LAW ENFORCEMENT ASSISTANCE ADMINISTRATION

James M.H. Gregg, Assistant Administrator
Office of Planning and Management
This information was gathered to verify and update our records of the location, program components and funding sources of groups providing services to battered women. The listing is being duplicated and mailed to the organizations who contributed information to it in appreciation of their cooperation. It is our hope that the material will be reproduced and utilized to facilitate the work of these groups.

The data were collected between January and March 1978. The final pages contain entries either received after the typing was completed or inadvertently omitted from the appropriate state listing.
