I. INTRODUCTION

This volume is the third in a series of reports which document the results of the tasks completed in the Prison Industry Study, entitled, "A Study of the Economic and Rehabilitative Aspects of Prison Industry." The main text is divided into two separate sections. Chapter II is a Bibliography, arranged alphabetically by the author's last name and containing all material currently found in ECON's Prison Industry Library, plus relevant additions from the library of the American Foundation, Inc. Chapter III lists only those materials found to be most helpful by staff and they are arranged by topic in our Subject Filing System.
