**ANNUAL
REPORT**

25th YEAR

7015

GEORGE LATIMER
MAYOR

CITY OF SAINT PAUL
DEPARTMENT OF POLICE

R. H. Rowan, Chief of Police
101 East Tenth Street
Saint Paul, Minnesota 55101
612-291-1111

The Honorable George Latimer
Mayor, City of St. Paul
City Hall and Court House
St. Paul, Minnesota

Dear Mayor Latimer:

I am pleased to submit to you the 1979 Annual Report of the St. Paul Police Department's activities. The year commemorated the 125th Anniversary not only of the City, but also its Police Department. We participated wholeheartedly in the festivities, our Heritage Patrol providing a link between the old and the new.

The "Team Police" program, the patrol-decentralized mode in which the Department has operated since mid-1977, was carefully evaluated in 1979. It was determined that the continuation of this program (originally made possible by an LEAA grant), best serves the citizens of St. Paul, and the City made such a commitment.

Operational for nearly the entire year, the Fingerprint Scanner (Minnesota Automated Fingerprint Identification Network) has demonstrated how technology and cooperative law enforcement efforts can team together for a speedy, accurate approach to police fingerprint identification processing.

1979 was also the year I chose to retire, proud to have invested thirty-two years in law enforcement serving the citizens of St. Paul. The St. Paul Police Department serves and protects the City of St. Paul and is prepared for the challenges of the 1980's.

Sincerely,

R. H. Rowan

Richard H. Rowan
CHIEF OF POLICE

NCJPS

APR 18 1980

ACQUISITION

The Office of the Chief is composed of the Chief of Police, the Watch Commanders, and the Internal Affairs, Vice and Inspection Units.

The Watch Commanders are the operational commanders of field functions, internal operations and security, assuming the duties of the Chief and the Deputy Chiefs in their absence.

Investigating allegations of misconduct made against employees of the St. Paul Police Department is the responsibility of the Internal Affairs Unit.

The Vice Unit enforces laws pertaining to prostitution, liquor violations and gambling.

Acting as a quality control for the Department, the Inspection Unit identifies and makes recommendations for improvements on procedural matters.

Richard Rowan
Chief of Police

Most significant to the Department in 1979 was the retirement of our Chief after nine and one-half years in office.

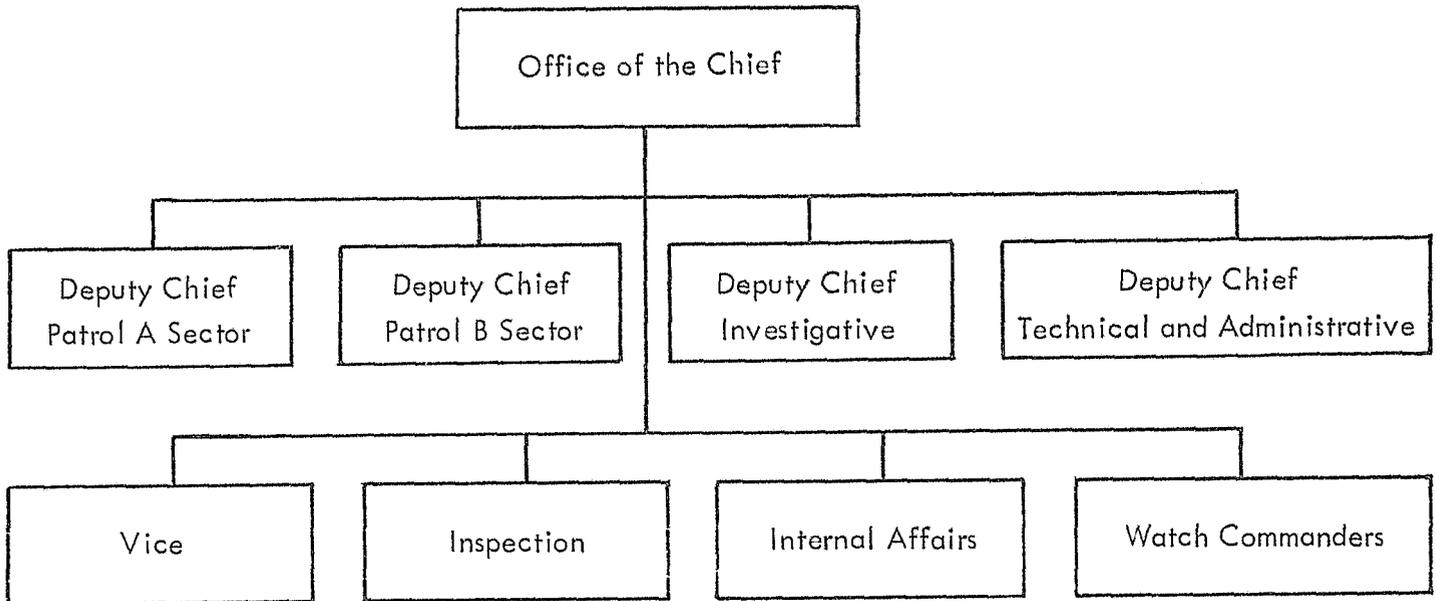

The law enforcement career of Richard Rowan spanned 32 years, from the post World War II readjustment period through the beginnings of the cold war era, times of civil unrest, the reputed decline of the cities, and into a faster, slicker, costlier world of computers and technology.

The eight years spent as a Patrolman, an active street cop, were reportedly his happiest years of service. Rowan advanced successfully through the ranks, however, to Detective, then Deputy Chief. He served as a Deputy Chief of Investigations and then of Patrol before his appointment as Chief in 1970.

His years as Chief, the 1970's, were difficult years for law enforcement officials across the country; operational innovations were being tested, minority hiring was a major issue, cities in financial straits were cutting budgets while calls for police services were increasing and computerization entered many phases of the workday.

The Department is known for having maintained discipline and integrity in this tough era, a time in St. Paul of high performance and strong community image.

OFFICE OF THE CHIEF

A SECTOR PATROL DIVISION

James Griffin
Deputy Chief

A Sector successfully handled many problems which arose in 1979: Undercover narcotics operations at two East Side high schools resulted in the arrests of twenty-one students for sale of narcotics, an accomplishment made possible by exceptionally fine police work.

As a method of dealing with daytime residential burglaries, Officers concentrated on returning young truants to schools. They stopped school age persons on the street during school hours, checking to see if they were validly excused from classes or not. Direct connections were proved between truants and daytime burglaries.

Officers dealt positively with the parks - Phalen, Mounds and Como - and their perennial problems.

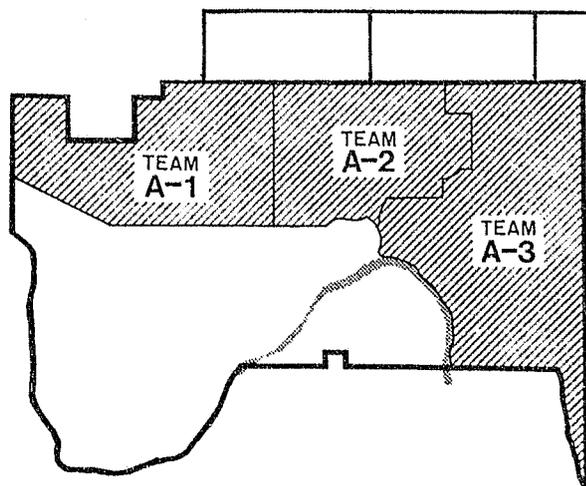

C.I.R.T. captured a barricaded suspect after an eight hour-long episode with no injuries to Officers, citizens or the offender.

The United States Police K-9 Association Annual Trials were held in St. Paul in August, hosted by our Department's K-9 Unit. The new St. Paul Police Kennel and K-9 Training Center, located in Maplewood, was completed early in the year and is now the Unit's headquarters.

B SECTOR PATROL DIVISION

Donald Blakely
Deputy Chief

Patrol Sector B cites many instances that exemplify Team planning and execution:

Striking grain haulers wouldn't load ships in Duluth, so truckers thronged to the port area of St. Paul to unload onto river boats. Lines of trucks averaging 100 and peaking at 250 to 300 vehicles long were routed to their destinations by St. Paul Police Officers.

More than the usual coordinating was necessary to revise plans for the St. Patrick's Day Parade and festivities when the championship game of the State High School Hockey Tournament occurred on the same day.

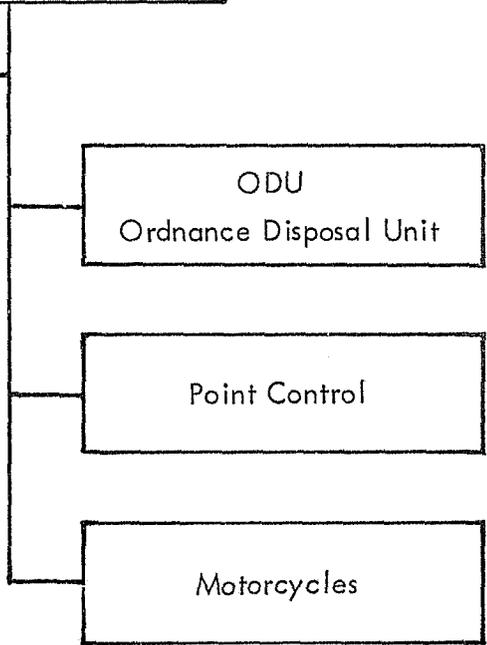

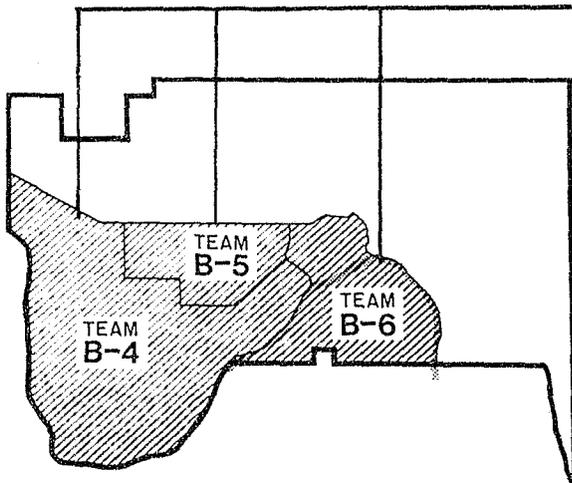

The embarkation in St. Paul of President Carter for a Delta Queen voyage created its own unique security assignments. In addition, having a Vice President from Minnesota has brought the area an increasing number of dignitary visits, motorcades, etc., requiring police surveillance and participation.

Over seventy pounds of picric acid was safely removed from St. Paul area schools, hospitals and drug stores by the Ordnance Disposal Unit. This common laboratory supply was declared by the State Department of Emergency Services to become unstable with age.

OFFENSES BY TEAM AREA

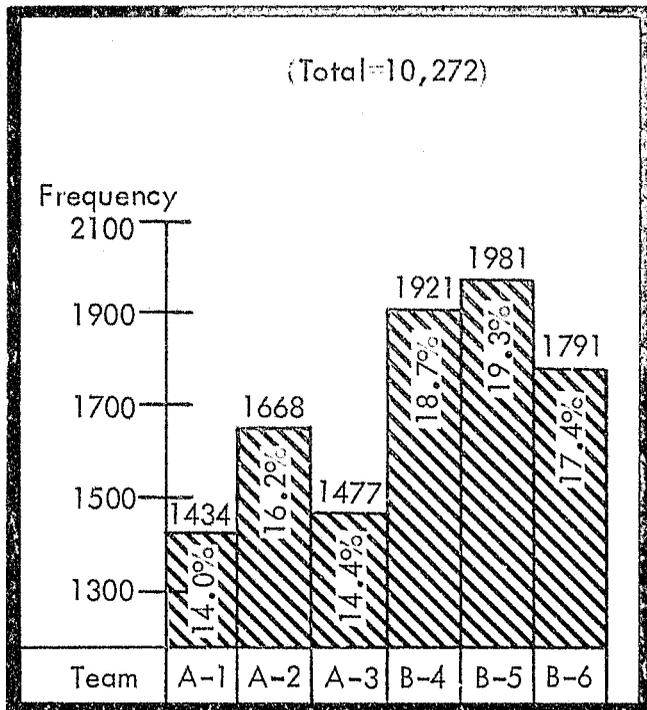

ROBBERY OFFENSES

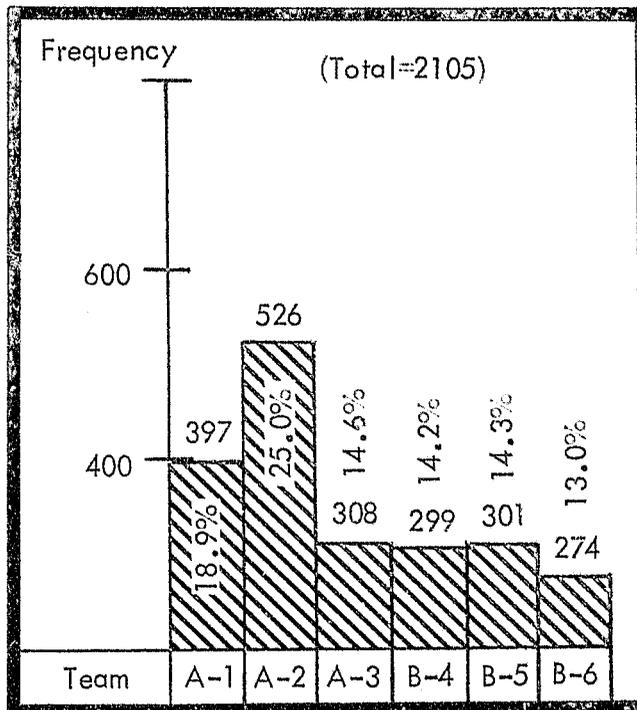

AGGRAVATED ASSAULT OFFENSES

THEFT OFFENSES

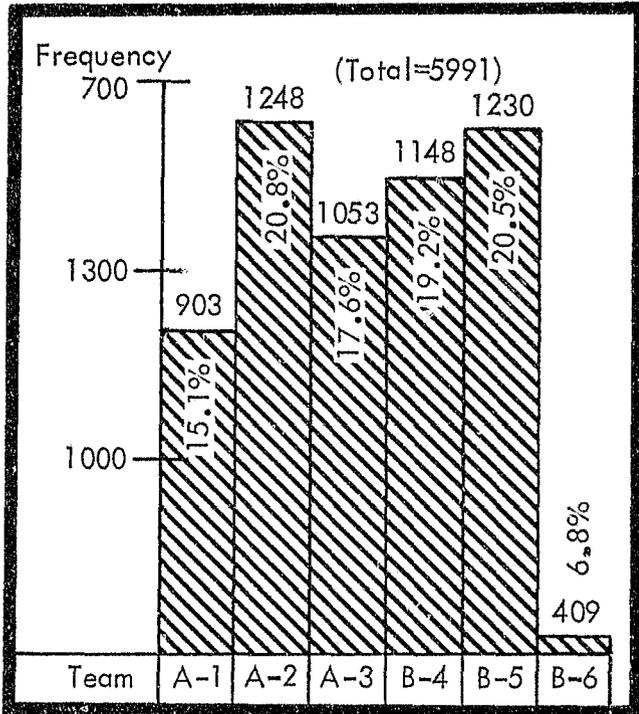

MOTOT VEHICLE THEFT OFFENSES

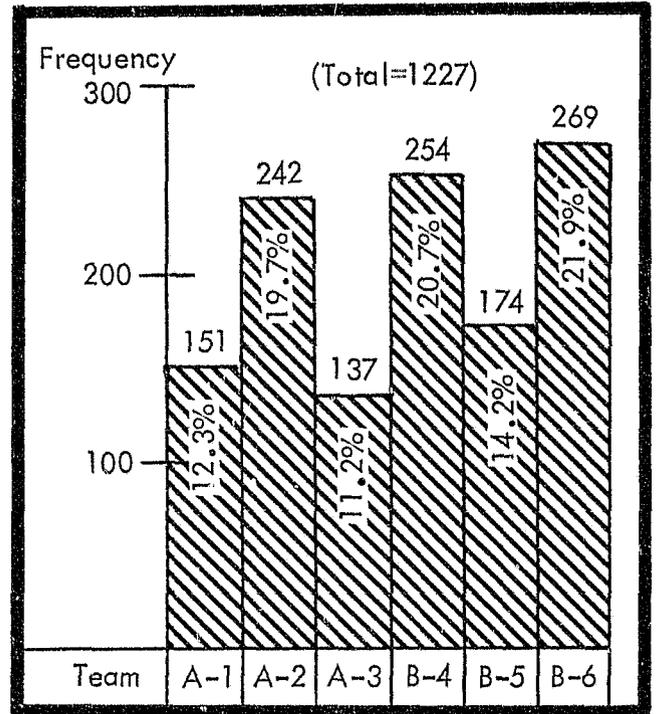

The information presented on Pages 6 and 7 is based upon offense data. The totals for these selected offenses may not agree with Part I offense data shown later in the Annual as the above figures include unfounded offenses.

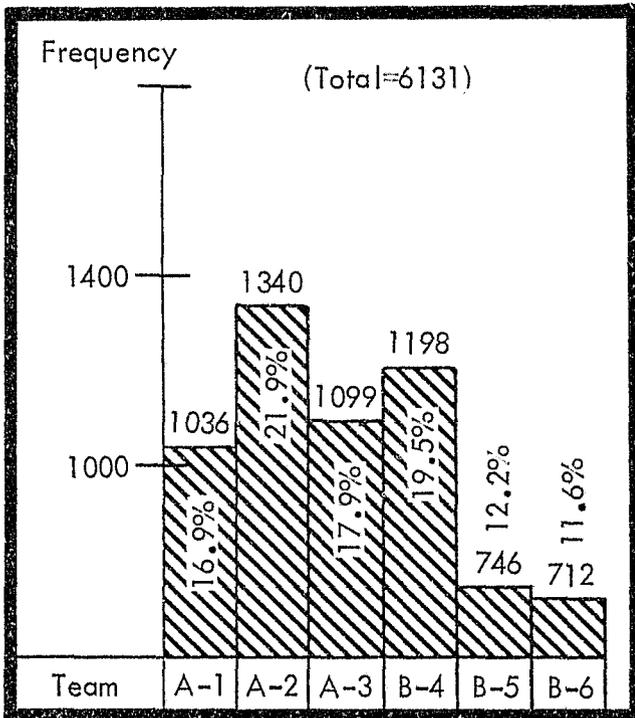

RESIDENTIAL BURGLARY OFFENSES

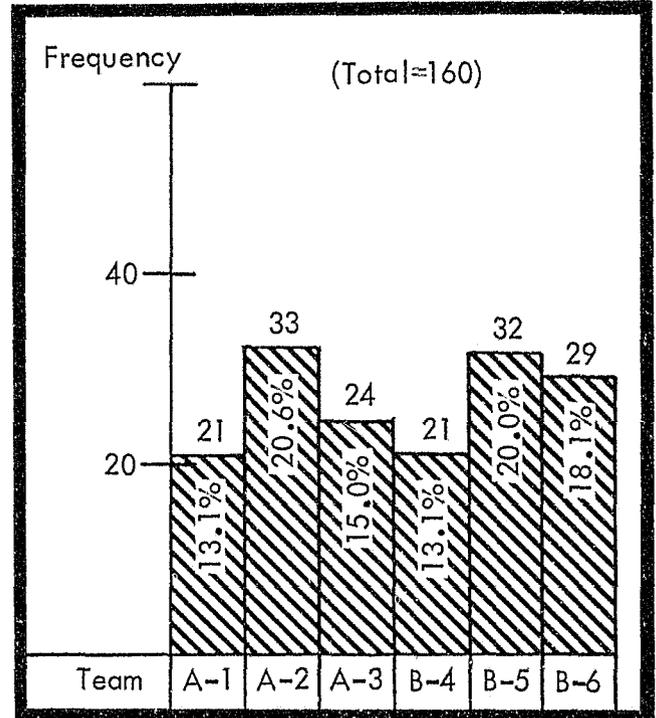

COMMERCIAL BURGLARY OFFENSES

VANDALISM OFFENSES

RAPE OFFENSES

Robert LaBathe
Deputy Chief

INVESTIGATIVE DIVISION

Units oriented to the investigation of specific crimes comprise the Investigative Division.

The sharing of information between the individual Teams and Investigative Units is facilitated by the Investigative Coordinator. The Coordinator's office also sends letters to victims of crimes for which no follow-up will occur, monitoring the total investigative functions, both the preliminary and follow-up investigations, and advising the Teams of any developing city-wide crime patterns.

All cases of homicide, assault, robbery, sexual assault and child abuse, are investigated by the Crimes Against Persons Unit.

The Crimes Against Property Unit handles all property crimes and the attempts to commit those crimes, except for Auto Theft.

The Auto Theft Unit investigates all cases of motor vehicle theft, including attempts and malicious damage to vehicles, and recovers and returns stolen vehicles to their owners.

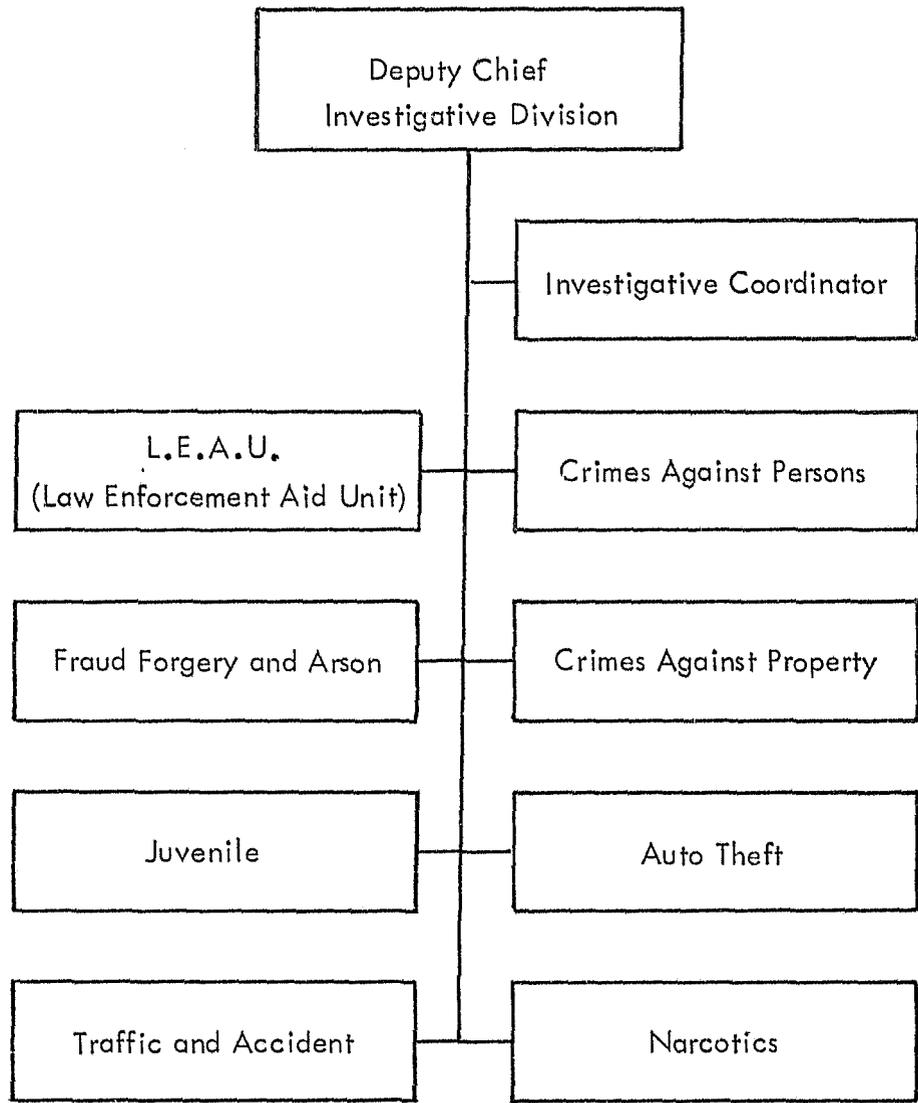

The Narcotics Unit handles all adult Narcotic offenders.

The Fraud and Forgery investigators seek curtailment of the passing of bad checks via information exchanges and other preventive techniques. The Arson investigators have developed an Arson Alert which points out patterns and reoccurrences of the crime for special attention.

The Juvenile Unit is charged with the investigation of all offenses alleged or believed to have been committed by juveniles.

The traffic accident investigations are performed by the Traffic and Accident Section.

The Law Enforcement Aid Unit assists Units of the St. Paul Police Department and other law enforcement agencies in investigations or information gathering, and is also responsible for investigation of bombings, bomb threats, and assisting with security for visiting dignitaries.

William McCutcheon
Deputy Chief

TECHNICAL AND ADMINISTRATIVE DIVISION

The Technical and Administrative Division is responsible for the support services necessary to the entire Department.

The Communication Center's primary function is to assist in the direction of Officers on the street. Non-Radio communications between central headquarters and the Teams are facilitated by the Operations Center.

The Training Section, which includes the Target Range, Gymnasium and Training Units, provides timely and thorough training for Department members in all phases of law enforcement work.

Records, Identification, Duplicating, Audio-Visual, Field Referral and the Court Officers comprise the Records and Identification Section.

The Community Crime Prevention Section consists of School Police, Public Relations, Crime Prevention and Volunteer Services.

The Personnel Unit maintains all personnel records, performs the timekeeping function, and assists in the areas of recruitment, classification and employee motivation.

In February, the Crime Laboratory's latent fingerprint scanner became operational. This computer system, tied in with Minneapolis and the B.C.A., increases the speed and accuracy of the police fingerprint identification operation.

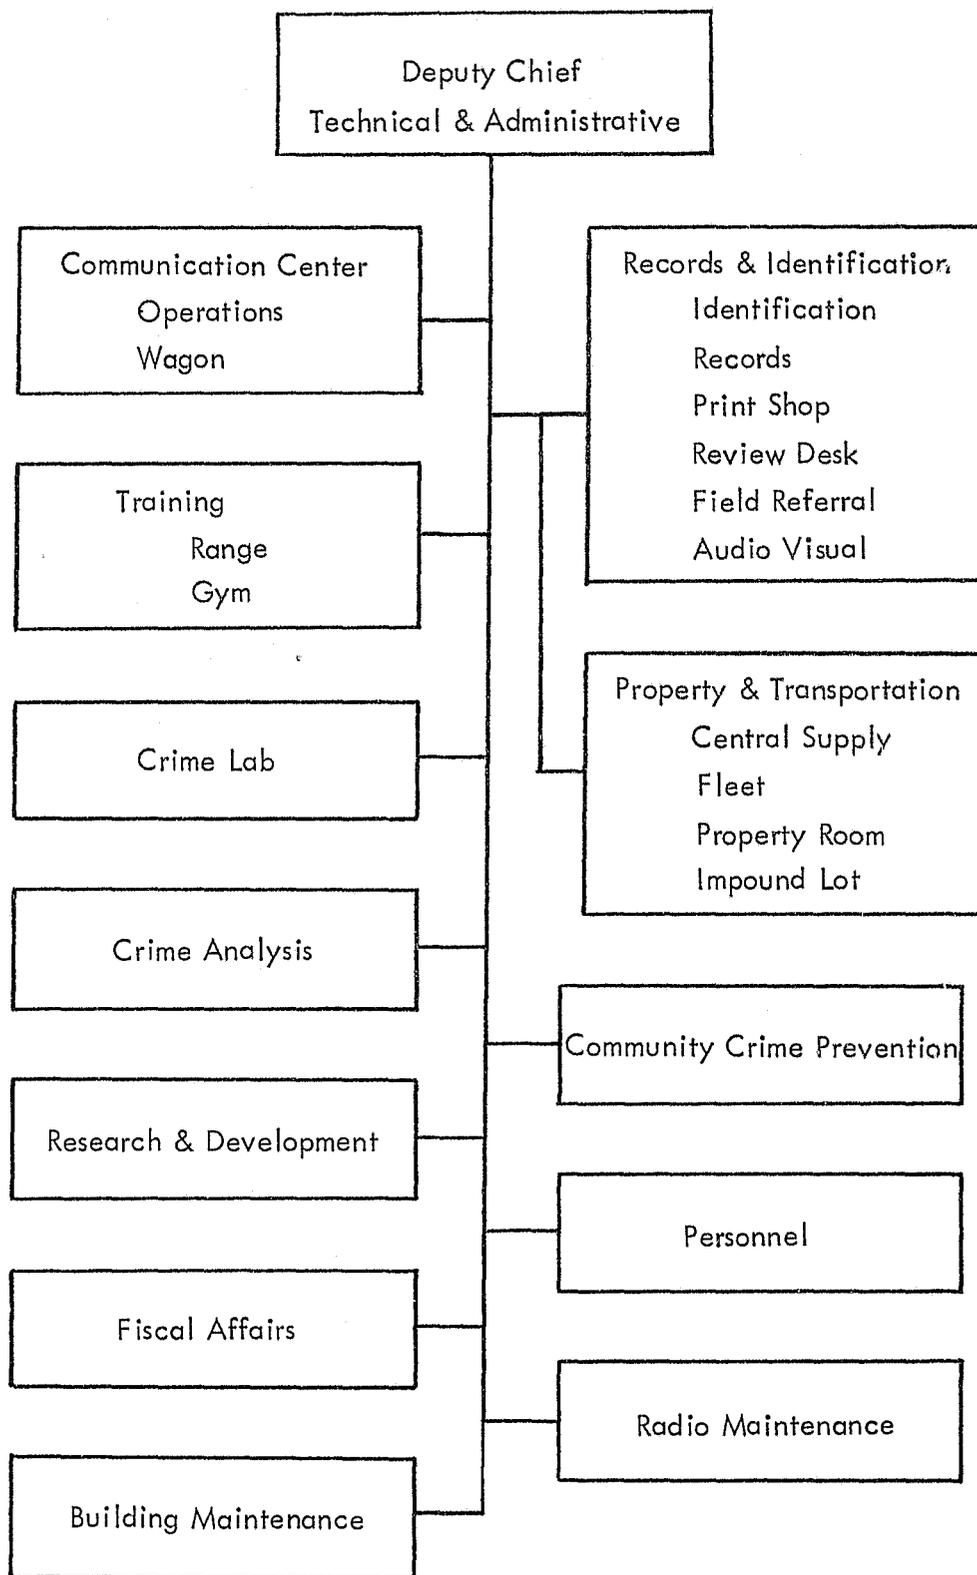

Five support Units form the Property and Transportation Section: Central Supply, Property Management, Fleet, Impound Lot and Property Unit.

Research and Development is responsible for researching and planning new policies and procedures, performing ongoing administrative tasks, and developing programs consistent with the goals of the Department.

The Fiscal Affairs Unit is responsible for the Department's accounting procedures and, with the Research and Development Unit, prepares the Annual Budget request.

The Radio Maintenance Unit is responsible for the procurement and maintenance of electronic communication equipment.

The collection and dissemination of timely crime, traffic and demographic information to field officers and Police Administrators is the responsibility of the Crime Analysis Unit.
