

BJA Bureau of Justice Assistance Fact Sheet

Nancy E. Gist, Director

FY 1999 Local Law Enforcement Block Grants Program

The Omnibus Consolidated and Emergency Supplemental Appropriations Act for Fiscal Year 1999, Public Law 105-119, provides \$523 million for the continuation of the Local Law Enforcement Block Grants (LLEBG) Program, to be administered by the Bureau of Justice Assistance (BJA), U.S. Department of Justice. The purpose of the LLEBG Program is to provide funds to units of local government to underwrite projects to reduce crime and improve public safety.

Program Eligibility and Distribution of Funds

To be considered eligible for the LLEBG Program, a jurisdiction must be a general purpose unit of local government.¹ The unit of local government must report, via its law enforcement agency, to the Uniform Crime Reports (UCR) Program at the Federal Bureau of Investigation (FBI).

The LLEBG Program is a formula program based on a jurisdiction's number of UCR Part I violent crimes reported to the FBI. The formula is computed in two stages. In the first stage, state allocations are proportionate to each state's average annual amount of UCR Part I violent crimes compared with that for all other states for the 3 most recent calendar years of data from the FBI. However, each state must receive a minimum award of 0.25 percent of the total amount available for formula distribution under the LLEBG Program. In the second stage, local awards are proportionate to each local jurisdiction's average annual amount of UCR Part I violent crimes compared with all other local jurisdictions in the state for the 3 most recent calendar years.

Jurisdictions reporting crime above the formula-based threshold of \$10,000 are eligible for direct awards.

The difference remaining between the state allocation and the local allocation total is awarded to a State Administrative Agency (SAA) designated by the Governor. The SAA has the choice of distributing award funds to state police departments or units of local government not meeting the formula-based threshold of \$10,000. Additional information about this portion of the funds is available from each state's respective SAA.

Program Purpose Areas

LLEBG Program funds must be spent in accordance with one or more of the following seven purpose areas:

- ❑ Supporting law enforcement:
 - Hiring, training, and employing on a continuing basis new, additional law enforcement officers and necessary support personnel.
 - Paying overtime to currently employed law enforcement officers and necessary support personnel for the purpose of increasing the number of hours worked by such personnel.
 - Procuring equipment, technology, and other material directly related to basic law enforcement functions.
- ❑ Enhancing security measures in and around schools and in and around any other facility or location that the unit of local government considers a special risk for incidents of crime.
- ❑ Establishing or supporting drug courts.

- ❑ Enhancing the adjudication of cases involving violent offenders, including cases involving violent juvenile offenders.
- ❑ Establishing a multijurisdictional task force, particularly in rural areas, composed of law enforcement officials representing units of local government. This task force must work with federal law enforcement officials to prevent and control crime.
- ❑ Establishing crime prevention programs involving cooperation between community residents and law enforcement personnel to control, detect, or investigate crime or to prosecute criminals.
- ❑ Defraying the cost of indemnification insurance for law enforcement officers.

Program Requirements

The following requirements must be met prior to the obligation of LLEBG Program funds.

❑ **Advisory Board**

Each jurisdiction must establish or designate an advisory board to review the application. The board must be designated to make nonbinding recommendations for the proposed use of funds received under this program.² The advisory board must include a member from each of the following local organizations: law enforcement agency, prosecutor's office, court system, school system, and a nonprofit group (e.g., educational, religious, or community) active in crime prevention or drug use prevention or treatment.

❑ **Public Hearing**

Each jurisdiction must hold at least one public hearing regarding the proposed use of funds prior to the obligation of funds. Jurisdictions should encourage public attendance and participation.

❑ **Matching Funds**

In each jurisdiction, LLEBG funds may not exceed 90 percent of total program costs. Program participation requires a cash match that will not be waived. All recipients must maintain records clearly showing the source, amount, and timing of all matching contributions.

❑ **Trust Fund**

Each jurisdiction must establish a trust fund in which to deposit program funds. All federal funds, including interest, revenue, dividend, and match, must be spent within the 2-year expenditure period. Unspent funds must be returned to BJA within 90 days of program termination.

❑ **Public Safety Officers' Health Benefits Provision**

Section 615 of the FY 1998 Appropriations Act requires a unit of local government to afford a public safety officer *who retires or is separated from duty due to a personal line of duty injury suffered as a direct and proximate result of responding to a hot pursuit or an emergency situation* health benefits at the time of separation that are the same as or better than those he or she received while on duty.

To be eligible to receive the entire amount of its award under the LLEBG Program, a unit of local government must be in compliance with this provision. If not in compliance, the unit will forfeit 10 percent of the eligible amount. For additional information, see the LLEBG Public Safety Officers' Benefits Program Fact Sheet, which is available through the BJA Clearinghouse at 1-800-688-4252 and via the BJA home page at www.ojp.usdoj.gov/BJA.

Prohibition on Use of Funds

LLEBG funds are not to be used to purchase, lease, rent, or acquire tanks or armored vehicles, fixed-wing aircraft, limousines, real estate, yachts, or any vehicle not used primarily for law enforcement. Nor are funds to be used to retain individual consultants or construct new facilities. Likewise, federal funds are not to be used to supplant state or local funds but rather to increase the amount of funds that would otherwise be available from state and local sources.

Resolution of Funding Disparities

The LLEBG Program provides resolution to potential funding disparities within jurisdictions. The state attorney general may certify that a disparity exists between or among jurisdictions. Those jurisdictions are then required by statute to develop and submit joint applications. BJA's role is limited to accepting state attorney general certifications and reviewing jointly submitted applications. If the state attorney general chooses not to become involved in the disparate allocation certification process, there is no mechanism for BJA to intervene.

The LLEBG Program employs two criteria for determining eligibility for disparity certification. First, an associated municipality's eligible funding amount must be greater (by set percentages) than the funding amount of the county. Second, the county must bear more than 50 percent of prosecution or incarceration costs arising from Part I violent crimes reported by an associated

municipality. In instances in which there are multiple associated municipalities, the county must also show that the funding allocations to those municipalities is likely to threaten the efficient administration of justice.

State attorney general certifications for FY 1999 grant recipients were due at BJA at June 4, 1999.

FY 1999 Application Process

1. In late May, BJA notified units of government of their eligibility and provided information on the implementation of an Internet-based application system for the FY 1999 LLEBG Program.
2. By June 4, state attorneys general submitted disparity certifications to BJA, if applicable.
3. As required by statute, Chief Executive Officers (CEOs) submitted a copy of the application to the Governor or designated representative.
4. By early September, CEOs submitted FY 1999 LLEBG applications via the Internet.
5. By September 30, BJA made awards for all completed and approved applications.

Technical Assistance

In FY 1999, BJA will provide technical assistance through the following programs: State and Local Training and Education Technical Assistance Scholarships, Grant Management Workshop Series, Investigative and Surveillance Technology Training, Law Enforcement Equipment Procurement Program, and training in criminal justice technologies, tribal criminal case management, drug courts, and adjudication. For a complete listing of technical assistance available under the LLEBG Program, visit the following Web site: www.ojp.usdoj.gov/BJA/html/llta.htm.

Notes

1. Units of local government are counties, towns and townships, villages, cities, parishes, Indian tribes, Alaska Native villages, and parish sheriffs (in the state of Louisiana) that carry out substantial governmental duties.
2. In Louisiana, state regulations make the advisory board's recommendations binding.
