted in accordance with the following procedures:

(a) The challenge form shall be forwarded to a review officer designated for that purpose in the Department. If the accuracy of the exceptions taken can be determined from records and information maintained within the Department of Corrections or available to the Department, the review officer shall cause to be conducted an appropriate audit of source documents and other information necessary to determine the accuracy of the exceptions. If the information challenged relates to criminal proceedings in another jurisdiction or other matters as to which the Department has no knowledge or records, a copy of the challenge form shall be sent to the Bureau of Identification of

the Arkansas State Police. The Bureau shall promply forward the form to the criminal justice agency, whether within or outside of the State of Arkansas, that originated the information that is the subject of the challenge. The Bureau shall request the agency to conduct an audit to determine the accuracy of the exceptions, to notify the Bureau within 30 days of the results of such audit, and to provide the Bureau with certified copies of the source documents on which the agency's decision is based. The Bureau shall promptly forward this information to the Department of Corrections. Should any agency over which the Bureau has no administrative authority fail to respond to the Bureau's request, the Bureau shall so notify the Department. The Department shall notify the inmate that he must pursue the challenge directly with the agency which originated the challenged information. He shall be provided with the name and address of that agency.

(b) The review officer shall notify the inmate in writing of the decision concerning the challenge. Form No. 3 provided with this directive shall be used for this purpose. The inmate shall be informed that, if he is not satisfied with the decision, he may, within 10 days, request an administrative appeal to the Office of the Attorney General of the State of Arkansas.

Sec. 5. Administrative Appeal. Should any inmate elect an administrative appeal, the appeal shall be conducted in accordance with the following procedures:

(a) The appeal shall be requested on Form No. 4 provided with this directive. A copy of the form, together with copies of any appropriate source documents or other information, shall be forwarded to the Office of the Attorney General.

(b) The Attorney General or a member of his office designated to handle such appeals, shall review the request form and the statements and documents accompanying it and shall determine whether the challenged record is inaccurate, incomplete or improperly maintained. If he considers it necessary, the

Attorney General or his designee may request additional information from any criminal justice agency, or may, in his sole discretion, order a hearing for the purpose of obtaining additional information. The order for such hearing shall state where the hearing shall be held, who shall conduct the hearing, whether the inmate may appear, whether he may be represented by counsel and other procedures governing the conduct of such hearing.

(c) The Attorney General's decision on the appeal shall be recorded on Form No. 4, together with a statement of any relief to which the inmate is entitled. Copies of the form shall be sent to the Bureau of Identification and to the Department of Corrections. The Department shall notify the inmate of the Attorney General's decision and shall take all appropriate action to implement the decision.

Sec. 6. Correction and Notification. Should it be determined as a result of a review or appeal conducted under this directive that challenged criminal history record information is inaccurate, incomplete, or improperly maintained, the information shall be appropriately deleted, supplemented or corrected in the files of the Department of Corrections, Bureau of Identification, the Criminal Justice and Highway Safety Information System and any criminal justice agencies involved in the challenge procedures. In addition, such departments and agencies shall give notice of the corrective action to any criminal justice agencies to which the incorrect information has disseminated within the one-year period prior to the date of the challenge, and shall direct such agencies to correct their files and to give appropriate notice to other agencies to which they have disseminated the incorrect information within the previous year.

Sec. 7. List of Noncriminal Justice Recipients. Upon request by any inmate whose record has been corrected pursuant to a challenge under this directive, he shall be given a list of all noncriminal justice agencies or individuals to whom the incorrect information has been disseminated within the one-year

period prior to the date of the challenge. This list shall be compiled by the Department of Corrections, the criminal justice agency which originated the corrected information, the Criminal Justice and Highway Safety Information System and the Bureau of Identification, as appropriate.

Sec. 8. Administrative Penalties. Any failure to implement the provisions of this directive by any employee or officer of the Department of Corrections shall be punished by suspension, discharge, reduction in grade, transfer or such other administrative penalties as shall be deemed appropriate.

§ 851.8. Sealing and destruction of arrest records; determination of factual innocence

(a) In any case where a person has been arrested and no accusatory pleading has been filed, the person arrested may petition the law enforcement agency having jurisdiction over the offense to destroy its records of the arrest. A copy of such petition shall be served upon the district attorney of the county having jurisdiction over the offense. The law enforcement agency having jurisdiction over the offense, upon a determination that the person arrested is factually innocent, shall, with the concurrence of the district attorney, seal its arrest records, and the petition for relief under this section for three years from the date of the arrest and thereafter destroy its arrest records and the petition. The law enforcement agency having jurisdiction over the offense shall notify the Department of Justice, and any law enforcement agency which arrested the petitioner or participated in the arrest of the petitioner for an offense for which the petitioner has been found factually innocent under this subdivision, of the sealing of the arrest records and the reason therefor. The Department of Justice and any law enforcement agency so notified shall forthwith seal their records of the arrest and the notice of sealing for three years from the date of the arrest, and thereafter destroy their records of the arrest and the notice of sealing. The law enforcement agency having jurisdiction over the offense and the Department of Justice shall request the destruction of any records of the arrest which they have given to any local, state, or federal agency or to any other person or entity. Each such agency, person, or entity within the State of California receiving such a request shall destroy its records of the arrest and such request, unless otherwise provided in this section.

(b) If, after receipt by both the law enforcement agency and the district attorney of a petition for relief under subdivision (a), the law enforcement agency and district attorney do not respond to the petition by accepting or denying such petition within 60 days after the running of the relevant statute of limitations or within 60 days after receipt of the petition in cases where the statute of limitations has previously lapsed,

then the petition shall be deemed to be denied. In any case where the petition of an arrestee to the law enforcement agency to have an arrest record destroyed is denied, petition may be made to the municipal or justice court which would have had territorial jurisdiction over the matter. A copy of such petition shall be served on the district attorney of the county having jurisdiction over the offense at least 10 days prior to the hearing thereon. The district attorney may present evidence to the court at such hearing. Notwithstanding Section 1538.5 or 1539, any judicial determination of factual innocence made pursuant to this section may be heard and determined upon declarations, affidavits, police reports, or any other evidence submitted by the parties which is material, relevant and reliable. A finding of factual innocence and an order for the sealing and destruction of records pursuant to this section shall not be made unless the court finds that no reasonable cause exists to believe that the arrestee committed the offense for which the arrest was made. In any court hearing to determine the factual innocence of a party, the initial burden of proof shall rest with the petitioner to show that no reasonable cause exists to believe that the arrestee committed the offense for which the arrest was made. If the court finds that this showing of no reasonable cause has been made by the petitioner, then the burden of proof shall shift to the respondent to show that a reasonable cause exists to believe that the petitioner committed the offense for which the arrest was made. If the court finds the arrestee to be factually innocent of the charges for which the arrest was made, then the court shall order the law enforcement agency having jurisdiction over the offense, the Department of Justice, and any law enforcement agency which arrested the petitioner or participated in the arrest of the petitioner for an offense for which the petitioner has been found factually innocent under this section to seal their records of the arrest and the court order to seal and destroy such records, for three years from the date of the arrest and thereafter to destroy their records of the arrest and the court order to seal and destroy such records. The court shall also order the law enforcement agency having jurisdiction over the offense and the Department of Justice to request the destruction of any records of the arrest which they have given to any local, state, or federal agency, person or entity. Each state or local agency, person or entity within the State of California receiving such a request shall destroy its records of the arrest and the request to destroy such records, unless otherwise provided in this section. The court shall give to the petitioner a copy of any court order concerning the destruction of the arrest records.

(c) In any case where a person has been arrested, and an accusatory pleading has been filed, but where no conviction has occurred, the defendant may, at any time after dismissal of the action, petition the court which dismissed the action for a finding that the defendant is

factually innocent of the charges for which the arrest was made. A copy of such petition shall be served on the district attorney of the county in which the accusatory pleading was filed at least 10 days prior to the hearing on the petitioner's factual innocence. The district attorney may present evidence to the court at such hearing. Such hearing shall be conducted as provided in subdivision (b). If the court finds the petitioner to be factually innocent of the charges for which the arrest was made, then the court shall grant the relief as provided in subdivision (b).

(d) In any case where a person has been arrested and an accusatory pleading has been filed, but where no conviction has occurred, the court may, with the concurrence of the district attorney, grant the relief provided in subdivision (b) at the time of the dismissal of the accusatory pleading.

(e) Whenever any person is acquitted of a charge and it appears to the judge presiding at the trial wherein such acquittal occurred that the defendant was factually innocent of such charge, the judge may grant the relief provided in subdivision (b).

(f) In any case where a person who has been arrested is granted relief pursuant to subdivision (a) or (b), the law enforcement agency having jurisdiction over the offense or court shall issue a written declaration to the arrestee stating that it is the determination of the law enforcement agency having jurisdiction over the offense or court that the arrestee is factually innocent of the charges for which he was arrested and that the arrestee is thereby exonerated. Thereafter, the arrest shall be deemed not to have occurred and the person may answer accordingly any question relating to its occurrence.

(g) The Department of Justice shall furnish forms to be utilized by persons applying for the destruction of their arrest records and for the written declaration that one person was found factually innocent under subdivisions (a) and (b).

(h) Documentation of arrest records destroyed pursuant to subdivision (a), (b), (c), (d), or (e) which are contained in investigative police reports shall bear the notation "Exonerated" whenever reference is made to the arrestee. The arrestee shall be notified in writing by the law enforcement agency having jurisdiction over the offense of the sealing and destruction of the arrest records pursuant to this section.

(i) Any finding that an arrestee is factually innocent pursuant to subdivision (a), (b), (c), (d), or (e) shall not be admissible as evidence in any action.

(j) Destruction of records of arrest pursuant to subdivision (a), (b), (c), (d), or (e) shall be accomplished by permanent obliteration of all entries or notations upon such records pertaining to the arrest, and the record shall be prepared again so that it appears that the arrest never occurred.

However, where (1) the only entries on the record pertain to the arrest and (2) the record can be destroyed without necessarily effecting the destruction of other records, then the document constituting the record shall be physically destroyed.

(k) No records shall be destroyed pursuant to subdivision (a), (b), (c), (d), or (e) if the arrestee or a codefendant has filed a civil action against the peace officers or law enforcement jurisdiction which made the arrest or instituted the prosecution and if the agency which is the custodian of such records has received a certified copy of the complaint in such civil action, until the civil action has been resolved. Any records sealed pursuant to this section by the court in the civil actions, upon a showing of good cause, may be opened and submitted into evidence. The records shall be confidential and shall be available for inspection only by the court, jury, parties, counsel for the parties and any other person authorized by the court. Immediately following the final resolution of the civil action, records subject to subdivision (a), (b), (c), (d), or (e) shall be sealed and destroyed pursuant to subdivision (a), (b), (c), (d), or (e).

(*l*) For arrests occurring on or after January 1, 1981, and for accusatory pleadings filed on or after January 1, 1981, petitions for relief under this section may be filed up to two years from the date of the arrest or filing of the accusatory pleading, whichever is later. Until January 1, 1983, petitioners can file for relief under this section for arrests which occurred or accusatory pleadings which were filed up to five years prior to the effective date of the statute. Any time restrictions on filing for relief under this section may be waived upon a showing of good cause by the petitioner and in the absence of prejudice.

(m) Any relief which is available to a petition under this section for an arrest shall also be available for an arrest which has been deemed to be or described as a detention under Section 849.5 or 851.6.

(n) The provisions of this section shall not apply to any offense which is classified as an infraction.

(o)(1) The provisions of this section shall be repealed on the effective date of a final judgment based on a claim under the California or United States Constitution holding that evidence which is relevant, reliable, and material may not be considered for purposes of a judicial determination of factual innocence under this section. For purposes of this subdivision, a judgment by the appellate department of a superior court is a final judgment if it is published and if it is not reviewed on appeal by a district court of appeal. A judgment of a district court of appeal is a final judgment if it is published and if it is not reviewed by the California Supreme Court.

(2) Any such decision referred to in this subdivision shall be stayed pending appeal.

(3) If not otherwise appealed by a party to the action, any such decision referred to in this subdivision which is a judgment by the appellate department of the superior court, shall be appealed by the Attorney General.

§ 851.85. Motion to seal records on acquittal if person appears to judge to be factually innocent; rights of defendant under order

Whenever a person is acquitted of a charge and it appears to the judge presiding at the trial wherein such acquittal occurred that the defendant was factually innocent of the charge, the judge may order that the records in the case be sealed, including any record of arrest or detention, upon the written or oral motion of any party in the case or the court, and with notice to all parties to the case. If such an order is made, the court shall give to the defendant a copy of such order and inform the defendant that he may thereafter state that he was not arrested for such charge and that he was found innocent of such charge by the court.

In addition, the Department of Justice may add a surcharge to the fee to fund maintenance and improvements to the systems from which the information is obtained. Notwithstanding any other provisions of law, any person or entity required to pay a fee to the department for information received under this section may charge the applicant a fee sufficient to reimburse the person or entity for such expense. All moneys received by the department pursuant to this section, Section 12054 of the Penal Code, and Section 13523 of the Education Code shall be deposited in a special account in the General Fund to be available for expenditure by the department to offset costs incurred pursuant to such sections and for maintenance and improvements to the systems from which the information is obtained when appropriated by the Legislature therefor.

The department shall inform the applicant of its correction of the record under this subdivision within 30 days. Upon the judgment in the action or proceeding becoming final, the court shall order the records sealed.

(g) A person who petitions for an order sealing a record under this section may be required to reimburse the county for the cost of services rendered at a rate to be determined by the county board of supervisors not to exceed sixty dollars ($60), and to reimburse any city for the cost of services rendered at a rate to be determined by the city council not to exceed sixty dollars ($60). Ability to make this reimbursement shall be determined by the court using the standards set forth in paragraph (2) of subdivision (f) of Section 987.8 and shall not be a prerequisite to a person's eligibility under this section. § 13300. Furnishing to authorized persons; fingerprints on file without criminal history; fees

(a) As used in this section:

(1) "Local summary criminal history information" means the master record of information compiled by any local criminal justice agency pursuant to Chapter 2 (commencing with Section 13100) of Title 3 of Part 4 of the Penal Code pertaining to the identification and criminal history of any person, such as name, date of birth, physical description, dates of arrests, arresting agencies and booking numbers, charges, dispositions, and similar data about the person.

(9) Any agency, officer, or official of the state when the criminal history information is required to implement a statute, a regulation, or an ordinance that expressly refers to specific criminal conduct applicable to the subject person of the local summary criminal history information, and contains requirements or exclusions, or both, expressly based upon the specified criminal conduct.

(10) Any city or county, or city and county, or district, or any officer, or official thereof when access is needed in order to assist the agency, officer, or official in fulfilling employment, certification, or licensing duties, and when the access is specifically authorized by the city council, board of

supervisors or governing board of the city, county, or district when the criminal history information is required to implement a statute, a regulation, or an ordinance that expressly refers to specific criminal conduct applicable to the subject person of the local summary criminal history information, and contains requirements or exclusions, or both, expressly based upon the specified criminal conduct.

(1) Any public utility as defined in Section 216 of the Public Utilities Code which operates a nuclear energy facility when access is needed in order to assist in employing persons to work at the facility, provided that, if the local agency supplies the data, it shall furnish a copy of this data to the person to whom the data relates.

(2) To a peace officer of the state other than those included in subdivision (b).

(3) To a peace officer of another country.

(4) To public officers (other than peace officers) of the United States, other states, or possessions or territories of the United States, provided that access to records similar to local summary criminal history information is expressly authorized by a statute of the United States, other states, or possessions or territories of the United States when this information is needed for the performance of their official duties.

(5) To any person when disclosure is requested by a probation, parole, or peace officer with the consent of the subject of the local summary criminal history information and for purposes of furthering the rehabilitation of the subject.

(6) The courts of the United States, other states, or territories or possessions of the United States.

(7) Peace officers of the United States, other states, or territories or possessions of the United States.

(8) To any individual who is the subject of the record requested when needed in conjunction with an application to enter the United States or any foreign nation.

(9) Any public utility as defined in Section 216 of the Public Utilities Code, when access is needed in order to assist in employing persons who will be seeking entrance to private residences in the course of their employment. The information provided shall be limited to the record of convictions and any arrest for which the person is released on bail or on his or her own recognizance pending trial.

If the local agency supplies the data pursuant to this paragraph, it shall furnish a copy of the data to the person to whom the data relate.

A violation of any of the provisions of this paragraph is a misdemeanor, and shall give the employee or applicant who is injured by the violation a cause of action against the public utility to recover damages proximately caused by the violation.

Nothing in this section shall be construed as imposing any duty upon public utilities to request local summary criminal history information on any current or prospective employee.

Seeking entrance to private residences in the course of employment shall be deemed a "compelling need" as required to be shown in this subdivision.

(d) Whenever an authorized request for local summary criminal history information pertains to a person whose fingerprints are on file with the local agency and the local agency has no criminal history of that person, and the information is to be used for employment, licensing, or certification purposes, the fingerprint card accompanying the request for information, if any, may be stamped "no criminal record" and returned to the person or entity making the request.

(e) A local agency taking fingerprints of a person who is an applicant for licensing, employment, or certification may charge a fee not to exceed ten dollars ($10) in order to cover the cost of taking the fingerprints and processing the required documents.

(f) Whenever local summary criminal history information furnished pursuant to this section is to be used for employment, licensing, or certification purposes, the local agency shall charge the person or entity making the request a fee which it determines to be sufficient to reimburse the local agency for the cost of furnishing the information, provided that no fee shall be charged to any public law enforcement agency for local summary criminal history information furnished to assist it in employing, licensing, or certifying a person who is applying for employment with the agency as a peace officer, or criminal investigator. Any state agency required to pay a fee to the local agency for information received under this section may charge the applicant a fee sufficient to reimburse the agency for the expense.

(j) Notwithstanding any other provision of law, the Department of Justice or any state or local law enforcement agency may require the submission of fingerprints for the purpose of conducting summary criminal history information record checks which are authorized by law.

(k) Any local criminal justice agency shall be authorized to release information concerning an arrest or detention of a peace officer which did not result in conviction, or information concerning a referral to, and participation in, any postarrest diversion program to a government agency employer of that peace officer.

Notwithstanding the provisions of Sections 6252 and 6253, statewide, county, city, and district initiative, referendum, and recall petitions and all memoranda prepared by the county clerks in the examination of such petitions indicating which registered voters have signed particular petitions shall not be deemed to be public records and shall not be open to inspection except by the public officer or public employees who have the duty of receiving, examining or preserving such petitions or who are responsible for the preparation of such memoranda and, if the petition is found to be insufficient, by the proponents of the petition and such representatives of the proponents as may be designated by the proponents in writing in order to determine which signatures were disqualified and the reasons therefor; provided, however, that the Attorney General, the Secretary of State, the Fair Political Practices Commission, a district attorney, and a city attorney shall be permitted to examine such material upon approval of the appropriate superior court.

(b) Records pertaining to pending litigation to which the public agency is a party, or to claims made pursuant to Division 3.6 (commencing with Section 810), until the pending litigation or claim has been finally adjudicated or otherwise settled.

(c) Personnel, medical, or similar files, the disclosure of which would constitute an unwarranted invasion of personal privacy.

The name of a victim of any crime defined by Section 261, 264, 264.1, 273a, 273d, 273.5, 286, 288, 288a, or 289 of the Penal Code may be withheld at the victim's request, or at the request of the victim's parent or guardian if the victim is a minor. When a person is the victim of more than one crime, information disclosing that the person is a victim of a crime defined by Section 261, 264, 264.1, 273a, 273d, 286, 288, 288a, or 289 of the Penal Code may be deleted at the request of the victim, or the victim's parent or guardian if the victim is a minor, in making the report of the crime, or of any crime or incident accompanying the crime, available to the public in compliance with the requirements of this paragraph.

However, the law of eminent domain shall not be affected by this provision.

(i) Information required from any taxpayer in connection with the collection of local taxes which is received in confidence and the disclosure of the information to other persons would result in unfair competitive disadvantage to the person supplying the information.

The exemption in this subdivision shall not apply to records of fines imposed on the borrowers.

The court shall decide the case after examining the record in camera, if permitted by subdivision (b) of Section 915 of the Evidence Code, papers filed by the parties and such oral argument and additional evidence as the court may allow.

§ 1798.40 Confidentiality of information; agency findings; review; notice; ex parte orders authorizing responses of no maintenance

(a) Except as provided in subdivision (c), if the agency determines that information requested pursuant to Section 1798.34 is confidential it shall inform the individual in writing of the agency's finding that the information contained in the record is confidential, and that disclosure of the contents is not required by law.

The review shall be conducted by the head of such agency or an official specifically designated by the head of such agency.

(c) If the agency believes that compliance with subdivision (a) of this section would seriously interfere with attempts to apprehend persons who are wanted for committing a crime or attempts to prevent the commission of a crime or would endanger the life of an informant or other person submitting information contained in the confidential record, it may petition the presiding judge of the superior court of the county in which the record is maintained to issue an ex parte order authorizing the agency to respond to the individual that no record is maintained. All proceedings before the court shall be in camera. If the presiding judge finds that there are reasonable grounds to believe that compliance with subdivision (a) will seriously interfere with attempts to apprehend persons who are wanted for committing a crime or attempts to prevent the commission of a crime or will endanger the life of an informant or other person submitting information contained in the confidential record, he shall issue an order authorizing the agency to respond to the individual that no record is maintained by the agency. Such order shall not be issued for longer than 30 days but can be renewed at thirty (30) day intervals. An individual may bring a civil action against an agency whenever such agency does any of the following:

(a) Refuses to comply with an individual's lawful request to inspect pursuant to subdivision (a) of Section 1798.34.

(b) Fails to maintain any record concerning any individual with such accuracy, relevancy, timeliness, and completeness as is necessary to assure fairness in any determination relating to the qualifications, character, rights, opportunities of, or benefits to the individual that may be made on the basis of such record, if, as a proximate result of such failure, a determination is made which is adverse to the individual.

(c) Fails to comply with any other provision of this chapter, or any rule promulgated thereunder, in such a way as to have an adverse effect on an individual. (Added by Stats.1977, c. 709, p. 2269, § 1, operative July 1, 1978.)

Section 3 of Stats.1977, c. 709, p. 2286, provides:

"Each agency shall ensure that no record containing personal or confidential information shall be modified, transferred, or destroyed to avoid compliance with any of the provisions in Section 1 of this act. In such a suit the court shall determine the matter de novo, and may examine the contents of any agency records in camera to determine whether the records or any portion thereof may be withheld as being confidential information and the burden is on the agency to sustain its action.

(b) The court shall assess against the agency reasonable attorney's fees and other litigation costs reasonably incurred in any suit under this section in which the complainant has prevailed. A party may be considered to have prevailed even though he does not prevail on all issues or against all parties.

§ 1798.47 Injunctions; orders and judgments

Any agency that fails to comply with any provision of this chapter may be enjoined by any court of competent jurisdiction. The court may make such order or judgment as may be necessary to prevent the use or employment by an agency of any practices which violate this chapter.

Actions for injunction under this section may be prosecuted by the Attorney General, or any district attorney in this state, in the name of the people of the State of California whether upon his or her own complaint, or upon the complaint of the Office of Information Practices, or of a member of the general public, or by any individual acting in his own behalf.

Nothing in Sections 1798.45 to 1798.48, inclusive, shall be construed to authorize any civil action by reason of any injury sustained as the result of any information practice covered by this chapter prior to July 1, 1978.

1798.55 Intentional violations; agency officers and employees; discipline; termination of employment.
1798.56 False pretenses; requesting or obtaining records; misdemeanor.

Article 10 was added by Stats.1977, c. 709, p. 2269, § 1, operative July 1, 1978.

§ 1798.55 Intentional violations; agency officers and employees; discipline; termination of employment

The intentional violation of any provision of this chapter or of any rules or regulations adopted thereunder, by an officer or employee of any agency shall constitute a cause for discipline, including termination of employment.

(Added by Stats.1977, c. 709, p. 2269, § 1, operative July 1, 1978.)

§ 1798.56 False pretenses; requesting or obtaining records; misdemeanor

Any person who willfully requests or obtains any record containing personal or confidential information from an agency under false pretenses shall be guilty of a misdemeanor and fined not more than five thousand dollars ($5,000), or imprisoned not more than one year, or both.

45123. Employment after conviction of sex offense or narcotics offense

No person shall be employed or retained in employment by a school district who has been convicted of any sex offense as defined in Section 44010 or narcotics offense as defined in Section 44011. If, however, any such conviction is reversed and the person is acquitted of the offense in a new trial or the charges against him are dismissed, this section does not prohibit his employment thereafter.

Nothing in this section shall prohibit the employment by a school district of a person convicted of a narcotics offense involving the use or possession of marijuana if the governing board of the school district determines, from the evidence presented, that the person has been rehabilitated for at least five years.

The governing board shall determine the type and manner of presentation of the evidence, and the determination of the governing board as to whether or not the person has been rehabilitated is final.

NOTES OF DECISION

The board of education was not precluded from discharging a teacher for a sex offense despite his acquittal of the criminal charge for such offense in view of provision of this section that no person shall be employed or retained by school district who has been convicted of any sex offense but if conviction is reversed and person is acquitted this section does not prohibit his employment thereafter, thus making optional at discretion of board the retention of an employee who has first been convicted of a sex offense and ultimately acquitted, the same rule applying to anyone who has been acquitted ab initio. Board of Ed. of El Monte School Dist. of Los Angeles County v. Calderon (1973) 110 Cal.Rptr. 916, 35 C.A.3d 490.

A conviction following a plea of nolo contendere under Pen.C., Section 1016, as amended in 1963, should be deemed a conviction within the meaning of Educ.C., Sections 12911, 13129 (repealed) 13130 (repealed), 13206, 13207, 13217; 13218, 13255 and this section, which authorize revocation of a credential only upon conviction of certain specified offenses under California law. 44 Ops.Atty.Gen. 163, 12-22-64.

The date of conviction, final conviction, or suspension or imposition of sentence for sex offense as defined in Section 12912, is immaterial so far as action to be taken against such person by state board of education is concerned. 20 Ops.Atty.Gen. 10.

45124. Employment of sexual psychopath

No person shall be employed or retained in employment by a school district who has been determined to be a sexual psychopath under the provisions of Article 1 (commencing with Section 6300), Chapter 2, Part 2, Division 6 of the

Welfare and Institutions Code or under similar provisions of law of any other state. If, however, such determination is reversed and the person is determined not to be a sexual psychopath in a new proceeding or the proceeding to determine whether he is a sexual psychopath is dismissed, this section does not prohibit his employment thereafter.

45125. Use of personal identification cards to ascertain conviction of crime

The governing board of any school district shall, within 10 working days of date of employment, require each person to be employed, or employed in, a position not requiring certification qualifications to have two 8" x 8" fingerprint cards bearing the legible rolled and flat impressions of such person's fingerprints together with a personal description of the applicant or employee, as the case may be, prepared by a local public law enforcement agency having jurisdiction in the area of the school district, which agency shall transmit such cards, together with the fee hereinafter specified, to the Department of Justice; except that any district, or districts with a common board; may process the fingerprint cards in the event the district so elects. "Local public law enforcement agency" as used herein includes any school district and as used in Section 45126 requires the Department of Justice to provide to any such district, upon application, information pertaining only to applicants for employment by the district, including applicants who are employees of another district, and persons already employed by the district. Upon receiving such identification cards, the Department of Justice shall ascertain whether the applicant or employee has been arrested or convicted of any crime insofar as such fact can be ascertained from information available to the department and forward such information to the local public law enforcement agency submitting the applicant's or employee's fingerprints at the earliest possible date. At its discretion, the Department of Justice may forward one copy of the fingerprint cards submitted to any other bureau of investigation it may deem necessary in order to verify any record of previous arrests or convictions of the applicant or employee.

The governing board of each district shall forward a request to the Department of Justice indicating the number of current employees who have not completed the requirements of this section. The Department of Justice shall direct when such cards are to be forwarded to it for processing which in no event shall be later than two years from the date of enactment of this section. Districts which have previously submitted identification cards for current employees to either the Department of Justice or the Federal Bureau of Investigation shall not be required to further implement the provisions of this section as it applies to those employees.

A plea or verdict of guilty or a finding of guilt by a court in a trial without a jury or forfeiture of bail is deemed to be a conviction within the meaning of this section, irrespective of a subsequent order under the provisions of Section 1203.4 of the Penal Code allowing the withdrawal of the plea of guilty and entering of a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusations or information.

The governing board shall provide the means whereby the identification cards may be completed and shall charge a fee determined by the Department of Justice to be sufficient to reimburse the department for the costs incurred in processing the application. The amount of such fee shall be forwarded to the

Department of Justice, with two copies of applicant's or employee's fingerprint cards. The governing board may collect an additional fee not to exceed two dollars ($2) payable to the local public law enforcement agency taking the fingerprints and completing the data on the fingerprint cards. Such additional fees shall be transmitted to the city or county treasury. If an applicant is subsequently hired by the board within 30 days of the application, such fee may be reimbursed to the applicant. Funds not reimbursed applicants shall be credited to the general fund of the district. If the fingerprint cards forwarded to the Department of Justice are those of a person already in the employ of the governing board, the district shall pay the fee required by this section, which fee shall be a proper charge against the general fund of the district, and no fee shall be charged the employee.

Notwithstanding the foregoing, substitute and temporary employees, employed for less than a school year, may be exempted from these provisions. The provisions of this section shall not apply to a district, or districts with a common board, which has an average daily attendance of 400,000 or greater, or to a school district wholly within a city and county, unless the governing board of such district or districts, by rule, provides for adherence to this section.

45126. Duty of Department of Justice to furnish information regarding applicants for employment

Any provision of law to the contrary notwithstanding, the Department of Justice, shall, as provided in Section 45125, furnish, upon application of a local public law enforcement agency all information pertaining to any such person of whom there is a record in its office.

88022. Employment after conviction of sex offense or narcotics offense

No person shall be employed or retained in employment by a community college district who has been convicted of any sex offense as defined in Section 87010 or narcotics offense as defined in Section 87011. If, however, any such conviction is reversed and the person is acquitted of the offense in a new trial or the charges against him are dismissed, this section does not prohibit his employment thereafter.

Nothing in this section shall prohibit the employment by a district of a person convicted of a narcotics offense involving the use or possession of marijuana if the governing board of the district determines, from the evidence presented, that the person has been rehabilitated for at least five years.

The governing board shall determine the type and manner of presentation of the evidence, and the determination of the governing board as to whether or not the person has been rehabilitated is final.

88023. Employment of sexual psychopath

No person shall be employed or retained in employment by a community college district who has been determined to be a sexual psychopath under the provisions of Article 1 (commencing with Section 6300), Chapter 2, Part 2, Division 6 of the Welfare and Institutions Code or under similar provisions of law of any other state. If, however, such determination is reversed and the

person is determined not to be a sexual psychopath in a new proceeding or the proceeding to determine whether he is a sexual psychopath is dismissed, this section does not prohibit his employment thereafter.

88024. Use of personal identification cards to ascertain conviction of crime

The governing board of any community college district shall, within 10 working days of date of employment, require each person to be employed, or employed in, a position not requiring certification qualifications to have two 8" x 8" fingerprint cards bearing the legible rolled and flat impressions of such person's fingerprints together with a personal description of the applicant or employee, as the case may be, prepared by a local public law enforcement agency having jurisdiction in the area of the district, which agency shall transmit such cards, together with the fee hereinafter specified, to the Department of Justice; except that a district, or districts with a common board, having an average daily attendance of 60,000 or more may process the fingerprint cards in the event the district so elects. "Local public law enforcement agency" as used herein and in Section 88025 includes a community college district with an average daily attendance of 60,000 or more. Upon receiving such identification cards, the Department of Justice shall ascertain whether the applicant or employee has been arrested or convicted of any crime insofar as such fact can be ascertained from information available to the department and forward such information to the local public law enforcement agency submitting the applicant's or employee's fingerprints at the earliest possible date. At its discretion, the Department of Justice may forward one copy of the fingerprint cards submitted to any other bureau of investigation it may deem necessary in order to verify any record of previous arrests or convictions of the applicant or employee.

The governing board of each district shall forward a request to the Department of Justice indicating the number of current employees who have not completed the requirements of this section. The Department of Justice shall direct when such cards are to be forwarded to it for processing which in no event shall be later than two years from the date of enactment of this section. Districts which have previously submitted identification cards for current employees to either the Department of Justice or the Federal Bureau of Investigation shall not be required to further implement the provisions of this section as it applies to those employees.

A plea or verdict of guilty or a finding of guilt by a court in a trial without a jury or forfeiture of bail is deemed to be a conviction within the meaning of this section, irrespective of a subsequent order under the provisions of Section 1203.4 of the Penal Code allowing the withdrawal of the plea of guilty and entering of a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusations or information.

The governing board shall provide the means whereby the identification cards may be completed and shall charge a fee determined by the Department of Justice to be sufficient to reimburse the department for the costs incurred in processing the application. The amount of such fee shall be forwarded to the Department of Justice, with two copies of applicant's or employee's fingerprint cards. The governing board may collect an additional fee not to exceed two

dollars ($2) payable to the local public law enforcement agency taking the fingerprints and completing the data on the fingerprint cards. Such additional fees shall be transmitted to the city or county treasury. If an applicant is subsequently hired by the board within 30 days of the application, such fee may be reimbursed to the applicant. Funds not reimbursed applicants shall be credited to the general fund of the district. If the fingerprint cards forwarded to the Department of Justice are those of a person already in the employ of the governing board, the district shall pay the fee required by this section, which fee shall be a proper charge against the general fund of the district, and no fee shall be charged the employee.

Notwithstanding the foregoing, substitute and temporary employees, employed for less than a school year, may be exempted from these provisions. The provisions of this section shall not apply to a district, or districts with a common board, which has an average daily attendance of 400,000 or greater, or to a community college district wholly within a city and county, unless the governing board of such district or districts, by rule, provides for adherence to this section.

88025. Duty of Department of Justice to furnish information regarding applicants for employment

Any provision of law to the contrary notwithstanding, the Department of Justice, shall, as provided in Section 88024, furnish, upon application of a local public law enforcement agency all information pertaining to any such person of whom there is a record in its office.

As used in this section, a conviction shall include a plea, verdict, or finding of guilt regardless of whether sentence is imposed by the court. (b) In any case where a person violates any provision of this section, or Article 6 (commencing with Section 11140) of Chapter 1 of Title 1 of Part 4 of the Penal Code, the applicant may bring an action to recover from such person actual damages or two hundred dollars ($200), whichever is greater, plus costs, and reasonable attorney's fees. An intentional violation of this section shall entitle the applicant to treble actual damages, or five hundred dollars ($500), whichever is greater, plus costs, and reasonable attorney's fees. An intentional violation of this section is a misdemeanor punishable by a fine not to exceed five hundred dollars ($500).

(c) The remedies under this section shall be in addition to and not in derogation of all other rights and remedies which an applicant may have under any other law.

(d) Persons seeking employment as peace officers or for positions in the Department of Justice or other criminal justice agencies as defined in Section 13101 of the Penal Code are not covered by this section.

(e) Nothing in this section shall prohibit an employer at a health facility, as defined in Section 1250 of the Health and Safety Code, from asking an applicant for employment either of the following:

(1) With regard to an applicant for a position with regular access to patients, to disclose an arrest under any section specified in Section 290 of the Penal Code.

(2) With regard to an applicant for a position with access to drugs and medication, to disclose an arrest under any section specified in Section 11590 of the Health and Safety Code.

(f)(1) No peace officer or employee of a law enforcement agency with access to criminal offender record information maintained by a local law enforcement criminal justice agency shall knowingly disclose, with intent to affect a person's employment, any information contained therein pertaining to an arrest or detention or proceeding which did not result in a conviction, including information pertaining to a referral to and participation in any pretrial or posttrial diversion program, to any person not authorized by law to receive such information.

(2) No other person authorized by law to receive criminal offender record information maintained by a local law enforcement criminal justice agency shall knowingly disclose any information received therefrom pertaining to an arrest or detention or proceeding which did not result in a conviction, including information pertaining to a referral to and participation in any pretrial or posttrial diversion program, to any person not authorized by law to receive such information.

(3) No person, except those specifically referred to in Section 1070 of the Evidence Code, who knowing he or she is not authorized by law to receive or possess criminal justice records information maintained by a local law enforcement criminal justice agency, pertaining to an arrest or other proceeding which did not result in a conviction, including information pertaining to a referral to and participation in any pretrial or posttrial diversion program, shall receive or possess such information.

(g) "A person authorized by law to receive such information", for purposes of this section, means any person or public agency authorized by a court, statute, or decisional law to receive information contained in criminal offender records maintained by a local law enforcement criminal justice agency, and includes, but is not limited to, those persons set forth in Section 11105 of the Penal Code, and any person employed by a law enforcement criminal justice agency who is required by such employment to receive, analyze, or process criminal offender record information.

(h) Nothing in this section shall require the Department of Justice to remove entries relating to an arrest or detention not resulting in conviction from summary criminal history records forwarded to an employer pursuant to law.

(i) As used in this section, "pretrial or posttrial diversion program" means any program under Chapter 2.5 (commencing with Section 1000) or Chapter 2.7 (commencing with Section 1001) of Title 6 of Part 2 of the Penal Code, Section 13201, 13201.5 or 13352.5 of the Vehicle Code, or any other program expressly authorized and described by statute as a diversion program.

1. In general

State officials were subject to being sued by taxpayer for declaratory and injunctive relief with respect to alleged unconstitutional policy of routinely disseminating to public employers arrest records containing solely nonconviction

data and arrest records containing nonconviction data and conviction data without first deleting reference to nonconviction data. Central Valley Chapter of 7th Step Foundation, Inc. v. Younger (App.1979) 157 Cal.Rptr. 117.

2. Pleadings

Allegations of complaint that arrest records were commonly misinterpreted by public employers, that subjects of those records suffered damage to their reputation and were stigmatized and exposed to unnecessary and unjustified public harassment and humiliation, and that there was widespread discrimination against individuals with arrest records in obtaining employment were sufficient to state a prima facie violation of state constitutional right of privacy with respect to policy of state officials in routinely disseminating to public employers arrest records containing solely nonconviction data and arrest records containing nonconviction data and conviction data without first deleting reference to nonconviction data. Central Valley Chapter of 7th Step Foundation, Inc. v. Younger (App.1979) 157 Cal.Rptr. 117.

3. Injunctions

Injunctive relief was available against state officials to enjoin them from continuing alleged unconstitutional policy of routinely disseminating to public employers arrest records containing solely nonconviction data and arrest records containing nonconviction data and conviction data without first deleting reference to nonconviction data. Central Valley Chapter of 7th Step Foundation, Inc. v. Younger (App.1979) 157 Cal.Rptr. 117.

432.8 Limitations on employers and penalties for certain convictions

The limitations on employers and the penalties provided for in Section 432.7 shall apply to a conviction for violation of subdivision (b) or (c) of Section 11357 of the Health and Safety Code or a statutory predecessor thereof, or subdivision (c) of Section 11360 of the Health and Safety Code, or Sections 11364, 11365, or 11550 of the Health and Safety Code as they related to marijuana prior to January 1, 1976, or a statutory predecessor thereof, two years from the data of such a conviction.

Added by Stats.1976, c. 952, p.2180, Section 3.

HEALTH AND SAFETY CODE

§ 11361.5. Destruction of arrest and conviction records; applicable offenses; method; records not applicable; costs

(a) Records of any court of this state, any public or private agency that provides services upon referral under Section 1000.2 of the Penal Code, or of any state agency or local public agency pertaining to the arrest or conviction of any person for a violation of subdivision (b), (c), or (d) of Section 11357 or subdivision (b) of Section 11360, shall not be kept beyond two years from the date of the conviction, or from the date of the arrest if there was no conviction. Any court or agency having custody of the records shall provide for the timely destruction of the records in accordance with subdivision (c). The requirements of this subdivision do not apply to records of any conviction occurring prior to January 1, 1976, or records of any arrest not followed by a conviction occurring prior to that date.

(b) This subdivision applies only to records of convictions and arrests not followed by conviction occurring prior to January 1, 1976, for any of the following offenses:

(1) Any violation of Section 11357 or a statutory predecessor thereof.

(2) Unlawful possession of a device, contrivance, instrument, or paraphernalia used for unlawfully smoking marijuana, in violation of Section 11364, as it existed prior to January 1, 1976, or a statutory predecessor thereof.

(3) Unlawful visitation or presence in a room or place in which marijuana is being unlawfully smoked or used, in violation of Section 11365, as it existed prior to January 1, 1976, or a statutory predecessor thereof.

(4) Unlawfully using or being under the influence of marijuana, in violation of Section 11550, as it existed prior to January 1, 1976, or a statutory predecessor thereof.

Any person subject to an arrest or conviction for those offenses may apply to the Department of Justice for destruction of records pertaining to the arrest or conviction if two or more years have elapsed since the date of the conviction, or since the date of the arrest if not followed by a conviction. The application shall be submitted upon a form supplied by the Department of Justice and shall be accompanied by a fee, which shall be established by the department in an amount which will defray the cost of administering this subdivision and costs incurred by the state under subdivision (c), but which shall not exceed thirty-seven dollars and fifty cents ($37.50). The application form shall be made available at every local police or sheriff's department and from the Department of Justice and may require that information which the department determines is necessary for purposes of identification.

The department may request, but not require, the applicant to include a self-administered fingerprint upon the application. If the department is unable to sufficiently identify the applicant for purposes of this subdivision without the fingerprint or without additional fingerprints, it shall so notify the applicant and shall request the applicant to submit any fingerprints which may be required to effect identification, including a complete set if necessary, or, alternatively, to abandon the application and request a refund of all or a portion of the fee submitted with the application, as provided in this section. If the applicant fails or refuses to submit fingerprints in accordance with the department's request within a reasonable time which shall be established by the department, or if the applicant requests a refund of the fee, the department shall promptly mail a refund to the applicant at the address specified in the application or at any other address which may be specified by the applicant. However, if the department has notified the applicant that election to abandon the application will result in forfeiture of a specified amount which is a portion of the fee, the department may retain a portion of the fee which the department determines will defray the actual costs of processing the application, provided the amount of the portion retained shall not exceed ten dollars ($10).

Upon receipt of a sufficient application, the Department of Justice shall destroy records of the department, if any, pertaining to the arrest or conviction in the manner prescribed by subdivision (c) and shall notify the Federal Bureau of Investigation, the law enforcement agency which arrested the applicant, and, if the applicant was convicted, the probation department which investigated the applicant and the Department of Motor Vehicles, of the application. Each state or local agency receiving a notice from the Department of Justice shall destroy records of the agency, if any, pertaining to the arrest or conviction specified in the notice, in the manner prescribed by subdivision (c). The application form and the notices from the department to the agencies specified in this subdivision shall be destroyed by the department or agency, as the case may be, at the time the other records of the arrest or conviction are destroyed.

(c) Destruction of records of arrest or conviction pursuant to subdivision (a) or (b) shall be accomplished by permanent obliteration of all entries or notations upon the records pertaining to the arrest or conviction, and the record shall be prepared again so that it appears that the arrest or conviction never occurred. However, where (1) the only entries upon the record pertain to the arrest or conviction and (2) the record can be destroyed without necessarily effecting the destruction of other records, then the document constituting the record shall be physically destroyed.

(d) Notwithstanding subdivision (a) or (b), written transcriptions of oral testimony in court proceedings and published judicial appellate reports are not subject to this section. Additionally, no records shall be destroyed pursuant to subdivision (a) if the defendant or a codefendant has filed a civil action against the peace officers or law enforcement jurisdiction which made the arrest or instituted the prosecution and if the agency which is the custodian of those records has received a certified copy of the complaint in the civil action, until the civil action has finally been resolved. Immediately following the final resolution of the civil action, records subject to subdivision (a) shall be destroyed pursuant to subdivision (c) if more than two years have elapsed from the date of the conviction or arrest without conviction.

(e) Costs incurred by local agencies in complying with the provisions of subdivision (c) shall be reimbursed as provided in Section 2231 of the Revenue and Taxation Code.

(1) Disclosure is forbidden by an act of the Congress of the United States or a statute of this state; or

(a) As used in this section:

(1) "Local summary criminal history information" means the master record of information compiled by any local criminal justice agency pursuant to Chapter 2 (commencing with Section 13100), of Title 3 of Part 4 of the Penal Code pertaining to the identification and criminal history of any person, such as name, date of birth, physical description, dates of arrests, arresting agencies and booking numbers, charges, dispositions, and similar data about such person.

The law enforcement agency having jurisdiction over the offense, upon a determination that the person arrested is factually innocent, shall, with the concurrence of the district attorney, seal its arrest records, and the petition for relief under this section for three years from the date of the arrest and thereafter destroy its arrest records and the petition. The law enforcement agency having jurisdiction over the offense shall notify the Department of Justice, and any law enforcement agency which arrested the petitioner or participated in the arrest of the petitioner for an offense for which the petitioner has been found factually innocent under this subdivision, of the sealing of the arrest records and the reason therefor. (1) The custodian of any public records shall allow any person the right of inspection of such records or any portion thereof except on one or more of the following grounds or as provided in subsection (2) or (3) of this section:

(a) Such inspection would be contrary to any state statute.

(b) Such inspection would be contrary to any federal statute or regulation issued thereunder having the force and effect of law.

(c) Such inspection is prohibited by rules promulgated by the supreme court or by the order of any court.

(2) (a) The custodian may deny the right of inspection of the following records, unless otherwise provided by law, on the ground that disclosure to the applicant would be contrary to the public interest:

(I) Repealed, L. 77, p. 1250, § 4, effective December 31, 1977.

(II) Test questions, scoring keys, and other examination data pertaining to administration of a licensing examination, examination for employment, or academic examination; except that written promotional examinations and the scores or results thereof conducted pursuant to the state personnel system

or any similar system shall be available for inspection, but not copying or reproduction, by the person in interest after the conducting and grading of any such examination;

(III) The specific details of bona fide research projects being conducted by a state institution; and

(IV) The contents of real estate appraisals made for the state or a political subdivision thereof relative to the acquisition of property or any interest in property for public use, until such time as title to the property or property interest has passed to the state or political subdivision; except that the contents of such appraisal shall be available to the owner of the property at any time, and except as provided by the Colorado rules of civil procedure. If condemnation proceedings are instituted to acquire any such property, any owner thereof who has received the contents of any appraisal pursuant to this section shall, upon receipt thereof, make available to said state or political subdivision a copy of the contents of any appraisal which he has obtained relative to the proposed acquisition of the property.

(b) If the right of inspection of any record falling within any of the classifications listed in this subsection (2) is allowed to any officer or employee of any newspaper, radio station, television station, or other person or agency in the business of public dissemination of news or current events, it shall be allowed to all such news media.

(3) (a) The custodian shall deny the right of inspection of the following records, unless otherwise provided by law; except that any of the following records, other than letters of reference concerning employment, licensing, or issuance of permits, shall be available to the person in interest under this subsection (3):

(I) Medical, psychological, sociological, and scholastic achievement data on individual persons, exclusive of coroners' autopsy reports and group scholastic achievement data from which the individual cannot be identified; but either the custodian or the person in interest may request a professionally qualified person, who shall be furnished by the said custodian, to be present to interpret the records;

(II) Personnel files, except applications and performance ratings; but such files shall be available to the person in interest and to the duly elected and appointed public officials who supervise his work;

(III) Letters of reference;

(IV) Trade secrets, privileged information, and confidential commercial, financial, geological, or geophysical data furnished by or obtained from any person;

(V) Library and museum material contributed by private persons, to the extent of any limitations placed thereon as conditions of such contributions; and

(VI) Addresses and telephone numbers of students in any public elementary or secondary school.

(b) Nothing in this subsection (3) shall prohibit the custodian of records from transmitting data concerning the scholastic achievement of any student to any prospective employer of such student, nor shall anything in this subsection (3) prohibit the custodian of records from making available for inspection, from making copies, print-outs, or photographs of, or from transmitting data concerning the scholastic achievement or medical, psychological, or sociological information of any student to any law enforcement agency of this state, of any other state, or of the United States where such student

is under investigation by such agency and the agency shows that such data is necessary for the investigation.

(c) Nothing in this subsection (3) shall prohibit the custodian of the records of a school, including any institution of higher education, or a school district from transmitting data concerning standardized tests, scholastic achievement, or medical, psychological, or sociological information of any student to the custodian of such records in any other such school or school district to which such student moves, transfers, or makes application for transfer, and the written permission of such student or his parent or guardian shall not be required therefor. No state educational institution shall be prohibited from transmitting data concerning standardized tests or scholastic achievement of any student to the custodian of such records in the school, including any state educational institution, or school district in which such student was previously enrolled, and the written permission of such student or his parent or guardian shall not be required therefor.

(d) Notwithstanding the provisions of subparagraph (VI) of paragraph (a) of this subsection (3), under policies adopted by the local board of education, the names and addresses of students in any secondary school may be released to a recruiting officer for any branch of the United States armed forces who requests such information, unless the student requests in writing that said information not be released. The recruiting officer shall use the data released for the purpose of providing information to students regarding military service and shall not use it for any other purpose or release such data to any person or organization other than individuals within the recruiting services of the armed forces.

(4) If the custodian denies access to any public record, the applicant may request a written statement of the grounds for the denial, which statement shall cite the law or regulation under which access is denied and shall be furnished forthwith to the applicant.

(5) Any person denied the right to inspect any record covered by this part 2 may apply to the district court of the district wherein the record is found for an order directing the custodian of such record to show cause why he should not permit the inspection of such record. Hearing on such application shall be held at the earliest practical time. Unless the court finds that the denial of the right of inspection was proper, it shall order the custodian to permit such inspection and, upon a finding that the denial was arbitrary or capricious, it may order the custodian personally to pay the applicant's court costs and attorney fees in an amount to be determined by the court.

(6) If, in the opinion of the official custodian of any public record, disclosure of the contents of said record would do substantial injury to the public interest, notwithstanding the fact that said record might otherwise be available to public inspection, he may apply to the district court of the district in which such record is located for an order permitting him to restrict such disclosure. Hearing on such application shall be held at the earliest practical time. After hearing, the court may issue such an order upon a finding that disclosure would cause substantial injury to the public interest. In such action the burden of proof shall be upon the custodian. The person seeking permission to examine the record shall have notice of said hearing served upon him in the manner provided for service of process by the Colorado rules of civil procedure and shall have the right to appear and be heard.

24-72-205. Copies, printouts, or photographs of public records. (1) In all cases in which a person has the right to inspect any public record, he may request that he be furnished copies, printouts, or photographs of such record. The custodian may furnish such copies, printouts, or photographs for a reasonable fee, to be set by the official custodian, not to exceed one dollar and twenty-five cents per page unless actual costs exceed that amount. Where fees for certifed copies or other copies, printouts, or photographs of such record are specifically prescribed by law, such specific fees shall apply.

(2) If the custodian does not have facilities for making copies, printouts, or photographs of records which the applicant has the right to inspect, the applicant shall be granted access to the records for the purpose of making copies, printouts, or photographs. The copies, printouts, or photographs shall be made while the records are in the possession, custody, and control of the custodian thereof and shall be subject to the supervision of such custodian. When practical, they shall be made in the place where the records are kept, but, if it is impractical to do so, the custodian may allow arrangements to be made for this purpose. If other facilities are necessary, the cost of providing them shall be paid by the person desiring a copy, printout, or photograph of the records. The official custodian may establish a reasonable schedule of times for making copies, printouts, or photographs and may charge the same fee for the services rendered by him or his deputy in supervising the copying, printing out, or photographing as he may charge for furnishing copies under subsection (1) of this section.

24-72-206. Violation - penalty. Any person who willfully and knowingly violates the provisions of this part 2 is guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine of not more than one hundred dollars, or by imprisonment in the county jail for not more than ninety days, or by both such fine and imprisonment.

24-72-301. Legislative declaration. (1) The general assembly hereby finds and declares that the maintenance, access and dissemination, completeness, accuracy, and sealing of criminal justice records are matters of statewide concern and that, in defining and regulating those areas, only statewide standards in a state statute are workable.

(2) It is further declared to be the public policy of this state that criminal justice agencies shall maintain records of official actions, as defined in this part 3, and that such records shall be open to inspection by any person and to challenge by any person in interest, as provided in this part 3, and that all other records of criminal justice agencies in this state may be open for inspection as provided in this part 3 or as otherwise specifically provided by law.

24-72-302. Definitions. As used in this part 3, unless the context otherwise requires:

(4) "Criminal justice records" means all books, papers, cards, photographs, tapes, recordings, or other documentary materials, regardless of form or characteristics, which are made, maintained, or kept by any criminal justice agency in the state for use in the exercise of functions required or authorized by law or administrative rule.

24-72-303. Records of official actions required - open to inspection. (1) Each official action as defined in this part 3 shall be recorded by the particular criminal justice agency taking the official action. Such records of official actions shall be maintained by the particular criminal justice agency which took the action and shall be open for inspection by any person at reasonable times, except as provided in this part 3 or as otherwise provided by law. The official custodian of any records of official actions may make such rules and regulations with reference to the inspection of such records as are reasonably necessary for the protection of such records and the prevention of unnecessary interference with the regular discharge of the duties of the custodian or his office.

(2) If the requested record of official action of a criminal justice agency is not in the custody or control of the person to whom application is made, such person shall forthwith notify the applicant of this fact in writing, if requested by the applicant. In such notification, he shall state, in detail to the best of his knowledge and belief, the agency which has custody or control of the record in question.

(3) If the requested record of official action of a criminal justice agency is in the custody and control of the person to whom application is made but is in active use or in storage and therefore not available at the time an applicant asks to examine it, the custodian shall forthwith notify the applicant of this fact in writing, if requested by the applicant. If requested by the applicant, the custodian shall set a date and hour within three working days at which time the record will be available for inspection.

24-72-304. Inspection of criminal justice records. (1) Except for records of official actions which must be maintained and released pursuant to this part 3, all criminal justice records, at the discretion of the official custodian, may be open for inspection by any person at reasonable times, except as otherwise provided by law, and the official custodian of any such records may make such rules and regulations with reference to the inspection of such records as are reasonably necessary for the protection of such records and the prevention of unnecessary interference with the regular discharge of the duties of the custodian or his office.

(2) If the requested criminal justice records are not in the custody or control of the person to whom application is made, such person shall forthwith notify the applicant of this fact in writing, if requested by the applicant. In such notification, he shall state, in detail to the best of his knowledge and belief, the reason for the absence of the records from his custody or control, their location, and what person then has custody or control of the records.

(3) If the requested records are not in the custody and control of the criminal justice agency to which the request is directed but are in the custody and control of a central repository for criminal justice records pursuant to law, the criminal justice agency to which the request is directed shall forward the request to the central repository. If such a request is to be forwarded to the central repository, the criminal justice agency receiving the request shall do so forthwith and shall so advise the applicant forthwith. The central repository shall forthwith reply directly to the applicant.

24-72-305. Allowance or denial of inspection - grounds - procedure - appeal. (1) The custodian of criminal justice records may allow any person to inspect such records or any portion thereof except on the basis of any one of the following grounds or as provided in subsection (5) of this section:

(a) Such inspection would be contrary to any state statute;

(b) Such inspection is prohibited by rules promulgated by the supreme court or by the order of any court.

(2) to (4) Repealed, L. 78, p. 407, section 4, effective May 5, 1978.

(5) On the ground that disclosure would be contrary to the public interest, and unless otherwise provided by law, the custodian may deny access to records of investigations conducted by or of intelligence information or security procedures of any sheriff, district attorney, or police department or any criminal justice investigatory files compiled for any other law enforcement purpose.

(6) If the custodian denies access to any criminal justice record, the applicant may request a written statement of the grounds for the denial, which statement shall be provided to the applicant within seventy-two hours, shall cite the law or regulation under which access is denied or the general nature of the public interest to be protected by the denial, and shall be furnished forthwith to the applicant.

(7) Any person denied access to inspect any criminal justice record covered by this part 3 may apply to the district court of the district wherein the record is found for an order directing the custodian of such record to show cause why said custodian should not permit the inspection of such record. A hearing on such application shall be held at the earliest practical time. Unless the court finds that the denial of inspection was proper, it shall order the custodian to permit such inspection and, upon a finding that the denial was arbitrary or capricious, it may order the custodian to pay

the applicant's court costs and attorney fees in an amount to be determined by the court. Upon a finding that the denial of inspection of a record of an official action was arbitrary or capricious, the court may also order the custodian personally to pay to the applicant a penalty in an amount not to exceed twenty-five dollars for each day that access was improperly denied.

24-72-306. Copies, printouts, or photographs of criminal justice records - fees authorized. (1) Criminal justice agencies may assess reasonable fees, not to exceed actual costs, including but not limited to personnel and equipment, for the search, retrieval, and copying of criminal justice records and may waive fees at their discretion. Where fees for certified copies or other copies, printouts, or photographs of such records are specifically prescribed by law, such specific fees shall apply. Where the criminal justice agency is an agency or department of any county or municipality, the amount of such fees shall be established by the governing body of the county or municipality.

(2) If the custodian does not have facilities for making copies, printouts, or photographs of records which the applicant has the right to inspect, the applicant shall be granted access to the records for the purpose of making copies, printouts, or photographs. The copies, printouts, or photographs shall be made while the records are in the possession, custody, and control of the custodian thereof and shall be subject to the supervision of such custodian. When practical, they shall be made in the place where the records are kept, but, if it is impractical to do so, the custodian may allow other arrangements to be made for this purpose. If other facilities are necessary, the cost of providing them shall be paid by the person desiring a copy, printout, or photograph of the records. The official custodian may establish a reasonable schedule of times for making copies, printouts, or photographs and may charge the same fee for the services rendered by him or his deputy in supervising the copying, printing out, or photographing as he may charge for furnishing copies under subsection (1) of this section.

24-72-307. Challenge to accuracy and completeness - appeals. (1) Any person in interest who is provided access to any criminal justice records pursuant to this part 3 shall have the right to challenge the accuracy and completeness of records to which he has been given access, insofar as they pertain to him, and to request that said records be corrected.

(2) If the custodian refuses to make the requested correction, the person in interest may request a written statement of the grounds for the refusal, which statement shall be furnished forthwith.

(3) In the event that the custodian requires additional

time to evaluate the merit of the request for correction, he shall so notify the applicant in writing forthwith. The custodian shall then have thirty days from the date of his receipt of the request for correction to evaluate the request and to make a determination of whether to grant or refuse the request, in whole or in part, which determination shall be forthwith communicated to the applicant in writing.

(4) Any person in interest whose request for correction of records is refused may apply to the district court of the district wherein the record is found for an order directing the custodian of such record to show cause why he should not permit the correction of such record. A hearing on such application shall be held at the earliest practical time. Unless the court finds that the refusal of correction was proper, it shall order the custodian to make such correction, and, upon a finding that the refusal was arbitrary or capricious, it may order the criminal justice agency for which the custodian was acting to pay the applicant's court costs and attorney fees in an amount to be determined by the court.

24-72-308. Sealing of records. (1) (a) Any person in interest may petition the district court of the district in which any arrest and criminal records information pertaining to said person in interest is located for the sealing of all of said records, except basic identification information, if the records are a record of official actions involving a criminal offense for which said person in interest was not charged, in any case which was completely dismissed, or in any case in which said person in interest was acquitted.

(b) (I) Any petition to seal criminal records shall include a listing of each custodian of the records to whom the sealing order is directed and any information which accurately and completely identifies the records to be sealed.

(II) Upon the filing of a petition, the court shall set a date for a hearing and shall notify the prosecuting attorney by certified mail, the arresting agency, and any other person or agency identified by the petitioner.

(c) After the hearing described in subparagraph (II) of paragraph (b) of this subsection (1) is conducted and if the court finds that the harm to the privacy of the petitioner or dangers of unwarranted adverse consequences to the petitioner outweigh the public interest in retaining the records, the court may order such records, except basic identification information, to be sealed. Any order entered pursuant to this paragraph (c) shall be directed to every custodian who may have custody of any part of the arrest and criminal records information which is the subject of the order. Whenever a court enters an order sealing criminal records pursuant to this paragraph (c), the petitioner shall provide the Colorado bureau of investigation and every custodian of such records

with a copy of such order. Thereafter, the petitioner may request and the court may grant an order sealing the civil case in which the records were sealed.

(d) Upon the entry of an order to seal the records, the petitioner and all criminal justice agencies may properly reply, upon any inquiry in the matter, that no such records exist with respect to such person.

(e) Inspection of the records included in an order sealing criminal records may thereafter be permitted by the court only upon petition by the person who is the subject of such records or by the prosecuting attorney and only for those purposes named in such petition.

(f) (I) Employers, educational institutions, state and local government agencies, officials, and employees shall not, in any application or interview or in any other way, require an applicant to disclose any information contained in sealed records. An applicant need not, in answer to any question concerning arrest and criminal records information that has been sealed, include a reference to or information concerning such sealed information and may state that no such action has ever occurred. Such an application may not be denied solely because of the applicant's refusal to disclose arrest and criminal records information that has been sealed.

(II) Subparagraph (I) of this paragraph (f) shall not preclude the bar committee of the Colorado state board of law examiners from making further inquiries into the fact of a conviction which comes to the attention of the bar committee through other means. The bar committee of the Colorado state board of law examiners shall have a right to inquire into the moral and ethical qualifications of an applicant, and the applicant shall have no right to privacy or privilege which justifies his refusal to answer to any question concerning arrest and criminal records information that has come to the attention of the bar committee through other means.

(g) Nothing in this section shall be construed to authorize the physical destruction of any criminal justice records.

(2) Advisements. Whenever a defendant has charges against him dismissed, is acquitted, or is sentenced following a conviction, the court shall provide him with a written advisement of his rights concerning the sealing of his criminal justice records if he complies with the applicable provisions of this section.

(3) Exceptions. (a) This section shall not apply to records pertaining to any class 1 or class 2 misdemeanor traffic offense or to any class A or class B traffic infraction.

(b) Court orders sealing records of official actions entered pursuant to this section shall not limit the operation of rules of discovery promulgated by the supreme court of Colorado.

24-72-309. Violation - penalty. Any person who willfully and knowingly violates the provisions of this part 3 is guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine of not more than one hundred dollars, or by imprisonment in the county jail for not more than ninety days, or by both such fine and imprisonment.

24-30-606. Existing and new equipment, personnel, applications, systems, subject to approval of director. On and after July 1, 1968, no automated data processing equipment shall be purchased, leased, or otherwise acquired by any state department, institution, or agency, nor shall any new automated data processing personnel be added to the state service, nor shall any new applications, systems, or programs begin except upon the written approval of the director, nor shall any automated data processing equipment presently leased or operated by any state department, institution, or agency continue to be so leased or operated after July 1, 1969, unless certified by the director to be in accordance with the approved plan.

24-30-607. Reports. (1) On or before December 1 of each year, the director shall prepare and submit the following reports and such other information as he deems advisable, including budgetary requirements, to the governor and the general assembly:

(a) A report on the use and cost of all automated data processing equipment which is owned, leased, or operated by the state government, including the cost of acquiring or leasing such equipment and a detailed report on the annual cost of operating such equipment including the cost of personnel, supplies, and other expenses in connection therewith.

(b) A complete inventory of all automated data processing equipment which is presently on order or otherwise scheduled for use by the state government or which has been requested of the division by any agency pursuant to the provisions of section 24-30-606, together with an estimate of the annual cost of acquiring or leasing such equipment and a detailed estimate of the annual cost of operating such equipment including the cost of personnel, supplies, and other expenses in connection therewith and the director's recommendations thereon.

(c) A report listing by agency the existing and requested uses, applications, and programs of automated data processing including such explanation and analysis as the director may deem advisable together with his recommendations thereon and specifically including, with respect to requested uses, applications, and programs, his recommendations for priorities in implementing the same.

(1) Every sheriff, county clerk, county treasurer, and clerks of the district and county courts shall keep their respective offices at the county seat of the county and in the office provided by the county, if any such has been provided; or, if there is none provided, then at such place as the board of county commissioners shall direct. All books and papers required to be in their offices shall be open to the examination of any person, but no person, except parties in interest, or their attorneys, shall have the right to examine pleadings or other papers filed in any cause pending in such court.

(2) Any person or corporation and their employees engaged in making abstracts or abstract books shall have the right, during usual business hours and subject to such rules and regulations as the officer having the custody of such records may prescribe, to inspect and make memoranda, copies, or photographs of the contents of all such books and papers for the purpose of their business; but any such officer may make reasonable and general regulations concerning the inspection of such books and papers by the public. If, for the purpose of making such photographs, it becomes necessary to remove such records from the room where they are usually kept to some other room in the courthouse where such photographic apparatus may be installed for such purpose, the county clerk, in his discretion, may charge to the person or corporation making such photographic reproductions, a fee of one dollar per hour for the service of the deputy who has charge of such records while they are being so photographed; but such fees shall not be charged to one person or corporation unless the same fee is likewise charged to every person or corporation photographing such records.

(3) If any person or officer refuses or neglects to comply with the provisions of this section, he shall forfeit for each day he so refuses or neglects the sum of five dollars, to be collected by civil action, in the name of the people of the state of Colorado, and pay it into the school fund; but this shall not interfere with or take away any right of action for damages by any person injured by such neglect or refusal.

CONNECTICUT

Connecticut General Statutes Annotated

Criminal History Records

PART I. ERASURE

§ 54-142a. Erasure of criminal records

(a) Whenever in any criminal case, on or after October 1, 1969, the accused, by a final judgment, is found not guilty of the charge or the charge is dismissed, all police and court records and records of any state's attorney pertaining to such charge shall be erased upon the expiration of the time to file a writ of error or take an appeal, if an appeal is not taken, or upon final determination of the appeal sustaining a finding of not guilty or a dismissal, if an appeal is taken.

(b) Whenever in any criminal case prior to October 1, 1969, the accused, by a final judgment, was found not guilty of the charge or the charge was dismissed, all police and court records and records of the state's or prosecuting attorney or the prosecuting grand juror pertaining to such charge shall be erased by operation of law and the clerk or any person charged with the retention and control of such records shall not disclose to anyone their existence or any information pertaining to any charge so erased; provided nothing in this subsection shall prohibit the arrested person or any one of his heirs from filing a petition for erasure with the court granting such not guilty judgment or dismissal, or, where the matter had been before a municipal court, a trial justice, the circuit court or the court of common pleas with the records center of the judicial department and thereupon all police and court records and records of the state's attorney, prosecuting attorney or prosecuting grand juror pertaining to such charge shall be erased.

(c) Whenever any charge in a criminal case has been nolled in the superior court, or in the court of common pleas, if at least thirteen months have elapsed since such nolle, all police and court records and records of the state's or prosecuting attorney or the prosecuting grand juror pertaining to such charge shall be erased. However, in cases of nolles entered in the superior court, court of common pleas, circuit court, municipal court or by a justice of the peace prior to April 1, 1972, such records shall be deemed erased by operation of law and the clerk or the person charged with the retention and control of such records shall not disclose to anyone their existence or any information pertaining to any charge so erased, provided nothing in this subsection shall prohibit the arrested person or any one of his heirs from filing a petition to the court or to the records center of the judicial department, as the case may be, to have such records erased, in which case such records shall be erased. Whenever any charge in a criminal case has been continued at the request of the prosecuting attorney, and a period of thirteen months has elapsed since the granting of such continuance during which period there has been no prosecution or other disposition of the matter, the charge shall be construed to have been nolled as of the date of termination of such thirteen-month period and such erasure may thereafter be effected or a petition filed therefor, as the case may be, as provided in this subsection for nolled cases.

(d) Whenever prior to October 1, 1974, any person who has been convicted of an offense in any court of this state has received an absolute pardon for such offense, such person or any one of his heirs may, at any time subsequent to such pardon, file a petition with the superior court at the location in which such conviction was effected, or with the superior court at the location having custody of the records of such conviction or with the records center of the judicial department if such conviction was in the court of common pleas, circuit court, municipal court or by a trial justice court, for an order of erasure, and the superior court or records center of the judicial department shall direct all police and court records and records of the state's or prosecuting attorney pertaining to such case to be erased. Whenever such absolute pardon was received on or after October 1, 1974, such records shall be erased.

(e) The clerk of the court or any person charged with retention and control of such records in the records center of the judicial department or any law enforcement agency having information contained in such erased records shall not disclose to anyone information pertaining to any charge erased under any provision of this section and such clerk or person charged with the retention and control of such records shall forward a notice of such erasure to any law enforcement agency to which he knows information concerning the arrest has been disseminated and such disseminated information shall be erased from the records of such law enforcement agency. Such clerk or such person, as the case may be, shall provide adequate security measures to safeguard against unauthorized access to or dissemination of such records or upon the request of the accused cause the actual physical destruction of such records. No fee shall be charged in any court with respect to any petition under this section. Any person who shall have been the subject of such an erasure shall be deemed to have never been arrested within the meaning of the general statutes with respect to the proceedings so erased and may so swear under oath.

(f) Upon motion properly brought, the court or a judge thereof, if such court is not in session, (1) may order disclosure of such records upon application of the accused, (2) may order disclosure to a defendant or the accused in an action for false arrest arising out of the proceedings so erased or (3) may order disclosure to the prosecuting attorney and defense counsel in connection with any perjury charges which the prosecutor alleges may have arisen from the testimony elicited during the trial. The court may also order such records disclosed to any hospital or institution to which an accused is confined under the provisions of section 53a–47. Such disclosure of such records is subject also to any records destruction program pursuant to which the records may have been destroyed. The jury charge in connection with erased offenses may be ordered by the judge for use by the judiciary, provided the names of the accused and the witnesses are omitted therefrom.

(g) The provisions of this section shall not apply to any police or court records or the records of any state's attorney or prosecuting attorney with respect to any count of any information or indictment which was nolled if the accused was convicted upon one or more counts of the same information or indictment.

9. Civil discovery

In civil litigation arising out of motor vehicle accident, for which the defendant had been arrested and charged with certain criminal and motor vehicle offenses, which charges were subsequently dismissed, discovery in the civil litigation of questions directed to police officers and others on the subject of the evidence police officers collected at the scene of the accident was not barred by Connecticut criminal record erasure statute; however, no questions could be asked of police officers and others regarding any aspect of the investigation and prosecution which took place after the defendant in the criminal case was arrested and charged. Penfield v. Venuti (D.C.1981) 93 F.R.D. 364.

Discovery in civil litigation of physical evidence obtained at scene of motor vehicle accident, which otherwise would have been obtainable by private parties in the absence of criminal prosecution, was not barred by Connecticut criminal record erasure statute, notwithstanding fact that defendant in the civil litigation had been arrested and charged with certain criminal and motor vehicle offenses stemming from the accident, which charges were subsequently dismissed. Id.

Connecticut criminal record erasure statute, which provides that once a criminal prosecution has been dismissed "all police and court records and records of any state's attorney pertaining to such charge shall be immediately and automatically erased," does not prevent civil discovery of records compiled or materials collected routinely by police officers about a motor vehicle accident which formed part of an unsuccessful criminal prosecution. Id.

§ 54–142b. Erasure of record of girl found guilty of being in manifest danger

§ 54–142c. Disclosure of erased records

(a) The clerk of the court or any person charged with retention and control of erased records by the chief court administrator or any criminal justice agency having information contained in such erased records shall not disclose to anyone the existence of such erased record or information pertaining to any charge erased under any provision of part I of this chapter, except as otherwise provided in this chapter.

Any person who obtains criminal history record information by falsely representing to be the victim of a crime or his representative shall be fined not more than five thousand dollars or imprisoned not less than one year nor more than five years or both.

a restraining order. Said commission shall be required to submit either the original documents acted upon by it and constituting the record of the case appealed from, or certified copies thereof. The court, upon such appeal, shall review the proceedings of said commission and shall allow any party to introduce evidence in addition to the contents of the record of the case returned by said commission if the record does not contain a complete transcript of the entire proceedings before said commission or if, upon the hearing upon such appeal, it appears to the court that additional testimony is necessary for the equitable disposition of the appeal. The court, upon such appeal and after a hearing thereon, may reverse or affirm, in whole or in part, or may modify or revise the decision appealed from. Such appeals shall be privileged in respect to their assignment for trial over all other actions except writs of habeas corpus and actions brought by or on behalf of the state, including informations on the relation of private individuals. Nothing in this section shall deprive any person of any rights he may have had at common law prior to January 1, 1958. (P.A. 75-342, S. 14; P.A. 76-435, S. 25, 82.)

The commission shall maintain a permanent office at Hartford in such suitable space as the public works commissioner provides; the secretary of the state shall provide such secretarial assistance as is needed. All papers required to be filed with the commission shall be delivered to such office.

§ 8501. Purpose of chapter.

(a) The purpose of this chapter is to create and maintain an accurate and efficient criminal justice information system in Delaware consistent with this chapter and applicable federal law and regulations, the need of criminal justice agencies and courts of the State for accurate and current criminal history record information, and the right of individuals to be free from improper and unwarranted intrusions into their privacy.

(b) In order to achieve this result, the General Assembly finds that there is a need:

(1) To designate the State Bureau of Identification as the central state repository for criminal history record information;

(2) To require the rapid identification, classification and filing of fingerprints;

(3) To require the reporting of accurate, relevant and current information to the central repository by all criminal justice agencies;

(4) To insure that criminal history record information is kept accurate and current; and

(5) To prohibit the improper dissemination of such information.

(c) This chapter is intended to provide a basic statutory framework within which these objectives can be attained. (63 Del. Laws, c. 188, § 1.)

Title 11

Subchapter VII. Expungement of Criminal Records

§ 4371. Statement of policy.

The General Assembly finds that arrest records can be a hindrance to an innocent citizen's ability to obtain employment, obtain an education or to obtain credit. This subchapter is intended to protect innocent persons from unwarranted damage which may occur as the result of arrest and other criminal proceedings which are unfounded or unproven. (62 Del. Laws, c. 317, § 2.)

§ 4372. Termination of criminal action in favor of accused.

(a) If a person is charged with the commission of a crime and

(1) Is acquitted; or

(2) A nolle prosequi is taken, or the charge is otherwise dismissed, he may file a petition setting forth the relevant facts and requesting expungement of the police records, and the court records relating to the charge.

(b) The petition shall be filed in the Superior Court in the county where the case was terminated, disposed of or concluded.

(c) A copy of the petition shall be served on the Attorney General, who may file an objection or answer to the petition within 30 days after it is served on him. (62 Del. Laws, c. 317, § 2.)

§ 4373. Hearing by Court; granting or denial of expungement.

(a) Unless the Court believes a hearing is necessary, petitions shall be disposed of without a hearing. If the Court finds that the continued existence and possible dissemination of information relating to the arrest of the petitioner causes, or may cause, circumstances which constitute a manifest injustice to the petitioner, it shall enter an order requiring the expungement of the police and court records relating to the charge. Otherwise, it shall deny the petition. The fact that the petitioner has previously been convicted of a criminal offense, other than that referred to in the petition, shall be considered by the Court as prima facie evidence that the continued existence and possible dissemination of information relating to the arrest in question does not constitute a manifest injustice to the petitioner.

(b) The State shall be made party defendant to the proceeding. Any party aggrieved by the decision of the Court may appeal, as provided by law in civil cases.

(c) If an order expunging the records is granted by the Court, all the records specified in the order shall, within 60 days of the order, be removed from the files, and placed in the control of the Supervisor of the State Bureau of Identification who shall be designated to retain control over all expunged records, and who shall insure that the records or the information contained therein is not released for any reason except as specified in this subchapter. In response to requests from nonlaw-enforcement officers for information or records on the person who was arrested, the law-enforcement officers and departments shall reply, with respect to the arrest and proceedings which are the subject of the order, that there is no record. (62 Del. Laws, c. 317, § 2.)

§ 4374. Disclosure of expunged records.

(a) Except for disclosure to law-enforcement officers acting in the lawful performance of their duties in investigating criminal activity or for the purpose of an employment application as an employee of a law-enforcement agency, it shall be unlawful for any person having or acquiring access to an expunged

court or police record to open or review it or to disclose to another person any information from it without an order from the Court which ordered the record expunged.

(b) Where disclosure to law-enforcement officers in the lawful performance of their duties in investigating criminal activity is permitted by subsection (a) of this section, such disclosure shall apply for the purpose of investigating particular criminal activity in which the person, whose records have been expunged, is considered a suspect and the crime being investigated is a felony or pursuant to an investigation of an employment application as an employee of a law-enforcement agency.

(c) Nothing contained in this section shall require the destruction of photographs or fingerprints taken in connection with any felony arrest and which are utilized solely by law-enforcement officers in the lawful performance of their duties in investigating criminal activity.

(d) Nothing herein shall require the destruction of court records or records of the Department of Justice. However, all such records, including docket books, relating to a charge which has been the subject of a destruction order shall be so handled to ensure that they are not open to public inspection or disclosure.

(e) An offense for which records have been expunged pursuant to this section shall not have to be disclosed by the person as an arrest for any reason.

(f) Any person who violates subsection (a) of this section shall be guilty of a class B misdemeanor, and shall be punished accordingly. (62 Del. Laws, c. 317, § 2.)

§ 4375. Notification to federal government.

Upon the granting by the Court for an order for the expungement of records in accordance with this subchapter, a copy of such order shall be forwarded to the federal Department of Justice. (62 Del. Laws, c. 317, § 2.)

(c) A public body may hold an executive session closed to the public upon affirmative vote of a majority of members present at a meeting of the public body. The purpose for such executive session shall be announced ahead of time and shall be limited to the purposes listed in subsection (b) of this section. Executive sessions may be held only for the discussion of public business, and all voting on public business must be made at a public meeting and the results of the vote made public, unless disclosure of the existence or results of the vote would disclose information properly the subject of an executive session pursuant to subsection (b) of this section.

(a) No licensed importer, licensed manufacturer, or licensed dealer shall sell or deliver from his inventory any firearm, as defined in 11 Del. C. 222 (9), to another person, other than a licensed importer, licensed manufacturer, licensed dealer, or licensed collector, until he has:

(1) obtained a completed consent form from the potential buyer or transferee, which form shall have been promulgated by the State Bureau of Identification (SBI) and provided by the licensed importer, licensed manufacturer, or licensed dealer, which shall include the name, address, birth, date, gender, race, and social security number, driver's license number or other identification number of such potential buyer or transferee and has inspected identification containing a photograph of the potential buyer or transferee;

District of Columbia Code
Title 1

SUBCHAPTER II.—FREEDOM OF INFORMATION [NEW]

§ 1–1521. Public policy

Generally the public policy of the District of Columbia is that all persons are entitled to full and complete information regarding the affairs of government and the official acts of those who represent them as public officials and employees. To that end, provisions of this act shall be construed with the view toward expansion of public access and the minimization of costs and time delays to persons requesting information.
March 29, 1977, D.C.Law, No. 1–96, § 2(201), 23 D.C.Reg. No. 24, p. 3744.

§ 1–1522. Right of access to public records—Allowable costs—Time limits

(a) Any person has a right to inspect, and at his or her discretion, to copy any public record of the Mayor or an agency, except as otherwise expressly provided by section 1–1524, in accordance with reasonable rules that shall be issued by the Mayor or an agency after notice and comment, concerning the time and place of access.

(b) The Mayor or an agency may establish and collect fees not to exceed the actual cost of searching for or making copies of records, but in no instance shall the total fee for searching exceed 10 dollars for each request. For purposes of this subsection "request" means a single demand for any number of documents made at one time to an individual agency. Documents may be furnished without charge or at a reduced charge where the Mayor or agency determines that waiver or reduction of the fee is in the public interest because furnishing the information can be considered as primarily benefiting the general public. Notwithstanding the foregoing, fees shall not be charged for examination and review by the Mayor or an agency to determine if such documents are subject to disclosure.

(c) The Mayor or an agency, upon request reasonably describing any public record, shall within 10 days (except Saturdays, Sundays, and legal public holidays) of the receipt of any such request either make the requested public record accessible or notify the person making such request of its determination not to make the requested public record or any part thereof accessible and the reasons therefor.

(d) In unusual circumstances, the time limit prescribed in subsection (c) of this section may be extended by written notice to the person making such request setting forth the reasons for extension and expected date for determination. Such extension shall not exceed 10 days (except Saturdays, Sundays and legal public holidays). For purposes of this subsection, and only to the extent necessary for processing of the particular request, 'unusual circumstances' are limited to:

(1) the need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records which are demanded in a single request; or

(2) the need for consultation, which shall be conducted with all practicable speed, with another agency having a substantial interest in the determination of the request or among two or more components of the agency having substantial subject-matter interest therein.

(e) Any failure on the part of the Mayor or an agency to comply with a request under subsection (a) of this section within the time provisions of subsections (c) and (d) of this section shall be deemed a denial of the request.

and the person making such request shall be deemed to have exhausted his administrative remedies with respect to such request, unless such person chooses to petition the Mayor pursuant to section 1–1527 to review the deemed denial of the request.
March 29, 1977, D.C.Law, No. 1–96, § 2(202), 23 D.C.Reg. No. 24, p. 3744.

§ 1–1523. Letters of denial

(a) Denial by the Mayor or an agency of a request for any public record shall contain at least the following:

(1) the specific reasons for the denial, including citations to the particular exemption(s) under section 1–1524 relied on as authority for the denial;

(2) the name(s) of the public official(s) or employee(s) responsible for the decision to deny the request; and

(3) notification to the requester of any administrative or judicial right to appeal under section 1–1527.

(b) The Mayor and each agency of the District of Columbia shall maintain a file of all letters of denial of requests for public records. This file shall be made available to any person on request for purposes of inspection and/or copying.
March 29, 1977, D.C.Law, No. 1–96, § 2(203), 23 D.C.Reg. No. 24, p. 3744.

§ 1–1524. Exemptions

(a) The following matters may be exempt from disclosure under the provisions of this subchapter:

(1) Trade secrets and commercial or financial information obtained from outside the government, to the extent that disclosure would result in substantial harm to the competitive position of the person from whom the information was obtained;

(2) Information of a personal nature where the public disclosure thereof would constitute a clearly unwarranted invasion of personal privacy;

(3) Investigatory records compiled for law enforcement purposes, but only to the extent that the production of such records would—

(A) interfere with enforcement proceedings,

(B) deprive a person of a right to a fair trial or an impartial adjudication,

(C) constitute an unwarranted invasion of personal privacy,

(D) disclose the identity of a confidential source and, in the case of a record compiled by a law enforcement authority in the course of a criminal investigation, or by an agency conducting a lawful national security intelligence investigation, confidential information furnished only by the confidential source,

(E) disclose investigative techniques and procedures not generally known outside the government,

(F) endanger the life or physical safety of law enforcement personnel;

(4) Inter-agency or intra-agency memorandums or letters which would not be available by law to a party other than an agency in litigation with the agency;

(5) Test questions and answers to be used in future license, employment, or academic examinations, but not previously administered examinations or answers to questions thereon;

(6) Information specifically exempted from disclosure by statute (other than this section), provided that such statute—

(A) requires that the matters be withheld from the public in such a manner as to leave no discretion on the issue, or

(B) establishes particular criteria for withholding or refers to particular types of matters to be withheld; and

(7) Information specifically authorized by Federal law under criteria established by a Presidential Executive order to be kept secret in the interest of national defense or foreign policy which is in fact properly classified pursuant to such Executive order.

(b) Any reasonably segregable portion of a public record shall be provided to any person requesting such record after deletion of those portions which may be withheld from disclosure under subsection (a) of this section.

(c) This section does not authorize withholding of information or limit the availability of records to the public, except as specifically stated in this section. § 1-1527. Administrative appeals and enforcement

(a) Any person denied the right to inspect a public record of a public body may petition the Mayor to review the public record to determine whether it may be withheld from public inspection. Such determination shall be made in writing with a statement of reasons therefor in writing within 10 days (excluding Saturdays, Sundays, and legal holidays) of the submission of the petition.

(1) If the Mayor denies the petition or does not make a determination within the time limits provided in this subsection, or if a person is deemed to have exhausted his or her administrative remedies pursuant to subsection (e) of section 1-1522, the person seeking disclosure may institute proceedings for injunctive or declaratory relief in the Superior Court for the District of Columbia.

(2) If the Mayor decides that the public record may not be withheld, he shall order the public body to disclose the record immediately. If the public body continues to withhold the record, the person seeking disclosure may bring suit in the Superior Court for the District of Columbia to enjoin the public

body from withholding the record and to compel the production of the requested record.

(b) In any suit filed under subsection (a) of this section, the Superior Court for the District of Columbia may enjoin the public body from withholding records and order the production of any records improperly withheld from the person seeking disclosure. The burden is on the Mayor or the agency to sustain its action. In such cases the court shall determine the matter *de novo*, and may examine the contents of such records *in camera* to determine whether such records or any part thereof shall be withheld under any of the exemptions set forth in section 1-1524.

(c) If a person seeking the right to inspect or to receive a copy of a public record prevails in whole or in part in such suit, he or she may be awarded reasonable attorney fees and other costs of litigation.

The court may, in its discretion, dismiss the proceedings against such person and discharge him or her from probation before the expiration of the maximum period prescribed for such person's probation. If during the period of probation such person does not violate any of the conditions of the probation, then upon expiration of such period the court shall discharge such person and dismiss the proceedings against him or her. Discharge and dismissal under this subsection shall be without court adjudication of guilt, but a nonpublic record thereof shall be retained solely for the purpose of use by the courts in determining whether or not, in subsequent proceedings, such person qualifies under this subsection. Such discharge or dismissal shall not be deemed a conviction for purposes of disqualifications or disabilities imposed by law upon conviction of a crime (including the penalties prescribed under § 33-548 for 2nd or subsequent convictions) or for any other purpose.

(2) Upon the dismissal of such person and discharge of the proceedings against him under paragraph (1) of this subsection, such person may apply to the court for an order to expunge from all official records (other than the nonpublic records to be retained under paragraph (1) of this subsection) all recordation relating to his or her arrest, indictment or information, trial, finding of guilty, and dismissal and discharge pursuant to this subsection. If the court determines, after hearing, that such person was dismissed and the proceedings against him or her discharged, it shall enter such order. The effect of such order shall be to restore such person, in the contemplation of this law, to the status he or she occupied before such arrest or indictment or information. No person as to whom such order has been entered shall be held thereafter under any provision of any law to be guilty of perjury or otherwise giving a false statement by reason of failure to recite or acknowledge such

arrest, or indictment, or trial in response to any inquiry made of him or her for any purpose.

(f) The prosecutor may charge any person who violates the provisions of subsection (a) or (b) of this section relating to the distribution of or possession with intent to distribute a controlled or counterfeit substance with a violation of subsection (d) of this section if the interests of justice so dictate. (Aug. 5, 1981, D.C. Law 4-29, § 401, 28 DCR 3081; Nov. 17, 1981, D.C. Law 4-52, § 3(c)(1), 28 DCR 4348; Mar. 9, 1983, D.C. Law 4-166, §§ 9, 10, 30 DCR 1082; Sept. 26, 1984, D.C. Law 5-121, § 2(a), 31 DCR 4046; Mar. 15, 1985, D.C. Law 5-171, § 2(a), 32 DCR 730; Feb. 28, 1987, D.C. Law 6-201, § 2(c), 34 DCR 524.)

a person who is unable to pay the cost of an appeal to apply for leave to appeal *in forma pauperis*. There shall be no duty on the court to advise the defendant of any right to appeal after sentence is imposed following a plea of guilty or *nolo contendere*. If the defendant so requests, the clerk of the court shall prepare and file further a notice of appeal on behalf of the defendant. (Revised 11/16/76)

(d) JUDGMENT. A judgment of conviction shall set forth the plea, verdict or finding, and the adjudication and sentence. If the defendant is found not guilty or for any other reason is entitled to be discharged, judgment shall be entered accordingly. Except with respect to petty misdemeanors, the penalty for which does not exceed six months or a fine of not more than $500.00 or both, the judgment, indicating the sentence of commitment, shall be signed by the judge, certified by the clerk, and then transmitted to the authority taking custody of or having supervision over the defendant. (Revised 11/16/76)

(e) WITHDRAWAL OF PLEA OF GUILTY. A motion to withdraw a plea of guilty or of *nolo contendere* may be made only before sentence is imposed or imposition of sentence is suspended; but to correct manifest injustice the court after sentence may set aside the judgment of conviction and permit the defendant to withdraw his plea. (Revised 11/16/76)

(f) [ABROGATED] [11/1/82]

(g) DISCHARGE FROM PROBATION, DISMISSAL OF PROCEEDINGS, AND EXPUNGEMENT OF OFFICIAL RECORDS PURSUANT TO D.C. CODE 1983, §33-541(e).

(1) Discharge from Probation and Dismissal of Proceedings. If a person has been placed on probation pursuant to D.C. Code 1983, §33-541(e)(1), the Social Services Division shall, upon expiration of probation, notify the Court in writing as to whether the person has successfully completed probation. The Division shall mail a copy of the notice to the person, his attorney, the prosecutor, the Metropolitan Police Department, and the Clerk of the Criminal Division. The prosecutor may file and serve a response in opposition within ten (10) days. The Court may hold a hearing to determine whether the person has successfully completed probation. If the Court so determines, it shall enter an order discharging the person from probation and dismissing the proceedings against him. The Court may, with notice as provided above, take such action prior to the expiration of the maximum period of probation imposed. If an order of discharge and dismissal is entered, the clerk shall thereafter retain a nonpublic record of the case solely for use by the Courts in determining whether, in subsequent proceedings, such person qualifies for treatment under §33-541(e)(1).

RULE 32(g)(2) April 2, 1985

SUPERIOR COURT OF D.C. - CRIMINAL RULES

(2) EXPUNGEMENT OF OFFICIAL RECORDS. A person who has been discharged from probation and whose charges have been dismissed pursuant to §33-541(e)(1) and subparagraph (g)(1) of this rule may file with the Court and serve upon the prosecutor a motion for expungement of all official records relating to the offense. The prosecutor may file and serve an opposition within ten (10) days. If the Court, after hearing, determines that the person was discharged from probation and that the proceedings against him were dismissed under §33-541(c)(1), the Court shall enter an order expunging all official records of the offense to the extent required by §33-541(e)(2). In a case involving co-defendants, the Court shall first sanitize the records to be expunged. The order of expungement shall not affect the nonpublic record maintained under §§33-541(c)(1) and subparagraph (g)(1) of this rule.

COMMENT: This rule modifies Federal Rule of Criminal Procedure 32 in several instances. Generally, the structure of the Federal Rule has been revised to reflect more accurately the chronological sequence of sentence and judgment events. Where appropriate, the word "pronounce" rather than "impose" has been used in the rule.

Paragraph (1) of this Rule now prescribes the time when the Court may pronounce sentence. The Federal Rule merely provides for imposition "without unreasonable delay". (Revised 11/1/82)

Paragraph (b) of this Rule modifies paragraph (c) of the Federal Rule. First, this Rule exempts the District of Columbia Traffic Branch from the requirements in paragraph (b). Second, when consent of the defendant is needed for the judge's inspection of the presentence report, this Rule allows this consent to be on the record as an alternative to it being in writing. Third, the Rule provides for disclosure of material in a presentence report to both the counsel for the defendant and the prosecutor. Fourth, reports made by the Department of Corrections of the District of Columbia and the Board of Parole of the District of Columbia have been added to the list of reports considered to be a presentence investigation. Fifth, reports pursuant to 18 U.S.C. §§4208(b) and 5034 are not applicable to the Superior Court and thus were deleted from the list of reports considered to be a presentence investigation.

Code, Section 11–1586; provided, that the release of such information to members of the Metropolitan Police Department, and the dissemination of such information by the Metropolitan Police Department to the police departments of other jurisdictions wherein juveniles apprehended in the District of Columbia may reside, shall be authorized; provided further, that the release of such information to individuals to whom the information may relate or to the parents or guardians or duly authorized attorneys of such individuals, shall be authorized in those cases in which applicants therefor present documents of apparent authenticity indicating need for such information for reasons other than employment. The term "employment", in the context of this paragraph, shall not include military service.
2. That unexpurgated adult arrest records, as provided under D.C. Code, Section 4–134a,[46] shall be released to law enforcement agents upon request, without cost and without the authorization of the persons to whom such records relate and without any other prerequisite, provided that such law enforcement agents represent that such records are to be used for law enforcement purposes. The term "law enforcement agent" is limited in this context to persons having cognizance of criminal investigations or of criminal proceedings directly involving the individuals to whom the requested records relate. The term includes judges, prosecutors, defense attorneys (with respect to the records of their client defendants), police officers, Federal agents having the power of arrest, clerks of courts, penal and probation officers and the like. It does not include private detectives and investigators; personnel investigators, directors and officers; private security agents or others who do not ordinarily participate in the process involving the detection, apprehension, trial or punishment of criminal offenders.
3. That, subject to the foregoing, adult arrest records, as provided under D.C. Code, Section 4–134a, shall be released in a form which reveals only entries relating to offenses which have resulted in convictions or forfeitures of collateral.
4. That, subject to the foregoing, adult arrest records, as provided under D.C. Code, Section 4–134a, or statements of the non-existence of such records shall be released to applicants therefor upon the payment of fees to be based upon the cost of editing and producing such copies, extracts or statements; provided, that applicants who are not the persons to whom such records may relate must, in addition to the required fees, present releases in appropriate form executed by the persons to whom the records may relate; provided further, that no fee shall be required with respect to any record solicited by any agent of the Federal or District of Columbia Government for a governmental purpose.

SUPERIOR COURT OF D.C. - CRIMINAL RULES

RULE 118

SEALING OF ARREST RECORDS

(a) MOTION FOR SEALING AND DECLARATORY RELIEF. Any person arrested for the commission of an offense punishable by the District of Columbia Code, whose prosecution has been terminated without conviction and before trial, may file a motion to seal the records of the person's arrest within 120 days after the charges have been dismissed. For good cause shown and to prevent manifest injustice, the person may file a motion within three (3) years after the prosecution has been terminated, or at any time thereafter if the government does not object. As to arrests occurring on or after July 19, 1979, but before the adoption of this rule, a motion may be filed within 120 days after the adoption of this rule. The motion shall state facts in support of the movant's claim and shall be accompanied by a statement of points and authorities in support thereof. The movant may also file any appropriate exhibits, affidavits, and supporting documents. A copy of the motion shall be served upon the prosecutor.

(b) RESPONSE BY PROSECUTOR. If the prosecutor does not intend to oppose the motion, the prosecutor shall so inform the Court and the movant, in writing, within thirty (30) days after the motion has been filed. Otherwise, the prosecutor shall not be required to respond to the motion unless ordered to do so by the Court, pursuant to paragraph (c) of this rule.

(c) INITIAL REVIEW BY COURT; SUMMARY DENIAL; RESPONSE BY PROSECUTOR. If it plainly appears from the face of the motion, any accompanying exhibits and documents, the record of any prior proceedings in the case, and any response which the prosecutor may have filed, that the movant is not entitled to relief, the Court, stating reasons therefore on the record or in writing, shall deny the motion and send notice thereof to all parties. In the event the motion is not denied, the Court shall order the prosecutor to file a response to the motion, if the prosecutor has not already done so. Such response shall be filed and served within sixty (60) days after entry of the Court's order. The response shall be accompanied by a statement of points and authorities in opposition, and any appropriate exhibits and supporting documents.

(d) COURT'S DETERMINATION OF WHETHER TO HOLD A HEARING. Upon the filing of the prosecutor's response, the Court shall determine whether an evidentiary hearing is required. If it appears that a hearing is not required, the Court shall enter an appropriate order, pursuant to paragraph (f) of this rule. If the Court determines that a hearing is required, one shall be scheduled promptly.

SUPERIOR COURT OF D.C. - CRIMINAL RULES

(e) DETERMINATION OF MOTION. If a hearing is held, hearsay evidence shall be admissible. If, based upon the pleadings or following a hearing, the Court finds by clear and convincing evidence that the offense for which the movant was arrested did not occur or that the movant did not commit the offense, the Court shall order the movant's arrest records retrieved and sealed pursuant to paragraph (f).

(f) FINDINGS AND ORDER; DECLARATORY RELIEF.

(1) *Order Denying Motion.* If the Court denies the motion, it shall issue an order and shall set forth its reasons on the record or in writing.

(2) *Order Granting Motion.* If the Court grants the motion, it shall issue an order, in writing, pursuant to subparagraphs (f)(2)(A), (B), and (C) of this rule.

(A) *Retrieval of Arrest Records and Purging of Computer Records.* The Court shall order the prosecutor to collect from the prosecutor's office, the law enforcement agency responsible for the movant's arrest and/or the Metropolitan Police Department all records of the movant's arrest in their central files, including without limitation all photographs, fingerprints, and other identification data. The Court shall also direct the prosecutor to arrange for the elimination of any computerized record of the movant's arrest. However, the Court shall expressly allow the prosecutor and the law enforcement agency to maintain a record of the arrest so long as the record is not retrievable by the identification of the movant. The Court shall also order the prosecutor to request that the law enforcement agency responsible for the arrest retrieve any of the aforementioned records which were disseminated to pretrial services, corrections, and other law enforcement agencies, and to collect these records when retrieved.

(B) *Requirement that Arrest Records be Sealed.* The Court shall order the prosecutor to file with the Clerk of the Court, within sixty (60) days, all records collected by the law enforcement agency and in the prosecutor's own possession. These records shall be accompanied by a certification that to the best of the prosecutor's knowledge and belief no further records exist in the prosecutor's own possession and in the possession of the law enforcement agency's central records files or those of its disseminees, or that, if such records do exist, steps have been taken to retrieve them. The Court shall order the Clerk to collect all Superior Court records pertaining to the movant's arrest and cause to be purged any computerized record of such arrest. However, the Court shall expressly allow the Clerk to maintain a record of the arrest so long as the record is not retrievable by the identification of the movant. The Court shall also order the Clerk to file under seal all Superior Court records so retrieved, together with all records filed by the prosecutor pursuant to this paragraph, within seven (7) days after receipt of such records.

SUPERIOR COURT OF D.C. - CRIMINAL RULES

(C) *Declaratory Relief.* The Court shall summarize in the order the factual circumstances of the challenged arrest and any post-arrest occurrences it deems relevant, and, if the facts support such a conclusion, shall rule as a matter of law that the movant did not commit the offense for which the movant had been arrested or that no offense had been committed. A copy of the order shall be provided to the movant or his or her counsel. The movant may obtain a copy of the order at any time from the Clerk of the Court, upon proper identification, without a showing of need.

(g) SANITIZATION OF RECORDS INVOLVING CO-DEFENDANTS. In a case involving co-defendants in which the Court orders the movant's records sealed, the Court may order that only those records, or portions thereof, relating solely to the movant be sealed. The Court may make an *in camera* inspection of these records in order to make this determination. If practicable, the Court may order those records relating to co-defendants returned to the prosecutor, with all references to the movant sanitized.

(h) INDEXING AND ACCESS TO SEALED RECORDS. The Clerk shall place the records ordered sealed by the Court in a special file, appropriately and securely indexed in order to protect its confidentiality, subject to being opened on further order of the Court only upon the showing of compelling need. A request for access to such sealed records may be made *ex parte*. However, unless otherwise ordered by the Court, the Clerk shall reply in response to inquiries concerning the existence of arrest records which may have been sealed pursuant to this rule that no records are available.

(i) APPEAL. An aggrieved party may note an appeal from a final order entered pursuant to this rule in accordance with Rule 4(II)(b)(1) of the General Rules of the District of Columbia Court of Appeals.

COMMENT: This rule implements a procedure providing in certain cases for the sealing of arrest records when a citizen has been arrested but not subsequently prosecuted. See District of Columbia v. Hudson, et al., *404 A.2d 175 (D.C. App. 1979) and* District of Columbia v. Hudson, et al., *449 A.2d 294 (D.C.App. 1982).*

If the Court determines to hold an evidentiary hearing before deciding whether to order sealing, paragraph (d) requires that the hearing be held "promptly". While no specific time period is set out in the rule, it is contemplated that the Court will consider the movant's interest in obtaining a speedy determination of his or her right to the equitable relief under this rule with the various other demands on the Court's schedule.

RULE 118 COMMENT November 1, 1983

SUPERIOR COURT OF D.C. - CRIMINAL RULES

Notations of arrests in precinct books and records compiled for statistical purposes only which are not practically retrievable to the public by name only, are not within the purview of this rule. See D.C. v. Hudson, et al., *404 A.2d 175, 180 n. 9 (D.C.App. 1979).*

In connection with paragraph (f), it is the intent of this rule that considerations surrounding the eligibility of certain documents and records should be viewed in a light favoring retrieval and sealing.

943.0575 . Public access to records

943.058 Criminal history record expunction or sealing

(1) Notwithstanding statutes dealing more generally with the preservation and destruction of public records, the Department of Law Enforcement, in consultation with the Department of State, may provide, by rule adopted pursuant to chapter 120, for the administrative expunction of any nonjudicial record of arrest made contrary to law or by mistake or when the record no longer serves a useful purpose.

(2) The courts of this state shall continue to have jurisdiction over their own procedures, including the keeping, sealing, expunction, or correction of judicial records containing criminal history information. The courts may order the sealing or expunction of any other criminal history record provided:

(a) The person who is the subject of the record has never previously been adjudicated guilty of a criminal offense or comparable ordinance violation;

(b) The person who is the subject of the record has not been adjudicated guilty of any of the charges stemming from the arrest or alleged criminal activity to which the records expunction petition pertains;

(c) The person who is the subject of the record has not secured a prior records expunction or sealing under this section, former s. 893.14, or former s. 901.33; and

(d) Such record has been sealed under this section, former s. 893.14, or former s. 901.33 for at least 10 years; except that, this condition shall not apply in any instance in which an indictment or information was not filed against the person who is the subject of the record.

(3) Notwithstanding subsection (2), criminal history records maintained by the Department of Law Enforcement may be ordered expunged only upon a specific finding by a circuit court of unusual circumstances requiring the exercise of the extraordinary equitable powers of the court. Upon a finding that the criteria set out in paragraphs (2)(a)-(c) have been met, the records maintained by the department may be ordered sealed by any court of competent jurisdiction; and thereafter such records and other records sealed pursuant to this section, former s. 893.14, former s. 901.33, or similar laws, shall be nonpublic records, available only to the subject, his attorney, or to criminal justice agencies for their respective criminal justice purposes. An order sealing criminal history records pursuant to this subsection shall not be construed to require that the records be surrendered to the court, and such records shall continue to be maintained by the department.

(4) In judicial proceedings under subsections (2) and (3), it shall not be necessary to make any agency other than the state a party. The appropriate state attorney shall be served with the petition and shall respond after a review of the petitioner's entire multistate criminal history record. If relief is granted, the clerk of the court shall certify copies of the order to the prosecutor and to the arresting agency. The arresting agency shall be responsible for forwarding the order to the Department of Law Enforcement and to any other agency to which the arresting agency itself disseminated the criminal history record information within the purview of the order. The Department of Law Enforcement shall forward the order to all agencies, including the Federal Bureau of Investigation, to which it disseminated the affected criminal history information. The clerk of the court shall certify a copy of the order to any other agency which the records of the clerk reflect has received the affected criminal history information from the court. A notation indicat-

ing compliance with an order to expunge may be retained for use thereafter only to confirm the expunction upon inquiry of the ordering court.

(5) Notwithstanding other laws to the contrary, a criminal justice agency may honor laws, court orders, and official requests of other jurisdictions relating to expunction, sealing, correction or confidential handling of criminal history records or information derived therefrom.

(6) The effect of expunction or sealing of criminal history records under this section or other provisions of law, including former ss. S93.14 and 901.33, shall be as follows:

(a) When all criminal history records, including the records maintained by the Department of Law Enforcement and the courts, have been expunged, the subject of such records shall be restored, in the full and unreserved contemplation of the law, to the status occupied before the arrest, indictment, information, or judicial proceedings covered by the expunged record.

(b) When all criminal history records, except for records retained under seal by the courts or the Department of Law Enforcement, have been expunged, the subject of such records may lawfully deny or fail to acknowledge the events covered by the expunged or sealed records except in the following circumstances:

1. When the person who is the subject of the record is a candidate for employment with a criminal justice agency;

2. When the person who is the subject of the record is a defendant in a criminal prosecution;

3. When the person who is the subject of the record subsequently petitions for relief under this section; or

4. When the person who is the subject of the record is a candidate for admission to The Florida Bar.

The courts or the Department of Law Enforcement may refer to and disseminate information contained in sealed records in any of these circumstances. Subject to the exceptions stated herein, no person as to whom an expunction or sealing has been accomplished shall be held thereafter under any provision of law of this state to be guilty of perjury or to be otherwise liable for giving a false statement by reason of such person's failure to recite or acknowledge expunged or sealed criminal history records.

(7) An order or request to expunge or seal a criminal history record shall be deemed an order or request to seek the expunction or sealing of such record by all other agencies and persons known to have received it.

(8) Each petition to a court for sealing or expunction of criminal history records shall be complete only when accompanied by the petitioner's sworn statement that, to the best of his knowledge and belief, he is eligible for such a sealing or expunction.

Added by Laws 1980, c. 80-409, § 11, eff. Oct. 1, 1980.

119.01 General state policy on public records

It is the policy of this state that all state, county, and municipal records shall at all times be open for a personal inspection by any person.

79. Work papers and inter-office memoranda, records subject to inspection

Written appraisal report obtained by county in connection with negotiations for proposed acquisition of property for a landfill site constituted a "public record," even if transaction had not been completed, and must be made available for inspection under this chapter providing for examination and inspection of public records, notwithstanding fact that disclosure of contents of appraisal during negotiations would be harmful to the county. Gannett Co., Inc. v. Goldtrap, App., 302 So.2d 174 (1974).

Work papers, work sheets, and papers used in making arithmetic computations or notes, or inter-office correspondence on items or matters under examination, etc., all for the benefit of the auditor, are not "public records" within the purview of this section and access to such information should be denied the public as a matter of public policy. Op.Atty. Gen., 066–88, Sept. 15, 1966.

Temporary records, maps, plats, cards and memoranda, or writings, from which the permanent or final tax assessment roll is prepared, are in the nature of work sheets and are not classified as public records, and, therefore, would not be subject to the personal inspection of a citizen of Florida as authorized by this section; however, the records, maps, plats, cards and writings of a permanent nature, used from year to year in the preparation of successive tax assessment rolls could be classified as public records and open for public inspection. Op.Atty.Gen., 061–102, June 29, 1961.

80. Private organizations, records subject to inspection

The legislature, in creating the governmental, hospital authority lessor, provided that the agreemeent to lease was to be consistent with this section and § 286.011, and this included the disclosure provisions so as to require the nonprofit private lessee to disclose its records and make them available to the public under the Public Records Law (this chapter). Cape Coral Medical Center, Inc. v. News-Press Pub. Co., Inc., App., 390 So.2d 1216 (1980).

Public access to financial records of nonpublic organizations in which membership consists solely of elected and appointed officials is not required under the public record laws of Chapter 119. Op.Atty.Gen., 072–184, June 2, 1972.

119.011 Definitions

For the purpose of this chapter:

(1) "Public records" means all documents, papers, letters, maps, books, tapes, photographs, films, sound recordings or other material, regardless of physical form or characteristics, made or received pursuant to law or ordinance or in connection with the transaction of official business by any agency.

(2) "Agency" means any state, county, district, authority, or municipal officer, department, division, board, bureau, commission, or other separate unit of government created or established by law and any other public or private agency, person, partnership, corporation, or business entity acting on behalf of any public agency.

(3)(a) "Criminal intelligence information" means information with respect to an identifiable person or group of persons

collected by a criminal justice agency in an effort to anticipate, prevent, or monitor possible criminal activity.

(b) "Criminal investigative information" means information with respect to an identifiable person or group of persons compiled by a criminal justice agency in the course of conducting a criminal investigation of a specific act or omission, including, but not limited to, information derived from laboratory tests, reports of investigators or informants, or any type of surveillance.

(c) "Criminal intelligence information" and "criminal investigative information" shall not include:

1. The time, date, location, and nature of a reported crime;

2. The name, sex, age, and address of a person arrested or of the victim of a crime except as provided in s. 119.07(3)(h);

3. The time, date, and location of the incident and of the arrest;

4. The crime charged;

5. Documents given or required by law or agency rule to be given to the person arrested; and

6. Informations and indictments except as provided in s. 905.26.

(d) The word "active" shall have the following meaning:

1. Criminal intelligence information shall be considered "active" as long as it is related to intelligence gathering conducted with a reasonable, good faith belief that it will lead to detection of ongoing or reasonably anticipated criminal activities.

2. Criminal investigative information shall be considered active" as long as it is related to an ongoing investigation which is continuing with a reasonable, good faith anticipation of securing an arrest or prosecution in the foreseeable future.

In addition, criminal intelligence and criminal investigative information shall be considered "active" while such information is directly related to pending prosecutions or appeals. The word "active" shall not apply to information in cases which are barred from prosecution under the provisions of s. 775.15 or other statute of limitation.

(4) "Criminal justice agency" means any law enforcement agency, court, or prosecutor. The term also includes any other agency charged by law with criminal law enforcement duties, or any agency having custody of criminal intelligence information or criminal investigative information for the purpose of assisting such law enforcement agencies in the conduct of active crim-

inal investigation or prosecution or for the purpose of litigating civil actions under the Racketeer Influenced and Corrupt Organization Act,[1] during the time that such agencies are in possession of criminal intelligence information or criminal investigative information pursuant to their criminal law enforcement duties.

[1] Section 895.01 et seq.

119.0115 Videotapes and video signals; exemption from chapter

Any videotape or video signal which, under an agreement with an agency, is produced, made, or received by, or is in the custody of, a federally licensed radio or television station or its agent is exempt from this chapter.

119.012 Records made public by public fund use

If public funds are expended by an agency defined in s. 119.011(2) in payment of dues or membership contributions to any person, corporation, foundation, trust, association, group, or other organization, then all the financial, business and membership records pertaining to the public agency from which or on whose behalf the payments are made, of the person, corporation, foundation, trust, association, group, or organization to whom such payments are made shall be public records and subject to the provisions of s. 119.07.

119.02 Penalty

Any public official who shall violate the provisions of s. 119.07(1) shall be subject to suspension and removal or impeachment and, in addition, shall be guilty of a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083.

119.031 Keeping records in safe places; copying or repairing certified copies

Insofar as practicable, custodians of public records shall keep them in fireproof and waterproof safes, vaults or rooms fitted with noncombustible materials and in such arrangement as to be easily accessible for convenient use. All public records should be kept in the buildings in which they are ordinarily used. Record books should be copied or repaired, renovated or rebound if worn, mutilated, damaged or difficult to read. Whenever any state, county or municipal records are in need of repair, restoration or rebinding, the head of such state agency, department, board or commission, the board of county commissioners of such county or the governing body of such municipality may authorize that the records in need of repair, restoration or rebinding be removed from the building or office in which such records are ordinarily kept for the length of time required to repair, restore or rebind them. Any public official who causes a record book to be copied shall attest it and shall certify on oath that it is an accurate copy of the original book. The copy shall then have the force and effect of the original.

119.04 Repealed by Laws 1969, c. 69-353, § 59

119.041 Destruction of records regulated

No public official may mutilate, destroy, sell, loan or otherwise dispose of any public record without the consent of the Division of Archives, History and Records Management of the Department of State.

119.05 Disposition of records at end of official's term

Whoever has the custody of any public records shall, at the expiration of his term of office, deliver to his successor, or if there be none, to the Division of Archives, History and Records Management of the Department of State, all records, books, writings, letters and documents kept or received by him in the transaction of his official business.

119.06 Demanding custody

Whoever is entitled to the custody of public records shall demand them from any person having illegal possession of them, who shall forthwith deliver the same to him. Any person unlawfully possessing public records shall upon demand of any person and within 10 days deliver such records to their lawful custodian unless just cause exists for failing to deliver such records.

119.07 Inspection and examination of records; exemptions.—

(1)(a) Every person who has custody of a public record shall permit the record to be inspected and examined by any person desiring to do so, at any reasonable time, under reasonable conditions, and under supervision by the custodian of the public record or his designee. The custodian shall furnish a copy or a certified copy of the record upon payment of the fee prescribed by law or, if a fee is not prescribed by law, for duplicated copies of not more than 14 inches by 8½ inches, upon payment of 15 cents per one-sided copy, and for all other copies, upon payment of the actual cost of duplication of the record. An agency may charge no more than an additional 5 cents for each two-sided duplicated copy. For purposes of this section, duplicated copies shall mean new copies produced by duplicating, as defined in s. 283.30. The phrase "actual cost of duplication" means the cost of the material and supplies used to duplicate the record, but it does not include the labor cost or overhead cost associated with such duplication. However, the charge for copies of county maps or aerial photographs supplied by county constitutional officers may also include a reasonable charge for the labor and overhead associated with its duplication. Unless otherwise provided by law, the fees to be charged for duplication of public records shall be collected, deposited, and accounted for in the manner prescribed for other operating funds of the agency. An agency may charge up to $1 per copy for a certified copy of a public record.

(b) If the nature or volume of public records requested to be inspected, examined, or copied pursuant to this subsection is such as to require extensive use of information technology resources or extensive clerical or supervisory assistance by personnel of the agency involved, or both, the agency may charge, in addition to the actual cost of duplication, a special service charge, which shall be reasonable and shall be based on the cost incurred for such extensive use of information tech-

...ogy resources or the labor cost of the personnel providing the service that is actually incurred by the agency attributable to the agency for the clerical and supervisory assistance required, or both. "Information technology resources" shall have the same meaning as in s. 282.303(10).

(b) When ballots are produced under this section for inspection or examination, no persons other than the supervisor of elections or his employees shall touch the ballots. The supervisor of elections shall make a reasonable effort to notify all candidates by telephone or otherwise of the time and place of the inspection or examination. All such candidates, or their representatives, shall be allowed to be present during the inspection or examination.

(2)(a) A person who has custody of a public record and who asserts that an exemption provided in subsection (3) or in a general or special law applies to a particular public record or part of such record shall delete or excise from the record only that portion of the record with respect to which an exemption has been asserted and validly applies, and such person shall produce the remainder of such record for inspection and examination. If the person who has custody of a public record contends that the record or part of it is exempt from inspection and examination, he shall state the basis of the exemption which he contends is applicable to the record, including the statutory citation to an exemption created or afforded by statute, and, if requested by the person seeking the right under this subsection to inspect, examine, or copy the record, he shall state in writing and with particularity the reasons for his conclusion that the record is exempt.

(b) In any civil action in which an exemption to subsection (1) is asserted, if the exemption is alleged to exist under or by virtue of paragraph (e), paragraph (f), paragraph (g), paragraph (m), paragraph (n), or paragraph (q) of subsection (3), the public record or part thereof in question shall be submitted to the court for an inspection in camera. If an exemption is alleged to exist under or by virtue of paragraph (d) of subsection (3), an inspection in camera will be discretionary with the court. If the court finds that the asserted exemption is not applicable, it shall order the public record or part thereof in question to be immediately produced for inspection, examination, or copying as requested by the person seeking such access.

(c) Even if an assertion is made by the custodian of a public record that a requested record is not a public record subject to public inspection and examination under subsection (1), the requested record shall, nevertheless, not be disposed of for a period of 30 days after the date on which a written request requesting the right to inspect, examine, or copy the record was served on or otherwise made to the custodian of the record by the person seeking access to the record. If a civil action is instituted within the 30-day period to enforce the provisions of this section with respect to the requested record, the custodian shall not dispose of the record except by order of a court of competent jurisdiction after notice to all affected parties.

(d) The absence of a civil action instituted for the purpose stated in paragraph (c) will not relieve the custodian of his duty to maintain the record as a public record if the record is in fact a public record subject to public inspection and examination under subsection (1) and will not otherwise excuse or exonerate the custodian from any unauthorized or unlawful disposition of such record.

(3)(a) All public records which are presently provided by law to be confidential or which are prohibited from being inspected by the public, whether by general or special law, are exempt from the provisions of subsection (1).

(b) All public records referred to in ss. 110.1091, 199.222, 228.093, 257.261, 268.075, 624.319(3) and (4), and 655.057(1)(b), (3), and (4) are exempt from the provisions of subsection (1).

(c) Examination questions and answer sheets of examinations administered by a governmental agency for the purpose of licensure, certification, or employment are exempt from the provisions of subsection (1). A person who has taken such an examination shall have the right to review his own completed examination.

(d) Active criminal intelligence information and active criminal investigative information are exempt from the provisions of subsection (1).

(e) Any information revealing the identity of a confidential informant or a confidential source is exempt from the provisions of subsection (1).

(f) Any information revealing surveillance techniques or procedures or personnel is exempt from the provisions of subsection (1). Notwithstanding s. 119.14, any comprehensive inventory of state and local law enforcement resources compiled pursuant to part I, chapter 23, and any comprehensive policies or plans compiled by a criminal justice agency pertaining to the mobilization, deployment, or tactical operations involved in responding to emergencies, as defined in s. 252.34(2), are exempt from the provisions of subsection (1) and unavailable for inspection, except by personnel authorized by a state or local law enforcement agency, the office of the Governor, the Department of Legal Affairs, the Department of Law Enforcement, or the Department of Community Affairs as having an official need for access to the inventory or comprehensive policies or plans. This exemption is subject to the Open Government Sunset Review Act in accordance with s. 119.14.

(g) Any information revealing undercover personnel of any criminal justice agency is exempt from the provisions of subsection (1).

(h) Any criminal intelligence information or criminal investigative information including the photograph, name, address, or other fact or information which reveals the identity of the victim of the crime of sexual battery as defined in chapter 794; the identity of the victim of the crime of lewd, lascivious, or indecent assault upon or in the presence of a child, as defined in chapter 800; or the identity of the victim of the crime of child abuse as defined by chapter 827 and any criminal intelligence information or criminal investigative information or other criminal record, including those portions of court records, which may reveal the identity of a person who is a victim of any sexual offense, including a sexual offense proscribed in chapter 794, chapter 800, or chapter 827, is exempt from the provisions of subsection (1).

(j) Any criminal intelligence information or criminal investigative information which reveals the personal assets of the victim of a crime, other than property stolen or destroyed during the commission of the crime, is exempt from the provisions of subsection (1).

(j) All criminal intelligence and criminal investigative information received by a criminal justice agency prior to January 25, 1979, is exempt from the provisions of subsection (1).

(k) The home addresses, telephone numbers, and photographs of active or former law enforcement personnel and personnel of the Department of Health and Rehabilitative Services whose duties include the investigation of abuse, neglect, exploitation, fraud, theft, or other criminal activities; the home addresses, telephone numbers, photographs, and places of employment of the spouses and children of such personnel; and the names and locations of schools and day care facilities attended by the children of such personnel are exempt from the provisions of subsection (1). These exemptions are subject to the Open Government Sunset Review Act in accordance with s. 119.14.

(l) Any information provided to an agency of state government or to an agency of a political subdivision of the state for the purpose of forming ridesharing arrangements, which information reveals the identity of an individual who has provided his name for ridesharing arrangements as defined in s. 341.031(9), is exempt from the provisions of subsection (1).

(m) Any information revealing the substance of a confession of a person arrested is exempt from the provisions of subsection (1), until such time as the criminal case is finally determined by adjudication, dismissal, or other final disposition.

(n) 1. A public record which was prepared by an agency attorney (including an attorney employed or retained by the agency or employed or retained by another public officer or agency to protect or represent the interests of the agency having custody of the record) or prepared at the attorney's express direction, which reflects a mental impression, conclusion, litigation strategy, or legal theory of the attorney or the agency, and which was prepared exclusively for civil or criminal litigation or for adversarial administrative proceedings, or which was prepared in anticipation of imminent civil or criminal litigation or imminent adversarial administrative proceedings, is exempt from the provisions of subsection (1) until the conclusion of the litigation or adversarial administrative proceedings. When asserting the right to withhold a public record pursuant to this paragraph, the agency shall identify the potential parties to any such criminal or civil litigation or adversarial administrative proceedings. If a court finds that the document or other record has been improperly withheld under this paragraph, the party seeking access to such document or record shall be awarded reasonable attorney's fees and costs in addition to any other remedy ordered by the court.

2. Sealed bids or proposals received by an agency pursuant to invitations to bid or requests for proposals are exempt from the provisions of subsection (1) until such time as the agency provides notice of a decision or intended decision pursuant to s. 120.53(5)(a)1. or within 10 days after bid or proposal opening, whichever is earlier.

3. In any case in which an agency of the executive branch of state government seeks to acquire real property by purchase or through the exercise of the power of eminent domain all appraisals, other reports relating to value, offers, and counteroffers must be in writing and are exempt from the provisions of s. 119.01 and subsection (1) until execution of a valid option contract or a written offer to sell which has been conditionally accepted by the agency, at which time the exemption shall expire. The agency shall not finally accept the offer for a period of 30 days in order to allow public review of the transaction. The agency may give conditional acceptance to any option or offer subject only to final acceptance by the agency after the 30-day review period. If a valid option contract is not executed, or if a written offer to sell is not conditionally accepted by the agency, then the exemption from the provisions of this chapter shall expire at the conclusion of the condemnation litigation of the subject property. An agency of the executive branch may exempt title information, including names and addresses of property owners whose property is subject to acquisition by purchase or through the exercise of the power of eminent domain, from the provisions of s. 119.01 and subsection (1) to the same extent as appraisals, other reports relating to value, offers, and counteroffers. This exemption is subject to the Open Government Sunset Review Act in accordance with s. 119.14. Nothing in this section shall be construed to provide an exemption from or exception to s. 286.011. For the purpose of this paragraph "option contract" means an agreement of an agency of the executive branch of state government to purchase real property subject to final agency approval. This paragraph shall have no application to other exemptions from the requirements of s. 119.01 or subsection (1) which are contained in other provisions of law and shall not be construed to be an express or implied repeal thereof.

4. a. Data processing software obtained by an agency under a licensing agreement which prohibits its disclosure and which software is a trade secret, as defined in s. 812.081, and agency-produced data processing software which is sensitive are exempt from the provisions of subsection (1). The designation of agency-produced software as sensitive shall not prohibit an agency head from sharing or exchanging such software with another public agency. As used in this paragraph:

(I) "Data processing software" has the same meaning as in s. 282.303(6).

(II) "Sensitive" means only those portions of data processing software, including the specifications and documentation, used to:

(A) Collect, process, store, and retrieve information which is exempt from the provisions of subsection (1);

(B) Collect, process, store, and retrieve financial management information of the agency, such as payroll and accounting records; or

This provision shall not affect any function or activity of the Florida Commission on Human Relations. Any state or federal agency which is authorized to have access to such complaints or records by any provision of law shall be granted such access in the furtherance of such agency's statutory duties, notwithstanding the provisions of this section. This paragraph shall not be construed to modify or repeal any special or local act. This exemption is subject to the Open Government Sunset Review Act in accordance with s. 119.14.

...All complaints and other records in the custody of any agency in the executive branch of state government which relate to a complaint of discrimination relating to race, color, religion, sex, national origin, age, handicap, or marital status in connection with hiring practices, position classifications, salary, benefits, discipline, discharge, employee performance, evaluation, or other related activities shall be exempt from the provisions of subsection (1) until a finding is made relating to probable cause, the investigation of the complaint becomes inactive, or the complaint or other record is made part of the official record of any hearing or court proceeding. Any state or federal agency which is authorized to have access to such complaints or records by any provision of law shall be granted such access in the furtherance of such agency's statutory duties, notwithstanding the provisions of this section. This exemption is subject to the Open Government Sunset Review Act in accordance with s. 119.14.

...A patient record obtained by the Department of Health and Rehabilitative Services or its agent pursuant to s. 395.385, which record contains the name, residence or business address, telephone number, social security or other identifying number or photograph of any person or the spouse, relative, or guardian of such person or which record is patient-specific or otherwise identifies the patient either directly or indirectly is exempt from the provisions of subsection (1).

All information which is exempt from subsection (1) pursuant to this paragraph shall be maintained separately from nonexempt employment information.

...The records of a medical review committee created pursuant to s. 766.101 or former s. 768.40 by the Department of Corrections or the Correctional Medical Authority, or both, are exempt from the provisions of subsection (1). This exemption is subject to the Open Government Sunset Review Act in accordance with s. 119.14.

...Any document which reveals the identity, home or employment telephone number, home or employment address, or personal assets of the victim of a crime and identifies that person as the victim of a crime, which document is received by any agency that regularly receives information from or concerning the victims of crime, is exempt from the provisions of subsection (1). Any state or federal agency which is authorized to have access to such documents by any provision of law shall be granted such access in the furtherance of such agency's statutory duties, notwithstanding the provisions of this section. This exemption is subject to the Open Government Sunset Review Act in accordance with s. 119.14.

(4) Nothing in this section shall be construed to exempt from subsection (1) a public record which was made a part of a court file and which is not specifically closed by order of court, except as provided in paragraphs (e), (f), (g), (m), (n), and (q) of subsection (3) and except information or records which may reveal the identity of a person who is a victim of a sexual offense as provided in paragraph (h) of subsection (3).

Such auditor shall maintain the confidentiality of any public records that are confidential or exempt from the provisions of subsection (1) and shall be subject to the same penalties

as the custodians of those public records for violating confidentiality.

(7)(a) Notwithstanding the provisions of paragraph (3)(a), any person or organization, including the Department of Health and Rehabilitative Services, may petition the court for an order making public the records of the Department of Health and Rehabilitative Services that pertain to investigations of alleged adult or child abuse, neglect, abandonment, or exploitation. The court shall determine if good cause exists for public access to the records sought or a portion thereof. In making this determination, the court shall balance the best interest of the adult or child who is the focus of the investigation, and in the case of the child, the interest of that child's siblings, together with the privacy right of other persons identified in the reports against the public interest. The public interest in access to such records is reflected in s. 119.01(1), and includes the need for citizens to know of and adequately evaluate the actions of the Department of Health and Rehabilitative Services and the court system in providing aged persons, disabled adults, and children of this state with the protections enumerated in ss. 415.101 and 415.502. However, nothing in this subsection shall contravene the provisions of s. 415.51(7), which protect the name of any person reporting adult or child abuse, neglect, or exploitation.

(b)1. In cases involving the death of an aged person or disabled adult as the result of abuse, neglect, or exploitation, there shall be a presumption that the best interest of the aged person or disabled adult and the public interest will be served by full public disclosure of the circumstances of the investigation of the death and any other investigation concerning the aged person or disabled adult.

2. In cases involving the death of a child as the result of abuse, neglect, or abandonment, there shall be a presumption that the best interest of the child and the child's siblings and the public interest will be served by full public disclosure of the circumstances of the investigation of the death of the child and any other investigation concerning the child and the child's siblings.

(c) When the court determines that good cause for public access exists, the court shall direct that the department redact the name of and other identifying information with respect to any person identified in any unfounded report, indicated-perpetrator undetermined report, or proposed confirmed report, or in any report which has not yet been classified pursuant to s. 415.504(4) until such time as the court finds that there is probable cause to believe that the person identified committed an act of aged abuse, neglect, or abandonment.

(8) The provisions of this section are not intended to expand or limit the provisions of Rule 3.220, Florida Rules of Criminal Procedure, regarding the right and extent of discovery by the state or by a defendant in a criminal prosecution.

119.072 Criminal intelligence or investigative information obtained from out-of-state agencies

(2) Such work shall be done under the supervision of the lawful custodian of the said records, who shall have the right to adopt and enforce reasonable rules governing the said work. Said work shall, where possible, be done in the room where the said records, documents or instruments are by law kept, but if the same in the judgment of the lawful custodian of the said records, documents or instruments be impossible or impracticable, then the said work shall be done in such other room or place as nearly adjacent to the room where the said records, documents and instruments are kept as determined by the lawful custodian thereof.

While the said work hereinbefore mentioned is in progress, the lawful custodian of said records may charge the person desiring to make the said photographs for the services of a deputy of the lawful custodian of said records, documents or instruments to supervise the same, or for the services of the said lawful custodian of the same in so doing at a rate of compensation to be agreed upon by the person desiring to make the said photographs and the custodian of the said records, documents or instruments, or in case the same fail to agree as to the said charge, then by the lawful custodian thereof.

the office of such custodian. Op. Atty.Gen., 057-280, Sept. 17, 1957.

Though former § 119.03 (see, now, this section) seemed to authorize custodian of public records to agree with persons procuring microfilm negatives of public records as to compensation to be paid therefor, compensation to be charged should be approved by board of county commissioners, and compensation should be such as would fully compensate custodian for his time, for use of county facilities and equipment, and electricity and other things necessary. Id.

Where abstract companies or title companies use electricity of county for operation of electrical equipment to photograph public records in office of clerk of circuit court, a reasonable fee may be collected from such companies for the electricity used. Op. Atty.Gen., 057-240, Aug. 12, 1957.

3. Court records and files—In general

A Florida citizen or a Florida corporation, acting through its representatives, if also Florida citizens, may, pursuant to this section, photograph worthless check affidavits or warrants on file in the office of a justice of the peace, under such rules and upon payment of such compensation as may be prescribed by the custodian thereof. Op.Atty.Gen., 072-413, Nov. 29, 1972.

4. —— Juvenile court records

Subject to the approval of the records screening board, which board was empowered by former § 119.04 (now, this section) to specify which records shall be photographed prior to their destruction, the juvenile courts had authority to destroy all records pertaining to a child, except the records which permanently sever the custody of a child from its parents, which records must be preserved permanently as required by subsection 2 of § 39.12. Op.Atty.Gen., 062-56, April 20, 1962.

5. Insurance rate information

Under former § 119.03, (see, now, this section) the representatives of one insurance company could be allowed to make photographs of the rate information filed with the commissioner by another company in compliance with former § 630.03 (see, now, chapter 627, part I). Op.Atty. Gen., 1952, p. 658.

6. Maps and plats

Maps and plats purchased and used by the tax assessing offices do not become public property for general reproduction, sale and use so long as the copyright or common law rights remain. Op.Atty.Gen., 060-112, June 30, 1960.

119.09 Assistance of the Division of Archives, History and Records Management of the Department of State

The Division of Archives, History and Records Management of the Department of State shall have the right to examine into the condition of public records and shall give advice and assistance to public officials in the solution of their problems of preserving, creating, filing and making available the public records in their custody. When requested by the division, public officials shall assist the division in the preparation of an inclusive inventory of public records in their custody to which shall be attached a schedule, approved by the head of the governmental unit or agency having custody of the records and the division, establishing a time period for the retention or disposal of each

series of records. Upon the completion of the inventory and schedule, the division shall (subject to the availability of necessary space, staff and other facilities for such purposes) make available space in its records center for the filing of semicurrent records so scheduled and in its archives for noncurrent records of permanent value and shall render such other assistance as needed, including the microfilming of records so scheduled.

119.092 Registration by federal employer's registration number

Each state agency which registers or licenses corporations, partnerships, or other business entities shall include, by July 1, 1978, within its numbering system, the federal employer's identification number of each corporation, partnership, or other business entity registered or licensed by it. Any state agency may maintain a dual numbering system in which the federal employer's identification number or the state agency's own number is the primary identification number; however, the records of such state agency shall be designed in such a way that the record of any business entity is subject to direct location by the federal employer's identification number. The Department of State shall keep a registry of federal employer's identification numbers of all business entities, registered with the Division of Corporations, which registry of numbers may be used by all state agencies.

119.10 Violation of chapter a misdemeanor

Any person willfully and knowingly violating any of the provisions of this chapter shall be guilty of a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.

119.11 Accelerated hearing; immediate compliance

(1) Whenever an action is filed to enforce the provisions of this chapter, the court shall set an immediate hearing, giving the case priority over other pending cases.

(2) Whenever a court orders an agency to open its records for inspection in accordance with this chapter, the agency shall comply with such order within 48 hours, unless otherwise provided by the court issuing such order, or unless the appellate court issues a stay order within such 48-hour period. The filing of a notice of appeal shall not operate as an automatic stay.

(3) A stay order shall not be issued unless the court determines that there is substantial probability that opening the records for inspection will result in significant damage.

119.12 Attorney's fees

(1) Whenever an action has been filed against an agency to enforce the provisions of this chapter and the court determines that such agency unreasonably refused to permit public records to be inspected, the court shall assess a reasonable attorney's fee against such agency.

(2) Whenever an agency appeals a court order requiring it to permit inspection of records pursuant to this chapter and such order is affirmed, the court shall assess a reasonable attorney's fee for the appeal against such agency.

If no clarification is forthcoming within a reasonable time, action shall be taken in accordance with the original order.

11C-6.02	Present Policy.
11C-6.03	System Security and Public Access.
11C-6.04	Procedures for Requesting Criminal History Records.

11C-6.01 Posture of Department and Other Agencies.

(1) The Department receives funding from the Law Enforcement Assistance Administration of the U. S. Department of Justice and is therefore subject to federal regulations contained in Ch. 1, Title 28, Subpart 20B, C. F. R.

(2) The Department utilizes the services of U. S. Department of Justice criminal history record information systems and therefore must abide by and demand adherence to federal dissemination policy when using such services. The federal policy is contained in Ch. 1, Title 28, Subpart 20C, C. F. R.

(3) Most criminal justice agencies and some non-criminal justice agencies in Florida are themselves similarly situated. Moreover, any person or agency receiving criminal justice information directly from this Department or indirectly through any of these other agencies is subject to Ch. 1, Title 28, Subpart 20B, C. F. R., and will additionally be subject to Ch. 1, Title 28, Subpart 20C, if such information was derived from the criminal justice information systems of the United States Department of Justice.

Specific Authority 120.53, 943.03 FS. Ch. 1, Title 28, Part 20, C. F. R. Law Implemented 120.53, 943.05 FS. Ch. 1, Title 28, Part 20, C. F. R. History—New 6-24-76.

11C-6.02 Present Policy.

(1) Pending legislative or judicial direction to the contrary and to the maximum extent that it may act consistent with Chapter 119, Florida Statutes, the Department adopts by reference the definitions contained in Ch. 1, Title 28, Subpart 20A, C. F. R., and will make and hereby authorized dissemination to the fullest extent authorized under Ch. 1, Title 28, Subpart 20B and Ch. 1, Title 28, Subpart 20C, C. F. R., also incorporated herein by reference.

(2) Ch. 1, Title 28, Part 20, C. F. R., was published in the Federal Register, Vol. 40, No. 98, dated Tuesday, May 20, 1975. Significant amendments thereto were published in the Federal Register, Vol. 41, No. 55, dated Friday, March 19, 1976. These regulations have been filed with The Florida Department of State.

(3) In order for the Department to respond to requests for Florida criminal history information, the person or entity who wishes to review or secure such information shall provide to the Department the subject's full name and approximate age or date of birth. If available, the social security number, completed fingerprint card, and any other identifiers shall be provided.

Specific Authority 943.03, 943.05 FS. Law Implemented 943.05, 943.08 FS. Ch. 1, Title 28, Part 20, Sections 20.20, 20.21 and 20.33, C. F. R. History—New 6-24-76.

11C-6.03 System Security and Public Access.

(1) Not all criminal history records contained in or available through the record systems of the Florida Department of Law Enforcement are available to the public under the Florida Public Records Law. (e.g., records sealed under Section 893.14, F. S., or derived from the Federal Bureau of Investigation criminal history record systems). And because federal and state privacy and security laws, rules and regulations preclude members of the public from personally making searches of the criminal history systems and records of the department, searches for criminal history records shall be conducted only by personnel of the department and those criminal justice agencies having access thereto through secure remote terminals.

(2) Personnel conducting such searches shall insure that copies of records made available to the public contain no information deemed confidential by law.

(3) Depending upon whether the request for a record check is in writing or accompanied by a properly executed fingerprint card and upon the results of the record check, the letter of request, fingerprint card, and/or record will be returned bearing one of the following notations:

(a) "Subject identical with subject of attached Florida Department of Law Enforcement record number ———— ."

(b) "Based on the information provided,

subject of attached Florida Department of Law Enforcement record number(s) ————, may be the same as your subject."

(d) "Based upon the information provided, you are advised that the subject has no criminal history records in the systems of the Florida Department of Law Enforcement."

(4) Copies of records made available to the public pursuant to the Florida Public Records Law shall be prominently annotated to indicate whether the record is based upon positive identification using fingerprints and shall be signed and dated by the processing technician.

(5) The public is advised that criminal history record checks conducted without the use of fingerprint identification procedures are unreliable. 11C-6.07 Record Validation. In order for the Department of Law Enforcement to carry out its duties as designated state control agency and to comply with pertinent requirements of the United States Department of Justice, the Department of Law Enforcement carries out a program for the validation of information and records entered into the Florida Crime Information Center/National Crime Information Center systems. The records subject to periodic validation include records relating to stolen vehicles and other goods, wanted persons and missing persons. The specific procedures for validation are as follows:

(1) Three (3) times each year, validation reports will be produced by the Florida Crime Information Center and supplied to each agency participating in the Florida Crime Information Center and, through it, with the National Crime Information Center.

(2) Upon receipt of the validation report, each agency will review its records to insure that:

(a) All records which are no longer current have been removed from FCIC and all records remaining in the system are valid and active;

(b) All records contain all available information;

(c) The information contained in each of the records is accurate.

(3) The letter of certification, signed by the head of the agency, attesting to the completion of the validation process must be returned to the Department within 31 days after receipt of the validation report.

(4) In the event that an agency fails to comply with the requirements of this rule, federal regulations provide that the FCIC and NCIC may proceed to remove any or all of the noncomplying agency's records from the state and national information system files.

11C-7.01 Policy Governing Court-Ordered Expunction and Sealing.

(1) Except when it appears to the Department that the court ordering an expunction and/or sealing has not been fully informed as to the existence of statutorily enumerated factors which may affect the eligibility of an individual for relief under Section 943.058(2) and (3), Florida Statutes, the Department shall comply with any such order entered by a court of competent jurisdiction. When it appears that the court ordering a statutory expunction and/or sealing has not been fully informed as to the prior criminal record of an individual, the Department shall so inform the court or prosecuting authority and request modification or clarification of such order.

(2) When an order to expunge gives no clear indication as to the intention of the circuit court to have the record expunged pursuant to its equitable powers, it will be presumed that it is the intent of the court that the Department will seal the record in accordance with Section 943.058(2), Florida Statutes.

Specific Authority 943.03, 943.05(2)(e) FS (1980 Supp.). Law Implemented 943.058 FS (1980 Supp.). History—New 6-24-76, Amended 11-12-81.

11C-7.02 Procedure on Court-Ordered Expunctions.

(1) The order of the court as to an expunction of arrest records should specify the agencies to which it applies, including this Department, and should be directed to the law enforcement agency which made the arrest and forwarded the arrest information to the Department.

(2) Upon receipt of any order to expunge a criminal history record the arresting authority shall:

(a) Make a positive association between the individual and arrest covered by the order and the arrest record generated by it;

(b) Forward a certified copy of the order along with a letter of transmittal to the Department.

(3) The letter of transmittal shall make specific reference to identifying information, including:

(a) Date of arrest;

(b) Arrest number and original charges.

(4) The letter of transmittal shall be signed by the chief law enforcement officer of the agency or a person designated by him in accordance with Rule 11C-7.035(4), F. A. C.

(5) Orders of courts of non-Florida jurisdictions, when certified by the counterpart of the Department in such other jurisdiction, shall be processed as requests for administrative expunction.

11C-7.035 Administrative Expunction.

(1) Non-judicial records of arrest which are entered by mistake, made contrary to law, or which no longer serve a useful purpose will be administratively expunged by the Department.

(2) If such records reflect an arrest which was made in Florida solely on the basis of an alleged offense against the laws of a non-Florida jurisdiction and if under the laws of such other jurisdiction the person arrested is entitled to and has taken such steps as are necessary to accomplish expunction of criminal records in such other jurisdiction, the Department shall honor any request for expunction of that part of the Florida record which is properly brought to its attention.

(3) If the chief law enforcement officer of an arresting agency in Florida requests an administrative expunction as to a particular record of an arrest made by the agency, the Department shall comply provided that:

(a) The request is in writing and signed by the chief law enforcement officer in charge;

(b) The prosecuting authority has also certified in writing that there has been no prosecution of the charges in the trial courts and that there is no present intent to pursue a course of action.

(4) If the chief law enforcement officer of an agency wishes to delegate the authority to request administrative expunctions under this rule or other expunctions under Rule 11C-7.02(4), F. A. C., he shall submit a letter to the Department stating this delegation and include therein specimen signatures of the law enforcement personnel who will perform this function.

(5) The procedures by which an individual may secure an administrative correction or expunction of the criminal history record pertaining to himself are set out in Chapter 11C-8.

CHAPTER 11C-8 CRIMINAL HISTORY RECORD; REVIEW AND CORRECTION

11C-8.01 Review Procedures.

11C-8.01 Review Procedures.

(1) Any individual wishing to review his criminal history record must submit a request in writing to a local law enforcement agency and should specifically indicate whether a multistate (FBI/NCIC) check is desired.

(2) The individual must then be fingerprinted by a local law enforcement agency for identification purposes. The fingerprint card will contain all required identifying data and a conspicuous notation that the card is submitted in order to provide positive identification for a personal record review.

(3) Requests and completed fingerprint cards received by local law enforcement agencies will then be mailed by the local law enforcement agency to the Department.

(4) The fingerprint card will be processed by the Department and if a positive fingerprint identification is established against an existing criminal history record, a single copy of the record, the submitted fingerprint card, and the original letter of request will be returned to the local law enforcement agency. If no arrest record is found in the Florida Crime Information Center/Computerized Criminal History System, the fingerprint card and the letter of request will be so stamped on the reverse side and will be returned to the local law enforcement agency forwarding same.

(5) The Department will mail a letter to the requesting individual advising him that a copy of his criminal history record, if any, has been mailed to the local law enforcement agency.

(6) It will then be the responsibility of the individual requesting said record to personally call for such record at that local law enforcement agency. It will be the responsibility of the local law enforcement agency to determine that the person reviewing the criminal history record is the same person that was fingerprinted by that agency. A statement will be placed on each criminal history record or fingerprint card returned by the Department which states, "Released to (subject's name) Date (date released) by (releasing agency)". This statement must be completed by the local law enforcement agency that delivers the record to the individual.

(7) If after reviewing his record, the individual feels that the record is incorrect or incomplete, it is his responsibility to contact the agency submitting that part of the record in question. It then will be the responsibility of that agency to determine the merit of the assertion, to make any and all corrections or deletions that may be required, and to notify the Department of any corrections or deletions.

CRIMINAL HISTORY RECORD;
REVIEW AND CORRECTION

(8) If, after an individual reviews his own criminal history record as authorized in Rule 11C-8.01, F. A. C., the agency and the individual are unable to resolve their differences as to what that portion of the person's record ought to contain and if, more particularly, the agency responsible for the portion of the record in issue refuses to correct its own records or to advise the Florida Department of Law Enforcement to correct or supplement the state records in accordance with the individual's wishes, then the administrative review procedures set out in 11C-8.01(9) or 11C-8.01(10), as appropriate, shall be followed.

(9) If the agency responsible for the portion of the record in issue is subject to the Florida Administrative Procedures Act Chapter 120, Florida Statutes, the individual may initiate and the agency shall submit itself to administrative adjudication and judicial review of the issue in accordance with the act, and Section 943.056(2), F. S.

(10) If the agency responsible for the portion of the record in issue is not subject to the Florida Administrative Procedures Act, the individual shall petition the agency in writing to convene a special hearing panel for the purpose of conducting an informal hearing. Such panel shall consist of one panelist nominated by the individual, one panelist nominated by the agency and a presiding panelist mutually agreeable to the other two panelists. If within ten days after the petition is filed no third panelist has been agreed upon or has agreed to serve, a third member of the panel will be appointed by the Executive Director, Florida Department of Law Enforcement. Thereafter:

(a) Within twenty days after the petition is filed, the agency shall make written answer to the allegations in the petition, attaching thereto copies of such official records as it deems necessary to support its refusal or to controvert the petitioner's allegations.

(b) Within thirty days after the petition is filed, the special hearing panel shall convene at a place provided by the agency and at such time as is not inconvenient to the members of the panel, the agency and the individual.

(c) The special hearing panel shall consider the petition, answer, other written documents, official records, oral arguments, and such other information or testimony as either the agency or the individual deems pertinent, material or relevant. The special hearing panel may request and the agency and individual shall provide such additional non-privileged affidavits, statements, answers to interrogatories and copies of documents and records as are necessary to the resolution of the issues.

(d) The individual shall have the burden of proving by substantial competent evidence that the criminal history record information contained in the agency's records or submitted by the agency to the Florida Department of Law Enforcement is incorrect or incomplete. However, upon failure of the agency to answer the petition, to answer the individual's interrogatives or reasonable requests for other non-privileged written materials or copies of records, or to otherwise proceed in good faith hereunder, the burden shall shift to the agency.

(e) The special hearing panel, after consideration of all evidence and materials submitted to it and upon the agreement of at least two panelists, shall make tentative written findings of fact and law and make a tentative but specific finding as to how the individual's record ought to be corrected or supplemented, if at all, and shall certify its findings to the individual and the agency. Default and summary findings are authorized in the event either party unreasonably refuses to proceed in good faith hereunder.

(f) Within ten days of receipt of the tentative findings, the individual or agency shall serve their written exceptions upon the other party and each member of the panel. Thereafter, the panel shall reconvene for the purpose of considering only the prior record, the written exceptions, timely written responses thereto, and such additional evidence as any member of the panel may demand of either the agency or the individual. The tentative findings described in 11C-8.02(10)(e) may be modified as a majority of the members of the panel may deem appropriate, and shall become the final administrative findings of fact and law. If no written exceptions are filed within ten days of

the party's receipt of the tentative findings, the tentative findings shall become the final administrative findings of fact and law. The special panel shall be deemed to have concluded its business when its final findings are certified to the agency, the individual, and the Florida Department of Law Enforcement. The record of proceedings hereunder shall be retained by the presiding panelist but may be copied by either party as necessary for appropriate review.

(g) A party who has been adversely affected by the findings of the special hearing panel may, within ten days of receipt of the final administrative findings of fact and law, petition the Executive Director of the Department of Law Enforcement for review of such findings. Review by the Executive Director shall be confined to the record transmitted. In the event no such petition is filed by either party, the agency and the Department of Law Enforcement shall conform their respective criminal history records in accordance with the final findings of the panel.

(h) The Executive Director, upon review of the record shall make known his findings to the individual, the agency, and the presiding panelist in writing within thirty days after the filing of the petition for review. In the event the Executive Director is in agreement with the final findings of the special hearing panel, he shall so state and may adopt said findings; however, should the Executive Director reach a contrary result, he shall state with specificity the reason therefor.

(i) If fifteen days after rendition of the Executive Director's final findings, neither the agency nor the individual have notified the Florida Department of Law Enforcement of its filing of suit to seek judicial review, the agency and the Department shall forthwith conform their respective criminal history records in accordance with the Executive Director's findings. In the event timely notice is received that judicial review has been initiated, the records in issue shall remain unchanged pending the outcome of the judicial review.

(11) Proceedings under subpart 11C-8.02(10) shall be as informal as fairness and principles of due process will allow. No evidence shall be rejected or deemed inadmissible merely because it is not best evidence, is hearsay, is not in proper form, or is not predicated or formally introduced as the rules of evidence would dictate in judicial proceedings. However, the special hearing panel may disregard or discount evidence which is without credibility, materiality, pertinency, or relevancy. As the interests of justice and fairness may require, it may counsel and assist in the presentation of a more effective case by either party. The panel shall synopsize its own rulings and oral testimony before it and reduce it to writing.

Opinion of Attorney General

PUBLIC RECORDS

AVAILABILITY OF ARREST RECORDS

To: William A. Troelstrup, Commissioner, Department of Criminal Law Enforcement, Tallahassee

Prepared by: Sharyn L. Smith, Assistant Attorney General

QUESTIONS:

1. Is Ch. 119, F. S., the Public Records Law, applicable to the criminal history records (rap sheets) compiled and maintained in the computers of FDCLE?

2. Assuming an affirmative response to question 1, does Ch. 119 qualify as the type of Public Records Law described in Ch. 1, 28 C.F.R., 20b and commentary thereto so as to authorize dissemination of "nonconviction data"?

3. Should Ch. 119 be read *in pari materia* with Ch. 1, 28 C.F.R., 20b, *supra*, so that, for example, the requesting party might be required to execute an agreement wherein the purpose of the request and identity of the requester is stated and it is agreed that the information derived shall only be used for the purpose for which requested, etc., consistent with such regulations?

4. Having in mind that the practice of searching for criminal histories without use of fingerprint identification procedures is fraught with dangers and that the subjects of these records may have a privacy interest or are owed some duty of care, could Ch. 119 be offended if the information was withheld until the requesting party complied with the above conditions, and, additionally, provided enough identifying information on the subject so as to eliminate all but one possible record?

SUMMARY:

Chapter 119, F. S., Florida's Public Records Law, is applicable to criminal history information compiled and maintained by the Florida Department of Criminal Law Enforcement.

Chapter 119, F. S., qualifies as the type of public records law described in 28 C.F.R. s. 20 and commentary thereto so as to authorize dissemination of nonconviction as well as conviction data.

Chapter 119, F. S., should not be read *in pari materia* with 28 C.F.R. s. 20b, since the state public records law does not permit a custodian of public documents to require a person to execute an agreement for purposes of ascertaining the identity of the requester and the purpose for such request in the absence of a state statute authorizing the same.

The United States Supreme Court decision in Paul v. Davis, 424 U.S. 693 (1976), has apparently foreclosed the possibility that a federal constitutional privacy interest exists in relation to state dissemination of nonconviction arrest data.

Your questions are apparently prompted, in part, by recent activity at both the state and federal levels concerning the question of access to criminal history information. On May 20, 1975, regulations were published in the Federal Register, 40 Fed. Reg. 11714, which related to the collection, storage, and dissemination of criminal history record information. Hearings were held during December 1975 to consider comments from interested parties on the limitations placed on dissemination of criminal history information to noncriminal justice agencies. The purpose of these hearings was to determine whether the regulations, as they were drafted, appropriately balanced the public's right to know with the individual's right to privacy.

Upon examining the regulations proposed by the Department of Justice, Law Enforcement Assistance Administration, a number of states, including Florida, objected to the restrictions placed on dissemination of criminal history information insofar as the same conflicted with state law governing access to state records. On January 6, 1976, the Governor and Cabinet, as head of the Florida Department of Criminal Law Enforcement, adopted a resolution urging the Department of Justice, Law Enforcement Assistance Administration, to adopt rules recognizing the State of Florida's right to make criminal history information a matter of state public record pursuant to Ch. 119, F. S., the Public Records Law, without running the risk of incurring a fine of up to $10,000 or the loss of Law Enforcement Assistance Administration funds.

As a result of the objections raised by Florida and other states, the federal regulations were modified to recognize that access to state and local public records is an area that should appropriately be left to regulation by the states.

The regulations were drawn in order to implement s. 524(b) of the Crime Control Act of 1973 which provides in pertinent part:

> All criminal history information collected, stored and disseminated through support under this title shall contain, to the maximum extent feasible, disposition as well as arrest data where arrest data is included therein. The collection, storage and dissemination of such information shall take place under procedures reasonably designed to insure that all such information is kept current therein: The Administration shall assure that the security and privacy of all information is adequately provided for and that information shall only be used for law enforcement and criminal justice and other lawful purposes. In addition, an individual who believes that criminal history information concerning him contained in an automated system is inaccurate, incomplete, and maintained in violation of this title, shall, upon satisfactory verification of his identity, be entitled to review such information to obtain a copy of it for the purpose of challenge or correction.

The dispute between the states and the federal government centered on whether access mandated pursuant to state or local public records laws was a "lawful purpose" as contemplated by the federal act set forth above. The amended regulations, 41 Fed. Reg. 11714, proposed March 19, 1976, 28 C.F.R. s. 20.1-20.28, now provide that conviction data may be disseminated without limitation and that criminal history record information relating to the offense for which an individual is currently within the criminal justice system may be disseminated without limitations. Insofar as nonconviction record information is concerned, the regulations now provide that after December 31, 1977, most noncriminal justice access would require authorization pursuant to a statute, ordinance, executive order, court rule, decision, or order. The regulations no longer require express authority authorizing access to such information. Such a requirement can now be construed from a general requirement in a statute or order. A state public records law which has been interpreted by a state to require that criminal history information, including nonconviction data, be made available to the public is an example of such a general requirement. Determinations as to the purposes for which dissemination of criminal history record information is authorized by state law, executive order, local ordinance, court rule, decision, or order are left to the appropriate state or local officials.

It should also be noted that, prior to the amendments, the regulations contained a requirement that criminal history record information in court records of public judicial proceedings be accessed on a chronological basis. As amended, the regulations are inapplicable to records of public judicial proceedings whether accessed on a chronological or alphabetical basis.

On the basis of this background information, your questions will now be addressed.

AS TO QUESTION 1:

Pursuant to Ch. 119, F. S., records of arrest have been considered matters of public record which are subject to public inspection and examination. *See, e.g.*, Grays v. State, 217 So.2d 133 (3 D.C.A. Fla., 1969); Malone v. State, 222 So.2d 769 (3 D.C.A. Fla., 1969); Williams v. State, 285 So.2d 13 (Fla. 1973); AGO's 057-157, 072-168, 073-166, 075-9, and 076-156. The "police secrets" rule recognized in the cases and opinions previously cited does not make records of arrest confidential. Similarly, I am unaware of any general or special law which prohibits or limits access to such information. There are, however, statutes which do serve to make certain arrest information confidential. *See, e.g.*, ss. 39.03(6)(a) and 39.12(3)-(4) and AGO's 070-113 and 070-75 relating to records of juvenile offenses; s. 905.26, concerning disclosure of the finding of an indictment against a person not in custody until the person has been arrested. In the absence of such a statutory provision, arrest information compiled by FDCLE is subject to s. 119.07(1).

AS TO QUESTION 2:

As contemplated by the federal regulations, Ch. 119, F. S., constitutes a state public records law which has been construed to authorize dissemination of arrest information. Pursuant to 28 C.F.R. s. 20.21(b)(2), after December 31, 1977, dissemination of *nonconviction data* is limited to, *inter alia*, individuals and agencies authorized to receive such information by *statutes*, ordinance, executive order, or court rule, decision, or orders as construed by appropriate state or local officials of agencies. Accordingly, your question is answered in the affirmative.

AS TO QUESTION 3:

It has been consistently held that Ch. 119, F. S., does not require a citizen to demonstrate a particular or special interest in a record as a condition to obtaining access to public documents. Thus, mere curiosity or commercial purposes do not vest in either the courts or the custodian discretion to deny inspection. *See* State *ex rel.* Davis v. McMillan, 38 So. 666 (Fla. 1905), holding that abstract companies may copy public documents from the clerk's office for their own use and sell such copies to the public for a profit. Chapter 119 concerns itself solely with what may be disclosed and not to whom, in the absence of a particular statute setting forth such a special requirement for inspection. *Accord:* State *ex rel.* Davidson v. Couch, 156 So. 297 (Fla. 1934), in which the court noted that one does not have to be a taxpayer or have a "special interest" in public documents to inspect them, and Warden v. Bennett, 340 So.2d 977, 978 (2 D.C.A. Fla., 1977), holding that a person need not show a special interest or proper motive or purpose in order to inspect public records. *Also see* AGO's 074-113, in which it was stated that a private person may inspect, copy, and/or photograph worthless check affidavits without demonstrating a personal interest therein, and AGO 073-167, which held that a person may inspect records maintained by the abandoned property section of the Department of Banking and Finance without being required to show a special interest in such inspection.

Accordingly, a person who demands access to arrest records which are public records under Ch. 119, F. S., cannot be required as a condition of inspection to execute an agreement such as that contemplated by your third question.

AS TO QUESTION 4:

Since the answer to your third question is in the negative, it would appear that your fourth question is now moot. I would note, however, that in Paul v. Davis, 424 U. S. 693 (1976), the United States Supreme Court refused to recognize that the dissemination by the police of defamatory nonconviction arrest information violated an individual's right to privacy. As one federal court has recognized, the court's decision in *Paul* appears to have cut short the full development of nascent doctrines which sought some accommodation between values of individual privacy and the recordkeeping responsibilities of the executive branch. Hammons v. Scott, 423 F.Supp. 618 (N.D. Calif. 1976); Hammons v. Scott, 423 F.Supp. 625 (N.D. Calif. 1976). The issue of what, if any, restraints should be imposed upon the practices of public agencies regarding the maintenance and dissemination of arrest records of persons who were never convicted of the crime for which they were arrested has concerned numerous courts. *See, e.g.*, Utz v. Crellinane, 520 F.2d 467 (D.C. Cir. 1975); Tarlton v. Saxbe, 507 F.2d 1116 (D.C. Cir. 1974); Menard v. Saxbe, 498 F.2d 1017 (D.C. Cir. 1974); Menard v. Mitchell, 430 F.2d 486 (D.C. Cir. 1970); United States v. Dooley, 364 F.Supp. 74 (E.D. Pa. 1973); United States v. Kalish, 271 F.Supp. 968 (D.P.R. 1967); *see also*, Davidson v. Dill, 503 P.2d 157 (Colo. 1972); Eddy v. Moore, 487 P.2d 211 (Wash. 1971). The decision in *Paul* suggests that the constitutional right to privacy claim underlying the above decisions would not be adopted by the United States Supreme Court.

Accordingly, the question of access to arrest records is a matter not of federal constitutional law but rather state statutory law, and the conditions which may be imposed as a precondition inspection must either be found in Ch. 119, F. S., or in other applicable state statutes.

STATE OF FLORIDA

OFFICE OF ATTORNEY GENERAL

ROBERT A. BUTTERWORTH

INFORMATION COPY

October 1, 1990

90-80

The Honorable Ronald A. Silver
Chairman, Committee on Criminal Justice
Florida House of Representative
18 House Office Building
Tallahassee, Florida 32399-1300

Dear Representative Silver:

You ask substantially the following question:

> Does s. 119.07(3)(z), F.S. (1990 Supp.), exempt police reports and other records which are generated, as opposed to received by, a public agency?

In sum, I am of the opinion:

> Section 119.07(3)(z), F.S. (1990 Supp.), does not exempt police reports and other records which are generated by a public agency.

Section 4, Ch. 90-211, Laws of Florida, added paragraph (aa) to s. 119.07(3), F.S. Renumbered as s. 119.07(3)(z), it provides:

> Any document which reveals the identity, home or employment telephone number, home or employment address, or personal assets of the victim of a crime and identifies that person as the victim of a crime, <u>which document is received</u> by any agency that regularly receives information from or concerning the victims of crime, is exempt from the provisions of subsection (1). Any state or federal agency which is authorized to have access to such documents by any provision of law shall be granted such access in the furtherance of such agency's statutory duties, notwithstanding the provisions of this section. This exemption is subject to the Open Government Sunset Review Act in accordance with s. 119.14. (e.s.)

Section 119.07(3)(z), F.S. (1990 Supp.), became effective October 1, 1990.[1]

You state that it was the intent of drafters of the amendment to exempt only those documents which are received by an agency that regularly receives information about crime victims, such as the Bureau of Crimes Compensation and Victim Witness Services, and not to exempt those documents generated by law enforcement agencies. However, in light of the apparent uncertainty that exists with respect to the scope of this exemption, you state that it is necessary to determine whether amendatory language may be desirable.

It is a basic principle of statutory construction that a statute should be construed so as to ascertain and give effect to the intent of the Legislature as expressed in the statute.[2] However, the intent of the Legislature is to be determined primarily from the language of the statute.[3] Thus, in determining the legislative intent, a court will look to the plain language of the statute.[4]

Section 119.07(3)(z), F.S. (1990 Supp.), provides that any document revealing certain victim information which is received by an agency that regularly receives information from or concerning crime victims is exempt from s. 119.07(1), F.S.[5] "Agency" is defined for purposes of Ch. 119, F.S.[6] The term "regularly," however, is not defined within the statute or chapter.

Where not defined by statute, words of common usage when used in a statute should be construed in their plain and ordinary sense.[7] The term "regularly" has been defined as suggesting a practice; it implies uniformity, continuity, consistency and method. The term excludes isolated, unusual, occasional or casual transactions or use.[8]

A law enforcement agency, as an agency whose primary responsibility is the prevention and detection of crime and the enforcement of the penal, criminal, traffic or highway laws of this state, routinely receives information concerning victims of crime in carrying out its duties. A law enforcement agency, therefore, would appear to qualify as an "agency that regularly receives information from or concerning the victims of crime." I find nothing in the plain language of s. 119.07(3)(z), F.S. (1990 Supp.), which limits the exemption contained therein to documents received by agencies such as the Bureau of Crimes Compensation and Victim Witness Services.

The exemption contained in s. 119.07(3)(z), F.S. (1990 Supp.), however, only applies to documents received by such agencies, not agency generated documents. The distinction between records received and records made by an agency is recognized elsewhere in Ch. 119, F.S. Section 119.011(1), in defining the term "Public records" for purposes of Ch. 119, F.S., refers to "all documents . . . made or received pursuant to law or ordinance or in connection with the transaction of official business by any agency." (e.s.) Had the term "made" and the term "received" been considered synonymous by the Legislature, there would have been no need to use both terms.[9]

Moreover, s. 119.07(3)(z), F.S. (1990 Supp.), does not refer to information received by the agency but to the document received by the agency which contains certain victim information.[10] It is, therefore, the document which is exempt from the provisions of s. 119.07(1), F.S.

Therefore, I am of the opinion that s. 119.07(3)(z), F.S. (1990 Supp.), exempts documents which reveal the identity, home or employment address or telephone number, or personal assets of a crime victim when such document is received by an agency which regularly receives information from or concerning crime victims. The exemption, however, applies only to the document which the agency receives and does not include agency generated documents, such as police reports.

Such an interpretation would appear to be consistent with the provisions of Ch. 90-280, Laws of Florida, also enacted during the 1990 Legislative Session.[11] Section 1 of Ch. 90-280 creates s. 119.105, F.S., to provide:

> Police reports are public records except as otherwise made exempt or confidential by general or special law. Every person is allowed to examine nonexempt or nonconfidential police reports. No person who inspects or copies police reports for the purpose of obtaining the names and addresses of the victims of crimes or accidents shall use any information contained therein for any commercial solicitation of the victims or relatives of the victims of the reported crimes or accidents. Nothing herein shall prohibit the publication of such information by any news media or the use of such information for any other data collection or analysis purposes.

Section 119.105, F.S. (1990 Supp.), thus recognizes that police reports are public records and prohibits the use of information relating to a crime victim's name and address obtained in such records for commercial solicitation of the crime victims or their relatives.

Sincerely,

Robert A. Butterworth
Attorney General

OPINIONS OF THE ATTORNEY GENERAL

Functions of the council include functions which are clearly executive functions within the meaning of the Constitution. 1975 Op. Att'y Gen. No. 75-142.

And former provision including judges as council members void. — The former statutory mandate that the council include a member of the Georgia Council of Superior Court Judges and a member of the Georgia Association of Municipal Judges is in conflict with the Constitution and is therefore void. 1975 Op. (9) Periodically publish statistics, no less frequently than annually, that do not identify persons, agencies, corporations, or other legal entities and report such information to the Governor, the General Assembly, the State Crime Commission, state and local criminal justice agencies, and the general public. (10) Make available, upon request, to all local and state criminal justice agencies, all federal criminal justice agencies, and criminal justice agencies in other states any information in the files of the center

which will aid these agencies in the performance of their official duties. For this purpose the center shall operate on a 24 hour basis, seven days a week. Such information when authorized by the council may also be made available to any other agency of the state or political subdivision of the state and to any other federal agency upon assurance by the agency concerned that the information is to be used for official purposes only in the prevention or detection of crime or the apprehension of criminal offenders;

(11) Cooperate with other agencies of the state, the crime information agencies of other states, and the Uniform Crime Reports and National Crime Information Center systems of the Federal Bureau of Investigation in developing and conducting an interstate, national, and international system of criminal identification, records, and statistics;

This will include establishing complete control over use and access of the system and restricting its integral resources and facilities to those either possessed or procured and controlled by criminal justice agencies as defined in this article. Such security measures must meet standards to be set by the council as well as those set by the nationally operated systems for interstate sharing of information; and

(14) Provide availability, by means of data processing, to files listing motor vehicle drivers' license numbers, motor vehicle registration numbers, wanted and stolen motor vehicles, outstanding warrants, identifiable stolen property, and such other files as may be of general assistance to law enforcement agencies. (Ga. L. 1973, p. 1301, § 3; Ga. L. 1976, p. 617, § 5; Ga. L. 1980, p. 394, § 1; Ga. L. 1982, p. 3, § 35.)

Such request shall contain the style of the action, the name of the person whose records are requested, and a statement that such person is a party or a prospective witness in said case; and

(3) Charge fees for disseminating records pursuant to this Code section which will raise an amount of revenue which approximates, as nearly as practicable, the direct and indirect costs to the state for providing such disseminations.

(b) In the event that an employment decision is made adverse to a person whose record was obtained pursuant to this Code section, the person will be informed by the business or person making the adverse employment decision of all information pertinent to that decision. This disclosure shall include information that a record was obtained from the center, the specific contents of the record, and the effect the record had upon the decision. Failure to provide all such information to the person subject to the adverse decision shall be a misdemeanor.

This disclosure shall include information that a record was obtained from the center, the specific contents of the record, and the effect the record had upon the decision. Failure to provide all such information to the person subject to the adverse decision shall be a misdemeanor.

(c) Neither the center, its employees, nor any agency or employee of the state shall be responsible for the accuracy of information disseminated nor have any liability for defamation, invasion of privacy, negligence, nor any other claim in connection with any dissemination pursuant to this Code section and shall be immune from suit based upon such claims.

(d) Local criminal justice agencies may disseminate criminal history records to public agencies, political subdivisions, authorities, and instrumentalities, including state or federal licensing and regulatory agencies under the same conditions as set forth in paragraph (1) of subsection (a) of this Code section and may charge fees as necessary to reimburse such agencies for their direct and indirect costs associated with providing such disseminations.

(e) The council is empowered to adopt rules, regulations, and forms necessary to implement this Code section. (Ga. L. 1978, p. 1981, § 1; Ga. L. 1988, p. 203, § 2.)

35-3-36. Duties of state criminal justice agencies as to submission of fingerprints, photographs, etc., to center.

(a) All criminal justice agencies within the state shall submit to the center fingerprints, descriptions, photographs when specifically requested, and other identifying data on persons who have been lawfully arrested or taken into custody in the state for all felonies and for the misdemeanors and violations designated in subparagraph (A) of paragraph (1) of Code Section 35-3-33 and for persons in the categories enumerated in subparagraphs (B), (C), and (D) of paragraph (1) of Code Section 35-3-33.

(b) It shall be the duty of all chiefs of police, sheriffs, prosecuting attorneys, courts, judges, parole and probation officers, wardens, or other persons in charge of penal and correctional institutions in this state to furnish the center with any other data deemed necessary by the center to carry out its responsibilities under this article.

(c) All persons in charge of law enforcement agencies shall obtain or cause to be obtained fingerprints in accordance with the fingerprint system of identification established by the director of the Federal Bureau of

Investigation full face and profile photographs if photo equipment is available, and other available identifying data of each person arrested or taken into custody for an offense of a type designated in paragraph (1) of Code Section 35-3-33, of all persons arrested or taken into custody as fugitives from justice, and of all unidentified human corpses in their jurisdictions; but photographs need not be taken if it is known that photographs of the type listed taken within the previous year are on file. Fingerprints and other identifying data of persons arrested or taken into custody for offenses other than those designated may be taken at the discretion of the law enforcement agency concerned. Any person arrested or taken into custody and subsequently released without charge or cleared of the offense through court proceedings shall have any fingerprint record taken in connection therewith returned if required by statute or upon court order and any such dispositions must also be reported to the center.

(d) Fingerprints and other identifying data required to be taken under subsection (c) of this Code section shall be forwarded within 24 hours after taking for filing and classification, but the period of 24 hours may be extended to cover any intervening holiday or weekend. Photographs taken shall be forwarded at the discretion of the agency concerned, but if not forwarded, the fingerprint record shall be marked "Photo available" and the photographs shall be forwarded subsequently if the center so requests.

(e) All persons in charge of law enforcement agencies shall submit to the center detailed descriptions of arrest warrants and related identifying data immediately upon determination of the fact that the warrant cannot be served for the reasons stated. If the warrant is subsequently served or withdrawn, the law enforcement agency concerned must immediately notify the center of the service or withdrawal. In addition, the agency concerned must annually, no later than January 31 of each year, and at other times if requested by the center confirm to the center all arrest warrants of this type which continue to be outstanding.

(f) All persons in charge of state penal and correctional institutions shall obtain fingerprints in accordance with the fingerprint system of identification established by the director of the Federal Bureau of Investigation or as otherwise directed by the center and full-face and profile photographs of all persons received on commitment to these institutions. The prints and photographs so taken shall be forwarded to the center together with any other identifying data requested within ten days after the arrival at the institution of the person committed. At the time of release of any person committed to a correctional institution, the institution shall again obtain fingerprints as provided for in this subsection and forward them to the center within ten days along with any other related information requested by the center. Immediately upon release, the institution shall notify the center of the release of the person.

(g) All persons in charge of law enforcement agencies, all clerks of court, all municipal judges where they have no clerks, all justices of the peace, and all persons in charge of state and county probation and parole offices shall supply the center with the information described in Code Section 35-3-33 on the basis of the forms and instructions to be supplied by the center.

(h) All persons in charge of law enforcement agencies in this state shall furnish the center with any other identifying data required in accordance with guidelines established by the center. All law enforcement agencies and penal and correctional institutions in this state having criminal identification files shall cooperate in providing to the center copies of identifying data, as required in accordance with center guidelines, in those files as will aid in establishing the nucleus of the state criminal identification file.

(i) All criminal justice agencies within the state shall submit to the center, periodically at a time and in such form as prescribed by the center, information regarding only the cases within its jurisdiction and in which it is or has been actively engaged. Such report shall be known as the "uniform crime report" and shall contain crimes reported and otherwise processed during the period preceding the period of report, including the number and nature of offenses committed, the disposition of such offenses, and such other information as the center shall specify, relating to the method, frequency, cause, and prevention of crime.

(j) Any governmental agency which is not included within the description of those departments and agencies required to submit the uniform crime report provided for in subsection (i) of this Code section but which desires to submit a report shall be furnished with the proper forms by the center. When a report is received by the center from a governmental agency not required to make a report, the information contained therein shall be included within the periodic compilation provided for in paragraph (9) of Code Section 35-3-33.

(k) Upon the request of the center, local law enforcement agencies shall periodically provide for audit samples of incident reports for the preceding reporting period so that the center may help ensure agency compliance with national and state uniform crime reporting requirements.

(l) All law enforcement agencies within the state shall report to the center, in a manner prescribed by the center, all persons wanted by and all vehicles and identifiable property stolen from their jurisdictions. The report shall be made as soon as practicable after the investigating department or agency either ascertains that a vehicle or identifiable property has been stolen or obtains a warrant for an individual's arrest or determines that there are reasonable grounds to believe that the individual has

committed the crime. In no event shall this time exceed 12 hours after the investigating department or agency determines that it has grounds to believe that a vehicle or property was stolen or that the wanted person should be arrested.

(m) If at any time after making a report as required by subsection (l) of this Code section it is determined by the reporting department or agency that a person is no longer wanted due to his apprehension or any other factor or when a vehicle or property stolen is recovered, the law enforcement agency shall immediately notify the center of such status. Furthermore, if the agency making the apprehension or recovery is other than the one which made the original wanted or stolen report, then it shall immediately notify the originating agency of the full particulars relating to the apprehension or recovery. (Ga. L. 1973, p. 1301, § 4; Ga. L. 1976, p. 617, § 6; Ga. L. 1980, p. 396, § 2; Ga. L. 1982, p. 3, § 35.)

35-3-37. Inspection of criminal records; purging, modifying, or supplementing of criminal records.

(a) Nothing in this article shall be construed so as to authorize any person, agency, corporation, or other legal entity to invade the privacy of any citizen as defined by the General Assembly or the courts other than to the extent provided in this article.

(b) The center shall make a person's criminal records available for inspection by him or his attorney upon written application to the center. Should the person or his attorney contest the accuracy of any portion of the records, it shall be mandatory upon the center to make available to the person or his attorney a copy of the contested record upon written

application identifying the portion of the record contested and showing the reason for the contest of accuracy. Forms, procedures, identification, and other related aspects pertinent to access to records may be prescribed by the center.

(c) If an individual believes his criminal records to be inaccurate or incomplete, he may request the original agency having custody or control of the detail records to purge, modify, or supplement them and to notify the center of such changes. Should the agency decline to act or should the individual believe the agency's decision to be unsatisfactory, the individual or his attorney may, within 30 days of such decision, enter an appeal to the superior court of the county of his residence or to the court in the county where the agency exists, with notice to the agency, to acquire an order by the court that the subject information be expunged, modified, or supplemented by the agency of record. The court shall conduct a de novo hearing and may order such relief as it finds to be required by law. Such appeals shall be entered in the same manner as appeals are entered from the probate court, except that the appellant shall not be required to post bond or pay the costs in advance. If the aggrieved person desires, the appeal may be heard by the judge at the first term or in chambers. A notice sent by registered or certified mail shall be sufficient service on the agency having custody or control of disputed record that such appeal has been entered. Should the record in question be found to be inaccurate, incomplete, or misleading, the court shall order it to be appropriately expunged, modified, or supplemented by an explanatory notation. Each agency or individual in the state with custody, possession, or control of any such record shall promptly cause each and every copy thereof in his custody, possession, or control to be altered in accordance with the court's order. Notification of each such deletion, amendment, and supplementary notation shall be promptly disseminated to any individuals or agencies, including the center, to which the records in question have been communicated, as well as to the individual whose records have been ordered so altered.

(d) Agencies, including the center, at which criminal offender records are sought to be inspected may prescribe reasonable hours and places of inspection and may impose such additional procedures, fees not to exceed $3.00, or restrictions including fingerprinting as are reasonably necessary to assure the records' security, to verify the identities of those who seek to inspect them, and to maintain an orderly and efficient mechanism for inspection of records.

(e) The provisions of Chapter 13 of Title 50, the "Georgia Administrative Procedure Act," shall not apply to proceedings under this Code section. (Ga. L. 1973, p. 1301, § 6.)

OPINIONS OF THE ATTORNEY GENERAL

Center may allow private researchers access to information under imposed conditions. — Art. 5, Ch. 18, T. 50, permits the Georgia Crime Information Center to allow private researchers access to criminal history record information and to impose such conditions on that access as the center deems appropriate. 1975 Op. (b) Any person who communicates or attempts to communicate criminal history record information in a negligent manner not in accordance with this article shall for each such offense, upon conviction thereof, be fined not more than $100.00, or imprisoned not more than ten days, or both.

(c) Any person who knowingly discloses or attempts to disclose the techniques or methods employed to ensure the security and privacy of information or data contained in criminal justice information systems except in accordance with this article shall for each such offense, upon conviction thereof, be fined not more than $5,000.00, or imprisoned not more than two years, or both.

(d) Any person who discloses or attempts to disclose the techniques or methods employed to ensure the security and privacy of information or data contained in criminal justice information systems in a manner not permitted by this article shall for each such offense, upon conviction thereof, be fined not more than $100.00, or imprisoned not more than ten days, or both. (Ga. L. 1973, p. 1301, § 7; Ga. L. 1976, p. 617, § 8; Ga. L. 1982, p. 3, § 35.)

35-3-39. Effect of neglect or refusal of officer or official to do act required by article.

Any officer or official mentioned in this article who shall neglect or refuse to make any report or to do any act required by any provision of this article shall be deemed guilty of nonfeasance in office and subject to removal therefrom. (Ga. L. 1973, p. 1301, § 8.)

35-3-40. Construction of article.

(a) In the event of conflict, this article shall to the extent of the conflict supersede all existing statutes which regulate, control, or otherwise relate, directly or by implication, to the collection, storage, and dissemination or usage of fingerprint identification, offender criminal history, uniform crime reporting, and criminal justice activity data records or any existing statutes which relate directly or by implication to any other provisions of this article.

(b) Notwithstanding subsection (a) of this Code section, this article shall not be understood to alter, amend, or supersede the statutes and rules of law governing the collection, storage, dissemination, or usage of records concerning individual juvenile offenders in which they are individually identified by name or by other means. (Ga. L. 1973, p. 1301, § 9.)

It shall be the duty of all sheriffs, chiefs of police, and the heads of any other law enforcement agencies of this state to obtain, or cause to be obtained, the name, address, and age of each person arrested by law enforcement officers under the supervision of such sheriffs, chiefs or police, or heads of any other law enforcement agencies of this state, when any such person is charged with an offense against the laws of this state, any other state, or the United States. The information shall be placed on appropriate records which each law enforcement agency shall maintain. The records shall be open for public inspection unless otherwise provided by law.

(Acts 1967, pp. 839, 840.)

Article 3

*27-2727 [42-8-60] **Probation for first offenders; when applicable; violation of probation***

(a) Upon a verdict or plea of guilty or a plea of nolo contendere, but before an adjudication of guilt, in the case of a defendant who has not been previously convicted of a felony, the court may, without entering a judgment of guilt and with the consent of the defendant:

(1) Defer further proceeding and place the defendant on probation as provided by law; or

(2) Sentence the defendant to a term of confinement as provided by law.

(b) Upon violation by the defendant of the terms of probation or upon a conviction for another crime, the court may enter an adjudication of guilt and proceed as otherwise provided by law. No person may avail himself of this article on more than one occasion.

(Acts 1968, pp. 324, 325; 1982, p. 1807.)

Editorial Note to Code of 1981

Acts 1982, p. 1807, entirely superseded the former section.

27-2728 [42-8-62] ***Same; discharged defendant not to be considered to have criminal conviction; records of probation***

Upon fulfillment of the terms of probation, upon release by the court prior to the termination of the period thereof, or upon release from confinement, the defendant shall be discharged without court adjudication of guilt. The discharge shall completely exonerate the defendant of any criminal purpose and shall not affect any of his civil rights or liberties; and the defendant shall not be considered to have a criminal conviction. Should a person be placed under probation or in confinement under this article, a record of the same shall be forwarded to the Georgia Crime Information Center. Without request of the defendant a record of discharge and exoneration, as provided in this Code section, shall in every case be forwarded to the Georgia Crime Information Center. In every case in which the record of probation or confinement shall have been previously forwarded to the Department of Offender Rehabilitation, to the Georgia Crime Information Center, and to the Identification Division of the Federal Bureau of Investigation and a record of a subsequent discharge and exoneration of the defendant has not been forwarded as provided in this Code section, upon request of the defendant or his attorney or representative the record of the same shall be forwarded by the clerk of court so as to reflect the discharge and exoneration.

(Acts 1968, pp. 324, 325; 1978, p. 1621; 1982, pp. 1807, 1808.)

27-2728.1 [42-8-63] ***Same; discharge not to be used to disqualify person for employment or appointment to office***

Except as otherwise provided in this article, a discharge under this article is not a conviction of a crime under the laws of this state and may not be used to disqualify a person in any application for employment or appointment to office in either the public or private sector.

(Acts 1978, pp. 1621, 1622.)

27-2729 [42-8-61] ***Same; defendant to be informed of terms of law***

The defendant shall be informed of the terms of this article at the time of imposition of sentence.

(Acts 1968, pp. 324, 325; 1982, p. 1807, 1808.)

27-2730 [42-8-65] ***Same; pleading and proof of finding of guilt on subsequent prosecutions; release of record of discharge***

(a) If otherwise allowable by law in any subsequent prosecution of the defendant for any other offense, a prior finding of guilt may be pleaded and proven as if an adjudication of guilt had been entered and relief had not been granted pursuant to this article. Except as provided in subsection (b), the record of discharge shall be released solely to the Attorney General, a district attorney, a solicitor of a state court, the Department of Offender Rehabilitation, the office of a county probation system or of a state or county probation system of another state or of the United States, an office of the State Board of Pardons and Paroles, an office of the pardons and paroles division of another state or of the United States, or a prosecuting attorney of another state or of the United States, upon certification by such probation system or prosecuting attorney that there are pending in a court of competent jurisdiction criminal charges against any person discharged under this article.

(b) Upon certification by the chief executive officer of any law enforcement agency of a pending criminal investigation and the need for the record of discharge of a named person to be released, the record of discharge of such person may be released to such law enforcement agency. For the purposes of this subsection, the term "law enforcement agency" means a

governmental unit of one or more persons employed full time or part time by the state, a state agency or department, or a political subdivision of the state for the purpose of preventing and detecting crime and enforcing state laws or local ordinances, employees of which unit are authorized to make arrests for crimes while acting within the scope of their authority.
(Acts 1968, pp. 324, 325; 1978, pp. 1621, 1623; 1982, pp. 1807, 1809.)

27-2731 [42-8-64] Same; right to appeal
A defendant sentenced pursuant to this article shall have the right to appeal in the same manner and with the same scope and same effect as if a judgment of conviction had been entered and appealed from.
(Acts 1968, pp. 324, 326.)

42-8-65. Use of prior finding of guilt in subsequent prosecutions; release of records of discharge; modification of records to reflect conviction; effect of confinement sentence where guilt not adjudicated.

(a) If otherwise allowable by law in any subsequent prosecution of the defendant for any other offense, a prior finding of guilt may be pleaded and proven as if an adjudication of guilt had been entered and relief had not been granted pursuant to this article. Except as provided in subsection (b) or (c) of this Code section, the record of discharge shall be released solely to the Attorney General, a district attorney, a solicitor of a state court, the Department of Corrections, the office of a county probation system or of a state or county probation system of another state or of the United States, an office of the State Board of Pardons and Paroles, an office of the pardons and paroles division of another state or of the United States, or a prosecuting attorney of another state or of the United States, upon certification by such probation system or prosecuting attorney that there are pending in a court of competent jurisdiction criminal charges against any person discharged under this article. No such agency, law enforcement agency, or court may release any information regarding an adjudication of guilt under this article except to disclose the fact that the defendant has exercised his or her right to first offender treatment under Georgia law and that such person has been discharged.

(b) Upon certification by the chief executive officer of any law enforcement agency of a pending criminal investigation and the need for the record of discharge of a named person to be released, the record of discharge of such person may be released to such law enforcement agency. For the purposes of this subsection, the term "law enforcement agency" means a governmental unit of one or more persons employed full time or part time by the state, a state agency or department, or a political subdivision of the state for the purpose of preventing and detecting crime and enforcing state laws or local ordinances, employees of which unit are authorized to make arrests for crimes while acting within the scope of their authority.

42-8-65

(c) The records of the Georgia Crime Information Center shall be modified, without a court order, to show a conviction in lieu of treatment as a first offender under this article whenever the conviction of a person for another crime during the term of probation is reported to the Georgia Crime Information Center. If a report is made showing that such person has been afforded first offender treatment under this article on more than one occasion, the Georgia Crime Information Center may report information on first offender treatments subsequent to the first such first offender treatment as if they were convictions. Such records may be disseminated by the Georgia Crime Information Center in the same manner and subject to the same restrictions as any other records of convictions.

(d) Notwithstanding any other provision of this article, any person who is sentenced to a term of confinement pursuant to paragraph (2) of subsection (a) of Code Section 42-8-60 shall be deemed to have been convicted of the offense during such term of confinement for all purposes except that records thereof shall be treated as any other records of first offenders under this article and except that such presumption shall not continue after completion of such person's confinement sentence. Upon completion of the confinement sentence such person shall be treated in the same manner and the procedures to be followed by the court shall be the same as in the case of a person placed on probation under this article. (Ga. L. 1968, p. 324, § 4; Ga. L. 1978, p. 1621, § 3; Ga. L. 1982, p. 1807, § 4; Ga. L. 1983, p. 3, § 31; Ga. L. 1985, p. 283, § 1; Ga. L. 1985, p. 380, § 2.)

OPINIONS OF THE ATTORNEY GENERAL

Cases to which section applies. — Provision of this section regarding release of record of discharge applies to records in cases where finding of guilt was made, pursuant to conviction or plea, but where adjudication of guilt was withheld pending successful completion of probation. 1981 Op. Att'y Gen. No. U81-32.

Confidentiality of record upon discharge. — While the 1978 amendment to this section does not specifically say that record becomes confidential once discharge has been granted, that is its only logical construction, as it is presumed that by adding this language the General Assembly intended to effectuate a change in the law. 1981 Op. Att'y Gen. No. U81-32.

It is clear that General Assembly intended that court records of first offenders who have been discharged be confidential and clerks of court should take whatever steps are necessary to restrict access to those records to those officials listed in § 42-8-65. 1981 Op. Att'y Gen. No. U81-32.

Evil to be avoided is stigma of criminal record and employment disqualification due to first offender record, and the 1978 amendment, if construed to restrict access to records in which a discharge has been granted, would effectively remedy both those evils, in that the record could be seen by only those officials in a position to use it "in any subsequent prosecution of the defendant for any other offense." 1981 Op. Att'y Gen. No. U81-32.

Discharge under § 42-8-62 does not prevent use of record in subsequent prosecution for later offense. 1981 Op. Att'y Gen. No. U81-32.

Confidentiality of first offender records. — First offender records are not required to be kept confidential until the first offender has been discharged after fulfilling the requirements of the first offender sentence. 1985 Op. Att'y Gen. No. U85-37.

(b) There is no significant danger that the person or agency will use the information or service in a manner which would violate Georgia law or these Rules.

(2) Notification and resolution of violations. Whenever the Director determines that any law concerning criminal justice information, or any Rule, regulation or policy of the GCIC Council has been violated, is being violated, or is about to be violated, he shall immediately advise the person or head of the responsible agency of the existence and nature of such violation. If possible, the Director and concerned parties shall agree on a mutually satisfactory solution. When any such agreement is reviewed and approved by the GCIC Council, it shall be the final disposition of the matter. If the GCIC Council requires modification of the agreement and the modification is accepted by concerned parties, it shall be the final disposition of the matter. If no agreement can be reached which is satisfactory to the GCIC Council and to the concerned parties, suspension proceedings may be initiated.

(3) Suspension. If an agreement satisfactory to the Director and concerned parties cannot be reached within ten days after the initial notification of violation, the Director may, at his discretion, cause any or

all services rendered by GCIC to be suspended. In such cases, the Director shall notify the Chairman of the GCIC Council.

(4) Reinstatement. Upon petition of concerned parties which have had any service suspended, the Director, at his discretion, may reinstate full or partial service, pending a final decision by the Council, if he finds that reinstatement will not create a significant danger of future violations.

2. The name and post office address of all other interested parties;

A hearing upon a refusal to exchange information or provide services upon a request for reinstatement of suspended services shall be granted as a matter of right at any time while service is partially or wholly suspended. A petition for such a hearing may be denied only when the petition presents no substantial grounds which have not been previously presented. The Council may, at its discretion, allow extensions of time and amendment of requests for good cause.

(c) Reponses to requests for hearing. The GCIC Council will respond to all requests for hearings with scheduling notices or with orders denying requests and reasons for denials.

Any application to the Director or the GCIC Council to enter any order or to take any action, after filing a request for hearing, shall be made by motion which, unless made during the hearing, shall be made in writing, stating the specific grounds therefor, and shall set forth the action or order sought. No motion shall be ruled upon except when the case-in-chief is ruled upon, unless the moving party specifically requests a ruling at some other time and the Council deems such ruling appropriate.

(e) Hearings. Hearings in contested cases shall be conducted by three members of the GCIC Council appointed by the Chairman or by their designees. Following each hearing, Council members shall notify the Director and each interested party of their findings. Each party shall have 20 days following the notification to file written exceptions and briefs. At the next scheduled meeting of the GCIC Council, the Director and all concerned parties shall have an opportunity to present oral arguments. The Council shall then render a final decision.

(6) Notwithstanding anything previously stated, if it appears that O.C.G.A. 35-3-38 has been violated, the Director or the GCIC Council may refer the matter to the appropriate prosecuting authority.

140-2-.04 Criminal Justice Information Exchange and Dissemination. Amended.

(1) Exchange and dissemination of criminal justice information by criminal justice agencies:

(a) Criminal justice agencies shall exchange criminal justice information with other bona-fide criminal justice agencies to facilitate the administration of criminal justice and criminal justice employment. Bona-fide status of Georgia agencies shall be determined by the Director. Disseminations of criminal justice information to such agencies shall be made in accordance with the provisions of user agreements executed between GCIC and all bona-fide agencies. Bona-fide status can be presumed when criminal justice agencies in Georgia and in other states have unrestricted ORIs assigned by the National Crime Information Center (NCIC).

1. Requests for CHRI by defense attorneys for use in pending criminal cases should be referred to GCIC when fingerprints and/or signed notarized consent forms are not furnished.

2. Criminal records containing information on charges disposed of under the provisions of the First Offender Act may be disseminated by state and local criminal justice agencies in the same circumstances and under the same conditions described in Subparagraph (2)(a)2. of this Rule.

(b) Criminal justice agencies may disseminate criminal history records to private persons, businesses, public agencies, political subdivisions, authorities and instrumentalities, including state or federal licensing and regulatory agencies, or to their designated representatives. For dissemination purposes, criminal history records include all available State of Georgia or local agency criminal history record information; except: information relating to any arrest on charges disposed of under the provisions of the Georgia First Offender Act shall not be provided

after the person has been discharged from First Offender status and exonerated of the charges.

The signed and notarized consent must be in a format approved by GCIC and must include the person's full name, address, social security number, race, sex, and date of birth.

2. Criminal justice agencies may charge fees for disseminating criminal history records or "No Record" reports to private individuals, to public and private agencies, or to their designated representatives. When fees are charged, they should approximate, as nearly as possible, the agencies' direct and indirect costs associated with providing such disseminations.

3. Criminal justice agencies which disseminate criminal history records to private individuals and to public and private agencies shall advise all requestors that, if an employment or licensing decision adverse to the record subject is made, the record subject must be informed by the individual or agency making the adverse decision of all information pertinent to that decision. This disclosure must include information that a criminal history record check was made, the specific contents of the record, and the effect the record had upon the decision. Failure to provide all such information to the person subject to the adverse decision is a misdemeanor. This disclosure requirement applies to criminal justice agencies when such agencies make employment or licensing decisions adverse to record subjects.

(c) Federal law exempts the Federal Bureau of Investigation, Defense Investigative Service, Central Intelligence Agency, and Office of Personnel Management from these provisions of Georgia law. Authorized representatives of these agencies are not required to provide the fingerprints or signed/notarized consents of the persons for whom they request criminal record checks. All criminal justice agencies are obliged by federal law to provide these agencies with criminal history record information, as described in Subparagraph (1)(b) of this Rule, on security clearance applicants and persons being considered for employment in sensitive national security jobs. Established fees may be charged.

(d) Criminal justice agencies may allow access to information by individuals and agencies, pursuant to specific GCIC user agreements, to provide for the development of and operation of computerized informa-

tion systems or for the operation of consolidated radio dispatch centers related to the administration of criminal justice. These agreements shall authorize specific access to information, limit the use of information to purposes for which it was disseminated, require the signing of Awareness Statements, and ensure the security and confidentiality of the data consistent with these Rules.

(e) Criminal justice agencies are required by law to conduct criminal history record checks on applicants for employment with Georgia fire departments, without payment of any fees, and to disseminate criminal history records or no-record reports to such fire departments. The criminal history records to be disseminated are the same as described in subparagraph (1)(b) of this Rule. The procedures described in subparagraph (1)(b)1. of this Rule apply.

(f) Criminal justice agencies may disseminate information to individuals and agencies for the express purpose of research when the projects have been approved in advance by the Director. In each case, GCIC shall execute a special user agreement with the requestor prior to any dissemination of criminal justice information. The agreement shall provide for nonidentification of specific individuals in published research reports and shall provide that information furnished by criminal justice agencies shall be immune from legal process and shall not, without the consent of any criminal justice agency providing the information, be admitted as evidence for any purpose in any action, suit, or other judicial or administrative proceedings.

(g) Use of information disseminated shall be limited to the purposes for which it was disseminated. It may not be disseminated further. Recipients must be so advised.

(h) Criminal justice agencies are authorized to access the FBI's Interstate Identification Index (III) for criminal justice administration and criminal justice employment purposes. Criminal justice agencies may not utilize CJIS network terminals to access III for information on license/permit applicants or on applicants for non-criminal justice employment.

(i) When necessary to alert law enforcement officers before they confront potentially violent individuals, coded warnings based on review or knowledge of relevant criminal history record information may be broadcast.

(j) No criminal justice information shall be disseminated except as provided by law and these Rules.

(2) Exchange and dissemination of criminal justice information by GCIC.

(a) GCIC shall exchange criminal justice information with bona-fide criminal justice agencies to serve the administration of criminal justice and to facilitate criminal justice employment, based on the following criteria:

1. GCIC shall execute appropriate user agreements with all bona-fide criminal justice agencies.

2. GCIC shall provide any information in its files or in files available to GCIC which may aid these agencies in the performance of their duties.

(i) GCIC shall disseminate records of discharge of First Offenders to prosecutors and probation officers at state and federal levels. Such disseminations shall be made only upon certification that pending criminal charges against the individuals have been filed in a court of competent jurisdiction. Certifications may be delivered to GCIC by CJIS network terminal message, by phone, by mail, or in person.

(ii) GCIC shall disseminate records of discharge of First Offenders to law enforcement agencies only upon certification by the chief executives of requesting agencies that such information is needed in active criminal investigations. Certifications may be delivered to GCIC by CJIS network terminal message, by phone, by mail, or in person.

(iii) GCIC shall disseminate records of discharge of First Offenders, when violations of the Georgia Controlled Substances Act were charged, to public officials authorized by specific Georgia statutes to receive and use such records.

(iv) Information relating to any arrest on charges disposed of under the provisions of the Georgia First Offender Act shall neither be requested, provided by GCIC, nor used by any criminal justice agency for employment purposes after the applicant has been discharged from First offender status and exonerated of the charges.

(b) GCIC shall exchange criminal justice information with:

1. The Governor, when acting in his capacity as the Chief Law Enforcement Officer of the State;

2. The Attorney General, when performing activities relating to the apprehension or prosecution of criminal offenders;

3. The Supreme Court, when the Court's administrative arm is evaluating candidates for admission to the Georgia Bar.

(c) Because GCIC's Automated Fingerprint Identification System (AFIS) technology assures positive identifications of individuals with criminal records on file, GCIC will accept and process criminal history record check requests only when such requests are accompanied by two sets of the fingerprints of each person for whom a criminal history record check is requested. Fingerprints shall be submitted on cards comparable to the standard FBI Applicant Card. GCIC will supply suitable cards at a cost of $.50 per card, upon request. Criminal history records provided by GCIC shall be identical in content and scope to the records described in Subparagraph (1)(b) of this Rule.

1. If criminal records provided by GCIC are to be used to make employment of licensing decisions, GCIC shall provide the guidance to requestors which is contained in Subparagraph (1)(b)3. of this Rule.

2. Public agencies and officials requesting criminal history record checks shall be subject to periodic audits by GCIC to assure their compliance with the relevant provisions of Georgia law and these Rules.

3. Public agencies, private individuals, and businesses requesting such record checks, except individuals requesting checks of their own criminal history records, shall sign special user agreements prepared by GCIC. Requestors shall pay a $7.50 fee for each criminal history record or "No Record" report disseminated by GCIC. Out-of-state requestors shall pay fees in advance.

(d) When GCIC employees are asked to fingerprint individuals, for any purpose other than criminal justice employment, in order to provide fingerprint cards for GCIC criminal history record checks, the fee for such record checks is $15.00.

(e) All criminal history record checks for other than criminal justice purposes will be made by GCIC only after GCIC has fulfilled its duties and obligations to criminal justice agencies as required by law.

(f) GCIC may allow access to the CJIS network and to computerized files containing criminal justice information, pursuant to special user agreements with governmental computerized information systems, with governmental dispatch centers, and with governmental regional dispatch centers, in order to provide for the development and operation of such systems and centers in support of criminal justice agencies.

(g) Use of information disseminated by GCIC shall be limited to the purposes for which it was disseminated. Recipients shall be so advised.

(h) No information shall be disseminated by GCIC except as provided by these Rules.

140-2-.13 Wanted/Missing Persons and Stolen/Abandoned Property. Amended. Responsible agencies shall enter (or cause the entry of) information in GCIC and/or NCIC computerized files pertaining to wanted and missing persons, unidentified dead bodies, and serial-numbered property reported as stolen when required data elements become available. Record entry forms (LEDS and NCIC work sheets) shall be provided without cost by GCIC upon request.

(a) LEDS and NCIC work sheets and CJIS network codes, formats, and procedures established by GCIC and NCIC shall be used when making entries. GCIC will provide manuals, bulletins, and notices containing the prescribed codes, formats, and procedures and will provide revisions and updates as necessary.

1. Heads of criminal justice agencies are responsible for ensuring that GCIC manuals, bulletins, and notices are maintained and used as the authoritative CJIS network operational directives within their agencies.

2. Heads of agencies are also responsible for training employees involved in entering, modifying, clearing, cancelling, and validating record entries. Training shall emphasize that a second employee must verify each record entry for completeness and accuracy.

The agreement must state each agency's legal responsibilities for records entered in the computerized files.

2. Responsibilities for the record include entering and updating the record, confirming a hit on the record, and removing the record when it is no longer active or valid.

(e) All record entries must be supported by official documents which reflect initial and continuing efforts to apprehend wanted persons or to recover identifiable, serial-numbered stolen property. Arrest warrants must be available to support GCIC/NCIC wanted person record entries.

1. Agencies with terminals on the Georgia CJIS network shall maintain these supporting documents in their files until such time as wanted/missing persons are located, stolen property is recovered, or the record entries are removed from the computerized files.

2. Agencies with terminals on the Georgia CJIS network shall further require copies of such supporting documents to be provided by non-terminal agencies prior to making record entries on behalf of such agencies. If emergencies arise in which the speed of record entry is critical to the quick apprehension of wanted persons or recovery of stolen property, supporting documents may be provided after entry of the record.

3. If supporting documents are not provided within 48 hours of record entry, record entries shall be removed from GCIC and NCIC computerized files. Whenever record entries authorized by non-terminal agencies are removed by servicing terminal agencies, terminal agencies must notify the non-terminal agencies.

(f) Any agency which causes records to be entered in GCIC/NCIC computerized files must respond to other agencies' hit confirmation

request messages. A response may be a notification that a specific period of time will be required for record verification or a response may be the requested record verification.

1. In all cases, responses must be transmitted within 10 minutes of receipt of hit confirmation request messages.

2. Record entry verification must be provided to the agency originating the request for hit confirmation. Verification messages must include the status of record entries for wanted or missing persons or for stolen property.

(g) When records are no longer valid, they must be removed from GCIC and NCIC computerized files immediately.

1. Agencies operating Georgia CJIS network terminals are responsible for the timely removal of their own record entries when they are no longer valid.

2. Non-terminal agencies are responsible for the prompt removal of their records from GCIC and NCIC computerized files when the records are no longer valid, by furnishing requests for cancellation to the terminal agencies which made the record entries on behalf of the non-terminal agencies.

(h) When non-terminal agencies do not maintain 24-hour operations, they may not cause the entry of records under their ORIs. Record entries required by law should be made using the ORIs of their designated terminal agencies as per service agreements executed in compliance with the provisions of subparagraph (c)1. of this Rule.

(i) GCIC provides a computerized file for the entry of records describing abandoned motor vehicles which have been recovered by law enforcement agencies and/or reported to them by operators of wrecker services or vehicle storage facilities. Georgia law requires law enforcement agencies to make record entries and to furnish operators of wrecker services and vehicle storage facilities, upon request, with the names and addresses of last known registered owners. Names and addresses of Georgia owners can be obtained from Department of Revenue files via CJIS network terminals. Names and addresses of last known owners, of abandoned vehicles registered in other states, can be obtained from the other states' motor vehicle files via the Georgia CJIS network and

NLETS. Owners of abandoned motor vehicles, later determined to be stolen, are required by law to be notified of recoveries by law enforcement agencies after they receive notice that such abandoned vehicles have been stolen. Records entered in GCIC's abandoned vehicle file are automatically purged, if not removed earlier by entering agencies, after 90 days. NCIC does not maintain an abandoned vehicle file.

(a) Record entries subject to validation are: wanted/missing persons, unknown deceased, stolen vehicles, stolen guns, stolen boats and stolen securities.

(b) GCIC will produce listings of record entries to be validated and will send them to agencies of record each month.

(c) Agencies of record shall review the listings; compare them to LEDS and NCIC work sheets and to other departmental case file documents on which the record entries were based; determine the current validity of record entries by checking for changes in extradition limits, by determining from owners of stolen property if recoveries have been made or if ownership has changed, by verifying that arrest warrants are still active and that persons reported missing have not returned; and take appropriate action(s).

1. Cancel record entries which are no longer valid.

2. Modify record entries which contain erroneous information or which are incomplete. Create supplemental record entries as required.

3. When record entries have been verified as accurate and current or have been modified or cancelled, complete the validation certification

form, and mail it so as to ensure its arrival at GCIC prior to the cited suspense date.

(d) Non-receipt of validation certification forms at GCIC by the cited suspense date will result in automatic removal from GCIC and NCIC computerized files of all record entries contained in the listing.

(2) Validation procedures, records, and supporting documents are subject to GCIC and NCIC audits.

GCIC assistance will include the entry and any subsequent modifications of dental chart information in the computerized files following the receipt of this information from the law enforcement agencies handling the cases. Copies of the record entries made by GCIC will be provided to the agencies handling the cases.

(c) Non-terminal agencies may request assistance in making missing person and/or unknown deceased record entries from the terminal agencies which provide CJIS network service for them.

(d) Agencies which make or authorize the entry of missing person and unknown deceased records in GCIC and NCIC computerized files shall respond within 10 minutes to messages from other agencies reference possible identifications.

§831-3.2 Expungement orders. (a) The attorney general, or the attorney general's duly authorized representative within the department of the attorney general, upon written application from a person arrested for, or charged with but not convicted of a crime, shall issue an expungement order annulling, canceling, and rescinding the record of arrest; provided that an expungement order shall not issue (1) in the case of an arrest for a felony or misdemeanor where conviction has not been obtained because of bail forfeiture; (2) for a period of five years after arrest or citation in the case of a petty misdemeanor or violation where conviction has not been obtained because of a bail forfeiture; and (3) in the case of an arrest of any person for any offense where conviction has not been obtained because the person has rendered prosecution impossible by absenting oneself from the jurisdiction.

Any person entitled to an expungement order hereunder may by written application also request return of all fingerprints or photographs taken in connection with the person's arrest. The attorney general or the attorney general's duly authorized representative within the department of the attorney general, within 120 days after receipt of such written application, shall, when so requested, deliver, or cause to be delivered, all such fingerprints or photographs of such person, unless such person has a prior record of conviction or is a fugitive from justice, in which case the photographs or fingerprints may be retained by the agencies holding such records.

The certificate shall authorize the person to state, in response to any question or inquiry, whether or not under oath, that the person has no record regarding the specific arrest. (1) "Conviction" means a final determination of guilt whether by plea of the accused in open court, by verdict of the jury or by decision of the court.

(2) "Arrest record" means the document, magnetic tape or computer memory bank, produced under authority of law, which contains the data of legal proceedings against a person beginning with the person's arrest for the alleged commission of a crime and ending with final disposition of the charges against the person by nonconviction.

§846-2 Establishment of the data center. There shall be a data center established in the department of the attorney general. The data center shall be directed and managed by a director appointed by the attorney general without regard to chapters 76 and 77. There shall also be a committee, appointed by the attorney general, composed of selected criminal justice user-agency personnel, to act in an advisory capacity to the data center in matters related to interagency coordination and user needs. [L 1979, c 129, pt of §2; am L 1980, c 269, §2; am L 1982, c 57, §1; am L 1983, c 78, §3(4)]

§846-2.5 Purpose of the criminal justice data center. (a) The Hawaii criminal justice data center, hereinafter referred to as the "data center", shall be responsible for the collection, storage, dissemination, and analysis of all pertinent criminal justice data from all criminal justice agencies, including, the collection, storage, and dissemination of criminal history record information by criminal justice agencies in such a manner as to balance the right of the public and press to be informed, the right of privacy of individual citizens, and the necessity for law enforcement agencies to utilize the tools needed to prevent crimes and detect criminals in support of the right of the public to be free from crime and the fear of crime.

(b) The attorney general shall select and enforce systems of identification, including fingerprinting, of all persons arrested for a criminal offense, or persons to whom penal summonses have been issued for a criminal offense and who have been convicted or granted a deferred acceptance of guilty or nolo contendere plea or a conditional discharge, and provide for the collection, recording, and compilation of data and statistics relating to crime.

The several counties shall provide the necessary equipment and the compensation of the persons required to install and carry out the work of such systems of identification and statistics in their respective jurisdictions; provided that all such expenses in connection with prison matters exclusively within the control of the State shall be borne by the State.

The systems shall be uniform throughout the State, shall be continuous in operation, and shall be maintained as far as possible in such manner as shall be in keeping with the most approved and modern methods of identification and of the collection and compilation of the statistics.

The attorney general shall keep a uniform record of the work of the courts, prosecuting officers, the police, and other agencies or officers for the prevention or detection of crime and the enforcement of law in a form suitable (1) for the study of the cause and prevention of crime and delinquency and of the efforts made and efficacy thereof to detect or prevent crime and to apprehend and punish violators of law and (2) for the examination of the records of the operations of such officers and the results thereof.

(c) The attorney general may prescribe, establish, and change forms to be followed in keeping records and in making reports to the data center. All courts and the judges and other officers thereof and all prosecuting officers, chiefs of police, and other agencies and officers for the prevention or detection of crime and for the enforcement of law shall use such forms, keep such records, and make such reports to the data center as may be so required.

(d) In order to accomplish this purpose, the data center shall develop systems and provide the structure that support criminal justice information systems, provide statistical research and data analysis, and make public periodic reports which shall provide the public with a clear view of the criminal justice systems. [L 1980, c 269, §1; am L 1982, c 57, §2; am L 1983, c 78, §3(5); am L 1985, c 119, §1]

[§846-3] **Reporting to data center.** The chiefs of the police of the counties of the State and agencies of state and county governments having power of arrest shall furnish the data center with descriptions of all such persons who are arrested by them for any felony or misdemeanor, or as fugitives from the criminal justice system of another jurisdiction, or for any offense declared by rule or regulation promulgated by the attorney general to be a significant offense necessary to be reported for the proper administration of criminal justice. The data center shall in all appropriate cases forward necessary identifying data and other information to the system maintained by the Federal Bureau of Investigation. [L 1979, c 129, pt of §2]

[§846-4] **Query of data center.** Criminal justice agencies shall query the data center to assure that the most up-to-date disposition data is being used. Such inquiries shall be made prior to any dissemination except in those cases where the agency determines that time is of the essence and the center is technically incapable of responding within the necessary time period, provided, however, that where local criminal justice agencies have entered into agreements for the sharing of a computerized criminal history record information system, the agency operating such system shall not be required to query the data center prior to disseminating information to the agencies which are party to the agreements. [L 1979, c 129, pt of §2]

[§846-5] **Reporting of dispositions.** It shall be the responsibility of every criminal justice agency in this State to report to the data center the disposition of cases which enter their area in the administration of criminal justice to insure that all systems maintained in this State shall contain complete and accurate criminal history record information. All dispositions shall be reported as promptly as feasible but not later than ninety days after the happening of an event which constitutes a disposition. [L 1979, c 129, pt of §2]

[§846-6] **Systematic audit.** All criminal justice agencies shall institute a process of data collection, entry, storage, and systematic audit of criminal history record information that will minimize the possibility of recording and storing inaccurate information. Any criminal justice agency which finds that it has reported inaccurate information of a material nature shall forthwith notify all criminal justice agencies known to have received such information. All criminal justice agencies shall:

(1) Maintain for a minimum period of one year a listing of the individuals or agencies both in and outside of the State to which criminal history record information was released, a record of what information was released, and the date such information was released;
(2) Establish a delinquent disposition monitoring system; and
(3) Verify all record entries for accuracy and completeness. [L 1979, c 129, pt of §2]

[§846-7] **Security.** Wherever criminal history record information is collected, stored, or disseminated, the criminal justice agency or agencies responsible for the operation of the system shall:

(1) Have power to determine for legitimate security purposes which personnel can be permitted to work in a defined area where such information is stored, collected, or disseminated;
(2) Select and supervise all personnel authorized to have direct access to such information;
(3) Assure that an individual or agency authorized direct access is administratively held responsible for the physical security of criminal history record information under its control or in its custody and the protection of such information from unauthorized access, disclosure, or dissemination;
(4) Institute procedures to reasonably protect any data center of criminal history record information from unauthorized access, theft, sabotage, fire, flood, wind, or other natural or man-made disasters;
(5) Provide that each employee working with or having access to criminal history record information is to be made familiar with the substance and intent of this chapter and of regulations promulgated thereunder; and
(6) Require that direct access to criminal history record information is to be available only to authorized officers or employees of a criminal justice agency and, as necessary, other authorized personnel essential to the proper operation of the criminal history record information system.

Where a noncriminal justice agency operates a system, the participating criminal justice agency shall be responsible for review, approval, and monitoring of procedures developed to assure compliance with this section. [L 1979, c 129, pt of §2]

[§846-8] **Exclusions.** This chapter shall not apply to criminal history record information contained in:

(1) Posters, announcements, or lists for identifying or apprehending fugitives or wanted persons;

(5) Records of traffic offenses maintained for the purpose of regulating the issuance, suspension, revocation, or renewal of driver's, pilot's, or other operators' license;
(6) Announcements of executive clemency or pardon, by the Hawaii paroling authority or the governor of the State.

Nothing in this chapter shall prevent a criminal justice agency from disclosing, to the public, criminal history record information related to the offense for which an individual is currently within the criminal justice system, including his

place of incarceration; and, nothing in this chapter shall prevent a criminal justice agency from confirming prior criminal history record information to members of the news media or any other person, upon specific inquiry as to whether a named individual was arrested, detained, indicted, or other formal charge was filed, on a specific date, if the arrest record information or criminal history record information disclosed is based on data excluded by the first paragraph of this section. Nothing in this chapter prohibits the dissemination of criminal history record information for purposes of international travel, such as issuing visas and granting of citizenship. [L 1979, c 129, pt of §2]

[§846-9] **Limitations on dissemination.** Dissemination of nonconviction data shall be limited, whether directly or through any intermediary, only to:

(1) Criminal justice agencies, for purposes of the administration of criminal justice and criminal justice agency employment;
(2) Individuals and agencies specified in section 846-10;
(3) Individuals and agencies pursuant to a specific agreement with a criminal justice agency to provide services required for the administration of criminal justice pursuant to that agreement, provided that such agreement shall specifically authorize access to data, limit the use of data to purposes for which given, and insure the security and confidentiality of the data consistent with the provisions of this chapter;
(4) Individuals and agencies for the express purpose of research, evaluative, or statistical activities pursuant to an agreement with a criminal justice agency; provided that such agreement shall specifically authorize access to data, limit the use of data to research, evaluative, or statistical purposes, and insure the confidentiality and security of the data consistent with the purposes of this chapter;
(5) Individuals and agencies for any purpose authorized by statute, ordinance, executive order, or court rule, decision, or order, as construed by appropriate state or local officials or agencies; and
(6) Agencies of state or federal government which are authorized by statute or executive order to conduct investigations determining employment suitability or eligibility for security clearances allowing access to classified information.

These dissemination limitations do not apply to conviction data.

Criminal history record information disseminated to non-criminal justice agencies shall be used only for the purposes for which it was given.

No agency or individual shall confirm the existence or nonexistence of criminal history record information to any person or agency that would not be eligible to receive the information itself. [L 1979, c 129, pt of §2]

[§846-10] **Dissemination.** Criminal history record information may be disseminated to:

(1) The governor in individual cases or situations wherein he elects to become actively involved in the investigation of criminal activity or the administration of criminal justice in accordance with his constitutional duty to insure that the laws be faithfully executed;
(2) The attorney general in connection with his statutory authority and duties in the administration and enforcement of the criminal laws and

for the purpose of administering and insuring compliance with the provisions of this chapter;

(3) To such other individuals and agencies who are provided for in this chapter or by rule or regulation. [L 1979, c 129, pt of §2]

[§846-11] **Office of correctional information and statistics.** The data center shall coordinate its activities with the records system of the intake service centers of the office of correctional information and statistics. Criminal history record information shall be provided from this office to the data center and the functions of each shall be coordinated so that there will be no overlap, or duplication of efforts. [L 1979, c 129, pt of §2]

3. Subsection 2 of this section shall not apply to any judgment of conviction for a violation of the provisions of sections 18-1506, 18-1507 or 18-1508, Idaho Code. (B) If the identifying information submitted by the requester to the Department corresponds to more than one individual found in the files maintained by the Department, the Department shall not disclose the information to the requester, unless it is determined by the Department that dissemination is still warranted due to exigency or to administer the criminal laws. In such instances, the Department may require the requester to submit additional identifying information or fingerprints in the form and manner prescribed by the Department.

Paragraph effective July 1, 1990.

"Public Officer" or "public officers" means all officers of the executive branch of the State government, all officers created by the "Civil Administrative Code of Illinois," as heretofore or hereafter amended,[1] and all other officers and heads, presidents, or chairmen of boards, commissions, and agencies of the State government.

"Archivist" means the Secretary of State.

43.6. Reports and records of obligation, receipt and use of public funds as public records

§ 3. Reports and records of the obligation, receipt and use of public funds of the State are public records available for inspection by the public. These records shall be kept at the official place of business of the State or at a designated place of business of the State. These records shall be available for public inspection during regular office hours except when in immediate use by persons exercising official duties which require the use of those records. The person in charge of such records may require a notice in writing to be submitted 24 hours prior to inspection and may require that such notice specify which records are to be inspected. Nothing in this section shall require the State to invade or assist in the invasion of any person's right to privacy. Nothing in this Section shall be construed to limit any right given by statute or rule of law with respect to the inspection of other types of records.

Warrants and vouchers in the keeping of the State Comptroller may be destroyed by him as authorized in "An Act in relation to the reproduction and destruction of records kept by the Comptroller", approved August 1, 1949, as now or hereafter amended.[1]

Amended by P.A. 79-139, § 1, eff. Oct. 1, 1975.

43.7. Right of access by public—Reproductions—Fees

§ 4. Any person shall have the right of access to any public records of the expenditure or receipt of public funds as defined in Section 3 [1] for the purpose of obtaining copies of the same or of making photographs of the same while in the possession, custody and control of the lawful custodian thereof, or his authorized deputy. The photographing shall be done under the supervision of the lawful custodian of said records, who has the right to adopt and enforce reasonable rules governing such work. The work of photographing shall, when possible, be done in the room where the records, documents or instruments are kept. However, if in the judgment of the lawful custodian of the records, documents or instruments, it would be impossible or impracticable to perform the work in the room in which the records, documents or instruments are kept, the work shall be done in some other room or place as nearly adjacent as possible to the room where kept. Where the providing of a separate room or place is necessary, the expense of providing for the same shall be borne by the person or persons desiring to photograph the records, documents or instruments. The lawful custodian of the records, documents or instruments may charge the same fee for the services rendered by him or his assistant in supervising the photographing as may be charged for furnishing a certified copy or copies of the said record, document or instrument. In the event that the lawful custodian of said records shall deem it advisable in his judgment to furnish photographs of such public records, instruments or documents in lieu of allowing the same to be photographed, then in such event he may furnish photographs of such records and charge a fee of 35¢ per page when the page to be photographed does not exceed legal size and $1.00 per page when the page to be photographed exceeds legal size and where the fees and charges therefor are not otherwise fixed by law.

43.8. State Archives Division—Creation

§ 5. The Secretary of State shall provide for a State Archives Division as a repository of State records. The State Archives may utilize space in the Archives Building or other buildings as may be necessary or appropriate for the purpose, in the opinion of the Secretary of State.

43.9. Secretary of State to be State Archivist—Assistants

§ 6. The Secretary of State shall be the State Archivist and Records Administrator and he shall appoint such assistants, who shall be technically qualified and experienced in the control and management of archival materials and in records management practices and techniques, as are necessary to carry out his duties as State Archivist.

43.10. Powers and duties of secretary—Public access to records

§ 7. The Secretary:

(1) whenever it appears to him to be in the public interest, may accept for deposit in the State Archives the records of any agency or of the Legislative or Judicial branches of the State government that are determined by him to have sufficient historical or other value to warrant the permanent preservation of such records by the State of Illinois;

(2) may accept for deposit in the State Archives official papers, drawings, maps, writings, and records of every description of counties, municipal corporations, political subdivisions and courts of this State, and records of the federal government pertaining to Illinois, when such materials are deemed by the Secretary to have sufficient historical or other value to warrant their continued preservation by the State of Illinois.

(3) whenever he deems it in the public interest, may accept for deposit in the State Archives motion picture films, still pictures, and sound recordings that are appropriate for preservation by the State government as evidence of its organization, functions and policies.

(4) shall be responsible for the custody, use, servicing and withdrawal of records transferred for deposit in the State Archives. The Secretary shall observe any rights, limitations, or restrictions imposed by law relating to the use of records, including the provisions of the Mental Health and Developmental Disabilities Confidentiality Act [1] which limit access to certain records or which permit access to certain records only after the removal of all personally identifiable data. Access to restricted records shall be at the direction of the depositing State agency or, in the case of records deposited by the legislative or judicial branches of State government at the direction of the branch which deposited them, but no limitation on access to such records shall extend more than 75 years after the creation of the records, except as provided in the Mental Health and Developmental Disabilities Confidentiality Act. The Secretary shall not impose restrictions on the use of records that are defined by law as public records or as records open to public inspection;

(5) shall make provision for the preservation, arrangement, repair, and rehabilitation, duplication and reproduction, description, and exhibition of records deposited in the State Archives as may be needed or appropriate;

(6) shall make or reproduce and furnish upon demand authenticated or unauthenticated copies of any of the documents, photographic material or other records deposited in the State Archives, the public examination of which is not prohibited by statutory limitations or restrictions or protected by copyright. The Secretary shall charge a fee therefor in accordance with the schedule of fees in Section 10 of "An Act concerning fees and salaries, and to classify the several counties of this state with reference thereto," approved March 29, 1872, as amended,[2] except that there shall be no charge for making or authentication of such copies or reproductions furnished to any department or agency of the State for official use. When any such copy or reproduction is authenticated by the Great Seal of the State of Illinois and is certified by the Secretary, or in his name by his authorized representative, such copy or reproduction shall be admitted in evidence as if it were the original.

(7) any official of the State of Illinois may turn over to the Secretary of State, with his consent, for permanent preservation in the State Archives, any official books, records, documents, original papers, or files, not in current use in his office, taking a receipt therefor.

(8) shall require of all persons, firms, corporations or other legal entities who desire access to information not defined as public records or as records open to public inspection, but open to the public, as provided in this Act, an affidavit dated and signed by the person making the request or his representative, notarized by a notary public, and containing substantially the following:

"Application and Agreement for Release of Information

"The Secretary of State, State of Illinois, agrees to release the following described information subject to the following agreement:

The User agrees that it shall preserve the confidentiality of any person or persons named in these records.

"The information contained shall not be exchanged with any other person, firm or corporation for other information or lists unless the identity of any person or persons named in these records has been removed. Such an act shall constitute a material breach of this agreement and all information previously received by the User shall be returned to the Office of the Secretary of State, State of Illinois.

43.12. Programs for efficient management of records

§ 9. The head of each agency shall establish, and maintain an active, continuing program for the economical and efficient management of the records of the agency.

Such program:

43.14. Records not to be damaged or destroyed

§ 11. All records made or received by or under the authority of or coming into the custody, control or possession of public officials of this State in the course of their public duties are the property of the State and shall not be mutilated, destroyed, transferred, removed or otherwise damaged or disposed of, in whole or in part except as provided by law.

43.15. Surveys of management and disposal practices

§ 12. The Secretary shall make continuing surveys of State records management and disposal practices and obtain reports thereon from agencies.

43.16. Improvement of management practices and security of records

§ 13. The Secretary, with due regard to the program activities of the agencies concerned, shall make provision for the economical and efficient management of records of State agencies by analyzing, developing, promoting, coordinating, and promulgating standards, procedures, and techniques designed to improve the management of records, to insure the maintenance and security of records deemed appropriate for preservation, and to facilitate the segregation and disposal of records of temporary value. The Secretary shall aid also in promoting the efficient and economical utilization of space, equipment, and supplies needed for the purpose of creating, maintaini..g, storing, and servicing records.

43.17. Standards for retention

43.18a. System for protection and preservation of records—Establishment

§ 15a. The Secretary of State, and State Archivist, shall establish a system for the protection and preservation of essential State records necessary for the continuity of governmental functions in the event of an emergency arising from enemy action or natural disaster and for the reestablishment of State government thereafter.

43.18b. Records essential for emergency government operation—Determination

§ 15b. The Secretary shall:

(2) Determine what records are "essential" for post-emergency government operations and provide for their protection and preservation.

(3) Establish the manner in which essential records for emergency and post-emergency government operations shall be preserved to insure emergency usability.

(4) Require every State agency to establish and maintain an essential records preservation program.

(5) Provide for security storage or relocation of essential State records in the event of an emergency arising from enemy attack or natural disaster.

43.19. State Records Commission—Membership—Meetings—Duties

§ 16. There is created the State Records Commission. The Commission shall consist of the following members: The Secretary of State, or his representative, who shall act as chairman; the State Historian, who shall serve as secretary; the State Treasurer, or his authorized representative; the Director of Administrative Services, or his authorized representative; the Attorney General, or his authorized representative; and the State Comptroller, or his authorized representative. The Commission shall meet whenever called by the chairman, who shall have no vote on matters considered by the Commission. It shall be the duty of the Commission to determine what records no longer have any administrative, legal, research, or historical value and should be destroyed or disposed of otherwise.

Amended by P.A. 80-57, § 19, eff. July 1, 1977.

43.20. Disposal and reproduction of records—Regulations

§ 17. Regardless of other authorization to the contrary, no record shall be disposed of by any agency of the State, unless approval of the State Records Commission is first obtained. The Commission shall issue regulations, not inconsistent with this Act, which shall be binding on all agencies. Such regulations shall establish procedures for compiling and submitting to the Commission lists and schedules of records proposed for disposal; procedures for the physical destruction or other disposition of records proposed for disposal; and standards for the reproduction of records by photography or microphotographic processes with the view to the disposal of the original records. Such standards shall relate to the quality of film used, preparation of the records for filming, proper identification matter on the records so that an individual document or series of documents can be located on the film with reasonable facility, and that the copies contain all significant record detail, to the end that the photographic or microphotographic copies will be adequate.

Such regulations shall also provide that the State archivist may retain any records which the Commission has authorized to be destroyed, where they have a historical value, and that the State archivist may deposit them in the State Library or State historical museum or with a historical society, museum or library.

43.21. Reports and schedules to be submitted by agency heads

§ 18. The head of each agency shall submit to the Commission, in accordance with the regulations of the Commission, lists or schedules of records in his custody that are not needed in the transaction of current business and that do not have sufficient administrative, legal or fiscal value to warrant their further preservation. The head of each agency also shall submit lists or schedules proposing the length of time each record series warrants retention for administrative, legal or fiscal purposes after it has been received by the agency.

43.22. Disposition of reports and schedules

§ 19. All lists and schedules submitted to the Commission shall be referred to the Archivist who shall ascertain whether the records proposed for disposal have value to other agencies of the State or whether such records have research or historical value. The Archivist shall submit such lists and schedules with his recommendations in writing to the Commission; and the final disposition of such records shall be according to the orders of the Commission.

43.23. Destruction of nonrecord materials

§ 20. Nonrecord materials or materials not included within the definition of records as contained in this Act may be destroyed at any time by the agency in possession of such materials without the prior approval of the Commission. The Commission may formulate advisory procedures and interpretation to guide in the disposition of nonrecord materials.

43.24. Disposal of records—Consent of agency head

§ 21. The Archivist shall submit to the Commission, with his recommendations in writing, disposal lists of records that have been deposited in the State Archives as provided in subsections (1), (2), and (3) of Section 7 of this Act,[1] after having determined that the records concerned do not have sufficient value to warrant their continued preservation by the State. However, any records deposited in the State Archives by any agency pursuant to the provisions of subsection (1) of Section 7 of this Act shall not be submitted to the Commission for disposal without the written consent of the head of such agency.

[1] Paragraph 43.10 of this chapter.

43.25. Disposition of records of terminated State agency

§ 22. Upon the termination of any State agency whose function or functions have not been transferred to another agency, the records of such terminated agency shall be deposited in the State Archives. The Commission shall determine which records are of sufficient legal, historical, administrative, or fiscal value to warrant their continued preservation by the State. Records that are determined to be of insufficient value to warrant their continued preservation shall be disposed of as provided in Section 17 of this Act.[1]

43.26. Repeal—Saving clause

§ 23. "An Act creating the State Records Commission and defining its powers and duties," approved July 23, 1943, as amended, is repealed,[1] but all orders heretofore issued by the State Records Commission created by said Act shall stand and continue to be in full force and effect.

§ 7. (1) The following shall be exempt from inspection and copying:

1. INTRODUCTION

The Illinois LAW ENFORCEMENT AGENCIES DATA SYSTEM (LEADS) provided by the Department of Law Enforcement is a statewide, computerized telecommunications system designed to provide services, information, and capabilities to the law enforcement and criminal justice community in the State of Illinois. The heart of the system is the LEADS computer in Springfield operated by the Illinois Department of Law Enforcement. Terminals and computers located in authorized law enforcement and criminal justice agencies are connected by communications lines to the LEADS computer. This gives these agencies access to information stored in the LEADS files, and through LEADS, gives them access to other criminal justice information systems. The degree to which access to these and other files is granted to the various types of criminal justice agencies is described further in these Regulations. It should be noted, however, that the information, capabilities, etc. available from and through LEADS are for bonafide law enforcement and criminal justice purposes only.

The Director of the Illinois Department of Law Enforcement is responsible for establishing policy, procedures, and regulations consistent with state and federal rules, policies, and law by which LEADS operates. The Director has appointed the LEADS Advisory Policy Board (APB) to reflect the needs and desires of the law enforcement and criminal justice community and to make recommendations concerning policies and procedures consistent with existent state and federal rules. The LEADS APB Charter follows as part of Section II of these Regulations.

LEADS is a user-oriented system, and strong emphasis is placed on maintaining effective communications with field users. A statewide LEADS Conference is held during the Fall of each year. Regional mini-conferences are scheduled each year in varying locations throughout the State. The Department of Law Enforcement and LEADS attempt to be responsive to the needs of the law enforcement and criminal justice community that they serve.

A system is only as good as those who use it. It is the intent of the following LEADS Regulations and Policies to set forth the requirements, responsibilities, limitations, and restrictions to assist in making user agencies aware of what can and cannot be done. Questions or comments on any portion of these Regulations should be submitted in writing to: LEADS Administrator, 501 Armory Building, Springfield, IL 62706.

II. THE LEADS ADVISORY POLICY BOARD (APB)

A. CHARTER

1. OFFICIAL DESIGNATION

Pursuant to the authority vested in the Director of the Department of Law Enforcement, State of Illinois, an Advisory Policy Board for the data processing function of this Department is hereby established. III. ACCESSING LEADS DATA AND PARTICIPATING IN LEADS

Direct access to LEADS data and full participation in all elements of LEADS shall be restricted to those agencies that meet each of the "Criteria for Full Eligibility" listed below. Multi-jurisdictional communications centers, agencies connected to a non-criminal justice computer or data center, out-of-state agencies, non-government agencies, civil courts, and juvenile agencies are treated as SPECIAL CASES under paragraph III.B. Before a conclusion as to a particular organization's eligibility can be reached, the definitions and requirements listed in paragraph III.B must be considered. Exceptions are covered in paragraph III.C.

Direct Access Defined — As used in these Regulations, the phrase 'direct access (to LEADS)' shall refer to (1) having a terminal device or computer located on the agency's premises that is connected by a data communications link (telephone line) to the LEADS computer in Springfield, and (2) being authorized to access LEADS data and services.

LEADS Data Defined — As used in these Regulations, the term 'LEADS data' shall refer to all data available through the LEADS computer, which includes the following:

LEADS Computerized Hot Files (CHF);
National Crime Information Center (NCIC) Hot Files;
Illinois Secretary of State Drivers License, Vehicle Registration, and Title Files;
Motor Vehicle and Drivers Files of other states;
Illinois and NCIC Computerized Criminal History (CCH) Files and other forms of Criminal History Record Information (CHRI);
Firearm Owners (FOID) File;
State Alcohol Licenses (SALOON) File;
Weather and Highway Conditions Files for Illinois and other states;
Such other files or information that may become available through LEADS from time to time.

LEADS Services Defined -- 'LEADS services' as supplied by the Department of Law Enforcement shall include (1) providing access to the files listed above; (2) the handling of directed/administrative messages within Illinois and nationwide; (3) providing on-line entry of Uniform Crime Reports data; (4) providing training sessions, newsletters, bulletins, and Reference Manuals; (5) and supplying such other services as may become available.

Full Participation Defined — 'Full participation' shall mean that an agency has direct access to all LEADS data and services, and enters and maintains all of its warrants and theft reports in the LEADS and NCIC Hot Files. Hot Files data entry is covered in detail in Section VII of these Regulations.

A. CRITERIA FOR FULL ELIGIBILITY

To qualify for direct access to and full participation in LEADS, each of the following criteria must be met:

III.A. CRITERIA FOR FULL ELIGIBILITY (Continued)

1. Criminal Justice Agency — The candidate organization must be a criminal justice agency as defined in the U.S. Department of Justice Regulations on Criminal Justice Information Systems (Title 28 — Judicial Administration. Code of Federal Regulations, Part 20, Subpart A). These regulations in Section 20.3 define a 'criminal justice agency' as:

> "(c)...(1) courts; (2) a government agency or any subunit thereof which performs the administration of criminal justice pursuant to a statute or executive order, and which allocates a substantial part of its annual budget to the administration of criminal justice."

'Administration of criminal justice' is defined in Title 28 as:

> "(d)...performance of any of the following activities; detection, apprehension, detention, pretrial release, post-trial release, prosecution, adjudication, correctional supervision, or rehabilitation of accused persons or criminal offenders. The administration of criminal justice shall include criminal identification activities and the collection, storage, and dissemination of criminal history record information."

2. Powers of Peace Officers — The candidate organization must be vested with the powers of "peace officers" as defined in Chapter 38, Section 2-13, of the Illinois Revised Statutes which reads as follows:

> " 'Peace Officer' means any person who by virtue of his office or public employment is vested by law with a duty to maintain public order or to make arrests for offenses, whether that duty extends to all offenses or is limited to specific offenses."

3. Management Control — The candidate organization's communications system — all LEADS terminals, printers, and related equipment; and all personnel operating and/or having access to LEADS-related equipment — must be under the direct management control of a sheriff, chief of police, authorized law enforcement supervisor, authorized criminal justice administrator, or Department of Law Enforcement official.

   'Management control' is defined as the authority to set and enforce (1) priorities; (2) standards for the selection, supervision, and termination of personnel; and (3) policy governing the operation of all communication and LEADS-related equipment.

4. Signed Agreement — The candidate organization must complete and file with the Department of Law Enforcement, a duly executed copy of the "Criminal History Record Information Criminal Justice Agreement."

   NOTE: If access to Computerized Criminal Histories (CCH) is not authorized or desired, a duly executed copy of the "LEADS User's Agreement" must be filed instead of the "Criminal History Record Information Criminal Justice Agreement."

III. ACCESSING LEADS DATA AND PARTICIPATING IN LEADS (Continued)

B. ELIGIBILITY FOR SPECIAL CASES

The following paragraphs define the eligibility requirements for organizations which are considered to be special cases. Except where specifically stated to the contrary, 'special case' organizations must meet the criteria in paragraph III.A, pages REGS-6 and REGS-7.

1. Multi-Jurisdictional Communications Center

   a. Definition -- A 'Multi-Jurisdictional Communications Center' is any organization which is created by formal agreement entered into by political subdivisions in a particular area entirely within the State of Illinois for the purpose of at least providing police radio dispatching, LEADS services (if qualified), telephone answering, and any other communications functions for the benefit of all of those agencies who are parties to the agreement.

   b. Eligibility — The Management Control criterion (paragraph III.A.3) must be met in all respects by the Multi-Jurisdictional Communications Center organization. To satisfy this requirement, a copy of the charter, ordinance, or other legal document which establishes management control must be submitted to the LEADS Administrator for review and approval. If approved by LEADS, the same document must also be approved by the NCIC prior to granting access to NCIC files.

2. Non-Criminal Justice Computer or Data Center

   a. Definition -- The 'Non-Criminal Justice Computer or Data Center' is defined as a computer system, communications switcher or any other device through which LEADS data will pass and/or by which LEADS data can be processed that is located within the confines of a non-criminal justice agency and not within the candidate organization's communications center where the principal LEADS terminal(s) and printer(s) are located. Both locations must be within the boundaries of the State of Illinois.

   b. Eligibility Excluding CCH Access -- In addition to meeting the 'management control' requirement for the communications system (paragraph III.A.3), the candidate criminal justice agency (CJA) must exercise at least limited management control with regard to the operation of all hardware at the non-criminal justice data center including the processor, communications controller, communications switcher, and storage devices which will be used to process, store, or forward LEADS data. The minimum requirements for the criminal justice agency (CJA) to exercise such limited management control will be by having a written agreement with the non-criminal justice agency operating the computer center that gives the criminal justice agency:

      (1) a guarantee that the CJA's teleprocessing network receives the highest priority in the areas of maintenance, support, and assignment of personnel and hardware resources.

III.B.2.b. Non-Criminal Justice Computer, Excluding CCH Access (Continued)

(2) the right to final approval in selection of all software used to communicate with LEADS.

(3) the right to screen all employees who will have access and hardware which connects to LEADS.

(4) the authority to make any necessary audits to insure system security.

(5) the authority to review management output reports to ensure that the CJA's guaranteed priority agreement is being honored.

(6) the authority to recommend for separation any employee who violates the LEADS Regulations.

c. Eligibility to Include CCH Access -- If CCH data or any Criminal History Record Information is to pass through and/or be processed by equipment housed in a non-criminal justice data center, the eligibility requirements given in III.B.2.b above must be met and exceeded in that the written agreement between the CJA and the data center must give the CJA full management control as defined under III.A.3.

d. Written Agreement Filed -- A copy of the written agreement between the CJA and the data center will be filed with the LEADS Administrator who will submit it to the LEADS APB for review.

e. Permission to Audit -- The agreement with the CJA will also contain a clause that grants permission to the LEADS Administrator to inspect and audit this system.

3. Out-of-State Agency -- No organization located outside of the boundaries of Illinois will be given direct access to LEADS or be allowed to connect to LEADS unless it is deemed by the LEADS Advisory Policy Board to be in the best interest of all LEADS participants statewide to permit access by the foreign organization.

4. Non-Government Agency -- An organization which meets each of the above criteria for Peace Officers, Management Control, and Signed Agreement (paragraphs III.A.2, 3, & 4) but does not qualify as a 'government agency' is eligible for participation in LEADS, but cannot be granted access to any National Crime Information Center (NCIC) files. Under existing NCIC rules, Non-Government Agencies include, but are not limited to, railroad police and the security departments of private colleges and universities.

5. Civil Court -- Any court that hears civil cases only does not qualify for NCIC access.

III.B. ELIGIBILITY FOR SPECIAL CASES (Continued)

6. Juvenile Agency — Any correctional facility that houses only juveniles who are not involved in the criminal justice process but who are orphaned or declared incorrigible is eligible for participation in LEADS with the exception that it does not qualify for NCIC access under existing NCIC rules. Any agency that supervises only juveniles who are not involved in the criminal justice process also does not qualify for NCIC access.

C. EXCEPTIONS -- No exceptions will be made to the above requirements for agencies desiring direct access to and full participation in LEADS. An organization not qualifying as a law enforcement or criminal justice agency or not desiring full participation even if qualified may, with the approval of the Director of the Department of Law Enforcement on recommedation from the LEADS Advisory Policy Board, receive limited information from LEADS. To apply for limited capabilities, contact the LEADS Administrator, 501 Armory Building, Springfield, IL 62706; 217/782-7677.

D. CHANGE IN STATUS -- The LEADS Administrator must be notified in writing in advance of any anticipated change in the status of an agency already participating or already approved for participation in LEADS. Continued participation in LEADS will be subject to a review of the new status to determine if all eligibility requirements can be met. Change in status includes, but is not limited to:

1. A single-jurisdiction LEADS user plans to join a Multi-Jurisidctional Communications Center.

2. Changes are to occur in the management structure of an approved Multi-Jurisdictional Communications Center.

3. Changes are to occur in the management structure of a Non-Criminal Justice Computer or Data Center.

4. A Non-Criminal Justice Computer or Data Center is created or plans to become involved with LEADS services where no involvement existed before.

5. Involvement of a Non-Criminal Justice Computer or Data Center is to be discontinued or altered.

IV. EQUIPMENT OPTIONS FOR CONNECTING TO LEADS

Provided that an agency qualifies for participation in LEADS as described in Section III of these Regulations, there are three (3) options for obtaining equipment and physically connecting to the system. These options are:

-- DLE Supplies Standard Equipment -- Fully-Supported Environment

-- Agency Supplies Non-Standard Equipment -- Non-Supported Environment

-- Agency Supplies Standard Equipment -- Semi-Supported Environment

A. "SUPPORTED" DEFINED

The term "supported" refers to the assistance which will be provided by the Department of Law Enforcement (DLE) to the user agency. This could include the following:

-- Systems analysis and design

-- Computer programming

-- Equipment ordering, installation, maintenance, moving and removal

-- Training

-- Operating procedures and reference manuals

-- Statistics on each terminal's usage of LEADS

B. REQUIREMENT FOR ADVANCE WRITTEN REQUEST

An agency must make a written request 90 days in advance of the desired connection date. The request must be sent to the LEADS Administrator, 501 Armory Building, Springfield, Illinois 62706. The request must indicate when connection to LEADS is desired and which of the three options is planned.

C. DLE SUPPLIES STANDARD EQUIPMENT -- FULLY-SUPPORTED ENVIRONMENT

An agency will be fully supported when it requests that the Department of Law Enforcement (DLE) make all arrangements to provide standard equipment. In this case, DLE and the participating agency will have the following responsibilities:

1. The Department of Law Enforcement will:

   a. Place all orders for the installation, relocation, or removal of all line-related and terminal-related equipment.

   b. Make all technical services arrangements related to installation, maintenance, relocation, and removal of all necessary equipment.

   c. Perform all systems analysis, design, and programming required at both the Data Center and the terminal.

IV.C.1. FULLY SUPPORTED ENVIRONMENT -- DLE will: (Continued)

d. Absorb all costs related to the computer equipment at the Data Center.

e. Provide training for terminal operators and interested administrative personnel representing the participating agency.

f. Provide a reference manual, publications, notices, and special bulletins.

g. Provide assistance toward the solution of operational problems.

2. The Fully-Supported agency will:

a. Pay the cost of installation, monthly rental, relocation, and removal of all terminal equipment and communications facilities.

b. Procure and pay the cost of all consumable supplies (printer paper, ribbons, etc.).

c. Provide operating and administrative personnel at the terminal site.

d. Absorb the cost of travel, lodging, and meals for its own personnel attending training sessions, conferences, etc., unless otherwise stipulated by the Department of Law Enforcement.

D. AGENCY SUPPLIES NON-STANDARD EQUIPMENT — NON-SUPPORTED ENVIRONMENT

When a department elects to obtain its own terminal equipment that is not identical to equipment offered through DLE, that department is operating in a non-supported environment. This means that the agency may connect its equipment to LEADS, but will not receive the full support from DLE offered to users of standard equipment. A special example of non-standard equipment is the mobile terminal which is covered in paragraph IV.F. DLE and the user agency will meet the following responsibilities:

1. The Department of Law Enforcement will:

a. Provide technical information such as communications disciplines (electronic procedures by which computers and terminals "talk" to each other) and message structures necessary for successful connection to LEADS.
CAUTION: LEADS will only allow connection of equipment which operates at certain specific data transmission rates and which uses one of the communications disciplines which DLE supports. DLE will NOT perform special programming to support a communications discipline that is not already supported by DLE.

b. Place orders for the installation, relocation, or removal of all communications lines and related communications facilities (modems).

c. Perform all programming required at the DLE Data Center which is identical to that provided for the fully supported environment.

V.D.1. NON-SUPPORTED ENVIRONMENT — DLE will: (Continued)

d. Make all technical services arrangements related to the installation, maintenance, repair, relocation, and removal of all communications lines and related communications equipment. DLE will NOT be responsible for maintenance arrangements on any of the user agency's terminal equipment.

e. Absorb all costs related to the computer equipment at the DLE Data Center, with the exception of those costs related to the transmission control unit in such cases where a non-supported terminal requires additional equipment on that unit.

f. Provide a reference manual, publications, notices, and special bulletins in the language of the Fully-Supported Terminal Environment.

CAUTION: The user must understand that the terminology and procedures described in LEADS publications will frequently NOT correspond exactly to the terminology and procedures established in the non-supported environment. This places an additional responsibility on the user agency to insure that all LEADS-written communications are understood and adhered to.

g. Provide training for terminal operators and interested administrative personnel in the use of the LEADS Operating and Reference Manuals and the various LEADS services. DLE will NOT provide training on the operation of non-standard terminal equipment.

h. Provide assistance for identifying the source of operational problems. DLE will make arrangements for the correction of those problems determined to be related to the Data Center or the communications line. DLE accepts no responsibility for the correction of difficulties found to be associated with the user's terminal equipment.

2. The Non-Supported agency will:

a. Arrange for a conference between its own representatives, the terminal vendor, and DLE. The conference must be successfully concluded before DLE will make any preparations for connection of non-standard equipment. DLE suggests that this meeting occur prior to the signing of a contract between a participating agency and any vendor. If not prior to signing, the meeting should occur at the earliest possible time thereafter. DLE accepts no responsibility for misunderstanding of LEADS specifications and requirements which occur between the local agency and its vendor.

b. Pay the cost of supplies and the cost of installation, monthly rental, relocation and removal of all terminal and line-related equipment.

IV.D.2. The Non-Supported agency will: (Continued)

c. Pay the cost of a dedicated communications line (a line to which no other agency is connected).

CAUTION: The cost of a dedicated line is based on the distance between the local terminal and the LEADS Data Center, and on the data transmission rate desired. This cost is frequently much higher than local agencies anticipate and has resulted in significant changes to agency plans.

d. Pay the cost of connecting the communications line to the transmission control unit at the LEADS Data Center.

e. Pay the cost of all design work, programming, and maintenance associated with the terminal equipment. (Maintenance of the communications line is included in the monthly line charge.)

f. Pay all expenses resulting from problems which are caused by the terminal equipment.

g. Provide operating and administrative personnel at the terminal location.

h. Provide training of agency personnel in the use of terminal equipment.

i. Insure that an individual agency's system will provide access to ALL authorized LEADS files and services, and permit the agency's operator to perform all functions that may be performed on fully-supported equipment. The only exception is the service of on-line entry of Uniform Crime Reports (I-UCR) data which the agency may elect not to provide.

j. Absorb all costs for reprogramming and equipment modifications which become necessary to keep in step with changes made at the LEADS Data Center. (See Section XIII, paragraph B of these Regulations.)

CAUTION: LEADS is constantly being changed. New capabilities are added frequently. An agency operating in the Non-Supported Environment must be prepared to absorb the costs necessary to provide all of the same services LEADS provides to fully-supported terminals. Electing not to supply all services offered by LEADS (with the exception of on-line I-UCR data entry) is in violation of these Regulations.

k. Absorb the expense of travel, lodging, and meals incurred by agency and vendor representatives who attend training sessions, conferences, etc., unless otherwise stipulated by DLE.

E. AGENCY SUPPLIES STANDARD EQUIPMENT -- SEMI-SUPPORTED ENVIRONMENT

An agency will qualify for nearly full support when it obtains equipment from its own sources which is identical to equipment offered through DLE.

IV.E. AGENCY SUPPLIES STANDARD EQUIPMENT--SEMI-SUPPORTED (Continued)

1. The Department of Law Enforcement will:

   a. Place all orders for the installation, relocation, or removal of the communications lines and related equipment (modems).

   b. Make all technical services arrangements for installation, maintenance, relocation, and removal of the communications lines and equipment.

   c. Perform all system analysis, design, and programming required at both the Data Center and the terminal.

   d. Absorb all costs related to the computer equipment at the Data Center.

   e. Provide training for terminal operators and interested administrative personnel representing the participating agency.

   f. Provide a reference manual, publications, notices, and special bulletins.

   g. Provide assistance towards the solution of operational problems.

2. The Semi-Supported agency will:

   a. Meet with DLE if requested to do so.

   b. Make all arrangements for installation, relocation, maintenance, and removal of the terminal equipment.

   c. Assume all responsibility for contractual agreements with the terminal vendor and all related expenses.

   d. Provide operating and administrative personnel at the terminal site.

   e. Absorb the cost of travel, lodging, and meals for its own personnel attending training sessions, conferences, etc., unless other funding is provided to the agency.

   f. Notify DLE in writing and receive approval from DLE prior to any change being made to the terminal equipment.

   g. Notify DLE in writing and receive approval from DLE prior to connecting the equipment to or disconnecting it from LEADS.

   h. Bear the expense of changes to the terminal equipment made necessary by changes to LEADS.

   NOTE: All written communications necessary for the above must be addressed to LEADS Administrator, Department of Law Enforcement, 501 Armory Building, Springfield, IL 62706.

IV. EQUIPMENT OPTIONS FOR CONNECTING TO LEADS (Continued)

F. MOBILE TERMINALS

1. "Mobile Terminal" Defined -- A mobile terminal is a device installed in a vehicle which has the capability to send and/or receive digital messages. There are two basic types in use:

   a. the receive-only teleprinter which has no typewriter-like keyboard.

   b. the two-way mobile terminal which lets the officer type out and send messages from the vehicle as well as to receive messages.

2. Mobile Terminal Regulations — Both types of mobile terminal, when used to send data to and/or to receive data from LEADS, are governed by the regulations for the NON-SUPPORTED ENVIRONMENT covered in paragraph IV.D of these Regulations. In addition, the following requirements must be met by the agency participating in LEADS:

   a. Before requesting bids for any mobile terminal equipment, the LEADS Administrator must be notified in writing of:

      (1) the fact that mobile terminals are being planned,

      (2) the type of mobile terminal,

      (3) the number of mobile terminals to be installed, and

      (4) the installation date(s).

   b. If called for by the LEADS Administrator, the agency must meet with the LEADS Staff.

   c. The agency must satisfy the LEADS Administrator that safeguards will be employed to guarantee that Computerized Criminal History (CCH) data may neither be directly requested nor received at any mobile terminal.

   d. The agency must insure that all officers and other personnel who operate a mobile terminal understand and comply with Section IX of these Regulations--DISSEMINATION OF DATA OBTAINED THROUGH LEADS.

   e. The agency must insure that all mobile terminals are secure at all times from use by unauthorized personnel.

V. FINANCIAL RESPONSIBILITY

Agencies participating in LEADS shall promptly meet all monetary obligations to the vendor(s) which provides terminal equipment, maintenance, and lines.

A. FINANCIAL OBLIGATIONS

1. Normal Monthly Charges -- Normal monthly charges include the following:

   a. Charges for LEADS lines and modems (communications facilities).

   b. Charges for vendor-owned LEADS terminal/printer equipment.

   c. Charges for contract maintenance on LEADS equipment not owned by the vendor(s).

2. Other Charges -- Other charges include the following:

   a. Shipping charges on LEADS equipment shipped to participating agencies.

   b. Installation charges for LEADS communication lines and equipment installed by a vendor.

   c. Charges for relocating LEADS communications lines or equipment.

   d. Maintenance charges not covered by normal LEADS equipment leasing or contract maintenance charges. Damage caused by failing to maintain the proper terminal environment, not keeping the electrical supply within specifications, or abusing the equipment will result in additional charges on a time and materials basis.

B. USER PURCHASES SUPPLIES -- Participating agencies will purchase their own printer paper, printer ribbons, and perforator tape. Specifications for such supplies and lists of possible vendors are available from the Department of Law Enforcement on request. The listing of any vendor in no way represents an endorsement or recommendation by DLE, but is furnished to assist participating agencies in locating possible sources of supply.

VI. TERMINAL ENVIRONMENT, LOCATION AND SECURITY

The following constraints pertaining to LEADS terminal environment, location and security are binding on each participating agency:

A. ENVIRONMENT -- The terminal must be located in a safe, clean and dry environment. Each agency must provide electric service as well as controlled temperature and humidity levels specified by the terminal manufacturer.

B. LOCATION -- The principal terminal must be located within or adjacent to the communications equipment control console to insure continuous monitoring of the printer and/or CRT screen. The CRT interface device (modem) must be accessible to the terminal operator to facilitate line and/or terminal restoration procedures by the vendor.

C. SECURITY -- All terminal components (Model 35 printer or CRT display unit, keyboard, printer and modem) must be placed in a location under the direct control and supervision of authorized personnel as identified in these LEADS Regulations and Policies and be inaccessible to the public or persons not qualified to either operate, view or possess LEADS transmitted or received data. It is further recommended that land lines coming into the building housing the LEADS terminal be buried.

VII. RECORDS RESPONSIBILITY

Each agency assumes certain obligations inherent with its participation in LEADS. Each participating agency, by accepting a LEADS terminal or by connecting to LEADS with its own equipment, implicitly agrees to the following conditions concerning the entry, maintenance and removal of its records and the maintenance of associated files:

A. COMPUTERIZED HOT FILES (CHF) RECORDS

1. Record Entry -- Each agency agrees to enter all records pertaining to thefts, criminal acts and missing/runaway persons into LEADS (and NCIC, where appropriate) as soon as the occurrence is known and sufficient identifiers are available to permit the establishment of a record. Temporary records may be entered when there is a question concerning the issuance of a warrant, but a permanent record must be established upon resolution of the complaint. All CHF entries must be in accordance with current procedures and codes as published in the LEADS Operating Manual and the LEADS Reference Manual.

2. 24-Hour Terminal Manning Requirement -- Any agency which has entered records into the CHF must insure that its terminal is operated on a 24-hour-per-day basis by trained and competent operators who have access to the necessary records to respond to inquiries relative to the status of that agency's LEADS records and who have both the knowledge and skill to correctly enter, modify, remove and interpret records.

3. Record Removal -- Each agency will promptly cancel their records when notified or when they become aware that the legal intent of their entry has been satisifed; i.e., the recovery of stolen property or the apprehension or return of suspects.

4. Ouality of Records — Each agency assumes responsibility for both the accuracy and timeliness of the records entered under its authority. Each agency will cooperate with LEADS/NCIC quality control efforts by modifying or removing records that are either incorrect or invalid. In all cases, the agency must take action relative to a record in question during the shift or work period that notification is received. The Department of Law Enforcement has the right to remove any record where a substantial question exists concerning the validity or accuracy of the record. Immediately upon removal of any record, DLE will notify the entering terminal.

5. Record Status Inquiries -- Each agency will respond promptly to inquiries from other agencies relative to the validity and currency of its LEADS/NCIC records.

6. Supporting Documents -- Each LEADS/NCIC record will be supported by an investigative document, active warrant or complaint. No permanent LEADS or NCIC entry will be made based solely on a telephone report by the alleged victim or owner. Documents supporting LEADS/NCIC records must be available to terminal operators on a 24-hour-per-day basis, either by direct access or telephone inquiry.

VII.A. COMPUTERIZED HOT FILES RECORDS RESPONSIBILITY (Continued)

7. Active Messages File -- Each agency will maintain an Active Messages File by entry category (wanted or missing persons, stolen vehicles, stolen guns, etc.) that is readily accessible to the terminal operator. The hard copy of the Enter Acknowledgment Message, complete with the LEADS Message Number (LDS) and, if appropriate, the NCIC Message Number (NIC), must be retained in the file as long as the message remains active in LEADS/NCIC. An agency with a computer connected to LEADS may maintain its Active Messages File on the computer instead of in hard copy form as long as the local computer file is readily accessible to the LEADS terminal operator and the computer file record is complete.

8. Cancelled Records File — The hard copy printout of all cancelled records, complete with recovery/apprehension data and date, must be retained for at least one (1) year in a Cancelled Records File. This file must be maintained separately from the Active Messages File. An agency with computer facilities may maintain the Cancelled Records File on magnetic tape or other computer storage media as long as all data elements specified here for a hard copy file are contained in the computer record.

9. Multi-Jurisdictional Communications Center — Multi-Jurisdictional communications centers must maintain complete and separate Active Messages Files and Cancelled Records Files for each member agency served by the center and authorized to enter records into LEADS. When a member agency in a communications center has access to LEADS via another terminal located within its own department in addition to the terminal or terminals located within the communications center, the member agency must select one (1) location, either the agency location or the communications center, that will (a) enter, maintain and remove all LEADS records for that agency and (b) abide by LEADS policy relative to security and staffing constraints.

B. ILLINOIS UNIFORM CRIME REPORTING (I-UCR)

1. Record Entry — Any agency which accepts a funded, LEADS Upgrade CRT (Cathode Ray Tube) video terminal is required to enter I-UCR data by one of the following methods:

   a. Direct entry through the LEADS Upgrade CRT terminal

   b. Magnetic tape

   c. Punched cards

   This procedure should begin within thirty (30) days of the completion of training for I-UCR entry. If an agency fails to comply with this policy, the terminal may be removed.

2. I-UCR Not CRT Justification -- No funded, LEADS Upgrade CRT (Cathode Ray Tube) video terminal will be ordered if justified solely on I-UCR entry requirements.

VIII. VALIDATION OF COMPUTERIZED HOT FILES (CHF) RECORDS

A. IMMEDIATE REMOVAL -- Computerized Hot File records in both LEADS and NCIC must be immediately removed when no longer valid. Promptness in entering, modifying, voiding, and cancelling records is essential to maintaining the integrity of the LEADS/NCIC files. Each record in the files is identified with the agency originating that record, and that agency alone is responsible for the accuracy of that record.

B. MANDATORY PARTICIPATION -- It is mandatory that all agencies having records in the LEADS Computerized Hot Files (CHF) participate in the LEADS Record Validation Programs.

C. COMPARISON WITH CASE FILES -- For validation purposes, each record entered by an agency will be listed on a computer print-out titled Illinois LEADS Validation Listing. The agency should compare the data in each record with the information in its case files. Whenever possible, the original complainant should be interviewed.

D. VEHICLE RECORDS -- A stolen motor vehicle record meeting the criteria of current LEADS formatting (entry) will be maintained in the system for the current year plus four years unless through prompt record maintenance or LEADS validation research, the motor vehicle in question is determined to have been recovered or a registered owner and/or legal owner cannot be located for disposition purposes during any one of the validation searches that occur every one hundred and eighty (180) days. It is the responsibility of the originating agency to cause the necessary research to be completed to determine information identifying the registered owner and/or legal owner by name and address.

E. MARKING THE VALIDATION LISTING -- The original copy of the Illinois LEADS Validation Listing must be marked to indicate which records are active and which records have been cancelled. It is not the responsibility of the LEADS Data Center to cancel the records of any agency. When it is determined that a record is no longer valid, it is the responsibility of the entering agency to immediately cancel this record.

F. NON-TERMINAL AGENCY -- When a terminal agency is entering records for a non-terminal agency, it is the responsibility of the terminal agency to obtain confirmation from the non-terminal agency that the records are still valid.

G. AGENCY HEAD'S SIGNATURE REQUIRED -- The Agency Head (Chief of Police, Sheriff, District Commander, or Superintendent) accepts responsibility for the validity of all records entered by their agency by signing the LEADS Validation Certification Document. The signature of a lesser official will not be accepted.

H. RETURN TO LEADS -- The LEADS Validation Certification Document and the original copy of the Illinois LEADS Validation Listing must be returned to the LEADS Data Center prior to the deadline for the program.

I. FAILURE TO VALIDATE -- Failure of an agency to comply with the validation regulations will result in the voiding of all records entered into LEADS by that agency.

IX. DISSEMINATION OF DATA OBTAINED THROUGH LEADS

A. GENERAL RESTRICTIONS

1. Criminal Justice Purposes Only -- All data supplied through LEADS is to be used strictly for criminal justice purposes.

2. Personal Use Prohibited — It is strictly forbidden to obtain any data through LEADS for personal reasons.

3. Personal Messages Prohibited — It is strictly forbidden to transmit messages over LEADS or to encourage messages to be transmitted over LEADS for reasons of personal, unofficial communication. For example, LEADS may not be used for communicating personal messages from one LEADS terminal to another.

4. Selling Data Prohibited — It is permissible to prorate or share the costs of your LEADS operation among one or more other departments for which you provide all LEADS services. However, it is strictly forbidden to sell any information obtained through LEADS to any individual, group of individuals, organization, government agency, or corporation.

5. Unauthorized Dissemination Prohibited -- It is strictly forbidden to disseminate any information obtained through LEADS to any individual or organization that is not legally authorized to have access to that information.

B. SPECIFIC DATA DISSEMINATION REGULATIONS

1. Computerized Hot Files (CHF)

The information found in the CHF is generally considered to be a matter of public record. However, dissemination of such data beyond the law enforcement/criminal justice community must be approached with caution.

2. National Crime Information Center (NCIC)

a. The following statements apply to NCIC data and are taken directly from page Intro-6 dated 6-30-77 of the NCIC Operating Manual:

(1) "The data stored in the NCIC is documented criminal justice information and access to that data must be restricted to duly authorized criminal justice agencies."

(2) "The FBI uses hardware and software controls to help ensure system security. However, final responsibility for the maintenance of the security and confidentiality of criminal justice information rests with the individual agencies participating in the NCIC."

b. As an NCIC Control Terminal Agency, the Illinois Department of Law Enforcement must assume responsibility for and enforce NCIC system security with regard to all other agencies participating in NCIC through LEADS.

IX.B. SPECIFIC DATA DISSEMINATION REGULATIONS (Continued)

3. Secretary of State (SOS)

a. Any request for any SOS record via LEADS shall be for criminal justice purposes only.

b. SOS data required for non-criminal justice purposes must be obtained directly from the SOS; i.e., LEADS may not be used.

c. Although the Illinois Revised Statutes authorize the Secretary of State to charge fees for providing registration and vehicle records, there is no provision for any criminal justice agency to charge for SOS data obtained through LEADS. Any such charge or fee is prohibited under the General Restrictions (IX.A.4) of these Regulations.

4. Foreign States' Drivers Licenses and Vehicle Registrations via NLETS

a. Drivers license and vehicle registration information is provided by other states to Illinois departments via NLETS/LEADS on the same basis that the Illinois SOS provides this information — FOR CRIMINAL JUSTICE PURPOSES ONLY.

b. If out-of-state driver or vehicle data is required for non-criminal justice purposes, LEADS/NLETS may not be used. Instead, agencies participating in LEADS/NLETS must advise the requestor to deal directly with authorities in the state that houses the desired records.

5. Firearm Owner's Identification (FOID)

a. FOID data is provided by the Department of Law Enforcement to "law enforcement authorities" as stipulated in Chapter 38, paragraph 83-1 of the Illinois Revised Statutes.

b. Dissemination of FOID information obtained through LEADS is restricted to peace officers.

6. Illinois Uniform Crime Reporting (I-UCR)

a. I-UCR data which is supplied to the State may be disseminated to the public by the originating agency at any time.

b. I-UCR data compiled by the State must not be disseminated to the public, except by the originating agency, until after such time as the compiled data has been verified and made official for release by the Director of the Department of Law Enforcement.

IX.B. SPECIFIC DATA DISSEMINATION REGULATIONS (Continued)

7. State Alcohol Licensing Operational On-line Network (SALOON)
Liquor license data and data on licensed establishments and owners are available through LEADS/SALOON, only for official criminal justice purposes. LEADS/SALOON must not be used to obtain this data for non-criminal justice purposes or for non-criminal justice agencies and individuals. Instead, these requests should be referred directly to the Illinois Liquor Control Commission, 160 North LaSalle Street, Chicago, IL 60601; 312/793-2210.

8. Computerized Criminal Histories (CCH)
   a. Criminal History Record Information (CHRI) obtained from the Department of Law Enforcement over LEADS shall not be disseminated to any person or agency not authorized by law to receive such information.
   b. The Department of Law Enforcement will not respond to computerized inquiries (CCH inquiries or directed messages) for licensing or employment purposes. LEAA guidelines mandate that the Department of Law Enforcement maintain complete and accurate records. The dissemination of information meeting these standards is of utmost importance with regard to licensing and employment matters. As such, DLE shall disseminate CHRI for licensing and employment purposes, only after completing a fingerprint search of Department files.
   c. The delivery of old or outdated CHRI to another criminal justice agency is highly discouraged. In order to ensure the dissemination of the most current data available, the disseminating agency should query (inquire into) the Department of Law Enforcement whenever feasible. The Department recognizes that exceptions may exist justifying dissemination without querying in extraordinary circumstances.
   d. Each transaction which involves any extra-agency release (release to any agency other than your own) of CHRI as supplied by the Department of Law Enforcement must be logged in a Secondary Dissemination Log maintained by the agency which ran the inquiry. The content of entries required in the log is reflected in Section 4 of the referenced "Criminal Justice Agreement" and includes:

      (1) Name of requesting agency having access to Criminal History Record Information (CHRI).
      (2) Name of the requestor (i.e., the person getting CHRI on behalf of an authorized agency).
      (3) Name of the individual to whom the information relates.
      (4) BCI Number of the individual to whom the information relates.
      (5) Date of dissemination.

      Secondary Dissemination Logs shall be maintained for a period of three (3) years following the last date of dissemination contained therein. After the three-year maintenance period expires, the logs may be destroyed provided that express authorization is granted in accordance with either The State Records Act or The Local Records Act (Illinois Revised Statutes 1977, Chapter 116, Section 43), whichever is applicable.

X. OPERATING PROCEDURE REGULATIONS

LEADS is a complex system having limited resources which must be shared by many users. The use or misuse of LEADS by one agency can significantly affect all other users. Therefore, compliance with these Operating Procedure Regulations is necessary to optimally and fairly allocate LEADS resources and services.

A. HOT FILES HIT PROCESSING

1. Q or Z Hit, Subject or Property in Custody — As soon as possible after receiving a positive hit response to an inquiry, the agency receiving the hit message must contact the Originating Authority (ORA) of the record to confirm the status of the record. The inquiring agency must also insure that the record, in fact, pertains to the same subject, vehicle, property, etc., which is in custody.

2. Q Hit, Subject or Property Not in Custody — When the inquiring agency receives a hit by Q inquiry on a LEADS (not NCIC) record but does NOT have the person, vehicle, or property in custody, the inquiring agency MUST notify the Originating Authority (ORA) of that fact. (A Q-hit on a LEADS record causes the originator of the record to receive automatic notification of who hit the record. The Originating Authority will be expecting an explanation from the inquiring agency.)

3. Locating — A confirmed hit with the subject, vehicle, or property in custody requires that the agency receiving the hit immediately perform a LOCATE transaction against all record(s) that were determined to be applicable.

4. Retention of Terminal-Produced Printout — When an operational inquiry on an individual or property yields a valid positive response (hit), the original copy of the terminal-produced printout showing the record(s) on file in LEADS/NCIC should be retained for use in documenting probable cause for the detention of the missing person, arrest of the wanted person, or seizure of the property. The printout may also prove valuable in a civil suit alleging a false arrest, a false imprisonment, a civil rights violation, or an illegal seizure of property.

   When an NCIC inquiry yields a hit, the terminal employee making the inquiry should note on the original copy of the terminal-produced printout precisely how, when, and to whom the information was given; sign and date this notation; and forward the printout to the inquiring officer or agency for retention in the case file. This procedure establishes the chain of evidence for the communication should the arresting officer need to substantiate his actions in a judicial proceeding.

   The printout should be retained for as long as there remains any possibility that the defendant will challenge the arrest, search, or other law enforcement action taken because of the information contained on the printout. Retain the printout until all possible levels of appeal are exhausted or the possibility of a civil suit is no longer anticipated.

X. OPERATING PROCEDURE REGULATIONS (Continued)

B. BROADCASTING OF MESSAGES

1. Stolen or Recovered Property — Item-by-item lists of stolen or recovered property are NOT to be broadcast over LEADS either statewide, regionally, or to a district. A brief summary message in generic terms may be broadcast if it is felt such a message will aid in the recovery of stolen property or in owner identification of recovered property.

2. Range Limitations — The extent of the area over which a message is broadcast must be carefully limited to include only those agencies which can reasonably be expected to have interest in or a need to know the contents of the message. For example, a message concerning only Illinois and surrounding states should NOT be broadcast nationwide. A message of interest only to Cook and surrounding counties should not be broadcast statewide.

   NOTE: Message broadcasting is expensive in terms of the LEADS resources consumed. It must be used judiciously.

3. Holiday Greetings — On no occasion is it permissible to use LEADS for broadcasting a message of holiday greetings.

4. Political Messages — On no occasion is it permissible to use LEADS for broadcasting a message dealing with a political campaign, political rally, or candidate for political office.

5. Commercial Messages — The use of LEADS is prohibited for sending messages of a commercial nature.

C. POINT-TO-POINT ADMINISTRATIVE MESSAGES

1. Brevity and Abbreviations — All messages transmitted over LEADS must be brief and to the point. Furthermore, abbreviations should be used wherever possible. However, obscure abbreviations should be avoided to prevent confusion and misunderstanding.

2. Judicious Use of Bells — At no time shall a single message contain more than five (5) Bell characters. The Bell feature is provided as a means of calling attention to messages of particular importance or urgency. Excessive use of the Bell may annoy the recipient and could defeat the purpose for which the Bell is intended. The great majority of messages should contain no Bell character at all.

3. Improper Signature — It is strictly prohibited to ever sign a LEADS message for another department or in any way imply that a message was authorized by an authority other than that of the sending terminal unless such other authority has specifically requested that the message be sent.

X. OPERATING PROCEDURE REGULATIONS (Continued)

D. PROMPT ACKNOWLEDGEMENT OF MESSAGES RECEIVED

10-Minute Rule — Except where unusual circumstances prevent compliance, all directed or administrative messages should be acknowledged by the receiving agency within 10 minutes of receipt. If a full reply can be sent within 10 minutes, the reply itself serves as the acknowledgement of receipt. If a complete reply cannot be prepared within 10 minutes, the message should be acknowledged (within 10 minutes) along with an indication as to when a complete reply can be expected.

NOTE: The 10-Minute Rule does not apply to a message broadcasted to many agencies as members of a broadcast list unless the sender specifically asks for an acknowledgement or reply.

E. SCHEDULING NON-CRITICAL TRANSACTIONS — In the interest of preventing degraded LEADS service during LEADS' busiest periods (weekdays between 0800 and midnight), it is highly recommended that non-critical transactions be scheduled for weekends and weekdays between 0100 and 0700 hours. This will result in better service for the agency doing the scheduling and will prevent that agency from causing degraded service to other LEADS users who are running urgent transactions. Messages which should be considered for scheduling are:

— Routine I-UCR data entry.

— 10-28's for the purpose of collecting overdue parking ticket fines.

— A list of 10-28's submitted by a detective asking for checks "when time permits."

— Inquiries pertaining to routine, semi-annual validation of Hot Files records.

CAUTION: Entry, modification, cancellation, or voiding of a Hot Files record should never be scheduled for a later time.

X. OPERATING PROCEDURE REGULATIONS (Continued)

F. SERVICING NON-TERMINAL AGENCIES

The following regulations apply to any agency which routinely provides all LEADS services for one or more other criminal justice agencies which do not have their own LEADS terminals:

1. LEADS Message Service Agreement — One copy of this Agreement must be executed with each agency which is routinely serviced. The signed Agreement must be filed with the Department of Law Enforcement.

2. Responsibility for Agreement Initiation — The agency providing LEADS services (the LEADS terminal agency) is responsible for initiating the Service Agreement with the serviced, non-terminal agency.

3. Source of Forms — Copies of the "LEADS Message Service Agreement" form are available from the LEADS Administrator, 501 Armory Building, Springfield, IL 62706; 217/782-7677.

4. Termination of Service Agreement — If either party to the LEADS Message Service Agreement wishes to terminate the Agreement for any reason, the LEADS terminal agency must immediately notify the LEADS Administrator of this fact.

XI. ADMINISTRATIVE RESPONSIBILITIES

A. APPOINT A LEADS SUPERVISOR

1. Appointment Required — Every LEADS terminal agency is required to appoint one employee as its LEADS Supervisor. The name of this person must be submitted to the LEADS Administrator.

2. Supervisor Qualifications — The minimum requirements for the appointed LEADS Supervisor are:

   a. Must be an employee under the direct management control of the chief, sheriff, superintendent, district commander, or other criminal justice agency head.

   b. Must be thoroughly familiar with all LEADS Regulations and Policies.

   c. Must be familiar with the LEADS Reference and Operating Manuals and all LEADS capabilities and procedures.

3. Supervisor Duties — Some of the duties of the LEADS Supervisor will be to:

   a. Serve as liaison with Department of Law Enforcement personnel on routine, LEADS-related matters.

   b. Coordinate training of ALL agency personnel on LEADS capabilities, procedures, regulations and policies.

   c. Assist the Agency Head to insure that all LEADS Regulations and Policies are followed.

   d. Provide input to LEADS personnel of the Department of Law Enforcement regarding problems and ideas for improvement and changes to LEADS.

   e. Insure that the LEADS Reference and Operating Manuals are properly updated in accordance with paragraph XI.B which follows.

4. Termination — Immediately upon the termination or reassignment of the LEADS Supervisor, the Agency Head must appoint and notify the LEADS Administrator of the new LEADS Supervisor.

XI. ADMINISTRATIVE RESPONSIBILITIES (Continued)

B. MAINTAIN LEADS REFERENCE MANUAL

1. Must Maintain All Copies -- The LEADS terminal agency must maintain all copies of the LEADS Reference Manual that have been issued to it. This shall include:

   a. Insuring that all pages are intact and worn pages are replaced.

   b. Inserting all Modifications within five (5) working days after receiving them from the LEADS Data Center in Springfield.

   c. Properly maintaining the Modification Register found in the chapter on Changes in this Manual.

   d. Promptly returning the Receipt which accompanies each Modification.

   e. Insuring that no changes, alterations, additions or deletions are made to the Manual other than those directed by LEADS unless prior written approval is received from the LEADS Administrator.

   f. Returning any copies of the Manual which are no longer needed.

2. Copying Restricted -- Unless otherwise specified, copying any part or all of this Manual is prohibited! Individual pages may be copied to replace worn pages which are being discarded. Lost or missing pages may be replaced by notifying terminal KQC or by writing to LEADS Manual, 501 Armory Building, Springfield, IL 62706. Additional copies of the complete Manual may be obtained as explained below.

   NOTE: Creating extra copies of part or all of this Manual by copying locally is prohibited in order to avoid the problem of keeping the extra copies current. Modifications are mailed out only for serialized copies issued from Springfield.

3. Requesting Additional Copies -- Each LEADS terminal agency is issued one (1) serialized copy of the LEADS Reference Manual. Requests for additional copies must be accompanied by written justification of the need for more than one copy. Send requests with justification to: LEADS Reference Manual, 501 Armory Building, Springfield, IL 62706.

4. Non-Supported Terminal Agency MUST Maintain One Manual -- A LEADS terminal agency using its own equipment and operating in a NON-SUPPORTED ENVIRONMENT (see paragraph IV.D of these Regulations) must maintain at least one copy of the LEADS Reference Manual as provided by LEADS. This is required even if the agency has manuals of its own which pertain specifically to its own equipment, policies, and procedures.

5. Must Maintain 'Old' Manual Too -- All of the above regulations apply to the 'old' LEADS Operating Manual (white and blue covers) until such time as it has been completely superseded by the LEADS Reference Manual.

XI. ADMINISTRATIVE RESPONSIBILITIES (Continued)

C. OBTAIN LEADS TRAINING

1. It is mandatory that an agency operating a LEADS terminal have in its employment at all times at least one (1) individual who has successfully completed a LEADS training class conducted by the Illinois Department of Law Enforcement.

2. It is highly recommended that a fully trained LEADS operator be on duty at all times.

3. It is recommended that all LEADS terminal operators and dispatchers complete a LEADS training class conducted by the Illinois Department of Law Enforcement.

4. It is highly recommended that ALL sworn officers and administrative personnel receive periodic orientation on LEADS capabilities, procedures, rules, and regulations.

D. PARTICIPATE IN LEADS WORKSHOPS/CONFERENCES

1. Annual LEADS Conference — The Department of Law Enforcement (DLE) hosts a conference in Springfield every Fall for all LEADS participants. It is highly recommended that every LEADS terminal agency be represented at these conferences.

2. Regional LEADS Workshops — DLE conducts one-day workshops or mini-conferences at various locations throughout the State. Generally, one workshop per year is held in each region of the State. It is highly recommended that every LEADS terminal agency be represented at a minimum of one workshop per year.

E. KNOW DAILY BULLETIN BOARD CONTENTS

1. Every day, Monday through Friday (except holidays), the LEADS Staff puts a message into LEADS which is referred to as the "BUL" or Daily Bulletin Board message. These messages contain a wide variety of information from critically important operational bulletins to nice-to-know comments.

2. All LEADS terminal agencies will be held responsible for knowledge of and compliance with ALL information and instructions promulgated through the Daily Bulletin Board.

3. When the Daily Bulletin Board asks for voluntary response to questions on LEADS-related matters, all LEADS terminal agencies are urged to respond whenever possible. This may often represent an opportunity for your department to "vote" on the future of LEADS.

XII. AUDITS OF PARTICIPATING AGENCIES

The Department of Law Enforcement reserves the right to conduct routine audits of any agency participating in LEADS at any time. The purpose of an audit will be to determine that all of these LEADS Regulations in general or certain of these Regulations in particular are being complied with.

A. AUDIT PROCEDURES

1. The Department of Law Enforcement will:

   a. Routinely give two (2) weeks notice prior to the commencement of an audit;

   b. Provide personnel to conduct the audit;

   c. Furnish a written report of its findings to the audited agency at the conclusion of the audit.

2. The agency being audited will:

   a. Make its LEADS Supervisor available to provide assistance during the audit;

   b. Make available to the auditors the Active Messages File, the Cancelled Records File (see subparagraphs VII.A.7 and 8 on page REGS-20), logs, all copies of the LEADS Reference Manual, and non-confidential case file material supporting LEADS and NCIC Hot Files entries;

   c. Permit the auditors access to all LEADS terminal operators, clerks handling I-UC entry, and other agency personnel involved with LEADS-related activities.

B. CCH AUDITS — Federal requirements demand that the Department of Law Enforcement select a random sample of agencies for periodic auditing in order to ensure compliance with security and privacy provisions. As these relate to CCH considerations, such audits shall be limited to:

1. Evaluation of agency compliance with secondary dissemination logging provisions outlined in subparagraph IX.B.8.d of these Regulations.

2. Terminal security.

3. Distribution of CCH Output Reports and any other CHRI supplied by the Department.

XIII. PROCEDURES FOR IMPLEMENTING CHANGES

A. CHANGES TO THESE REGULATIONS — If it should become necessary for the Director of the Department of Law Enforcement to change these Regulations, the following procedures will be used:

1. Filed with the SOS — All changes to these Regulations will be filed with the Secretary of State in accordance with provisions of the Administrative Procedure Act, Illinois Revised Statutes, Chapter 127, Sections 1005 and 1006.

2. Published in the LEADS Reference Manual — Upon taking effect, changes to these Regulations will be published and distributed as part of a routine, bi-monthly Modification to the LEADS Reference Manual, Chapter 30.

B. CHANGES TO LEADS SERVICES — These Regulations require that any agency using non-standard equipment must provide access to ALL authorized LEADS files and services and permit the agency's operator to perform ALL functions that may be performed on fully-supported equipment. The one exception is on-line entry of I-UCR data. (See IV.D.2., subparagraphs i and j, page REGS-14.)

The following regulations will apply when changes are to be made to LEADS:

1. The Department of Law Enforcement will:

a. Announce Each Change — Major additions or changes to LEADS services or procedures for LEADS access will be announced by DLE at least 45 days prior to the planned implementation date. Such announcements will be made as articles in the LEADS monthly Newsletter and/or as notices in the on-line Daily Bulletin Board. (See paragraph XI.E of these Regulations, page REGS-31.)

b. Issue Technical Bulletin — When the DLE LEADS Staff believes that a change will dictate that technical modifications must be made by local LEADS users of non-standard equipment, a technical bulletin will be provided by DLE. The bulletin will be mailed to all requesting LEADS user agencies at least 30 days prior to the planned implementation date of the change or addition.

c. Provide Notice of Implementation — When a change is implemented, DLE will immediately notify all users of that fact through the Daily Bulletin Board.

d. Enter An Operational Note — When deemed necessary, DLE will enter an Operational Note into the on-line Help File to provide appropriate instructions for dealing with the change.

e. Publish Manual Modification — All changes to LEADS services will be reflected in a bi-monthly LEADS Reference Manual Modification to be published by DLE no more than 90 days after the actual implementation date.

XIII.B.1. CHANGES TO LEADS SERVICES -- DLE will: (Continued)

f. Expedite Emergency and Minor Changes -- DLE reserves the right to make emergency and minor changes and additions to LEADS without prior notice or with less notice than called for in subparagraph 'a' above. Whenever this becomes necessary, DLE will still provide notice of implementation, enter an Operational Note, and publish a Manual Modification. If deemed necessary, a technical bulletin will be issued at the earliest possible time.

2. All LEADS User Agencies will:

a. Stay Abreast of Changes -- All users must be aware of all changes and additions to LEADS that are announced in the Daily Bulletin Board. All LEADS operators and other appropriate personnel should be informed at the earliest possible time.

b. Update Manuals -- The Reference Manual Modifications must be applied to all copies as stipulated elsewhere in these Regulations. (See paragraph XI.B.1 on page REGS-30.)

3. Agencies Operating Non-Standard Equipment will:

a. Request Technical Bulletins -- It shall be each individual agency's responsibility to request that it be placed on the mailing list to receive technical bulletins. The request may be made by directed message to terminal KQC, or by letter to the LEADS ADMINISTRATOR, 501 Armory Building, Springfield, IL 62706.

b. Promptly Implement Technical Changes -- To remain in compliance with the provisons of paragraph IV.D.2, subparagraph j (page REGS-14), the agency must implement any necessary technical changes within 60 days after the actual DLE implementation date or within 60 days after the technical bulletin is received, whichever occurs first.

c. Request An Extension -- In any case where the agency believes it cannot comply with b, above, within the specified time frame, it must submit a written request for an extension. The request must state the circumstances necessitating the extension and give the agency's plan and target date for getting into compliance. Requests must be sent to the LEADS Administrator, 501 Armory Building, Springfield, IL 62706.

The Director of the Department of Law Enforcement will grant extensions on an individual basis depending on the circumstances involved. Either the Director or the agency may also request a hearing as provided for in Section XIV of these Regulations.

XIV. NON-COMPLIANCE

Violation of these Regulations will be dealt with on an individual basis and could result in suspension of part or all LEADS capabilities, either temporarily or completely and permanently.

The Department of Law Enforcement reserves the right to suspend all or any portion of LEADS service without prior notification.

A. MINOR VIOLATIONS — When a violation of these Regulations occurs that does not threaten the integrity of LEADS, the LEADS Administrator will give written notice to the guilty agency explaining the violation. Such minor violations will not justify suspension of any LEADS access or service.

B. REPEATED, CONTINUOUS, OR MULTIPLE VIOLATIONS — When an agency is believed to be repeatedly or continuously in violation of these Regulations or has violated multiple Regulations, the Director of the Department of Law Enforcement shall set a hearing, providing the agency with at least 20 days advance written notice of the hearing date. See Hearing Procedures below.

C. MAJOR VIOLATIONS — When a violation of these Regulations or related law occurs that could seriously affect the integrity of LEADS or could threaten the safety of officers or the public, the Director of the Department of Law Enforcement reserves the right to immediately suspend all or part of LEADS access or services without prior notice. When this becomes necessary, the Director will immediately notify the suspended agency by the quickest means possible with a followup letter giving the following:

2. Reasons for suspension;

3. A hearing date which shall be within 10 days of the date of suspension.

If circumstances warrant, the Director may lift the suspension prior to the hearing. Normally, however, the suspension would remain in effect at least until the hearing has been concluded.

XIV. NON-COMPLIANCE (Continued)

D. HEARING PROCEDURES -- When a hearing has been set by the Director or his designee, the following procedures will be followed:

1. The agency believed to be in non-compliance will appear at the hearing.

2. Representatives of the LEADS Advisory Policy Board will present evidence that a violation has occurred or is occurring.

3. The agency shall be given an opportunity to explain the reasons for non-compliance or explain why the agency believes that it has not committed a violation.

4. If a violation has occurred, the agency will explain the steps taken to prevent a future violation or to eliminate non-compliance.

E. DIRECTOR'S DECISION — At the conclusion of the hearing, the Director may:

1. Suspend service;

2. Find compliance;

3. Lift a suspension already imposed;

4. Grant a period of time to comply with the Regulations.

If the Director grants additional time to comply, the Director shall set a date for a subsequent hearing to review compliance with the terms of the Director's order. At the second hearing, the Director may exercise any option he could have exercised at the original hearing.

This chapter shall be liberally construed to implement this policy and place the burden of proof for the nondisclosure of a public record on the public agency that would deny access to the record and not on the person seeking to inspect and copy the record. (1) To inspect a public record; or

(2) To search for, examine, or review a record to determine whether the record may be disclosed.

(c) The department of administration shall establish a uniform copying fee for the copying of one [1] page of a standard-sized document by state agencies. The fee may not exceed the average cost of copying records by state agencies or ten cents [10¢] per page, whichever is greater. A state agency may not collect more than the uniform copying fee for providing a copy of a public record. However, a state agency shall establish and collect a reasonable fee for copying nonstandard-sized documents.

(d) A public agency that is not a state agency may establish a copying fee schedule. The fee may not exceed the actual cost of copying the record by the agency.

(e) If:

(1) A person is entitled to a copy of a public record under this chapter; and
(2) The public agency which is in possession of the record has reasonable access to a machine capable of mechanically reproducing the public record; the public agency must provide at least one [1] copy of the public record to the person. However, if a public agency does not have reasonable access to such a machine, the person is only entitled to inspect and manually transcribe the record. A public agency may require that the payment for copying costs be made in advance.
(f) Notwithstanding subsections (b), (c), and (d), a public agency shall collect any copying or search fee that is specified by statute or is ordered by a court. [IC 5-14-3-8, as added by P.L.19-1983, § 6.]

5-14-3-9. Denial of disclosure — Action to compel inspection or copying of record. — (a) A denial of disclosure by a public agency occurs when:
(1) The person designated by the public agency as being responsible for public records release decisions refuses to permit inspection and copying of a public record when a request has been made; or
(2) Twenty-four [24] hours after any employee of the public agency refuses to permit inspection and copying of a public record when a request has been made;
whichever occurs first.
(b) A person who has been denied his right to inspect or copy a public record by a public agency may file an action in the circuit or superior court of the county in which the denial occurred to compel the public agency to permit him to inspect and copy the public record. Whenever an action is filed under this subsection, the public agency must notify each person who supplied any part of the public record at issue that a request for release of the public record has been denied. Such persons are entitled to intervene in any litigation that results from the denial. The person who has been denied his right to inspect or copy need not allege or prove any special damage different from that suffered by the public at large.
(c) The court shall determine the matter de novo, with the burden of proof on the public agency to sustain its denial. If the issue in a de novo review under this section is whether a public agency properly denied access to a public record because the record is exempted under section 4(b) [5-14-3-4(b)] of this chapter, the public agency meets its burden of proof under this subsection by proving that the record falls within one [1] of the categories of exempted records under section 4(b) of this chapter. The court may review the public record in camera to determine whether any part of it may be withheld under this chapter.
(d) In any action filed under this section, a court may award reasonable attorney fees, court costs, and other reasonable expenses of litigation to the prevailing party if:
(1) The plaintiff substantially prevails and the court finds the defendant's violation was knowing or intentional; or
(2) The defendant substantially prevails and the court finds the action was frivolous or vexatious. [IC 5-14-3-9, as added by P.L.19-1983, § 6.]

Public access to information — Confidential files — Restrictions upon public access as condition of gift [effective January 1, 1984]. — (a) All state agencies subject to the provisions of this chapter shall adhere to the policy that all persons are entitled to access to information regarding the affairs of government and the official acts of those who represent them as public servants, such access being required to enable the people to freely and fully discuss all matters necessary for the making of political judgments. To that end, the provisions of this chapter shall be construed to provide access to public records to the extent consistent with the due protection of individual privacy.

(b) Where such assurance is needed to obtain valuable considerations or gifts (which may include information) for the state, any agency, with the prior written approval of the oversight committee on public records, may allow restrictions upon public access to be imposed upon it as a specific condition of a contract, with a time limit not to exceed fifty [50] years or the lifetime of the individual, whichever is less. In order to promote the preservation of historical, cultural, natural, and other irreplaceable resources, the department of natural resources or the Indiana state library may extend,

beyond the lifetime of the individual, restrictions upon disclosure of information received, providing that such restrictions do not exceed fifty [50] years from the date of the donation in the case of the Indiana state library. [IC 4-1-6-8, as added by Acts 1977, P.L. 21, § 1; 1978, P.L. 10, § 4; 1979, P.L. 40, § 4; P.L.19-1983, § 3.]

4-1-6-8.5. Confidential classification to be designated on document — Interagency treatment of confidential information [effective January 1, 1984]. — In order to establish consistent handling of the same or similar personal information within and among agencies, each state agency collecting, maintaining, or transmitting such information shall apply the following principles and procedures:

(1) Information collected after December 31, 1978, which is classified as confidential must be clearly and uniformly designated as confidential in any form or other document in which it appears.

(2) When an agency which holds information classified as confidential disseminates that information to another agency, the receiving agency shall treat it in the same manner as the originating agency. [IC 4-1-6-8.5, as added by Acts 1978, P.L. 10, § 5; P.L.19-1983, § 4.]

4-1-6-8.6. Conditions for access to certain confidential records — Improper disclosure prohibited. — (a) In cases where access to confidential records containing personal information is desired for research purposes, the agency shall grant access if:

(1) The requestor states in writing to the agency the purpose, including any intent to publish findings, the nature of the data sought, what personal information will be required, and what safeguards will be taken to protect the identity of the data subjects;

(2) The proposed safeguards are adequate to prevent the identity of an individual data subject from being known;

(3) The researcher executes an agreement on a form, approved by the oversight committee on public records, with the agency, which incorporates such safeguards for protection of individual data subjects, defines the scope of the research project, and informs the researcher that failure to abide by conditions of the approved agreement constitutes a breach of contract and could result in civil litigation by the data subject or subjects;

(4) The researcher agrees to pay all direct or indirect costs of the research; and

(5) The agency maintains a copy of the agreement or contract for a period equivalent to the life of the record.

(b) Improper disclosure of confidential information by a state employee is cause for action to dismiss the employee. [IC 4-1-6-8.6, as added by Acts 1978, P.L. 10, § 6; 1979, P.L. 40, § 5; P.L.19-1983, § 5.]

4-1-6-9. Report of governor to general assembly. — (a) Under the authority of the governor, a report shall be prepared, on or before December 1, 1977, and annually thereafter, advising the general assembly of the personal information systems, or parts thereof, of agencies subject to this chapter [4-1-6-1 — 4-1-6-9], which are recommended to be maintained on a confidential basis by specific statutory authorization because their disclosure would constitute an invasion of personal privacy and there is no compelling, demonstrable and overriding public interest in disclosure. Such recommendations may include, but not be limited to, specific personal information systems or parts thereof which can be categorized as follows:

(1) Personal information maintained with respect to students and clients, patients or other individuals receiving social, medical, vocational, supervisory or custodial care or services directly or indirectly from public bodies;

(2) Personal information, excepting salary information, maintained with respect to employees, appointees or elected officials of any public body or applicants for such positions;

(3) Information required of any taxpayer in connection with the assessment or collection of any income tax; and

(4) Information revealing the identity of persons who file complaints with administrative, investigative, law-enforcement or penology agencies.

(b) In addition, such report may list records or categories of records, which are recommended to be exempted from public disclosure by specific statutory authorization for reasons other than that their disclosure would constitute an unwarranted invasion of personal privacy, along with justification therefor. [IC 4-1-6-9, as added by Acts 1977, P. L. 21, § 1, p. ___.]

CHAPTER 5

EXPUNGEMENT OF ARREST RECORDS

SECTION.
35-38-5-1. Petition for expungement of records — Procedure upon receipt of petition — Notice of opposition.

35-38-5-1. Petition for expungement of records — Procedure upon receipt of petition — Notice of opposition. — (a) Whenever:

(1) An individual is arrested but no criminal charges are filed against the individual; or

(2) All criminal charges filed against an individual are dropped because:

(A) Of a mistaken identity;
(B) No offense was in fact committed; or
(C) There was an absence of probable cause;
the individual may petition the court for expungement of the records related to the arrest.

(b) A petition for expungement of records must be verified and filed in the court in which the charges were filed, or if no criminal charges were filed, in a court with criminal jurisdiction in the county where the arrest ocurred. The petition must set forth:
(1) The date of the arrest;
(2) The charge;
(3) The law enforcement agency employing the arresting officer;
(4) Any other known identifying information, such as the name of the arresting officer, case number, or court cause number;
(5) The date of the petitioner's birth; and
(6) The petitioner's Social Security number.

(c) A copy of the petition shall be served on the law enforcement agency and the state central repository for records.

(d) Upon receipt of a petition for expungement, the law enforcement agency shall notify the court of the name and address of each agency to which any records related to the arrest were forwarded. The clerk shall immediately send a copy of the petition to each of those agencies. Any agency desiring to oppose the expungement shall file a notice of opposition with the court setting forth reasons for resisting the expungement within thirty (30) days after the petition is filed. A copy of the notice of opposition shall be served on the petitioner in accordance with the Rules of Trial Procedure. The court shall either summarily grant the petition or set the matter for hearing.

(e) If a notice of opposition is filed, the court shall set the matter for a hearing.

(f) The petition shall be granted unless the court finds:
(1) The conditions in subsection (a) have not been met;
(2) The individual has a record of arrests other than minor traffic offenses; or
(3) Additional criminal charges are pending against the individual.
[IC 35-38-5-1, as added by P.L.311-1983, § 3; P.L.295-1989, § 1.]

35-38-5-2. Disposition upon grant of petition. — If the petition for expungement is granted, the law enforcement agency shall within thirty [30] days of receipt of the court order, deliver to the individual or destroy all fingerprints, photographs, or arrest records in their possession. [IC 35-38-5-2, as added by P.L.311-1983, § 3.]

35-38-5-3. Retention of information in any criminal information repository prohibited — Changes in records not to be made. — Whenever the petition of an individual under section 1 [35-38-5-1] of this chapter is granted, no information concerning the arrest may be placed or retained in any state central repository for criminal history information or in any other alphabetically arranged criminal history information system maintained by a local, regional, or statewide law enforcement agency. However, this chapter does not require any change or alteration in any record (such as a police blotter entry) made at the time of the arrest or in the record of any court in which the criminal charges were filed. [IC 35-38-5-3, as added by P.L.311-1983, § 3.]

35-38-5-4. Action by person whose records are expunged which is defensible with contents of records — Presumption. — If a person whose records are expunged brings an action that might be defended with the contents of such records, the defendant is presumed to have a complete defense to such an action. In order for the plaintiff to recover, he must show that the contents of the expunged records would not exonerate the defendant. The plaintiff may be required to state under oath whether he had records in the criminal justice system and whether those records were expunged. If the plaintiff denies the existence of the records, the defendant may prove their existence in any manner compatible with the law of evidence. [IC 35-38-5-4, as added by P.L.311-1983, § 3.]

35-38-5-5. Petition to limit access to limited criminal history. — (a) A person may petition the state police department to limit access to his limited criminal history to criminal justice agencies if more than fifteen [15] years have elapsed since the date the person was discharged from probation, imprisonment, or parole (whichever is later) for the last conviction for a crime.

(b) When a petition is filed under subsection (a), the state police department shall not release limited criminal history to noncriminal justice agencies under IC 5-2-5-5. [IC 35-38-5-5, as added by P.L.311-1983, § 3.]

35-38-5-6. Violation — Penalty. — A law enforcement officer who violates this chapter commits a class B misdemeanor. [IC 35-38-5-6, as added by P.L.311-1983, § 3.]

22.1 Definitions.

Wherever used in this chapter, "public records" includes all records, documents, tape, or other information, stored or preserved in any medium, of or belonging to this state or any county, city, township, school corporation, political subdivision, or tax-supported district in this state, or any branch, department, board, bureau, commission, council, or committee of any of the foregoing.

The term "government body" means this state, or any county, city, township, school corporation, political subdivision, tax supported district or other entity of this state, or any branch, department, board, bureau, commission, council, committee, official or officer, of any of the foregoing or any employee delegated the responsibility for implementing the requirements of this chapter.

The term "lawful custodian" means the government body currently in physical possession of the public record. The custodian of a public record in the physical possession of persons outside a government body is the government body owning that record. Each government body shall delegate to particular officials or employees of that government body the responsibility for implementing the requirements of this chapter and shall publicly announce the particular officials or employees to whom responsibility for implementing the requirements of this chapter has been delegated. "Lawful custodian" does not mean an automated data processing unit of a public body if the data processing unit holds the records solely as the agent of another public body, nor does it mean a unit which holds the records of other public bodies solely for storage.

22.2 Right to examine public records.

1. Every person shall have the right to examine and copy public records and to publish or otherwise disseminate public records or the information contained therein. The right to copy public records shall include the right to make photographs or photographic copies while the records are in the possession of the custodian of the records. All rights under this section are in addition to the right to obtain certified copies of records under section 622.46.

2. A government body shall not prevent the examination or copying of a public record by contracting with a nongovernment body to perform any of its duties or functions.

Transferred in Code 1985 from §68A.2

22.3 Supervision.

Such examination and copying shall be done under the supervision of the lawful custodian of the records or the custodian's authorized deputy. The lawful custodian may adopt and enforce reasonable rules regarding such work and the protection of the records against damage or disorganization. The lawful custodian shall provide a suitable place for such work, but if it is impracticable to do such work in the office of the lawful custodian, the person desiring to examine or copy shall pay any necessary expenses of providing a place for such work. All expenses of such work shall be paid by the person desiring to examine or copy. The lawful custodian may charge a reasonable fee for the services of the lawful custodian or the custodian's authorized deputy in supervising the records during such work. If copy equipment is available at the office of the lawful custodian of any public records, the lawful custodian shall provide any person a reasonable number of copies of any public record in the custody of the office upon the payment of a fee. The fee for the copying service as determined by the lawful custodian shall not exceed the cost of providing the service.

Transferred in Code 1985 from §68A.3

22.4 Hours when available.

The rights of persons under this chapter may be exercised at any time during the customary office hours of the lawful custodian of the records. However, if the lawful custodian does not have customary office hours of at least thirty hours per week, such right may be exercised at any time from nine o'clock a.m. to noon and from one o'clock p.m. to four o'clock p.m. Monday through Friday, excluding legal holidays, unless the

person exercising such right and the lawful custodian agree on a different time.

Transferred in Code 1985 from §68A.4

22.5 Enforcement of rights.

The provisions of this chapter and all rights of persons under this chapter may be enforced by mandamus or injunction, whether or not any other remedy is also available. In the alternative, rights under this chapter also may be enforced by an action for judicial review according to the provisions of the Iowa administrative procedure Act, if the records involved are records of an "agency" as defined in that Act.

84 Acts, ch 1185, §4
Transferred in Code 1985 from §68A.5

22.6 Penalty.

It shall be unlawful for any person to deny or refuse any citizen of Iowa any right under this chapter, or to cause any such right to be denied or refused. Any person knowingly violating or attempting to violate any provision of this chapter where no other penalty is provided shall be guilty of a simple misdemeanor.

[C71, 73, 75, 77, 79, 81, §68A.6]
Transferred in Code 1985 from §68A.6

22.7 Confidential records.

The following public records shall be kept confidential, unless otherwise ordered by a court, by the lawful custodian of the records, or by another person duly authorized to release such information:

1. Personal information in records regarding a student, prospective student, or former student maintained, created, collected or assembled by or for a school corporation or educational institution maintaining such records.

2. Hospital records, medical records, and professional counselor records of the condition, diagnosis, care, or treatment of a patient or former patient or a counselee or former counselee, including outpatient. However, confidential communications between a victim of sexual assault or domestic violence and the victim's sexual assault or domestic violence counselor are not subject to disclosure except as provided in section 236A.1.

3. Trade secrets which are recognized and protected as such by law.

4. Records which represent and constitute the work product of an attorney, which are related to litigation or claim made by or against a public body.

5. Peace officers' investigative reports, except where disclosure is authorized elsewhere in this Code. However, the date, time, specific location, and immediate facts and circumstances surrounding a crime or incident shall not be kept confidential under this section, except in those unusual circumstances where disclosure would plainly and seriously jeopardize an investigation or pose a clear and present danger to the safety of an individual.

6. Reports to governmental agencies which, if released, would give advantage to competitors and serve no public purpose.

7. Appraisals or appraisal information concerning the purchase of real or personal property for public purposes, prior to public announcement of a project.

8. Iowa department of economic development information on an industrial prospect with which the department is currently negotiating.

9. Criminal identification files of law enforcement agencies. However, records of current and prior arrests shall be public records.

10. Personal information in confidential personnel records of the military department of the state.

11. Personal information in confidential personnel records of public bodies including but not limited to cities, boards of supervisors and school districts.

12. Financial statements submitted to the department of agriculture and land stewardship pursuant to chapter 542 or chapter 543, by or on behalf of a licensed grain dealer or warehouse operator or by an applicant for a grain dealer license or warehouse license.

13. The records of a library which, by themselves or when examined with other public records, would reveal the identity of the library patron checking out or requesting an item from the library. The records shall be released to a criminal justice agency only pursuant to an investigation of a particular person or organization suspected of committing a known crime. The records shall be released only upon a judicial determination that a rational connection exists between the requested release of information and a legitimate end and that the need for the information is cogent and compelling.

14. The material of a library, museum or archive which has been contributed by a private person to the extent of any limitation that is a condition of the contribution.

15. Information concerning the procedures to be used to control disturbances at adult correctional institutions. Such information shall also be exempt from public inspection under section 17A.3. As used in this subsection disturbance means a riot or a condition that can reasonably be expected to cause a riot.

16. Information in a report to the Iowa department of public health, to a local board of health, or to a local health department, which identifies a person infected with a reportable disease.

17. Records of identity of owners of public bonds or obligations maintained as provided in section 76.10 or by the issuer of the public bonds or obligations. However, the issuer of the public bonds or obligations and a state or federal agency shall have the right of access to the records.

18. Communications not required by law, rule, or procedure that are made to a government body or to any of its employees by identified persons outside of government, to the extent that the government body receiving those communications from such persons outside of government could reasonably believe that those persons would be discouraged from making them to that government body if they were available for general public examination. Notwithstanding this provision:

a. The communication is a public record to the extent that the person outside of government making that communication consents to its treatment as a public record.

b. Information contained in the communication is a public record to the extent that it can be disclosed without directly or indirectly indicating the identity of

the person outside of government making it or enabling others to ascertain the identity of that person.

c. Information contained in the communication is a public record to the extent that it indicates the date, time, specific location, and immediate facts and circumstances surrounding the occurrence of a crime or other illegal act, except to the extent that its disclosure would plainly and seriously jeopardize a continuing investigation or pose a clear and present danger to the safety of any person. In any action challenging the failure of the lawful custodian to disclose any particular information of the kind enumerated in this paragraph, the burden of proof is on the lawful custodian to demonstrate that the disclosure of that information would jeopardize such an investigation or would pose such a clear and present danger.

19. Examinations, including but not limited to cognitive and psychological examinations for law enforcement officer candidates administered by or on behalf of a governmental body, to the extent that their disclosure could reasonably be believed by the custodian to interfere with the accomplishment of the objectives for which they are administered.

20. Memoranda, work products and case files of a mediator and all other confidential communications in the possession of an approved dispute resolution center, as provided in chapter 679. Information in these confidential communications is subject to disclosure only as provided in section 679.12, notwithstanding this chapter.

21. Information concerning the nature and location of any archaeological resource or site if, in the opinion of the state archaeologist, disclosure of the information will result in unreasonable risk of damage to or loss of the resource or site where the resource is located. This subsection shall not be construed to interfere with the responsibilities of the federal government or the state historical preservation officer pertaining to access, disclosure, and use of archaeological site records.

22. Information concerning the nature and location of any ecologically sensitive resource or site if, in the opinion of the director of the department of natural resources after consultation with the state ecologist, disclosure of the information will result in unreasonable risk of damage to or loss of the resource or site where the resource is located. This subsection shall not be construed to interfere with the responsibilities of the federal government or the director of the department of natural resources and the state ecologist pertaining to access, disclosure, and use of the ecologically sensitive site records.

23. Reports or recommendations of the Iowa insurance guaranty association filed or made pursuant to section 515B.10, subsection 1, paragraph "a", subparagraph (2).

[C71, 73, 75, 77, 79, 81, §68A.7; 81 Acts, ch 36, §1, ch 37, §1, ch 38, §1, ch 62, §4]

83 Acts, ch 90, §9; 84 Acts, ch 1014, §1; 84 Acts, ch 1185, §5, 6; 85 Acts, ch 134, §16; 85 Acts, ch 175, §1; 85 Acts, ch 208, §1; 86 Acts, ch 1184, §1; 86 Acts, ch 1228, §1

Transferred in Code 1985 from §68A.7

22.8 Injunction to restrain examination.

1. The district court may grant an injunction restraining the examination, including copying, of a specific public record or a narrowly drawn class of public records. A hearing shall be held on a request for injunction upon reasonable notice as determined by the court to persons requesting access to the record which is the subject of the request for injunction. It shall be the duty of the lawful custodian and any other person seeking an injunction to ensure compliance with the notice requirement. Such an injunction may be issued only if the petition supported by affidavit shows and if the court finds both of the following:

a. That the examination would clearly not be in the public interest.

b. That the examination would substantially and irreparably injure any person or persons.

2. An injunction shall be subject to the rules of civil procedure except that the court in its discretion may waive bond.

3. In actions brought under this section the district court shall take into account the policy of this chapter that free and open examination of public records is generally in the public interest even though such examination may cause inconvenience or embarrassment to public officials or others. A court may issue an injunction restraining examination of a public record or a narrowly drawn class of such records, only if the person seeking the injunction demonstrates by clear and convincing evidence that this section authorizes its issuance. An injunction restraining the examination of a narrowly drawn class of public records may be issued only if such an injunction would be justified under this section for every member within the class of records involved if each of those members were considered separately.

4. Good-faith, reasonable delay by a lawful custodian in permitting the examination and copying of a government record is not a violation of this chapter if the purpose of the delay is any of the following:

a. To seek an injunction under this section.

b. To determine whether the lawful custodian is entitled to seek such an injunction or should seek such an injunction.

c. To determine whether the government record in question is a public record, or confidential record.

d. To determine whether a confidential record should be available for inspection and copying to the person requesting the right to do so. A reasonable delay for this purpose shall not exceed twenty calendar days and ordinarily should not exceed ten business days.

e. Actions for injunctions under this section may be brought by the lawful custodian of a government record, or by another government body or person who would be aggrieved or adversely affected by the examination or copying of such a record.

f. The rights and remedies provided by this section are in addition to any rights and remedies provided by section 17A.19.

84 Acts, ch 1185, §7

Transferred in Code 1985 from §68A.8

22.9 Denial of federal funds — rules.

If it is determined that any provision of this chapter would cause the denial of funds, services or essential information from the United States government which would otherwise definitely be available to an agency of this state, such provision shall be suspended

as to such agency, but only to the extent necessary to prevent denial of such funds, services, or essential information.

An agency within the meaning of section 17A.2, subsection 1 shall adopt as a rule, in each situation where this section is believed applicable, its determination identifying those particular provisions of this chapter that must be waived in the circumstances to prevent the denial of federal funds, services, or information.

[C71, 73, 75, 77, 79, 81, §68A.9]
84 Acts, ch 1185, §8
Transferred in Code 1985 from §68A.9

22.10 Civil enforcement.

1. The rights and remedies provided by this section are in addition to any rights and remedies provided by section 17A.19. Any aggrieved person, any taxpayer to or citizen of the state of Iowa, or the attorney general or any county attorney, may seek judicial enforcement of the requirements of this chapter in an action brought against the lawful custodian and any other persons who would be appropriate defendants under the circumstances. Suits to enforce this chapter shall be brought in the district court for the county in which the lawful custodian has its principal place of business.

2. Once a party seeking judicial enforcement of this chapter demonstrates to the court that the defendant is subject to the requirements of this chapter, that the records in question are government records, and that the defendant refused to make those government records available for examination and copying by the plaintiff, the burden of going forward shall be on the defendant to demonstrate compliance with the requirements of this chapter.

3. Upon a finding by a preponderance of the evidence that a lawful custodian has violated any provision of this chapter, a court:

a. Shall issue an injunction punishable by civil contempt ordering the offending lawful custodian and other appropriate persons to comply with the requirements of this chapter in the case before it and, if appropriate, may order the lawful custodian and other appropriate persons to refrain for one year from any future violations of this chapter.

b. Shall assess the persons who participated in its violation damages in the amount of not more than five hundred dollars nor less than one hundred dollars. These damages shall be paid by the court imposing them to the state of Iowa if the body in question is a state government body, or to the local government involved if the body in question is a local government body. A person found to have violated this chapter shall not be assessed such damages if that person proves that the person either voted against the action violating this chapter, refused to participate in the action violating this chapter, or engaged in reasonable efforts under the circumstances to resist or prevent the action in violation of this chapter; had good reason to believe and in good faith believed facts which, if true, would have indicated compliance with the requirements of this chapter; or reasonably relied upon a decision of a court or an opinion of the attorney general or the attorney for the government body.

c. Shall order the payment of all costs and reasonable attorneys fees, including appellate attorneys fees, to any plaintiff successfully establishing a violation of this chapter in the action brought under this section. The costs and fees shall be paid by the particular persons who were assessed damages under paragraph "*b*" of this subsection. If no such persons exist because they have a lawful defense under that paragraph to the imposition of such damages, the costs and fees shall be paid to the successful plaintiff from the budget of the offending government body or its parent.

d. Shall issue an order removing a person from office if that person has engaged in two prior violations of this chapter for which damages were assessed against the person during the person's term.

4. Ignorance of the legal requirements of this chapter is not a defense to an enforcement proceeding brought under this section. A lawful custodian or its designee in doubt about the legality of allowing the examination or copying or refusing to allow the examination or copying of a government record is authorized to bring suit at the expense of that government body in the district court of the county of the lawful custodian's principal place of business, or to seek an opinion of the attorney general or the attorney for the lawful custodian, to ascertain the legality of any such action.

5. Judicial enforcement under this section does not preclude a criminal prosecution under section 22.6 or any other applicable criminal provision.

84 Acts, ch 1185, §9

22.11 Fair information practices.

This section may be cited as the "*Iowa fair information practices Act.*" It is the intent of this section to require that the information policies of state agencies are clearly defined and subject to public review and comment.

1. Each state agency as defined in chapter 17A shall adopt rules which provide the following:

a. The nature and extent of the personally identifiable information collected by the agency, the legal authority for the collection of that information and a description of the means of storage.

b. A description of which of its records are public records, which are confidential records and which are partially public and partially confidential records and the legal authority for the confidentiality of the records. The description shall indicate whether the records contain personally identifiable information.

c. The procedure for providing the public with access to public records.

d. The procedures for allowing a person to review a government record about that person and have additions, dissents or objections entered in that record unless the review is prohibited by statute.

e. The procedures by which the subject of a confidential record may have a copy of that record released to a named third party.

f. The procedures by which the agency shall notify persons supplying information requested by the agency of the use that will be made of the information, which persons outside of the agency might routinely be provided this information, which parts of the information requested are required and which are optional and the consequences of failing to provide the information requested.

g. Whether a data processing system matches, collates or permits the comparison of personally identifi-

able information in one record system with personally identifiable information in another record system.

2. A state agency shall not use any personally identifiable information after July 1, 1988 unless it is in a record system described by the rules required by this section.

84 Acts, ch 1185, §10

22.12 Political subdivisions.

A political subdivision or public body which is not a state agency as defined in chapter 17A is not required to adopt policies to implement section 22.11. However, if a public body chooses to adopt policies to implement section 22.11 the policies must be adopted by the elected governing body of the political subdivision of which the public body is a part. The elected governing body must give reasonable notice, make the proposed policy available for public inspection and allow full opportunity for the public to comment before adopting the policy. If the public body is established pursuant to an agreement under chapter 28E, the policy must be adopted by a majority of the public agencies party to the agreement. These policies shall be kept in the office of the county auditor if adopted by the board of supervisors, the city clerk if adopted by a city, and the chief administrative officer of the public body if adopted by some other elected governing body.

68A.9 Denial of federal funds.

Provisions constituting chapter 68A, Examination of Public Records, consisting of sections 68A.1 to 68A.9, were enacted by Acts 1967 (62 G.A.) ch. 106, effective August 9, 1967.

68A.1 Public records defined

Wherever used in this chapter, "public records" includes all records and documents of or belonging to this state or any county, city, town, township, school corporation, political subdivision, or tax-supported district in this state, or any branch, department, board, bureau, commission, council, or committee of any of the foregoing.

Acts 1967 (62 G.A.) ch. 106, § 1, eff. Aug. 9, 1967.

68A.2 Citizen's right to examine

Every citizen of Iowa shall have the right to examine all public records and to copy such records, and the news media may publish such records, unless some other provision of the Code expressly limits such right or requires such records to be kept secret or confidential. The right to copy records shall include the right to make photographs or photographic copies while the records are in the possession of the lawful custodian of the records. All rights under this section are in addition to the right to obtain certified copies of records under section 622.46.

Acts 1967 (62 G.A.) ch. 106, § 2, eff. Aug. 9, 1967.

68A.3. Supervision

Such examination and copying shall be done under the supervision of the lawful custodian of the records or his authorized deputy. The lawful custodian may adopt and enforce reasonable rules regarding such work and the protection of the records against damage or disorganization. The lawful custodian shall provide a suitable place for such work, but if it is impracticable to do such work in the office of the lawful custodian, the person desiring to examine or copy shall pay any necessary expenses of providing a place for such work. All expenses of such work shall be paid by the person desiring to examine or copy. The lawful custodian may charge a reasonable fee for the services of the lawful custodian or his authorized deputy in supervising the records during such work. If copy equipment is available at the office of the lawful custodian of any public records, the lawful custodian shall provide any person a reasonable number of copies of any public record in the custody of the office upon the payment of a fee. The fee for the copying service as determined by the lawful custodian shall not exceed the cost of providing the service.

68A.4 Hours when available

The rights of citizens under this chapter may be exercised at any time during the customary office hours of the lawful custodian of the records. However, if the lawful custodian does not have customary office hours of at least thirty hours per week, such right may be exercised at any time from nine o'clock a. m. to noon and from one o'clock p. m. to four o'clock p. m. Monday through Friday, excluding legal holidays, unless the citizen exercising such right and the lawful custodian agree on a different time.

Acts 1967 (62 G.A.) ch. 106, § 4, eff. Aug. 9, 1967.

68A.5. Enforcement of rights

The provisions of this chapter and all rights of citizens under this chapter may be enforced by mandamus or injunction, whether or not any other remedy is also available. In the alternative, rights under this chapter also may be enforced by an action for judicial review according to the provisions of the Iowa administrative procedure Act, if the records involved are records of an "agency" as defined in that Act.

68A.6. Penalty

It shall be unlawful for any person to deny or refuse any citizen of Iowa any right under this chapter, or to cause any such right to be denied or refused. Any person knowingly violating or attempting to violate any provision of this chapter where no other penalty is provided shall be guilty of a simple misdemeanor.

Amended by Acts 1976 (66 G.A.) ch. 1245 (ch. 4), § 28, eff. Jan. 1, 1978.

68A.7 Confidential records

The following public records shall be kept confidential, unless otherwise ordered by a court, by the lawful custodian of the records, or by another person duly authorized to release information:

1. Personal information in records regarding a student, prospective student, or former student of the school corporation or educational institution maintaining such records.

2. Hospital records and medical records of the condition, diagnosis, care, or treatment of a patient or former patient, including outpatient.

3. Trade secrets which are recognized and protected as such by law.

4. Records which represent and constitute the work product of an attorney, which are related to litigation or claim made by or against a public body.

5. Peace officers' investigative reports, except where disclosure is authorized elsewhere in this Code. However, the date, time, specific location, and immediate facts and circumstances surrounding a crime or incident shall not be kept confidential under this section, except in those unusual circumstances where disclosure would plainly and seriously jeopardize an investigation or pose a clear and present danger to the safety of an individual.

6. Reports to governmental agencies which, if released, would give advantage to competitors and serve no public purpose.

7. Appraisals or appraisal information concerning the purchase of real or personal property for public purposes, prior to public announcement of a project.

8. Iowa development commission information on an industrial prospect with which the commission is currently negotiating.

9. Criminal identification files of law enforcement agencies. However, records of current and prior arrests shall be public records.

14. The material of a library, museum or archive which has been contributed by a private person to the extent of any limitation that is a condition of the contribution.

15. Information concerning the procedures to be used to control disturbances at adult correctional institutions. Such information shall also be exempt from public inspection under section 17A.3. As used in this subsection disturbance means a riot or a condition that can reasonably be expected to cause a riot.

68A.8 Injunction to restrain examination

In accordance with the rules of civil procedure the district court may grant an injunction restraining the examination (including copying) of a specific public record, if the petition supported by affidavit shows and if the court finds that such examination would clearly not be in the public interest and would substantially and irreparably injure any person or persons. The district court shall take into account the policy of this chapter that free and open examination of public records is generally in the public interest, even though such examination may cause inconvenience or embarrassment to public officials or others. Such injunction shall be subject to the rules of civil procedure except that the court in its discretion may waive bond. Reasonable delay by any person in permitting the examination of a record in order to seek an injunction under this section is not a violation of this chapter, if such person believes in good faith that he is entitled to an injunction restraining the examination of such record.

Acts 1967 (62 G.A.) ch. 106, § 8, eff. Aug. 9, 1967.

680—11.3(17A,690,692) **Release of information.** Information contained in the identification section of the bureau is not a public record and is released only to criminal justice agencies or public agencies authorized and approved by the confidential records council.

680—11.4(17A,690,692) **Right of notice, access and challenge.** Any individual, or that person's attorney with written authorization and fingerprint identification, who has a criminal history record on file with this division has the right to review said record. This right may be exercised only at division headquarters where the individual's identity can be positively established through fingerprint identification.

680—11.5(17A,690,692) **Review of record.** Persons wishing to review their record may do so during normal business hours by completing Form 680—4.3-B provided for that purpose. The individual may make notes concerning the record on file, but cannot obtain a copy.

680—11.6(17A,690,692) **Inaccuracies in criminal history.** If the individual believes inaccuracies exist in his or her criminal history, notice may be filed with the division outlining the alleged inaccuracies accompanied by any available supporting data. In all instances where a notice is so filed, the division contacts the arresting agencies, court of record and institutions to verify record accuracy. Any necessary changes shall be made to the individual's record. Any agency previously receiving a copy of the inaccurate record shall be so notified with a corrected copy. A final report shall be made to the individual who has so filed a notice of correction within twenty days of said filing. If, after notice is filed and the division makes its final report, the individual is still of the opinion that inaccuracies exist within the records, an appeal of the final decision of the division to the Polk county district court may be made.

680—11.7(17A,690,692) **Fingerprint files and crime reports.** This section also maintains all fingerprint files and has personnel for the entry of crime reports to the criminal system.

680—11.8(17A,690,692) **Taking of fingerprints.** The taking of fingerprints shall be in compliance with section 690.2 Code of Iowa, and in addition the sheriff of each county and the chief of police of each city, of 10,000 or more population shall take the fingerprints of all persons held for the commission of an aggravated misdemeanor or serious misdemeanor and forward such fingerprint records, within forty-eight hours after they are taken, to the bureau of criminal investigation.

680—11.9(17A,690,692) **Arresting agency portion of final disposition form.** The sheriff of each county and the chief of police of each city shall complete the arresting agency portion of the final disposition form with the arrest information on all persons whose fingerprints are taken in accordance with the rules or section 690.2 of the Code, and thereafter forward the form to the appropriate county attorney.

680—11.10(17A,690,692) **Final disposition of form.** The county attorney of each county shall complete the final disposition report and submit it to the bureau of criminal investigation within thirty days when a preliminary information or citation is dismissed without new charges being filed, or when the case is ignored by a grand jury. When an indictment is returned or a county attorney's information filed, the final disposition form shall be forwarded to the court having jurisdiction.

680—11.11(17A,690,692) **Destruction of fingerprints.** If the fingerprints of any person, whose fingerprints are not already on file, are taken and the person is not convicted of any offense, then his or her fingerprint records shall be destroyed by any officer having them.

These rules are intended to implement sections 690.1 and 692.10 of the Code.

This right may be exercised only at division headquarters where the individual's identity can be positively established through fingerprint identification.

680—11.5(17A,690,692) **Review of record.** Persons wishing to review their record may do so during normal business hours by completing Form 680—4.3-B provided for that purpose. The individual may make notes concerning the record on file, but cannot obtain a copy.

In all instances where a notice is so filed, the division contacts the arresting agencies, court of record and institutions to verify record accuracy. Any necessary changes shall be made to the individual's record. Any agency previously receiving a copy of the inaccurate record shall be so notified with a corrected copy. A final report shall be made to the individual who has so filed a notice of correction within twenty days of said filing. If, after notice is filed and the division makes its final report, the individual is still of the opinion that inaccuracies exist within the records, an appeal of the final decision of the division to the Polk county district court may be made.

680—11.7(17A,690,692) **Fingerprint files and crime reports.** This section also maintains all fingerprint files and has personnel for the entry of crime reports to the criminal system.

680—11.8(17A,690,692) **Taking of fingerprints.** The taking of fingerprints shall be in compliance with section 690.2 Code of Iowa, and in addition the sheriff of each county and the chief of police of each city, of 10,000 or more population shall take the fingerprints of all persons held for the commission of an aggravated misdemeanor or serious misdemeanor and forward such fingerprint records, within forty-eight hours after they are taken, to the bureau of criminal investigation.

680—11.9(17A,690,692) **Arresting agency portion of final disposition form.** The sheriff of each county and the chief of police of each city shall complete the arresting agency portion of the final disposition form with the arrest information on all persons whose fingerprints are taken in accordance with the rules or section 690.2 of the Code, and thereafter forward the form to the appropriate county attorney.

When an indictment is returned or a county attorney's information filed, the final disposition form shall be forwarded to the court having jurisdiction.

680—11.11(17A,690,692) **Destruction of fingerprints.** If the fingerprints of any person, whose fingerprints are not already on file, are taken and the person is not convicted of any offense, then his or her fingerprint records shall be destroyed by any officer having them.

Rules 11.1 to 11.11 are intended to implement Iowa Code sections 690.1 and 692.10.

680—11.12(692) **Release of information to youth service agencies.** The department may release criminal history information to a youth service agency which complies with this rule.

11.12(1) Any youth service agency applying for release of criminal history information from the department must have prior approval from the confidential records council to receive such information. The release of information pursuant to this rule shall be subject to any terms, conditions or restrictions set by the confidential records council.

11.12(2) All applications by youth service agencies for criminal history information shall be made on a form approved by the department.

11.12(3) Each application for criminal history information under this rule shall be signed by an official of the applicant youth service agency and by each individual who is the subject of application.

11.12(4) No person may be the subject of an application from a youth service agency for criminal history information unless that person is the holder of, or applicant for, a paid or voluntary position which involves direct contact with children under the auspices of a youth service agency.

680—11.13(692) **Redissemination of criminal history information by youth service agencies.** No youth service agency shall redisseminate criminal history information received from the department outside the agency. Access to such information within the agency shall be limited to those individuals who need access to the information to perform their functions within the agency related to service on the behalf of children. The department may request that the confidential records council withdraw its approval to have access to criminal history information granted any youth service agency which the department believes to be in violation of this rule.

680—11.14(692) **Scope of record checks for youth service agencies.** Record checks made for youth service agencies pursuant to these rules will be based upon name, including maiden name and aliases, if any, birth date and social security number. This information is not sufficient to effect a precise identification of a subject. Persons may have the same name and birth date. Persons may use several names. The records of the department are based upon reports from other agencies. The department, therefore, cannot warrant the completeness or accuracy of the information provided. Applicant youth service agencies are therefore advised to verify all information received from the department to the extent possible. (e.g. by contacting the reported arresting agency or court.)

680—11.15(692) **Fees.** All nonlaw enforcement agencies applying for receipt of criminal history information from the department shall accompany the application with a check or money order payable to the Division of Criminal Investigation in the amount required by this rule. The fee for receipt of criminal history information from the department shall be $5.20 for each name about which such information is requested. Each alias or maiden name submitted shall be considered a separate name for purposes of computing this fee.

680—11.16(692) **Subpoenas and civil process.** Any agency or individual in possession of criminal identification information received from the department that is served with a subpoena, court order, request for production or other legal process in a civil case demanding the production of the criminal identification information, shall notify the department in writing so that the department has an opportunity to make a timely resistance if a resistance is deemed to be in the best interest of the department.

Rules 11.12 to 11.16 are intended to implement Iowa Code sections 692.2 and 692.10.

The award shall be assessed against the public agency that the court determines to be responsible for the violation.

(d) In any action hereunder in which the defendant is the prevailing party, the court may award to the defendant attorney fees if the court finds that the plaintiff maintained the action not in good faith and without a reasonable basis in fact or law.

Defendant who posts bail directly with circuit clerk without arrest may be fingerprinted by peace officer: (1) at the time he posts bail or, (2) at a later time agreed on between the Commonwealth and the defendant with consent of his counsel, or (3) failing either of the two preceding alternatives the attorney for the Commonwealth may apply to the court for, and court should enter, an order for fingerprinting the defendant.

OAG 66-253. Law enforcement officers have no authority to fingerprint, photograph or maintain a record of the criminal offenses of a juvenile taken into custody for any public offense with the exception of juveniles 16 years of age or older involved in a "moving motor vehicle offense", or until after conviction in circuit court; however, a juvenile court judge may authorize the taking of elimination fingerprints or photographs of the juvenile but they must be afforded the same confidential character as other juvenile court records.

OAG 64-469. Persons arrested on charges of misdemeanor can be fingerprinted by law enforcement officers, as can felons, without violation of constitutional rights or unlawful invasion of privacy.

(a) Is found innocent of the offense for which the records were made; or

(b) Has had all charges relating to the offense dismissed; or

(c) Has had all charges relating to the offense withdrawn.

Upon receipt of such application the court shall forthwith issue an order to all law enforcement agencies in possession of such records to segregate the records in accordance with the provisions of this section.

(3) Each law enforcement agency receiving an order to segregate records shall forthwith:

(a) Segregate the records in its possession in a file separate and apart from records of convicted persons;

(c) All records segregated pursuant to this section shall show disposition of the case.

17.143 Qualified person to administer system; personnel

The commissioner shall appoint a qualified person to administer the centralized criminal history record information system. He shall have statistical training and experience and possess a knowledge of criminal law enforcement and administration and of penal and correctional institutions and methods. He shall be furnished with the necessary facilities and equipment and shall appoint clerical and other assistants necessary for the operation of the centralized criminal history record information system.

17.147 Duties of bureau of state police

(1) Collect data necessary for the operation of the centralized criminal history record information system from all persons and agencies mentioned in KRS 17.150.

(2) Prepare and distribute to all such persons and agencies forms to be used in reporting data to the centralized criminal history record information system. (3) Prescribe the forms and content of records to be kept by such persons and agencies to insure reporting of data to the centralized criminal history record information system.

(4) Instruct such persons and agencies in the installation, maintenance and use of such records and in the manner of reporting to the centralized criminal history record information system.

(5) Tabulate, analyze and interpret the data collected.

(6) Supply data, at their request, to participating federal bureaus, departments, or criminal justice agencies engaged in the administration of criminal justice programs.

(7) Annually present to the governor, on or before July 1, concerning the criminal statistics of the preceding calendar year, and present at such other times as the commissioner may deem wise, or the governor may request, reports on special aspects of criminal statistics. A sufficient number of copies of all reports shall be printed for general distribution in the interest of public enlightenment.

17.150. Reports by law enforcement officers and criminal justice agencies — Public inspection exemptions — Regulations — Information from the Court of Justice. — (1) Every sheriff, chief of police, coroner, jailer, prosecuting attorney, probation officer, parole officer; warden or superintendent of a prison, reformatory, correctional school, mental hospital or institution for the retarded; state police, state fire marshal, board of alcoholic beverage control; cabinet for human resources; transportation cabinet; corrections cabinet; and every other person or criminal justice agency, except the Court of Justice, public or private, dealing with crimes or criminals or with delinquency or delinquents, when requested by the cabinet, shall:

(b) Report to the cabinet as and when the cabinet requests all data demanded by it, except that such reports concerning a juvenile delinquent shall not reveal his or his parents' identity;

(c) Give the cabinet or its accredited agent access for purpose of inspection; and

(d) Cooperate with the cabinet to the end that its duties may be properly performed.

(2) Intelligence and investigative reports maintained by criminal justice agencies are subject to public inspection providing prosecution is completed or a determination not to prosecute has been made. However, portions of such records may be withheld from inspection if such inspection would disclose:

(a) The name or identity of any confidential informant or information which may lead to the identity of any confidential informant;

(b) Information of a personal nature, the disclosure of which will not tend to advance a wholesome public interest or a legitimate private interest;

(c) Information which may endanger the life or physical safety of law enforcement personnel; or

(d) Information contained in such records to be used in a prospective law enforcement action.

(3) When a demand for the inspection of such records is refused by the custodian of the record, the burden shall be upon the custodian to justify the refusal of inspection with specificity. Exemptions provided by this section shall not be used by the custodian of the records to delay or impede the exercise of rights granted by this section.

(4) Centralized criminal history records are not subject to public inspection. Centralized history records mean information on individuals collected and compiled by the justice cabinet from criminal justice agencies and maintained in a central location consisting of identifiable descriptions and notations of arrests, detentions, indictments, information, or other formal criminal charges and any disposition arising therefrom, including sentencing, correctional supervision and release. Such information is restricted to that recorded as the result of the initiation of criminal proceedings or any proceeding related thereto. Nothing in this subsection shall apply to documents maintained by criminal justice agencies which are the source of information collected by the justice cabinet. Criminal justice agencies shall retain such documents and no official thereof shall willfully conceal or destroy any record with intent to violate the provisions of this section.

(5) The provisions of KRS Chapter 61 dealing with administrative and judicial remedies for inspection of public records and penalties for violations thereof shall be applicable to this section.

(6) The secretary of justice shall adopt such regulations as are necessary to carry out the provisions of the criminal history record information system and to insure the accuracy of such information based upon recommendations submitted by the commissioner, department of state police.

(7) The administrative office of the courts may, upon suitable agreement between the chief justice and the secretary of justice, supply criminal justice information and data to the cabinet. No information other than that required by KRS 27A.350 to 27A.420 and 27A.440, shall be solicited from a circuit clerk, justice or judge, court, or agency of the court of justice unless such solicitation or request for information is made pursuant to an agreement which may have been reached between the chief justice and the secretary of justice. (Enact. Acts 1968, ch. 128, § 4; 1974, ch. 74, Art. VI, § 31; 1976, ch. 191, § 5; 1976 (Ex. Sess.), ch. 14, § 5, effective January 2, 1978; 1978, ch. 61, § 1, effective June 17, 1978; 1986, ch. 331, § 11, effective July 15, 1986; 1986, ch. 389, § 27, effective July 15, 1986.)

17.151. Centralized criminal history record information system to be developed by state police, in cooperation with administrative office of the courts and corrections cabinet — Contents — Access — Identification numbers. — The Kentucky state police shall, in cooperation with the administrative office of the courts and the corrections cabinet, be responsible for the recording of those data elements that are needed for development of the centralized criminal history record information system:

(1) The data base shall at a minimum contain the information required in KRS 27A.310 to 27A.440;

(2) The Kentucky state police shall provide access to the administrative office of the courts and the corrections cabinet to its data base; and

(3) The Kentucky state police and the corrections cabinet shall assign the same identification number or other variable to each person whose name appears in the data base. (Enact. Acts 1986, ch. 389, § 1, effective July 15, 1986.)

17.152. Citation and personal identification numbers to be supplied by state police. — All data supplied to the centralized criminal history record information system by the Kentucky state police, administrative office of the courts, and the corrections cabinet shall be compatible with the system and shall contain both citation and personal identification numbers. (Enact. Acts 1986, ch. 389, § 5, effective July 15, 1986.)

17.1521. Uniform citation number to be supplied by administrative office of courts. — All data supplied to the centralized criminal history record information system by the administrative office of the courts shall include the uniform citation number applicable to the information reported. (Enact. Acts 1986, ch. 389, § 6, effective July 15, 1986.)

17.1522. State police to update data base within thirty days of receipt of information from certain levels. — The Kentucky state police shall update the centralized criminal history record information system within thirty (30) days of receipt of information. The update shall include information from the:

(1) Offender level;

(2) Arrest level; and

(3) Informational and evaluational level. (Enact. Acts 1986, ch. 389, § 25, effective July 15, 1986.)

17.153 Annual report

(1) The annual report of the bureau shall contain statistics showing:

(a) the number and type of offenses known to public authorities;

(b) the personal and social characteristics of criminals and delinquents; and

(c) the administrative action taken by law enforcement, judicial, penal and correctional agencies in dealing with criminals and delinquents.

(2) The bureau shall also interpret such statistics and so present the information that it may be of value in guiding the legislature and those in charge of the apprehension, prosecution and treatment of criminals and delinquents, or those concerned with the prevention of crime and delinquency. The report shall include statistics that are comparable with national criminal statistics published by federal agencies heretofore mentioned.

17.157 Funds withheld for failure to comply

If any public official or employe, except justices, judges, circuit clerks, and employes of the Court of Justice, required to report to the bureau neglects or refuses to comply with the requests of the bureau, or its rules governing record systems and their maintenance, the bureau chief shall give written notice thereof to the person or persons authorized by law to disburse funds of the governmental agency to the public official or employe involved. No funds of the governmental agency shall thereafter be paid to the public official or employe, whether in the form of salary, fees, expenses, compensation, or otherwise, until the bureau chief notifies the disbursing authority that performance of the required duty has been completed.

17.160 Furnishing of person's record of convictions involving sex crimes to potential employer

(1) Notwithstanding any other provision of law, an employer may request from the justice cabinet records of all available convictions involving any sex crimes of a person who applies for employment or volunteers for a position in which he or she would have supervisory or disciplinary power over a minor. The cabinet shall furnish the information to the requesting employer and shall also send a copy of the information to the applicant.

(2) Any request for records under subsection (1) of this section shall be on a form approved by the cabinet, and the cabinet may charge a fee to be paid by the employer for the actual cost of processing the request.

(3) The cabinet shall adopt regulations to implement the provisions of this section.

(4) As used in this section "employer" means any organization specified by the attorney general which employs or uses the services of volunteers or paid employes in positions in which the volunteer or employe has supervisory or disciplinary power over a child or children.

(5) As used in this section "sex crime" means a conviction for a violation or attempted violation of KRS 510.040 to 510.150, 529.020 to 529.050, 529.070, 530.020, 531.310, 531.320, 531.340 to 531.370, and the criminal offense of unlawful transaction with a minor. Conviction for a violation or attempted violation of an offense committed outside the Commonwealth of Kentucky is a sex crime if such offense would have been a crime in Kentucky under one (1) of the above sections if committed in Kentucky.

17.165. Definitions — Criminal record check for job applicants at child-care centers — Restrictions on employing violent offenders or persons convicted of sex crimes. — (1) As used in this section, "sex crime" means a conviction or a plea of guilty for a violation or attempted violation of KRS 510.040 to 510.140, 529.020 to 529.050, 530.020, 530.065, 531.310, 531.320, and 531.340 to 531.370. Conviction for a violation or attempted violation of an offense committed outside the Commonwealth of Kentucky is a sex crime if such offense would have been a crime in Kentucky under one (1) of the above sections if committed in Kentucky.

(2) As used in this section, "violent offender" means any person who has been convicted of or pled guilty to the commission of a capital offense, Class A felony, or Class B felony involving the death of the victim, or rape in the first degree or sodomy in the first degree of the victim or serious physical injury to a victim.

(3) As used in this section, "violent crime" shall mean a conviction of or a plea of guilty to the commission of a capital offense, Class A felony, or Class B felony involving the death of the victim, or rape in the first degree or sodomy in the first degree of the victim or serious physical injury to a victim.

(4) No child-care center as defined in KRS 199.894 shall employ, in a position which involves supervisory or disciplinary power over a minor, any person who is a violent offender or has been convicted of a sex crime classified as a felony. Operators of child-care centers may employ persons convicted of sex crimes classified as a misdemeanor at their discretion. Each child-care center shall request all conviction information for any applicant for employment from the justice cabinet prior to employing the applicant.

(5) Each application form, provided by the employer to the applicant, shall conspicuously state the following: "FOR THIS TYPE OF EMPLOYMENT, STATE LAW REQUIRES A CRIMINAL RECORD CHECK AS A CONDITION OF EMPLOYMENT."

(6) Any request for records under subsection (4) of this section shall be on a form approved by the justice cabinet, and the cabinet may charge a fee to be paid by the applicant in an amount no greater than the actual cost of processing the request.

P.L. 93-579, The Privacy Act of 1974, Sec. 7, reads as follows:

"(a)(1) It shall be unlawful for any Federal, State or local government agency to deny to any individual any right, benefit, or privilege provided by law because of such individual's refusal to disclose his social security account number.

(2) The provisions of paragraph (1) of this subsection shall not apply with respect to—

(A) any disclosure which is required by Federal statute, or

(B) the disclosure of a social security number to any Federal, State, or local agency maintaining a system of records in existence and operating before January 1, 1975, if such disclosure was required under statute or regulation adopted prior to such date to verify the identity of an individual.

(b) Any Federal, State, or local government agency which requests an individual to disclose his social security account number shall inform that individual whether that disclosure is mandatory or voluntary, by what statutory or other authority such number is solicited, and what uses will be made of it."

OAG 79-413. A notation of "Do Not Publish" on a public record has no effect on the right to inspect, copy and publish the information in the record.

OAG 76-443. Under the open records act public records are subject to public inspection without the showing of a legitimate private interest or a wholesome public interest. The open records act applies to police courts and to all other courts trying penal cases. Unless a particular record is covered by a particular exception set forth in the statutes, the record is subject to public inspection without the necessity of showing a reason for the inspection.

OAG 76-424. Records kept by local police departments are subject to public inspection unless they come under one of the exceptions stated in KRS 17.150(2).

OAG 76-423. Records of county and circuit court clerks are subject to the open records act, KRS 61.870 to 61.884, and are open to public inspection unless a particular record is expressly made confidential by state statute or court order.

OAG 76-420. Regional comprehensive care centers are "public agencies" under the definition in the open records act, KRS 61.870(1), and such records are therefore public unless the nature of the record makes them confidential. However, personal mental health records of comprehensive care centers which directly or indirectly identify a patient are exempt from public inspection.

OAG 76-419. It is legally permissible for the oral history commission of the department of library and archives to make and keep an agreement with interviewees that tapes will be handled in a certain manner including refusing access to the public for a certain number of years. The tape record is preliminary in nature and will not be a final public record until such time as is provided in the agreement. The agreement comes under exception (g) of KRS 61.878(1).

OAG 76-384. The Kentucky board of ophthalmic dispensers is required under the open records law to furnish a list of all persons licensed by said board upon the request of the president of the Kentucky board of optometric examiners. An agency is not required under the open records act to compile and deliver a list it does not already have prepared but any person may inspect public records and make his own list from said records. In the spirit of cooperation and the statutory policy of comity one state agency should furnish the requested list to another state agency.

OAG 76-375. The open records act does not charge state agencies with the duty to provide records upon a request made by mail.

OAG 76-375. Blanket requests for information on a particular subject without specifying certain documents need not be honored. State employes may not be requested to make compilations of records, but the public has the right to inspect compilations which have been made in the course of business unless the subject matter is confidential by law.

OAG 76-375. The right to have copies of records is ancillary to the right of inspection and does not stand by itself. If a person has not inspected the records he desires to copy and cannot describe them with specificity, there is no requirement that copies of any records must be delivered to him. A citizen may make a fishing expedition through public records on his own time and under the restrictions and safeguards of the public agency, but a willingness to pay for copies of records is not sufficient to put the state agency under obligation to furnish broad categories of records.

OAG 76-375. A person does not have a right to require a list to be made from public records if the list described does not already exist. If the list exists and is not otherwise confidential by law, a person may inspect the list and obtain a copy of it.

OAG 76-366. The Kentucky heritage commission is legally authorized to adopt regulations which will prevent public inspection of specific portions of its files. The open records act provides that each public agency shall adopt rules and regulations in conformity with the provisions of the act.

Public Records

Chapter 61

61.870 Definitions

As used in KRS 61.872 to 61.884:

(1) "Public agency" means every state or local officer, state department, division, bureau, board, commission and authority; every legislative board, commission, committee and officer; every county and city governing body, council, school district board, special district board, municipal corporation, court or judicial agency, and any board, department, commission, committee, subcommittee, ad hoc committee, council or agency thereof; and any other body which is created by state or local authority in any branch of government or which derives at least twenty-five percent (25%) of its funds fr[illegible]state or local authority.

(2) "Public records" means all books, papers, maps, photographs, cards, tapes, discs, recordings or other documentary materials regardless of physical form or characteristics, which are prepared, owned, used, in the possession of or retained by a public agency. "Public record" shall not include any records owned by a private person or corporation that are not related to functions, activities, programs or operations funded by state or local authority.

(3) "Official custodian" means the chief administrative officer or any other officer or employe of a public agency who is responsible for the maintenance, care and keeping of public records, regardless of whether such records are in his actual personal custody and control.

(4) "Custodian" means the official custodian or any authorized person having personal custody and control of public records.

OAG 80-353. Public access to depositions in a civil case is governed by the Rules of Civil Procedure, not by the open records law, and a reporter does not have a right to attend a deposition hearing held in a private office. A reporter can publish information received from any source. A deposition may be ordered sealed for good cause by a court.

OAG 78-473. The tax records in the custody of the property valuation administrator are subject to public inspection.

OAG 78-262. Records generated by staff attorneys of appellate courts are preliminary in nature and are exempt from the open records law. The chief justice is empowered by statute to control access of the records of the court.

OAG 78-133. The matter of disciplining a state employe does not come within the exception of personal privacy. The admission of the truthfulness of the charges does not make the charges forever confidential. When final action is taken on the charges, the charges should be made available for public inspection.

OAG 78-11. Transcript of hearing properly held under open meetings law in closed session is exempt from the requirements of open records statutes.

OAG 77-587. Records of health inspections made by local health departments are public records and subject to the provisions of Kentucky's open records law.

OAG 77-585. Restaurant inspection records made by county health departments are public records and hence subject to the provisions of the open records law.

OAG 77-75. Actions taken in violation of the open meetings law will stand as valid unless voided by a court.

OAG 77-55. Records of disciplinary actions of the state board of medical licensure are open to public inspection. However, preliminary records such as complaints, charges and personal correspondence would be exempt under KRS 61.878(1)(g).

OAG 76-655. The naming of persons to the honorary post of deputy sheriff is not an official function of the sheriff's office but is a personal activity and therefore is not subject to the strictures of the open records act.

OAG 76-633. Information which if prematurely released would impede effective law enforcement is exempted from public inspection as an exception under the open records law. An auditor's report which reveals possible violations of statutes or regulations by a city employe which may lead to criminal prosecution is exempt until prosecution is completed or a decision is made not to prosecute.

OAG 76-573. There is no legal prohibition against releasing the scores on examinations administered by the Kentucky board of pharmacy to applicants for a pharmacist license under KRS 315.050.

OAG 76-568. An ambulance service is not required to release the names of patients under the open records act, but neither is there any law against releasing the names.

OAG 76-479. Information about an account of a member of the Kentucky retirement system is confidential and not open to public inspection.

OAG 76-469. Kentucky law does not require the registering of hotel guests; so if a guest register is kept by a state resort park, it is exempt from the public records act because the information is of a private nature.

OAG 76-424. Police records are open to public inspection as prosecution is completed or a decision has been made not to prosecute; exceptions are: information which will reveal a confidential informant; information of a personal nature; information which may endanger the life of a police officer; or information which may be used in prospective law enforcement action.

OAG 76-420. The records of comprehensive care centers are public records under the open records law; but the records which identify a patient and describe his medical condition are confidential under the law.

OAG 76-204. Under the open records law, work papers of public accounts auditors are public records.

61.872 Right to inspection; limitation

(1) All public records shall be open for inspection by any person, except as otherwise provided by KRS 61.870 to 61.884, and suitable facilities shall be made available by each public agency for the exercise of this right. No person shall remove original copies of public records from the offices of any public agency without the written permission of the official custodian of the record.

(2) Any person shall have the right to inspect public records during the regular office hours of the public agency. The official custodian may require written application describing the records to be inspected.

(3) If the person to whom the application is directed does not have custody or control of the public record requested, such person shall so notify the applicant and shall furnish the name and location of the custodian of the public record, if such facts are known to him.

(4) If the public record is in active use, in storage or not otherwise available, the official custodian shall immediately so notify the applicant and shall designate a place, time and date, for inspection of the public records, not to exceed three (3) days from receipt of the application, unless a detailed explanation of the cause is given for further delay and the place, time and earliest date on which the public record will be available for inspection.

(5) If the application places an unreasonable burden in producing voluminous public records or if the custodian has reason to believe that repeated requests are intended to disrupt other essential functions of the public agency, the official custodian may refuse to permit inspection of the public records. However, refusal under this section must be sustained by clear and convincing evidence.

(a) Public records containing information of a personal nature where the public disclosure thereof would constitute a clearly unwarranted invasion of personal privacy.

(b) Records confidentially disclosed to an agency and compiled and maintained for scientific research, in conjunction with an application for a loan, the regulation of commercial enterprise, including mineral exploration records, unpatented, secret commercially valuable plans, appliances, formulae, or processes, which are used for the making, preparing, compounding, treating, or processing of articles or materials which are trade commodities obtained from a person and which are generally recognized as confidential, or for the grant or review of a license to do business and if openly disclosed would permit an unfair advantage to competitors of the subject enterprise. This exemption shall not, however, apply to records the disclosure or publication of which is directed by other statute.

(c) Public records pertaining to a prospective location of a business or industry where no previous public disclosure has been made of the business' or industry's interest in locating in, relocating within or expanding within the Commonwealth. (f) Records of law enforcement agencies or agencies involved in administrative adjudication that were compiled in the process of detecting and investigating statutory or regulatory violations if the disclosure of the information would harm the agency by revealing the identity of informants not otherwise known or by premature release of information to be used in a prospective law enforcement action or administrative adjudication. Unless exempted by other provisions of KRS 61.870 to 61.884, public records exempted under this provision shall be open after enforcement action is completed or a decision is made to take no action. Provided, however that the exemptions provided by this subsection shall not be used by the custodian of the records to delay or impede the exercise of rights granted by KRS 61.870 to 61.884.

(g) Preliminary drafts, notes, correspondence with private individuals, other than correspondence which is intended to give notice of final action of a public agency;

(h) Preliminary recommendations, and preliminary memoranda in which opinions are expressed or policies formulated or recommended;

(i) All public records or information the disclosure of which is prohibited by federal law or regulation;

(j) Public records or information the disclosure of which is prohibited or restricted or otherwise made confidential by enactment of the general assembly.

(2) No exemption in this section shall be construed to prohibit disclosure of statistical information not descriptive of any readily identifiable person.

(3) If any public record contains material which is not excepted under this section, the public agency shall separate the excepted and make the non-excepted material available for examination.

(4) The provisions of this section shall in no way prohibit or limit the exchange of public records or the sharing of information between public agencies when the exchange is serving a legitimate governmental need or is necessary in the performance of a legitimate government function.

Any agency response denying, in whole or in part, inspection of any record shall include a statement of the specific exception authorizing the withholding of the record and a brief explanation of how the exception applies to the record withheld. The response shall be issued by the official custodian or under his authority, and it shall constitute final agency action.

(2) A copy of the written response denying inspection of a public record shall be forwarded immediately by the agency to the attorney general of the Commonwealth of Kentucky. If requested by the person seeking inspection, the attorney general shall review the denial and issue within ten (10) days (excepting Saturdays, Sundays and legal holidays) a written opinion to the agency concerned, stating whether the agency acted consistent with provisions of KRS 61.870 to 61.884. The attorney general may also request a copy of the records involved but they shall not be disclosed.

(3) Each agency shall notify the attorney general of any actions filed against that agency in circuit court regarding the enforcement of KRS 61.870 to 61.884.

(3) In any such action, the court shall determine the matter de novo and the burden of proof shall be on the public agency to sustain its action. The court on its own motion, or on motion of either of the parties, may view the records in controversy in camera before reaching a decision. Any noncompliance with the order of the court may be punished as contempt of court.

No agency or individual shall confirm the existance or non-existance of CHRI to any person or agency that would not be eligible to receive the information itself. Section 2. As outlined in 502 KAR 30:040(e), the computerized criminal history record information system, as well as criminal justice and law enforcement agencies receiving CHRI from the computerized criminal history record information system shall log all disseminations of CHRI. RELATES TO: KRS 17.140, 17.150, 61.872, 61.878, 61.884
PURSUANT TO: KRS 13.082, 15A.150, 17.080, 17.150
NECESSITY AND FUNCTION: KRS 17.150(5) makes that portion of KRS Chapter 61 which deals with administrative and judicial remedies for the inspection of public records and penalties appealable to KRS 17.150. KRS 61.884 allows the individual record subject to access CHRI relating to him or other data in which the record subject is mentioned by name. This regulation establishes guidelines by which CHRI may be accessed by the individual record subject.

Section 1. These regulations shall provide for the initiation of access/review procedures at each of the Kentucky State Police Posts throughout the Commonwealth (with the exception of Frankfort, Post 12). The Information Systems Section shall serve as the location for record access/review for individuals near Frankfort. Access/review procedure shall be uniform throughout the various designated sites.

Section 2. Access/review procedure. The record subject shall complete the "Request for Review" form provided at the respective access/review site. A duplicate copy of said form shall be provided to the requestor, or requestor's legal counsel. One set of rolled fingerprints from the requestor on a completed KSP Form 22, will be forwarded to the KSP, ISS where submitted fingerprints will be used to verify the record subject's identity. Staff of the ISS shall note the date of the request as indicated on the "Request for Review" form and shall schedule the record review within three (3) working days of the receipt of the request, unless a detailed explanation of the cause is given for further delay along with the place, time and earliest date on which the public record will be available for inspection. The requestor shall be notified forthwith by the KSP, ISS of the scheduled date of review. All record reviews will be conducted from 8:00 a.m. through 4:00 p.m., Monday through Friday with the exception of legal holidays, at the designated State Police Post or the ISS. The ISS shall return to the Post of the respective access/review request, the "Request for Review" form, the fingerprints taken from the individual for identity verification, a copy of the letter to the record subject scheduling the review date, and a certified copy of the individual's criminal history record.

Section 3. Record Reviewing Procedures. In order to insure that the subject appearing at the Post for the scheduled review of the CHRI supplied from the ISS is in fact the same person the submitted set of fingerprints were obtained from, visual recognition is required by Post personnel before allowing the individual to actually access the CHRI. The individual, and his attorney (if written approval is submitted by the record subject) shall be allowed to inspect the copy of the CHRI furnished by the ISS. Reasonable assistance shall be provided by Post personnel to insure understanding of the CHRI. After the record subject has inspected the CHRI, Post personnel should ascertain if a challenge of the content of the records will be initiated. Basis for challenge must stem from erroneous information, misinformation, or fictitious information. The individual shall be informed that a challenge must be initiated within thirty (30) working days of the actual review. If a challenge is not initiated at the time of review, a copy of the individual's record will be retained at the Post and will be filed

with the individual's "Request for Review" form in a manner convenient to the Post. Information regarding the "Request for Review" shall remain at the Post not less than thirty (30) working days from the actual date of review to allow the individual ample time to challenge the record content. If, after thirty (30) working days a challenge has not been initiated, all material regarding the review shall be returned to the ISS where a permanent record of the review shall be maintained.

Section 4. Challenge of Record Contents. If the record subject desires to challenge the contents of the record, the individual shall complete the "Challenge of Record" form (bottom portion of the original form). A duplicate copy should be provided to the individual. It should be noted on the form if the individual requests a copy of the record for puposes of challenge. A copy of the individual's record furnished through the Post by the ISS shall be given to the individual if a challenge is initiated and the individual states a need for a copy of the record for purposes of pursuing a challenge. The copy provided by the ISS shall be permanently marked or stamped to indicate that the copy is for the purpose of challenge and that any other use thereof would be in violation of federal and state law. The Post shall forward to the ISS a "Challenge of Record" form and any documents submitted by the individual in support of the challenge.

Section 5. Processing of challenge by ISS. The ISS shall conduct a comparison of the information under challenge with the original input forms and information contained in the repository files. Any errors or omissions discovered in the repository files shall be corrected. If no error is found, the ISS shall forward a copy of the original challenge form, a copy of the record as contained in the files of the ISS, and any other relevant information to the agency or agencies which the ISS records indicate as contributing the information under challenge and shall request them to examine in an expeditious manner all relevant files to determine the validity of the challenge. The ISS shall notify the individual or his legal counsel in writing of the status of said challenge within thirty (30) working days of the challenge date. Status of challenge includes, but is not limited to, notice of clarification of record, expungement of erroneous data, substantiating record or ongoing research process.

Section 6. Administrative Reveiw. If the record subject is dissatisfied with the action taken by the ISS, the individual may request an Administrative Review. This request will be submitted in writing and directed to the attention of the Commander of the ISS. Said request for Administrative Review must be made not later than fifteen (15) working days following the date of notification to the individual of the decision of the initial challenge. The Commander of the ISS shall notify, in written form the Administrative Review Officer of the request for Administrative Review upon receipt of such request. An individual within the Department of State Police and designated by the Commissioner as the Administrative Review Officer shall review the individual's record in the same manner as performed by the ISS. § 575. Legislative findings and objectives

(1) The improvement of public safety and sound law enforcement and administration of criminal justice requires the complete and timely collection, processing, and dissemination of available information on crime, offenders, and the operations of the criminal justice system through a centralized system.

(2) It is in the public interest that to the greatest extent possible, government agencies at all levels concerned with the detection, apprehension, prosecution, sentencing, confinement, and rehabilitation of criminal offenders share among themselves available information relating to such offenders.

(3) Available computer and communications technology now enables the coordination, collection, storage, and dissemination of relevant information heretofore dispersed in separate files throughout the state.

(4) The reduction of crime, the protection of citizens and enforcement officers, and the need to improve the efficiency of the criminal justice system mandates the development and operation of a computer-based criminal justice information system in Louisiana.

A. (1) As used in this Chapter, the phrase "public body" means any branch, department, office, agency, board, commission, district, governing authority, political subdivision, or any committee, subcommittee, advisory board, or task force thereof, or any other instrumentality of state, parish, or municipal government, including a public or quasi-public nonprofit corporation designated as an entity to perform a governmental or proprietary function.

(3) As used in this Chapter, the word "custodian" means the public official or head of any public body having custody or control of a public record, or a representative specifically authorized by him to respond to requests to inspect any such public records.

B. Electrical well surveys produced from wells drilled in search of oil and gas located in established units and which are filed with the assistant secretary of the office of conservation shall be placed in the open files of the office of conservation. Any party or firm shall have the right to examine or reproduce, or both, at their own expense, copies of said survey, by photos-

raphy or other means not injurious to said records. All other electric logs and other electronic surveys, other than seismic data, produced from wells drilled in search of oil and gas which are filed with the assistant secretary of the office [1] of conservation shall remain confidential upon the request of the owner so filing for periods as follows:

For wells shallower than fifteen thousand feet a period of one year, plus one additional year when evidence is submitted to the assistant secretary of the office of conservation that the owner of the log has a leasehold interest in the general area in which the well was drilled and the log produced; for wells fifteen thousand feet deep or deeper, a period of two years, plus two additional years when evidence is submitted to the assistant secretary of the office of conservation that the owner of the log has such an interest in the general area in which the well was drilled and the log produced; and for wells drilled in the offshore area, subsequent to July 1, 1977, regardless of depth, a period of two years from the filing of the log with the office of conservation, plus two additional years where evidence is submitted to the assistant secretary of the office of conservation that the owner of the log has such an interest in the general area in which the well was drilled and the log produced and has immediate plans to develop the said general area, unless a shorter period of confidentiality is specifically provided in the existing lease.

At the expiration of time in which any log or electronic surveys, other than seismic data, shall be held as confidential by the assistant secretary of the office of conservation as provided for above, said log or logs shall be placed in the open files of the office of conservation and any party or firm shall have the right to examine or reproduce, or both, at their own expense, copies of said log or electronic survey, other than seismic data, by photography or other means not injurious to said records.

Amended by Acts 1973, No. 135, § 1; Acts 1973, Ex.Sess., No. 4, § 1; Acts 1978, No. 686, § 1; Acts 1979, No. 691, § 1; Acts 1980, No. 248, § 1.

[1] In subsec. B, "office" was substituted for "department" on authority of R.S. 24:253.

22. Privacy of individuals

Neither the city nor its employees had reasonable expectation of privacy against disclosure of public record containing names and addresses of city employees to person entitled to invoke Louisiana public records law (R.S. 44:1 et seq.), such as newspaper reporter. Aswell v. Lunt, App.1979, 375 So.2d 142, writ denied 378 So.2d 434.

The fact that a municipality or its employee labels the name or address of an employee as having been furnished to become a part of a confidential personnel record does not elevate the name or address to status of being a constitutionally protected private thing; the Public Records Law is not limited to records affecting only the public fisc but covers all records unless specifically excepted by statute, or unless the disclosure of information contained in the public record is information to which the employee has reasonable expectation of privacy such as personnel evaluation reports, disclosure of which might affect the employee's future employment or cause him embarrassment or humiliation. Webb v. City of Shreveport, App.1979, 371 So.2d 316, writ denied 374 So.2d 657.

City could be compelled under Public Records Law to reveal names and addresses of city's employees, except employees of police and fire departments, to a person who declared he was also acting on behalf of a labor union seeking to organize municipal employees since neither city nor its employees, excluding fire and police personnel, had reasonable expectation of privacy against disclosure of the names and addresses as contained on a computer tape. Id.

21. Actions, in general

In proceeding concerning whether either city or its employees had reasonable expectation of privacy against disclosure of public record containing names and addresses of city employees to person entitled to invoke Louisiana public records law (R.S. 44:1 et seq.), such as newspaper reporter, trial court did not abuse its discretion in refusing to stay proceedings below until judgment in controlling case became final and definitive, despite city's contention that judicial economy was not served by allowing litigation of same issues at different appellate levels. Aswell v. Lunt, App.1979, 375 So.2d 142, writ denied 378 So.2d 434.

22. Attorney fees

Where, in proceeding concerning whether city had reasonable expectation of privacy against disclosure of certain public record to newspaper reporter, city did not complain that error occurred in awarding attorney fees of $500 to reporter, and reporter contended that award should be increased because of time and efforts of his attorneys below and on appeal, but reporter testified that he had not discussed question of fees with his counsel or his employer and that he did not know whether he was expected to pay attorney fees, only amount of award was before Court of Appeal and there was no need to increase award for services rendered below and on appeal. Aswell v. Lunt, App.1979, 375 So.2d 142, writ denied 378 So.2d 434.

§ 2. Records involved in legislative investigations

1. Inspection

Trial court properly denied defense counsel's request for log of parish sheriff's office, where counsel was not entitled to the log at time it was requested. State v. Edgecombe, Sup.1978, 275 So.2d 740, certiorari denied 94 S.Ct. 591, 414 U.S. 1075, 38 L.Ed.2d 482.

§ 3. Records of prosecutive, investigative, and law enforcement agencies

A. Nothing in this Chapter shall be construed to require disclosures of records, or the information contained therein, held by the offices of the attorney general, district attorneys, sheriffs, police departments, Department of Public Safety and Corrections, marshals, investigators, public health investigators, public health inspectors, or public health agencies, correctional agencies, or intelligence agencies of the state, which records are:

Amended by Acts 1983, No. 247, § 1; Acts 1984, No. 945, § 1; Acts 1986, No. 785, § 1; Acts 1988, No. 438, § 1.

(1) Records pertaining to pending criminal litigation or any criminal litigation which can be reasonably anticipated, until such litigation has been finally adjudicated or otherwise settled; or

(2) Records containing the identity of a confidential source of information or records which would tend to reveal the identity of a confidential source of information; or

(3) Records containing security procedures, investigative training information or aids, investigative techniques, investigative technical equipment or instructions on the use thereof, or internal security information; or

(4)(a) The records of the arrest of a person, other than the report of the officer or officers investigating a complaint, until a final judgment of conviction or the acceptance of a plea of guilty by a court of competent jurisdiction. However, the initial report of the officer or officers investigating a complaint, but not to apply to any followup or subsequent report or investigation, records of the booking of a person as provided in Louisiana Code of Criminal Procedure Article 228, records of the issuance of a summons or citation, and records of the filing of a bill of information shall be a public record.

(b) The initial report shall set forth:

(i) A narrative description of the alleged offense.

(ii) The name and identification of each person charged with or arrested for the alleged offense.

(iii) The time and date of the alleged offense.

(iv) The location of the alleged offense.

(v) The property involved.

(vi) The vehicles involved.

(vii) The names of investigating officers.

(c) Nothing herein shall be construed to require the disclosure of information which would reveal undercover or intelligence operations.

Amended by Acts 1984, No. 945, § 1; Acts 1988, No. 438, § 1.

(5) Records containing the identity of an undercover police officer or records which would tend to reveal the identity of an undercover police officer; or

(6) Records concerning status offenders as defined in the Code of Juvenile Procedure; or

Amended by Acts 1983, No. 247, § 1.

(7) Records containing the identity of a subject of a public health disease investigation or study or records which would tend to reveal the identity of such a subject.

Added by Acts 1983, No. 247, § 1.

B. All records, files, documents, and communications, and information contained therein, pertaining to or tending to impart the identity of any confidential source of information of any of the state officers, agencies, or departments mentioned in Paragraph A above, shall be privileged, and no court shall order the disclosure of same except on grounds of due process or constitutional law. No officer or employee of any of the officers, agencies, or departments mentioned in Paragraph A above shall disclose said privileged information or produce said privileged records, files, documents, or communications, except on a court order as provided above or with the written consent of the chief officer of the agency or department where he is employed or in which he holds office, and to this end said officer or employee shall be immune from contempt of court and from any and all other criminal penalties for compliance with this paragraph.

C. Whenever the same is necessary, judicial determination pertaining to compliance with this section or with constitutional law shall be made after a contradictory hearing as provided by law. An appeal by the state or an officer, agency, or department thereof shall be suspensive.

D. Nothing in this section shall be construed to prevent any and all prosecutive, investigative, and law enforcement agencies from having among themselves a free flow of information for the purpose of achieving coordinated and effective criminal justice.

Amended by Acts 1972, No. 448, § 1; Acts 1973, No. 313, § 1; Acts 1978, No. 686, § 1; Acts 1979, No. 336, § 1.

§ 9. Records of violations of municipal ordinances and of state statutes classified as a misdemeanor or felony

A. Any person who has been arrested for the violation of a municipal or parish ordinance or for violation of a state statute which is classified as a misdemeanor may make a written motion to the district, parish or city court in which the violation was prosecuted or to the district court located in the parish in which he was arrested, for expungement of the arrest record, if:

(1) The time limitation for the institution of prosecution on the offense has expired, and no prosecution has been instituted; or

(2) If prosecution has been instituted, and such proceedings have been finally disposed of by dismissal, sustaining of a motion to quash, or acquittal. If the court finds that the mover is entitled to the relief sought, for either of the above reasons, it shall order all agencies and law enforcement offices having any record of the arrest, whether on microfilm, computer card or tape, or on any other photographic, electronic or mechanical method of storing data, to destroy any record of arrest, photograph, fingerprint or any other information of any and all kinds or descriptions. The court shall order such custodians of records to file a sworn affidavit to the effect that the records have been destroyed and that no notations or references have been retained in the agency's central repository which will or might lead to the inference that any record ever was on file with any agency or law enforcement office. The original of this affidavit shall be kept by the court so ordering same and a copy shall be retained by the affiant agency which said copy shall not be a public record and shall not be open for public inspection but rather shall be kept under lock and key and maintained only for internal record keeping purposes to preserve the integrity of said agency's files and shall not be used for any investigative purpose. This Subsection does not apply to arrests for a first or second violation of any ordinance or statute making criminal the driving of a motor vehicle while under the influence of alcoholic beverages or narcotic drugs, as denounced by R.S. 14:98.

B. Any criminal court of record in which there was a nolle prosequi, an acquittal, or dismissal of a crime set forth above shall at the time of discharge of a person from its control, enter an order annulling, cancelling, or rescinding the record of arrest, and disposition, and further ordering the destruction of the arrest record and order of disposition. Upon the entry of such an order the person against whom the arrest has been entered shall be restored to all civil rights lost or suspended by virtue of the arrest, unless otherwise provided in this section, and shall be treated in all respects as not having been arrested.

C. (1) Any person who has been arrested for the violation of a state statute which is classified as a felony may make a written motion to the district court for the parish in which he was arrested for expungement of the arrest record if:

(a) The time limitation for the institution of prosecution on the offense has expired, and no prosecution has been instituted; or

(b) Prosecution has been instituted, and such proceedings have been finally disposed of by dismissal, sustaining of a motion to quash, or acquittal; or

(c) The district attorney declines to prosecute; and

(d) In cases involving the arrest for possession, manufacture, or distribution of a controlled dangerous substance, the district attorney joins the arrested person in the motion.

(2) If, after a contradictory hearing with the arresting agency, the court finds that the mover is entitled to the relief sought for any of the above reasons, it shall order all law enforcement agencies to expunge same [1] in accordance herewith. However, the arresting agency may preserve the name and address of the person arrested and the facts of the case for investigative purposes only.

D. Whoever violates any provisions of this section shall be punished by a fine of not more than two hundred fifty dollars or by imprisonment of not more than ninety days, or both, if the conviction is for a first violation; second and subsequent violations shall be punished by a fine of not more than five hundred dollars or imprisonment of six months, or both.

E. No court shall order the destruction of any record of the arrest and prosecution of any person convicted of a felony, including a conviction dismissed pursuant to Article 893 of the Code of Criminal Procedure.

F. For investigative purposes only, the Department of Public Safety may maintain a confidential, nonpublic record of the arrest and disposition. The information contained in this record may be released, upon specific request therefor and on a confidential basis, to any law enforcement agency. The receiving law enforcement agency shall maintain the confidentiality of such record.

LOUISIANA COMMISSION ON LAW ENFORCEMENT

AND

ADMINISTRATION OF CRIMINAL JUSTICE

LOUISIANA PRIVACY AND SECURITY REGULATION
LAC 1-18:1

Purpose and Scope

IN KEEPING with Congressional findings that the privacy of an individual is directly affected by the collection, maintenance, use, and dissemination of personal information:

RECOGNIZING that to the extent that the maintenance of personal information is necessary for the efficient functioning of the Government, it is the moral and legal obligation of the Government to assure that the personal information maintained is, to the maximum extent feasible, complete and accurate;

BEING CONVINCED that it is of utmost importance that the integrity of personal information records be zealously protected;

RECOGNIZING that the increasing use of computers and sophisticated information technology, while essential to the operations of Government, has greatly magnified the harm to individual privacy that can occur from any collection, maintenance, use, or dissemination of personal information;

REALIZING that opportunities for an individual to secure employment, insurance, credit, and his right to due process, and other legal protections are endangered by the misuse of certain information systems;

ACKNOWLEDGING that the right to privacy is a personal and fundamental right protected by the Constitution of the United States;

RESPONDING to the authority granted in 42 United States Code 3701, et. seq.; 28 United States Code 534; 28 Code of Federal Regulations, Chapter I, Section 20; Louisiana Revised Statutes 15: 575 et. seq.; Louisiana Revised Statutes 49:951 et. seq.; and Executive Designation dated November 14, 1975; and

ACTING with the intent of protecting and furthering the interests of the citizens of the State of Louisiana, the Privacy and Security Committee of the Criminal Justice Information System Division of the Louisiana Commission on Law Enforcement and Administration of Criminal Justice does hereby issue these PRIVACY AND SECURITY REGULATIONS for the following purposes, and with the following scope and limitations:

PURPOSE

It is the purpose of these regulations to provide safeguards for an individual against an invasion of his personal privacy, and to promote, to the maximum extent feasible, the adoption of procedures to ensure the completeness, accuracy, and integrity of criminal history record information collected, maintained and disseminated by criminal justice agencies. This will be accomplished by requiring those agencies affected to: permit an individual to determine what criminal history record information pertaining to him is collected, maintained, used, or disseminated by such agencies; permit an individual to gain access to criminal history record information pertaining to him in the records of affected agencies, to have a copy made of all or any portion thereof, and to correct or amend such records; and collect, maintain, use, or disseminate any record of criminal history information in a manner that assures that such action is for a lawful purpose, that the informatin is current and accurate for its intended use and that adequate safeguards are provided to prevent the misuse or unauthorized alteration or destruction of such information.

AGENCIES COVERED BY REGULATION

1. These regulations apply to all criminal justice agencies orgainzed under the Constitution or laws of the State of Louisiana which were awarded Law Enforcement Assistance Administration monies after July 1, 1973, for manual or automated systems which collect, store, or disseminate criminal history record information. The regulations do not directly apply to agencies which have received LEAA funds for general purposes other than the collection, storage or dissemination of criminal history record information. For example: an agency receiving funds to implement and operate automated non-criminal history record information systems (e.g., personnel, resource allocation, performance evaluation) would not by such funding be included under these regulations.

LOUISIANA PRIVACY AND SECURITY REGULATION
LAC 1-18:5

Completeness and Accuracy

1. It is the purpose of this regulation to establish minimum standards for reporting criminal dispositions and updating criminal history records to include such dispositions. It is intended that this regulation supplement and reinforce the LCJIS Complete Disposition Reporting System. Because inaccurate or incomplete criminal history record information presents a serious danger to individual rights of privacy and due process, every criminal justice agency should strive to maintain accurate, up-to-date criminal history records.

REPORTING DISPOSITION DATA

2. Every affected agency shall report dispositions (as defined in LAC 1-18:1.17) which occur as a result of a transaction initiated by such agency within ninety (90) days of the occurrence of the disposition. Dispositions shall be reported as required by the Louisiana Criminal Justice Information System.

CRIMINAL HISTORY RECORD INFORMATION

3. Every affected agency shall establish procedures for updating criminal history records using disposition data which shall be distributed by the Louisiana Criminal Justice Information System.

4. Every affected agency shall establish procedures providing for a minimal external search for a disposition prior to disseminating criminal history record information relative to a specific arrest or charge when it appears from the nature of the arrest or charge that a disposition should have occurred, and none is noted in the record.

LOUISIANA PRIVACY AND SECURITY REGULATION
LAC 1-18:6
Dissemination and Corrections Records and the Maintenance of Logs

1. It is the purpose of this regulation to provide direction and guidance concerning the control of dissemination and correction of criminal history record information (CHRI) to individuals or agencies as required by the Federal Regulations (Title 28), through the maintenance of certain logs, and to provide a vehicle for correcting erroneous information. Since dissemination records are viewed by the regulations as a key restraint on erroneous dissemination, a deterrent to the illegal use of information disseminated and a supporting document to quality assurance audit trails (LAC 1-18:7), the maintenance of logs is mandatory.

DISSEMINATION CONTROLS AND RESTRICTIONS

2. These regulations impose no restrictions on the dissemination of CHRI where the court transactions or dispositions have included a conviction or convictions. However, where CHRI contains non-conviction data, i.e. where records contain arrest data, citation, summons or bill(s) of information which have not resulted in a conviction or guilty plea, and acquittals; dismissals; information that a matter was not referred for prosecution, that the prosecutor has not commenced criminal proceedings, that proceedings have been indefinitely postponed; and records of arrest unaccompanied by disposition that are more than one year old and in which no prosecution is actively pending, these regulations now impose restrictions against dissemination of that portion of CHRI containing non-conviction data to non-criminal justice agencies not otherwise permitted access to such information by state statute (3B) and (5).

3. Non-conviction data may only be disseminated to:

   A. Criminal justice agencies for criminal justice activity and employment.
   B. Public and private agencies authorized by state and federal statute, executive order, local ordinance or court decision. (See paragraph 5)
   C. Individuals and agencies pursuant to a specific agreement with a criminal justice agency to provide criminal justice services. (e.g. Consultants)
   D. Individuals and agencies engaged in research, evaluative or statistical activities.

4. Nothing in this Regulation abrogates the right of individuals (or their authorized representatives) to access, review, challenge or appeal criminal history information about themselves as provided for in LAC 1-18:3 and LAC 1-18:4.

5. Upon application, the Central State Repository (Bureau of Criminal Identification) may furnish a copy of all information available pertaining to the identification and history of any person or persons of whom the Bureau has a record or any other necessary information to any federal, state, or local government regulatory, investigative, licensing or bonding agencies which may require fingerprinting, in connection with their authorized duties, functions and powers.

DISSEMINATION AND CORRECTIONS RECORDS REQUIREMENTS

DISSEMINATION LOGS

6. In order to maintain accountability over the full scale of collection, storage and dissemination of CHRI, dissemination transactions records in the form of a log shall be kept by each criminal justice agency. The logging is required both to support the audit process and as a means of correcting erroneous dissemination. Logs may be kept as shown on LCLE Privacy and Security Form No. 8 but must, as a minimum, contain the following data elements:

   A. A tracking, serial, or identification number in order to provide positive identification linkage between CHRI disseminated and the record from which extracted.
   B. Agency or individual to which or whom CHRI released.
   C. Address of agency or individual.
   D. Date of release or notification.
   E. Individual to whom information relates.
   F. Items of information released and how furnished (i.e., copy provided, written out by hand, mailed, teletype or computer terminal printout).
   G. Original entry or correction (indicate "O" or "C" as appropriate).
   H. Releasing official.

CORRECTION RECORDS

7. Since identification of agencies or individiuals receiving erroneous CHRI is possible from the dissemination log and since Federal Regulations require notification of each recipient of inaccurate or erroneous CHRI (unless it falls outside of the 90 day limit specified in LAC 1-18:4.6) a corrections record will also be kept using the dissemination log. The minimum data elements for a correction entry are essentially similar to those specified for a dissemination entry. The tracking or serial number will be identical to the identification number provided for the original information on the dissemination log. The log page number of the original entry will be placed next to the "C" in the "Original or Correction" column of the log in order to maintain audit trail continuity.

8. All logs are to be preserved for a period of not less than one year from the earliest date of release of information or notification of correction. Logs will be made available for audit and verification of compliance with the Regulations by the Commission, the Privacy and Security Committee or their designated staff members at such time as they may require.

NO RECORD RESPONSE

9. When a response to an inquiry is "No Record" or essentially negative, no logging of the response is required.

CORRECTIONS DATA TRANSMITTAL

10. Corrections to records shall be forwarded in hardcopy form such as letter, teletype, or computer terminal printout within 14 days after determining erroneous information has been disseminated. If the original dissemination is older than 90 days and the 90 day record maintenance notification has been imposed, and a correction is indicated, the correction should be made but need not be transmitted, except to the Central State Repository.

6. The annual audit will be performed on a random sample of all affected agencies in the State. All affected agencies must fully cooperate in the conduct of the annual audit.

7. LCJIS shall audit, on a periodic basis, a random sampling of agencies to provide statistically significant examinations of the accuracy and completeness of data maintained and to verify adherence to the Regulations.

   Sampling and detailed audit procedures will be as indicated in LCJIS furnished guidelines and implementing directives.

AGENCY RESPONSIBILITIES

8. The annual audit will be performed by members of the LCJIS staff who are familiar with the agencies and the requirements of the Regulations. Agencies to be audited will be given a minimum of 30 days written notice prior to an annual audit being conducted. On conclusion of the annual audit, the staff will give the agency an oral debriefing and subsequently, within 30 days, a written, formal critique highlighting deficiencies and recommending corrective action. Field agents making regular, subsequent visits will verify corrective action taken.

9. At the time of the audit, the audited agency will have ready to present to the audit team such documentation as may be required by LCJIS, including but not limited to:

   A. Evidence of procedural compliance including security,

   B. Copies of systematic audits performed,

   C. Source records as may be requested,

   D. Dissemination logs, and

   E. Right of access, appeals, and certification forms.

10. Audited agencies with serious deficiencies as indicated in the formal critique must correct these deficiencies and will render written, corrective action reports to LCJIS monthly until the deficiency is eliminated.

Audits and Quality Control

1. It is the purpose of this regulation to interpret the requirements of the Federal Regulations as they pertain to: (a) the quality of the information the criminal justice agencies collect, store and disseminate; and, (b) the systematic and annual audits to be performed in order to verify adherence to the Privacy and Security Regulations.

QUALITY CONTROL

PRIVACY CONSIDERATIONS

2. The quality of information which the criminal justice agencies collect and use is an important privacy consideration. Quality information issues usually fall into one or both of two categories; namely, completeness and/or accuracy. Achieving high quality record information is largely a matter of good procedures; it requires a rigorous, systematic approach to record-keeping and a high degree of cooperation among the participating agencies. Agencies shall therefore, institute procedures which implement these requirements.

COMPLETENESS AND ACCURACY

3. Agencies shall likewise develop written procedures which comply with the basic provisions of LAC 1-18:5.

AUDITS

4. There are basically two types of quality assurance audits required periodically. The systematic audit is required of an agency which collects, maintains and disseminates CHRI as a means of minimizing errors or omissions in the completeness and accuracy of the records. This audit is actually a quality control mechanism and will usually be performed on a periodic and regular basis by the agency itself. In contrast, the annual audit is an examination by an outside agency of the extent to which an agency is complying with the Regulations.

5. The systematic audit refers to a combination of systems and procedures employed both to ensure, to the extent possible, completeness and to verify accuracy. The systematic audit is also an internal procedure which basically provides for a comparison between CHRI and source documents or reporting forms, as appropriate, in order to check accuracy and completeness. In addition, this audit provides for an inspection of an agency's systematic audit procedure in accordance with the guidelines furnished by the Louisiana Criminal Justice Information System (LCJIS) staff and utilizing LCLE-Privacy and Security Form No. 9 (Agency Systematic Audit Checkoff List).

Louisiana Privacy and Security Regulation
LAC 1-18:8

Security of Criminal History Information

1. It is the purpose of this regulation to establish minimum standards governing the achievement and maintenance of physical security, personnel security and programming security within agencies maintaining criminal history records.

PHYSICAL SECURITY

2. Affected agencies shall institute procedures for the protection of criminal history records from environmental hazards including fire, flood, and power failure. Appropriate measures may include: adequate fire detection and quenching systems, protection against water and smoke damage, fire resistant materials on walls and floors, air conditioning systems, emergency power sources and backup files.

3. Affected agencies shall adopt security procedures which limit access to criminal history files. These procedures may include use of guards, badges, keys, passwords, sign-in logs or similar controls. Facilities housing criminal history records shall be so designed and constructed as to reduce the possibility of physical damage to the records. Appropriate measures may include physical limitations on access, security storage for information media, adequate lighting, detection and warning devices, perimeter barriers, heavy-duty, non-exposed walls and closed circuit television.

PERSONNEL SECURITY

4. Applicants for employment and those presently employed in the maintenance of criminal history records shall consent to an investigation of their character, habits, previous employment, and other matters necessary to establish their good moral character, reputation and honesty. Giving false information shall disqualify an applicant from employment and subject a present employee to dismissal.

5. Investigations should be conducted in such a manner as to provide sufficient information to enable the appropriate officials to determine employability and fitness of persons entering sensitive positions. Investigations of applicants should be conducted on a pre-employment basis and the resulting reports used as a personnel selection device.

6. Systems personnel including terminal operators in remote locations, as well as programmers, computer operators, and others working at or near the central processor, shall be assigned appropriate security clearances and should have those clearances renewed periodically after investigation and review.

7. Each affected agency should prepare a security manual which delineates procedures for granting clearances for access to criminal history information as well as areas where criminal history data is maintained. Each person working with or having access to this information should know the contents of the manual.

8. The management of each affected agency should establish sanctions for accidental or intentional violation of system security standards. Supervisory personnel should be delegated adequate authority and responsibility to enforce these standards.

9. Any violation of the provisions of these standards by any employee or officer of any public agency, in addition to any applicable criminal or civil penalties, shall be punished by the imposition of appropriate disciplinary measures.

10. Where any affected agency is found by the Louisiana Privacy and Security Committee to have willfully or repeatedly violated the requirements of this standard, the Committee may prohibit the dissemination of criminal history record information to that agency, for such periods and such conditions as the Committee deems appropriate.

PROGRAMMING SECURITY

11. There shall be a terminal identification code number for each remote terminal as a pre-condition for entering the files. Within each agency, terminal use shall be assigned to a limited and identified group of individuals. Each individual terminal user shall identify himself by a personal identification number or authorization code. The computer shall be programmed to log the identity of all users, the files accessed, and the date of access. This information shall be maintained for twelve (12) months. (See LAC 1-18:6.) Each remote terminal user shall establish a computerized or written log of terminal use, which shall be audited periodically.

12. Where a computer file may be accessed by more than one agency, system software shall ensure that each agency shall obtain only the data to which it is entitled. System hardware and software shall contain controls to ensure that each user with on-line direct terminal access can obtain only reports authorized for its use. System software shall be implemented to erase and clear core, buffers, mass storage, and peripheral equipment of data automatically whenever purging is required by these regulations. Duplicate computer files shall be created as a counter-measure for destruction of original files and all computer tapes or discs shall be locked in a safe storage area under the control of senior personnel. Secondary storage should be used for back-up.

13. Where criminal justice data is transmitted to a data center on reporting forms, the center shall establish procedures for destroying these forms after the data is entered in the computer. System software shall contain controls to ensure that each terminal is limited to the information it can input, modify, or cancel.

14. A monitor program shall be developed to report attempts to violate the system security software or files. Edit programs shall be created to periodically audit record alteration transactions.

LAC 1-18:9

Segretation of Computerized Files and their Linkage to Intelligence Files

1. It is the purpose of this regulation to establish minimum standards governing the maintenance of the security and integrity of computerized criminal history record information.

SEGREGATION OF COMPUTERIZED FILES

2. Data files and programs used by the criminal justice system for the collecton, maintenance, or dissemination of criminal history record information shall be under the management control of a criminal justice agency and shall be supervised and maintained in the following manner.

   A. Files shall be stored on the computer in such a manner that they cannot be modified, destroyed, accessed, changed, or overlaid in any fashion by non-criminal justice terminals.

   B. The agency employee in charge of computer operations shall write and install, or cause to have written and installed, a program that will prohibit inquiry, file updates or destruction from any terminal other than criminal justice system terminals which are so designated. The destruction of files shall be limited to specifically designated terminals under the management control of the criminal justice agency responsible for maintaining the files.

   C. The agency employee in charge of computer operations shall write and install, or cause to have written and installed, a classified program to detect and store for classified output all accesses and all attempts to penetrate and all accesses of any criminal offender record information system, program or file. This program shall be available only to the agency control employee and his immediate assistant and the records of such program shall be kept continuously under maximum security conditions. No other persons, including staff and repair personnel, shall be permitted to know this program.

   D. Non-terminal access to criminal offender record information such as requests for tapes, file dumps, printouts, etc., shall be permitted only with approval of the criminal justice agency having management control of the data. The employee in charge of computer operations shall forward all such requests to the criminal justice agency employee responsible for maintaining systems and data security.

LINKAGE TO INTELLIGENCE FILES

3. Criminal history record files may be linked to intelligence files in such a manner that an intelligence inquiry from a criminal justice terminal can trigger a printout of the subject's criminal offender record information.

4. A criminal history record inquiry response shall not include information which indicates that an intelligence file exists.

LAC 1-18:10

Training of System Personnel

1. It is the purpose of this regulation to establish a training program whereby all personnel working with or having access to criminal history record information are made familiar with the substance and intent of the Louisiana Privacy and Security Regulations.

RESPONSIBILITY FOR STATE-WIDE IMPLEMENTATION

2. The Louisiana Commission on Law Enforcement shall be primarily responsible for planning, coordinating, presenting, and approving the Privacy and Security Training Programs. The objective of the training program shall be to instruct key employees of affected agencies as to the substance and intent of the Louisiana Privacy and Security Regulations. Every affected agency shall, to the maximum extent possible, avail itself of such training as may be provided by LCLE.

AGENCY RESPONSIBILITY FOR INTERNAL TRAINING PROGRAM

3. Every affected agency shall institute an internal training program to familiarize personnel with the proper use and control of criminal history record information. Each such program must contain provisions for specific instructional sessions on Louisiana Privacy and Security Regulation LAC 1-18:8 which establishes minimum security standards for criminal history record information. This training program would be primarily directed to employees who work with or have access to criminal history record information.

4. Each affected agency shall maintain a written record describing the training procedures employed by the agency and indicating the number of training meetings per year. This record shall be made available to LCLE staff audit personnel during schedules annual audits.

PUBLIC RECORDS.....90-C

Under R.S. 44:9 arrest records of misdemeanor violations should be removed from a person's record if the charges are dismissed, but arrest records of felony violations should not be removed from a person record simply because the charges are dismissed.

Mr. Norman R. Diaz
Chief Criminal Deputy
Lafourche Parish
Post Office Box 5608
Thibodaux, Louisiana 70302

Dear Mr. Diaz:

Your request for an opinion from this office has been forwarded to the undersigned for research and reply. As I understand your question, it asks:

1. May the record of an arrest for a criminal offense (either felony or misdemeanor) be removed from a person's arrest record if the District Attorney declines to prosecute?

It is necessary to look at the statute dealing with records of violations of municipal ordinances and state statutes in answering this question.

R.S. 44:9

A. Any person who has been arrested for the violation of a municipal or parish ordinance or for violation of a state statute which is classified as a misdemeanor may make a written motion to the district, parish or city court in which the violation was prosecuted or to the district court located in the parish in which he was arrested, for expungement of the arrest record, if:

(1) The time limitation for the institution of prosecution on the offense has expired, and no prosecution has been instituted; or

* * *

B. Any criminal court of record in which there was a nolle prosequi, an acquittal, or dismissal of a crime set forth above shall at the time of discharge of a person from its control enter an order annulling, cancelling, or rescinding the record of arrest, and disposition, and further ordering the destruction of the arrest record and order of disposition.

C. (1) Any person who has been arrested for the violation of a state statute which is classified as a felony may make a written motion to the district court for the parish in which he was arrested for expungement of the arrest record if:

* * *

(c) The district attorney declines to prosecute; and

* * *

(2) If, after a contradictory hearing with the arresting agency, the court finds that the mover is entitled to the relief sought for any of the above reasons, it shall order all law enforcement agencies to expunge same in accordance herewith.

E. No court shall order the destruction of any record of the arrest and prosecution of any person convicted of a felony, including a conviction dismissed pursuant to Article 893 of Code of Criminal Procedure. (emphasis added)."

R.S. 44:9 grants a person the opportunity to motion the court in the parish where he was arrested to have an arrest expunged from his record, whether the arrest was for a misdemeanor or felony violation.

LOUISIANA

R.S. 44:9 A(1) and (2) allows a person to make a written motion to the court in which he was prosecuted or arrested to have his arrest record expunged if the time limitation for institution of prosecution on the offense has expired without a prosecution having been instituted, or if a prosecution has been finally disposed of by dismissal, sustaining a motion to quash, or acquittal for misdemeanor violations or violations of municipal or parish ordinances.

Section B of R.S. 44:9 also requires that the court of record in which there was a nolle prosequi, an acquittal or a dismissal of a crime set forth in Section A (a misdemeanor or municipal or parish ordinance) expunge the person's record of arrest at the time of discharge of the person from the its control.

When a misdemeanor arrest or an arrest for a parish or municipal ordinance occurs, and the charges are dismissed, then R.S. 44:9 B requires the court to render an order annulling, cancelling, or rescinding the person's arrest record.

R.S. 44:9 does not have a provision requiring that a person's arrest record regarding felony violations be expunged automatically just because the charges have been dismissed. The statute allows a person arrested for a felony violation to motion the court to have his arrest record expunged if certain conditions are met; however, the statute does not provide for the automatic expungement of a felony arrest record simply because the charges are declined by the prosecutor.

Since a provision is made for allowing misdemeanor arrest records to be expunged by the court upon a dismissal of the charges, yet no similar provision exists for arrest records of felony violations, it can be concluded that records of misdemeanor arrests should be removed from a person's arrest record if the charges are dismissed, but records of felony arrests should not be removed simply because the charges are dismissed or declined by the prosecutor.

Accordingly, it is the opinion of this office that under R.S. 44.9, arrest records of misdemeanor violations or violations of municipal or parish ordinances should be removed from a person's record if the charge is dismissed, but arrest records of felony violations should not be removed from a person's record simply because the charges are dismissed or declined.

AUGUST 25 1988

OPINION NUMBER 88-374

La. R.S. 15:871.1 providing for crimir history information on those peor employed in a supervisory or disciplin capacity over children is limited to t referred to therein, namely, R.S. 17:1 R.S. 15:825.3, R.S. 46:51.2 and reference, R.S. 46:1403 and therefc does not cover Scouting Organizatior Parent-Teacher Organizations and oth groups not specifically listed there unless expanded by Rule of Department Health and Human Resources.

Honorable Allen Bradley
Post Office Box 1055
DeRidder, Louisiana 70634

Dear Representative Bradley:

In your opinion request of August 11, 1988 you inquired as to the applicability and scope of La. R.S. 15:587.1. That statute deals with providing criminal history information on those who have supervisory or disciplinary authority over children. Your request asked whether volunteer groups would be covered by this statute and specifically referred to the Girl Scouts, Boy Scouts, and Parent/Teacher Organizations.

La. R.S. 15: 587.1, entitled provision of information to protect children reads in pertinent part as follows:

> A. As provided in R.S. 15:825.3, R.S. 17:15, and R.S. 46:51.2 any employee or others responsible for the actions of one or more persons who have been given or have applied to be considered for positions of supervisory or disciplinary authority over children shall request in writing, through the Department of Health and Human Resources, that the Bureau supply information to ascertain whether that person or persons has been convicted of, or plead nolo contendere to, anyone or more of the crimes listed in Subsection C. ...it must include a statement signed by the person about whom the request is made which gives his permission for such information to be released.

This statute, though broadly worded, is in our opinion limited by the first sentence thereof. We believe that it's application is limited to the statutes cited in the first sentence with the addition of La. R.S. 46:1403 which is referred to in La. R.S. 46:51.2. Those statutes will be

reviewed below in an effort to set out those agencies and positions which we believe are covered by La. R.S. 15:587.1.

La. R.S. 15:825.3 is contained in that section of the revised statutes dealing with the State Department of Corrections. La. R.S. 825.3 states as follows,

> §825.3 Criminal History Review
>
> A. No operator, staff person, or employee of a juvenile detention, correction, or treatment facility shall be hired by the Department until it is determined whether or not such person has been convicted of or has plead nolo contendere to a crime listed in R.S. 15:587.1(C).

Therefore one of the areas covered by La. R.S. 15:587.1 is the State Department of Corrections in it's dealing with juveniles.

La. R.S. 17:15 is located in that section of the revised statutes dealing with education. R.S. 17:15 states as follows,

> §17:15 Criminal History Review
>
> A. No person who is convicted of or has plead nolo contendere to a crime listed in R.S. 15:587.1(C) shall be hired by public or private, elementary or secondary school system as a teacher, substitute teacher, bus driver, substitute bus driver, janitor, or a school employee who might reasonably be expected to be placed in a position of supervisory or disciplinary authority over children unless approved in writing by the District Judge of the parish and the District Attorney. This statement of approval shall be kept on file at all times by the school and shall be produced upon request to any law enforcement officer.

> B. The Board shall establish regulations consistent with the provisions of R.S. 15:587.1.

It is therefore clear that R.S. 15:587.1 applies to those individuals associated with the public and private school systems in this state who have supervisory or disciplinary authority over children.

The next statute listed in the statute in question is La. R.S. 46:51.2. This statute is located in that section of the revised statutes dealing with the State Department of Health and Human Resources. R.S. 46:51.2, also entitled Criminal History Information, sets forth in pertinent part as follows:

> "A. No person shall be hired by the Department whose duties include the investigation of child abuse until it is determined whether or not or if is determined that, such person has been convicted of a crime listed in R.S. 15:587.1(C).
>
> B. No operator, staff person, or employee of the juvenile detention, correction, or treatment facility shall be hired by the department until it is determined whether or not such person has been convicted of or plead nolo contendere to a crime listed in R.S. 15:587.1(C).
>
> C. No child shall be newly placed in a foster home for temporary care, except for emergency placement, or for adoption, until it is determined whether or not any adult living in such home has been convicted of or plead nolo contendere to a crime listed in R.S. 15:587.1(C).
>
> D. Omitted.
>
> E. The department shall establish by regulation requirements and procedures consistent with the provisions of R.S. 15:587.1 under which the organizations

listed in Subsection F may request information concerning whether or not a person in one of the following categories has been convicted of or plead nolo contendere to a crime listed in R.S. 15:587.1(C).

(1) Employees;
(2) Candidates for employment; and
(3) Volunteer workers

This information may be requested only by a person who has, or has applied or volunteered for a position in the organization which includes supervisory or disciplinary authority over children.

F. Any responsible officer or official as the department may determine, of the following organizations may request criminal history information:

(1) a child caring institution, child placing agency, maternity home, group home, or day care center all as defined in R.S. 46:1403; and

(2) any other organization that the department determines, upon request of the organization, to have supervisory or disciplinary authority over children outside of the home to such extent that the department determines that the well-being and safety of children justifies giving the organization access to the specified criminal history information of those who work or volunteer to work with the organization."

Therefore, R.S. 46:51.2 sets out another group of individuals about which this information may be received, including without limitation those investigating child abuse, those working for juvenile centers, those operating foster

homes, day care centers and other entities or persons set out in Part F(1) of R.S. 46:51.2.

La. R.S. 46:1403 also located in that section of the revised statutes dealing with the Department of Health and Human Resources contains the definitions for those terms set forth in F(1) of La. R.S. 46:51.2.

It is our opinion that R.S. 15:587.1 though broadly worded, is limited by the specific statutes incorporated therein, and the definitions provided in La. R.S. 46:1403 and therefore applies only to the organizations and endeavors set forth above. No scouting organizations, the Boy Scouts, the Girl Scouts, and no Parent/Teacher organizations are set out in the statutes. We believe that La. R.S. 15:587.1 is limited to the statutes and situations incorporated therein and therefore does not cover scouting organizations, Parent/Teacher organizations and other similar organizations unless specifically provided for by statute or by rule of the State Department of Health and Human Resources. The Department has, as of this date, no rule expanding the coverage of R.S. 46:51.2.

We hope the above has been helpful to your inquiry and if you have any additional questions or request additional explanation of the above, please do not hesitate to contact this office.

Sincerely,

WILLIAM J. GUSTE, JR.

§ 620. Right to access and review

1. Inspection. Any person or his attorney may inspect the criminal history record information concerning him maintained by a criminal justice agency. A person's right to inspect or review criminal history record information shall not include access to intelligence and investigative information or any other information which is not criminal history record information. A criminal justice agency may prescribe reasonable hours and locations at which the right may be exercised and any additional restrictions, including satisfactory verification of identity by fingerprint comparison, as are reasonably necessary. These restrictions shall be to insure the security and confidentiality of the criminal history record information and to verify the identity of the person seeking to inspect that information. The agency shall supply the person or his attorney with a copy of the criminal history record information pertaining to him on request and payment of a reasonable fee.

2. Review. A person or his attorney may request amendment or correction of criminal justice record information concerning him by addressing, either in person or by mail, his request to the criminal justice agency in which the information is maintained. The request shall indicate the particular record involved, the nature of the correction sought and the justification for the amendment or correction.

On receipt of a request, the criminal justice agency shall take necessary steps to determine whether the questioned information is accurate and complete. If investigation reveals that the questioned information is inaccurate or incomplete, the agency shall immediately correct the error or deficiency and advise the requesting person that the correction or amendment has been made.

Not later than 15 days, excluding Saturdays, Sundays and legal public holidays, after the receipt of a request, the agency shall notify the requesting person in writing either that the agency has corrected the error or deficiency or that it refuses to make the requested amendment or correction. The notice of refusal shall include the reasons therefor, the procedure established by the agency for requesting a review by the head of the agency of that refusal and the name and business address of that official.

3. Administrative appeal. If there is a request for review, the head of the agency shall, not later than 30 days from the date of the request, excluding Saturdays, Sundays and legal public holidays, complete the review and either make the requested amendment or correction or refuse to do so. If the head of the agency refuses to make the requested amendment or correction, he shall permit the requesting person to file with the agency a concise statement setting forth the reasons for his disagreement with the refusal. He shall also notify the person of the provisions for judicial review of the reviewing official's determination under subsection 4.

Dissemination of the disputed criminal history record information by that agency with which the requesting person has filed a statement of disagreement, occurring after the filing of such statement, shall clearly reflect notice of the dispute. A copy of the statement shall be included, along with, if the agency deems it appropriate, copies of a concise statement of the reasons of the agency for not making the amendment or correction requested.

4. Judicial review. If an administrative appeal brought pursuant to subsection 3 is denied by the head of the agency, or the requesting person believes the decision of the head of the agency to be otherwise unsatisfactory, the person may, within 30 days of the decision rendered by the head of the agency, seek relief in the Superior Court.

5. Notification. When a criminal justice agency has amended or corrected a person's criminal history record information in response to written request as provided in subsection 2 or a court order, the agency shall, within 30 days thereof, advise all prior recipients, who have received that informa-

tion within the year prior to the amendment or correction, of the amendment or correction. It shall also notify the person of compliance with that requirement and the prior recipients notified.

6. **Right of release.** The provisions of this subchapter shall not limit the right of a person to disseminate to any other person criminal history record information pertaining to himself.

The notice must be given within eight years after the date of the incident.

(f) *Court order.* — A person whose request for expungement is denied in accordance with subsection (e) may, within 30 days after written notice of the denial is mailed or otherwise delivered to him, file an application in the District Court having proper venue against the law-enforcement agency for an order of expungement. If the court finds, after a hearing held upon proper notice to the agency, that the person is entitled to expungement, it shall enter

an order requiring the agency to comply with subsection (c). Otherwise, it shall deny the application. The agency is deemed to be a party to the proceeding. All parties to the proceeding have the right of appellate review on the record provided for in the Courts and Judicial Proceedings Article with respect to appeals in civil cases from the District Court. (b) *Juvenile charges.* — (1) A court shall grant a petition under subsection (a) (8) of this section if:

(i) The charge transferred under Article 27, § 594A of the Code did not result in the filing of a petition under § 3-810 of the Courts and Judicial Proceedings Article; or

(ii) The charge did result in the filing of a petition under § 3-810 of the Courts and Judicial Proceedings Article but the decision on the petition was a finding of facts-not-sustained.

(2) If a charge transferred under Article 27, § 594A of the Code resulted in the filing of a petition under § 3-810 of the Courts and Judicial Proceedings Article and the adjudication of the child as delinquent, the court may grant a petition of expungement under subsection (a) (8) of of this section on or after the 18th birthday of the petitioner.

However, except for an acquittal on grounds of insanity, the three-year waiting period does not apply to a circumstance specified in subsection (a) (1) or subsection (a) (2) if a person files, with the petition, a written general waiver and release, in proper legal form, of all claims he may have against any person for tortious conduct arising from the charge. With respect to subsection (a) (3) of this section, the petition may not be filed earlier than the later of: (1) 3 years after the date of the judgment or order of probation; or (2) the date of the person's discharge from probation. With respect to subsection (a) (4), the petition may be filed immediately after the nolle prosequi is entered. With respect to subsection (a) (7) of this section, the petition may not be filed earlier than 5 years nor later than 10 years after the pardon was signed by the Governor.

(2) The court may grant a petition for expungement at any time upon a showing of good cause by the petitioner.

(e) *Objection to petition.* — A copy of the petition shall be served on the State's Attorney. Otherwise, it shall deny the petition. If the petition is based upon the entry of a judgment of probation without finding a verdict, probation on stay of entry of judgment, a nolle prosequi, placement on the stet docket, or a full and unconditional pardon by the Governor, the person is not entitled to expungement if:

(1) He has since been convicted of any crime, other than violations of the State vehicle laws or other traffic laws, ordinances, or regulations not carrying a possible sentence of imprisonment, or

(2) He is then a defendant in a pending criminal proceeding.

(g) *Appellate reviews.* — The State's Attorney is a party to the proceeding. Any party aggrieved by the decision of the court has the right of appellate review provided in the Courts and Judicial Proceedings Article.

§ 738. Consolidated charges.

For purposes of this subtitle, two or more charges arising from the same incident, transaction, or set of facts, shall be considered as a unit. If a person is not entitled to an expungement of any one charge of a unit, he is not entitled to expungement of the other charges in the unit. (1975, ch. 260.)

§ 739. Disclosure of expunged records.

(a) *Disclosure unlawful.* — It is unlawful for any person having or acquiring access to an expunged record to open or review it or to disclose to another person any information from it without an order from the court which ordered the record expunged, or, in the case of police records expunged pursuant to § 736, the District Court having venue.

(b) *Hearing and notice required.* — Except as provided in subsection (c), a court shall not enter an order authorizing the opening or review of an expunged record or the disclosure of information from it except after a hearing held upon notice to the person to whom the record pertains and upon good cause shown.

(c) *Ex parte order.* — Upon a verified petition filed by the State's attorney alleging that the record is needed by a law-enforcement agency for purposes of a pending criminal investigation and that the investigation will be jeopardized

or that life or property will be endangered without immediate access to the record, the court may enter an ex parte order, without notice to the person, permitting such access. An ex parte order may permit a review of the record, but may not permit a copy to be made of it.

(d) *Penalties.* — A person who violates this section is guilty of a misdemeanor, and, upon conviction, is subject to a fine of not more than $1,000 or imprisonment for not more than one year, or both. If the person is an official or employee of the State or of any subdivision of the State, he shall, in addition to these penalties, be subject to removal or dismissal from public service on grounds of misconduct in office. (a) *Applicants for employment or admission.* — An employer or educational institution may not, in any application, interview, or otherwise, require an applicant for employment or admission to disclose information concerning criminal charges against him that have been expunged. An applicant need not, in answer to any question concerning criminal charges that have not resulted in a conviction, include a reference to or information concerning charges that have been expunged. (c) With respect to police records or court records made prior to July 1, 1975, subject to expungement under this subtitle, the duty of the custodian is to make a reasonable search. There is no duty to expunge records that cannot be located after a reasonable search. (1975, ch. 260.)

There is no duty to provide access to criminal history record information that cannot be located after a reasonable search. (1976, ch. 239.)

§ 292. Expunging criminal arrest record of person not convicted; probation and discharge of first offenders.

No expunged criminal arrest record shall thereafter be regarded as an arrest for purposes of employment, civil rights, or any statute or regulation or license or questionnaire or any other public or private purpose.

§ 292. Expunging criminal arrest record of person not convicted; probation and discharge of first offenders [Repealed effective January 1, 1991].

(b) (1) Whenever any person who has not previously been convicted of any offense under this subheading or under any prior law of this State or the laws of the United States or of any other state relating to controlled dangerous substances defined in this subheading, pleads guilty to or is found guilty of any of the offenses specified in this subheading, the court, if satisfied that the best interests of the person and the welfare of the people of this State would be served thereby may, with the consent of such person stay the entering of the judgment of guilt, defer further proceedings, and place such person on probation subject to such reasonable terms and conditions as may be appropriate.

(2) (i) The terms and conditions may include ordering the person to pay a fine or pecuniary penalty to the State, to be paid through the office of the clerk of the court. Before the court orders a fine or pecuniary penalty, the person is entitled to notice and a hearing to determine the amount of the fine or pecuniary penalty, what payment will be required, and how payment will be made. Any fine or pecuniary penalty imposed as a term or condition of probation shall be within the amount prescribed by law for a violation resulting in conviction. The court may in addition require that such person undergo inpatient or outpatient treatment for drug abuse.

(ii) In Charles County, St. Mary's County, and Calvert County, the court may also impose a sentence of confinement as a condition of probation.

(3) By consenting to and receiving a stay of entering of the judgment of guilt as provided by this subsection, the person waives all rights to appeal from the judgment of guilt by the court at any time. Prior to the person consenting to the stay of entering of the judgment of guilt, the court shall notify the person that by consenting to and receiving the stay of entry of judgment, he waives the right to appeal from the judgment of guilt by the court at any time.

(4) Upon violation of a term or condition, the court may enter a judgment of conviction and proceed as otherwise provided. Upon fulfillment of the terms

and conditions, the court shall discharge such person and dismiss the proceedings against him. Discharge and dismissal under this section shall be without a judgment of conviction and shall not be deemed a conviction for purposes of disqualifications or disabilities imposed by the law upon conviction of a crime including the additional penalties imposed for second or subsequent convictions under § 293 of this subheading. Discharge and dismissal under this section may occur only once with respect to any person.

(5) Upon petition, any public criminal record in any such case shall be expunged upon the satisfactory completion of any such period of probation. Any expunged arrest and/or conviction shall not thereafter be regarded as an arrest or conviction for purposes of employment, civil rights, or any statute or regulation or license or questionnaire or any other public or private purpose, provided that any such conviction shall continue to constitute an offense for purposes of this subheading or any other criminal statute under which the existence of a prior conviction is relevant.

As it appeared in Ch. 284, Acts of 1984, this section was derived from former Art. 76A, § 1 (a) through (d), (f), (g), and (i), as those subsections related to the State and its units. However, this section was amended by Ch. 285, Acts of 1984.

See the General Revisor's Note to this subtitle.

Defined terms:

"Includes";"including":	§ 1-101
"Person":	§ 1-101
"Political subdivision":	§ 10-601

Effect of amendment. — Section 8, ch. 285, Acts 1984, effective Oct. 1, 1984, substituted "an officer or employee of the State or of a political subdivision" for "a State officer or State employee" in subsection (d), and in subsection (f), inserted "or of a political subdivision" in subparagraph (i) of paragraph (1) and in paragraph (2).

Editor's note. — Section 9, ch. 285, Acts 1984, provides that "the provisions of this act are intended solely to correct outdated references and technical errors in the law and to delete certain obsolete provisions and that there is no intent to revive or otherwise affect law that is the subject of other acts, whether those acts were signed by the Governor prior to or after the signing of this act."

University of Baltimore Law Review. — For note discussing executive privilege to prevent disclosure of official information, see 10 U. Balt. L. Rev. 385 (1981).

Official who obtains personnel records is "custodian". — Once a public official obtained the personnel records of a former employee of the urban services agency through the use of his offices as comptroller and a member of the board of estimates, he became a "custodian," regardless of whether he could be considered an official who supervised the former employee's work. 65 Op. Att'y Gen. 365 (1980).

Public Defender is "official custodian" of trial transcript obtained by the Public Defender's office in the course of its legal representation of an indigent defendant. 68 Op. Att'y Gen. — (January 25, 1983).

Police records must be considered "public records." 57 Op. Att'y Gen. 518 (1972).

"Arrest logs" are public records. 63 Op. Att'y Gen. 543 (1978).

Police investigative report is a "public record" that is subject to disclosure to any person, including members of the press, unless refusal to disclose it is mandated or permitted by a statutory exception or otherwise by law. 64 Op. Att'y Gen. 236 (1979).

And voter registration records open to public inspection are clearly "public records," and not privileged or made confidential by law. 62 Op. Att'y Gen. 396 (1977).

And school attendance records. — The filing with a local board of education of the names and addresses of all pupils attending a school in a particular county would constitute a "public record." 59 Op. Att'y Gen. 586 (1974).

And personnel file of urban services agency. — The personnel file of a former employee of an urban services agency was a "public record," since all records in the file would have either been made or received by the urban services agency, a Baltimore City agency, in connection with the transaction of public business. 65 Op. Att'y Gen. 365 (1980).

And trial transcript is public record. 68 Op. Att'y Gen. — (January 25, 1983).

(c) *General Assembly.* — This Part III of this subtitle does not preclude a member of the General Assembly from acquiring the names and addresses of and statistical information about individuals who are licensed or, as required by a law of the State, registered.
