INTRODUCTION

This issue of the consolidated Library Book Catalog of the Law Enforcement Assistance Administration, the Federal Bureau of Prisons and the Bureau of Narcotics and Dangerous Drugs lists approximately 6,000 books and documents in the holdings of the agencies' libraries. The catalog is published in four separately bound sections: Author Catalog, Title Catalog, Subject Catalog and Periodicals Catalog. The catalog sections will be updated by periodic issuances of supplements that will announce new acquisitions in the libraries' holdings.

The listings in the four sections are entered in accordance with acceptable cataloging procedures based primarily on Library of Congress practices. However, some modifications have been made in the cataloging procedure to meet the particular needs of the libraries contributing to this catalog.

Comments concerning the content, but not the form of entries, and suggested additions to the library collections will be appreciated and should be addressed to the Technical Information Staff, Office of Operations Support, Law Enforcement Assistance Administration, Washington, D. C. 20530.

We gratefully acknowledge the contributions of the participating libraries and the support of various persons in LEAA that made the preparation and publication of this catalog possible.
