# SECURITY PLAN

FOR THE  
1976 REPUBLICAN NATIONAL  
CONVENTION

80428

AUGUST 16 - 19, 1976  
HIEF JOSEPH D. McNAMARA

ORIENTATION

As Kansas City, Missouri will host the 1976 Republican National Convention from August 16 through August 19, the Kansas City, Missouri Police Department will assume additional services and responsibilities which will require special plans and commitments. Thus, this security plan has been developed to address those problems, recognized and anticipated, in a manner which will hopefully guarantee their just resolve.

It is anticipated the convention will attract an attendance of more than 20,000 persons, including delegates, alternates, party officials, elected officials, news media, and special interest groups. Of these, special interest groups historically have required the police to increase commitments and develop special plans.

The police department recognizes the constitutional rights of all persons, these including the rights of public assembly and free speech. Our mission is to ensure a peaceful, orderly, and lawful environment in which those attending the convention can conduct their business while, at the same time, protecting the constitutional rights of dissenters. Furthermore, although recognizing the emphasis placed on security for the convention, we will continue to provide those police services necessary for the safety and security of citizens of greater Kansas City.

ACQUISITIONS

Commanders assigned to various units of responsibility within this plan have participated in the planning process and are familiar with their operational needs. Commanders and officers from Kansas City, Missouri, the Missouri State Highway Patrol, and local area law enforcement agencies have received training which was directed at the anticipated problems of a National Political Convention, and which should enhance police security forces' ability to fulfill their mission.

The Chief of Police of the Kansas City, Missouri Police Department has ultimate responsibility for both normal and special conference security operations in Kansas City, Missouri during the 1976 Republican National Convention. As such, this plan represents his policies and procedures for this operation.

Security Pass System  
Republican Convention Security

A. Introduction

In order to ensure the safety and security of the police security personnel assigned to, and other authorized personnel working in the Command Post, a security pass system will be utilized.

This system, other than for the obvious security aspect, will enable the Command Post Security Contingent to:

1. Ensure that only authorized personnel are allowed in the Command Post.
2. Identify unfamiliar personnel.
3. Provide a log of visitors and police members in the Command Post.

All personnel entering the Command Post will be required to give their name and obtain a security pass; and return the pass upon leaving the Command Post. The Pass, which has a clip-on clasp must be worn at all times while in the Command Post.

The Command Post Security Contingent will be responsible for the accountability of security passes; and maintaining the Security Pass System Log.

D. Mission

1. To provide security and order maintenance necessary to allow the Republican officials, delegates, and alternates to conduct convention business in a safe and orderly atmosphere within the Convention Site Complex.

E. Operation Responsibilities

1. Convention Site Commander

- a. The Convention Site Commander will be responsible for the personnel assigned to his command during conduct of the Republican National Convention.
- b. The Convention Site Commander will ensure that subordinate commanders assigned to Convention Site Security are familiar with the contents of this operational plan.
- c. The Convention Site Commander will keep the Operations Commander apprised of general conditions at the Convention Site during conduct of this operation.
- d. The Convention Site Commander will ensure that personnel assigned to his function are on-duty and indicate same on the Personnel Assignment Record Form. Hours worked must be verified, approved and forwarded to the Personnel Commander after each shift.

- e. The Convention Site Commander will coordinate closely with the Liaison Commander in the areas of Private Security, United States Secret Service, and the Republican Party, with which a liaison officer has been assigned and whose personnel will be working closely with personnel assigned to the Convention Site.
- f. The Convention Site Commander will keep subordinate commanders assigned to Convention Site apprised of intelligence matters that may effect the fulfillment of their mission.

## 2. On-Site Commanders

- a. The On-Site Commander will be responsible for the On-Site Command Post operations; and more specifically, directly responsible for the performance and conduct of the On-Site Interior and Exterior Site Commanders and personnel assigned to those functions.
- b. Shall keep the Convention Site Commander apprised of the general conditions regarding the police operation at the Convention Site.
- c. Will establish and maintain a close working relationship with the Liaison Sergeant assigned to Private Security at the Convention Site regarding operational matters that effect private security and police personnel assigned at the Convention Site.
- d. Shall establish a working relationship and a communication link with the Chief Sergeant at Arms and the Convention Director for the Republican Party.
- e. Will coordinate the police effort with Burns Security Agency, and the United States Secret Service in conducting bomb searches and/or building evacuation when appropriate and shall so inform the Convention Site Commander when either of these operations are undertaken.
- f. Shall attend the pre-shift briefings at the main Police Command Post which will be conducted at the beginning of their respective shift (1200 hours or 2400 hours) and then shall, if necessary and appropriate, attend roll call briefing for their assigned personnel at the assembly area at their reporting times (1300 hours or 0100 hours).

- g. Will insure that personnel assigned to his function are on duty and will assist the Convention Site Commander in maintaining the Personnel Assignment Record Forms.

## F. Organization

The Convention Site function is organized into two major elements: Interior Site Security and Exterior Site Security.

Telephone 467-5286

On-Session (1300 - 0100 hours) Capt. James A. Reynolds  
(R-5102)

C. Mission

1. To provide the security and order maintenance necessary to allow the Republican Officials, and others in attendance, to meet and conduct their business without interference or interruptions from unauthorized sources while inside the Convention Site.
2. To provide the necessary building security during off-session so that personnel and equipment therein may remain secure.

D. Operation Responsibilities

1. The Interior Site Commander will be under the control and supervision of the On-Site Commander and shall perform at the discretion of said commander.
2. Will be responsible for the performance and conduct of the personnel assigned to his command during conduct of the convention.
3. Will assist the On-Site Commander in areas of Liaison and Coordination required (with those other agencies previously mentioned who have a responsibility for conduct of the Convention) in order to ensure that accurate information is shared and communicated.
4. Will develop a procedure for the relief of personnel assigned his function in order that said personnel may receive food and rest, yet still maintain an adequate level of security.
5. Will ensure that personnel assigned to his command are familiar with the Convention Site facility and adjoining buildings in order to be prepared to handle or assist in handling any emergency situations requiring police services.

E. Organization

Interior Site Security is organized into four functional sections. The on-session detail includes Door Security, Floor Security, and Roving Patrol. The off-session section is the Interior Security Detail.

APPENDIX 6 -- CONVENTION SITE

General Responsibilities -  
Participating Agencies  
Republican Convention Security

- A. By contractual agreement with the Republican National Committee, the Burns Security Agency has the primary security obligation within the confines of the Convention Site. Included in the site are, Kemper Arena, Governors Exposition Building, American Royal Arena, and all surrounding grounds enclosed by the security fence as shown in appendix 5 of this annex. As such they have been designated to handle ushering, ticket taking, credential checking, entrant security at the fence gates as well as door entrances to the Convention Site (Kemper Arena). The police personnel assigned to Convention Site will be responsible to assist the Burns Security Agency when appropriate, and handle all matters that require police powers.
- B. The United States Secret Service by law has responsibility for the personal security of certain persons as designated by the Congress of the United States and as such will have a contingent of personnel at the Convention Site to carry out their protective responsibilities. The police personnel assigned to the Convention Site will assist the United States Secret Service, when appropriate, in all matters where local authority is required.

Shift hours for the Field Operations Commander and the Field Commanders will be as above, which is an hour before the duty hour of subordinate commanders and functions. Such shifts will allow said commanders time to attend the pre-shift briefings with the on-shift commander at the Command Post; and if a need exists, attend roll call to pass on information from the briefing session to the on-coming shifts (1300 - 0100 hours and 0100 - 1300 hours).

D. Mission

1. To provide that security and order maintenance necessary to ensure freedom of movement for persons concerned with and/or participating in conduct of the Republican National Convention, and Kansas City's local citizens, in order that each may strive for attainment of goals and objectives.

2. To assist any of those functional elements within the Kansas City, Missouri Police Department's Republican National Convention Security Operation Plan in mission attainment in the event such small elements are unable to cope with a problem.

E. Operation Responsibilities

1. Field Operations Commander

- a. Will be responsible for all Field Operations personnel assigned to his command during conduct of Republican Convention Security.
- b. Will ensure that subordinate commanders assigned to Field Operations are familiar with the content of this operation plan; but shall inform said commanders that, because of the many unknown factors relative to policing said political convention, they shall be flexible and use any operations plan they deem advisable to meet mission fulfillment.
- c. Will keep the Republican Convention Operations Commander apprised of general conditions in the field during conduct of Convention Security.
- d. Will ensure that personnel assigned to his function are on duty, keep the Personnel Detail apprised of any illnesses, absentees, and hours of duty if different from normal assignment and ensure that the appropriate personnel time records are completed.

2. Field Commander

- a. Will keep the Field Operations Commander apprised of general conditions in the field during conduct of Republican Convention Security.
- b. Will respond to any major incident or confrontation and deploy Field Operations personnel as need dictates.
- c. Will implement the Field Arrest Procedure in the event the number of arrests exceeds that which could be expediently handled through normal arrest procedures.
- d. Will deploy Field Operations personnel in any manner necessary to fulfill the mission.

e. Will respond to request for assistance from the Traffic Commander and will respond to such when conditions require and manpower is available.

f. Will, in coordination with the Traffic function, provide the necessary security for the arrival, debarkation, and route security for those dignitaries requiring same. (Arrival/debarkation and route security positions provided in a separate plan not a part from this security plan.)

F. Organization

1. The Field Operations function is organized into four major operational elements -- Fixed Posts and Foot Patrol, Mobile Response, Tactical Response, and Arrest Detail.
2. The Arrest Detail will have two functional elements -- Arrest Processing Detail and Arrest Transport Detail.

#### G. Operation Responsibilities

1. Mobile Response Squads are assigned as follows:
  - a. Plaza Area
  - b. Downtown Area
  - c. Convention Site Security Fence and Gate Area
  - d. Central Industrial District
  - e. Bus Routes
2. Mobile Response has primary responsibility in responding to any incident or demonstration which requires police service.
3. Mobile Response is responsible for providing needed police services in the general geographical areas outlined herein. However, they may be consolidated and used as a larger tactical force.
4. Chemical munitions assigned to the designated Team Leaders will only be used upon command of their Squad Leader or Commander.
5. Mobile Response should be alert to any gatherings or crowd movements in their respective area of assignment and notify the Mobile Response Commander of same.
6. Mobile Response should pay particular attention to any local, county, state, or federal government facilities which could become a demonstration target.
7. The on-duty, all Kansas City Police Department personnel, Mobile Response Squads will have city-wide Operation 100 responsibility for the duration of Republican Convention Security.
8. Mobile Response will not normally be required to take reports which are not a result of their actions. However, all Mobile Response cars shall maintain a limited number of police reports and shall complete the appropriate report if the need dictates.
9. In the event an arrest is made, the arrest shall be made by a Kansas City, Missouri Police Officer except in extreme circumstances. Generally, a convention related arrest will be booked in accordance with the Field Arrest Procedure.

10. Each Mobile Response Squad Leader will be assigned a General Ordinance Summons (G.O.S.) book upon activation of Convention Security. The G.O.S. book is for the use of Kansas City Police Department officers to book convention related arrests when the Field Arrest Procedure is not used.
11. If it becomes necessary for Missouri State Highway Patrol personnel to make an arrest, the Field Arrest Procedure shall be used with the arresting officer indicating his agency and the appropriate state statute number on the arrest envelope.
12. All felony arrests will be processed through normal department procedures with the arresting officer completing the appropriate police reports.
13. The On-Session Mobile Response Squad assigned to patrol the area of the Convention Site Security Fence will do so on the exterior of the Security Fence, paying particular attention to the gate areas. However, during the time the convention is not in session, this squad shall be deployed as need dictates.
14. The two On-Session Relief Mobile Response Squads shall provide relief to those squads assigned to a specific geographical area. However, said squads will be available for deployment as need dictates.

## APPENDIX 7 -- FIELD OPERATIONS

### Field Arrest Procedure Republican Convention Security

#### A. Introduction

Normal arrest procedures will remain in effect as long as conditions permit and single or small numbers of persons are being arrested. The team leader in each Mobile Response car will be issued a General Ordinance Summons book (within the designated series of numbers) for booking convention related arrests. Non-convention related arrests should be booked on an officer's regular G.O.S. book.

The special field arrest procedure will be implemented whenever the number of arrests being made are such the arresting officer does not have time to complete a General Ordinance Summons.

#### B. Purpose

1. To establish a field arrest procedure whereby violators of City Ordinances or State Statutes can be quickly removed from the scene and the arresting officer can return to duty in a minimal length of time.
2. To ensure positive identification of both the arrestee and the arresting officer.

#### C. Policy

1. The field arrest procedure will not be in effect until a commanding officer at a scene deems it necessary. At that time, the dispatcher will be notified to begin utilizing the field arrest procedure.
2. All arrests not related to the convention will be processed in accordance with existing arrest procedures.

3. The arresting officer, whenever possible, will be a Kansas City, Missouri Police Officer.
4. In the event an officer from another agency makes an arrest, he will be listed as either the witness or victim (whichever is applicable) and a Kansas City, Missouri Police Officer will be listed as the arresting officer.
5. City ordinance violations will be booked on General Ordinance Summons (G.O.S.). Detention Unit Personnel will complete the G.O.S. at the detention facility based on the information appearing on the field arrest envelope.
6. All existing policies and procedures regarding investigation arrests, processing, and transferring of persons arrested for investigation will remain in effect.
7. Juveniles (persons under seventeen years of age) will be processed in accordance with procedures set forth in the Procedure Section of this order.
8. All other convention related arrests will be transported either by police wagon or transportation bus, to the Detention Unit for booking until otherwise notified.

#### D. Definitions

1. Arresting officer - Officer who will appear in court.
2. Arrestee - Person arrested.
3. Field Arrest Envelope - The front side of this envelope serves as an information report pertaining to the arrest whereby actual booking may be accomplished by transferring the information from the envelope to the proper booking form by detention personnel. This report must be completed by the arresting officer. These envelopes are numbered and contain a numbered plastic bracelet whose number corresponds with the envelope number. This bracelet serves a dual purpose, i.e., aids in prisoner identification and may be used as a handcuff. These envelopes will be supplied by an Arrest Processing Team.

4. Arrest Processing Team - Consists of two police officers; one male, one female. They will be equipped with necessary report forms, field arrest envelopes, plastic bracelets, and a polaroid camera.

Their duties:

- a. Supply arresting officer with numbered field arrest envelope which contains a numbered plastic bracelet.
- b. Place numbered plastic bracelet on arrestee's wrist. Take polaroid picture of both arrestee and arresting officer together with any confiscated weapon(s).
- c. Place polaroid picture and any small weapon inside field arrest envelope. Properly tag any other recovered property that will be used as evidence.
- d. Review field arrest envelope to determine if it has been completed in its entirety.
- e. Relinquish prisoner, field arrest envelope and any other reports and/or property to the Arrest Transportation Team.

5. Arrest Transportation Team - Consists of two police officers who will be assigned to either a police wagon or a transportation bus.

Their duties:

- a. Searching of prisoners
- b. Transferring prisoner, field arrest envelope and any other recovered property to a detention facility where they will relinquish to Detention Personnel.

## E. Procedures

### 1. Misdemeanor Arrests

- a. Arrest processing teams (hereforth referred to as processing teams) will be located at a pre-designated location or cruising an assigned area. Each processing team will be equipped with field arrest envelopes, plastic bracelets, polaroid camera and appropriate report forms.
- b. Arrest transportation teams (hereforth referred to as transportation teams) will be located at a pre-designated location or cruising an assigned area. All arrests, except those being transported by ambulance, will be transported by a transportation team.
- c. When an arrest is necessary, the officer will place the subject under arrest, frisk for weapons, and physically escort the arrestee (if possible, e.g., injuries, etc.) away from the scene to a prearranged area, which has been identified as such by field supervisory personnel at the scene of a confrontation.

(1) If a processing team and a transportation team are not at a confrontation scene, the dispatcher will immediately be notified.

(2) When notifying the dispatcher of the need for either a processing team or a transportation team, or both, give your radio number, location, size and type of disturbance and any other information deemed necessary.

- d. At the given location, the following steps shall be taken:

Step 1 The arrestee will be searched by a member of the transportation team. However, if arrestee is a female, the female member of the processing team will conduct the search.

Step 2 A member of the processing team will remove the plastic bracelet from the field arrest envelope and place it on the arrestee's wrist (this bracelet may also be used as a handcuff). The field arrest envelope will be given to the arresting officer.

Step 3 The arresting officer will complete the front side of the field arrest envelope, sign it giving his serial number and permanent assignment (not his convention assignment).

Example:

<u>P.O. John Doe</u>	<u>9999</u>	<u>Central Patrol</u>
<u>Arresting</u>	<u>Serial</u>	<u>Assignment</u>
<u>Officer</u>	<u>No.</u>	

Step 4 The arresting officer will hold the numbered side of the field arrest envelope in front of the arrestee so the number on the envelope will be visible in the picture. Arresting officer will stand next to the arrestee while picture is taken.

Step 5 A member of the processing team will take a polaroid picture of the arresting officer together with the arrestee. Also, included in this picture will be any confiscated weapon (e.g., handgun) for which the arrestee will be charged.

Step 6 The arrestee will be placed in a police vehicle by the transportation team for transfer to a detention facility.

Step 7 It is the responsibility of the processing team to review the field arrest envelope for completeness and placement of the polaroid picture and any small weapon into the field arrest envelope.

Step 8 The processing team will give the field arrest envelope and any recovered property to be used as evidence to the transportation team who is responsible for transferring both, along with the arrestee, to a detention facility.

e. Upon arrival at the detention facility, arrestees will be placed in a holding area. The field arrest envelope(s) and any evidence for court will be given to Detention Personnel. The transportation team will then return to service.

f. Detention Unit Personnel will:

- (1) Identify individuals by calling their name and comparing the picture and numbered handcuff.
- (2) Complete the G.O.S. with the specific violation as listed by arresting officer on the field arrest envelope using the appropriate legal terminology.
- (3) Place the arrestee's fingerprint on the G.O.S. in the designated space.
- (4) Print the arresting officer's name and serial number on the G.O.S. The officer can sign above his name prior to court. The court date will be in accordance to the officer's court group number.
- (5) File field arrest envelopes in alphabetical order by arresting officer's last name. Polaroid picture(s) taken will be included in the envelope.
- (6) Upon completion of the booking process, the bonding procedure will be explained to the individual.

## 2. Investigation Arrests

- a. Procedures as outlined in E., 1, a-e above, will be followed.
- b. Arresting officer will complete front side of field arrest envelope. In the space marked 'charge', officer will enter investigation arrest and name specific offense, e.g., arson, assault, etc.

- c. Arresting officer will obtain from the processing team a Form 176 P.D., Investigation Arrest Approval Form. This form will be transferred along with the arrestee.
- d. All investigation arrests must be approved by a supervisor before the actual booking of the arrestee.
- e. All person(s) arrested for investigation shall be transported to the Detention Unit, to be booked on the information from the field arrest envelope. Other reports, Form 100 P.D., etc., will be completed by arresting officer before he ends his tour of duty.
- f. It is the arresting officer's responsibility to complete all required reports, pertaining to his arrest and forward them to detention personnel as soon as the opportunity will allow.

### 3. Juvenile Apprehension

- a. The procedure for juvenile apprehension will be the same as outlined in E., 1, a-d, of this order.
- b. To adhere to the Juvenile Code of the State of Missouri, any child (a person under seventeen years of age) who is alleged to have violated a State Law or Municipal Ordinance, will be taken directly to the Juvenile Division.
- c. Upon arrival at the Juvenile Division, the transportation team will turn over their custody of the juvenile(s) and the field arrest envelope and any recovered property to Juvenile Division Personnel.
- d. The juvenile can be booked on the information from the field arrest envelope. The Form 100 P.D. and any other required reports will be completed and forwarded to the Juvenile Division by the arresting officer at his earliest convenience (before the end of his tour of duty).

(R-6550)

C. Time Frame

1. Commence - 1200 hours, August 14, 1976
2. Termination - determined by the Commander of Convention Security

D. Mission

1. To gather all available intelligence information and data, and after analyzing same, provide such to the Commander of Convention Security so he may utilize such to direct, coordinate, and control the police security operations during conduct of the Republican National Convention.
2. To provide a staffed element which will act as the central point for the reception and analysis of all available intelligence data prior to and during the Republican National Convention.

E. Operation Responsibilities

1. The Intelligence Commander will be under the control and supervision of the Operations Commander.
2. Will be responsible for the Intelligence Center operations; and more specifically, responsible for the performance and conduct of the Intelligence staff.
3. Will maintain that established liaison and rapport with the intelligence community outside the local Kansas City area, and not involved in the convention, in order to facilitate the flow of information to and from the intelligence community.
4. Will ensure that all raw intelligence information gathered is rapidly collated, analyzed, and disseminated to the proper police function, and when appropriate, to the U.S. Secret Service and/or F.B.I.
5. Will strive to maintain a continued harmonious working relationship with those other intelligence agencies involved in the convention.
6. Will ensure that personnel assigned to the Intelligence function are on duty and indicate same on the Personnel Assignment Record Form. Hours worked must be verified, approved, and forwarded to the Personnel Commander after each 12 hour shift.

F. Organization

The Intelligence Staff is organized into three basic elements. These include the Intelligence Center Staff, Field Intelligence Staff, and Convention Site Staff.

The Field Intelligence Staff and the Convention Site Staff will be in almost all cases teamed with agents from the U.S. Secret Service. Thus the term team was developed and designates these integrated assignments.

## 2. Operation Responsibilities

### a. Intelligence Center Staff

- 1) The Intelligence Center staff will be under the direct supervision of the Intelligence Commander and will be responsible for the administrative and operational needs necessary to ensure the mission.
- 2) The Supervisor will assist the Intelligence Commander in directing and controlling the work of the Intelligence Center Staff.
- 3) The Supervisor will coordinate and be responsible for the dispatching of paired mobile teams with the U.S. Secret Service.
- 4) The Missouri State Highway Patrol (M.S.H.P.) Liaison is responsible for the M.S.H.P. personnel assigned to the Intelligence function; and shall receive and pass-on (to the Intelligence Commander) information provided him from his established information sources.
- 5) The Kansas Bureau of Investigation (KBI) Liaison will be responsible for the KBI personnel assigned to the Intelligence function; and shall receive and pass-on (to the Intelligence Commander) information provided him from his established information sources.
- 6) The Analysts will be responsible for the analysis of raw intelligence data, and upon completing analysis, provide the results of such to the Intelligence Commander.
- 7) The Intelligence Center Staff will be responsible for maintaining charts, log of events, reports, graphs, and plotter boards. The Intelligence Commander may require to ensure mission fulfillment.

### b. Field Intelligence Staff

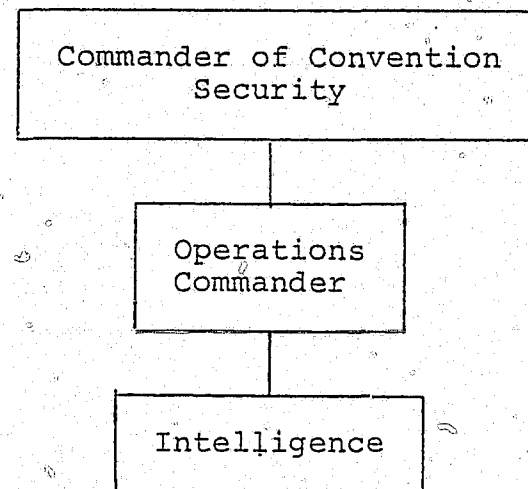

- 1) Mobile Intelligence Supervisory Teams will respond to major incidents (demonstrator gatherings, demonstrator movements, conflicts or confrontations between police and demonstrators, delegates and demonstrators, etc.) and evaluate. Intelligence data derived from such evaluation will be submitted to the Intelligence Center via telephone or radio - then an appropriate report made and forwarded to the Intelligence Center.
- 2) Other mobile teams and scout cars will be assigned to geographic areas of Kansas City, Missouri and are charged with the responsibilities as the Supervisory Teams in #1 above.
- 3) Hotel Intelligence Teams are assigned to protectee hotels in order to gather intelligence information which would allow the police and Secret Service to better fulfill their protective mission. Teams will report any information via telephone or police radio. The appropriate report will be completed and forwarded to the Intelligence Center.
- 4) Protectee Movement Teams are assigned to Delegate and V.I.P. motorcade routes and are charged with the same responsibilities as in #3 above.
- 5) Scout Car Teams will be responsible for monitoring demonstrations and demonstrator activities. They will provide the Operations Commander information on demonstrator movements (e.g., streets and direction of travel, destination if known), the size and demeanor of demonstration groups whether in movement or at a stationary location, and information on group name or names if known.

### c. Convention Site Staff

- 1) The designated Convention Site (Kemper Arena) Teams are responsible for gathering intelligence information in and around the convention site. Reporting procedures are the same as the Field Intelligence Staff.

D. Mission

1. To provide necessary traffic control, escort service, and route security during the conduct of the Republican National Convention.
2. To provide those traffic control services necessary to allow movement of traffic for the citizens of the greater metropolitan Kansas City area not involved in the Convention.

E. Operation Responsibilities

1. The Traffic Commander will be responsible for the personnel assigned to the Traffic function during conduct of the Convention.
2. Traffic personnel will maintain constant surveillance of traffic conditions around the Convention Site, Central Industrial District, and the downtown area in order to deter major traffic problems.
3. Will remain cognizant of the limited number of available traffic arteries to the Convention Site, and have a contingency plan for the movement of Convention traffic on alternate streets in the event some streets become blocked.
4. The Traffic Detail will provide vehicle escort service on a real need basis, and then only upon approval by the Traffic Commander.
5. Will be familiar with the pre-determined primary and alternate motorcade routes for the movement of Presidential Candidates and other V.I.P.'s (Secret Service Protectees).
6. The Traffic Detail may need to be supplemented by other field elements and such is authorized if conditions allow and upon approval of the Field Commander.
7. The Traffic Commander will ensure that personnel assigned to his function are on duty and indicate same on the Personnel Assignment Record Form. Hours worked must be verified and approved and forwarded to the Personnel Commander after each twelve-hour shift.
8. The Traffic Commander will maintain a complete up-to-date log of all activities within his function.
9. The Traffic Commander shall employ any operational flexibility deemed necessary to ensure the Traffic function's mission.

F. Organization

The Traffic function is organized into four basic traffic enforcement squads, on-session. Two sergeants and three officers will be assigned off-session. This function will also have a Transportation Officer assigned to the Republican National Convention/City Transportation Trailer at Convention Site.
