PREFACE

On behalf of the Board of Directors and the membership it is a pleasure to present the 1973 Kansas City Crime Commission Report, which completes the Commission's 24th year of existence, 1949 to 1973.

This report has been prepared as a public service to the membership and general citizenry. The contents include the Crime Commission founding, history, articles of association, by laws, projects and accomplishments, crime statistics, police data, National Crime Commission directory along with their Executive Officers and Board of Directors.

The crime rate in Kansas City reached an all time high in 1969, however crime has decreased each year during 1970, 1971, and 1972 in the number and percentage of the most serious offenses.

Former Kansas City Police Chief C. M. Kelley was commended by President Richard M. Nixon for this decreasing crime rate.

The Kansas City Crime Commission has served as a nonpolitical, nonpartisan watchdog for the citizens of this area for nearly 24 years. The effectiveness of the Crime Commission has been made possible by the support of the business and industrial community along with public spirited citizens.

The Kansas City Crime Commission is grateful for this assistance in the past and trust that continued activities in behalf of improved criminal justice will merit your continued interest and financial support.

Harry L. Morris
President

SECTION I

WHAT IS A CITIZEN CRIME COMMISSION¹

¹National Association of Citizen Crime Commissions,
52 Fairlie Street, N.W., Atlanta, Georgia, April, 1970.

WHAT IS A CITIZEN CRIME COMMISSION

AN ACTION ORGANIZATION

A Citizen Crime Commission Is An Action Organization!

It is voluntary, non-partisan and non-profit. It is fact-finding, program-planning, attention-getting.... and beholden only to the law-abiding community for which it acts.

NOT A LAW ENFORCEMENT AGENCY

A Citizen Crime Commission Is Not A Law Enforcement Agency!

Neither is it a vigilante group, a police review board, a prosecuting agency, nor a do-gooders society.

WHY A CRIME COMMISSION CAN HELP

Something Can Be Done About Crime Through Citizen Crime Commissions!

They cannot be influenced by racket interests. They will not be side tracked by political considerations. They are not dependent on government funding.

FIGHT CRIME SUCCESSFULLY

They Fight Crime Successfully Because A Citizen Crime Commission:

DECIDES, after study, what is most needed to improve law enforcement programs for police, prosecutors, courts, prisons and jails, probation and parole services.

INITIATES and supports new and more effective law enforcement methods.

MOBILIZES civic groups and individuals in support of criminal justice services that assure top quality law enforcement.

GETS RESULTS. Because it is action-oriented. And because its action is based on thorough investigation, study and planning.

THE CRIME COMMISSION HISTORY

Organization Meeting
of
THE KANSAS CITY CRIME COMMISSION
September 13, 1949

The Organization Meeting of the Kansas City Crime Commission, called by the Foreman of the former Jackson County Grand Jury, Mr. George Fiske, convened in the dining room of the Saddle and Sirloin Club, 105th and Mission Road, Johnson County, Kansas, on the thirteenth day of September, 1949, at 7:30 p.m., at which time dinner was served to the Organizing Committee and their wives.

Upon roll call the following members of the Jackson County Grand Jury were present:

Messrs. Ralph M. Cash	H. W. Luhnnow
E. M. Dodds	J. Willard Olander
Wilford Evans	Glenn Powell
George Fiske	Maynard Sands
J. H. Hatch	Chas. E. Teel
	J. Todd

Former members of the Grand Jury, Larry M. Dike and Herbert A. Hedges, were out of the City and unable to attend.

The meeting, for the purpose of the organization of the Kansas City Crime Commission, was called to order by George Fiske, who appointed J. H. Hatch Acting Secretary.

There was considerable and extended discussion with respect to the qualifications of the proposed membership of the Commission, with the following decisions resulting from the discussion:

(1) The membership of the Crime Commission should be limited to one hundred (100) citizens of Kansas City, Missouri.

(2) Contributors to the necessary financing of the Commission should be without limit as to number, and contributions solicited on the basis of the interest and ability of the donors to support the Commission financially for a period of at least three (3) years.

(3) There should be a Board of Directors consisting of no more than eleven (11) members.

(4) The officers of the Commission should be the President, two Vice Presidents, a Treasurer, and a Secretary.

(5) That a pro forma decree should be sought in the Circuit Court of Jackson County, activating the Commission as a non-profit corporation.

(6) That the membership in the Commission be limited to not more than five attorneys at law, and that it should not include either clergymen, politicians or labor leaders. This limitation was agreed upon for the reason that all of such classifications could not possibly be included; therefore, it was necessary to limit the membership with respect to attorneys at law. In order to avoid ill feelings, the membership of the other classifications was not approved.

Mr. Luhnnow nominated, and Mr. Hatch seconded, the nomination of the following temporary officers of the Kansas City Crime Commission to serve as such until the corporation should be regularly established and a regular election of officers duly and properly held.

Messrs. E. M. Dodds, President
George Fiske, Vice President
Ralph M. Cash, Vice President
J. Willard Olander, Treasurer
Wilford Evans, Secretary

Mr. Evans requested that his name be withdrawn for nomination, for the reason that he wished to further consider the proposition of the Commission. Thereupon Mr. Luhnnow substituted the name of J. H. Hatch for Secretary, which was seconded by Mr. Fiske, and the nominations were then

unanimously voted.

There then followed some discussion with respect to the lists of names that had been requested by Mr. E. M. Dodds during the past and had not been submitted by all of the former members of the Grand Jury. These lists of names were requested for the purpose of selecting an initial committee of twenty-five or more who would eventually select the proposed one hundred for membership.

There being no further business to come before the meeting, it was, upon motion duly made, seconded and carried, adjourned.

J. H. Hatch, Acting Secretary

CRIME COMMISSION FORMATION
AND
ARTICLES OF ASSOCIATION
1949

INTRODUCTION

The Jackson County Grand Jury, appointed during the May, 1949, term of Court, after nearly four months investigation of conditions in Kansas City and Jackson County, has strongly recommended that a Crime Commission be organized.

A Commission having a membership of not to exceed 100 persons, representing a cross section of Kansas City business and professional men, is now being organized to maintain a constant check on law enforcement and the administration of justice in Kansas City and Jackson County.

It is proposed that the Commission follow the pattern of the Chicago Crime Commission which has operated so successfully for over thirty years.

Following is a statement of policy and purposes of the Commission, as stated in the application for a pro forma decree of incorporation:

THE KANSAS CITY CRIME COMMISSION
ARTICLES OF ASSOCIATION

We, the undersigned, for the purpose of forming a corporation under the laws of Missouri, relating to benevolent, religious, scientific, educational and miscellaneous associations under Article Ten, Chapter 33, of the Revised Statutes, 1939, in connection with others, have entered into the following agreement:

First: The name of this association shall be KANSAS CITY CRIME COMMISSION.

Second: Its location shall be in Kansas City, Jackson County, Missouri.

Third: Its duration shall be perpetual.

Fourth: This association is formed for the following purposes:

(1. To promote, foster, and encourage greater interest by the public in the prevention of crime and the enforcement of the criminal laws, by preparing, assembling, compiling and distributing data and information regarding crimes, criminal laws and criminal procedures, and by developing and carrying out a continuing educational and scientific program covering crime, its prevention and punishment.

(2. To aid and assist, by all lawful means, the various courts and all law enforcement officers and agencies in Kansas City and Jackson County, in the investigation of crimes and the enforcement of all criminal laws in order to assure the people of Kansas City and Jackson County fair, speedy and just administration of such criminal laws.

(3. To aid and assist, by all lawful means, all governmental officers or other agencies or organizations engaged in or having the responsibility of preventing or reducing crime and juvenile delinquency.

(4. To develop and carry out a continuing program of scientific research in criminology and related subjects, looking toward the enactment and adoption of improved criminal laws and ordinances and improved rules, regulations and procedures of the courts and law enforcement agencies, and from time to time to announce the results of its research to the public.

(5. To aid, by every lawful means, in suppressing crime in Kansas City and Jackson County.

(6. To do and perform any and all proper and lawful acts in connection with:

(a) Promoting the efficiency and diligence of all officers, departments, and agencies charged with or

engaged in suppressing, preventing or punishing crime in Kansas City and Jackson County.

(b) Destroying alliances or conspiracies, if any should exist, between persons engaged either in crime or directly or indirectly profiting therefrom, and any other person or persons.

(c) Collecting and disseminating information concerning all public officials and employees charged with the duty of enforcing the laws or administering justice to insure that they are strictly accountable to the public for honest, impartial, and efficient discharge of their duties.

(d) Developing and maintaining comprehensive records of selected, serious felonious offenses occurring in Kansas City and in Jackson County.

(e) Formulating and focusing public opinion upon the prevention and punishment of crime so that all those persons who should cooperate with the police, the courts, and the law enforcement officers and agencies, will do so, in the performance of their duties as citizens.

And in general to perform any and all other lawful acts in carrying out any of the above purposes, provided, however, that this association shall not become an apprehending or prosecuting agency nor shall it undertake to perform the duties of accredited officials charged with the administration of criminal laws and procedures.

This association shall not be conducted for profit, it having been formed for the purpose of operating as a non-partisan, educational and scientific association in carrying out the purposes hereinabove provided.

It is believed that a budget of about \$40,000.00 per year will be required to operate the Commission. In order to attract the proper personnel, and assure continuity of effort, the budget should be underwritten for at least three years.

The proposed staff would consist of the following persons:

1. Managing Director
2. Investigators
3. Court Watchers
4. Clerks

The by-laws of the Commission provide for a Board of Directors of eleven members, who will elect a President, two Vice Presidents, a Secretary and a Treasurer. The outgoing President shall be elevated to the Position of Chairman of the Board of Directors. The officers will constitute an Executive Committee. The operation of the Commission will be under the direction of, and policies set by, the Board of Directors.

The organization of the members of the Commission is proceeding on a careful and selective basis in order that the membership of the Commission may command the respect of the citizens and be of the greatest value to the work of the Commission.

A FEW OF THE CRIME COMMISSION'S PAST

ACTIVITIES AND ACCOMPLISHMENTS

1949-1968

During the past few years the Crime Commission has received numerous requests for information concerning past activities and accomplishments. It would be impossible to list many of the things handled daily such as the passing on of confidential information about crimes, gambling, and vice to the proper authorities. Bearing this in mind, we have prepared a limited list of activities for the 1973 Kansas City Crime Commission Report. This report has been prepared for distribution to our members and will be available to other jurisdictions or citizens who are interested in the Crime Commissions activities.

Since the factors which cause crime are many and vary from place to place, readers are cautioned against drawing conclusions from direct comparisons of crime figures between individual communities without first considering the factors involved. Some of the conditions which will affect the amount and type of crime that occurs from place to place are briefly outlined below:

Density and size of the community population and the metropolitan area of which it is a part; composition of the population with reference particularly to age, sex and race; economic status and mores of the population; relative stability of population, including commuters, seasonal, and other transient types; climate, including seasonal weather conditions; educational, recreational, and religious characteristics; effective strength of the police force; standards governing appointments to the police force; policies of the prosecuting officials and the courts; attitude of the public toward law enforcement problems; the administrative and investigative efficiency of the local law enforcement agency.
