

The [U.S. Department of Justice](#) (DOJ), [Office of Justice Programs](#) (OJP), [National Institute of Justice](#) (NIJ) is seeking applications for funding under the Solving Cold Cases With DNA program. This program furthers the Department's mission by offering assistance to States and units of local government to identify, review, and investigate Uniform Crime Report (UCR) Part 1 Violent Crime "cold cases" that have the potential to be solved through DNA analysis, and to locate and analyze biological evidence associated with these cases.

Solving Cold Cases With DNA

Eligibility

Eligible applicants are States (including territories) and units of local government (including federally recognized Indian tribal governments as determined by the Secretary of the Interior).

Current FY 2010 or FY 2011 "Solving Cold Cases With DNA" program awardees whose awards 1) are active and 2) have unobligated balances as of April 30, 2014, **are not** eligible to apply.

Deadline

Applicants must register with [Grants.gov](#) prior to submitting an application. (See "How to Apply," page 18.) All applications are due by 11:59 p.m. eastern time on May 27, 2014. (See "Deadlines: Registration and Application," page 3.)

All applicants are encouraged to read this [Important Notice: Applying for Grants in Grants.gov](#).

Contact Information

For technical assistance with submitting an application, contact the Grants.gov Customer Support Hotline at 800-518-4726 or 606-545-5035, or via e-mail to support@grants.gov. The [Grants.gov](#) Support Hotline hours of operation are 24 hours a day, 7 days a week, except federal holidays.

Applicants that experience unforeseen Grants.gov technical issues beyond their control that prevent them from submitting their application by the deadline must e-mail the NIJ contact identified below **within 24 hours after the application deadline** and request approval to submit their application.

For assistance with any other requirements of this solicitation, contact Charles Heurich, Program Manager, by e-mail at Charles.Heurich@usdoj.gov. Additional information can be found at www.nij.gov/nij/funding/welcome.htm. Frequently asked questions that may assist with applying are posted at www.nij.gov/funding/faqs.htm.

Solving Cold Cases With DNA

(CFDA No. 16.560)

Overview

NIJ seeks applications from States and units of local government for funding to identify, review, and investigate “violent crime cold cases” that have the potential to be solved using DNA analysis, and to locate and analyze the biological evidence associated with these cases. Experience has shown that cold case programs can solve a substantial number of violent crime cold cases, including homicides and sexual assaults. Advances in DNA technologies have substantially increased the successful DNA analysis of aged, degraded, limited, or otherwise compromised biological evidence. As a result, crime scene samples once thought to be unsuitable for testing may now yield DNA profiles. Additionally, samples that previously generated inconclusive DNA results may now be successfully analyzed.

For the purposes of this announcement: a “violent crime cold case” refers to any unsolved UCR Part 1 Violent Crime case for which all significant investigative leads have been exhausted.

Authorizing Legislation: Department of Justice Appropriations Act, 2014 (Public Law 113-76).

Deadlines: Registration and Application

Applicants must register with Grants.gov prior to submitting an application. OJP encourages applicants to **register several weeks before** the application submission deadline. In addition, OJP urges applicants to submit applications 72 hours prior to the application due date. The deadline to apply for funding under this announcement is 11:59 eastern time on May 27, 2014. See “How to Apply” on page 18 for details.

Eligibility

Refer to the title page for eligibility under this program.

Program-Specific Information

The goal of this solicitation is to make funding available to States and units of local government for projects that will address **all three** of these purpose areas:

1. **Case review**—to identify, review, and prioritize violent crime cold cases that have the potential to be solved using DNA analysis (by appropriate persons such as prosecutors, public defenders, law enforcement personnel, forensic scientists, and medical examiners) in order to determine whether DNA analysis of any existing biological evidence could help solve the cold case.
2. **Location of evidence**—to identify, collect, retrieve, and evaluate biological evidence from such cases that may reasonably be expected to contain DNA.

3. **DNA analysis of biological evidence**—to perform DNA analyses on such biological evidence, including the handling and screening of this evidence.

Funds may be used for certain investigative purposes provided they fall within the scope of the solicitation. Specifically, all investigative activities must be **directly related** to the funding purposes (1, 2, and 3) listed above. Activities such as interviewing victims, witnesses, suspects, etc., are permissible in violent crime cold case investigations that have the potential to be solved through DNA analysis **until**: (a) all samples with potential DNA evidence have been collected and analyzed (including probative evidentiary samples, cold hit confirmatory samples, reference samples from victims and consensual partners, etc.), or (b) the review of the case demonstrates that no biological material was present for further analysis.

All DNA analyses conducted using funding from this program must be performed by a laboratory (government-owned or fee-for-service) that is accredited and currently undergoes external audits not less than once every 2 years. These audits must demonstrate that the laboratory maintains compliance with the DNA Quality Assurance Standards established by the Director of the Federal Bureau of Investigation. All eligible DNA profiles obtained with funding under this program must be entered into the Combined DNA Index System (CODIS) and, where applicable, uploaded to the National DNA Index System (NDIS).

Please note: No profiles generated with funding from this program may be entered into any non-governmental DNA database without prior express written approval from NIJ.

All DNA analyses conducted and profiles generated under this program must be maintained pursuant to all applicable Federal privacy requirements, including those described in 42 U.S.C. § 14132(b)(3).

Applicants should be aware that NIJ may choose to conduct an evaluation of one or more projects funded under this solicitation. Any such evaluation may focus on the impact of the project and its implementation and may result in publication of a report. An example of a NIJ-funded report (on Boston's Operation Ceasefire) may be found at www.ncjrs.gov/pdffiles1/nij/188741.pdf.

Amount and Length of Awards

Total funding for this solicitation and the number of awards made will depend on the availability of funds, the quality of the applications, and other pertinent factors, which may include, but are not limited to, underserved populations, geographic diversity, and past performance and previous funding. **All awards are subject to the availability of appropriated funds and to any modifications or additional requirements that may be imposed by law.**

Applicants may apply for an award amount **not to exceed \$300,000**.

In general, NIJ will limit any grants under this program to a period of **2 years** after the start of the award.

The project period for awards under this FY 2014 program is expected to be October 1, 2014, to September 30, 2016.

Budget Information

Permissible Expenses

All expenditures under this program must relate directly to violent crime cold cases that have the potential to be solved through DNA analysis and to one or more of the three award purpose areas listed above.

1. Salary and benefits of additional employees

Funds may be used for salaries and benefits of additional full-time or part-time employees to the extent that such employees are directly engaged in case review, location of evidence, or DNA analysis of biological evidence as described above. Applicants should demonstrate that **additional** full-time/part-time employee(s) would be directly engaged in these activities. Supplanting is not permitted.

2. Overtime

Funds may be used for overtime for existing employees for the purpose of case review, location of evidence, DNA analysis of biological evidence, and post-hit case investigation necessary for retrieval of confirmatory DNA samples. All overtime payments must be made in accordance with the applicable provisions of the OJP Financial Guide, available at www.ojp.gov/financialguide/index.htm.

3. Travel (limited)

Funds may be used for reasonable travel expenses related to investigative purposes within the scope of the program (excluding witness travel). These costs must be in accordance with Federal policy or an organizationally approved travel policy. The Office of the Chief Financial Officer reserves the right to determine the reasonableness of the recipient's own established travel rates. The current travel policy and per diem rate information is available at the [Per Diem Rates – General Services Administration Web site](#).

4. Computer equipment (limited)

In limited circumstances, funds may be used to upgrade, replace, lease, or purchase computer hardware or software that will be used exclusively for case review, location of evidence, or DNA analysis of biological evidence.

Equipment will be limited to desktop computers, monitors, keyboards, mice, laptops, external CD writers, flash drives, printers, and scanners.

5. Laboratory supplies

Funds may be used to acquire laboratory supplies for DNA analysis of biological evidence. The proposal must clearly demonstrate that the types and number of supplies requested are appropriate for the proposed level of effort.

Applicants should note that award recipients whose proposals involve the use or purchase of chemicals may encounter delays in the release of their award funds pending satisfactory completion of the National Environmental Protection Act (NEPA) review process.

6. Consultant and contractor services

Funds may be used to hire consultants or temporary contract staff, or both, to conduct case reviews, locate evidence, or conduct DNA analysis of biological evidence. Funds may also be used for contracts with accredited fee-for-service laboratories to conduct DNA analysis of biological evidence.

7. Training (limited)

In limited circumstances, funds may be used for cold case training directly related to case review, location of biological evidence, and DNA analysis of biological evidence. Funds for this purpose must be used only for grant-funded personnel directly engaged in case review, location of biological evidence, and DNA analysis of biological evidence. The proposal must clearly demonstrate that the proposed training directly supports the program's purpose areas, and is related directly to the job position and duties of the individual(s) receiving the training.

What will not be funded:

Federal funds awarded under this program may only be used for the permissible expenses outlined above. Among other things, funds may not be used for:

1. Budgets that do not address all three of the program-specific purposes (case review, location of evidence, and DNA analysis of biological evidence).
2. Work that will be funded under another specific solicitation.
3. Salaries, benefits, or overtime for staff who are not directly engaged in case review, location of biological evidence, or DNA analysis of biological evidence.
4. Travel for witnesses.
5. Laboratory equipment.
6. Portable investigative equipment.
7. Cell phones and cell phone plans.
8. Vehicles.
9. Construction.
10. Renovation.
11. Rental costs for space.
12. Office furnishings.
13. Costs for general cold case investigations—those that do not involve UCR, Part 1 violent crimes, or do not have the potential to be solved through DNA analysis.

14. General laboratory capacity enhancement or general casework backlog reduction.

Limitation on Use of Award Funds for Employee Compensation; Waiver

With respect to any award of more than \$250,000 made under this solicitation, recipients may not use federal funds to pay total cash compensation (salary plus cash bonuses) to any employee of the award recipient at a rate that exceeds 110% of the maximum annual salary payable to a member of the Federal Government's Senior Executive Service (SES) at an agency with a Certified SES Performance Appraisal System for that year. The 2014 salary table for SES employees is available at www.opm.gov/salary-tables. Note: A recipient may compensate an employee at a greater rate, provided the amount in excess of this compensation limitation is paid with non-federal funds. (Any such additional compensation will not be considered matching funds where match requirements apply.)

The Assistant Attorney General for OJP may exercise discretion to waive, on an individual basis, the limitation on compensation rates allowable under an award. An applicant requesting a waiver should include a detailed justification in the budget narrative of the application. Unless the applicant submits a waiver request and justification with the application, the applicant should anticipate that OJP will request the applicant to adjust and resubmit the budget.

The justification should include the particular qualifications and expertise of the individual, the uniqueness of the service the individual will provide, the individual's specific knowledge of the program or project being undertaken with award funds, and a statement explaining that the individual's salary is commensurate with the regular and customary rate for an individual with his/her qualifications and expertise, and for the work to be done.

Prior Approval, Planning, and Reporting of Conference/Meeting/Training Costs

OJP strongly encourages applicants that propose to use award funds for any conference-, meeting-, or training-related activity to review carefully – before submitting an application – the OJP policy and guidance on “conference” approval, planning, and reporting available at www.ojp.gov/funding/confcost.htm. OJP policy and guidance (1) encourage minimization of conference, meeting, and training costs; (2) require prior written approval (which may affect project timelines) of most such costs for cooperative agreement recipients and of some such costs for grant recipients; and (3) set cost limits, including a general prohibition of all food and beverage costs.

Costs Associated with Language Assistance (if applicable)

If an applicant proposes a program or activity that would deliver services or benefits to individuals, the costs of taking reasonable steps to provide meaningful access to those services or benefits for individuals with limited English proficiency may be allowable. Reasonable steps to provide meaningful access to services or benefits may include interpretation or translation services where appropriate.

For additional information, see the "Civil Rights Compliance" section of the OJP "Other Requirements for OJP Applications" Web page at www.ojp.usdoj.gov/funding/other_requirements.htm.

Match Information

See “Cofunding” paragraph under “What an Application Should Include” (below).

Performance Measures

To assist the Department with fulfilling its responsibilities under the Government Performance and Results Act of 1993 (GPRA), Public Law 103-62, and the GPRA Modernization Act of 2010, Public Law 111-352, applicants that receive funding under this solicitation must provide data that measure the results of their work done under this solicitation. OJP will require any award recipient, post award, to provide the data requested in the “Data Grantee Provides” column so that OJP can calculate values for the “Performance Measures” column. Performance measures for this solicitation are as follows:

Objective	Performance Measure(s)	Data Grantee Provides
To identify, review, and investigate “violent crime cold cases” that have the potential to be solved through DNA analysis, and to locate and analyze biological evidence associated with these cases.	<ol style="list-style-type: none">1. Percentage of (UCR Part 1) “violent crime cold cases” reviewed in which biological evidence still existed.2. Percentage of “violent crime cold cases” with biological evidence that are subjected to DNA analysis that yielded viable DNA profiles.3. Number of “violent crime cold case” DNA profiles generated that have been entered into CODIS.4. Number of CODIS hits resulting from “violent crime cold case” DNA analyses.	<ol style="list-style-type: none">1. The number of “violent crime cold cases” reviewed.2. The number of “violent crime cold cases” reviewed in which biological evidence still existed.3. The number of “violent crime cold cases” with biological evidence that are subjected to DNA analysis.4. The number of “violent crime cold cases” that yielded viable DNA profiles.5. The number of DNA profiles entered into CODIS.6. The number of CODIS hits.7. Quarterly financial reports, semi-annual progress reports, and a final comprehensive progress report.

OJP does not require applicants to submit performance measures data with their applications. Instead, applicants should discuss in their application their proposed methods for collecting data for performance measures. Refer to the section “What an Application Should Include” on page 9 for additional information.

Note on Project Evaluations

Applicants that propose to use funds awarded through this solicitation to conduct project evaluations should be aware that certain project evaluations (such as systematic investigations designed to develop or contribute to generalizable knowledge) may constitute “research” for purposes of applicable DOJ human subjects protection regulations. However, project evaluations that are intended only to generate internal improvements to a program or service, or are conducted only to meet OJP’s performance measure data reporting requirements likely do not constitute “research.” Applicants should provide sufficient information for OJP to determine whether the particular project they propose would either intentionally or unintentionally collect and/or use information in such a way that it meets the DOJ regulatory definition of research.

Research, for the purposes of human subjects protections for OJP-funded programs, is defined as, “a systematic investigation, including research development, testing, and evaluation, designed to develop or contribute to generalizable knowledge” 28 C.F.R. § 46.102(d). For additional information on determining whether a proposed activity would constitute research, see the decision tree to assist applicants on the “Research and the Protection of Human Subjects” section of the OJP “Other Requirements for OJP Applications” Web page (www.ojp.gov/funding/other_requirements.htm). Applicants whose proposals may involve a research or statistical component also should review the “Confidentiality” section on that Web page.

What an Application Should Include

Applicants should anticipate that if they fail to submit an application that contains all of the specified elements, it may negatively affect the review of their application; and, should a decision be made to make an award, it may result in the inclusion of special conditions that preclude the recipient from accessing or using award funds pending satisfaction of the conditions.

Moreover, applicants should anticipate that applications determined to be nonresponsive to the scope of the solicitation, that do not request funding within the funding limit, or that do not include the application elements that NIJ has designated to be critical, will neither proceed to peer review nor receive further consideration. Under this solicitation, NIJ has designated the following application elements as critical: Program Narrative, Budget Detail Worksheet and Budget Narrative, and resumes/curriculum vitae of key personnel. Applicants may combine the Budget Narrative and the Budget Detail Worksheet in one document. However, if an applicant submits only one document, it must contain **both** narrative and detail information.

OJP strongly recommends that applicants use appropriately descriptive file names (e.g., “Program Narrative,” “Budget Detail Worksheet and Budget Narrative,” “Timelines,” “Memoranda of Understanding,” “Resumes”) for all attachments. Also, OJP recommends that applicants include resumes in a single file.

1. Information to Complete the Application for Federal Assistance (SF-424)

The SF-424 is a required standard form used as a cover sheet for submission of pre-applications, applications, and related information. Grants.gov and OJP’s Grants Management System (GMS) take information from the applicant’s profile to populate the fields on this form. When selecting “type of applicant,” if the applicant is a for-profit entity, select “For-Profit Organization” or “Small Business” (as applicable).

2. Project Abstract

Applications should include a high-quality project abstract that summarizes the proposed project in 250-400 words. Project abstracts should be—

- Written for a general public audience.
- Submitted as a separate attachment with “Project Abstract” as part of its file name.

- Single-spaced, using a standard 12-point font (Times New Roman) with 1-inch margins.

As a separate attachment, the project abstract will **not** count against the page limit for the program narrative.

All project abstracts should follow the detailed template available at www.ojp.usdoj.gov/funding/Project_Abstract_Template.pdf.

The project abstract is a very important part of the application, and serves as an introduction to the proposed project. NIJ uses the project abstract for a number of purposes, including assignment of the application to an appropriate review panel. If the application is funded, the project abstract typically will become public information and be used to describe the project.

3. Program Narrative

The program narrative section of the application should not exceed fifteen (15) double-spaced pages in 12-point font with 1-inch margins. If included in the main body of the program narrative, tables, charts, figures, and other illustrations count toward the 15-page limit for the narrative section. The project abstract, table of contents, appendices, and government forms do not count toward the 15-page limit.

If the program narrative fails to comply with these length-related restrictions, NIJ may consider such noncompliance in peer review and in final award decisions.

The following sections should be included as part of the program narrative.

Program Narrative Guidelines:

- a. **Title Page** (not counted against the 15-page program narrative limit).
The title page should include the title of the project, submission date, funding opportunity number, and the applicant's name and complete contact information (i.e., address, telephone number, and e-mail address).

- b. **Resubmit Response** (if applicable) (not counted against the 15-page program narrative limit).

If an applicant is resubmitting a proposal presented previously to NIJ, but not funded, the applicant should indicate this. A statement should be provided, no more than two pages, addressing: (1) the title, submission date, and NIJ-assigned application number of the previous proposal, and (2) a brief summary of revisions to the proposal, including responses to previous feedback received from NIJ.

- c. **Table of Contents and Figures** (not counted against the 15-page program narrative limit).
- d. **Main Body.**

The main body of the program narrative should describe the proposed project in depth. Proposals should clearly define the strategy and criteria that will be used to identify, prioritize, and select violent crime cold cases that have the potential to

be solved through DNA analysis. These may be demonstrated through the inclusion of checklists, flowcharts, diagrams, or narratives, and should be developed through collaboration with appropriate members of the criminal justice community (such as crime laboratory personnel, prosecutors, defense counsel, medical examiners, law enforcement investigators, etc.). Proposals also should clearly define the laboratory(ies) (government-owned or fee-for-service) expected to conduct DNA analyses of biological evidence, including data review and/or entry of eligible DNA profiles into CODIS, and where applicable, NDIS.

The following sections should be included as part of the program narrative:

- Statement of the Problem.
- Project Design and Implementation.
- Capabilities/Competencies.
- Impact/Outcomes and Evaluation.
- Plan for Collecting Data Required for this Solicitation's Performance Measures.

NIJ does not require applicants to submit performance measures data with their application. Performance measures are included as an alert that NIJ will require successful applicants to submit specific data as part of their reporting requirements. For the application, applicants should indicate an understanding of these requirements and discuss how they will gather the required data, should they receive funding.

Within these sections, the narrative should address:

- Purpose, goals, and objectives.
- Implications for criminal justice policy and practice in the United States.
- Management plan and organization.

e. **Appendices** (not counted against the 15-page program narrative limit) include:

- Bibliography/references (if applicable).
- Curriculum vitae, resumes, or biographical sketches of key personnel.
- Proposed project timeline and calendar with expected milestones.
- Human Subjects Protection paperwork (documentation and forms related to Institutional Review Board (IRB) review).
(See www.nij.gov/funding/humansubjects/Pages/welcome.aspx) NOTE: Final IRB approval is not required at the time an application is submitted.

- Privacy Certificate (for further guidance go to www.nij.gov/funding/humansubjects/pages/confidentiality.aspx).
- List of any previous and current NIJ awards to applicant organization, including the NIJ-assigned award numbers.
- Letters of cooperation/support or administrative agreements from organizations collaborating in the project (if applicable).
- List of other agencies, organizations, or funding sources to which this proposal has been submitted (if applicable)

4. Budget Detail Worksheet and Budget Narrative

a. Budget Detail Worksheet

A sample Budget Detail Worksheet can be found at www.ojp.gov/funding/forms/budget_detail.pdf. Applicants that submit their budget in a different format should include the budget categories listed in the sample budget worksheet.

For questions pertaining to budget and examples of allowable and unallowable costs, see the OJP Financial Guide at www.ojp.usdoj.gov/financialguide/index.htm.

b. Budget Narrative

The budget narrative should thoroughly and clearly describe every category of expense listed in the Budget Detail Worksheet. OJP expects proposed budgets to be complete, cost effective, and allowable (e.g., reasonable, allocable, and necessary for project activities).

Applicants should demonstrate in their budget narratives how they will maximize cost effectiveness of grant expenditures. Budget narratives should generally describe cost effectiveness in relation to potential alternatives and the goals of the project. For example, a budget narrative should detail why planned in-person meetings are necessary, or how technology and collaboration with outside organizations could be used to reduce costs, without compromising quality.

The narrative should be mathematically sound and correspond with the information and figures provided in the Budget Detail Worksheet. The narrative should explain how the applicant estimated and calculated all costs, and how they are relevant to the completion of the proposed project. The narrative may include tables for clarification purposes but need not be in a spreadsheet format. As with the Budget Detail Worksheet, the Budget Narrative should be broken down by year.

c. Cofunding

An award made by NIJ under this solicitation may account for up to 100 percent of the total cost of the project. The application should indicate whether it is feasible for the applicant to contribute cash, facilities, or services as non-federal support for the project.

The application should identify generally any such contributions that the applicant expects to make and the proposed budget should indicate in detail which items, if any, will be supported with non-federal contributions.

If a successful application proposes a voluntary match amount, and OJP approves the budget, the total match amount incorporated into the approved budget becomes mandatory and subject to audit.

d. Non-Competitive Procurement Contracts In Excess of Simplified Acquisition Threshold

If an applicant proposes to make one or more non-competitive procurements of products or services, where the non-competitive procurement will exceed the simplified acquisition threshold (also known as the small purchase threshold), which is currently set at \$150,000, the application should address the considerations outlined in the [OJP Financial Guide](#).

5. Indirect Cost Rate Agreement (if applicable)

Indirect costs are allowed only if the applicant has a federally approved indirect cost rate. (This requirement does not apply to units of local government.) Attach a copy of the federally approved indirect cost rate agreement to the application. Applicants that do not have an approved rate may request one through their cognizant federal agency, which will review all documentation and approve a rate for the applicant organization, or, if the applicant's accounting system permits, costs may be allocated in the direct cost categories. For assistance with identifying your cognizant agency, please contact the Customer Service Center at 1-800-458-0786 or at ask.ocfo@usdoj.gov. If DOJ is the cognizant federal agency, applicants may obtain information needed to submit an indirect cost rate proposal at www.ojp.usdoj.gov/funding/pdfs/indirect_costs.pdf.

6. Tribal Authorizing Resolution (if applicable)

Tribes, tribal organizations, or third parties proposing to provide direct services or assistance to residents on tribal lands should include in their applications a resolution, a letter, affidavit, or other documentation, as appropriate, that certifies that the applicant has the legal authority from the tribe(s) to implement the proposed project on tribal lands. In those instances when an organization or consortium of tribes applies for a grant on behalf of a tribe or multiple specific tribes, the application should include appropriate legal documentation, as described above, from all tribes that would receive services or assistance under the grant. A consortium of tribes for which existing consortium bylaws allow action without support from all tribes in the consortium (i.e., without an authorizing resolution or comparable legal documentation from each tribal governing body) may submit, instead, a copy of its consortium bylaws with the application.

Applicants unable to submit an application that includes a fully executed (i.e., signed) copy of appropriate legal documentation, as described above, consistent with the applicable tribe's governance structure, should, at a minimum, submit an unsigned, draft version of such legal documentation as part of its application (except for cases in which, with respect to a tribal consortium applicant, consortium bylaws allow action without the support of all consortium member tribes). If selected for funding, NIJ will make use of and access to funds contingent on receipt of the fully-executed legal documentation.

7. Additional Attachments

a. Applicant disclosure of pending applications

Applicants are to disclose whether they have pending applications for federally funded grants or subgrants (including cooperative agreements) that include requests for funding to support the same project being proposed under this solicitation and will cover the identical cost items outlined in the budget narrative and worksheet in the application under this solicitation. The disclosure should include both direct applications for federal funding (e.g., applications to federal agencies) and indirect applications for such funding (e.g., applications to State agencies that will subaward federal funds).

OJP seeks this information to help avoid any inappropriate duplication of funding. Leveraging multiple funding sources in a complementary manner to implement comprehensive programs or projects is encouraged and is not seen as inappropriate duplication.

Applicants that have pending applications as described above are to provide the following information about pending applications submitted within the last 12 months:

- The Federal or State funding agency.
- The solicitation name/project name.
- The point of contact information at the applicable funding agency.

Federal or State Funding Agency	Solicitation Name/Project Name	Name/Phone/E-mail for Point of Contact at Funding Agency
DOJ/COPS	COPS Hiring Program	Jane Doe, 202/000-0000; jane.doe@usdoj.gov
HHS/ Substance Abuse & Mental Health Services Administration	Drug Free Communities Mentoring Program/ North County Youth Mentoring Program	John Doe, 202/000-0000; john.doe@hhs.gov

Applicants should include the table as a separate attachment, with the file name "Disclosure of Pending Applications," to their application. Applicants that do not have pending applications as described above are to include a statement to this effect in the separate attachment page (e.g., "[Applicant Name on SF-424] does not have pending applications submitted within the last 12 months for federally funded grants or subgrants (including cooperative agreements) that include requests for funding to support the same project being proposed under this solicitation and will cover the identical cost items outlined in the budget narrative and worksheet in the application under this solicitation.").

8. Accounting System and Financial Capability Questionnaire

Any applicant (other than an individual) that is a non-governmental entity and that has not received any award from OJP within the past 3 years is to download, complete, and submit this [form](#).

Selection Criteria

Applications that meet basic minimum requirements will be evaluated by peer reviewers using the following criteria.

Statement of the Problem (Understanding of the problem and its importance) – 10%

Applicants should include appropriate citations and other information to demonstrate an understanding of the problem and the expected impact of the funding in solving violent crime cold cases with DNA.

Project Design and Implementation (Quality and technical merit) – 40%

1. Awareness of the state of current DNA technology and its application to solving cold cases.
2. Soundness of methods and analytic and technical approach.
3. Feasibility of proposed project and awareness of pitfalls.
4. Innovation and creativity (when appropriate).

Capabilities/Competencies (Capabilities, demonstrated productivity, and experience of applicants) – 20%

1. Qualifications and experience of proposed staff.
2. Demonstrated ability of proposed staff and organization to manage the effort.
3. Adequacy of the plan to manage the project, including how various tasks are subdivided and resources are used.

Budget – (effective and efficient use of funds to achieve the proposed project results) - 10%

Note: *The budget should be complete, cost effective, and allowable (e.g., reasonable, allocable, and necessary for project activities.) Budget narratives should generally demonstrate how applicants will maximize cost effectiveness of grant expenditures. Budget narratives should demonstrate cost effectiveness in relation to the proposed level of effort, potential alternatives, and the goals of the project.*¹

¹ Generally speaking, a reasonable cost is a cost that, in its nature or amount, does not exceed that which would be incurred by a prudent person under the circumstances prevailing at the time the decision was made to incur the costs.

1. Total cost of the project relative to the perceived benefit (cost effectiveness).
2. Appropriateness of the budget relative to the level of effort.
3. Use of existing resources to conserve costs.

Impact/Outcomes and Evaluation/Plan for Collecting Data for Performance Measures
(Relevance to policy and practice) – 20%

1. Potential for resolving violent crime cold cases.
2. Potential for significant advances in the field.
3. Plan for collecting data required for this solicitation's performance measures.

Review Process

OJP is committed to ensuring a fair and open process for awarding grants. NIJ reviews the application to make sure that the information presented is reasonable, understandable, measurable, and achievable, as well as consistent with the solicitation.

Peer reviewers will review the applications submitted under this solicitation that meet basic minimum requirements. NIJ may use internal peer reviewers, external peer reviewers, or a combination, to review the applications. An external peer reviewer is an expert in the subject matter of a given solicitation who is NOT a current DOJ employee. An internal reviewer is a current DOJ employee who is well-versed or has expertise in the subject matter of this solicitation. A peer review panel will evaluate, score, and rate applications that meet basic minimum requirements. Peer reviewers' ratings and any resulting recommendations are advisory only. In addition to peer review ratings, considerations for award recommendations and decisions may include, but are not limited to, underserved populations, geographic diversity, strategic priorities, past performance, and available funding.

The Office of the Chief Financial Officer, in consultation with NIJ, reviews applications for potential discretionary awards to evaluate the fiscal integrity and financial capability of applicants, examines proposed costs to determine if the Budget Detail Worksheet and Budget Narrative accurately explain project costs, and determines whether costs are reasonable, necessary, and allowable under applicable federal cost principles and agency regulations.

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may consider factors including, but not limited to, underserved populations, geographic diversity, strategic priorities, past performance, and available funding when making awards.

Additional Requirements

Applicants selected for awards must agree to comply with additional legal requirements upon acceptance of an award. OJP encourages applicants to review the information pertaining to these additional requirements prior to submitting an application. Additional information for each requirement can be found at www.ojp.usdoj.gov/funding/other_requirements.htm.

If a proposal is funded, the award recipient will be required to submit several reports and other materials, including quarterly financial reports, semi-annual progress reports, a final progress report, and, if applicable, an annual audit report in accordance with Office of Management and Budget Circular A-133. Future awards and fund drawdowns may be withheld if reports are delinquent. If a cold case DNA hit occurs during a reporting period, a brief description of the case should be included in the progress report. The description should detail the type of hit (offender or forensic) and the evidence from which the hit was obtained.

How to Apply

Applicants must register in, and submit applications through Grants.gov, a “one-stop storefront” to find federal funding opportunities and apply for funding. Find complete instructions on how to register and submit an application at www.Grants.gov. Applicants that experience technical difficulties during this process should call the Grants.gov Customer Support Hotline at **800-518-4726** or **606-545-5035**, 24 hours a day, 7 days a week, except federal holidays. Registering with Grants.gov is a one-time process; however, **processing delays may occur, and it can take several weeks** for first-time registrants to receive confirmation and a user password. OJP encourages applicants to **register several weeks before** the application submission deadline. In addition, OJP urges applicants to submit applications 72 hours prior to the application due date to allow time to receive validation messages or rejection notifications from Grants.gov, and to correct in a timely fashion any problems that may have caused a rejection notification.

NIJ strongly encourages all prospective applicants to sign up for Grants.gov email notifications regarding this solicitation. If this solicitation is cancelled or modified, individuals who sign up with Grants.gov for updates will be notified.

Note on File Names and File Types: Grants.gov only permits the use of certain specific characters in names of attachment files. Valid file names may include only the characters shown in the table below. Grants.gov is designed to reject any application that includes an attachment(s) with a file name that contains any characters not shown in the table below. Grants.gov is designed to forward successfully submitted applications to OJP’s Grants Management System (GMS).

Characters	Special Characters		
Upper case (A – Z)	Parenthesis ()	Curly braces { }	Square brackets []
Lower case (a – z)	Ampersand (&)	Tilde (~)	Exclamation point (!)
Number 0 – 9	Comma (,)	Semicolon (;)	Apostrophe (‘)
Underscore (_)	At sign (@)	Number sign (#)	Dollar sign (\$)
Hyphen (-)	Percent sign (%)	Plus sign (+)	Equal sign (=)
Space	When using the ampersand (&) in XML, applicants must use the “&amp;” format.		
Period (.)			

GMS does not accept executable file types as application attachments. These disallowed file types include, but are not limited to, the following extensions: “.com,” “.bat,” “.exe,” “.vbs,” “.cfg,” “.dat,” “.db,” “.dbf,” “.dll,” “.ini,” “.log,” “.ora,” “.sys,” and “.zip.” GMS may reject applications with files that use these extensions. It is important to allow time to change the type of file(s) if the application is rejected.

All applicants are required to complete the following steps:

- 1. Acquire a Data Universal Numbering System (DUNS) number.** In general, the Office of Management and Budget requires that all applicants (other than individuals) for federal funds include a DUNS number in their applications for a new award or a supplement to an existing award. A DUNS number is a unique nine-digit sequence recognized as the universal standard for identifying and differentiating entities receiving federal funds. The identifier is used for tracking purposes and to validate address and point of contact information for federal assistance applicants, recipients, and subrecipients. The DUNS number will be used throughout the grant life cycle. Obtaining a DUNS number is a free, one-time activity. Call Dun and Bradstreet at 866-705-5711 to obtain a DUNS number or apply online at www.dnb.com. A DUNS number is usually received within 1-2 business days.
- 2. Acquire registration with the System for Award Management (SAM).** SAM is the repository for standard information about federal financial assistance applicants, recipients, and subrecipients. OJP requires all applicants (other than individuals) for federal financial assistance to maintain current registrations in the SAM database. Applicants must be registered in SAM to successfully register in Grants.gov. Applicants must **update or renew their SAM registration annually** to maintain an active status.

Applications cannot be successfully submitted in Grants.gov until Grants.gov receives the SAM registration information. The information transfer from SAM to Grants.gov can take up to 48 hours. OJP recommends that the applicant register or renew registration with SAM as early as possible.

Information about SAM registration procedures can be accessed at www.sam.gov.

- 3. Acquire an Authorized Organization Representative (AOR) and a Grants.gov username and password.** Complete the AOR profile on Grants.gov and create a username and password. The applicant organization's DUNS number must be used to complete this step. For more information about the registration process, go to www.grants.gov/applicants/get_registered.jsp.
- 4. Acquire confirmation for the AOR from the E-Business Point of Contact (E-Biz POC).** The E-Biz POC at the applicant organization must log into Grants.gov to confirm the applicant organization's AOR. Note that an organization can have more than one AOR.
- 5. Search for the funding opportunity on Grants.gov.** Use the following identifying information when searching for the funding opportunity on Grants.gov. The Catalog of Federal Domestic Assistance number for this solicitation is 16.560, titled "National Institute of Justice Research, Evaluation, and Development Project Grants," and the funding opportunity number is NIJ-2014-3757.
- 6. Complete the Disclosure of Lobbying Activities.** All applicants must complete this information. Applicants that expend any funds for lobbying activities are to provide the detailed information requested on the form *Disclosure of Lobbying Activities* (SF-LLL). Applicants that do not expend any funds for lobbying activities should enter "N/A" in the required highlighted fields.
- 7. Submit a valid application consistent with this solicitation by following the directions in Grants.gov.** Within 24-48 hours after submitting the electronic application, the applicant

should receive an e-mail validation message from Grants.gov. The message will state whether the application has been received and validated, or rejected due to errors, with an explanation. It is possible to first receive a message indicating that the application is received and then receive a rejection notice a few minutes or hours later. Submitting well ahead of the deadline provides time to correct the problem(s) that caused the rejection. **Important:** OJP urges applicants to submit applications **at least 72 hours prior** to the application due date to allow time to receive validation messages or rejection notifications from Grants.gov, and to correct in a timely fashion any problems that may have caused a rejection notification.

Note: Duplicate Applications

If an applicant submits multiple versions of an application, NIJ will review only the most recent valid version submitted.

Experiencing Unforeseen Grants.gov Technical Issues

Applicants that experience unforeseen Grants.gov technical issues beyond their control that prevent them from submitting their application by the deadline must e-mail the NIJ contact identified in the Contact Information section on page 1 **within 24 hours after the application deadline** and request approval to submit their application. The e-mail must describe the technical difficulties, and include a timeline of the applicant's submission efforts, the complete grant application, the applicant's DUNS number, and any Grants.gov Help Desk or SAM tracking number(s). **Note: NIJ does not automatically approve requests.** After the program office reviews the submission, and contacts the Grants.gov or SAM Help Desks to validate the reported technical issues, OJP will inform the applicant whether the request to submit a late application has been approved or denied. If OJP determines that the applicant failed to follow all required procedures, which resulted in an untimely application submission, OJP will deny the applicant's request to submit their application.

The following conditions are generally insufficient to justify late submissions:

- Failure to register in SAM or Grants.gov in sufficient time.
- Failure to follow Grants.gov instructions on how to register and apply as posted on its website.
- Failure to follow each instruction in the OJP solicitation.
- Technical issues with the applicant's computer or information technology environment, including firewalls.

Notifications regarding known technical problems with Grants.gov, if any, are posted at the top of the OJP funding Web page at www.ojp.usdoj.gov/funding/solicitations.htm.

Provide Feedback to OJP

To assist OJP in improving its application and award processes, we encourage applicants to provide feedback on this solicitation, the application submission process, and/or the application review/peer review process. Provide feedback to OJPSolicitationFeedback@usdoj.gov.

IMPORTANT: This e-mail is for feedback and suggestions only. Replies are **not** sent from this mailbox. If you have specific questions on any program or technical aspect of the solicitation, **you must** directly contact the appropriate number or e-mail listed on the front of this solicitation document. These contacts are provided to help ensure that you can directly reach an individual who can address your specific questions in a timely manner.

If you are interested in being a reviewer for other OJP grant applications, please e-mail your resume to ojpeerreview@lmbps.com. The OJP Solicitation Feedback email account will not forward your resume. **Note:** Neither you nor anyone else from your organization can be a peer reviewer in a competition in which you or your organization have submitted an application.
