D. J. FILLIS  
E. G. CEDERLOF  
J. L. SMITH  
ASSISTANT CHIEFS

To The Citizens of Salt Lake City:

One of the factors of crime prevention has always been to reduce the opportunity for a criminal to commit his crime.

Interested in providing the people of this community with the best crime preventive methods in patrolling, the police department has been able to acquire a military surplus helicopter at no appreciable cost to the taxpayers.

This helicopter has already proven itself time and again, since put into use. It's value, on an experimental basis, indicates the need for expanding the helicopter patrol.

To many of our citizens, the sound of the "chopper" overhead lends a feeling of security. There are some, however, who are not yet able to accept this new method of crime fighting.

It is to those that we wish to appeal for support. As a police department, our only interest is to serve and protect. We ask that you accept a small inconvenience of noise and lights on the basis that the results will be a safer neighborhood for you and your loved ones to live in.

Sincerely,

*J. Earl Jones*

## Law Enforcement Code of Ethics

As a Law Enforcement Officer, my fundamental duty is to serve mankind; to safeguard lives and protect the innocent against deception, the weak against oppression or intimidation, and the peaceful against violence or disorder; and to respect the Constitutional rights of all men to liberty, equality and justice.

I will keep my private life unsullied as an example to all; maintain courageous calm in the face of danger, scorn, or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed in both my personal and official life, I will be exemplary in obeying the laws of the land and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, animosities, or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of the police service. I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession.....law enforcement.
