PREFACE

The information delineated in this tenth annual report from the Michigan Law Enforcement Officers Training Council reflects activity during the five quarters of fiscal year 1975-76.

Council activity during that time was undertaken in response to the mandates set forth in Act No. 203, Public Acts of 1965, as amended. Accordingly, staff time was directed toward three efforts, these being basic recruit training, career development training, and the improving of the basic recruit curriculum.

The philosophical belief superintending all Council activity is that through mandated training the citizens of the great state of Michigan will have available to them the finest law enforcement officers the discipline has to offer. That belief is the vital life line that requires, and receives, the support of the Executive Office, the Legislature, and the discipline itself.

SECTION II

BASIC TRAININGIn-Service Training

The State of Michigan continued its mandatory basic training concept during the 1975-76 fiscal year. That concept calls for mandated minimum employment standards, and, generates basic training through Council approved regional academies, provides for reimbursement of training costs through state appropriation, and certifies that each academy may certify each participant in its program as having successfully completed the prescribed basic training curriculum which results in the officer becoming certified.

The aforementioned concept allowed for the training of 1,292 law enforcement officers at thirteen locations. The Council funded 41 of the 42 training sessions that were needed to train the basic recruits.

Further, through state appropriation, 302 law enforcement officers were housed on a subsistence basis to allow local police agencies that are not in close proximity to a certified training center an opportunity to comply with Act No. 203, P.A. 1965, as amended, without causing undue hardships.

Table 2 reflects the locations of each approved training center and the number of sessions that were conducted by each.

CAREER DEVELOPMENT TRAINING

The M.L.E.O.T.C. continued to promote the career development concept for the law enforcement discipline. Training endeavors that were maintained by the Council included Advanced, Police Alcohol Training, First Line Supervision, Middle Management, and Executive Development Seminars. These programs were supported in part by grants from the Office of Criminal Justice Programs and the Office of Highway Safety Planning.

Table 6 is a synopsis indicating how many officers were trained through the career development programs.

Table 7 reflects how many agencies participated in the various Career Development programs. Appendix E lists the names of participating agencies, by program, and the number of their officers participating.

SECTION IV

RESEARCH AND DEVELOPMENT

The Council continued to improve its mandated curriculum through the development of a competency based instructional system. In time, it is anticipated that every officer successfully completing basic training will be more able to serve their respective communities.

The most visible products of the aforementioned effort are the training modules that were developed. The fifteen modules are going through the final editing process before implementation in the field. Modules developed include:

1. Felony in Progress - Crimes Against Property
2. Search, Handcuff, and Preparation for Transport
3. Felony in Progress - Crimes Against Persons
4. Felony with a Warrant
5. Misdemeanor in Progress
6. Searching a Female Subject - Felony Warrant
7. Whether to Arrest
8. Recognition of Evidence
9. Fingerprinting and Palmprinting
10. Transportation and Booking
11. Chain of Custody
12. Collection and Preservation of Evidence

- 13. Latent Prints
- 14. Pedestrian Stops
- 15. Radio Communications

In keeping with the development of media support for classroom use, the Council prepared and published a Media Guide that accurately reflects the support that the Council can and does give to the law enforcement discipline throughout the state. Approximately 215 of the guides have been sent to various federal, state, county, and local agencies affiliated with the law enforcement discipline.

Council media was used by two out of state agencies, 20 colleges and universities, and 46 agencies within the state.

APPENDIX F

ACT NO. 203, P.A. 1965
as amended by Act No. 220, P.A. 1968, Act No. 187, P.A. 1970,
Act No. 31, P.A. 1971, and Act No. 422, P.A. 1976

AN ACT to provide for the creation of a law enforcement officers training council; to provide for additional costs in criminal cases and the establishment of the law enforcement officers training fund and allocations therefrom to local agencies of government participating in a police training program.

The People of the State of Michigan enact:

Sec. 1. This act shall be known and may be cited as the "Michigan law enforcement officers training council act of 1965".

Sec. 2. As used in this act:

- (a) "Council" means the law enforcement council.
- (b) "Executive secretary" means the executive secretary of the council.
- (c) "Police officer" or "law enforcement officer" means a member of a police force or other organization of a city, county, township, village or of the state, regularly employed as such and who is responsible for the prevention and detection of crime and the enforcement of the general criminal laws of this state, but shall not include any persons serving as such solely by virtue of his occupying any other office or position.

Sec. 3. There is created the law enforcement council to carry out the intent of this act and to consist of 11 members selected as follows:

- (a) The attorney general, or his designated representative.
- (b) The commissioner of state police, or his designated representative.
- (c) Three members appointed to the council by the governor from a list of 6 active members submitted by the Michigan association of chiefs of police.
- (d) Three members appointed to the council by the governor from a list of 6 active law enforcement officials submitted by the Michigan sheriffs association.
- (e) One member appointed to the council by the governor from a list of 3 names submitted by the fraternal order of the police.
- (f) One member appointed to the council by the governor from a list of 3 names submitted by the metropolitan club.
- (g) One member appointed to the council by the governor from a list of 3 names submitted by the Detroit police officers associations.
- (h) All appointments made by the governor shall be subject to the advice and consent of the senate.

Sec. 4. All members of the council shall hold office for a term of 3 years, except that of the members first appointed from nominees submitted by the Michigan association of chiefs of police and the nominees submitted by the Michigan sheriffs association—1 shall be appointed for 3 years, 1 for 2 years, and 1 for 1 year. A vacancy caused by expiration of a term or termination of his official position in law enforcement shall be filled in the same manner as the original appointment. A member appointed to fill a vacancy created other than by expiration of a term shall be appointed for the unexpired term of the member who he is to succeed in the same manner as the original appointment. Any member may be reappointed for additional terms.

Sec. 5. The council shall designate from among its members a chairman and a vice chairman who shall serve for 1-year terms and who may be re-elected. Membership on the council shall not constitute holding a public office, and members of the council shall not be required to take and file oaths of office before serving on the council. The council shall not have the right to exercise any portion of the sovereign power of the state. No member of the council shall be disqualified from holding any public office or employment by reason of his appointment or membership on the council, nor shall he forfeit any such office or employment, by reason of his appointment hereunder, notwithstanding the provisions of any general, special or local law, ordinance or city charter.

Sec. 6. The council shall meet at least 4 times in each year at Lansing, and shall hold special meetings when called by the chairman or, in the absence of the chairman, by the vice chairman or when called by the chairman upon the written request of 5 members of the council. The council shall establish its own procedures and requirements with respect to quorum, place and conduct of its meeting and other matters.

Sec. 7. The council shall make an annual report to the governor which will include pertinent data regarding the standards established and the degree or participation of municipalities in the training programs.

Sec. 8. The members of the council shall serve without compensation but shall be entitled to their actual expenses in attending meetings and in the performance of their duties hereunder.

Sec. 9. (1) The council shall prepare and publish minimum employment standards with due consideration to varying factors and special requirements of local police agencies relative to:

(a) Minimum standards of physical, educational, mental, and moral fitness which shall govern the recruitment, selection, and appointment of police officers.

(b) The approval of police training schools administered by a city, county, township, village, or corporation.

(c) Minimum courses of study, attendance requirements of at least 240 instructional hours, equipment, and facilities required at approved city, county, township, village, or corporation police training schools.

(d) The requirements in subdivision (c) shall be waived if any of the following occur:

(i) The person has previously completed the mandatory training requirements and less than 1 year of police service, has voluntarily or involuntarily discontinued his work as a law enforcement officer, and is again employed within 1 year after discontinuing work as a police officer.

(ii) The person has served more than 1 year and less than 5 years, has completed the mandatory training requirements, and takes employment with another police agency within 18 months of discontinued service.

(iii) The person has served 5 years or more and takes employment with another police agency within 2 years of discontinued service.

(iv) The person is a member of a sheriff's posse or police auxiliary temporarily engaged in the performance of his duties and while under the direction of the sheriff or police department.

(e) Minimum qualifications for instructors at approved police training schools.

(f) Minimum basic training requirements which regularly employed police officers excluding sheriffs shall complete before being eligible for employment.

(g) Categories or classifications of advanced in-service training programs and minimum courses of study and attendance requirements for these categories or classifications.

(h) The establishment of subordinate regional training centers in strategic geographic locations in order to serve the greatest number of police agencies that are unable to support their own training programs.

(i) Acceptance of certified basic police training and experience received in states other than Michigan in fulfillment in whole or in part of the minimum employment standards prepared and published by the council.

(2) Notwithstanding any other provision of this statute, a regularly employed person employed on or after January 1, 1977, as a member of a police force having a full-time officer shall not be empowered to exercise all the authority of a peace officer in this state, nor employed in a position which is granted the authority of a peace officer by statute, unless the person has complied with the minimum employment standards prepared and published by the council pursuant to this section. Law enforcement officers employed before January 1, 1977, may continue their employment and

participate in training programs on a voluntary or assigned basis but failure to meet standards shall not be grounds for dismissal or termination of employment. A law enforcement officer employed before January 1, 1977, who fails to meet the minimum employment standards established pursuant to this section and who voluntarily or involuntarily discontinues his work as a law enforcement officer may be employed with a law enforcement agency if that officer meets the requirements of subsection (1) (d) (iii).

Sec. 10. The council may enter into agreements with other agencies, colleges and universities to carry out the intent of this act.

Sec. 11. The council may:

(a) Visit and inspect a police training school, or examine the curriculum or training procedures, for which application for approval has been made.

(b) Issue certificates to police training schools qualifying under the rules of the council.

(c) Authorize the issuance of certificates of graduation or diplomas by approved police training schools to police officers who have satisfactorily completed minimum courses of study.

(d) Cooperate with state, federal, and local police agencies in establishing and conducting local or area schools, or regional training centers for instruction and training of police officers of this state, its cities, counties, townships, and villages.

(e) Make recommendations to the legislature on matters pertaining to qualification and training of police officers.

(f) Establish preservice basic training programs at colleges and universities which qualify under the rules of the council.

(g) Require a state examination for police officer certification.

Sec. 12. There shall be an executive secretary of the council who shall be appointed by the council, and who shall hold office during the pleasure of the council. He shall perform such functions and duties as may be assigned to him by the council. He shall receive compensation and reimbursement for expenses within the amounts available therefor by appropriation.

Sec. 13. There is created in the state treasury a law enforcement officers training fund, from which, the legislature shall appropriate sums deemed necessary for the purposes of this act.

Sec. 14. The amounts annually appropriated by the legislature shall be paid by the state treasurer in accordance with the accounting laws of the state upon certification of the executive secretary of the council for the purpose of reimbursing an amount not to exceed the training costs incurred for each officer meeting the recruitment standards prescribed pursuant to this act during the period covered by the allocation, plus an amount not to exceed the necessary living expenses incurred by the officer which are necessitated by training requiring that he be away from his residence overnight. If the moneys in the law enforcement officers training fund to be appropriated by the legislature for the training and living expenses are insufficient to allocate the amount for training and living purposes, the amount shall be reduced proportionately. An allocation shall not be made to a training agency or to a city, county, township, or village or agency of the state which has not, throughout the period covered by the allocation, adhered to the standards established by the council as applicable to either training or personnel or both recruited or trained by the training agency, city, county, township, or village or agency of the state during this period.

Sec. 15. A training agency, city, county, township, or village or state agency which desires to receive reimbursement pursuant to this act shall make application to the council for the reimbursement. The application shall contain information requested by the council.

This act is ordered to take immediate effect.
