Mr. Joseph L. Friend
Public Safety Director
City of Omaha
Omaha, Nebraska

Dear Mr. Friend:

Submitted herewith is the Annual Report of the Omaha Police Division, Department of Public Safety, for the year 1981. This report provides a statistical summary of the activities of the Police Division for the past year.

In 1982, the Omaha Police Division will continue to carry out our primary mission to insure the safety of all citizens and their property. In the future, the prevention of crime and community responsiveness will increase in their importance. Inter-action between police personnel and the community will be intensified to promote better understanding; and the Division will use all available community resources and media organizations to enhance this cooperative effort.

The Division will coordinate policies with the various branches of federal, state and local governmental bodies that have a direct impact on crime. We will continue to review and provide input into legislation and promote passage of laws affecting law enforcement and crime prevention effectiveness.

The year 1981 has been a time of change for the Division because of adjustments to the command structure; but stability has returned to the Division and we are looking forward to a progressive and effective enhancement of the Omaha Police Division.

Our commitment to the citizens of Omaha is as strong as ever and the upcoming years hold an air of excitement for those of us who are actively involved within the Division.

Respectfully,

JUL 20 1982

OMAHA POLICE DIVISION

MISSION STATEMENT

The primary mission of the Omaha Police Division is to insure the safety of all citizens and their property.

It is our concern that all citizens be safe in their homes and businesses and that they, as individuals, feel free to live, work and play without fear of becoming victims.

Prevention of crime and community responsiveness shall be the hallmark of the Division.

It is with this in mind that we will, over a period of time, be initiating policy changes and programs.

Interaction between police personnel and the community will be intensified to promote better understanding.

The Division will use all available community resources and media organizations to enhance the cooperative effort between the police and the community.

The Division will coordinate policies with the various branches of federal, state and local governmental bodies that have a direct impact on crime. We will review and provide input to legislation and promote passage of laws affecting law enforcement and crime prevention effectiveness.

New police technology and methods shall be constantly monitored and developed. All Division operations will be re-evaluated and updated routinely. Procedures for program accountability and goal achievement will be developed.

A career development plan to benefit all personnel shall be established. Jobs will be clearly defined with responsibility and accountability outlined. Personnel shall be given the flexibility and resources to accomplish measurable goals within their areas of responsibility. Criteria for evaluating efficiency and proficiency of all Division personnel will be established.

Operations will be enhanced by the Police Division initiating effective personnel recruitment, development and retention.

Law Enforcement Code of Ethics

As a Law Enforcement Officer, my fundamental duty is to serve mankind; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation, and the peaceful against violence or disorder; and to respect the Constitutional rights of all men to liberty, equality and justice.

I will keep my private life unsullied as an example to all; maintain courageous calm in the face of danger, scorn, or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed in both my personal and official life, I will be exemplary in obeying the laws of the land and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, animosities or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of the police service. I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession . . . law enforcement.

EXPLORER POST 591

Law Enforcement Explorer Post 591 is sponsored by the Fraternal Order of Police Lodge No. 1 and affiliated with the Omaha Police Division. The Post provides young men and women between the ages of 14 - 20 an opportunity to experience the entire criminal justice system through participation with the police.

Exploring objectives are called the "Six Experience Areas": Vocational, Service, Citizenship, Personal Fitness, Outdoor and Social. All training and activities are geared to include one or more of these areas.

Members receive the same training as regular police recruits, consisting of human behavior, community relations, firearms, report writing, first aid and CPR. In addition to these, other areas covered are crowd and traffic control, criminalistics, accident investigation, radio procedures and structure of the Police Division and city government.

At the present time the Post has twenty members with recruiting an ongoing process. The structure of the Post consists of an Explorer Executive Board made up of a chief, captain, lieutenant, sergeant and three corporals. This board is guided by an advisory staff of adults headed by Officer Garry Gernandt.

The overall goal of the post program and community service work is to develop these young adults into productive citizens with a better understanding of the law enforcement field.

IN-SERVICE TRAINING

This year, officers attended 24 hours of in-service training. This year's training included 8 hours of instruction in cardiopulmonary resuscitation. The value of this training was dramatically demonstrated on January 9, 1982, when Officer Michael Gorden responded to a rescue squad call at a Florence residence.

The victim had no pulse and was not breathing. Officer Gorden began C.P.R. and was able to get a response. He continued C.P.R. until the rescue squad arrived. The lady survived and Officer Gorden was officially recognized for work well done.

Officers also received training in police civil liability, drunk driver detection and other police procedures. A full day was spent at the Nebraska National Guard Training Camp, Ashland, Nebraska, for firearms qualification.

RECRUIT TRAINING

RECRUIT CLASS 1-81

Twenty five probationary police officers were sworn in by Mayor Mike Boyle on December 3, 1981, and assigned from academy training to field training within the Uniform Field Bureau, Patrol Section.

The probationary officers completed fourteen weeks of classroom training and will receive twelve weeks of training with Field Training Officers before receiving their permanent assignments. These officers are a welcome addition to the Omaha Police Division.

Two members of the Omaha Fire Division Arson Investigation Unit also attended the fourteen week course to familiarize themselves with law enforcement and court procedures. This training is standard procedure for members of the Fire Division assigned to the Arson Investigation Unit.
