AVIATION SECURITY

17045

U.S. DEPARTMENT OF TRANSPORTATION
FEDERAL AVIATION ADMINISTRATION
CIVIL AVIATION SECURITY SERVICE
September 1974

FOREWORD

For some time there has existed a need for the law enforcement organizations participating in aviation security to know and to be able to contact their counterparts at the other air carrier airports throughout the country. This need has been expressed on many occasions by law enforcement officials and students at the Federal Aviation Administration's Aviation Security Training Program conducted at Oklahoma City by the Department of Transportation's Transportation Safety Institute.

This directory has been compiled in response to that need. It is hoped that those who receive copies will find it helpful in the performance of their duties.

Richard F. Lally

RICHARD F. LALLY
Acting Director, Civil Aviation Security Service

11042

INTRODUCTION

All directories are updated frequently in order to remain current as personnel, addresses and telephone numbers are continually changing. The Civil Aviation Security Service would appreciate the recipients of this directory forwarding all changes and corrections to the Federal Aviation Administration's Air Transportation Security Field Office (ATSFO) with whom they have day to day contact. ATSFOs in turn should send such information to the Chief, Ground Operations Security Division, ACS-300, through their respective Regional Air Transportation Security Divisions.

Corrections will be forwarded to each holder of the directory and a revised edition will be prepared when appropriate.
