Latent Fingerprint Interoperability Survey – Core Questionnaire
November 2012 (Version 3.5.5)

The National Institute of Justice (NIJ) invites you to participate in a survey of State and local law enforcement agencies (LEA) that maintain an automated fingerprint identification system (AFIS). This collection—the Latent Fingerprint Interoperability Survey (LFIOS)—is the only comprehensive effort that provides an ability to establish the level of interoperability of automated fingerprint identification systems maintained by State and local law enforcement agencies regarding the electronic exchange of latent fingerprint data to support criminal investigations.

This collection will enable Federal, State, local, and tribal law enforcement and government administrators; legislators; and researchers; to understand the technological and regulatory barriers affecting automated, cross-jurisdictional interoperability. Information collected in the core survey and survey addenda will provide critical data on the types and functionalities of fielded AFIS systems in State and local agencies; the current policy agreements among jurisdictions to permit the sharing, exchange, and searching of latent fingerprints electronically; and the technological and regulatory factors which impact electronic sharing, exchange, and searching of latent fingerprints across various jurisdictions at the National, State and local levels.

The survey was developed in coordination with the Latent Print AFIS Interoperability Task Force chartered by the Subcommittee on Forensic Science under the National Science and Technology Council (NSTC). This Subcommittee was created to assess the practical challenges of implementing recommendations in the 2009 National Research Council (NRC) report entitled, *Strengthening Forensic Science in the United States: A Path Forward*, and to advise the White House on how best to achieve the goals outlined in that report.

ManTech International Corporation through NIJ award 2010-IJ-CX-K024 is assisting NIJ with the survey development, survey distribution, data collection, and data analysis and reporting. Respondents are encouraged to access the survey online at <https://ssbtcoe.mantech.com/Survey/default.aspx>. Respondents will receive credentials by email to log on to the secure website. If you have any questions, comments, or technical difficulties, please contact ManTech International Corporation staff Mark Persinger at (304) 254-2334 or by email at Mark.Persinger@ManTech.com.

If more convenient, the survey may also be printed, completed manually, and faxed to the attention of Mark Persinger at ManTech International Corporation at (304) 466-6248. Responses will also be accepted by mail, directed to Mark Persinger, ManTech International Corporation, 301 Summers Street, Suite 4, Hinton, WV 25951.

The survey is divided into two parts: a core questionnaire and a state addendum or local addendum. More than one staff member at each LEA may be necessary to complete the survey, but LEA points of contact will still be responsible for survey submission in its entirety. Please note the following:

1. All reported data should be for calendar year 2011 or as of December 31, 2011.
2. The term “civil” as it pertains to records refers to non-criminal records, so please substitute functionally equivalent terms if necessary.

Burden Statement

Under the Paperwork Reduction Act, we cannot ask you to respond to a collection of information unless it displays a currently valid OMB control number. The survey will be sent to law enforcement agencies with an automated fingerprint identification system (AFIS) in 51 state jurisdictions, including the 50 States and the District of Columbia, and local jurisdictions. The average time required for each agency to complete the survey is estimated at 3 hours. Send comments regarding this burden estimate or any aspect of this survey, including suggestions for reducing this burden, to the Director, National Institute of Justice, 810 Seventh Street, NW, Washington DC 20531. Do not send your completed form to this address.

12. What kind of AFIS was installed?

Vendor (e.g, MorphoTrak, NEC, 3M Cogent): _____

Product Name: _____

Product Version: _____

13. Since your AFIS was installed, has any of the information in Question 12 changed?

- Yes
- No {Go to Question 15}

14. Please provide your AFIS information current as of December 31, 2011.

Vendor (e.g, MorphoTrak, NEC, 3M Cogent): _____

Product Name: _____

Product Version: _____

15. Do you have any “store and forward” servers?

- Yes
- No

AFIS Acquisition

16. Which describes the sources of funding used to purchase your AFIS? (Select all that apply.)

- Federal funds
- State funds
- Local funds
- Fees for criminal background checks
- Fees for service (excluding criminal background checks)
- Other (specify): _____

17. Were any Federal funds used to purchase your AFIS?

- Yes
- No {Go to Question 24}

18. What portion of the funds used to purchase your AFIS came from Federal funds?

- 100%
- 75% or more
- 50% or more
- 25% or more
- Less than 25%

19. Which Federal agency provided the funds to purchase your AFIS? (Select all that apply.)

- Department of Justice (DOJ)
- Department of Homeland Security (DHS)
- Other (specify): _____

20. What amount of Federal funds was provided to purchase your AFIS?

21. Was the Federal funding provided to purchase your AFIS sufficient to meet your agency's needs?

- Strongly agree
- Agree
- Neutral
- Disagree
- Strongly disagree

22. How much time did your agency have to spend the Federal funds?

- Less than 1 year
- 1-2 years
- 2-3 years
- 3-4 years
- 4-5 years
- More than 5 years

23. Was the time available to spend the Federal funds to purchase your AFIS sufficient to meet your agency's needs?

- Strongly agree
- Agree
- Neutral
- Disagree
- Strongly disagree

24. Do you expect to release a procurement announcement for a completely new AFIS in the next 3 years?

- Yes
- No

AFIS Upgrades

25. Has your AFIS undergone a major upgrade since it was installed?

- Yes
- No {Go to Question 35}

26. When was the last major AFIS upgrade? (Select month and year.)

- | Month | Year | |

- Agree
- Neutral
- Disagree
- Strongly disagree

AFIS Enrollment Capabilities

46. What types of biometric data *can* be enrolled in your AFIS? (Select all that apply.)

- Tenprint rolled fingerprints
- Tenprint slap, flat, or plain fingerprints
- Mobile ID fingerprints
- Palm prints
- Plantar prints
- Latent fingerprints
- Latent palmprints
- Unidentified latent prints
- Mugshots
- Signatures
- Other (specify): _____

47. What types of biometric data *do* you enroll in your AFIS? (Select all that apply.)

- Tenprint rolled fingerprints
- Tenprint slap, flat, or plain fingerprints
- Mobile ID fingerprints
- Palm prints
- Plantar prints
- Latent fingerprints
- Latent palmprints
- Unidentified latents
- Mugshots

Criminal Tenprint Repositories

49. Are criminal fingerprint records included in your tenprint repository?

- Yes
- No {Go to Question 63}

50. As of December 31, 2011, how many fingerprint records are in your criminal tenprint repository?

51. According to the practices and procedures of your agency, does one criminal tenprint record routinely contain ten rolled fingerprints and ten slap, flat, or plain fingerprints?

- Yes {Go to Question 53}
- No

52. According to the practices and procedures of your agency, how many fingerprints are routinely contained in one criminal tenprint record? (Please specify how many a record contains with a brief description of what types of fingerprints are included.)

53. As of December 31, 2011, how many unique individuals are represented in your criminal tenprint repository?

54. Can you launch latent searches against your criminal tenprint repository?

- Yes
- No {Go to Question 56}

55. Is your entire criminal tenprint repository searchable against unsolved latent prints?

- Yes
- No

56. Does your criminal tenprint repository contain ink fingerprints?

- Yes
- No {Go to Question 60}

57. Which fingerprint card does your agency use for criminal fingerprint records?
(Select all that apply.)

- FD-249 Criminal Cards
- FD-884a Supplemental Finger and Palm Print Cards
- Other (specify more than one if applicable): _____

58. Are ink fingerprints required to meet a minimum quality standard to be included in your criminal tenprint repository?

- Yes
- No {Go to Question 60}

59. Which minimum quality standard is used? (Select all that apply.)

- Meets or exceeds minimum FBI standards
- Other (specify): _____

60. Does your criminal tenprint repository contain Live Scan fingerprints?

- Yes
- No {Go to Question 63}

61. Are Live Scan fingerprints required to meet a minimum quality standard to be included in your criminal tenprint repository?

- Yes
- No {Go to Question 63}

80. Is your entire Mobile ID fingerprint repository searchable against unsolved latent prints?

- Yes
- No

Palm Print Repositories

81. Does your AFIS have a palm print repository?

- Yes
- No {Go to Question 110}

Criminal Palm Print Repositories

82. Are criminal palm print records included in your palm print repository?

- Yes
- No {Go to Question 96}

83. As of December 31, 2011, how many palm print records are in your criminal palm print repository?

84. According to the practices and procedures of your agency, does one criminal palm print record routinely contain more information than the slap, flat, or plain impression of left and right palms? (For example, writer's palm, fingertips, etc.)

- Yes
- No {Go to Question 86}

85. According to the practices and procedures of your agency, please specify what a criminal palm print record includes?

86. As of December 31, 2011, how many unique individuals are represented in your criminal palm print repository?

87. Can you launch latent searches against your criminal palm print repository?

- Yes
- No {Go to Question 89}

88. Is your entire criminal palm print repository searchable against unsolved latent prints?

- Yes
- No

89. Does your criminal palm print repository contain ink palm prints?

- Yes
- No {Go to Question 93}

90. Which fingerprint card does your agency use for criminal palm print records?
(Select all that apply.)

- FD-884 Palm Print Cards
- FD-884a Supplemental Finger and Palm Print Cards

- Yes
- No

103. Does your civil palm print repository contain ink palm prints?

- Yes
- No {Go to Question 107}

104. Which fingerprint card does your agency use for civil palm print records? (Select all that apply.)

- FD-884 Palm Print Cards
- FD-884a Supplemental Finger and Palm Print Cards
- Other (specify more than one if applicable): _____

105. Are ink palm prints required to meet a minimum quality standard to be included in your civil palm print repository?

- Yes
- No {Go to Question 107}

106. Which minimum quality standard is used? (Select all that apply.)

- Meets or exceeds minimum FBI standards
- Other (specify): _____

107. Does your civil palm print repository contain Live Scan palm prints?

- Yes
- No {Go to Question 110}

108. Are Live Scan palm prints required to meet a minimum quality standard to be included in your civil palm print repository?

- Yes
- No {Go to Question 110}

109. Which minimum quality standard is used? (Select all that apply.)

- Meets or exceeds minimum FBI standards
- Other (specify): _____

Criminal Repositories – Total Individuals

110. As of December 31, 2011, how many unique individuals are represented in your criminal repository, including all fingerprints and palm prints?

Civil Repositories – Total Individuals

111. As of December 31, 2011, how many unique individuals are represented in your civil repository, including all fingerprints and palm prints?

Latent Print Repositories

112. Does your AFIS have an unsolved latent print repository?

- Yes
- No {Go to Question 114}

113. As of December 31, 2011, how many unsolved latents are in your latent print repository?

114. Are latent prints ever enrolled in your AFIS to search your tenprint repository and/or palm print repository?

- Yes
- No {Go to Question 122}

115. How are digital images of latent prints imported for enrollment in your AFIS? (Select all that apply.)

- Software supplied by AFIS vendor
- Universal Latent Workstation (ULW)
- Other (specify): _____

116. Are latent prints ever scanned from hardcopy prior to enrollment in your AFIS?

- Yes
- No

117. How are latent prints encoded for searching on your AFIS? (Select all that apply.)

- Software supplied by AFIS vendor
- Universal Latent Workstation (ULW)
- Other (specify): _____

118. Are all unsolved latents enrolled in your AFIS encoded?

- Yes
- No

119. Are unsolved latents ever removed from your AFIS before they are solved?

- Yes
- No

Latent Prints Submitted from Outside LEAs
--

120. Are any latent prints enrolled in your AFIS submitted from outside LEAs?

- Yes {Go to Question 123}
- No

121. Does your agency accept latent prints from outside LEAs for enrollment in your AFIS?

- Yes {Go to Question 124}
- No

122. Does your agency accept latent prints from outside LEAs for ad hoc searching without enrollment on your AFIS?

- Yes {Go to Question 124}
- No {Go to Question 142}

123. As of December 31, 2011, how many unsolved latents in your latent print repository are from outside LEAs?

Latent Prints Submitted from Outside LEAs without an AFIS

124. How do outside LEAs without an AFIS transmit latent prints to your AFIS? *(Select all that apply.)*

- Direct connection to my AFIS through a dedicated terminal provided by my LEA
- Direct connection to my AFIS through authorized network capability provided by my LEA that permits “self-service” *(For example, a password protected web interface or automated secure email address.)*
- Direct connection between AFISes through a multi-agency or multi-jurisdictional AFIS network
- Universal Latent Workstation (ULW)
- Electronic ad hoc methods *(For example, via email correspondence or fax to a human being at your agency.)*
- Non-electronic ad hoc methods *(For example, via mail or private carrier to a human being at your agency.)*
- Other (specify): _____

125. How do outside LEAs without an AFIS enroll latent prints in your AFIS? *(Select all that apply.)*

- Direct connection between AFISes through a multi-agency or multi-jurisdictional AFIS network
- Universal Latent Workstation (ULW)
- Manual enrollment of latent image by a human being at my LEA
- Other (specify): _____

126. Does your AFIS automatically enroll *without human intervention* latent prints transmitted by any outside LEAs without an AFIS?

- Yes
- No

127. Do you scan *any* latent images submitted by outside LEAs without an AFIS prior to enrolling in your AFIS?

- Yes
- No {Go to Question 130}

128. Do you scan *all* latent images submitted by outside LEAs without an AFIS prior to enrolling in your AFIS?

- Yes
- No

129. Why do you scan latent images submitted by outside LEAs without an AFIS prior to enrolling in your AFIS? (Select all that apply.)

- Images have not been previously enrolled in an AFIS
- Laws, regulations, or agency policy stipulate it
- Other (specify): _____

130. Do you encode *any* latent images submitted by outside LEAs without an AFIS prior to enrolling in your AFIS?

- Yes
- No {Go to Question 133}

131. Do you encode *all* latent images submitted by outside LEAs without an AFIS prior to enrolling in your AFIS?

- Yes
- No

132. Why do you encode latent images submitted by outside LEAs without an AFIS prior to enrolling in your AFIS? (Select all that apply.)

- Images were have not been previously enrolled in an AFIS
- Law, regulations, or agency policy stipulate it

135. Does your AFIS automatically enroll *without human intervention* latent prints transmitted by any outside LEAs with an AFIS?

- Yes
- No

136. Do you rescan *any* latent images submitted by outside LEAs with an AFIS prior to enrolling in your AFIS?

- Yes
- No {Go to Question 139}

137. Do you rescan *all* latent images submitted by outside LEAs with an AFIS prior to enrolling in your AFIS?

- Yes
- No

138. Why do you rescan latent images submitted by outside LEAs with an AFIS prior to enrolling in your AFIS? (Select all that apply.)

- Data formats are incompatible due to different AFIS vendors
- Data formats are incompatible but have the same AFIS vendor
- Images were have not been previously enrolled in an AFIS
- Laws, regulations, or agency policy stipulate it
- Other (specify): _____

139. Do you re-encode *any* latent images submitted by outside LEAs with an AFIS prior to enrolling in your AFIS?

- Yes

Section 5: Latent Searching on Your AFIS

Latent Searching Capacities and Capabilities on Your AFIS

142. Do you know the maximum latent print search capacity per day of your AFIS?

- Yes
- No {Go to Question 145}

143. What is the maximum latent print search capacity per day of your AFIS?

144. Have you ever exceeded this capacity?

- Yes
- No

145. Does your AFIS have “lights out” search capability for latents?

- Yes
- No

Latent Search Launches on Your AFIS

146. Do you keep a record of the total number of latent searches launched on your AFIS?

- Yes
- No {Go to Question 149}

147. How many latent searches were launched on your AFIS in 2011?

148. Were any of these searches requested by outside LEAs?

- Yes {Go to Question 150}
- No

149. Are outside LEAs able to request searches of your AFIS against latent prints submitted from their LEA?

- Yes
- No {Go to Question 158}

150. How are outside LEAs able to launch searches on your AFIS against latent prints submitted from their LEA? (Select all that apply.)

- Direct connection to my AFIS through a dedicated terminal provided by my LEA
- Direct connection to my AFIS through authorized network capability provided by my LEA that permits “self-service” (For example, a password protected web interface or automated secure email address.)
- Direct connection between AFISes through a multi-agency or multi-jurisdictional AFIS network
- Universal Latent Workstation (ULW)
- Manual launch of latent search by a human being at my LEA
- Other (specify): _____

151. Do you keep a record of the number of latent searches launched on your AFIS requested by outside LEAs?

- Yes
- No {Go to Question 156}

152. Do you keep a record of these searches by Originating Agency Number (ORI)?

- Yes
- No

153. How many latent searches launched on your AFIS in 2011 were requested by outside LEAs?

154. How many latent searches launched on your AFIS in 2011 were requested by outside LEAs *WITHIN YOUR STATE*?

155. How many latent searches launched on your AFIS in 2011 were requested by outside LEAs *OUTSIDE YOUR STATE*?

156. Were all of the latent searches requested by outside LEAs associated with a major crime under investigation?

- Yes
- No

157. Is a cost or fee charged to outside LEAs to search your AFIS against latent prints submitted from their LEA?

- Yes
- No

158. Since your AFIS has been installed or upgraded, has your agency ever rejected search requests from outside LEAs without an AFIS?

- Yes
- No {Go to Question 160}

159. Why were the search requests denied? *(Select all that apply.)*

- Submitted fingerprint and/or palm print was of poor quality
- Submitted latent image was not high enough resolution
- My AFIS did not have enough capacity to handle request
- My agency did not have enough staff to handle request
- Agency policy does not permit searching for outside LEAs
- Other (specify): _____

160. Since your AFIS has been installed or upgraded, has your agency ever rejected search requests from outside LEAs with an AFIS?

- Yes
- No {Go to Question 162}

161. Why were the search requests denied? *(Select all that apply.)*

- Submitted fingerprint and/or palm print was of poor quality
- Submitted latent image was not high enough resolution
- My AFIS did not have enough capacity to handle request
- My agency did not have enough staff to handle request
- Agency policy does not permit searching for outside LEAs
- Other (specify): _____

162. Do you prioritize latent searches on your AFIS based on criteria associated with the criminal offense under investigation?

- Yes
- No {Go to Question 164}

163. How would you describe which latent searches get the highest priority on your AFIS? (Select multiple options if applicable.)

- All crimes within my jurisdiction are prioritized over all crimes outside my jurisdiction.
- Major crimes are prioritized regardless of the jurisdiction.
- Major crimes are prioritized regardless of the when they occurred.
- Major crimes within my jurisdiction are prioritized over major crimes outside my jurisdiction.
- Minor crimes within my jurisdiction are prioritized over major crimes outside my jurisdiction.
- Recent minor crimes within my jurisdiction are prioritized over past major crimes outside my jurisdiction.
- Major crimes outside my jurisdiction are prioritized over minor crimes inside my jurisdiction.
- The most recent crimes are prioritized regardless of the jurisdiction.
- The most recent crimes are prioritized regardless of whether they are major or minor.
- Other (specify): _____

Search Requests from LEAs with an AFIS WITHIN YOUR STATE

164. Do LEAs with an AFIS WITHIN YOUR STATE ever request your agency to search your AFIS against latent prints submitted from their LEA?

- Yes
- No {Go to Question 169}

165. Do LEAs with an AFIS WITHIN YOUR STATE routinely request your agency to search your AFIS against latent prints submitted from their LEA?

- Yes
- No

166. What type of LEAs with an AFIS WITHIN YOUR STATE request your agency to search your AFIS against latent prints submitted from their LEA? (Select all that apply.)

- State LEA
- Local LEA
- Tribal LEA

167. How would you describe the methods LEAs with an AFIS WITHIN YOUR STATE use to launch searches on your AFIS against latent prints submitted from their LEA? (Select all that apply.)

- Direct connection to my AFIS through a dedicated terminal provided by my LEA
- Direct connection to my AFIS through authorized network capability provided by my LEA that permits “self-service” (For example, a password protected web interface or automated secure email address.)
- Direct connection between AFISes through a multi-agency or multi-jurisdictional AFIS network
- Universal Latent Workstation (ULW)
- Manual launch of latent search by a human being at my LEA
- Other (specify): _____

168. How would you describe the methods your agency uses to return search results to LEAs with an AFIS WITHIN YOUR STATE? (Select all that apply.)

- Direct connection to my AFIS through a dedicated terminal provided by my LEA
- Direct connection to my AFIS through authorized network capability provided by my LEA that permits “self-service” (For example, a password protected web interface or automated secure email address.)
- Direct connection between AFISes through a multi-agency or multi-jurisdictional AFIS network

Search Requests from LEAs with an AFIS *OUTSIDE YOUR STATE*

169. Do LEAs with an AFIS *OUTSIDE YOUR STATE* ever request your agency to search your AFIS against latent prints submitted from their LEA?

- Yes
- No {Go to Question 178}

170. Do LEAs with an AFIS *OUTSIDE YOUR STATE* routinely request your agency to search your AFIS against latent prints submitted from their LEA?

- Yes
- No

171. What type of LEAs with an AFIS *OUTSIDE YOUR STATE* request your agency to search your AFIS against latent prints submitted from their LEA? (Select all that apply.)

- State LEA
- Local LEA
- Tribal LEA

172. Do LEAs with an AFIS *OUTSIDE YOUR STATE* in states that share a border with your state frequently submit search requests?

- Yes
- No

173. Do LEAs with an AFIS *OUTSIDE YOUR STATE* in states that do not share a border with your state frequently submit search requests?

- Yes
- No

174. Do LEAs with an AFIS *OUTSIDE YOUR STATE* in states that share a major interstate highway with your state frequently submit search requests?

- Yes
- No {Go to Question 176}

175. Which major interstate highway? *(Specify more than one if necessary.)*

176. How would you describe the methods LEAs with an AFIS *OUTSIDE YOUR STATE* use to launch searches on your AFIS against latent prints submitted from their LEA? *(Select all that apply.)*

- Direct connection to my AFIS through a dedicated terminal provided by my LEA
- Direct connection to my AFIS through authorized network capability provided by my LEA that permits “self-service” *(For example, a password protected web interface or automated secure email address.)*

- Non-electronic ad hoc methods (For example, via mail or private carrier to a human being at their agency.)
- Other (specify): _____

185. How do you enroll latent prints on the AFIS of outside LEAs with an AFIS? (Select all that apply.)

- Direct connection to their AFIS through a dedicated terminal provided by their LEA
- Direct connection to their AFIS through authorized network capability provided by their LEA that permits “self-service” (For example, a password protected web interface or automated secure email address.)
- Direct connection between AFISes through a multi-agency or multi-jurisdictional AFIS network
- Universal Latent Workstation (ULW)
- Manual enrollment of latent image by a human being at their LEA
- Other (specify): _____

186. Do you automatically enroll *without human intervention* latent prints transmitted to the AFIS of any outside LEAs with an AFIS?

- Yes
- No

187. Do you rescan *any* latent images submitted to outside LEAs with an AFIS prior to enrolling in their AFIS?

- Yes
- No {Go to Question 190}

188. Do you rescan *all* latent images submitted to outside LEAs with an AFIS prior to enrolling in their AFIS?

- Yes
- No

189. Why do you rescan latent images submitted to outside LEAs with an AFIS prior to enrolling in their AFIS? (Select all that apply.)

- Data formats are incompatible due to different AFIS vendors
- Data formats are incompatible but have the same AFIS vendor
- Laws, regulations, or agency policy stipulate it
- Other (specify): _____

190. Do you re-encode *any* latent images submitted to outside LEAs with an AFIS prior to enrolling in their AFIS?

- Yes

-

199. Were all of the latent searches requested by your agency associated with a major crime under investigation?

- Yes
- No

200. Do any outside LEAs with an AFIS charge a cost or fee to search their AFIS against latent prints submitted from your agency?

- Yes
- No

201. Has any outside LEAs with an AFIS ever rejected search requests from your agency?

- Yes
- No {Go to Question 203}

202. Why were the search requests denied? (Select all that apply.)

- Submitted fingerprint and/or palm print was of poor quality
- Submitted latent image was not high enough resolution
- Their AFIS did not have enough capacity to handle request
- Their agency did not have enough staff to handle request
- Unspecified

- Yes
- No {Go to Question 207}

204. How many searches of outside LEAs with an AFIS in 2011 yielded a candidate list that helped identify a suspect or person associated with the crime under investigation?

205. How many of these searches requested of outside LEAs with an AFIS WITHIN YOUR STATE in 2011 yielded a candidate list that helped identify a suspect or person associated with the crime under investigation?

206. How many of these searches requested of outside LEAs with an AFIS OUTSIDE YOUR STATE in 2011 yielded a candidate list that helped identify a suspect or person associated with the crime under investigation?

207. What motivates your agency to search outside LEAs with an AFIS WITHIN YOUR STATE? (Select all that apply.)

- Heinousness or severity of the crime involved.
- Mandatory policy to search other agencies for all unsolved serious crimes.
- Mandatory policy to search other agencies for all unsolved crimes.
- Other (specify): _____

208. What factors enhance your agency's ability to search LEAs with an AFIS WITHIN YOUR STATE? (Select all that apply.)

- My agency is adequately resourced to conduct intrastate searches.
- My agency is directly connected with other agencies. (A direct connection would include a dedicated terminal or other authorized network capability that would permit "self-service".)
- My agency has established relationships with other LEAs with an AFIS.
- My agency's AFIS is compatible with the AFIS of other LEAs
- Other (specify): _____

209. What motivates your agency to search outside LEAs with an AFIS OUTSIDE YOUR STATE? (Select all that apply.)

- Heinousness or severity of the crime involved.
- Mandatory policy to search other states for all unsolved serious crimes.
- Mandatory policy to search other states for all unsolved crimes.
- Other (specify): _____

210. What factors enhance your agency's ability to search LEAs with an AFIS OUTSIDE YOUR STATE? (Select all that apply.)

- My agency is adequately resourced to conduct interstate searches.
- My agency is directly connected with other state agencies. (*A direct connection would include a dedicated terminal or other authorized network capability that would permit "self-service".*)
- My agency has established relationships with other LEAs with an AFIS.
- My agency's AFIS is compatible with the AFIS of other LEAs
